# Certificate of Achievement for Excellence in Financial Reporting

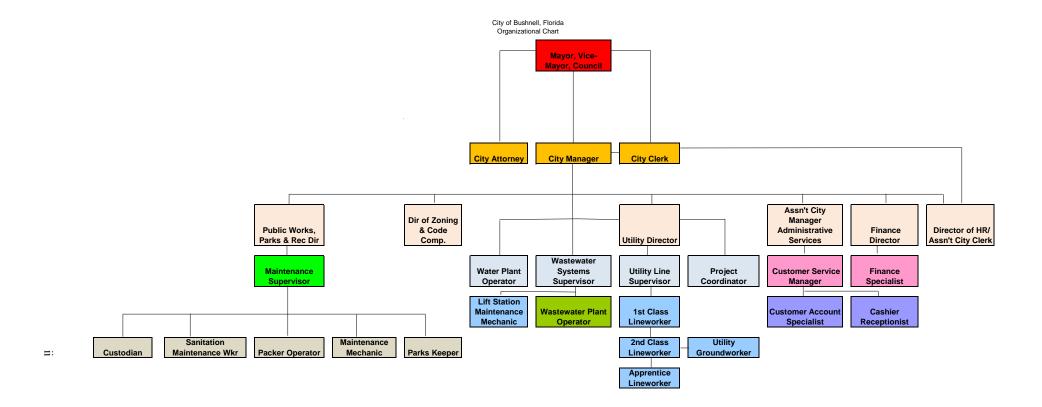

Presented to

# City of Bushnell Florida

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended

**September 30, 2015** 

**Executive Director/CEO** 

#### CITY OF BUSHNELL, FL 117 E. Joe P Strickland Jr. Avenue, P.O. Box 115 Bushnell, FL 33513

Phone: 352-793-2591 Fax: 352-793-2711

March 22, 2017

#### TO THE CITIZENS OF THE CITY OF BUSHNELL:

The Comprehensive Annual Financial Report of the City of Bushnell for the fiscal year ended September 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the City. To provide a reasonable basis for making these representations, management of the City of Bushnell has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Bushnell's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Bushnell's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities have been included. Additionally, the Management's Discussion and Analysis section that follows will provide highlights and review the financial performance during the reporting period.

#### BACKGROUND INFORMATION

The City is a political subdivision of the State of Florida located in Sumter County. The City was established under the legal authority of the Laws of Florida, Chapter 57-105. The City operates under a council-manager form of government. The legislative branch of the City is composed of a four-member elected City Council, and an elected Mayor.

#### REPORTING ENTITY AND ITS SERVICES

This report includes all funds of the City. The City of Bushnell provides a full range of general governmental services and activities. These services include code enforcement; administrative and financial services; planning, zoning and development review; maintenance of highways, streets, and drainage; recreation and special events. Police, fire and library services are provided by either agreement or contract with the Sumter County Board of County Commissioners. In addition to general government activities, the governing body also operates an Electric, Water, Wastewater, and Sanitation utility operation.

#### LOCAL ECONOMY

The City of Bushnell is the County Seat of Sumter County. It also contains, within its boundaries, Bushnell Elementary and South Sumter High School. The County Courthouse, as well as the schools, brings a diverse group of consumers into the Bushnell area. While Bushnell's municipal limits are 10.5 square miles, our consumer service area is much greater.

The City of Bushnell is one of the smallest Electric utility providers in the State of Florida. The City also provides Water; Wastewater and Sanitation services to consumers within the municipal limits as well as select areas outside our municipal boundaries. The Wastewater Utility continues to encourage commercial growth, which has created employment opportunities within the area.

Major industries located within the government's boundaries include manufacturers of air conditioning vents and metal components; go cart-racing motors; and storage buildings. The City also permits a Class 2 landfill within the city limits.

Due to its central location within the state, Bushnell has access to all major cities via Interstate 75, Highway 301, and the Florida Turnpike, thus, making it easy to commute to Tampa, Orlando, Ocala, and Gainesville.

#### **CURRENT YEAR PROJECTS**

During the Fiscal Year 2016, the City of Bushnell completed several projects to help improve on the services provided to our citizens. The following highlights these projects.

#### **Road Improvements**

The following road improvements were completed in Fiscal Year 2016:

- Paving of Florida St. from Seminole Ave. to Noble Ave.
- Paving of E. Central St.
- Various intersection and sidewalk improvements.

#### Parks and Recreation

The following park improvements were completed in Fiscal Year 2016:

- Kenny Dixon Park: addition of new picnic facilities, bleachers and water fountain; renovation of playgrounds, fountains, picnic facilities, ball fields, trails, tennis courts and handball court.
- Dr. Martin Luther King Jr. Park: addition of restroom, covered picnic pavilion, picnic tables and drinking fountain; renovation of picnic areas, basketball courts, volleyball court, playground area, and exercise trail.

#### **Community Events**

Several new events were held for public enjoyment including; craft show, Christmas parade, and movies in the parks. Also an activities program for seniors was established using the City's Community Center.

#### MAJOR INITIATIVES/FUTURE PROJECTS

#### **Road Improvements**

The city is scheduled to make the following road improvements in Fiscal Year 2017:

• Paving of E. Belt Ave from Market St. to SR 301.

#### Parks and Recreation

The following park improvements are scheduled for Fiscal Year 2017:

• Kenny Dixon Park: addition of new playground for 3 to 12 year olds; construction of new pickle ball court; and renovation of playground, restroom, soccer field and volleyball court.

#### **Utility Projects**

The following utility projects are scheduled to be completed in Fiscal Year 2017:

- Relocation of water, sewer and electric lines along SR48 in support of FDOT project to widen road to four lanes.
- Modification of Sumterville Water Plant adding aeration and surface storage.

#### **OTHER INFORMATION**

#### **Independent Audit:**

State statutes require an annual audit by independent certified public accountants. The accounting firm of Purvis, Gray, and Company, LLP was selected by the City of Bushnell to complete this year's audit. The auditors' report on the basic financial statements and combining and individual fund statements and schedules are included in the financial section of the report.

#### Awards:

**Safety Award:** The City has received numerous electric safety awards. The first safety award was presented to the City by the Florida Municipal Electric Agency to the Utility Department for recognition of a perfect safety record without reports of accidents. The City has received this award for 25 years.

<u>Tree City USA</u>: The Tree City USA award was first presented to the City in 1994. The City has continued to receive this award to the present. This award requires an annual Arbor Day Celebration, the planting of trees, and the implementation of a tree preservation policy as well as an annual application documenting levels of expenditure for maintenance of the program.

Certificate of Excellence in Financial Reporting: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bushnell for its comprehensive annual financial report for the fiscal year ended September 30, 2015. This was the fifteenth consecutive year the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Acknowledgments:

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Administrative Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. We should also like to thank the Mayor and the Council Members for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Sincerely,

#### Jody Young

#### INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

#### **Report on the Financial Statements**

We have au dited the accompanying f inancial statements of g overnmental activities, the b usiness-type activities, each major fund, and the aggregate remaining fund information of the City of Bushnell, Florida (the City) as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is r esponsible for the p reparation and fair p resentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on out audit. We conducted our audit in accordance with au diting standards generally accepted in the United States of A merica and the standards applicable to financial audits contained in *Government Auditing Standards*, i ssued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies us ed and the reasonableness of significant accounting e stimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

MEMBER OF AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS PRIVATE COMPANIES AND S.E.C. PRACTICE SECTIONS

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

## INDEPENDENT AUDITORS' REPORT (Concluded)

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental a ctivities, the bus iness-type act ivities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund and major special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Pension and Other Postemployment Benefits information and schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

Lurvis, Gray and Company, Let

In accordance with *Government Auditing Standards*, we have also issued a report dated March 22, 2017, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

March 22, 2017 Ocala, Florida

#### Management's Discussion and Analysis

As management of the City of Bushnell, we offer readers of Bushnell's financial statement this narrative overview and a nalysis of S eptember 30, 2016. We en courage r eaders to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages iii-vi of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

#### **Financial Highlights**

The assets of the City of Bushnell exceeded its liabilities at the close of the most recent fiscal year by \$22,611,373. Of this amount, \$2,133,678 may be used to meet the government's ongoing obligations to citizens and creditors.

As of the close of the current fiscal year, the City of Bushnell's governmental funds reported combined ending fund balances of \$1,657,118, a decrease of (\$336,988) in comparison with the prior year.

#### **Overview of the Financial Statements**

This management discussion and analysis is intended to serve as an introduction to the City of Bushnell basic financial statements. The City of Bushnell's basic financial statement comprises three components:

1) governmental-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This r eport also c ontains required s upplementary i nformation in a ddition to the b asic financial statement themselves.

#### 1.) Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Bushnell's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City of Bushnell's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Bushnell is improving or deteriorating.

The statement of activities presents information in how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in a future fiscal period (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements can be found on pages 10-12.

#### 2.) Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated f or sp ecific ac tivities or objectives. The City of Bushnell, like others tate and local governments, uses fund a counting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Bushnell can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

#### **Overview of the Financial Statements** (Continued)

#### 2.) Fund financial statements (Concluded)

Governmental funds: Governmental funds are used to account for essentially the same functions reported as g overnmental activities in the g overnment-wide f inancial statements. However, unlike the government-wide f inancial statements, g overnmental f und f inancial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of g overnmental funds is n arrower than that of the g overnment-wide f inancial statements, it is us eful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's *near-term* financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Bushnell maintains two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and special revenue funds.

The City of Bushnell adopts an annual appropriated budget for its general and special revenue fund. The budgetary comparison statements have been provided for the general fund and special revenue funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 13-16.

*Proprietary funds:* Enterprise funds are u sed to report the same functions presented as b usiness-type activities in the government-wide financial statements. The C ity of B ushnell uses enterprise funds to account for its electric distribution operation, water services, wastewater services, and sanitation services.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the electric, water, wastewater, and sanitation services, of which all are considered to be major funds of the city of Bushnell.

The basic proprietary fund financial statements can be found on pages 22-26.

Fiduciary funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the city of Bushnell's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found of pages 27-28 of this report.

#### **Overview of the Financial Statements (Concluded)**

#### 3.) Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-62 of this report.

#### 4.) Other Information

In a ddition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Bushnell's progress in funding its obligation to provide pension be nefits to its employees. Required supplementary information can be found on pages 63-68 of this report.

#### **Government-wide Financial Analysis**

As not ed earlier, net position may serve over time as a u seful indicator of a government's financial position. In the case of the City of Bushnell, assets exceeded liabilities by \$22,611,373 at the close of the most recent fiscal year.

By far the largest portion of the City of Bushnell's net position, 90% reflects its investment in capital assets (e.g., land, buildings, utility plant in service, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Bushnell uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Bushnell's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### **Government-wide Financial Analysis** (Concluded)

An additional portion of the City of Bushnell's net position 3% represents resources that are subject to external r estrictions on how they may be used. The r emaining balance of u nrestricted net position \$2,133,678 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of B ushnell is a ble to report positive balances in two categories of net position, both for the government as a whole, as well as for its governmental activities.

The government's net position increased by \$380,689 during the current fiscal year.

The increase in net position is partially attributed to the contribution/donation of assets to the City by the Sumter County Board of County Commissioners, and Metal Industries, a business located within the city limits

**Governmental activities**: Both the general fund and the special revenue - cemetery fund are considered major g overnmental funds. Governmental activities decreased the city of B ushnell's net position by (\$117,811). This decrease is attributed to the following:

■ Increase in capital paving projects throughout the current fiscal year, as well as park improvements not covered by grant revenues.

**Business-type a ctivities:** The City considered all four of the business-type activities - electric, water, wastewater, and sanitation major funds. B usiness-type activities increased the city of B ushnell's net position by \$498,500. The key element of this increase was the water utility fund. This utility increased in net position this year due to the increase of water sales as a direct result of the road widening of SR48, and a n increase in water usage by contractors on this project. The water utility fund also received a budgeted transfer of \$233,075 from the general fund.

#### **Financial Analysis of the Government's Funds**

As noted earlier, the City of Bushnell uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds:** The focus of the City of Bushnell's governmental funds is to provide information on *near-term* inflows, out flows, and balances of spendable resources. Such information is u seful in assessing the city of Bushnell's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Bushnell's governmental funds reported combined ending fund balances of \$1,657,118, a decrease of (\$336,988) in comparison with the prior year. A quarter of the fund balance is restricted for perpetual care for the cemetery. Approximately 30 % is assigned for the Community Trust F und related to the landfill revenues. The remaining 45% is considered unassigned and available to meet the City's obligations.

#### Financial Analysis of the Government's Funds (Concluded)

#### Governmental funds: (Concluded)

The general fund is the chief operating fund of the City of Bushnell. At the end of the current fiscal year, fund balance of the general fund reached \$1,223,958. As a measure of the general fund's liquidity, it may be useful to compare the total fund balance to total fund expenditures.

The fund balance of the City of Bushnell's general fund decreased by (\$335,841) during the current fiscal year. Key factors in this decrease are as follows:

- Several major road paving projects completed in this fiscal year.
- Improvements to Dr. Martin Luther King, Jr. Park that were not covered by a grant from the Florida Department of Environmental Protection.

**Proprietary funds:** The City of Bushnell's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Electric, Water, Wastewater, and Sanitation funds at the end of the year amount to \$1,561,155. Other factors concerning the finances of these funds have already been addressed in the discussion of the City of Bushnell's business-type activities.

#### **Governmental Funds Budgetary Information**

Differences between the original budget and the final amended budget were relatively minor; however the total general fund expenditures exceeded the final appropriations by \$21,253. This was partially due to an over-expenditure in the Parks and Recreation budget, which can be traced to a timing/accrual issue and project related expenditures on the Kenny Dixon Park improvement project coming in after close of fiscal year end.

Capital Assets: The City of Bushnell's investment in capital assets for its governmental and business type activities as of S eptember 30, 2016, a mount to \$26,599,916 (net of a ccumulated de preciation). This investment in capital a ssets includes land, buildings and s ystem, i mprovements, and machinery and equipment.

Capital asset events during the current fiscal year included the following:

- The completion of two park improvement projects at the Kenny Dixon Sports Complex and the Dr. Martin Luther King, Jr. parks.
- The paving of Florida St. and E. Central St.
- The purchase of a new sanitation truck.
- The relocation and addition of new water fund assets along SR48.
- Minor improvements, building, and equipment purchases made within all governmental funds and business-type funds.

#### **Capital Asset and Debt Administration**

Additional information on capital a ssets can be located on p age 40, within the notes to the financial statement.

**Long-term debt:** The City of Bushnell's total debt decreased by (\$443,192) during the current fiscal year. The key factor of this was the principal payments made throughout the year. Additions to long term debt were related to the widening of the SR48 which was financed through a state revolving loan. Additional information on long-term debt can be located on page 41, within the notes of the financial statements.

#### **Economic Factors and Next Year's Budgets and Rates**

**Economic Factors:** Bushnell is the County Seat of Sumter County, reported by the University of Florida, Bureau of Economic and Business research as "The second fastest growing County in 2009". Situated just 50 m iles north of Tampa and 50 miles west of Orlando, Bushnell is strategically located between Interstate 75 and the Florida Turnpike. Our location provides easy transportation access to both of these metropolitan areas.

Easily access ible from many ar eas and being the C ounty S eat in transitioning S umter C ounty makes Bushnell's market area much larger than its corporate limits. Independent market studies suggest that the population within the market area a ffected by the City of B ushnell c ould exceed 70,000 pe ople. I n addition to this significant number, traffic studies c onducted by the S umter C ounty R oad and Bridge Department indicate average daily traffic counts of 20,000 cars on West Belt Avenue. These statistics are mentioned only to illustrate the much larger market and social forces affecting this small community on a daily basis. Within the utility service area, which comprises mostly the incorporated city limits and some small areas in the unincorporated Sumter County, the City of Bushnell services a total 1,449 of metered customers, of which 457 are commercial customers. Bushnell exhibits steady growth in its commercial sector. The SR 48 and I-75 interchange still has a number of commercial undeveloped parcels of varying size; these parcels have available utility services to them making them attractive for further commercial development.

**Next Fiscal Year Budget and Rates:** For fiscal year 2016-2017 the Council of the City of Bushnell adopted the roll back rate. Council is considering using revenues from the tipping fees provided by the Heart of Florida Landfill operations to defray the need for rate increases in the water and wastewater utilities. The City intends to continue to monitor all the revenue streams to ensure sufficiency in meeting expenditures and for establishment and funding of capital reserve accounts.

#### **Requests for Information**

This financial report is designed to provide a general overview of the City of Bushnell's finances for all those with a ninterest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, P. O. Box 115, Bushnell, Florida 33513.

# CITY OF BUSHNELL, FLORIDA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2016

Net Change in Fund Balances - Total Governmental Funds	\$ (336,988)
Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:	
Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This reconciling item is the amount by which depreciation expense of \$321,546 and the net amount of transfers/disposal \$0 and capital purchases of \$483,181.	161,635
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.  The following principal repayments of long-term debt occurred during the year:	
Principal Repayments: Notes Payable, Revenue Bonds, and Capital Leases.	110,423
Change in deferred inflows and outflows of resources: Pension Related	12,657
Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds:	
Compensated Absences	7,137
OPEB Obligation	(48,733)
Net Pension Liability	 (23,942)

(117,811)

**Change in Net Position of Governmental Activities**

# Note 1 - Description of Funds and Summary of Significant Accounting Policies

The f inancial s tatements of the C ity of B ushnell, F lorida (the C ity) have be en prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Significant City accounting policies are described below.

## **Reporting Entity**

The City is a political subdivision of the State of Florida located in Sumter County. The City was established under the legal authority of the Laws of Florida, Chapter 57-105. The City operates under a council-manager form of government. The legislative branch of the City is composed of a four-member e lected C ity C ouncil, and an elected mayor. The Mayor and City C ouncil are governed by the City Charter by state and local laws and regulations. The Mayor and City Council are responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the City Manager. The City provides services to its residents in many areas, including public safety (police), highways and streets, utilities, sanitation, culture and recreation, public improvements, and general administrative services.

In evaluating the City as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the City may or may not be financially accountable and, as such, be included within the City's financial statements. The City (the primary government) is financially a countable if it appoints a voting majority of the organization's Governing Board and: (1) it is able to impose its will on the organization, or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the City. A dditionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Man agement has determined that there are no component units that the City is required to report on.

### **Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the m ost part, the effect of interfund a ctivity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

Indirect expenses are allocated automatically and certain indirect costs are included in program expenses reported for individual function and activities. Program revenues include: 1) charges to c ustomers o r a pplicants w ho pur chase, us e, o r di rectly be nefit from g oods, s ervices, or privileges provided by a given function or segment; and 2) grants and c ontributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

### Government-wide and Fund Financial Statements (Concluded)

Separate financial statements a re provided for governmental funds, proprietary funds, and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

# Measurement Focus, Basis of Accounting, and Financial Statement Presentation

### **Government-wide Financial Statements**

The g overnment-wide financial s tatements are reported u sing t he e conomic r esources measurement focus and the accrual basis of accounting, as a re the proprietary fund financial statements and fiduciary fund financial statements. R evenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide activities.

### **Fund Financial Statements**

Governmental fund f inancial st atements are r eported using the cu rrent financial r esources measurement focus and the modified accrual basis of accounting. R evenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City operates the following major governmental funds:

### **■** Governmental Funds

Governmental funds are used to account for all or most of a government's general activities. The City operates the following major governmental funds:

• The **General F und**—is the government's p rimary o perating f und. It accounts f or all financial resources of the general government, except those required to be accounted for in another fund.

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Concluded)

**Fund Financial Statements (Concluded)** 

### ■ Governmental Funds (Concluded)

• Evergreen Cemetery Fund—accounts for the proceeds from sales of cemetery lots and contributions to the City's cemetery fund, which are used to maintain the cemetery. This fund is reported as a special revenue fund. Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes.

# **■** Proprietary Funds

Proprietary funds are used to account for the City's ongoing activities, which are similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration.

The City reports the following major proprietary funds:

- The **Electric Utility Fund**—accounts for the fiscal activity of providing electric services to residential and commercial customers.
- The Water Utility Fund—accounts for the fiscal activity of providing water services to residential and commercial customers.
- The Wastewater Fund—accounts for the fiscal activity of providing wastewater services to residential and commercial customers.
- The **Sanitation Fund**—accounts for the operations and maintenance of the City's refuse collection system.

### **■** Fiduciary Fund

• **Pension Trust F und**—accounts f or t he activities of t he C ity's G eneral E mployees' Retirement fund, which accumulates resources for pension benefit payments for qualified retiring employees. It is excluded from the government-wide financial statements because it is fiduciary in nature and does not represent resources available to the government for operations. The financial statements are p repared on the accrual b asis of accounting. Benefits and refunds of the postemployment defined benefit plan are recognized when due and payable in accordance with the terms of the plan. In addition administrative costs are financed through plan earnings.

### **Summary of Significant Accounting Policies**

The City conforms to all significant accounting policies to generally accepted accounting principles applicable to governmental units. The following is a summary of the more significant principles and practices used in the preparation of these financial statements:

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

## **Summary of Significant Accounting Policies (Concluded)**

### **Proprietary Funds**

Proprietary f unds di stinguish ope rating r evenues a nd e xpenses f rom nonope rating i tems. Operating revenues and expenses generally result from providing services and producing and delivering g oods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. O perating ex penses f or en terprise f unds include t he cost of sales and services, administrative ex penses, and depreciation on capital assets. A ll revenues and ex penses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to generally use restricted resources first, and then unrestricted resources, as they are needed for their intended purposes, however, this decision is frequently made on a case-by-case basis based upon facts and circumstances. Revenues of the enterprise funds are recognized on the basis of services rendered. Billing cycles of the enterprise funds that overlap September 30, are prorated based upon meter reading dates.

# **Budgets and Budgetary Accounting**

The City's procedures in preparing and adopting the annual budget, which is adopted on a basis consistent with generally accepted accounting principles, are as follows:

- The C ity Manager is r esponsible f or pr eparing a proposed operating budg et for a ll governmental funds and proprietary funds for the upcoming year prior to September 30 that includes estimated revenues, proposed expenditures, and other financing sources and uses.
- Public hearings are held to obtain taxpayer comments and suggestions. The budget is enacted through passage of a resolution.
- The City Manager is authorized to transfer budgeted amounts within any fund, but may not revise total fund expenditures without the approval of the City Council. The budget data presented is in agreement with the originally adopted budget as amended by the City Council.
- Formal budgetary integration is employed as a management control device during the year for substantially all funds. Budgets are adopted on a basis consistent with generally accepted accounting principles, except that the provision for depreciation expense is not included in the budget of the proprietary funds. Total budgetary appropriations within a governmental fund type may not be exceeded legally. Appropriations lapse at the end of the year. Budget data, when p resented in the basic financial statements is p repared on the same basis of accounting as that prescribed for the fund. An annual operating budget was prepared for all funds.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds.

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

## **Budgets and Budgetary Accounting (Concluded)**

During t he y ear, t he C ity made s upplemental bu dget a ppropriations, which increased o r decreased the budgets as necessary.

## **Cash and Cash Equivalents**

Cash includes cash on hand, demand deposits with banks, savings accounts, money market funds, and certificates of deposits, as well as short-term investments with a maturity date within three months of the date acquired.

The City utilizes pooled cash and investment accounts in which each fund participates on a dollar equivalent basis (except the pension trust funds). Interest is distributed monthly based on average balances. The nature of the pooled accounts permits temporary negative cash balances upon overdrawing of cash available in individual funds, which is presented as interfund receivables and payables. The cash and investments of the pension trust funds are held separately from those of other City funds.

### **Transfers**

Transfers are recognized in the accounting period in which the interfund receivable and payable arise. Transfers are made from the utility funds to finance operations of the general fund.

### **Capital Grants**

Accounts receivable from other governments include amounts due from grantors. Program and capital grants for capital assets are recorded as receivables and revenues at the time reimbursable costs are incurred. Revenues received in advance of costs being incurred are deferred. Capital grants for capital asset additions to the proprietary funds are recorded as nonoperating revenues.

### **Investments**

Investments, including pension funds, are stated at fair value. State Board of Administration (SBA) funds are stated at amortized cost.

### Receivables

Utility operating revenues are generally recognized on the basis of cycle billings rendered monthly. The amount of services delivered after the last billing date and up to September 30 is estimated and accrued at year-end. The allowance for doubtful accounts is detailed in Note 12.

General Fund receivables represent amounts due from the federal, state or local governments, State of Florida or Sumter County for shared revenues or costs. The amount is considered collectible in full within sixty days of fiscal year-end (therefore an allowance for doubtful accounts is not recorded).

# **Inventories and Prepaid Items**

Inventories held by the utility funds are priced by the weighted-average costs method at the lower of cost or market. C ertain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

### **Cost Reimbursements**

Certain personal services and operating expenses/expenditures recorded in various funds and departments are a results of services performed and expenses/expenditures i neurred for the benefit of other funds and departments. In order to better reflect various funds and departments' actual costs, a cost reimbursement is recorded as a reduction in expenditures or expenses. The funds and departments that benefit from the services and expenses/expenditures record a cost reimbursement as an increase in expenditures or expenses.

## **Capital Assets**

Capital assets, which include land, utility plant-in-service, buildings, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Utility plant-in-service and equipment with initial individual costs that equal or exceed \$300 and estimated useful lives of over one year are recorded as capital assets. Capital assets are recorded at historical cost if purchased or constructed. Infrastructure assets acquired prior to the implementation of GASB Statement No. 34 has not been recorded.

Capital asset purchases are recorded as capital outlay expenditures in the fund level governmental funds in the year of acquisition.

Capital Assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings32-50 YearsImprovements Other Than Buildings10-50 YearsMachinery, Equipment, and Furniture3-15 YearsInvestment in Crystal River No. 3 Nuclear Plant28 Years

### **Bond Discounts**

Bond discounts for proprietary fund types are deferred and amortized over the term of the bonds using the straight-line amortization method, which produces a result not significantly different from the interest method. Bond discounts are presented as a reduction of the face amount of bonds payable.

### **Compensated Absences**

In the governmental fund financial statements there are no amounts of compensated absences associated with employee vacations and sick leave recorded. In the government-wide financial statements, all governmental fund compensated absences are recorded and split between the current and nonc urrent portions. The general fund is used to liquidate the liability for compensated absences.

In proprietary funds, the amount of compensated absences associated with employee vacations that are recorded as expenses represent the amounts paid during the year and accrued at year-end. The entire liability for compensated absences of these funds is reflected in the respective financial statements split between the current and noncurrent portions and also recorded in the entity-wide statements.

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

## **Compensated Absences (Concluded)**

The policy for payment of sick leave is upon voluntary termination of the employee, 50% of the accumulated hours would be paid (75% for long-term employees with twenty or more years of full-time service) not to exceed 1,040 hours. The City accrues and records 100% of unpaid vacation pay and 50% or 75%, as applicable, of unpaid sick pay at the employee's current pay rate

### **Encumbrances**

Encumbrances accounting, under which purchase orders, contracts, and other commitments are recorded as expenditures in order to reserve that portion of the applicable appropriation, is not employed by the City for budgetary purposes.

### **Unearned Revenues**

Unearned revenues include amounts collected before the revenue recognition criteria are met and receivables which, under the modified accrual basis of accounting, are measurable but not yet available.

### **Water Line Extension Charges**

Water line extension charges are made to customers to cover the full cost of the addition. Costs of the extension are reported as property and equipment and depreciation over the estimated useful life of the assets.

### **Property Taxes**

Under Florida law, the assessment of all properties and the collection of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and the County Tax Collector. The laws of the state regulating tax assessment are also designed to as sure a consistent property valuation method state-wide. For lorida Statutes permit municipalities to levy property taxes at a rate of up to 10 mills. The millage rate assessed by the City for the fiscal year ended September 30, 2016, was 4.8228%.

The tax levy of the City is established by the City Council prior to October 1 of each year and the Sumter County Property Appraiser incorporates the City mileages into the total tax levy, which includes the County and the County School Board tax requirements.

All property is as sessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the Florida Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of Florida Statutes.

Taxes are assessed on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the County Tax Collector. Unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount.

On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. A fter sale, tax certificates bear interest at 18% per year or any lower rate bid by the buyer. A pplication for a tax deed on a ny unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

(Continued)

# Note 1 - Description of Funds and Summary of Significant Accounting Policies (Continued)

# **Property Taxes (Concluded)**

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The City does not accrue its portion of the County held tax sales certificates or personal property tax warrants because such amounts are not measurable and available as of the balance sheet date.

### **Fund Balance Reporting**

GASB has promulgated Statement No. 54, entitled *Fund Balance Reporting and Governmental Fund Type Definitions*. The statement is designed to do t wo things. First, it clarifies the definition of what a ctivities are to be reported within different types of governmental funds (general fund, special revenue fund type, capital project fund type, debt service fund type, and permanent fund type). No changes were required by the City based on this standard clarification.

Second, it provides clearer fund balance definitions that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds as follows:

- *Non-spendable*—Resources that cannot be spent such as for inventories.
- Restricted—Balances that only c an be spent f or specific purposes imposed by external sources.
- *Committed*—Resources that can only be spent for purposes established by the highest decision making authority in the government—the City Council.
- Assigned—Amounts designated for specific purposes, but does not meet the criteria to be designated restricted or committed.
- *Unassigned*—The residual classification for all remaining funds not contained in other classifications.

All Restricted fund balances relate to external debt service restrictions and perpetual care for the cemetery. The City Council is the highest decision making authority of the City, approves the establishment, increase, and reduction in Committed and Assigned fund balances by resolution. All other fund balances are Unassigned. Restricted and Committed fund balances are always used first for the purposes for which they are designated. Changes to this practice require prior City Council approval. The City Council, the governing body, has not provided authorization or a policy designating authority to changes of the above classifications to any other individual. A minimum fund balance amount has not been formally adopted.

# **Adoption of New Accounting Standards**

During the year, the City adopted the following new accounting standards:

■ GASB Statement No. 72, Fair Value Measurement and Application - During February of 2015, GASB issued Statement No. 72, which requires disclosures to be made about fair value measure, the level of fair value hi erarchy, and valuation techniques. The provisions of Statement No. 72 are effective for the City's September 30, 2016 financial report.

(Continued)

### Note 1 - Description of Funds and Summary of Significant Accounting Policies (Concluded)

# Adoption of New Accounting Standards (Concluded)

■ GASB Statement No. 79, Certain External Investment Pools and Pool Participants - This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. The Statement allows qualifying external investment pools to elect to measure all investments at amortized cost if the pool meets certain criteria and subsequently allows pool participants to record an investment in the pool at amortized cost.

### Note 2 - Cash and Cash Equivalents and Investments

All cash deposits were held in qualified public depositories and were covered by federal depository insurance or by the *Florida Security for Public Deposits Act*, Chapter 280 of the Florida Statutes.

The amounts placed with the SBA Florida Prime <sup>™</sup>, for participation in the Local Government Surplus Funds Trust Fund investment pool was created by Section 218.415, Florida Statutes. This i nvestment pool o perates und er i nvestment guidelines e stablished by Section 215.47, Florida Statutes. The City's investments in the Florida Prime <sup>™</sup>, a Securities and Exchange Commission investment pool, are reported at fair value which is amortized at cost. The fund issues separate financial reports and can be found at their website at www.sbafla.com/PRIME.

The City cash and cash equivalents, investments, and required disclosures for the year ended September 30, 2016, are as follows:

					Credit

<sup>\*</sup>SBA is only the Florida Prime TM pool and is valued at amortized costs.

(Continued)

# Note 2 - Cash and Cash Equivalents and Investments (Continued)

# Fair Value Hierarchy

The City holds assets that are defined as short-term investments. The City's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

**Level 1**—Inputs-are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

**Level 2**—Inputs-are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

**Level 3**—Inputs-are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs.

The C ity holds investments in qualified external in vestments pools that measure all of its investment at amortized cost for financial reporting purposes. These investments are recorded at amortized cost. The following investment is recorded at amortized costs and is not subject to the fair value hierarchy:

■ Florida Local Government Investment Pool (Florida PrimeTM)

The pool has no limitations or restrictions on participant withdrawals including items such as redemption notices, maximum transaction amounts, and the pool's authority to impose liquidity fees or redemption gates.

#### **Investments**

Absent an investment policy, Florida Statutes authorizes the investments for local governments (non-pension funds) in the Local Government Surplus Funds Trust, Securities and Exchange Commission registered money market funds, interest-bearing time deposits or savings accounts in qualified public depositories, and direct obligations of the U.S. Treasury.

The investment policy for the General Employees' Pension Fund was established in 2002, pursuant to the Florida Statutes requirements and has been amended.

### **Interest Rate Risk**

The C ity's pension plan investment policy does not a ddress the risk that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The pension plan's interest rate risks are measured using the weighted average maturity method (WAM). The WAM method expresses investment time horizons, the time when investments become due and payable-in years or months, weighted to reflect the dollar size of individual investments.

(Continued)

## Note 2 - Cash and Cash Equivalents and Investments (Concluded)

### **Custodial Credit Risk**

The City's pension plan's policy requires securities be held with a third party custodian; and all securities purchased by, and all collateral obtained by the City shall be properly designated as an asset of the City.

### **Concentration of Credit Risk**

The City's pension plan policy states that except for Treasury and Agency Obligations, the debt portion of the investments shall contain no more than ten percent (10%) of a given issuer irrespective of the number of differing issues.

### Credit Risk

The City's pension plan policy states that all securities must hold a rating in one of the three highest classifications by a major rating service. All of the fixed income investments in the pensions' funds hold a rating of AAA by Standard & Poor's and Moody's. As of September 30, 2016, there were no investments that had greater than 5% concentration by any one issuer other than those explicitly guaranteed by the U.S. Government.

### Foreign Currency Risk

The City's pension plan policy does not address applicability in investments in foreign currency. The pension plan does not have exposure to foreign currency risk.

### **Rate Stabilization**

The rate stabilization fund was created pursuant to an agreement with the City's wholesale power provider, FMPA. These funds are held in trust by FMPA and can be utilized by the City to stabilize the City's bulk electric rates. As of September 30, 2016, the balance in this account was \$225,123.

### **Note 3 - Restricted Assets**

### **Customer Deposit**

Customer de posits ha ve been restricted to indicate that the a mount is not a vailable for the financing of current utility operations.

(Continued)

# **Note 6 - Pledged Revenues**

The City has pledged certain revenues, to repay certain bonds and notes outstanding as of September 30, 2016. The following table reports the revenues, sometimes net of related operating expenses, pledged for each debt issue, the amounts of such revenues received in current year, the current year principal and interest paid on the debt, the approximate percentage of each revenue, which is pledged to meet the debt obligation, the date through which the revenue is pledged under the debt agreement, and the total pledged future revenues for each debt, which is the amount of the remaining principal and interest on the bonds and noted at September 30, 2016:

Туре	Revenue Pledged	Revenues (Net)	Principal and Interest Paid	Estimated Revenue Percentage Pledged	Outstanding Principal and Interest	Pledged Through
<b>Governmental Activities</b>						
Note Payable -	General Fund Non-Ad					
SunTrust (City Hall)	Valorem Revenues	\$ 1,988,107	\$ 208,436	10%	\$ 2,605,488	2029
<b>Business-Type Activities</b>

### **Note 8 - Electric Power Agreements**

# Crystal River Power Unit 3 (CR3) Participation Agreement

The City was a participant in an agreement with Florida Power Corporation, which was entered into on July 31, 1975. Under terms of the agreement, the City acquired a 0.0388% ownership interest and g eneration e ntitlement share in the nuclear steamel ectric g enerating unit. Participants are entitled to energy output of the unit based upon their respective generation entitlement share.

In September 2009, CR3 began an outage for normal refueling and maintenance as well as an upgrade project to increase its generating capability and to replace two steam generators. During preparations to replace the steam generators, workers discovered a delamination (or separation) within the concrete at the periphery of the containment building, which resulted in an extension of the outage and a decision to decommission the unit. Duke intends to implement a SAFSTOR (SAFe STORage) decommissioning plan assumed to be executed over an extended period (i.e., 40-60 years).

In relation to the signed a greement dated A ugust 2014, the City was compensated by Duke Energy \$371,338 for their share of the CR3 plant and an additional \$8,974 for operations and maintenance expenses previously incurred. The amounts above was recorded as a receivable as of September 30, 2015, as the City collected the funds on October 30, 2015. In addition, approximately \$327,148 of Decommissioning Funds that were escrowed and shown as a liability in the prior year's financial statements were transferred to Duke Energy as part of the settlement.

#### FMPA

The City is a member of the FMPA, which is a joint action agency formed by a number of Florida municipalities for the purpose of providing electric power alternatives for its members.

FMPA is a governmental, joint action agency formed pursuant to Florida Statutes. FMPA has the authority to undertake joint power supply projects and to issue tax-exempt bonds or other obligations to finance or refinance the costs of such projects.

Due to the diverse needs of Florida's municipal electric systems, FMPA was established as a project-oriented agency. Under this structure, each member has the option whether or not to participate in a project. Members may choose to participate in more than one project; however, each of the FMPA's five projects is independent from the other and no revenues or funds available from one project can be used to pay the costs of any other project.

The City has elected to participate in the "All Requirements Project," which supplies all of the City's power requirements. The agreement will remain in effect until October 1, 2035, with optional successive five-year renewal periods. The contract provides for optional withdrawal by the City, but would require the City to make all remaining project members whole, which is generally understood as a paying off of its share of the project's debt. The cost to the City withdrawing from the contract has not been calculated, but is generally understood to require payoff of the City's portion of project debt.

(Continued)

# Note 8 - <u>Electric Power Agreements</u> (Concluded)

### FMPA (Concluded)

Power rates charged to the City by FMPA are subject to a majority vote of the Board of Directors of FMPA.

### **Note 9 - Employee Retirement Systems**

# Florida State Retirement System - Pension Plan

All full-time employees of the City hired prior to January 1, 1996, participate in the Florida State Retirement System (the System). This System was created by the Florida Legislature and is a cost-sharing, multiple-employer defined-benefit, public r etirement plan a vailable to governmental units within the state of Florida. The System issued a publicly available financial report t hat includes f inancial st atements and r equired su pplementary i nformation for the System. That report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315, or by calling (850) 488-5706.

All full-time employees of the City hired prior to January 1, 1996, are eligible to participate in the System. Special risk employees who retire at or after age 55, with six years of creditable service; and all other employees who retire at or after age 55, with six years of creditable service; are entitled to a retirement benefit, payable monthly for life, equal to the product of: 1) average monthly compensation in the highest five years of creditable service; 2) creditable service during the appropriate period; and 3) the appropriate benefit percentage. Benefits fully vest on reaching six years of service. Vested employees may retire after six years of creditable service and receive reduced retirement benefits. The System also provides death benefits, disability benefits, and annual cost-of-living adjustments. Benefits are established by Florida Statute. Beginning in 2011, the state mandated a 3% contribution to the plan by the employees. The City currently has three employees that participate in Florida Retirement System.

The funding methods and the determination of benefits payable are provided in various acts of the Florida Legislature. These acts provide that employers, such as the City, are required to contribute 7.26% of the compensation for regular members, 12.88% for Deferred Retirement Option Program (DROP), 21.43% for senior management, and 45.80% for elected officials as of September 30, 2016. In addition employees that are not participating in the DROP Program are required to contribute 3% of their gross salary.

The C ity c ontributed 100% of the required c ontributions to the S ystem for the y ears e nded September 30, 2016, 2015, and 2014 as follows:

<u>Year</u>	Amount
2016	\$ 19,159
2015	19,464
2014	41,402

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—At September 30, 2016, the City reported a net pension liability of \$180,213 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The City's proportionate share of the net pension liability was based on projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of

(Continued)

# Note 9 - <u>Employee Retirement Systems</u> (Continued)

### Florida State Retirement System – Pension Plan (Concluded)

all participating members, actuarially determined. At June 30, 2016, the City's proportionate share was .000713711933611868%, which was a decrease of 0.00006053673211334 from its proportionate share measured as of June 30, 2015.

Pension Expense and Deferred Outflow of Resources and Deferred Inflow of Resources—For the year ended September 30, 2016, the Sponsor will recognize a Pension Expense of \$44,767. On September 30, 2016, the Sponsor reported Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions from the following sources:

	<b>Deferred Inflow</b>		<b>Deferred Outflow</b>		
	Funds			<b>Tunds</b>	
Differences between Expected and Actual Experience	\$	1,678	\$	13,798	
Change in Assumptions		0		10,902	
Net Difference between Projected and Actual Earnings on					
Pension Plan Investments		0		46,584	
Changes in Proportion and Differences between City					
Contributions and Proportionate Share of					
Contributions		120,066		36,852	
City Contributions Subsequent to Measurement Date		0		29,091	
Total	\$	121,744	\$	137,227	

The Deferred Outflows of Resources related to pensions totaling \$29,091 resulting from City contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Total
<u>Year</u>	Inflows/Outflows
2017	\$ (6,826)
2018	(6,826)
2019	11,335
2020	(5,241)
2021	(6,414)
Thereafter	364
Total	\$ (13,608)

### **Actuarial Assumptions**

The total pension liability in the July 1, 2016, a ctuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary Increases	3.25% Including Inflation
Investment Rate of Return	7.60%, Net Pension Plan Investment
	Expense Including Inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

(Continued)

# Note 9 - <u>Employee Retirement Systems</u> (Continued)

# **Actuarial Assumptions (Concluded)**

The actuarial assumptions used in the July 1, 2016. As a result of the 2016 actuarial experience study, the real payroll growth assumption was 3.25% and the long-term expected rate of return was 7.60%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

			Compound	
		Annual	Annual	
	Target	Arithmetic	(Geometric)	Standard
Asset Class	Allocation	Return	Return	Deviation
Cash	1.00%	3.00%	3.00%	1.70%
Fixed Income	18.00%	4.70%	4.60%	4.60%
Global Equity	53.00%	8.10%	6.80%	17.20%
Real Estate	10.00%	6.40%	5.80%	12.00%
Private Equity	6.00%	11.50%	7.80%	30.00%
Strategic Investments	12.00%	6.10%	5.60%	11.10%
Total	100.00%			

Discount Rate—The discount rate used to measure the total pension liability was 7.60 percent. In general, the discount rate for calculating the total pension liability under GASB Statement No. 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. The discount rate used in the 2016 valuation was updated from 7.65 percent to 7.60 percent. The rate of return assumption is a prescribed assumption as defined by ASOP 27. The 7.60 percent assumption was adopted by the 2016 FRS Actuarial Assumption Conference.

Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate—The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.60 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.60 percent) or 1-percentage-point higher (8.60 percent) than the current rate:

	1%	1% Decrease		<b>Current Discount</b>		ncrease
		6.60%	Rat	te - 7.60%		8.0%
City's Proportionate Share of the	·	_				
Net Pension Liability	\$	331,784	\$	180,213	\$	54,050

(Continued)

## Note 9 - Employee Retirement Systems (Continued)

### Health Insurance Subsidy (HIS) Defined Benefit Pension Plan

Plan Description—The H IS P ension P lan (HIS P lan) is a defined be nefit p ension p lan established to provide a monthly subsidy payment to retired members of any state-administered retirement system in order to a ssist such retired members in p aying the costs of health insurance. Persons are eligible for health insurance subsidy payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system, except those individuals who are pension recipients under S ections 121.40, 237.08(18)(a) and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminates employment with all employers participating in the Florida Retirement System and:

- For a m ember of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of the FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member be gins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as a dministered under C hapter 121, F lorida S tatutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under C hapter 112, F lorida S tatutes. A dditionally, participants in the S enior Management S ervice Optional Annuity P rogram and the S tate City System Optional Retirement Program are not eligible to receive benefits from the HIS Plan.

Benefits Provided—The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement.

For the fiscal year ended June 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions—The HIS Program is funded by required contributions from FRS participating employers as set by the Legislature. Employer contributions are apperentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2016, the contribution rate was 1.66 percent of payroll an increase from 1.26 percent in the prior year pursuant to Section 112.363, Florida Statues. The state contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

(Continued)

# Note 9 - <u>Employee Retirement Systems</u> (Continued)

# Health Insurance Subsidy (HIS) Defined Benefit Pension Plan (Continued) Contributions (Concluded)

The City's contributions to the HIS defined-benefit pension plan are reported as a total with the pension plan contributions listed above.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIS—At September 30, 2016, the City reported a net pension liability of \$89,107 for its proportionate share of the net pension liability for HIS. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The City's proportionate share of the net pension liability was based on projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2016, the City's proportionate share was .000764564449468275%, which was an increase of .000004452733905126 from its proportionate share measured as of June 30, 2015.

For the year ended September 30, 2016, the City recognized pension expense is listed above. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	-1	eferred Inflow Funds	_	Deferred Dutflow Funds
Differences between Expected and Actual Experience	\$	203	\$	0
Change in Assumptions		0		13,983
Net Difference between Projected and Actual Earnings on				
Pension Plan Investments		0		45
Changes in Proportion and Differences between City				
Contributions and Proportionate Share of Contributions		33,743		3,602
City Contributions Subsequent to Measurement Date		0		890
Total	\$	33,946	\$	18,520

The d eferred outflows of resources related to pensions totaling \$890 r esulting f rom C ity contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

June30,	Inflows/Outflow
2017	\$ (4,132)
2018	(4,132)
2019	(4,143)
2020	(4,141)

# Note 9 - <u>Employee Retirement Systems</u> (Continued)

### Health Insurance Subsidy (HIS) Defined Benefit Pension Plan (Concluded)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Concluded)

Actuarial Assumptions—The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.60%

Salary Increase 3.25%. Average, Including Inflation

Investment Rate of Return N/A - Net of Pension Plan Investment Expense,

**Including Inflation** 

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

Discount Rate—The discount rate used to measure the total pension liability was 2.85 percent. In general, the discount rate for calculating the total pension liability under GASB 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The discount rate used in the 2016 valuation was updated from 3.80 percent to 2.85 percent, reflecting the change in the Bond Buyer General Obligation 20-Bond Municipal Bond Index as of June 30, 2016.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate—The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 2.85 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.85 percent) or 1-percentage-point higher (3.85 percent) than the current rate:

	1% Decrease 1.85%		 rent Discount te – 2.85%	1% Increase 3.85%	
City's Proportionate Share of the					
Net Pension Liability	\$	102,226	\$ 89,107	\$	78,219

*Pension Plan Fiduciary Net Position*—Detailed information about pension plan's fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report.

# Note 9 - <u>Employee Retirement Systems</u> (Continued)

## Florida State Retirement System Opt-Out

In December 1995, the City Council approved opting out of the Florida State Retirement System effective with all new employees hired after January 1, 1996. City employees covered under the System at December 31, 1995, will continue to participate in the state System and the City will continue to make contributions on their behalf.

## **Deferred Compensation Plan**

The City also participates in a qualified deferred compensation plan (457 Plan) in which employees can voluntarily participate. The City matches 10% of the employee's biweekly individual contribution. Amendments to the plan can only be made via the approval of the City C ouncil. This 457 Plan is a dministered by the U.S. Conference of M ayors. The employee chooses one or a combination of several available investments. Employees are 100% vesting in this program and accounts are maintained individually by employees.

<u>Year</u>	An	nount
2016	\$	5,248
2015		5,609
2014		5,341

### **General Employees' Defined Contribution Plan**

After freezing entrance to its previous defined benefit plan effective October 1, 2013, the City created a new defined contribution plan covering all eligible general employees of the City. Contributions continue for hired employees prior to October 1, 2013 and Florida Retirement System opt out October 1, 1995.

Prior to October 1, 2013, the City contributed 17.8% of the employees' salary, with a six-year step-vesting period. Employees had to be full-time.

The P lan w as amended a nd r estated October 1, 20 13. The C ity now m akes non elective contributions of 10% of the full time employee's payroll expense. Additionally, starting in October, for every 1% that an employee sets aside in their (457) Deferred Compensation plan, the City also matches an additional 1% up to a maximum of an additional 4%. The match amounts a re d eposited i nto t he e mployees 401(a) de fined c ontribution a ccount. The employees' retirement savings now have the potential of totaling 18% of their salary. Amendments to the plan can only be made via the approval of the City Council.

Forfeitures are used to offset current contribution by the City. The normal retirement date is the first day of the month coinciding with the participants sixtieth birthday.

The vesting schedule, based on the number of years of service, is as follows:

Greater than 6 months but less than 2 Years 0%

2 Years 20%

3 Years 40%

4 Years 60%

5 Years 80%

6 or more Years 100%

(Continued)

# Note 9 - <u>Employee Retirement Systems</u> (Continued)

## General Employees' Defined Contribution Plan (Concluded)

Upon severance from employment, the participant is entitled to apply to receive his or her benefit payable under any payout option that satisfies the provisions of the Plan.

At September 30, 2016, there were seven active members of the Plan. For the years ended September 30, 2016, 2015, and 2014, respectively, the City contributed \$34,545, \$20,054, and \$12,026 to the Plan. There were no forfeitures during the fiscal year.

### **Defined Benefit Plan**

### Pension Trust Fund

# ■ Plan Description

In January 1996, the City adopted two separate single-employer pension plans, one for police officers and a general employees' retirement plan that covers substantially all full-time City employees employed a fter January 1, 1996, pur suant to the City's opt-out of the Florida Retirement System. These plans are maintained as pension trust funds and included as part of the City's reporting entity. City or dinance and state law requires contributions to be determined by actuarial studies every three years. Stand-alone financial reports are not issued

The police officers' pension plan was terminated on October 1, 2012, with Ordinance 2012-13 in accordance with section 185.37, Florida Statutes and all vested police officers were given a lump-sum payout.

The general employees' retirement plan (the Plan) covers all full-time employees, except for police officers. The Plan is noncontributory, and the City provides the full contribution to fund the Plan. The annual pension cost related to the Plan includes a mortization, over a thirty-year period, of a prior service cost established October 13, 1995. The City Council has the authority to amend the plan.

### **Plan Administration**

The City's General Employees' Pension Plan is a defined benefit pension plan administered by a Board of Trustees which acts as the Administrator of the Plan. The Board consists of five Trustees, two who are legal residents of the City appointed by the City Council, two who are employee members elected by a majority of the Members of the Plan, and a fifth Trustee, who is chosen by a majority of the first four Trustees.

### **Benefits Provided**

The Plan provides retirement, termination, disability, and death benefits.

### Normal Retirement:

Date: Earlier of age 62, or 30 years of Credited Service, regardless of age.

Benefit: 1.6% of Average Final Compensation times Credited Service. Benefit rate increases to 1.63% at age 63 or 31 years, to 1.65% at age 64 or 32 years, and 1.68% at age 65 or 33 years. Benefit Rate for Senior Management is 2.0%.

### Early Retirement:

Eligibility: 6 Years of Credited Service, regardless of age.

Benefit: Accrued benefit, reduced 5% for each year prior to Normal Retirement.

(Continued)

### Note 9 - <u>Employee Retirement Systems</u> (Continued)

# Defined Benefit Plan (Continued) Pension Trust Fund (Continued)

### **Benefits Provided (Continued)**

Vesting:

Schedule: 100% after 6 Years of Credited Service.

Benefit Amount: Member will receive the vested portion of his (her) accrued benefit payable at the otherwise Normal Retirement Date.

### Disability:

Eligibility: Service Incurred: Covered from Date of Employment. Non-Service Incurred: 6 Years of Credited Service

# Benefit:

Benefit accrued to date of disability, but not less than 42% of Average Final Compensation (Service Incurred), or 25% of Average Final Compensation (Non-Service Incurred).

### Pre-Retirement Death Benefits:

Vested: Joint Annuitant receives an immediate or deferred monthly benefit computed based on the assumption that the Member retired on the date of death and elected the 100% joint and survivor annuity. Joint Annuitant is a spouse, dependent child, or any person receiving 50% or more of their support from the Member.

### Non-Vested:

Refund of any Member contributions.

### Cost-of-Living Adjustments:

Each July 1 f ollowing the retirement the monthly be nefit a mount is increased 3%. The increase is based on the June benefit, excluding any health insurance subsidy.

### Contributions:

Member contributions – none. Remaining amount required in order to pay current costs and amortize unfunded past service cost, if any, over no more than 40 years.

### Investments

**Investment Policy** 

The following was the Board's adopted asset allocation policy as of September 30, 2016:

Asset Class	Target Allocation
Domestic Equity	50%
International Equity	15%
Fixed Income	35%
Total	100%

#### **Concentrations**

The Plan did not hold investments in any one organization that represents 5 percent or more of the pension plan's fiduciary net position.

(Continued)

### Note 9 - <u>Employee Retirement Systems</u> (Continued)

Defined Benefit Plan (Continued) Pension Trust Fund (Continued)

### **Benefits Provided (Continued)**

### **■** Investments (Concluded)

Rate of Return

For the year ended S eptember 30, 20 16, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 7.71 percent. The money-weighted rate of return expresses i nvestment p erformance, n et of i nvestment expense, adjusted for the changing amounts actually invested.

# **■** Membership

Membership of the Plan consisted of the following as of October 1, 2015:

	General
	<b>Employees</b>
Active Plan Members	1
Inactive Employees Currently Receiving Benefits	9
Inactive Employees Entitled but Not Yet	
Receiving Benefits	18
Total	28

### ■ Net Pension Liability

The components of the net pension liability of the sponsor on September 30, 2016, were as follows:

Total Pension Liability	\$	2,786,903
Plan Fiduciary Net Position		(2,552,316)
Sponsor's Net Pension Liability	<u>\$</u>	234,587
Plan Fiduciary Net Position as a Percentage		
of Total Pension Liability		91.58%

The d ifferences between the ac tuarial f inancial statements and the p ension f inancial statement were d ue to t he r ecording o f investment ex pense as a d irect reduction o f investment income and timing differences related to broker sold investments.

### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2015, updated to S eptember 30, 2016, using the following a ctuarial assumptions applied to all measurement periods:

Inflation	2.30%
Salary Increases	6.00%
Investment Rate	
of Return	7.75%
Discount Rate	7.75%

(Continued)

### Note 9 - <u>Employee Retirement Systems</u> (Continued)

Defined Benefit Plan (Continued) Pension Trust Fund (Continued)

### **Benefits Provided (Concluded)**

# Actuarial Assumptions (Concluded)

Mortality Rate Healthy Lives:

Mortality Table - RP2000 Fully Generational with Scale BB, with collar and annuitant adjustments as follows:

Males – 50% Annuitant White Collar, 50% Annuitant Blue Collar.

Females – 100% Annuitant White Collar.

Mortality Rate Disabled Lives:

Mortality Table - RP2000 without projection, with the following adjustments:

Males – 100% Disabled Male with four year setback

Females – 100% Disabled Female with two year set forward.

The date of the most recent experience study for which significant assumptions are based upon is not available.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For 2016 the inflation rate assumption of the investment advisor was 2.30%. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target as set allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2016, are summarized in the following table:

	Long-term Expected
Asset Class	Real Rate of Return
Domestic Equity	7.74%
International Equity	7.3%
Fixed Income	2.47%

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate:

	1%	1% Decrease		<b>Current Discount</b>		1% Increase	
		6.75%	Rate	e - 7.75%		8.75%	
Sponsor's Net Pension Liability	\$	756,962	\$	234,587	\$	(180,611)	

(Continued)

# Note 9 - <u>Employee Retirement Systems</u> (Concluded)

Defined Benefit Plan (Concluded) Pension Trust Fund (Concluded)

# Pension Expense and Deferred Outflow of Resources and Deferred Inflow of Resources

For the year ended September 30, 201 6, the Sponsor will recognize a Pension Expense of \$356,258. On September 30, 2016, the Sponsor reported Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions from the following sources:

	Deferred Inflow Funds		Deferred Outflow <u>Funds</u>		
Differences between Expected and Actual Experience	\$	28,393	\$	0	
Changes in Assumptions		0		98,118	
Actual Earnings on Pension Plan Investments		11,946		0	
Net Difference between Projected and Actual Earnings on					
Pension Plan Investments		0		(45,274)	
Total	\$	40,339	\$	52,844	

Other amounts reported as Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions will be recognized in Pension Expense as follows:

Year Ended	
September 30,	<u>Amount</u>
2017	\$ 2,501
2018	2,501
2019	2,501
2020	2,501
2021	2,501
Thereafter	0
Total	<u>\$ 12,505</u>

# Note 10 - Other Postemployment Benefits (OPEB)

The Other Post Employment Benefit Plan is a single employer benefit plan administered by the City. Pursuant to the provision of Section 112.0801, Florida Statutes, former employees who retire from the City are eligible to participate in the City's health plan for health and life insurance. The City su bsidizes the premium rate paid by retirees by allowing them to participate in the Plan at a blended group (implicit subsidized) premium rate for both active and retired Employees. In addition, the City provides 50% of their health and life premiums (explicit subsidy). The OPEB Plan does not issue a stand-alone report and is not included in the report of another entity.

For the OPEB Plan, contributions requirements of the City are established and may be amended through action from the City's Council. Currently, the City's OPEB benefits are unfunded. The actual contributions are based on a pay-as-you-go financing requirement. There is no separate trust fund or equivalent arrangement into which the City would make contributions to advance-fund the obligation, as it does for its pension fund. The City funds the liquidation of the obligation through operating revenues for each of the respective funds.

(Continued)

### Note 10 - Other Postemployment Benefits (OPEB) (Continued)

The actuarial valuation, dated October 1, 2015, involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend.

Amounts de termined r egarding t he f unded status of t he p lan a nd t he a nnual required contributions of the employer are subject to constant revision as actual experience is compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial liabilities for benefits.

Calculations are based upon the types of benefits provided under the terms of the substantive plan at the time of the valuation and on the pattern of sharing of costs between the employer and plan members to that point. Calculations reflect a long-term prospective, so methods and assumptions us ed include t echniques t hat are de signed t o r educe s hort-term volatility i n actuarial accrued liabilities and the actuarial value of assets.

For the actuarial valuation, dated October 1, 2015, the Entry Age Normal (level dollar) actuarial cost method was used. Select Actuarial Assumptions are listed in the table below:

**Valuation Interest Rate:** 4.5% - Per year compounds annually, net of investment related expenses.

**Health Care Inflation:** Pre-Medicare: 6.0% in fiscal 2016, trending to 4.5% in fiscal 2019

Post-Medicare: 6.0% in fiscal 2016, trending to 4.5% in fiscal 2019

**Payroll Growth:** 0.0% **Inflation Assumption:** 0.0%

**Amortization of UAAL:** Level Dollar (Closed Amortization over 30 Years)

### **Three-Year Trend Information**

			Percentage of		Net		
Fiscal Year	Annual		Annual OPEB	OPEB			
Ended September 30,	0	PEB Cost	Cost Contributed	0	bligation		
2016	\$	112,672	22.1%	\$	710,121		
2015		108,913	24.2%		622,403		
2014		106,422	25.1%		539,857		

### **Employee Contribution Information**

After a full-time employee has retired from active service, he/she is eligible to have health and life insurance premiums paid at a rate of 50% by the City. The remaining 50% of the premiums are paid by the employee, less their Florida Retirement System subsidy.

Note that the projected employee and employer contributions for the life insurance benefits are assumed to cover the entire cost of the program.

### Note 11 - Interfund Transfers, Advances, and Due To/Due From

### **Interfund Transfers**

Interfund transfers at September 30, 2016, are as follows:

	I1 	Interfund Transfers (Out)		
Major Funds				
General Fund	\$	225,000	\$	233,075
Electric Utility Fund		0		175,000
Water Fund		233,075		0
Sanitation Fund		0		50,000
<b>Total Interfund Transfers</b>	\$	458,075	\$	458,075

Transfers are made, in accordance with the budget, to supplement the revenues needed to cover the expenditures of providing general governmental and business-type services.

#### Advances

Advances to and from other funds at September 30, 2016, are as follows:

	Advances To Other Funds	Advances From Other Funds
Major Funds		
Water Utility Fund	\$ 377,948	\$ 20,100
Wastewater Utility Fund	0	1,242,948
Electric Utility Fund	 885,100	0
<b>Total Advances</b>	\$ 1,263,048	\$ 1,263,048

Advances to other funds were made to supplement capital costs for their respective utility distribution systems. These amounts are not expected to be repaid in full within one year.

(Continued)

### Note 11 - <u>Interfund Transfers, Advances, and Due To/Due From</u> (Concluded)

#### **Due from/Due to Other Funds**

Due from and due to other funds at September 30, 2016, are as follows:

	(	ie from Other Funds	Due to Other Funds		
Major Funds					
Wastewater Utility Fund	\$	0	\$	715,221	
Electric Utility Fund		715,221		0	
Total Due from/Due to Other Funds	\$	715,221	\$	715,221	

Due from/Due to other funds were made to supplement the cash deficit in the wastewater utility fund.

### **Note 12 - Other Disclosures**

### **Allowances for Doubtful Accounts**

Allowances for doubtful accounts at September 30, 2016, are as follows:

Electric Utility Fund	\$ 5,000
Water Utility Fund	2,500
Wastewater Fund	2,000
Sanitation Fund	 1,500
<b>Total Allowances for Doubtful Accounts</b>	\$ 11,000

### Note 13 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City transfers risk of loss through the purchase of commercial insurance from the Florida League of Cities, Inc., and independent agencies. Insurance against losses are provided for the following types of risk:

- Workers' Compensation and Employer's Liability
- General and Automobile Liability
- Real and Personal Property Damage
- Public Officials' Liability
- Accidental Death and Disability

The City's coverage for workers' compensation is under a retrospectively rated policy. Premiums are accrued based on the ultimate cost to-date of the City's experience for this type of risk. There have been no significant reductions in insurance coverage during fiscal year 2016. Settled claims have not exceeded the commercial excess coverage in any of the past three years.

### **Wastewater Treatment Facility**

The U.S. Department of Agriculture-Rural Development (USDA) approved a loan and grant for the C ity for its Wastewater Treatment plant in 1999. The amount of the grant was \$2,000,000 and the loan amount was \$2,800,000. The loan is at a rate of 4.75% interest and is repayable over a period not exceeding forty years from the date of the loan closing. The first payment made on the debt was completed in 2004.

(Concluded)

### **Note 14 - Contingencies and Commitments**

### **Wastewater Treatment Facility (Concluded)**

In connection with the above mentioned loan grant, the City and Sumter County, Florida entered into an inter-local agreement whereby Sumter County will contribute approximately \$1,000,000 at the above stated interest rate to the capital costs of the system at an annual rate of \$56,000 per year.

### **Operating Leases**

The City entered into two operating leases for copiers with Xerox. The total monthly expenses are \$555 per month for a 36-month time frame. The leases include maintenance (the City does pay a per copy fee in a ddition to the monthly payment). The following is lease payment schedule for the year ended September 30<sup>th</sup>:

<u>Year</u>	Amount
2017	\$ 6,019
2018	5,485
2019	235
2020	C
2021	C

### Note 15 - Grant and Loan Commitments

The C ity has the f ollowing g rant c ommitments out standing f or f uture projects as of September 30, 2016:

			P	Amount
		$\mathbf{E}$	xpended	
Projects		Amount		To-Date
DEP Project - Water Plant Modification (Grant)	\$	400,000	\$	36,625
County Incentive Grant Program		128,277		63,500

### **Note 16 - Federal Awards and State Financial Assistance**

During the fiscal year, the City did not expend greater than \$750,000 in federal awards or state financial assistance, therefore an audit in accordance with Title 2 (Uniform Guidance) U.S. Code of Federal Regulation (CFR) Part 200 and the *Florida Single Audit Act* was not required.

### **Note 17 - Excess of Expenditures Over Appropriations**

During the au dit, it was determined that the general fund expenditures exceeded the final appropriations by \$21, 253. Per Florida State Statute, the adopted budget must regulate expenditures of the municipality, and an officer of a municipal government may not expend or contract for expenditures in any fiscal year except pursuant to the adopted budget.

### **Note 18 - Subsequent Events**

The City is currently pursuing arbitration as provided by a franchise agreement to determine the purchase price of Sumter Electric Cooperative's electric system that is located inside the City limits.

The City has entered into a commitment with CenterState bank to refund the 2002 USDA Water and Sewer Bonds with a principal amount of \$2,357,000 and the 2006 USDA Water and Sewer Bonds with a principal amount of \$920,000 for \$3,315,000.

REQUIRED SUPPLEMENTARY INFORMATION
The following supplementary schedules present trend information regarding the retirement plans for the City's general employees and other post-employment benefits. This information is necessary for a fair presentation in conformity with generally accepted accounting principles.

<sup>&</sup>lt;sup>1</sup> - The Covered Employee Payroll numbers shows are in compliance with GASB 82

### **Notes to Schedule**

Valuation Date: October 1, 2015

Actuarially determined contribution rates are calculated as of October 1, two years prior to

the end of the fiscal year in which contributions are reported.

### Methods and Assumptions Used to Determine Contribution Rates:

Funding Method: Entry Age Normal Actuarial Cost Method.

Amortization Method: Level Percentage of Pay, Closed.

Remaining Amortization

Period: 21 Years (as of 10/01/2015)

Asset Valuation Method: Each year, the prior Actuarial Value of Assets is brought forward utilizing the

historical geometric four-year average Market Value return (net of fees). It is possible that over time this technique will produce an insignificant bias above or

below Market Value of Assets.

Salary Increases: 6.0% per year until the assumed retirement age.

Interest Rate: 7.75% per year compounded annually, net of investment related expenses.

Payroll Growth: None for amortizing UAAL.

Retirement Age: Earlier of age 62 or 30 years of service, regardless of age. Also, any Member

who has reached Normal Retirement is assumed to continue employment for

Percent

one additional year.

Early Retirement: Beginning at 10 years of service, Members are assumed to retire with an

immediate subsidized benefit at the rate of 3.0% per year.

Termination Rates: See table below.

Disability Rates: See table below. It is assumed that 25% of disablements that occur are service related.

Mortality: RP 2000 Combined Healthy – Projected to Valuation Date.

Disabled lives are set forward 5 years.

Age	Percent Terminating During the Year	Becoming Disabled the Year
20	17.2%	0.05%
30	15.0%	0.06%
40	8.2%	0.12%
50	1.7%	0.43%
60	0.5%	1.61%

<sup>\*</sup> GASB No. 67 was adopted for the 2014 Fiscal Year and the 10-year trend information will develop from that date forward.

### STATISTICAL SECTION

This part of the City of Bushnell's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statement, note disclosures, and require supplementary information says about the government's overall financial health.

### **Table of Contents**

Financial Trends	
These schedules contain trend information to help	
the reader understand how the government's financial	
performance and well-being have changed over time	69
Devenue Conseits	
Revenue Capacity	
These schedules contain information to help the reader	
assess the government's most significant local revenue	0.0
source, the property tax	80
Debt Capacity	
These schedules present information to help the reader	
assess the affordability of the government's current level	
of outstanding debt and the government's ability to issue	
additional debt in the future	83
Demographic and Economic Information	
These schedules offer demographic and economic	
indicators to help the reader understand the environment	
within which the government's financial activities take place	90
Operating Information	
These schedules contain service and infrastructure data	
to help the reader understand how the information in the	
government's financial report related to the services the	
government provides and the activities it performs	93
government provides and the delivines it perjorns

Total Direct Debt				0							
Total Direct and Overlapping Debt			\$	847,667							

### **Information Source:**

Sumter County Finance Department Sumter County School Board

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the City of Bushnell. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

### COMPUTATION OF LEGAL DEBT MARGIN SEPTEMBER 30, 2016 CITY OF BUSHNELL, FLORIDA

The Constitution of the State of Florida, Florida Statute 200.181, Sets No Legal Debt Margin.

ADDITIONAL ELEMENTS OF REPORTING PREPARED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, ISSUED BY THE COMPTROLLER GENERAL OF THE UNITED STATES, RULES OF THE AUDITOR GENERAL

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bushnell, Florida (the City) as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 22, 2017.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of significant deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a definiciey or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to i dentify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during out audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control that we consider to be a significant deficiency in internal control, as follows:

#### **Certified Public Accountants**

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

(Concluded)

#### **Internal Control Over Financial Reporting (***Concluded***)**

#### 2008-2—Segregation of Duties

The City operates with a small finance, accounting, and customer service department and does not have the resources to properly segregate duties among employees so that no one employee has sole control over approving, recording, and accounting for transactions.

Because significant deficiencies in internal control over financial reporting exist when there is not sufficient separation of incompatible a counting duties, we recommend that the City's finance, a counting, and customer service departments continue to develop and, if necessary, expand its current staff to ensure more effective internal control structure over financial reporting.

#### **Compliance and Other Matters**

As part of obtaining reasonable as surance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain other matters that we reported to management of the City in a separate letter dated March 22, 2017.

#### **City's Response to Findings**

The City's response to the findings identified in our audit is described in the accompanying Management Letter Response. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

#### **Purpose of this Report**

Purvis, Gray and Company, Let

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in c onsidering the City's i nternal control and compliance. Accordingly, t his communication is not suitable for any other purpose.

March 22, 2017

#### MANAGEMENT LETTER

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

#### **Report on the Financial Statements**

We have audited the financial statements of the City of Bushnell, Florida (the City) as of and for the fiscal year ended September 30, 2016, and have issued our report thereon dated March 22, 2017.

#### **Auditors' Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

#### **Other Reports**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with American Institute of *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with C hapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 22, 2017, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective action has been taken to address findings and recommendations made in the preceding annual financial audit report. See status of prior audit findings.

#### Official Title and Legal Authority

Section 10.55 4(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the City is reported in Note 1 to the basic financial statements. There are no component units related to the City.

#### **Certified Public Accountants**

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

### MANAGEMENT LETTER (Concluded)

#### **Financial Condition**

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition a ssessment pr ocedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same (see management letter comments).

#### **Annual Financial Report**

Sections 10.554(1)(i)5.b. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the City for the fiscal year ended September 30, 2016, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2016. In connection with our audit, we determined that these two reports were in agreement.

#### **Other Matters**

Section 10554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management (see management letter comments).

Section 10.554 (1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance (see management letter comments).

#### **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, F ederal and other granting a gencies, the M ayor and C ouncil M embers, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

March 22, 2017

Purvis, Gray and Company, Let

#### INDEPENDENT ACCOUNTANTS' REPORT

Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

We have examined the City's compliance with the requirements of Section 218.415, Florida Statutes with regards to the City's investments during the year ended September 30, 2016. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with at testation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2016.

Purvis, Gray and Company, Let March 22, 2017

#### MANAGEMENT LETTER COMMENTS

The Honorable Mayor and Council Members City of Bushnell Bushnell, Florida

#### Prior Year Comments and Recommendations (Updated for 2016)

#### 2011-1—Financial Condition Assessment – Wastewater Fund

As required by the *Rules of the Auditor General* we have applied financial condition assessment procedures to the City's financial statements as of September 30, 2016, and noted that the wastewater fund continues to show a net operating loss and is operating with borrowed funds from both outside sources and through interfund borrowings from the electric and water funds.

Although, the City slightly improved the net position of the fund by increased sales in the current year, the fund is still incurring an operating loss (after depreciation). A continued increase in overall revenues and cash flows is necessary to increase liquidity, provide for debt repayment and to improve the overall financial position of the fund

#### 2014-1 Interfund Borrowings with the Wastewater Fund

As of S eptember 30, 2016, the Wastewater fund o west he E lectric and Water fund approximately \$1,958,169 that has built up since the inception of the Wastewater fund (see prior year management letter comments). This interfund borrowing consists of an interfund long-term loan from both the Water and Electric Fund of \$1,242,948 and an interfund short-term loan from the Electric Fund due to operating cash shortages. These interfund borrowings primarily occurred in prior years and were directly due to the Wastewater fund not earning enough revenues to cover current operating costs and making debt service payments.

Although in the current year, the Wastewater fund showed improvement in operations and was able to pay the Electric fund approximately \$12,800 on the interfund short-term loan, the likelihood of the fund to fully repay both the short-term and long-term loans in the near future is remote. A ccordingly, authoritative accounting standards indicate that "if repayment is not expected within a reasonable time, the interfund balances should be reduced and the amount that is not expected to be repaid should be reported as a transfer from the fund that made the loan to the fund that received the loan". We recommend that management consider this issue and determine the appropriate measures to address the interfund borrowings.

#### RESPONSE TO THE MANAGEMENT LETTER

To: Honorable Mayor and Council Members

From: Bruce Hickle and Jody Young

Re: Management Response to the Auditor's Management Letter

#### Honorable Council Members:

This letter of explanation is being offered in accordance with the "Rules of the Auditor General" in particular, C hapter 1 0.500 t hereof. S pecifically, t his letter responds to P urvis, G ray and Company's "Management Letter" comments dated March 22, 2017. In their report Purvis, Gray and Company, LLP (PG&C) made several recommendations for improvement with regard to the City's fiscal management. The specific areas identified in their comments and recommendations are as follows:

#### **PRIOR YEAR RECOMMENDATIONS:**

- Segregation of Duties
- Financial Condition Assessment Wastewater Fund
- ❖ Interfund Borrowings With the Wastewater Fund

The f ollowing di scussion a ddresses each of the a bove c omments a nd r ecommendations, providing additional ba ckground i nformation, and de scribing m anagement's pl ans t o address these findings.

#### **PRIOR YEAR RECOMMENDATIONS:**

#### **Segregation of Duties**

Several changes were completed during the past fiscal year to improve segregation of duties within the F inance D epartment. A new C ity C lerk was elected in A pril 2015 and she has received training in financial responsibilities to assume certain finance tasks that were previously

Page 2 Response to the Management Letter March 22, 2017

being conducted by other employees. The City Clerk has taken over all of the payroll duties and also tracks all of the receipts and revenues received by the city. The City Clerk also reviews and approves certain council and administrative expenditures for the city. Also, in December 2015 the APS pecialist in the Finance Department retired, and she was replaced with all ong time employee of the city who used to fill the role of Customer Service Manager in Utility Billing. Due to the familiarity of city accounting policies and procedures, this individual has been able to assume a greater por tion of financial responsibility than was previously undertaken by the retiring APS pecialist, and has been trained to assist in the budget process, grant management, gross receipts and sales and use tax calculations and payments, and various other financial responsibilities previously handled only by the Finance Director. Additional tasks will be assigned to both the City Clerk and the current Finance Specialist in the future in an effort to achieve an even greater improvement in segregation of duties within the Finance Department. Because of the small size of the City staff, it is unlikely that complete segregation of duties can be achieved in the coming fiscal year.

#### Financial Condition Assessment - Wastewater Fund

Management acknowledges that the wastewater fund continued to show a net operating loss after depreciation however, the fund's net position improved from FY2014-2015 (\$135,238) to FY2015-2016 (\$57,013). It should be noted that the Wastewater Fund continues to produce enough revenue to meet cash obligations, but is not fully funding depreciation.

It is expected that the fund will continue to improve during the current and future fiscal years, primarily due to increased customer connections brought about by new development within the City's utility service area. Capacity reservation charges were reinstated last fiscal year, which will also provide additional revenue tied to new development. While none of these measures will completely resolve this audit issue quickly, the City's corrective actions will be sufficient to continue to meet cash obligations and make progress in recovery of depreciation.

#### **Interfund Borrowings with the Wastewater Fund**

Management acknowledges this comment and will continue to monitor the issue with the goal of reducing and eventually eliminating the interfund debt. We expect that the wastewater fund will produce enough revenue in future years to continue to reduce the interfund debt as the financial condition of the fund improves.

Jody Young

Respectfully submitted,

Bruce Hickle

Bruce Hickle Jody Young, CGFO City Manager Finance Director
