## Keeping Stormdrains Clean

During these rainy days, it is important to consider what goes down our stormdrains. Stormdrains are responsible for carrying all stormwater (rain) to a local body of water.

Consider the following tips to do your part to ensure only clean rainwater enters the stormdrain system:

- Clean up oil spills and fluid leaks from your car when parked in your driveway. Use cat litter to absorb oil and be sure to sweep up the litter once it absorbs the oil and dispose of it in the trash;
- Take your car to the car wash instead of washing it in the driveway, so water doesn't run into the stormdrain; and,
- Pick up pet waste and dispose of it in a trash can.

# Animal of the Month

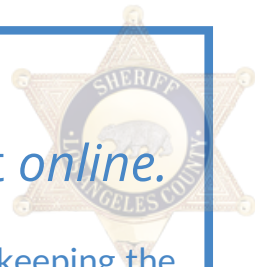

Whether you are walking or riding a horse, a common sight in Bradbury is the Western Gray Squirrel. These small mammals love to climb trees and collect any type of seed, nut and acorn they find.

Sometimes, after storing their food in the ground they forget where they left it. Thanks to these squirrely creatures, it leads to lots of new trees!
