WILDFIRE PREPAREDNESS: GET READY, GET SET AND GO!

As a Bradbury resident, it is important be proactive and prepare for a wildfire. One of many helpful tools is the web based application on the Ready For Wildfire website. The application guides the user by giving specific task lists to prepare for a wildfire in their area. There are 3 stages of preparation: Get Ready, Get Set and Go!

Go! is the evacuation guide portion. Remember, before evacuation is necessary, follow these steps before it's time to GO!

1. Create a Wildfire Action Plan for your family. Being ready to go also means knowing when to evacuate and what to do if you become trapped.
2. Complete the pre-evacuation preparation steps (only if time allows) to increase your home's defense.
3. Make sure you monitor wildfires in your area and know your community's emergency response plan, evacuation orders and evacuation centers.
