AN ORDINANCE OF THE CITY OF BUSHNELL, FLORIDA, ANNEXING CERTAIN REAL PROPERTY INTO THE CORPORATE LIMITS OF THE CITY BY VOLUNTARY ANNEXATION; REDEFINING THE BOUNDARIES OF THE CITY TO INCLUDE SUCH LANDS; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, Chapter 171, Florida Statutes, provides procedures whereby a municipality may annex real property reasonably compact and contiguous to the boundaries of the municipality upon petition of the owners of the real property; and

WHEREAS, William J. Chenvert and Wendy L. Chenvert, husband and wife, are the owner (hereinafter "Owner") of certain real property described below, that is situated outside of the municipal limits of the City of Bushnell, Sumter County, Florida, and the Owner has petitioned that the described property be annexed to and become a part of the City of Bushnell. Said property being more particularly described as follows:

SEE EXHIBIT "A" ATTACHED HERETO AND INCORPORATED HEREIN BY REFERENCE;

and

WHEREAS, the Owner has filed a Petition for Voluntary Annexation of the above-described real property and that said petition bears the signature of the Owner or Owner's representative; and

WHEREAS, the City Council of the City of Bushnell, Florida, has determined that the subject property is the proper subject of annexation; and

WHEREAS, it has been determined by the City Council that it is in the best interest of the City of Bushnell, Florida, to have such property incorporated into the City limits; and that the future use of the property to be annexed is or will be for urban purposes.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BUSHNELL, FLORIDA, AS FOLLOWS:

1. The following described property:

SEE EXHIBIT "A" ATTACHED HERETO AND INCORPORATED HEREIN BY REFERENCE

is hereby annexed to and is made part of the territorial boundaries of the City of Bushnell, Florida, a municipal corporation.

2. That the corporate limits and the territorial boundaries of the City of Bushnell, Sumter County, Florida, shall embrace, include, and contain the following real property lying in

Sumter County, Florida, to-wit:

SEE EXHIBIT "A" ATTACHED HERETO AND INCORPORATED HEREIN BY REFERENCE

3. This ordinance shall take effect upon its enactment by the City Council.

Peoples Gas System, a division of Tampa Electric Company

Dade City to Sumterville Connector Project

Sumter County, Florida

Parcel No.(s): SUM-383 (Permanent Easement, Temporary Construction Easement) SUM-390 (Permanent Easement) SUM-394 (Temporary

Construction Easement)

Dear City of Bushnell,

As you are aware, Peoples Gas System, a division of Tampa Electric Company (hereinafter "PGS") has been designing and intends to construct a new underground natural gas pipeline (hereinafter the "Pipeline"). The design of the Pipeline is nearing completion, and part of your property is necessary for the construction of the Dade City to Sumterville Connector Project (hereinafter "Project"). The Project consists of construction of approximately 35 miles of natural gas pipeline that will connect PGS's Dade City and Ocala distribution systems. The purpose of this pipeline is to supply additional natural gas to Ocala and the surrounding communities, provide increased reliability, and provide system hardening for the entire distribution system. In order to construct the Project, an easement(s) is necessary. An easement is the right to use someone else's property for a specified purpose.

The purpose of this letter is to transmit to you a written offer to purchase the easement(s) necessary to install the Pipeline, and to provide you with notice pursuant to *Florida Statutes*, Sections 73.015 and 73.0511. PGS has identified the area necessary for its Project by parcel number. The parcel number for the easement(s) to be acquired is Parcel SUM-383, SUM-390, and SUM-394 which is identified and described on the parcel sketch and legal descriptions attached as Exhibit "A". The type of easement(s) identified in Exhibit "A" can be located on the list of easement types found on Exhibit "B". Exhibit "B" describes the rights, nature and duration of the particular easement(s) being acquired from you as identified in Exhibit "A".

PGS has hired an independent appraiser to value the easement(s) needed. The independent appraiser has prepared an appraisal report which concludes that the value of the easement interests in your property (including damages to the remainder, if any) is \$13,000.00 for SUM-383, \$800.00 for SUM-390 and \$100.00 for SUM-394. PGS has reviewed the appraisal report and believes that the amount contained therein is fair and represents full compensation for the easement(s). However, in an effort to expedite purchasing the easement(s), PGS hereby offers to purchase all easement(s), designated as Parcel SUM-383, SUM-394 and SUM-394 for \$21,300.00 subject to the terms and conditions stated in the enclosed Exhibit "B", free and clear of encumbrances. This offer will remain open for thirty (30) days from the date you receive this offer.

Property owners have statutory rights and responsibilities pursuant to *Florida Statutes*, Sections 73.015(1), 73.091 and 73.092 including the right to request copies of the appraisal report upon which the offer is based; copies, to the extent prepared, of maps or other documents that depict the proposed taking; and copies, to the extent prepared, of the construction plans that depict the Project improvements to be constructed on or adjacent to the parcel sought to be acquired. We will provide these copies, to the extent prepared, within fifteen (15) business days following the receipt of your request. A copy of Chapter 73, *Florida Statutes*, is attached for your review.

Should you have questions or wish to discuss the offer, you may contact Cheryl Johnson (813) 228-1187 or speak with a PGS Representative who you have been in contact with. If PGS is unable to reach an agreement with you, it will be necessary for PGS to file a condemnation action to ensure that construction deadlines are met. Even if negotiations are unsuccessful, we will always do our best to be responsive and sensitive to your needs and situation.

Thank you for your time and consideration.

Sincerely,

Cheryl Johnson

Exhibit "A" (Parcel Sketch and Legal Description) Exhibit "B" (Interest Acquired from Owners) Chapter 73, Florida Statutes

EXHIBIT B INTEREST ACQUIRED FROM OWNERS

The rights, nature and duration of the interest(s) in which Peoples Gas System, a division of Tampa Electric Company (the "Company"), acquires from the property owners/interest holders (hereinafter each an "Owner") of the real property shown and described on Exhibit "A" and the obligations to which COMPANY has agreed to comply in connection with such interests acquired is as follows:

1. Description of Easements. To the extent applicable, as shown and described on Exhibit "A," the easement interests acquired by the Company are described herein.

The Permanent Easement is a non-exclusive perpetual easement for the purposes of constructing, maintaining, operating, inspecting, testing, renewing, repairing, replacing, resizing, relocating, abandoning, and/or removing a pipeline for the transportation or distribution of natural gas and its constituent parts, and all appliances and appurtenances, including but not limited to fixtures, equipment, fittings, cathodic protections including test stations, AC mitigation devices, pipeline markers, pipeline data acquisition equipment and telecommunication equipment, electric service for same, and other appurtenant facilities whether above or below ground ("Pipeline Facilities"), which are necessary or desirable in connection with such pipeline, on, over, across, and through the lands described as the Permanent Easement. The rights acquired for the Permanent Easement shall include all other rights and benefits necessary or convenient for the full enjoyment of the Permanent Easement.

The Temporary Construction Easement is non-exclusive for the limited purpose for use as a temporary work space, including movement, storing and staging of personnel, materials, supplies, and equipment, all for construction and initial operation of the Pipeline Facilities in the Permanent Easement and Exclusive Permanent Easement, together with such additional temporary work space at road/railroad crossings, stream/river crossings, wetlands, or other areas with special construction conditions as required to accommodate the additional construction space requirements of said locations. If a temporary access easement is required as shown on Exhibit "A," then the term "Temporary

Construction Easement" shall include such temporary access easement. The temporary access easement shall be used by the Company for the purposes of temporary ingress and egress and for the movement of personnel, supplies and equipment associated with constructing, operating, inspecting, testing, repairing, replacing, relocating, and/or removing the Pipeline Facilities which are necessary or desirable in connection with its pipeline. The Company shall have the right to open, repair, maintain and use a new and/or existing roadway upon the temporary access easement area. Except for environmental maintenance and monitoring, the Temporary Construction Easement shall revert back to Owner or expire (a) within two (2) years from the date the interest in Land is acquired by the Company, or (b) upon written notification to Owner by the Company that construction and restoration is complete, whichever is sooner. If specified in Exhibit A, the Company shall continue to have access to and ingress and egress over the Temporary Construction Easement for the purposes of movement of personnel, supplies, and equipment associated with monitoring and testing the health of wetlands in the vicinity of the Pipeline Facilities for a period of (a) five (5) years from two years (2) from the date the interest in Land is acquired by the Company, or (b) written notification to Owner by the Company that monitoring and testing the health of wetlands is complete, whichever occurs sooner.

The Exclusive Permanent Easement is a perpetual exclusive easement for the purpose of constructing, maintaining, operating, inspecting, testing, renewing, repairing, replacing, resizing, relocating, abandoning, and/or removing Pipeline Facilities and main line valves, control valves, blow down valves, inspection and maintenance devices, heaters, measurement stations and associated facilities, Supervisory Control and Data Acquisition (SCADA) equipment, electric service and metering, storage, gravel, fencing, and other appurtenant facilities whether above or below ground within the land described as the Exclusive Permanent Easement in Exhibit "A". The rights acquired for the Exclusive Permanent Easement shall include all other rights and benefits necessary or convenient for the full enjoyment of the Exclusive Permanent Easement.

The Permanent Access Easement is a perpetual non-exclusive easement for the purpose of allowing the Company permanent means of ingress and egress to the Permanent Easement or Exclusive Permanent Easement for the movement of personnel, supplies and equipment associated with constructing, operating,

inspecting, testing, repairing, replacing, relocating, and/or removing the Pipeline Facilities which are necessary or desirable in connection with its pipeline. Upon the request of Owner and subject to Company's consent, which shall not be unreasonably withheld, the Company agrees to relocate the Permanent Access Easement, at the sole expense of Owner, to a reasonable location that still meets the needs of Company over, across, and upon the subject parcel. The vacated portion of the Permanent Access Easement will be released and conveyed back to Owner and the new Permanent Access Easement area will be conveyed and included in this easement grant as though it had been included ab initio.

The Company shall have, without limitation, the right of convenient ingress and egress over and across all of the acquired easements. Said ingress and egress will be through the Permanent Easement, Temporary Construction Easement, Exclusive Permanent Easement, Permanent Access Easement, adjacent easements owned by the Company, and adjacent public roadways, and not across other contiguous lands of the Owner unless Owner specifically consents in writing to allow access over such contiguous lands.

2. Owner's Rights and Obligations: It is expressly reserved to the Owners of the lands described in Exhibit "A" the right to cultivate or otherwise make use of the Permanent Easement, the Permanent Access Easement, and Temporary Construction Easement for purposes and in a manner that will not interfere with the enjoyment or use of the rights, easement, and estate acquired by the Company. Owner shall not make any use of the Permanent Easement, the Permanent Access Easement, the Exclusive Permanent Easement, or the Temporary Construction Easement that may cause a hazardous condition. The Owner shall not, without first obtaining prior written permission from the Company: (i) plant any deep-rooted trees and/or shrubbery in the Permanent Easement; (ii) construct, nor permit to be constructed, any wells, septic tanks or drain fields, houses, buildings, dams, levees, lakes, ponds, structures, parking, driveways, paved road(s) or other improved crossing(s), over and across the Permanent Easement, or any similar or dissimilar obstructions on or over the Permanent Easement or Temporary Construction Easement, or any part thereof; nor (iii) excavate, change grade, or make water impoundment on the Permanent Easement, the Exclusive Permanent Easement, or the Temporary Construction Easement. With respect to driveways and paved roads, Owner shall at all times maintain the right to access its property over and across the Permanent Easement and Temporary Construction Easement, and such right shall include the right to construct a crossing, driveway, or paved roads, provided that the crossing, driveway, or paved road does not interfere with the Company's rights in the easements and is approved in advance or approved in advance with conditions by the Company, which approval will not be unreasonably denied. Owner may grant underground easements for lateral utility lines to third parties within the Permanent Easement and Temporary Construction Easement so long as any underground easement granted to third parties leaves a minimum separation of five feet on all sides from the Company's pipeline and do not run parallel with the pipeline.

3. Company's Rights and Obligations. The Company will have the continuing right, exercisable at any time, and from time to time, to cut and keep said Permanent Easement, Exclusive Permanent Easement, Permanent Access Easement, and Temporary Construction Easement clear of all trees, undergrowth, and other natural and man-made obstructions, including, but not limited to, fences and gates, that may injure or endanger the Pipeline Facilities or interfere with the Company's access to, monitoring of, or constructing, maintaining, operating, inspecting, testing, renewing, repairing, replacing, resizing, relocating, abandoning, and/or removing of the Pipeline Facilities. Prior to removing fences and/or gates the Company will provide reasonable notice to Owner.

The Company will have the full right and authority to lease, sell, assign, transfer, and/or convey to others the right of way, estate, interests, rights, and privileges acquired, in whole or in part of any interest herein, and to encumber the same in accordance with Florida law.

The pipe will be buried to a minimum depth of 36" below ground level. After initial construction, and unless Company has already compensated Owner therefore, the Company shall relocate or replace all fences, roads, driveways, sidewalks, paving and parking areas, and irrigation systems removed by Company with like quality at their original locations or as near thereto within the Easement area as is reasonably practicable, safe, and efficient. The Company shall plant grass seed on all other land surfaces disturbed by construction. The Company will restore the disturbed area to

the approximate original grade and repair all damages to Owner's roads, fences, and any other property that may be suffered by reason of the exercise by the Company of any of the rights and privileges hereby granted, but the Company will not be liable for damages caused by keeping said Permanent Easement, Permanent Access Easement, and Permanent Exclusive Easement clear of trees, undergrowth, and other natural or man-made obstructions, in the course of the maintenance and operation of the Pipeline Facilities.

The Company may displace any gopher tortoises found within any of the Easement areas to another location on the Easement areas, or off the land of Owner(s) (e.g., to a temporary holding pen), and replace them as near to their original location as practicable after construction is completed.

The rights herein acquired shall be in addition to, and not in lieu of, any existing rights of the Company with respect to the Owner's lands.

The rights, benefits, burdens and obligations acquired or assumed shall inure to, bind and oblige respectively Owner(s), and his, hers, its or their heirs, executors, administrators, personal representatives, successors and assigns, as well as the Company and its successors and assigns

Dear Ms. Dixon:

On behalf of all of us at Mid Florida Community Services, Inc., we thank you for your sponsorship of our *Inaugural* "Clays for a Cause" fundraiser! With your help, we raised nearly \$11,000, which will allow us to continue providing life-changing programs and services to those who need them most in our service region!

We care about our entire community, and we are dedicated to helping people help themselves and each other. From October 1, 2020, through September 31, 2021, members of the MFCS team:

- Served nearly 15,000 individuals and over 4,700 families;
- Provided over 640,000 meals to hungry, low-income children and seniors;
- Saved Veteran riders over \$15,000 in fare box fees by providing more than 3,650 trips to medical and nutritional appointments; and,
- Provided more than 9,750 to abused and neglected children helping them heal from traumas they've endured.

Through your event sponsorship, you've played a key role in helping MFCS improve the lives of people throughout our service region. You have the power to change lives, and your generosity will allow us to continue helping people and changing lives in the communities that we serve.

We truly appreciate your support, and your generous contribution, more than you know!

Electric Monthly Report May2022 for June2022 Council Meeting 4/23/2022-5/23/2022

Electric

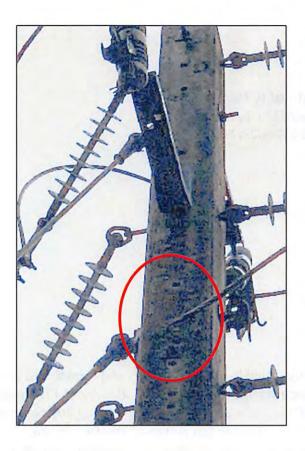

- · Completed May meter reading.
- Completed 70 various locates.
- Service orders 65 completed.

Monthly Outage Tally

-On May 17th at Duke reported that the 69kV line between Bushnell and Center Hill had a conductor down, a weather-related trip occurred on the 230/60 line. Breaker A170 opened causing an outage from 7:33PM till 7:38PM. The week end starting on May 20th resulted in some significant lightning activity causing multiple faults throughout the electric system. Normally, this type of event results in the loss of some fuses and on occasion a transformer failure. The lightning was so severe it was causing flash overs on some of the concrete structures resulting in wire failing as seen in the pictures below. To help combat

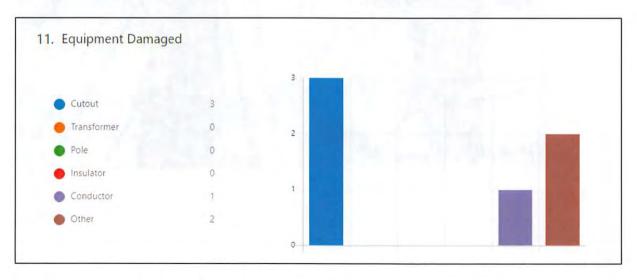

issues such as these shown here we have changed the disconnect switches to a 125 Basic Impulse Level (BIL) 27kV class and added pin connectors to the ends of the wire to make them more resilient during fault conditions. We had a second incident later that evening on another concrete pole. The crew had difficulty finding the issue as the wire remained exactly as it was trained into place and the gap that burned out was only about ½" wide. The storm at the time, darkness and small gap created by the lightning made it very difficult for the crew to find. These factors prolonged the outage Friday evening between the hours of 8PM till 2:30AM when it was eventually repaired.

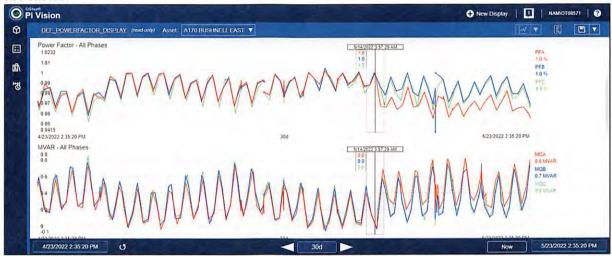

Looking at our metrics on equipment damage we are seeing an increase in the level of faults on the disconnect switches. Therefore, I will be looking at some options and costs to switch to something more robust, possibly polymer type construction as well as the addition of more lightning protection.

Policies & Procedures

-COB-EOP 002 Testing and Energizing Services & Metered Locations is still being developed and will be finalized soon.

Operations

- -Crews have one remaining pole to replace due to the OSMOSE inspections, we are looking at removing this backlot pole and providing a bore to the location in an effort to continue greater storm resiliency and beautification of the city by undergrounding systems when possible.
- -At this time the capacitor project has been completed. Total KVAR on our system is now at 3500, as these systems energize as programmed they should increase the overall power factor for the system. This improves our efficiency and improves our overall billing/power use factor.

-Construction of Popeye's Chicken is slated to be looking for permanent power around June 20.
