Residential Permit
Notes and Miscellaneous Fees

Work started prior to securing the required permits is subject to having doubled fees, discretion may be given by Chief Building Official if they find that work was not being done maliciously. Emergency work, if agreed to by the Chief Building Official, shall be exempt from any fees.

Installations requiring inspections must not be covered until approved. Failure to receive approval may result in orders requiring the removal of such covering.

Installations must be in accordance with the current edition of the adopted Ohio Residential Code and approved reference documentation.

Request for field inspections must be made a minimum of 24 hours in advance and will be scheduled for the next working day. To schedule an inspection, call 740-773-8955.

1. Please State the type of inspection you are requesting.
2. Please state your building permit number.
3. Please state the address of the inspection.
4. Please state the property owners' name.
5. Please state the name of the contractor.
6. Please leave a phone number where we may contact you or leave a message.

All requests for inspections are to be made 24 hours in advance of the inspection. All requests received prior to 2:00 pm will be scheduled for the next working day. After 2:00 pm all requests will be scheduled for the following working day.

An additional $75.00 reinspection fee may be imposed for work that is not properly installed, is not ready for inspection, has changed from the approved plans or is not accessible at the time of the inspection.
