

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for the City of Bushnell (PWS 6600210)

Our water system violated drinking water requirements over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we are doing to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 2021 we did not complete testing for Primary Inorganics or Secondary Inorganics and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time. The table below lists the contaminants we did not properly test for during the last year, how often we are supposed to sample for these contaminants, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples will be taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were taken
Primary Inorganics	Every Three Years	0	2021	April 2022
Secondary Inorganics	Every Three Years	0	2021	April 2022

What is being done?

A more robust sampling plan is being developed to ensure samples are collected in the proper timeframe for the appropriate water system. This will allow us to be sure to remain in compliance for your safety and convenience. For more information, please contact Bushnell City Hall at 352-793-2591.

Some people who drink water containing specific contaminants could become seriously ill. Health effects language for individual contaminants can be obtained by visiting the FDEP website at: <https://floridadep.gov/water/source-drinking-water/content/standards-and-health-effects-drinking-water-contaminants>

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by The City of Bushnell. State Water System ID#: 6600210

Date distributed: 04-29-2022.
