City of Bradbury Agenda Report

TO: Honorable Mayor and Council Members

FROM: Kevin Kearney, City Manager

DATE: April 16, 2024

SUBJECT: ORDINANCE NO. 391 – Adoption

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BRADBURY AMENDING THE BRADBURY MUNICIPAL CODE REGARDING FENCE, WALL AND HEDGE HEIGHTS ON

RESIDENTIAL PROPERTIES AND COURT LIGHTING

Attachment: 1) Ordinance No. 391

SUMMARY

At the March 19, 2024, regular meeting, the City Council reviewed and introduced Ordinance No. 391 to amend Chapter 100 of the Development Code regulations regarding fence and wall heights on properties abutting the City boundary at areas that are accessible to the public. These areas are along the westerly side of the Bradbury Estates that abut the Sawpit Wash and Norumbega Drive in the City of Monrovia, and the properties on the south side of Gardi Street that abuts the recreation trail along Royal Oaks Drive. The Ordinance also updates the type of lighting specified for sports courts. The draft Ordinance was amended to include hedge heights to be consistent with the other subsections of Chapter 100. It is recommended that the City Council adopt, waive the reading in full, and authorize the reading by title only of Ordinance No. 391.

BACKGROUND

The Planning Commission was asked by the City Council to look into increasing the maximum height allowed for perimeter fences and walls to eight (8) feet where a property line coincides with the City boundary at areas accessible by the public. The Commission initiated a discussion at the December 6, 2023, special meeting. At the January 24, 2024, regular meeting, staff provided a map and photos of areas along the City boundary that are accessible by the public. The Commission determined that fences and walls at these

properties should be allowed to be up to eight (8) feet tall to discourage unauthorized access. The Commission also agreed that the type of court lighting should be updated. The Commission reviewed a draft ordinance at the February 28, 2024, regular meeting and adopted Resolution No. PC 24-320 to recommend to the City Council approval and adoption of the ordinance, and that the ordinance be found to be exempt pursuant to the California Environmental Quality Act (CEQA). The City Council, at the March 19, 2024, regular meeting, reviewed and introduced Ordinance No. 391 with an amendment to include hedges.

ENVIRONMENTAL REVIEW

It was recommended that Ordinance No. 391 is exempt under the provisions of the California Environmental Quality Act (CEQA) pursuant to the common sense exemption set forth in Section 15061(b)(3) of the CEQA Guidelines because the ordinance will not cause any significant effect on the environment, and pursuant to Section 15305 of the CEQA Guidelines because the amendments are minor alterations in land use limitations.

The ordinance adopts policies affecting minor land use features and will not change the density, intensity, or allowed uses, or otherwise have other effects on the environment. The ordinance is not for any specific project and therefore will not impact any environmental resource of hazardous or critical concern, will not create cumulative impacts, or impacts to scenic highways, hazardous waste sites, or historical resources.

FINDINGS

The City Council found that the ordinance affects minor land use features without changing any density, intensity, or allowed uses, and is consistent with the City's General Plan, and that the ordinance will not have effects on the environment. The Council found the ordinance to be exempt in compliance with the California Environmental Quality Act (CEQA).

RECOMMENDATION AND ACTION

It is recommended that the City Council adopt, waive the reading in full, and authorize the reading by title only of Ordinance No. 391:

Bradbury Road Widening Project Update and Community

Discussion on Retaining Wall & Landscaping Aesthetics

ATTACHMENTS:

2) Retaining Wall Type Exhibit

SUMMARY

On March 18, 2024, the City entered into a Settlement Agreement with Grow Monrovia that resolved all claims regarding the Bradbury Road Widening Project Litigation. Since then, City staff has been updating all project documents to comply with the Settlement Agreement. This also includes the preparation of the CEQA Addendum Memorandum caused by the reduced project scope.

One of the action items of the Settlement Agreement is to conduct two community meetings with interested parties and neighbors of the project on the aesthetics (architectural treatment) of the retaining wall including landscaping treatment. It is recommended that the City Council; 1) solicit feedback from the community on the aesthetic features of the retaining wall and the landscaping treatment, and 2) determine how to fulfil the requirements of the 2nd community meeting.

PROJECT TIMELINE

It is anticipated that the final plans, contract specifications, and CEQA Addendum Memorandum will be completed by May 1st, pending final direction for the aesthetics of the proposed retaining wall and landscaping.

The projected timeline is below and works to coincide with scheduled City Council meetings. The City Council may elect to hold Special City Council meetings for an expedited delivery of the project:

The CEQA Addendum Memorandum requires a 30-day comment period (statute of limitations) and staff was planning on the review period running concurrently with the bid advertisement phase of the schedule.

COMMUNITY DISCUSSION

The final Settlement Agreement modified certain portions of the project such as reducing the ultimate pavement width to Bradbury Road and reducing the length and height of the retaining wall. The revised limits of the proposed retaining wall is depicted on Exhibit 1 of the final Settlement Agreement (Attachment 1).

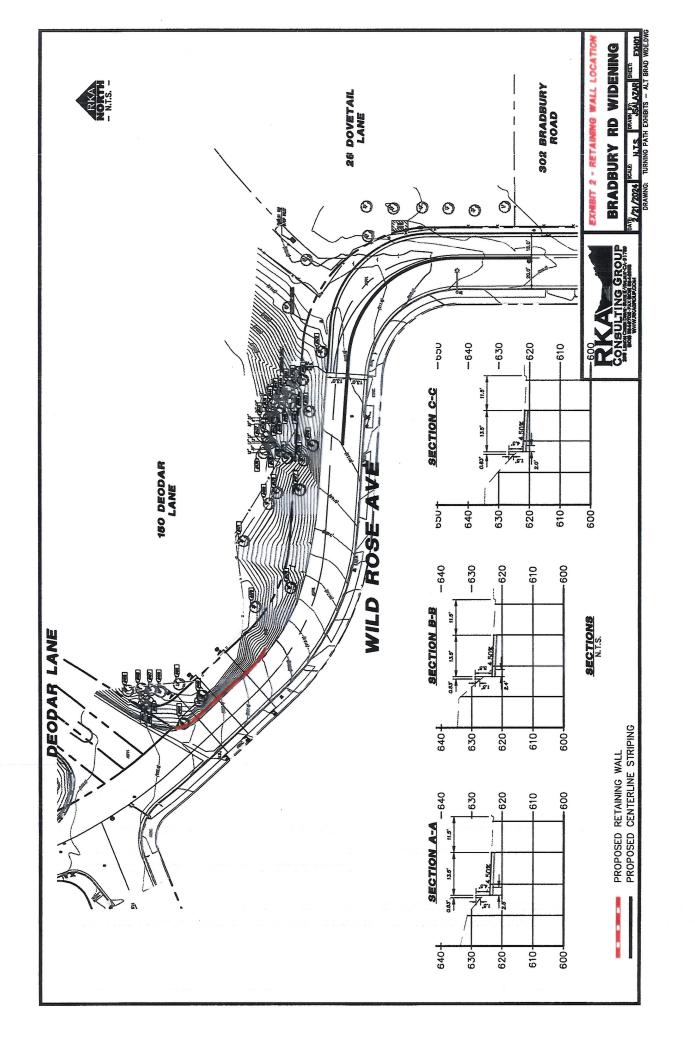

The final Settlement Agreement also stipulated the final aesthetics for the proposed retaining wall. The City is limited to utilizing architectural treatments as shown in Figures 1, 2, or 3 of Exhibit 3 pursuant to the final Settlement Agreement (*Attachment 2*). Figure 1 is a rock-face soil nail wall, figure 2 is a boulder-face soil nail wall, and Figure 3 is an architectural treatment that matches the aesthetics of the existing block wall at the Estates entrance. Staff's recommendation would be the architectural treatment to match the existing block wall at the Estates entrance as shown in Figure 3 as the proposed retaining wall would be to directly connect to the existing entrance walls and would then be a seamless transition to the new retaining wall. In addition, staff is recommending that the landscape treatment also match the current landscape treatment at the Estates entrance to provide the same seamless transition.

RECOMMENDATION

It is recommended that the City Council take the following actions:

- Conduct a Community Discussion to solicit feedback on the aesthetic features of the retaining wall and the landscaping treatment.
- 2. Determine how to fulfill the requirements of the 2^{nd} community meeting.
- 3. Review and approve the proposed project timeline.

APPROVAL OF PUBLIC WORKS SERVICES AGREEMENT

BETWEEN THE CITY OF BRADBURY AND THE BRADBURY

ESTATES COMMUNITY SERVICES DISTRICT

ATTACHMENTS: 1) Public Works Services Agreement between City and CSD

RECOMMENDATION

It is recommended that the City Council adopt the Public Services Agreement Between the City of Bradbury and the Bradbury Estates Community Services District ('Agreement') and have the Mayor sign the Agreement.

SUMMARY

The Bradbury Estates Community Services District ('District') has been informally utilizing the services of the contract City Engineer, RKA Consulting Group ('RKA), for their public works inspections, plan reviews, and encroachment permits with their District related activities, such as street repaving, storm drain activities, etc. The attached Public Works Services Agreement between the City of Bradbury ('City') and the District formalizes these transactions by clarifying the scope of work, assignments and reporting structure(s), indemnification, and insurance.

RKA's costs associated with public works activities had previously been covered by permits issued. This process will still continue with the Agreement formalizing the activities by stipulating that the City will be reimbursed for such costs either by the District or property owners within the District.

FOR CITY COUNCIL AGENDA AGENDA	ITEM#

This Agreement is made and entered into as of	,, 2024, by and between
the City of Bradbury ("Bradbury" or "The City"), a municipal	corporation, and the Bradbury
Estates Community Services District (CSD or "District"), a Comm	unity Services Special District.
The City and the CSD hereinafter may be referred to collectively a	s the "Parties."

RECITALS

The Parties have entered into this Agreement with reference to the following facts and circumstances:

- 1. The District desires to contract with Bradbury for the utilization of the City's contract Public Works Inspectors, Plan Reviewers, and Encroachment permit issuance personnel (collectively "Inspectors"), to provide public works inspection, plan review, and encroachment permit issuance services ("Services") to it.
- 2. The Parties intend that the Inspectors will provide Services to the District.

AGREEMENT

NOW, THEREFORE, BASED UPON FOREGOING RECITALS WHICH THE PARTIES AGREE TO BE TRUE AND CORRECT, IT IS MUTUALLY AGREED AS FOLLOWS:

1. TERM

2. SCOPE OF WORK

The City of Bradbury agrees to allow its Inspectors to perform Services for the District and for property owners applying to the District for such services. Fees related to development projects (grading, LID, etc.) on private lots within the District shall remain under City purview and control. All other fees related to construction within the private Bradbury Estates streets (street repaving, storm drain, etc.) will be under the purview of the District with the City being reimbursed by the District or the property owners within the District.

3. ASSIGNMENT

The Inspectors performing Services for the District shall be selected by the City Manager of City, and shall perform services for the District only if performance of Services does not interfere with the Inspectors' ability to timely perform inspection and permit issuance services for City.

The City shall retain the full responsibility and authority to direct and control the activities of the Inspectors and to supervise them in accordance with the operative services agreement between the City and company employing the Inspectors.

4. **CONSIDERATION**

Directions issued by the District to the Inspector only relate to the objectives to be achieved and not the actual means to accomplish such objectives.

6. WORKERS' COMPENSATION

Because Inspectors are not employees of the City or the District, neither Party should be required to provide Workers' Compensation insurance for them. In the event that it is determined by a State or Federal governmental body that the Inspectors are employees of City, District shall be responsible for reimbursing City for its pro rata share of all costs and expenses assessed or incurred

7. INDEMNITY

If liability is imposed pursuant to Section 830, et seq., of the Government Code, by reason of a dangerous condition of public property of the District, the District shall assume liability and defend and hold the City, its officers, employees and agents harmless from any action, loss, costs, or expenses caused by any condition of District property and any negligent or wrongful act or omission of District officers, agents and employees, in any way connected with such condition of District property.
