Bradbury Night Out Highlights

The City would like to thank the community for their support and attendance in celebration of Bradbury Night Out. The event had an excellent turnout with nearly 200 people in attendance.

The City was recognized for their 65th anniversary with two proclamations from the Offices of County Supervisor Kathryn Barger and Senator Anthony Portantino. Many goodies were raffled off during the event including gift cards, Claro's Italian Market gift baskets, and a portable grill provided by Burrtec.

Additionally, the Wildlife Learning Center brought a variety of friendly animals including a porcupine, an owl, an armadillo, a hedgehog and more!

If you did not have a chance to join us this year, keep an eye out for next year's Bradbury Night Out announcement. We hope to celebrate with you again next year!

Keeping Mosquitos Away

In the heat of summer, warm weather and standing water can create ideal conditions for mosquito breeding. The City encourages residents to protect themselves from mosquito bites and mosquito-borne diseases.

Follow these tips to keep mosquitoes away:

- Eliminate all sources of standing water on your property. Mosquitoes can lay eggs in very small amounts of standing water, including sources as small as a bottle cap.
- Make sure to keep the screens closed on windows and doors.
- Apply insect repellents containing active ingredients such as DEET, picaridin, or oil of lemon eucalyptus.
- Cover up and dress in long sleeves and pants while outdoors.

GET READY AND GET SET: BUILD A WILDFIRE PREPAREDNESS PLAN

Temperatures are rising and wildfire season is here. Check out the [web based application](#) on the Ready For Wildfire website. The application guides the user by giving specific task lists to prepare for a wildfire in their area.

Before wildfire strikes, it is important that you Get Set. Prepare yourself and your home for the possibility of having to evacuate. Getting Set requires three main preparation actions that should be completed and familiar to all members of your household long in advance of a wildfire.

3 Steps to Getting Set:

1. Create a [Wildfire Action Plan](#) that includes evacuation planning for your home, family and pets.
2. Assemble an [Emergency Supply Kit](#) for each person in your household.
3. Fill-out a [Family Communication Plan](#) that includes important evacuation and contact information.
