Soda Springs Idaho 83276

Office (208)547-1780
Cell (208)339-2759

THE FOLLOWING INFORMATION MUST BE SUBMITTED BEFORE A BUILDING PERMIT IS APPROVED AND ISSUED.

- 1) Plans and specifications of the building.
 - a. Design Criteria-frost depth-36 inches from bottom of footing
 - b. Truss design and other snow load information must be 60-pound psf roof snow load
 - c. Structure designed to withstand 115 mph wind, sustained up to 3 second gusts.
 - d. Seismic support location required for D1 seismic zone
- 2) Copy of warranty deed to property and history of property splits if applicable
- 3) Physical address and address application if applicable

You are required to call and schedule inspections for the following phases of the project. Failure to do so may cause your permit to be revoked and a Stop Work Order to be issued. You cannot move onto the next phase until you have been approved to do so by the Building Inspector. To schedule an inspection call Rowdy Larkins at 208-339-2759.

- 1) **Setbacks** - Stake out the structure footprint at the site location before excavation begins.
- 2) **Footings** - When the rebar and molds have been placed and before concrete is poured.
- 3) **Foundation** – When the concrete is being poured.
- 4) **Final Inspection**
