TOWN OF CARBONDALE YEAR 2010 BUDGET MESSAGE

The Town of Carbondale Municipal Budget is hereby submitted in accordance with the "Local Government Budget Law" of the State of Colorado. This budget sets forth projections of Town expenditures and revenues for the period January 1, 2010 through December 31st, 2010.

The Town's Municipal Budget establishes expenditure limits for all Town departments and operations in fiscal year 2010. It is more than a compilation of revenue and expenditure projections in that it reflects the goals, priorities and policies established by the Board of Trustees for Carbondale in 2010.

As this message is being written, national economic indicators are mixed: the stock market has seen five months of growth and the financial services sector is reporting record profits in the third quarter and many banks are repaying federal Troubled Asset Relief Program funds provided to the banking industry at the beginning of 2009. While Wall Street is improving, Main Street is not yet showing signs of recovery: unemployment is at 10.2% and expected to continue to rise well into 2010 and perhaps remain above 10% until 2011 when it will slowly decline.

The local Carbondale economy has been hit very hard. Land development, real estate sales and construction related work disappeared from the local economy as the credit bubble burst and consumers found it impossible to obtain loans. In Carbondale, only three new house building permits have been issued – 50 to 80 new house permits annually had been typical from 2004-2008. Most businesses in the valley reduced their workforce and some businesses closed their doors for good. All governments in the valley reduced their personnel costs through layoffs, attrition and furloughs.

As a result of these changes, sales tax collections, the Town's major revenue source, are off 14.84% for the year. Building Permit and Use Tax revenues are off over 80%. Total General Fund revenue is off approximately 20%. During the 2nd and 3rd quarters, the BOT took aggressive steps to keep the budget in balance for 2009. In total, the BOT cut \$844k out of the operation and maintenance, and capital portions of the 2009 budget to ensure it remained balanced without the need for General Fund Reserves. At the end of 2009, General Fund Reserves totaled approximately \$4M, due in part to good fiscal management by the BOT and also to a one-time payment of \$846k from the state for Mineral Leasing and Severance Tax monies generated by oil and gas drilling and leasing.

During the 2010 budget work sessions, the BOT reviewed the economic situation and concluded that this recession was a structural resetting of the local economy. That is, the revenue stream that Carbondale experienced in 2009 is now the "new normal" for the future. All future budgeting of expenditures will be based on this "new normal" revenue stream. The Town's 2009 revenue dropped significantly and, as a result, the BOT cut \$844k from O&M and capital, which left the Town's personnel cost out of balance with the remainder of the budget. Even though the Town reduced staff over 7% through attrition the actual personnel costs for General Fund budget had grown significantly, as a percentage of the whole.

As part of the 2010 Budget process, the BOT reviewed historic expenditure distributions (General Fund) for Personnel, Operations and Maintenance, and Capital to determine what could be considered a sustainable distribution of expenditures. The BOT quickly concluded the following was their target distribution ranges:

| • | Personnel | 60% - 63% |
|---|----------------------------|-----------|
| • | Operations and Maintenance | 32% - 34% |
| | Capital | |

The BOT then evaluated the 2009 budget and found that because of the \$844K in budget cuts to O&M and Capital, Personnel costs now totaled over 67% of General Fund expenditures. Clearly a significant adjustment was needed. As a result, in late October, after many meetings by senior staff, five positions were eliminated – Code Enforcement, Planning Technician, Patrol Officer, Streets Maintenance Worker, and Receptionist. In addition to these five positions, two additional positions were reduced below 40 hour work weeks. These changes along with the elimination of four positions through attrition have resulted in a 15% reduction in the Town's labor force since 2008. Additionally, expenditure distribution in the 2010 General Fund budget is as follows:

| • | Personnel | 62.4% |
|---|---------------------------|-------|
| • | Operation and Maintenance | 33.3% |
| • | Capital | 4.3% |

In terms of General Fund revenue for the 2010 budget, the BOT estimated 2010 to be three percent below revenues of 2009. The assumptions that went into this projection included: sales tax – flat, building permit and use tax revenues - down 20%.

The total 2010 General Fund budget is \$5.1M with sustainable expenditure distributions. To understand how significantly the Town has adjusted its operations to react to the structural change in the economy, we can reflect on the 2008 General Fund budget witch was \$6.7M – a 23.8% change.

In 2010 the Board of Trustees has the following emphasis for the Water and Wastewater Funds:

Water Fund and Wastewater Fund Revenues

The current recession and the construction slowdown will impact tap fees for water and wastewater. The BOT projects that tap fees will fall to \$40,000 in 2010. (In 2008, tap fees exceeded \$370k for each fund.)

Water and Wastewater Reserves

The BOT has a goal of \$1M as a reserve balance for each of these funds. Our projection for Water and Wastewater Fund Reserve balances at the end of 2010 is \$1.5M and \$3.3M respectively.

Water Expenditures

No extraordinary expenditures are anticipated in the 2010 budget. Updating our Water Master Plan and evaluating the condition of the Nettle Creek water line are two anticipated projects.

Wastewater Expenditures

The BOT will continue to implement \$1.7M of interim improvements to the wastewater plant. After years of study, we have determined that the existing plant is at 55% capacity with a significant useful life. Given the remaining useful life of the plant, it is important to reinvest in the facility to ensure good performance.

Recreation Sales & Use Tax Fund

2009 saw the first full year of operation for the Carbondale Recreation Center. Revenue for membership and other programs exceeded budget projections; however, the .5% sales and use tax revenue designated for recreation programs and projects fell short of budget projections by 20%. 2010 revenue reflects no increase in sales tax and a continued decline in use tax.

On a positive note, the 2010 budget reflects the completion of several projects, including completion of the Crystal Valley Trail (initial phase completed in 2009 utilizing GOCO grants), improvements to the High School running track (50% participation with the School District), and a possible land acquisition using funds from a Legacy grant and partnering with the State Division of Wildlife for the acquisition of riverfront property.

In 2010, the Municipal Pool operations will be reflected in this fund. No increases in O&M or capital have been budgeted. It is anticipated that the fund balance in this fund at the end of 2010 will be \$925k.

Basis of Budgetary Accounting

All Town funds are accounted for using the modified accrual basis of accounting. Revenues are recognized and accounted for when they become available and

measurable as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting, when the related fund liability is incurred. Exceptions to this rule include principal and interest on long term debt which is recognized when due. Proprietary or Enterprise Funds are accounted for using the accrual basis of accounting. Their revenues and expenditures are recognized when incurred. Services provided, but not yet billed, are recorded as receivable due at the end of the year.

I look forward to our continuing work with the Town Citizens, Carbondale Trustees and Town Staff.

Respectfully Submitted,

Tom Baker

Town Manager

TOWN OF CARBONDALE MISSION STATEMENT

To maintain and enhance an environmentally sensitive, culturally diverse, family oriented small town with town government providing quality service to the Carbondale community.

<u>Goal:</u> To support the existence of an ethnically and culturally diverse community.

Objectives:

- Support activities that involve the interaction of ethnic groups by:
- a) Encouraging cross cultural interaction among various ethnic groups.
- b) Encouraging ethnic group participation in Town government.
- Encouraging other community groups to enroll ethnic groups in their activities.

- Create a land use code that has environmental protection as a major priority.
- Preserve river corridors in a predominantly natural state and provide or acquire access to these corridors.
- 4) Preserve and acquire open space.
- Maintain water quality and quantity.
- Encourage solar and renewable energy sources and minimize waste of natural resources.
- Protect and improve viewscapes underground powerlines and reduce man made impacts on viewsheds.
- Continue efforts to work toward reduction of solid waste and increase recycling efforts.
- Support development of mass transit alternatives in the Roaring Fork Valley.

 Encourage alternatives to automobile use, more particularly, non-motorized transport systems and associated trails.

<u>Goal:</u> To keep the diversity of population in Carbondale that make the Town the quality progressive place that it is.

Objectives:

- Maintain socioeconomic diversity by enhancing broad range of economic opportunities, housing types and range of affordability.
- Work to reduce potential for community members to be forced out because of lack of opportunities in employment, housing and social mixing.
- 3) Enhance opportunities for people to work together and to solve problems on their own.

<u>Goal:</u> Maintain and/or create a diversity of housing types through land use codes and planning goals.

Objectives:

- Require diverse mix of housing types in new development.
- 2) Encourage the development of rental housing.

<u>Goal:</u> To broaden and enhance recreational opportunities and facilities in the community.

Objectives:

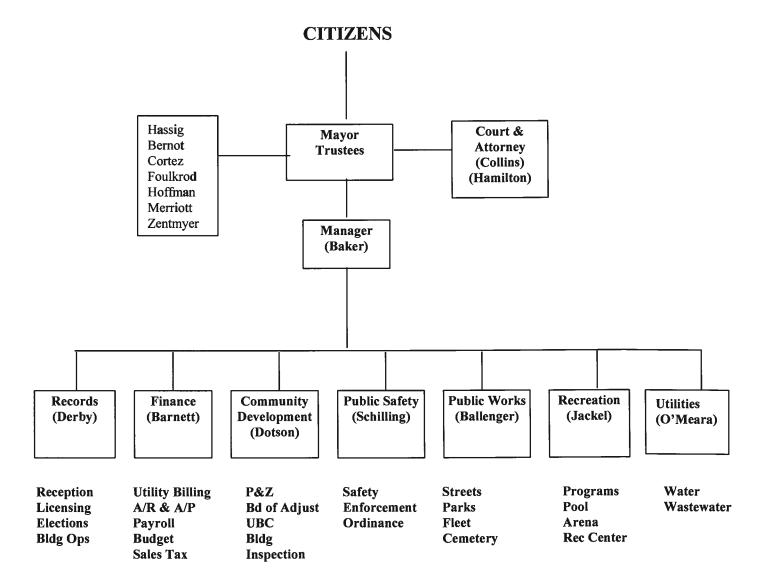

- 1) Support community group efforts to provide recreation opportunities and facilities.
- Utilize citizen committees to evaluate the recreational needs and priorities and obtain input from the community

<u>Goal:</u> To maintain the importance of the individual in the community and the ability of the individual to make a difference.

<u>Goal:</u> To facilitate and enhance opportunity for people to work together and preserve community networking systems.

<u>Goal:</u> To maintain and promote a high level of community volunteerism.

TOWN OF CARBONDALE

GENERAL FUND

This fund is used to account for the revenues and expenditures associated with providing all general government type services to the public. These services include administrative, police protection, street and traffic services, community development and parks and recreation activities. These services are funded primarily through property and sales taxes, intergovernmental revenue, fines, and licenses and permits.

Taxes: The Town of Carbondale collects 8% of its General Fund Revenue through property taxes and franchise taxes. The general operating property tax is assessed at 2.094 mills. (An additional 1.50 mills is collected and reflected in the Streetscape budget.) The Town's total levy of 3.594 constitutes approximately 6% of the average citizen's property tax bill. Franchise fees are collected and paid by local electric, gas and cable companies for the use of Town streets and rights of way to furnish, sell and distribute goods and services to the Town and its residents.

Licenses and permits: Licenses and permits are required for building and construction related activities, in addition to liquor licenses and sales tax licenses for retail sales vendors.

Intergovernmental: Represents other types of taxes collected by the State and County and then shared with local governments, such as Highway User and Cigarette taxes as well as a share of the County's Sales tax and a portion of the Road and Bridge mill levy.

Charges and fees: These user fees provide revenue to operate and maintain the Town's recreation facilities, cemeteries and community development department.

Operating transfers: Operating transfers account for 68% of the General Fund Revenue stream. Of these transfers, 60% represents a transfer from the Town's Sales and Use Tax Fund. The Town collects 3.5% on all retail sales and 3.5% use tax on building materials and motor vehicles.

SALES & USE TAX FUND

This fund accounts for a 3% sales and use tax. Revenues are derived from specific retail sales and use taxes on motor vehicle sales and construction materials. Expenditures involve various capital projects and specific functions, activities and debt service of the Town.

SALES USE TAX FUND

In 2007, the Sales & Use Tax revenue increased more than 14% over 2006, putting the Town in a strong financial position. 2008 reflected the beginning of the economic downturn, with year end revenue at 4.2% over 2007. Declining retail sales along with reductions in construction is anticipated to result in a -27% revenue stream in 2009 compared to 2008. 2010 will likely see continued lag in construction and motor vehicle sales (use tax), with retail sales expected to remain flat.
