--------------------------	---	----------------------------------

I, the undersigned, do hereby certify that I have read and examined this document and know the same to be true and correct. I certify that the above, together with the attached sites plans and building drawings, constitutes a true description of the proposed building and accessory construction and the location on the site of all items of construction will be in accordance with these documents. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. I understand inspections by City Inspectors will be made only to determine compliance with construction codes and not to assist the owner or contractor in properly locating the structure. I acknowledge my responsibility to insure, by boundary line survey if necessary, that the location of the structure will conform to setback requirements of the Bella Vista Zoning or Subdivision Ordinances. I understand that granting of a permit does not presume to give authority to violate or cancel the provisions of any state or local law regulating construction or the performance of construction.

Elevation drawings of structure detailing the materials and their location with dimensions. Drawings need to include a footing/foundation plan. Drawings need to be labeled to include any utilities that may be added or moved.

ACKNOWLEDGEMENTS

1.	A permit becomes null and void if work or construction authorized is not commenced within 6 months, or if construction or work is suspended or abandoned for a period of 6 months at any time after work is started. Exterior improvements must be completed within 6 months.
2.	Inspection of permitted work may reveal code violations not discovered during plan review.
3.	A clean set of construction plans, <i>bearing the City's approval</i> , must be kept at the job site at all times.
4.	Any alterations or deviations from approved plans must undergo further review by the Building Official.
5.	In the event that construction or work has commenced prior to obtaining the proper permit(s), the Building Official will issue a stop work order until such time that proper permit(s) have been obtained.
6.	The City of Bella Vista shall not be responsible for the workmanship, safety, quality, or conformity to contractual specifications of any permitted construction. This is a matter between the owner and general contractor.
