- The 2020 Census Count is important to everyone. It is a snapshot of who we are, where we live and so much more...
- Census results show where new schools are needed; provides funding for hospitals; fire departments; new roads; Medicare Part B; school breakfast programs; children's health insurance program; community development block grants; supplemental nutrition assistance programs (SNAP); Unemployment insurance; rural rental assistance; section 8 housing vouchers for families in need, and much more.
- Businesses rely on census results to make decisions on factories, offices, expanding operations, employee recruitment, new stores and restaurants, just to name a few.
- It has never been easier to respond. You can fill out the form online using a mobile phone, tablet or computer at: my2020census.gov, respond by submitting your completed questionnaire by mail, or call 1-844-330-2020.
