There was no one present not on the agenda who wished to address the board.

RECREATION PROGRAM REPORT- JESSI ROCHEL

Jessi provided a hiring update. Jessi will send me her notes.

2018 BUDGET PARKS & RECREATION DEPARTMENT RECREATION

Eric provided a budget update regarding trails. Eric presented the October 24th Parks 5 Year Capital Improvement Plan, which was presented to the Trustees in follow up of the Commission's request. Some of the trails in the master plan listed as priority projects are included in the 5 Year Capital Improvement Plan.

Discussion ensued regarding the Pickle Ball Bounce to raise funds for a \$50k matching GoCo grant to build pickle ball courts in Carbondale. Six to eight courts may cost \$100k. Pickle ball courts may not be the highest priority with the pool initiatives and bathroom renovations. What would be a location for pickle ball courts in Carbondale? If the money is raised the project would have to be prioritized with the other priority projects. The commission will communicate with the Roaring Fork Pickle Ball Association to establish the process around GoCo grant applications, and the need to prioritize the project with the Parks & Rec Commission and the Trustees. John Williams will serve at the Liaison to the Roaring Fork Pickle Ball Association, John will attend the Gala, and return to the commission with a report. Ashley suggested that if the funds come through, we review the area the Courts are to be placed to ensure the funds are used to the

fullest and fit into a master plan. John will establish rules surrounding GoCo grants and the Town's involvement in obtaining a GoCo grant. There were sponsor's for the Pickle Ball Bounce event, and John will inquire about the specifics of how they obtained the sponsor's and what was told the sponsors about the Town's involvement. Importance was made around opening communication with the Town and the Roaring Fork Pickle Ball Association. Eric will reach out with the Roaring Fork Pickle Ball Association to align goals.

SUB-COMMITTEE AQUATIC FACILITY ADVISORY COMMITTEE (SURVEY DATA COMPILATION & DRAFT COMMUNITY FORUM AGENDA CREATION)

Discussion ensued. There are presently 89 responses, and the survey will be open through mid-January. Tracy recommended survey scale clarification, and will be placed in a higher traffic area on the web site.

Discussion ensued regarding the John Fleet Pool logo, and it was recommended that the logo be updated.

The survey will go out strategically (i.e. pool members, swim lesson participants, schools, paper advertising, etc.). Discussion ensued regarding outreach opportunities. Ideas were:

- Brochures & free standing posters at local businesses
- Cards on doors in neighborhoods
- Outreach at local schools
- Social Media
- 3rd Street Center
- Utility Mailer
- Flyer at the Bus Stop

Kathleen noted it may be important to designate 1 facilitator for the Forum & designate what facility and events we want for the forum. Financial feasibility and community engagement would be the desired take away's from the forum, and a basic idea of indoor vs outdoor and the size/scale of the pool. Maintenance should be stressed. We're not just building a pool, we're maintaining a pool. Ashley noted that feasibility and planning grant is a priority next step. Hollis will communicate with Margaret about the posters for the forum, and the commission will plan to get out and about posting them in early February. Hollis will meet with Will Thursday at 12 noon to discuss plans. It was recommended that they open the option to take multiple surveys from the same IP address, to accommodate people using computers at the public library.

Discussion ensued regarding the forum format. There will be a power point providing pool options, and a follow up survey for attendees to hand in prior to leaving. They may have stations set up like they did for the master plan forum. Kathleen suggested that we gauge public support with two or three financing options, indoor/outdoor options; on a scale of 1 to 10 how bad do you want this pool. Staff will compile open comment survey data for the next commission meeting. Todd mentioned reaching out to the Creative District. There will be a forum subcommittee to work on the forum plans and newspaper article. Kathleen will be responsible for the forum plans, and will email the commission to set up the subcommittee meetings. Ashley will help with production. Hollis is happy to be involved as well.

REPORT & UPDATES: STAFF & COMMISSION MEMBERS

Eric reported that "Save Red Hill" will be fundraising on the 15th. They are raising money for a maintenance endowment. There's also an event at Marble Distillery on the 11th for fundraising also. The Town may be creating an Entertainment District. That would involve blocking off a portion of Main Street and allowing cubs to travel throughout this "district." The cub however would have to be disposable per State Law, and this may create a challenge or even kill the idea altogether. The proposed Entertainment District would involve the closure of Main Street from Wendt to Snowmass Drive. It is unclear as to whether the Entertainment District will be created or not.

Eric will email the commission information regarding potential 100+ private special events for rental of our parks. The commission will provide feedback. This is in effort to create paperwork that would properly contract these rentals. Tracy suggested promoting the rental spaces. Kathleen recommended keeping the capacity appropriate for the location space and capacity. Becky suggested choosing parks that aren't used much for these larger events and ensure the parking will accommodate the events.

Shop local is on hold as the focus is on the pool initiatives now. Stickers are out there for the shop local campaign. Eboard is looking to expand the plastic bag ban.

ADJOURNMENT

The January 10, 2017, regular meeting adjourned at 9:18 pm. The next regularly scheduled meeting is set for February 14, 2017 at 7:00 pm.

Respectfully submitted,
Angie Sprang
Board & Commissions Clerk

#	RESPONSES	DATE
1	Avalanch Ranch; Hot springs	2/5/2018 8:26 PM
2	Warmer water, wider swim lanes available all the time. However, it takes much more time to go to GWS. I try to go 2-3x per month.	2/5/2018 8:25 PM
3	2-3 times a week-wide lanes for swimming; swim lanes open all day :)	2/5/2018 8:23 PM
4	We love having the indoor options at Glenwood and ARC. Glenwood had a lot of noise and too much echo. ARC is just lovely, not too loud, huge area for kids to play, lazy River, the pool temp is perfect and warm, the walls roll up for summer, they keep lap pools and kids separate. All good!	1/31/2018 10:06 PM
5	available all year long. Aspen is especially good for children and my grandkids love it	1/31/2018 4:30 PM
6	A few times a year	1/31/2018 3:58 PM
7	I'm a member at the Hot Springs. I use it for lap swim.	1/31/2018 3:16 PM
8	They are year-round and I try to get my kids to a pool at least once a month. They also have nice play features for kids. We like GWS the least but it's closest and cheapest.	1/31/2018 3:14 PM
9	We just like to swim :)	1/31/2018 2:39 PM
10	Glenwood Hot Springs: good family pass	1/31/2018 1:21 PM
11	I don't go to any of them very often due to cost.	1/31/2018 12:54 PM
12	twice a week use, like year round access, lap lanes, hot pool for soaking and socializing	1/31/2018 10:30 AM
13	2-3 Times a month, big pools, clean	1/31/2018 10:20 AM
14	0	1/31/2018 10:17 AM
15	2-3 times a week. Comfortable sitting areas and great baby pool / kid attractions	1/31/2018 6:40 AM
16	Lap swimming for exercise 3 x wk	1/30/2018 10:54 PM
17	Winter= indoor family pool summer= outdoor family pool	1/30/2018 9:00 PM
18	1-2 x per year; when family or friends visit.	1/30/2018 6:24 PM
19	1-2x/wk, Iron Mtn offers a pool and various mineral hot tubs.	1/30/2018 5:22 PM
20	Open in winter. Great club and locker room	1/30/2018 4:55 PM
21	Clean, SMV Saline, Carbondale pool is outdated	1/30/2018 2:15 PM
22	Slides	1/30/2018 12:00 PM
23	They are heated and have better slides	1/30/2018 11:59 AM
24	1x week	1/30/2018 11:55 AM
25	1-2/week. Indoor, lots of options for kids	1/30/2018 11:52 AM
26	4 times a wk. Gobs of friends. The therapy pool.	1/30/2018 11:51 AM
27	1-2x's week. The pool.	1/30/2018 11:24 AM
28	I use RVR pool 4-6 times per week. Access is available YEAR ROUND and not just in the summer. Pool is outdoors, even in winter, which is considerably more appealing than swimming indoors in a "chlorinated environment".	1/30/2018 11:17 AM

29	We use the ARC in the winter because it is indoor. I also like the roominess of their locker and that they have a large kid-friendly area of the pool. The lazy river is a blast too! We love the hot springs pools for the benefits of the hot springs but it is way, way too crowded in the summer. The Glenwood rec also has a great facility but I was a little disappointed when they took out some of the fun features in the kid area.	1/30/2018 7:07 AM
30	1x per month	1/30/2018 5:06 AM
31	5 Times/year. Change of scenery and variety throughout the year.	1/30/2018 4:52 AM
32	hot springs	1/29/2018 9:56 PM
33	Off season pass at Glenwood Hot Springs pool. 1/week Great way to be outdoors and warm in winter!	1/29/2018 7:16 PM
34	3-4. We take company. It's too far for regular use	1/29/2018 4:32 PM
35	a handful of times per summer. Pleasant place to sit and I also like the lap pool.	1/29/2018 4:27 PM
36	3-5 times per year. It's a pool	1/29/2018 4:25 PM
37	Salt water, kid friendly, lap swimming	1/29/2018 4:19 PM
38	Once per month. Attraction is play, rejuvenation, fun with family and friends	1/29/2018 4:05 PM
39	I use snowmass rec pool in the winter because it is open year round. Also, there is a dedicated lap pool so never have to check when lap lane hours are happening or schedule around them.	1/29/2018 3:41 PM
40	I am a member to the hot springs pool athletic club and i use it 5ish times a week. Having my gym and pool in the same facility is really nice	1/29/2018 3:05 PM
41	Weekly, they are open year round and have more accommodating hours.	1/29/2018 3:03 PM
42	2-3 x week	1/29/2018 3:01 PM
43	Other facilities are more child friendly and have more "attractions"	1/29/2018 2:57 PM
44	Love swimming and cooling down.	1/29/2018 2:42 PM
45	1 to 2 times a month. Get some exercise and then relax in the hot pool. Also for family fun.	1/29/2018 2:41 PM
46	12 times per year	1/29/2018 2:34 PM
47	I like the Glenwood Hot Springs because the off-season pass is affordable to me. And then I love coming to the John M. Fleet pool in the summer.	1/29/2018 1:54 PM
48	I haven't used any of these pools, but I would to swim and lounge	1/29/2018 1:46 PM
49	Through work, as a good day outing recreation for kids and adults with autism	1/29/2018 1:42 PM
50	The hot springs to relax, the ARC and GWS because they had indoor pools for year round lap swim	1/29/2018 1:41 PM
51	Adult pools	1/29/2018 1:40 PM
52	I use hot springs pool for tri team training during the summer 2 per week. I use Glenwood rec center pool 2-3x per week in winter when Carbondale pool is closed	1/29/2018 1:22 PM
53	Seasonal passes makes it easy, well-taken care of, and they are larger	1/29/2018 1:14 PM
54	Once a month	1/29/2018 1:10 PM
55	Hot springs once in awhile during colder months for laps	1/29/2018 1:01 PM
56	Minimal use because of distance- cost and time prohibitive. Initially went 3 times a week for laps but stopped	1/29/2018 12:28 PM
57	once a week, they have indoor pools and offer masters swim club	1/29/2018 12:06 PM
58	5-6/week. Lap swim	1/29/2018 11:11 AM
59	1 x per week. Salt water in Snowmass. Minerals at the hot springs.	1/29/2018 10:03 AM
60	Year round indoor pool- large	1/29/2018 9:03 AM
61	random times. The pool/ swimming	1/29/2018 8:58 AM

62	6 -10 times a year. we like the warm mineral water. id love to see the carbondale rec pool become a salt water pool	1/29/2018 7:07 AM
63	The town pool is overcrowded- so we go to the others when we can	1/29/2018 6:42 AM
64	Salt water instead of chlorine	1/29/2018 6:06 AM
65	At least once a month during the summer season,better toddler/children's areas and bigger pool so not as crowded	1/29/2018 1:59 AM
66	The fact that they are there for training/exercise on a daily basis	1/28/2018 11:07 PM
67	Friends at RVR pool, Hot Springs - because it's hot, awesome and natural	1/28/2018 10:46 PM
68	Penny, breathtaking views, natural waters, low key, peaceful, restorative; about 2x/month	1/28/2018 9:21 PM
69	I swim in Rivers. The hot springs are relaxing.	1/28/2018 8:13 PM
70	A few times a year due to cost. Go for therapeutic benefits, fun, social, when guests are in town.	1/28/2018 7:45 PM
71	2 times a week. Our family LOVES the water	1/28/2018 7:28 PM
72	Every few week, the opportunity to be in water attracts me to them	1/28/2018 7:11 PM
73	1-2 a summer. Friends and family	1/28/2018 6:48 PM
74	Don't really use them	1/28/2018 6:42 PM
75	A few times a month. I enjoy the relaxation I get from being in the hot waters.	1/28/2018 6:39 PM
76	Warm water !	1/28/2018 6:34 PM
77	RVR Seasonal 4-5/week: pool, hot-tub and sauna	1/28/2018 6:21 PM
78	I have a season pass to RVR pool. I like having the hot tub pools and the heated lap pool during the winter months. The healing benefits of hot water during cool climates is a value of mine and aids in my sports recovery.	1/28/2018 5:52 PM
79	I use them about once a week. What attracts me to them is their schedule and price.	1/27/2018 2:20 PM
80	Over the winter, once or twice a month. We go because it is a nice mini vacation. We also used to go to the RVR pool about once or twice a week while living in Thompson Corner. It is nice to feel like you are relaxing and recreating.	1/26/2018 9:11 PM
81	I do not use them	1/26/2018 5:26 PM
82	once a week, Hot pools and being able to have a mixed drink at the pool.	1/26/2018 3:02 PM
83	A couple times a year - mostly in the winter	1/26/2018 2:32 PM
84	weekly in the summer- clean showers, lots of tables and chairs	1/26/2018 2:03 PM
85	once a month - the fewer the people the better	1/26/2018 7:57 AM
86	I like warm water in winter and do laps at the GW pools. I like to combine my workout w laps and use the ARC	1/25/2018 10:53 PM

147	2x/month to soak and swim	1/4/2018 8:38 AM
148	A couple of times thru the summer. Slides and heated facilities, vicinity to home.	1/4/2018 8:37 AM
149	Year-round status. Updated facilities (ie bromine, maintained well). 3-5x per week	1/4/2018 8:20 AM
150	I use these facilities very irregularly. I only use them when I'm wanting to swim during the seasons that the Carbondale pool is closed.	1/3/2018 3:22 PM
151	We go to the Glenwood Hotsprings once a week. Mostly to wear out our kids	1/3/2018 8:25 AM
152	Glenwood for the Lap Swim area, Snowmass for laps and the kids swimming area as well as the gyms at both	1/2/2018 9:42 PM
153	4 times per summer - More amenities and not on Main street	1/2/2018 6:27 PM
154	We plan on using our Town pool more as we have recently moved out of RVR	1/2/2018 5:05 PM
155	GW Hot Springs Pool - 4-5 times; open year-round, season pass, summer hours, hot therapy pool	1/2/2018 3:23 PM
156	once a month probably. I go with friends who live near these pools because they are both appealing, relaxing and nice looking.	1/2/2018 11:44 AM

172	I don't use them regularly because the are too far and expensive, or are private. Carbondale needs a local, public facility for kids like my daughter who love to swim and aren't in a private pool community.	12/23/2017 9:49 AM
173	GS Recreation Center Pool:3 to 4 times per week as part of the Team Sopris Masters group. GS Hot Springs--once or twice a month to do laps and/or soak.	12/22/2017 10:13 AM
174	I swim laps at the Glenwood Hot Springs 2-3 times per week in the winter, when the Carbondale pool is closed. Having access to the lap lanes at any time and the cost are the biggest drivers in using the hot springs pool.	12/22/2017 9:03 AM
175	I like to use them in the winter for exercise.	12/22/2017 8:38 AM
176	Year round use.	12/22/2017 8:38 AM

179	I only use the Carbondale pool regularly	12/21/2017 9:12 PM
180	warm, non chlorine water and long lap lanes (multiple)	12/21/2017 7:33 PM
181	Glenwood hot springs about once a month. Because it is awesome.	12/21/2017 5:34 PM
182	Several times per month. We use the arc because it is indoors. We use snowmass because smaller kids can ride the slide.	12/21/2017 5:25 PM
183	We live in RVR; mutiple times per week; other pools at least once per month.	12/21/2017 5:10 PM

185	Very randomly	12/21/2017 4:57 PM
186	3-4 times per year. Love the outdoor heated aspect of Snowmass. Hot springs for Hot Springs. Glenwood for indoor.	12/21/2017 4:51 PM
187	Use RVR in summer a couple times per week (with friends), ARC every 2 weeks in winter, great activity for kids, like the outdoor setting during summer at RVR, nice facilities to bring visitors. we do not go to Carbondale pool, except for swim lessons, out of necessity.	12/21/2017 4:49 PM
188	Occasionally in the winter.	12/21/2017 4:47 PM
189	I go to the hot springs about once per month in the winter.	12/21/2017 4:41 PM
190	We go to the ARC, Snowmass pool, or hot springs at least once per weekend! We love that those pools are kid friendly with good shallow sections and attractive kids features!	12/21/2017 3:55 PM
191	Not often, they are too far away, but I do like them, because they are large and well-suited for swimming laps.	12/20/2017 10:01 PM
192	Once a month, warm water in winter	12/20/2017 5:26 PM
193	Weekly for lap lanes. It is perfect for lap swimming- 25 meters, not too warm! Plenty of lap lanes, SEPARATE kids pool	12/20/2017 2:25 PM
194	The facilities I prefer to frequent have fun play features, and warm pools.	12/19/2017 9:38 PM
195	Hot Spring pool, We can use it in the winter.	12/19/2017 7:38 PM
196	Off Season 2x month because the Carbondale Pool is seasonal.	12/19/2017 3:01 PM
197	We always have a pool membership to one of the pools: Use the rec center pool for kids and working out, we use the Hot Springs pool for something fun to do, we go to the ARC about 6 times a year for birthday parties and in winter	12/19/2017 9:23 AM
198	lap swim laps available at all times, variety of play areas for kids	12/18/2017 9:41 PM
199	5-7 times a year	12/18/2017 9:33 PM
200	The salt water pool a 5-10 times	12/18/2017 8:50 PM
201	Winter- Gwood hot springs, Penny- year round. Fun to swim and sit in warm water, outside	12/18/2017 7:48 PM

#	RESPONSES	DATE
1	Go into the park to expand; you never see the park full take over some of the space	2/5/2018 8:26 PM
2	It would be important to have at least 2 swim lanes that are open all day, in addition to some other ones that can be added at certain times. There are a lot of swimmers in Carbondale! :)	2/5/2018 8:23 PM
3	Indoor large kiddie area, warm, lazy river, lap area, all important	1/31/2018 10:06 PM
4	the current outdoor pool has very limited shade. Also, locker rooms are below standard of most other pools. Hours should be extended into evenings during warmest times	1/31/2018 4:30 PM
5	An indoor pool would be a great asset to the community and would generate revenue year-round.	1/31/2018 3:58 PM
6	I lived in Carbondale for 12 years prior to having kids and never used the pool once. It's be great to have a year-round option for kids to expend energy right in town.	1/31/2018 3:14 PM
7	It would be great to see a new swimming facility that can handle our growing community.	1/31/2018 2:39 PM
8	We need a year-round pool	1/31/2018 1:21 PM
9	I believe the pool is great as it is but for some updates that seem necessary. I also think it should have evening swimming in the summer. I feel that to not have evening swim is a loss of revenue. In this valley often people go on long hikes, etc. in the day. I believe evening swimming, if advertised could gain popularity. When I say evening, I mean until 8:30pm at the latest. Or when the sun was setting as evening lights seem cost prohibitive and not necessary.	1/31/2018 12:54 PM
10	What can Carbondale realistically afford long term?	1/31/2018 10:30 AM
11	N/a	1/31/2018 10:20 AM
12	I used to swim a lot now I don't all the pools are too far away. This one would be closer.	1/31/2018 10:17 AM
13	Retire it when the funds are raised for an aquatic indoor facility!	1/30/2018 10:54 PM
14	Clean, kid friendly, safe atmosphere	1/30/2018 5:22 PM
15	Please please make it Year round	1/30/2018 4:55 PM
16	Private Donations with .01 Sales tax.	1/30/2018 2:15 PM
17	Nothing	1/30/2018 12:00 PM
18	N/A	1/30/2018 11:58 AM
19	I voted for an aquatic center the last time we voted on it, when I moved here over 30 years ago the population was 1500 with this same pool. UGH.	1/30/2018 11:55 AM
20	It's ok the way it is, but it'd be better if it was year round	1/30/2018 11:51 AM
21	Please!	1/30/2018 11:24 AM
22	Have lived in Carbondale since 1991 and to me it really is a "waste/shame" to have a swimming pool that is only open 3 months of the year. I joined the RVR Pool (and I was instrumental in getting them to open it up to non RVR residents) since they are the only facility in Carbondale open year round. They have really welcomed the non RVR community members and do a great job of encouraging people to use the pool. I am the Master Swim Coach at RVR and would be willing to do much the same for the Carbondale Pool IF it were to be open year round.	1/30/2018 11:17 AM
23	Something absolutely needs to be done. I chose indoor heated pool, but truly, even simply upgrading the existing set up and making the bathhouse more functional (stroller/wheelchair friendly, not so cramped...) Would be a huge improvement and would increase attendance, I believe.	1/30/2018 7:07 AM
24	Build it and include new gym that is much larger than the rec gym	1/30/2018 5:06 AM

25	I think there are many more important issues and plenty of nearby options.	1/30/2018 4:52 AM
26	While I would love to have a year round fancy indoor heated pool like the aspen rec center, I would also love an outdoor year round pool! I think it would be a great asset to our community. It all depends on how the funding is generated. Would love to hear a LOT more on funding options and their impacts.	1/29/2018 7:16 PM
27	We need bigger better exercise rooms for yoga and spinning	1/29/2018 4:32 PM
28	It's be cool to swim all year!	1/29/2018 4:25 PM
29	Build a saline filtration system like Snowmass Village Rec	1/29/2018 4:05 PM
30	I really enjoy the convenience of the pool- but it's not ideal with a small child. Kiddie pool is to baby and the big pool gets over crowded.	1/29/2018 2:57 PM
31	Would love a new pool! Think it's an essential place for our community.	1/29/2018 2:42 PM
32	Na	1/29/2018 2:41 PM
33	I'd only be interested if it were a salt water pool, using no chemicals	1/29/2018 2:02 PM
34	Yes, the pool could be in better condition. But I also think it is fine the way that it is. The pool is one of the few affordable things to do in Carbondale. I would hate to see a massive amount of taxpayer money spent on a new pool and then the new pool to become no longer affordable. I would prefer to just keep things the way they are. If changes are made, I hope that it will be during the off season and will not affect this upcoming swim season. I have a back injury and the John M. Fleet pool is my favorite way to heal my back in the summer.	1/29/2018 1:54 PM
35	One like the ARC or glenwood rec center would be sweet	1/29/2018 1:46 PM
36	a year round pool would be wonderful to have in carbondale	1/29/2018 1:41 PM
37	Better showers	1/29/2018 1:40 PM
38	We need a new year round pool!	1/29/2018 1:14 PM
39	Think year round use is important	1/29/2018 1:07 PM
40	Absoutlely for a new pool so carbondale locals and tourists stop going to aspen or Glenwood	1/29/2018 1:01 PM
41	If there is anyway to make the facility bigger that would be nice. Adding more lap lanes would be helpful. I stopped using the pool because the lanes are usually too full. If there is a way to build lap lanes that can stay open all year that would be nice also.	1/29/2018 12:42 PM
42	Would love to see lap lanes available in town, year round use would be amazing- perhaps family oriented seasonal outdoor area with indoor lap area-- bday doors that can be opened seasonally to connect the two areas for year round use.	1/29/2018 12:28 PM
43	We need this!	1/29/2018 12:06 PM
44	Hoping that the the pool becomes a facility that people from basalt/el jebel can access so there is a swimming facility midvalley	1/29/2018 11:11 AM
45	salt water please	1/29/2018 10:03 AM
46	I look forward to this being a larger part of our community and not having to travel to other rec centers	1/29/2018 9:03 AM
47	I think it would be graet for our community and the sales tax would go to our town by not have to go to other communities for these services.	1/29/2018 8:58 AM
48	i think kids and parents with kids probably want this change the most	1/29/2018 7:07 AM
49	Use clean water- no chemicals please!	1/29/2018 6:06 AM
50	Although it's great we have a public pool, the facilities are outdated and small for the population that It now serves	1/29/2018 1:59 AM
51	Sadly a pool wasn't included in the construction of the Rec Center, the cost back then would be a lot less than what it will be now. Carbondale is growing and the attraction to our community is Health and Fitness related. We need to accommodate those attributes that make our community more attractive to live in. It would also bring in a tax base	1/28/2018 11:07 PM

52	I think there are too many area and regional pools to compete with. Unfortunately, our three closest developments all built their own pools (RVR, Ironbridge and AspenGlen) greatly reducing the chances that folks in the surrounding area would use our pool.	1/28/2018 10:46 PM
53	I'm stunned there is no option for a municipal natural swimming pool option, considering how Carbondale positions itself on sustainability. These systems are healthy, chemical free and proven, with a proven track record spanning 50-60 years. In a time when we need more than ever to reduce our resource and water impacts on the ecosystems of the world, a natural swimming pool is the ONLY way to meet the values and needs of Carbondale. Minneapolis, another forward-thinking community, has the largest municipal natural pool in the nation. It would be incredible and MARKEDLY increase the value of living in Carbondale	1/28/2018 9:21 PM
54	I think its very important for the needs our seniors who might not fill out this survey but have commented in the past that a resistance/therapy pool is needed in our Town. Having an amenity like this will increase the length and quality of life for our seniors.	1/28/2018 8:13 PM
55	Certainly it would be important to coordinate efforts with other communities	1/28/2018 7:45 PM

58	Great opportunity to attract community members of all ages and social-economncs towards health and wellness. Year around is key. Warm and hot warm is healing for both the body and spirit and offers a place to enjoy the outdoors for those that don't ski. i am a huge fan of a Carbondale water facilities: pool, outdoor hot tubs, sauna and cold plunge. I would be happy to offer some medical literature too on the health benefits of hydrotherapy (an ancient healing modality). Jade Wimberley, ND.	1/28/2018 6:21 PM
59	I've recently returned from Iceland and was inspired by the public hot pools and swim areas in every neighborhood. These public spaces become a healthy gathering place for all ages. Hydrotherapy is an excellent way to support the health and wellness of a community. Ever since I moved to Carbondale in 2016 I've desired an accessible affordable clean and heated public outdoor pool and hot tub space. I'm excited about his opportunity.	1/28/2018 5:52 PM
60	I would to see something natural feeling like the RVR pool. Doesn't need a deep end, better for safety. Also good outdoor space for picnics and gathering. A snack bar would also be great!	1/26/2018 9:11 PM
61	More people use the gym. I would support an additional gym. A lot of people go to the hot springs. Maybe a smaller therapy pool.	1/26/2018 5:26 PM
62	fun kids area for birthday parties and hot tubs or lazy river would be nice.	1/26/2018 3:02 PM
63	Would be nice to have a new, larger town pool as many people don't belong to local country clubs. There could be increased and diverse offerings for all via the CRCC.	1/26/2018 2:32 PM
64	family-friendly, regional tourism draw	1/26/2018 2:03 PM
65	Good luck!	1/25/2018 10:53 PM
66	After 40+ years a new pool is needed; maintenance costs will only increase	1/25/2018 10:52 AM

72	I think an outdoor pool is a great asset to Carbondale for adults and children alike	1/20/2018 2:24 PM
73	Community is the strength of this town and the pool, recent umbrellas, grass area bring everyone together. Id love to see the income going to yr round lessons, aquatic play and swim training stay in the town	1/20/2018 6:28 AM
74	We need to continue to have a pool in this community but an improved pool. The population here is growing so the attendance and revenue will also grow.	1/19/2018 2:34 PM
75	RE: Question 8-I'm unclear about regional pool planning-maybe coordinate with El Jebel area? But, I worry that Carbondale has specific needs that neighbor communities may not share. However it is done-the pool should be very accessible and affordable for the entire community.	1/18/2018 12:13 PM

76	I think the pool is great! It is nice to have a cold-water pool in summer	1/18/2018 11:32 AM
77	We don't need an indoor pool in Carbondale. Love the small town feel of existing facility it just needs some upgrades. Bathhouse, chairs & umbrellas, a hot tub would be great too	1/18/2018 8:48 AM
78	I like the idea of a "regional" facility, not just attracting Carbondale residents, but extending through the valley around. It would get more use if it was extended season and very attractive. Carbondale residents, if they paid for it through tax or special assessment, could have discounted entry fee. Having heated and extended season could be great for seniors too.	1/18/2018 8:45 AM
79	Thank you for considering a aquatic facility for Carbondale and the surrounding community.	1/17/2018 8:13 PM

84	Against an outdoor heated pool. Would like an outdoor seasonal pool. Would also like an indoor facility if possible to have both.	1/17/2018 7:10 AM
85	An indoor or year round pool woul be ideal even if the membership fee went up slightly	1/16/2018 4:58 PM
86	I have lupus and am unable to use outdoor pools. If it's outdoor ensure there's a covered section. I do not support without at least this.	1/16/2018 12:59 PM
87	If you build it, they will come	1/15/2018 6:47 PM
88	The staff is awesome! Last year was definitely frustrating though, with the amount of closures... A new pool would hopegully also include a bigger pool, which would allow rec swimming while lessons are happening. Really hoping a new pool, in any shape, can be made reality!	1/15/2018 6:28 PM
89	Having year round access would bring more recreational use and tourism into Carbondale	1/14/2018 12:54 PM
90	It would be nice to have a year round facility- so that we stay local and support our town.	1/14/2018 10:51 AM
91	A better pool for the children of Carbondale will help them want to stay and play in Carbondale.	1/14/2018 7:29 AM
92	This is a necessity for this town. It could be a way for Carbondale to get revenue! We cannot keep going to other towns and supporting their revenues. The demand is there, I can't imagine the support isn't there! Our kids need a safe and healthy place to go in Carbondale.	1/13/2018 10:57 AM

101	We need to invest in this recreation resource for the future	1/10/2018 6:24 PM
102	Carbondale needs to maintain a community pool to provide swim lessons and recreation for kids from low and middle income homes. Seniors also benefit from classes and lap swimming.	1/10/2018 9:55 AM
103	It will be awesome	1/8/2018 10:11 AM

113	Hot tub/ therapy tub would be essential. Renewable energy powered.	1/4/2018 9:24 AM
114	Ideally there would be an indoor section for year-round laps/lessons and an outdoor section for seasonal play.	1/4/2018 9:24 AM
115	I would definitely use a year-round upgraded pool!	1/4/2018 8:38 AM
116	Needs to be done. Can do through special district/bonding. I'd suggest a property tax that is de-gallagerized so that when residential assessment rates go down, your funding is not cut (see what just happened to CMC).	1/4/2018 8:20 AM
117	Its a wonderful facility I have enjoyed my whole life and my kids now enjoy. I think the town and surrounding areas would financially support this endeavor	1/3/2018 8:25 AM
118	In the summer months the lounge chair area is equal if not more important them the actual pool. Special attention should be paid to create an inviting area for adults and families. Effort should be put in to making it feel like you are NOT on Main Street with the landscape design. If the pool is going to be profitable it needed to provide a central gathering area as well as exercise	1/2/2018 6:27 PM
119	I think it is important that a town continue to have an public pool in some form.	1/2/2018 5:05 PM
120	Mostly what I hope for the most in an local pool is a comfortable area to relax in additon to dedicated lap swimming lanes. Give kids space to play and take over an area, and also appeal to adults and those who go to the pool on those hot summer days to relax.	1/2/2018 11:44 AM
121	Very important to update and have the facility all year	1/2/2018 11:29 AM
122	An indoor pool would be great! Great for the winter season and summer season. I would love a bigger pool with larger lap sizes and nicer showers for pre and post swimming.	12/30/2017 3:28 PM
123	pool please	12/30/2017 3:25 PM
124	I am excited at the possibility of an improved and possibly year round facility!!!	12/28/2017 1:31 PM
125	I don't use the current pool because of its condition and the fact that it's not year round. If it was open during the winter I would use it frequently.	12/27/2017 4:03 PM
126	It would be ideal for it to be year-round.	12/27/2017 3:52 PM
127	I think a new facility would be an upgrade for the town and would bring the community together	12/27/2017 3:48 PM
128	Since there are many local hot springs and indoor pools (like ARC), an improved summer outdoor pool would be a nice, affordable option to provide family swimming to the community. Also: see Bay Aquatic Center in Broomfield and Lafayette, CO's new pool facility for ideas to make it highly successful and perhaps a summer tourist attraction.	12/23/2017 9:49 AM
129	I appreciate having an outdoor pool to train at in close proximity to my home!	12/22/2017 10:13 AM
130	Offering an affordable, year round option would be a game changer for the Town of Carbondale. Depending on the location, partnering with El Jebel and Basalt could provide additional funding and support.	12/22/2017 9:03 AM
131	It would be great to continue to maintain while saving / fund raising for a new facility	12/22/2017 8:38 AM
132	the cost of ongoing mtn should be considered. There are large pool facilities accessable by public transportation both up and down valley. The pool idea goes against sustainability and would create a very large cost. Only continue with the current pool and re-evaluate at a later date after you see what tax receipts are generated from the new city market. In general it should be a fundraiser....not ANOTHER TAX!!!	12/22/2017 8:04 AM
133	it would need to be big, heated, and indoor.	12/21/2017 9:40 PM

135	I have three little kids and plan to live here forever. A community pool is such an important part of a child's/teenager's community. We would love to see an upgrade in our town and would use a new heated pool at least once per week for the next fifteen years.	12/21/2017 5:25 PM
136	It's a great facility for the entire community	12/21/2017 5:01 PM
137	Year round would be great	12/21/2017 4:57 PM
138	A well integrated year-round outdoor pool facility would be an amazing community amenity.	12/21/2017 4:51 PM
139	of the options provided, i feel a fifth would be what is most desired - a year round facility that has indoor and outdoor use. A pool that extends from indoor to outdoor, with a garage door that can be opened or closed, for example. it is both the winter accessibility for athletes and families with children, but also a simmer amenity with lounge chairs and fresh air activity, that is desired. Thank you.	12/21/2017 4:49 PM
140	I love the trees and grass at the existing pool. The fence is horrible.	12/21/2017 4:47 PM
141	Saline wood be great	12/21/2017 4:41 PM
142	I hate having to drive up and down the valley but having a pool is so critical to my family's recreation that we do that at least once per weekend. A pool would complete Carbondale's rec opportunities. It's a shame that our town is so great but lack a sufficient pool. I'm a professional fundraiser and would volunteer to raise funds for a pool.	12/21/2017 3:55 PM
143	I believe the pool would get much more use if it was available all year. The lap lanes are already too crowded now, compared to before.	12/21/2017 9:16 AM
144	Long over due	12/20/2017 5:26 PM
145	A 25 meter pool with plenty of lap lanes can be used for a variety of purposes. Slides/kid pools can always be added. Lanes can be adjusted to have specific fitness areas. It is important to look at long term goals and long term use of pool/good use of space. The glenwood rec center pool is a good example of something that works well.	12/20/2017 2:25 PM
146	The pool needs an update, it's time.	12/19/2017 9:38 PM
147	Year round would be nice	12/19/2017 7:38 PM
148	It would be great to have a swim team for kids/teens that is based in Carbondale!	12/19/2017 7:17 PM
149	An indoor pool would support a large amount of people in the Carbondale area year round.	12/19/2017 3:01 PM
150	Please build a new pool! Would be great to have a swim team, year-round pool.	12/19/2017 9:23 AM
151	more lap availability, better showers, larger pool for play, capability for swim team	12/18/2017 9:41 PM
152	It was hard to choose between outdoor heated all season and indoor. As long as it a year around facility I think it will garner more support from the community.	12/18/2017 8:50 PM
153	We love the pool and were sad that it was closed so much last summer, especially the kiddie pool. I don't love the splash pad idea because we can splash around in the rivers. The kiddie pool is where both of our kids really got comfortable swimming!! I would absolutely love a heated, salt water pool situation (less chemicals) either with a zero entry area for young children or a separate kiddie pool.	12/18/2017 7:48 PM
154	It would be amazing to have an indoor facility but the money seems prohibitive. An extended season would nice too. Even though we are members at RVR pool we would use an extended season pool. Many people from Carbondale drive to glenwood or up valley in winter to swim, so you could capture that money back into the community pool. I would like to see Carbondale put more money into its rec programs rather than all the drinking events at 4th street during the summer. Thanks for all your hard work!	12/18/2017 6:58 PM
155	None	12/18/2017 6:46 PM
156	My only concern is the fact that city market may or may not be here in the near future. Which is scary to build a new facility. The town of basalt and Carbondale should be partnering to create an indoor pool for both areas and discount the use of there old pools.	12/18/2017 6:45 PM
157	Program offerings for various ages should also be a consideration of how to better accomodate with a new facility	12/18/2017 2:57 PM
158	We don't need anything fancy, but it would be nice to have something similar to Snowmass	12/18/2017 1:29 PM
