SECTION 1 INTRODUCTION

1.1 Handbook

Welcome to Calhoun County. It is our desire that you enjoy working with us and do your best to serve the citizens of Calhoun County. Each employee has been hired to do a specific job. How he or she does it has an important effect on the quality of service provided to the citizens of Calhoun County. Certain specific responsibilities of employees are set out in the sections of this booklet. There are, in addition, broader responsibilities of personal integrity which are expected of all employees. You can expect fair treatment and consideration from the County, and, in turn, the County expects you to put forth your best efforts and to work in harmony with your fellow employees.

This handbook was developed by Calhoun County and its management. This handbook supersedes all previous handbooks. The contents of this handbook are presented as a matter of information only. While Calhoun County believes wholeheartedly in the plans, policies, and procedures described here, they are not conditions of employment. The statements contained in this booklet are subject to change and may be revised from time to time, without prior notice, by Calhoun County and its management. Any suggestions you may have for changes in the policies set forth in this handbook are welcome.

This handbook is intended as a guide and it does not constitute a contract, expressed or implied. Calhoun County employees are employed "at will". Just as you retain the right to terminate your employment at any time, for any reason, Calhoun County retains a similar right. That is either the employer or the employee can terminate the employment relationship at any time. No policy or practice of the County should be construed to change this relationship.

Portions of this employee handbook shall apply to Calhoun County volunteers as established by the Calhoun County Board of Supervisors or appropriate governing body. All employees of Calhoun County are covered by an employee policy. Because of the differing job responsibilities and descriptions, some of the handbook policies vary for different categories of employees. Parts of this handbook apply to all positions and some sections apply to separate categories of employees. These provisions are identified with language stating where they apply. If any provision is in conflict with civil service laws, collective bargaining or contractual agreements, then those laws and regulations shall be controlling.

1.2 Nondiscrimination and Affirmative Action

Calhoun County complies with all federal and state laws, regulations, and orders, and the policies of the governing boards, which pertain to nondiscrimination and affirmative action.

SECTION 2 EMPLOYMENT

2.1 Equal Employment Opportunity Policy Statement

It is the objective of Calhoun County to encourage employment and advancement of all individuals in a way that will utilize their talents to the maximum and develop their skills most effectively in a work and community environment that is free of discrimination.

Calhoun County has a policy to provide equal opportunity for all where employment is based upon personal capabilities and qualifications without discrimination because of race, creed, color, religion, sex, age, national origin, sexual orientation, gender identity, disability, or another protected characteristic as established by law, excluding what is legally allowed based on the nature of the occupation.

This policy of equal employment opportunity applies to all policies and procedures relating to recruitment and hiring, compensation, benefits, promotions, terminations and all other terms and conditions of employment unless otherwise required by law.

2.2 Employment Classifications

All positions have a written job description. This job description and work assignments of an employee may be changed when necessary to ensure efficient operations. Employees may be asked to work extra days/hours or to skip a day's work/decrease hours due to fluctuation in workload.

Employees shall perform any kind or type of County work assigned by the supervisory personnel. No job classification or title restricts department/administration heads from requiring any employee to do County work other than that which the employee's job classification or title indicates is the employee's primary duty.

Employee classification will be reviewed as necessary. If the hours worked by an employee changes on a fixed basis for four consecutive weeks, the employee classification will be reviewed at that time.

The pro-rated ratio will be reviewed at a minimum of every six (6) months upon a six-month period to be determined by the Department/ Administrative Head This review will be used to determine any change in hours worked so that the pro-rated amounts can be calculated. This review of the past period will be used to calculate the ratio for the next period. However, if a permanent status change is warranted it can be made at any time and is not limited to a review period.

Days/Hours Worked: Includes actual hours worked and paid time off.

2.2 b. Gender Balance

Calhoun County complies with Iowa Code Section 69.16A(2) requiring that all appointive boards, commissions, committees, and councils of a political subdivision, if not otherwise provided by law, shall be gender balanced as provided by law.

2.3 Medical Examination

Calhoun County will attempt to assure that employees are qualified to perform the essential functions of their Job Descriptions and will attempt to assist employees to achieve and maintain optimum health status. Medical examinations are required as a condition of employment and may be required during active employment.

All persons offered employment shall receive a post-offer/pre-employment medical examination to include drug/alcohol testing, as indicated by the designated health care provider. The Human Resource Manager/Department Head shall be responsible for securing the appointment for the potential employee. Employment is contingent upon favorable evaluation from the designated health care provider. The medical examination will be at the expense of Calhoun County. The results of the medical evaluation will not be used in a discriminatory manner and will be treated, along with all other health-related information, in a confidential manner.

2.4 Designated Physician

Emergency care will be provided as necessary when accidents occur.

2.5 Drug Free Workplace - Substance Abuse Policy

Calhoun County views the use of illegal drugs by employees, both on and off the job, as being a significant threat to the safety of fellow employees and the public and to the maintenance of a productive work environment. Furthermore, tolerance of the use of illegal drugs by its own employees adversely affects the ability of the county to fulfill its responsibilities as a local government charged with the duties of enforcing drug laws and of dealing with many of the problems associated with illegal drugs, to serve as active and credible force in deterring and, where possible, stopping the traffic and use of illegal drugs in the community. All employees will be expected to follow the drug testing program adopted by Calhoun County. A copy of the County Substance Abuse Policy shall be included in the Employee Notebook.

2.6 Employment of Relatives

Calhoun County discourages employment of a relative if they are to be supervised by a family member.

2.7 Re-Employment

All former employees of Calhoun County are considered new hires and have no accumulated benefits from previous employment except as mandated by law.

2.8 Transfers/Promotions

A transfer is a movement of an employee into another job within the County. A promotion is a transfer to a job with a higher wage rate. Transfers or promotions, either voluntary or involuntary, will be granted by the Department or Administrative Head or Governing Body, if applicable.

When an employee transfers or is promoted, the employee's anniversary date will not change. Interdepartmental transfers will normally require a two-week (2) notice prior to the

official transfer of an employee unless otherwise agreed to by the appropriate Department or Administrative Head.

An employee who does not remain on the new job due to personal or physical reasons or the inability to perform the job may be reinstated to the former position with no loss of seniority or benefits if the former position is still available. If the former position is not available, every effort will be made to place the employee in a comparable position. However, this does not affect the employee's "at-will" status.

Transfers of accumulated benefits shall be agreed upon between the appropriate Department or Administrative Heads prior to transfer or promotion. The transferred or promoted employee will then receive benefits allowed by that position in that department.

2.9 Resignation

While we would prefer that all our productive employees remain with us until they are ready to retire, we understand that circumstances do change from time to time and that some resignations are certain to take place. If you should decide that it has become necessary to quit your job, you are requested to present a written resignation at least two (2) weeks prior to the effective date of resignation. Administrative, management and professional staff are requested to give at least four (4) weeks written notice of resignation to promote a smooth transition. Department or Administrative Heads will notify the Auditor immediately so that the appropriate forms may be completed. An exit interview will be completed around the time of separation. The requested notice for resignation in no way affects the employee's "at-will" status.

2.10 Retirement

There is no mandatory retirement age, except for law enforcement personnel, provided the employee is physically and mentally capable of satisfactorily performing their assigned duties.

2.11 Termination

We hope that your association with Calhoun County will be a long and happy one. You do have the right, however, to terminate your employment at any time for any or no reason. Calhoun County retains a similar right. It is the policy of Calhoun County that any conduct which, in its view, interferes with or adversely affects employment or the County is sufficient grounds for discipline, including dismissal. Examples of conduct for which employment may be terminated include, but are not limited to, unsatisfactory performance, unacceptable tardiness or absenteeism, violation of the County Rules, dishonesty, insubordination, or any reason not prohibited by law. Calhoun County reserves the right to terminate employment immediately if it believes circumstances warrant.

The employment relationship shall terminate if the employee quits, retires, or is discharged. An exit interview is to be conducted at the end of employment. All County materials will be returned by the departing employee at the time of the exit interview.

2.12 Employment Performance Appraisal

Employee performance appraisals may, at the discretion of the Department/Administration Head or governing body for that department, be conducted to determine how well an employee does the job compared to the respective job classification and a set of standards. The information and feedback obtained during the appraisal will be exchanged between the employee and administration. Results of the appraisal will be used to assist administration with 1) determination of compensation, promotion, dismissal, downsizing layoffs, and 2)

identification of strengths, weaknesses, training needs, potential for individual and agency/department growth.

2.13 Length of Service

Length of service means an employee's length of continuous service with the County since the employee's last hire date.

2.14 Reduction in Force

We hope it will not be necessary, but if and when it becomes necessary to reduce the number of employees, layoffs or termination will be accomplished with due consideration to status, employment classification, qualifications, length of service, performance evaluation, position description and job classification.

Employees on layoffs are not eligible for benefits. The employee may be eligible to continue coverage of county group insurance programs at the employee's own expense (see Benefits, Section 4). An employee must return to work within three (3) workdays of the notification to report to work, or employment will be terminated, unless other arrangements have been made with the Department or Administrative Head. Employment of employees who are not called back to work within three (3) months will be terminated.

2.15 Job Classification Openings

Whenever a job classification vacancy occurs within the department, the opening will be posted in the department for ten (10) calendar days. A current employee has the opportunity to indicate their interest in being considered for the vacancy by writing to the Department or Administrative Head within said posting period. The Department or Administrative Head or Governing Body makes the decision on who is to fill the opening. In the selection of an applicant to fill the vacancy, the following will be considered: 1) qualifications; 2) attitude, skill, ability, and past performance; 3) efficiency; 4) disciplinary record; and 5) length of service. After considering those current employees who have expressed a written interest in the vacancy, the Department or Administrative Head or Governing Body can hire from outside the department but must follow hiring policies.

2.16 Reclassification/Job Description

The Department or Administrative Head will determine when a position or employee warrants reclassification or a change in job description.

2.17 Veterans Preference

Any honorably discharged veteran, as defined in the Code of Iowa, shall be entitled to preference in appointment, employment, and promotion over other applicants of no greater qualifications.

2.18 Ethics and Confidentiality

Calhoun County strives to maintain a high standard of business ethics. To ensure that these standards of conduct are not violated, the County requires all employees to conduct their business in an ethical and legal fashion. This includes avoiding any activities outside of your employment with the County that would adversely affect your performance on the job or involve a possible conflict of interest.

Our policy concerning business conduct also covers the protection of confidential information. It is the employee's obligation to keep such knowledge and information in strict confidence. Violation of this confidentiality is a serious matter and shall result in disciplinary action.

Calhoun County has a HIPAA policy which designates it as a Hybrid Entity. The HIPAA-covered offices are covered by the HIPAA Policy and must follow this policy for the release of Protected Health Information. The offices that are not covered are still responsible for taking appropriate care in sharing personal health information received because of this employment; including but not limited to another employee's medical condition, illness, or treatment. No employee shall share this type of information except on a need-to-know basis unless permission has been received from the affected employee.

2.19 Personal Appearance

At Calhoun County, we place a high priority on your appearance. Since you are in direct daily contact with the public, the public will remember you as a representative of the County and will be watching how you look, act, and talk. We expect that you dress and groom yourself in such a manner as to reflect favorably upon you and the County. Dress in good taste and appropriately for the job.

2.20(a) Sexual Harassment

1. Introduction: It is the goal of Calhoun County to promote a workplace that is free of sexual harassment. Sexual harassment is illegal and against the policies of Calhoun County. Furthermore, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated. To achieve the goal of providing a workplace free of sexual harassment, the conduct that is described in this policy will not be tolerated and Calhoun County provides a procedure by which inappropriate conduct will be dealt with.

Please note that while this policy sets forth the goals of promoting a workplace that is free of sexual harassment, the policy is not designed or intended to limit Calhoun County's authority to discipline or take remedial action for workplace conduct which is deemed unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

2. Definitions

The following are examples of sexual harassment:

- Verbal: Sexual innuendo, suggestive comments, insults, threats, jokes about gender-specific traits, or sexual propositions;
- Non-verbal: Making suggestive or insulting noises, leering, whistling, or making obscene gestures, displaying sexually explicit pin-ups or calendars, sexual cartoons, writings of a sexual nature; and

3. Complaints and Investigation of Sexual Harassment

To assist you with bringing any sexual harassment related problems and concerns forward, employees are encouraged to talk over the problem with their supervisor/department head or the Human Resource Manager, who is charged with enforcing the policy. In addition to or instead of talking with the supervisor/department head and the Human Resource Manager, the employee has a right to file a written complaint. The complaint procedure should, as much as possible, follow the complaint procedure outlined in Section 7 of this Handbook.

The following exceptions are to be allowed to the Section 7 Complaint Procedure:

- a. If the alleged harasser is the person charged with enforcing the policy, the employee should make the report to the next person or group on the Section 7 Complaint Procedure list. If that alleged harasser is an elected official, the employee should make the report to the County Attorney or Board of Supervisors as appropriate.
- b. The Supervisor/Department Head or Human Resource Manager that receives the complaint may appoint an unbiased investigator or committee to investigate the complaint instead of investigating the matter internally.

Flexibility will be maintained to accommodate absences of key witnesses or time needed to obtain documents from third parties and consideration of preliminary response. If the reporting employee does not feel that the complaint is being handled in a timely manner, the employee should notify the party investigating the complaint or may notify the individual or group which is next on the Section 7 Complaint Procedure.
- d. If the complaint involves employees from more than one department, the Supervisor/ Department Head or Human Resource Manager that receives the complaint shall promptly notify all other Supervisors/ Department Heads involved.

Other items to consider during the investigation are:

- a. Workplace separation of the employee filing the complaint and the alleged harasser will be considered.
- b. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. In addition, confidentiality may not be maintained if the conduct has included criminal conduct investigated by outside agencies.
- c. The investigation will include a private interview with the person filing the complaint and with witnesses. The person alleged to have committed sexual harassment will also be interviewed.
- d. When the investigation is complete, the person filing the complaint and the person alleged to have committed the conduct will, to the extent appropriate, be informed of the results of the investigation.
- e. The County recognizes that the issue of whether sexual harassment has occurred requires a factual determination based on all the evidence received. The County also recognizes that false accusations of sexual harassment can have serious effects on innocent men and women. We are hopeful that all employees will act in a responsible and professional manner to establish a pleasant working environment free of discrimination.

4. Disciplinary Action

If it is determined that inappropriate conduct has been committed by an employee of

Calhoun County, appropriate action will be taken. Such action may range from a verbal warning up to and including termination from employment and may include such other forms of disciplinary action as is deemed appropriate under the circumstances.

SECTION 6 LEAVES OF ABSENCE

6.1 Military Leave

Employees shall be granted military leave in accordance with the Code of Iowa.

6.2 Family and Medical Leave Act Policy

1. Policy Statement

Calhoun County shall, in accordance with the Family and Medical Leave Act (FMLA) of 1993, provide eligible employees up to a maximum of twelve (12) work weeks of leave in a twelve month time period for the following occurrences: (a) a birth, adoption, or foster care of a child; (b) to care for a spouse, child or parent with a serious health condition; (c) if the employee is unable to work due to a serious health condition that renders the employee unable to perform the essential functions of his or her job.

For purposes of administering the Family and Medical Leave Act policy:

"Child" means son or daughter under 18 years of age, or a child 18 years of age or older who is incapable of self-care because of a mental or physical disability. An employee's child is one for whom the employee has actual daily responsibility for care and includes a biological, adopted, foster or stepchild. Military leave entitlements may be taken for the medical care of, or for qualifying exigencies of adult children.

"Parent" means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a child. The term does not include parents-in-law.

"Spouse" means a husband or wife as defined or recognized in the state where the individual was married and includes individuals in a same-sex marriage or common law marriage.

Items not specifically covered by this policy will be referred to the Act itself for clarification.

2. Eligibility

To be eligible the employee must have worked for the employer for a minimum of 12 months with a minimum of 1250 hours over the 12-month period immediately preceding the leave.

Employees applying for and granted a family leave of absence are required to meet notification and documentation requirements as outlined in this policy. Failure to meet these requirements may result in the denial or revocation of a family leave.

The County elects to require employees to use available leave accruals while employees are on FMLA leave. The 12-week period begins when the employee starts taking leave which would qualify for FMLA leave even if the employee is entitled to paid leave for some or all of the 12 weeks. Paid leave will run concurrently with and will be counted toward the employee's total period of FMLA leave. Employees must use all accrued sick leave (if applicable to leave request), PTO, vacation, and holiday time during this 12-week period prior to taking leave without pay.

3. Leave Entitlement

Twelve weeks measured by a rolling twelve-month period measured forward from the date any leave is taken by the employee.

When a husband and wife are both employed for the County, they are limited to a combined total of 12 weeks of leave during the 12-month period for birth or placement of a child or the care of an ill parent. This limitation does not apply if leave is requested because of the employee's own serious health condition or that of the employee's spouse or child.

4. Policy Summary

An employee's record of continuous service will not be interrupted by a leave of absence; however, no benefits will accrue if on a leave of absence without pay. However, even though it is not required by the FMLA act, Calhoun County will allow employees who are granted an unpaid FMLA leave of thirty (30) workdays or less to accrue their regular eligibility for PTO, vacation, or sick leave benefits. When an employee returns to work, the employee will return to their same position or equivalent position according to the guidelines of the FMLA. If an employee does not return to work at the end of the designated leave, the employee's continued employment will be reviewed.

Health insurance coverage will continue on the same level. Employees will be responsible for contributions required for participation in employee contributory insurance plans. Payment terms will be arranged prior to leave. Loss of insurance coverage may result if the premium amount is paid more than 30 days late. If the employee misses a premium payment and the County pays the employee's contribution, the employee will be required to reimburse the County for delinquent payment upon return from leave. The employee may choose to discontinue health insurance during the FMLA leave and will be reinstated at the same level of coverage upon return to work.

The County may seek to recover premiums paid for group insurance premiums paid during unpaid leave if the employee fails to return to work for a reason other than a serious injury or circumstance beyond the employee's control.

- a) BIRTH/ADOPTION/FOSTER CARE: An employee may take up to twelve (12) consecutive work weeks of leave per year for the birth of the employee's natural child, or the placement of a child with the employee for adoption or foster care. Disabilities caused or contributed to by pregnancy, miscarriage, or childbirth and the recovery there from are treated as other medical disabilities. It is expected that the medical effects of childbirth (vaginal delivery or cesarean) will last approximately six (6) weeks. Employees will use PTO or sick leave if accrued for the medical period only. In cases where the medical disability continues beyond the six (6) week period, an employee may continue to use PTO or sick leave until released by the physician. An employee may return to work sooner than six (6) weeks once released by her physician. In all cases a physician's written statement attesting to the employee's ability to perform the essential functions of their job is necessary prior to the return of the employee.
 - 1) If an employee does not have PTO or sick leave accrued to cover the medical period of time off (usually six weeks or less), accrued vacation and holiday time must be used before a leave without pay may be taken. Accrued compensation time may be taken before an unpaid leave is taken but it is not required. Time off shall not exceed a total of twelve (12) work weeks unless the physician determines it is medically necessary.
 - 2) Fathers of newborns may be granted time off for a period up to twelve (12) consecutive work weeks per year and must use PTO, accrued vacation, and holiday time during this period prior to leave without pay. Accrued compensation time may be taken before an unpaid leave is taken but it is not required.

- 3) Fathers and mothers of a newly adopted child or foster care of a child may be granted time off for a period up to twelve (12) consecutive work weeks per year. Employees must use PTO, accrued vacation, and holiday time during this period prior to requesting leave without pay. Accrued compensation time may be taken before an unpaid leave is taken but it is not required.
 - 4) Two spouses who are employees may be granted time off for the birth, adoption, or foster care of a child not to exceed a combined total of twelve (12) work weeks per year.
- b) **FAMILY CARE:** An employee may take up to twelve (12) work weeks of family leave per year on a consecutive, reduced, or intermittent basis to care for his or her child, spouse, or parent with a serious health condition. The employee must submit the health care provider's certification with the Family and Medical Leave Act Absence Form. Employees must use accrued PTO, vacation, and holiday time during this period prior to leave without pay. Employees may use family sick leave, where applicable, or accrued compensation time may be taken before an unpaid leave is taken but it is not required.
 - c) **MEDICAL:** An employee who has a serious health condition that renders the employee unable to perform the essential functions of his or her job duties may take medical leave up to twelve (12) work weeks per year on a consecutive or intermittent basis. Employees must use all accrued personal sick leave, PTO, vacation, and holiday time during this period prior to leave without pay. Accrued compensation time may be taken before an unpaid leave is taken but it is not required. In all cases a physician's written statement attesting to the employee's ability to perform the essential functions of their job is necessary prior to the return of the employee.
 - d) **Military Family Leave Entitlements:** Eligible employees with a spouse, son, daughter, or parent on active duty or call to active-duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain Qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 25 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation or therapy; or is in outpatient status; or is on the temporary disability retired list.

Employees must use all accrued personal sick or family leave, as applicable, PTO, vacation, and holiday time during this period prior to leave without pay. Accrued compensation time may be taken before an unpaid leave is taken but it is not required.

5. Definitions

- a) **SERIOUS HEALTH CONDITION** is an illness, injury, impairment, or physical or mental condition that involves one of the following: (1) Inpatient care; (2) A period of incapacity of more than three consecutive calendar days that also involves treatment on two or more occasions or continuing treatment; (3) Incapacity due to pregnancy; (4) A chronic

condition requiring treatments; (5) Permanent/Long-term Conditions Requiring Supervision; or, (6) Any period of absence to receive multiple treatments for non-chronic condition.

- b) **INTERMITTENT OR REDUCED LEAVE** allows an employee to take leave intermittently (a few days or hours at a time) or on a reduced leave schedule to care for an immediate family member with a serious health condition or because of a serious health condition of the employee when “medically necessary”. Medically necessary means there must be a medical need for the leave and that the leave can best be accomplished through an intermittent or reduced leave schedule. The employee may be required to transfer temporarily to a position with equivalent pay and benefits that better accommodates recurring periods of leave. The smallest time period allowed to be taken is one-half hour at a time. The employee must make a reasonable effort to schedule treatment(s) so as not to unduly disrupt the County’s operations. An employee may take leave intermittently or on a reduced leave schedule for birth or placement for adoption or foster care of a child only with the department head’s consent.
- c) **CHILD** means a child under 18 years of age, or 18 years of age or older who is incapable of self-care because of a mental or physical disability. An employee’s “child” is one for whom the employee has actual day-to-day responsibility for care and includes a biological, adopted, foster or stepchild.
- d) **NOTIFICATION AND DOCUMENTATION REQUIREMENTS** - The employee must complete a family and medical leave of absence request and submit it to the department head. All requests for leave should be submitted at least 30 days in advance of the intended leave to the extent that advance notice is practicable.
- e) **CERTIFICATION REQUIREMENTS** - The employee will provide medical certification from a health care provider. The certification shall include the nature of the serious health condition, a statement as to when the condition began and its probable duration, and appropriate medical facts. If the leave is for the employee’s medical condition, the certification shall include that the employee is unable to perform the essential job functions. If the leave is to care for a family member, the certification shall include a verification that the health care provider deems that the employee is needed to care for the ill family member for a specific period of time. If an intermittent or reduced work schedule is requested, the health care provider’s statement should include the duration and dates for medical treatment. Employees may be required to obtain periodic subsequent certifications. The County reserves the right to require a second or third opinion from other health care providers.

6.3 Unpaid Leave For Employees And Situations Not Covered By FMLA

1. Policy Statement.

Under certain circumstances, you may be granted an unpaid leave of absence when it is necessary for you to be absent from work. The circumstances where an unpaid leave will be considered are: 1) situations covered under the FMLA when the employee is not qualified or eligible for FMLA leave; 2) school attendance; 3) medical reasons not covered under FMLA; or 4) personal reasons.

2. Eligibility.

To be eligible, the employee must submit a request to the Department Head as far in advance as possible and shall state reasons for leave and inclusive dates. Supportive documentation should also be submitted to the Department Head. In each case, the effect

of your absence upon your department's operation must be considered. The request will be considered and decided on a case-by-case basis.

3. Leave Entitlement.

In all but exceptional circumstances, leave will be limited to thirty (30) workdays of unpaid leave on a consecutive, reduced, or intermittent basis. In exceptional circumstances, employees may apply for an extension up to a maximum of six (6) months. The amount of leave and its terms is up to the discretion of the department head.

4. Policy Summary.

An employee who is granted unpaid leave under this division of thirty (30) workdays or less shall accrue their regular eligibility for salary increases, PTO, vacation, or sick leave benefits. An employee who is granted unpaid leave of thirty-one (31) workdays or more does not continue to have any eligibility for these benefits after the 30-day period.

PTO, Vacation, holiday, and compensation time will be used prior to unpaid leave.

The County will continue to pay its share of the health insurance premium for one month of unpaid medical leave beyond the usual termination of benefits. In exceptional unpaid medical leave cases, the County may continue to pay its share of the health insurance premiums for a length of time if greater than 30 workdays. This exception is to be determined by the department/ administrative head and shall take into consideration the length of time the leave is expected to last, the reason for the leave, the effect of the absence on the department, and the employee's performance. The County may seek to recover premiums paid for group insurance premiums paid during unpaid leave if the employee fails to return to work for a reason other than a serious injury or circumstances beyond the employee's control.

For other unpaid leave, the employee may continue in the group health insurance program by paying the full cost of the premium for subsequent coverage if allowed by the carrier and in accordance with the applicable laws. Premiums must be paid directly to the Auditor's Office. Arrangements for time of payment must be made with the Auditor prior to the employee taking the leave. Failure to pay the premium in a timely manner will result in termination of coverage. COBRA benefits are offered as described in that Act.

5. Extended Time Off for ECPs (Emergency Care Provider) (Public Health)

Realizing that the majority of ECPs may have primary job responsibilities outside of this agency; and that management staff need to know when ECPs are available for work assignments and be assured that staff remains qualified to perform required job functions, requests for temporary exclusion from scheduled / on-call work hours may be allowed on a case-by-case basis. If allowed, this absence will not count towards the required availability average.

Advanced Notice – ECPs must request this time off in writing at least 30 days in advance and indicate the dates this time off starts and ends.

Training Requirements -- During this time off, ECPs will be expected to meet employment requirements for mandatory in-services and skills maintenance.

- ECPs will be notified of scheduled requirements, the same as other staff, via mailings and newsletters. ECP staff will be responsible for notifying ES Director or designee if

mailings are NOT received, determine what they have missed and arrange to make up these requirements.

- Requirements subject to time constraints (such as quarterly skills verification and other licensure, certification requirements, driver's license, etc.) cannot be postponed. ECPs who fail to maintain compliance with these requirements will be considered unable to return to work.
- Requirements not subject to time constraints must be completed prior to work duty return. ECP staff will be responsible for notifying the Director or designee to determine what they have missed and arrange to make up these requirements.

Requests for time off that are longer than a 3-month period will be determined by the ES Director and/or Administrator as to whether the position continues to be available for the ECP.

SECTION 7 COMPLAINT PROCEDURE

7.1 Grievance and Appeal Procedure

It is the sincere intent of all Calhoun County officials to be fair and reasonable with all employees at all times. However, in the relationship of employee to employee or employee to employer, problems may develop. Generally, satisfactory solutions to any problems employees may encounter are best found by discussing it with supervisors, rather than uninvolved co-workers. Fair handling of a problem or complaint cannot be provided if employees do not let the proper people know of its existence.

If any employee has a question about interpretation or application of County policy, is in disagreement with a fellow worker, feels that the employee has been treated unfairly, or some problem has not been resolved to the employee's satisfaction, the employee may use the following procedure for solution of such problems without fear of retaliation. Where applicable, Deputy Sheriff's should follow the Complaint Procedure provided under Civil Service requirements. Failure to comply with any of the time limits listed below shall constitute a waiver of the complaint. Generally, the Department Head is in the best position to solve any problems which may arise. The Governing Boards encourage each employee to talk with the Department Head about any problem, complaint, or suggestion that might arise concerning the employee's work.

The purpose of the Grievance Procedure is to ensure fair and equitable treatment for all employees, eliminate dissatisfaction, and resolve problems so that constructive work-producing relationships can be maintained for the benefit of all.

- The employee or group of employees shall, within a reasonable amount of time from the date of the grievance, present the grievance in writing to the immediate supervisor. The immediate supervisor shall reply in writing within a reasonable amount of time from receipt of the grievance informing the employee or group of employees of the decision, which may not set precedence.
- In the event that the immediate supervisor's decision is not satisfactory to the employee or group of employees, the same procedure, shall apply to the next level of responsibility

within the Department within a reasonable amount of time. This step may be repeated if there is more than one level of responsibility within the Department.

- If the employee(s) continue to be dissatisfied with decisions within the Department, the employee shall, in writing, notify Human Resources or the department's Governing Board within a reasonable amount of time. To ensure due diligence, the Governing Board or Human Resources shall review the grievance and relevant information within a reasonable amount of time. A copy of this notice and findings will be provided to the employee and supervisors involved in steps 1 and 2.
- Within a reasonable amount of time of their notification, the Employee's Governing Board or Human Resources shall appoint an unbiased hearing officer or committee to review all documentation surrounding the grievance. The hearing officer or committee will report back to the Employee's Governing Board which will then make a decision.
- An employee's "reasonable amount of time" is not to exceed thirty (30) business days. Any exceptions can be granted by the Board of Supervisors for good cause by a majority vote.
- The decision of the Employee's Governing Board will be final and binding.

SECTION 8 EMPLOYEE RULES

To maintain a safe, efficient, and harmonious organization, disciplinary action for the violation of the Rules and Regulations listed below may be imposed. Each of the Rules and Regulations have a sound background of common sense based on experience. These Rules are not necessarily the only areas in which disciplinary action may be taken if conduct or instances require. In addition to these Rules, any violation of the Handbook and/or written rules of the County are subject to disciplinary action. These Rules may be modified as changing conditions warrant.
