

DAVENPORT TRANSFER STATION

7920 County Highway 10, Davenport NY

All solid waste deposited in plastic bags must be in **clear plastic bags**. NO BLACK BAGS.

To prevent litter, NYS law requires all loads to be **covered** during transport.

-----SPECIAL WASTES-----

Paint cans with residual paint must be **dried out** or **filled with cat litter** prior to disposal.

Empty and clean paint cans may be recycled with scrap metal.

Mattresses/Bedsprings and Upholstered furniture are considered construction and demolition debris.

There is an additional charge for the disposal of these items.

House/Apartment clean outs are subject to all solid waste and recycling guidelines.

Litter clean ups, illegal dumping and litter in black bags will be investigated to identify the illegal dumper.

Household batteries are accepted for recycling. Bring **wet cell /vehicle batteries** to Solid Waste Management Center in Walton for recycling.

Appliances that **do not** contain **Freon** are accepted at Transfer Station as scrap metal.

TV sets, computers, monitors, and electronics are considered hazardous waste by the USEPA. These items are accepted for recycling at the Transfer Station when deposited in their respective containers.
