OLD BUSINESS

1. **Case #P-08-14** - Leo Koseba was wondering where the township is with the berm behind his commercial building. He feels the berm is still not adequate. M. Twite and L. Klimaszewski said that they tried to measure the berm. She thought it was close to 8 ft in the back of the property. The berm behind the building needs to be measured with a transit.

N. Poli made a **motion** that the Alpena Township Planning Commission recommend to proceed with the enforcement of Case #P-08-14 to its final completion, **supported** by L. Brendle. **Roll call vote:** L. Brendle-aye; L. Dehring-absent; T. Hilberg-aye; C. LeFebvre-aye; N. Poli-aye; A. Rich-aye; and F. Sterns-absent. *Motion passed.*

M. Twite said that the berm should be measured and the dust problem needs to be resolved. There are complaints from the neighbors regarding the dust problem. L. Koseba wanted to know the time line to finish this issue. M. Twite said they would be able to resolve the issue in 3 months.
