## *Would you like to become a Volunteer Coach?*

### *Why get involved?*

The Carroll County Parks & Recreation sports programs offer a variety of sports programs to all youth. In our programs, we stress FUN and SKILLS over winning! In a safe supportive and healthy environment you will have the opportunity to positively influence the character and skill development of a child.

### *How will I Benefit?*

Volunteer coaches not only benefit the children, it also gives adults the opportunity to learn from children. Making a difference in a child's life, being a role model, and teaching skills can be highly rewarding. Receiving a smile or thank you from a child then seeing them return to play sports for you next season, are good measures of your success. With recreation sports, everyone wins!

### *Who can volunteer?*

Anyone can apply to become a volunteer. Whatever talents or skills you have, we can use them! Across the county, volunteers are grandparents, parents, siblings, aunts, uncles, retirees, community leaders, friends, neighbors, and more!

### *How do I volunteer?*

Hopefully, now that you are interested in becoming a coach, it's time to pause and find out how. Carroll County Parks & Recreation requires an annually conducted background check. The purpose of this check is, first and foremost, to protect the children! So, if you are interested in passing on your skills and knowledge to a child through sports, please come by the office! We will be looking for you!

**For each team that you coach, the team will take a part of you with them. The question then becomes this: What part of you do you wish for them to take? Your character and philosophy will determine this.**
