If the vendor does qualify as a Section 3 Business concern, we will provide bidding preference to that vendor. If the vendor does not qualify as a Section 3 Business Concern that will not preclude them from bidding however the Section 3 monthly compliance requirements will still apply to the project. This includes monthly reporting. I am happy to speak to any vendor that has questions or needs more details about this, prior to submitting their bid. Additionally, Section 3 is not the only monthly reporting that will have to be completed. This project also requires weekly certified payrolls in compliance with the Davis Bacon Labor Standards and Related Acts.
