Keeping Storm Drains Clean

As we prepare for the upcoming winter rain season, it is important to consider what goes down our storm drains. Storm drains are responsible for carrying all stormwater (rain) to a local body of water.

Consider the following tips to do your part to ensure only clean rainwater enters the storm drain system:

- Clean up oil spills and fluid leaks from your car when parked in your driveway. Use cat litter to absorb oil and be sure to sweep up the litter once it absorbs the oil and dispose of it in the trash;
- Take your car to the car wash instead of washing it in the driveway, so water doesn't run into the storm drain; and,
- Pick up pet waste and dispose of it in a trash can.

MOSQUITOS IN AUTUMN? YES!

As long as it's somewhat warm in the San Gabriel Valley, mosquitoes will continue to thrive in your neighborhood.

Things You Can Do:

1. Tip 'n Toss, Show them who's boss! - You know mosquitoes can complete their life cycle from egg to adult in a week. So eliminate stagnant water weekly in and around the home. Don't forget to keep your pool clean and maintained!
2. Repel, Don't Swell - Apply repellent to exposed skin to stop mosquito bites. Use Oil of Lemon Eucalyptus (or PMD), which is EPA-registered and CDC-recommended. Other effective repellents are Picaridin, DEET and IR3535.
3. Educate friends, neighbors and family - We challenge you to educate at least two more people about mosquitoes. The more we understand that mosquito control is a shared responsibility, the more healthy our communities will be!

Animal of the Month

Whether you are walking or riding a horse, a common sight in Bradbury is the Western Gray Squirrel. These small mammals love to climb trees and collect any type of seed, nut and acorn they find. Sometimes, after storing their food in the ground they forget where they left it. Thanks to these squirrely creatures, it leads to lots of new trees!

ONE LAST WATERSHED RESTORATION PROGRAM EVENT!

SATURDAY, NOVEMBER 4, 2023

SAN GABRIEL CANYON ENVIRONMENTAL
CENTER (HIGHWAY 39 & E. FORK ROAD,
AZUSA, CA)
8 AM - 12 PM

The Watershed Restoration Program has been an integral part of Upper District since 1991 and has been successful in helping maintain a healthy watershed and reduce negative impacts affecting our local groundwater. Volunteers of all ages are encouraged to participate in the event and community service hours will be provided for any youth organization participants. The event will provide families with an opportunity to spend time together while doing something positive and fun for the environment. For more information visit www.upperdistrict.org.

CITY OF DUARTE TURKEY TROT WORKOUT

Get ready to burn some calories before a delicious Thanksgiving meal! The City of Duarte will be hosting a fun and effective Thanksgiving workout that will involve some higher-intensity workouts such as running mixed in with some lower-intensity workouts such as group stretching and meditation.
