INTRODUCTORY SECTION

December 10, 2019

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Edinburg, Texas:

As mandated by both state statutes and local ordinances, we hereby submit the Comprehensive Annual Financial Report (CAFR) of the City of Edinburg for the fiscal year ended September 30, 2019. This report has been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as set forth by the Governmental Accounting Standards Board (GASB) and by the American Institute of Certified Public Accountants in its industry audit guide "Audits of State and Local Governmental Units."

The report contains management's representations concerning the finances of the City of Edinburg. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Edinburg has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Edinburg's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Edinburg's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Charter of the City of Edinburg requires that the City Council appoint certified public accountants, who will be responsible to the Council, to perform an independent audit of all funds of the City on an annual basis. The City of Edinburg's financial statements have been audited by Luis Orozco, CPA. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering an unmodified ("clean") opinion that the City of Edinburg's financial statements for the fiscal year ended September 30, 2019, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The City of Edinburg is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996, and the U.S. Office of Management and Budget's Circular A-133, *Audits of State and Local Governments and Non-Profit Organizations*. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City of Edinburg's single audit section of this report.

GASB requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Edinburg's MD&A can be found immediately following the report of the independent auditors.

This report includes all funds of the City. In addition, the report includes the Edinburg Economic Development Corporation (EEDC) and the Boys and Girls Club which comply with Governmental Accounting Standards Board (GASB) No. 14, "The Financial Reporting Entity." GASB Statement No. 14 requires that outside agencies be included if they are financially dependent upon the City or the governing body of the City can impose its will upon these agencies.

The EEDC was organized on behalf of the City of Edinburg for the specific public purpose of the promotion and development of commercial, industrial and manufacturing enterprises to promote and encourage employment and public welfare. The EEDC is governed by a five-member board of directors, each of which is appointed by the City Council. Any director may be removed from office by the City Council for cause or at will. The EEDC's primary source of revenue is sales tax revenues generated by the City of Edinburg. Exercise of all powers to affect the purposes of the corporation is subject at all times to the control of the Edinburg City Council. In addition, the City must approve amendments to EEDC's bylaws and articles of incorporation. The EEDC is a discretely presented component unit and is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the City.

PROFILE OF THE GOVERNMENT

The City was incorporated on September 19, 1919 under the laws of the State of Texas and adopted the Commission - Manager Form of government with the adoption of its Charter on April 1, 1949. A city charter election held on January 20, 1996 changed the City Commission to City Council and City Clerk to City Secretary.

The City Council is composed of the Mayor and four members, and is responsible for enacting ordinances, resolutions, and regulations governing the City, appointing members of various statutory and advisory boards and the City Manager, City Attorney, City Secretary, and Court Administrator. As chief administrative officer, the City Manager is responsible for the enforcement of laws and ordinances, and appoints and supervises the heads of departments of the City organization.

The City of Edinburg is the County Seat of Hidalgo County and is the third largest city in the Lower Rio Grande Valley. It is one of the major cities in the McAllen-Edinburg-Mission Metropolitan Statistical Area (MSA). The City is located about 226 miles south of San Antonio, 144 miles southwest of Corpus Christi and 20 miles north of the Mexican Border, on the north bank of the Rio Grande River directly across from Reynosa, Tamaulipas, Mexico. The City serves as the trade center for much of the Lower Rio Grande Valley. In addition, Edinburg is home to the University of Texas – Rio Grande Valley with a student population of approximately 29,619. The City has a semitropical climate, with 22 inches of average annual rainfall and 327 annual agricultural growing days. The lower Rio Grande Valley has rich, fertile delta soil, much of which is irrigated. Crops consist of vegetables, cotton, grain, sugarcane and citrus.

The City provides a full range of services including police and fire protection, health services, planning and engineering, code enforcement, street maintenance, traffic control, parks operation and maintenance, recreation, library services, and utility services which include water, sanitary sewer and solid waste collection.

The financial administration of the City is vested by charter in the Department of Finance, the head of which is the City Manager. The Department of Finance operates under the direction of the Director of Finance, who is appointed by the City Manager. Charter required activities of the Department of Finance are, control of, custody and disbursement of City funds. Other activities of the department include water, sanitary sewer and solid waste billing and collection, payroll processing, data processing, purchasing and the preparation of the annual budget and interim and annual financial reports.

In accordance with the City Charter, on or before August 15, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year, along with estimates for the current year and actual data for the preceding year.

The City Charter requires that the budget be submitted in summary form. In addition, more detailed itemized line item budgets are included for administrative control. The level of control for the detailed budget is at the line item basis. The budget is legally enacted through the passage of an ordinance on or before September 15. Please refer to Note 2A in Notes to Financial Statements for more detail on budgets and budgetary accountings.

FACTORS AFFECTING FINANCIAL CONDITION

A growing population, diversified economy, decreasing unemployment rate, and increased income levels have all continued to benefit the City of Edinburg. Edinburg continues to receive additional benefits from the ever growing University of Texas Rio Grande Valley (UT RGV) and increased employment from the many county and state agencies located within the City itself. Generally, the economic outlook for the City of Edinburg is stable and should remain so for some time to come. The City of Edinburg has not experienced a drastic economic slowdown comparable at the National and State level. For Fiscal Year 2018-2019, taxable values, a prime indicator of an area's relative health and growth, increased \$333,111,043, which represents an increase of 7.59% more than the past fiscal year.

With the help of the Edinburg Economic Development Corporation, the City of Edinburg continues to see economic prosperity in the construction industry and is experiencing stable residential and commercial construction. For the fiscal year ending 2019, residential new construction and commercial construction permits totaled \$577,854 for fiscal year ending 2019. One notable permit is the construction of the new Hidalgo County Courthouse.

Local Economy. The City of Edinburg enjoys a favorable economic environment and local indicators point to continued stability. The region is continuously undergoing growth from a variety of industries which include healthcare, entertainment and others. Recent and undergoing major activities include:

Healthcare. The University of Texas System Regents invested \$50 million in a Regional Academic Health Center (RAHC) in the Rio Grande Valley. The University split the health center into four components in the Rio Grande Valley. Edinburg received a \$20 million biomedical research facility that will help improve the quality of life throughout the region. The research facility will provide state-of-the-art laboratory space and equipment for scholars and scientists to conduct research on critical health problems facing the Texas-Mexico border. Construction of the planned 45,500 square foot Edinburg complex will feature a laboratory animal resource facility, a Level 3 biological safety laboratory, offices, and other high-tech equipment. The University of Texas System leadership moved forward with a bold, transformational plan and created a new university in South Texas. The plan resulted in a single institution that spans the entire Rio Grande Valley, with a presence in each of the major metropolitan area of Brownsville, Edinburg, Harlingen, and McAllen.

Edinburg is home to the University of Texas Rio Grande Valley (UT RGV) Medical School. Construction was completed in 2016 for the 88,000 GSF facility equipped with modern classroom space, auditorium, clinical skills center, pre-clinical M.D. labs, administrative space and a gross anatomy teaching facility to support an interprofessional, collaborative educational experience. Funding of \$54,000,000 was appropriated from Permanent University Fund (PUF) Bond Proceeds.

The impact the medical school will have on the economy of the Rio Grande Valley after 10 years is as follows: more than 2,300 jobs primarily in biotechnology, pharmaceuticals, research and medical devices, created in the Rio Grande Valley that pay an average of \$80,000 per year; as many as 600 students attending

medical school; more than 200 residents completing their training in local hospitals; and more than \$480 million each year in new economic activity across the Rio Grande Valley.

Furthermore, The Doctors Hospital at Renaissance completed construction of a 38,010 square foot conference center in December 2011. Four other construction projects are underway. The Doctors Hospital is spending approximately \$8 million to construct new buildings to house its Bariatric and Metabolic Institute, Urology Institute, and the Edinburg branch of Harvard Medical School- affiliated Joslin Diabetes Center. In addition, it is construction a 13,000 square foot expansion to its conference center on the hospital's campus as its fourth project. It is also currently undergoing an expansion and transformation to a teaching hospital to be a part of the Medical School. Total investment underway is \$200 million.

Entertainment. The City of Edinburg is the home of the RGV FC Toros, which is the 25th franchise of the United Soccer League (USL). The team began play in a 9,700 seat, soccer-specific stadium that located at the intersection of Freddy Gonzalez and Raul Longoria roads in March 2017.

A multipurpose event center was constructed off of I-69C in 2018. The anchor tenant at the arena is the NBA Development League Rio Grande Valley Vipers. The Vipers begun playing in the new facility in 2018. The 115,799 square foot arena was built on 40 acres of land located on the east side of I-69C on Alberta Road. It features 8,500 seats, 10 luxury suites, 1,200 club seats, a restaurant/club area, locker rooms, and offices for sports team personnel, offices for facility management, and a marquee, and is designed to host a variety of entertainment events, including sporting events such as basketball and ice hockey, concerts, family shows and trade shows. The entire property includes nine additional pad sites for the development of a future hotel, restaurants, and more parking spaces.

Other. The City completed constructing a new \$2.7 million multi-use transit center substantially to be substantially completed in 2020. The 35,000 square foot mixed used building houses the new Valley Metro bus station, restaurants, and office spaces.

Due to the increase in companies locating their business at the City's industrial park located in the southwest quadrant of the city, the need to develop and build a second industrial park arose. The development of a 108-acre industrial park north of Edinburg moved forward with the approval of an engineering/construction contract funded by the Edinburg Economic Development Corporation. This North Industrial Park will help the City of Edinburg recruit new companies and provide local companies looking to relocate or expand within the City to relocate to the new industrial park along U.S. Highway 281 near Farm-to-Market Road 2812.

Holt Cat – Caterpillar Equipment, an engine dealer for South, Central, North and North East Texas, opened a 47,000-square foot full-service facility in Edinburg. The addition of a full-service store will help HOLT continue its strong commitment to serving the communities and businesses of South Texas and the Rio Grande Valley, where HOLT has been a dealer for more than 80 years.

Additional companies added to the North Industrial Park include: Fed/Ex Ground completed construction of a 120,000 square-foot warehouse that provides the shipping company quick access to U.S. 281. The Texas Department of Public Safety opened a new 25,000 square foot regional facility in November 2017. Fiesta Nissan, a 45,000 square foot sales and service automobile dealership, opened its facility in November 2016.

Long-term Financial Planning. Careful long-term financial planning is an important goal for the City. Currently, 63% of all U.S. - Mexico trade goods are transported by land flow through South Texas. Edinburg is strategically located on one of the major conduits for these goods. The City of Edinburg's transportation network, including U.S. Expressway 281, is scheduled to be expanded into Interstate

Highway 69. The state will be spending \$120 million more to upgrade roads leading to U.S. 281, which runs through the heart of the City directly to San Antonio.

In addition, the City Council has completed and will continue to work on other projects to address significant issues in our community. The City Council updated the Water/Wastewater Master Plans and the Solid Waste Management Master Plan, plus also approved a \$30M General Obligation Bond .Projects include the Water Treatment Plant Expansion, the construction of a new \$2.7 million multi-use transit center, and the construction of a new Fire Station. Major infrastructure improvements throughout the City for drainage and retention ponds.

Additional bonds will be considered in the future for additional public facilities, streets, and drainage improvements. The City's current bond ratings are as of last issue in each of the following categories:

| | General Obligation | Revenue |
|---------------------------|--------------------|---------|
| Moody's Investors Service | Aa3 | Aa3 |
| Standard and Poor's | AA- | AA |
| Fitch Ratings | AA | AA- |

Cash Management. All City operating funds are held in interest-bearing demand accounts in the depository bank. This money is protected by insurance from the Federal Deposit Insurance Corporation and by collateral interests in the depository's investment securities that are pledged against the City's deposits. Cash not required for operations is invested according to the City's written investment policy. The policy emphasizes safety and liquidity in investing public funds. The City's funds were invested through TexPool, the largest local government investment pool in the state of Texas. As of September 30, 2019, the City of Edinburg's Tex-Pool account has generated an average rate of return of around 2.31% for the fiscal year.

OTHER INFORMATION

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Edinburg, Texas for its Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2018. The City has received this award for the last twenty-four years. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both Generally Accepted Accounting Principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only.

Acknowledgements. We wish to express our sincere appreciation to all members of the Finance Department who assisted and contributed to the preparation and completion of this report and to services of the independent auditor Luis Orozco, CPA.

We would also like to thank the Mayor and the Members of the City Council for their continued interest and support in planning and conducting the financial affairs of the City in a responsible and progressive manner.

| Respectfully submitted, | |

Independent Auditor's Report

Honorable Mayor and Members of the City Council of the City of Edinburg

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Edinburg, Texas, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise The City of Edinburg Texas' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

LUIS C OROZCO

CERTIFIED PUBLIC ACCOUNTANT

808 Del Oro Lane Pharr, TX 78577 lcocpa@lcocpa.com

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Edinburg, Texas, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, general fund budgetary comparison schedule, schedule of changes in net pension liability and related ratios – Texas Municipal Retirement System, schedule of the City's proportionate share of the net pension liability – Texas Emergency Services Retirement System, schedule of City's contributions for all pension plans, schedule of changes in total OPEB obligation and related ratios - Post Retirement Supplemental Death Benefits and Post-Retirement Medical Plan, and the notes to required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Edinburg's basic financial statements. The introductory section, other supplementary information section, statistical section, and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

LUIS C OROZCO

CERTIFIED PUBLIC ACCOUNTANT

808 Del Oro Lane Pharr, TX 78577 lcocpa@lcocpa.com

The other supplementary information section and the Schedule of Expenditures of Federal Awards are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information section and the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections as identified in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 10, 2020 on our consideration of the City of Edinburg's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Edinburg's internal control over financial reporting and compliance.

Management Discussion and Analysis

Management's Discussion and Analysis

As management of the City of Edinburg, we offer readers of the City of Edinburg financial statements this narrative overview and analysis of the financial activities of the City of Edinburg for the Fiscal Year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal listed in the table of contents.

Financial Highlights

- The assets and deferred outflows of the City exceeded liabilities and deferred inflows at the close of the most recent fiscal year by \$191,114,184 (net position).
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$69,534,383, an increase of \$33,177,658 from the prior year, and a prior period adjustment decrease of \$926,074.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,693,739, and assigned fund balance of \$15,046,900, totaling \$20,740,639, or 33.77 percent of total General Fund expenditures.
- The City of Edinburg's total long term debt increased by \$33,144,126 or 21.08 percent during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Edinburg's basic financial statements. The City of Edinburg's basic financial statements comprise three components:

1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, the City's report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Edinburg's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Edinburg's assets and deferred outflows, and liabilities and deferred inflows, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Edinburg is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Edinburg that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Edinburg include general government, public safety, highways and streets, health and welfare, culture and recreation, urban redevelopment and housing, and economic development. The business-type activities of the City of Edinburg include a utility system (water and sanitary sewer services), golf course services, solid waste services, and airport services.

The government-wide financial statements include not only the City of Edinburg itself (known as the primary government), but also legally separate component units for which the City of Edinburg is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself. With the exception of the Edinburg Economic Development Corporation, none of the other component units issue separate financial statements. Complete financial statements for this component unit may be obtained at its administrative office at:

Edinburg Economic Development Corporation 415 W. University Drive Edinburg, Texas 78541

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Edinburg, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Edinburg can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Edinburg maintains fourteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund and capital projects fund, which are considered major funds. Data from the other twelve governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements*.

Proprietary funds. The City of Edinburg maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Edinburg uses enterprise funds to account for operations of its water and sanitary sewer system, golf course, landfill and garbage collection, and airport. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Edinburg's various functions. The City of Edinburg uses an internal service fund to account for its self-insured worker's compensation program. Because this service predominantly benefits governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer system and solid waste operation, which are considered to be major funds of the City of Edinburg. Data from the other proprietary funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major enterprise funds is provided in the form of *combining statements*. The internal service fund is presented separately in the proprietary fund financial statements.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City of Edinburg's progress in funding its obligation to provide other postemployment benefits (OPEB) to its employees. In addition, the City is required to present schedules concerning its net pension and OPEB liabilities and contributions related to its retirement and other postemployment benefits programs.

The City of Edinburg adopts an annual budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Edinburg, assets exceeded liabilities by \$191,114,184 at the close of the most recent fiscal year.

City of Edinburg Net Position September 30, 2019

By far, the largest portion of the City's net position (98.55 percent) reflects its investments in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The City of Edinburg uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Edinburg's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Edinburg's net position (15.61 percent) represents resources that are subject to external restrictions regarding how they may be used, plus a cash separation of operating reserves of approximately 90 days for governmental activities.

The City reported a deficit balance of unrestricted net position for governmental activities. During the 2017-2018 year, the city implemented GASB 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. Implementation of these standards resulted in the recording of a net OPEB liability and other postemployment benefits totaling \$18,082,702 for the current year, along with a current net pension liability of \$\$28,504,533. This accounts for the deficit unrestricted net position reported at September 30, 2019.

For business-type activities, the City of Edinburg is able to report positive balances in all three categories of net position.

The following table presents details on revenues and expenses for both governmental activities and business-type activities.

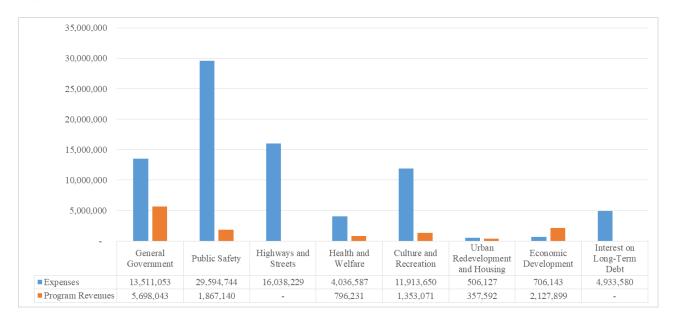

Total revenues generated from both governmental and business-type activities for this year amounted to \$109,891,470. Expenses were \$114,188,593 thus decreasing net position by \$4,297,123.

Governmental activities. Governmental activities decreased the City of Edinburg's net position by \$2,688,700. Cause of this decrease can be attributed to the new depreciation expense of the Burt Ogden Arena.

Expenses and Program Revenues - Governmental Activities

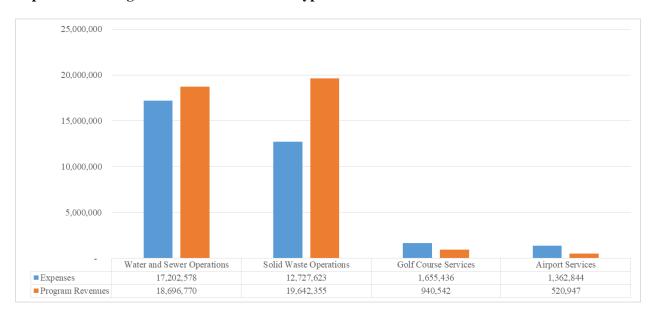

Revenues by Source - Governmental Activities

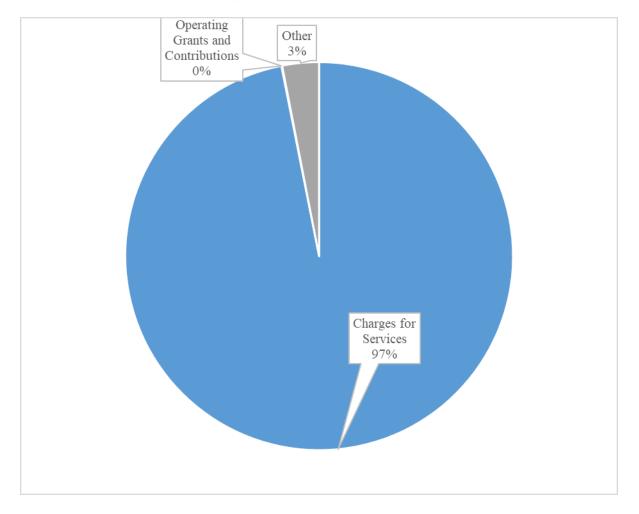

Business-type activities. Business-type activities decreased the City of Edinburg's net position by \$1,608,423, which is mainly due to higher interfund transfers in the current year.

Expenses and Program Revenues - Business Type Activities

Revenues by Source - Business Type Activities

Financial Analysis of Government's Funds

As noted earlier, the City of Edinburg uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City of Edinburg's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Edinburg's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City of Edinburg's governmental funds reported combined ending fund balances of \$69,534,383, an increase of \$33,177,658 in comparison with the prior year. This increase was due to bond proceed and capital lease proceeds for capital expenditures within the General Fund and Capital Projects Fund. \$5,678,233 constitutes unassigned fund balance for all governmental funds, which is available for spending at the City's discretion. The remainder of the fund balance (\$36,034,681) is restricted /committed/assigned for a variety of other purposes.

The General Fund is the chief operating fund of the City of Edinburg. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$5,693,739 while total fund balance increased to \$20,855,023. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 9.27 percent of total General Fund expenditures. Total fund balance represents 33.96 percent of total General Fund expenditures.

During the current fiscal year, the net change in fund balance of the City of Edinburg's General Fund was an increase of \$1,936,173. The key components and factors in this increase are as follows:

- There was an increase in ad valorem and franchise tax revenue due to the continued growth in the City's economy.
- Net other financing sources and uses totaled \$7,107,808. This is comprised of transfers out in the amount of \$5,249,163 to non-major enterprise funds and non-major governmental funds, transfers in totaling \$9,907,046, mainly from the Solid Waste Management Fund, sales of assets of \$44,599 and insurance proceeds of performance bonds of \$259,325.

The Debt Service Fund has a total fund balance of \$2,259,029, all of which is restricted for the payment of debt service. The net increase in fund balance during the current year in the Debt Service Fund was \$901,263. This was mainly due to the excess of sales tax revenue, in lieu of property tax, transferred from the General Fund in the amount of \$735,126. Principal, interest and fiscal charges expenditures increased during the current period by \$263,153.

Proprietary funds. The City of Edinburg proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

As of September 30, 2019, total unrestricted net position amounted to \$11,652,025. The Water, Sewer, and Solid Waste Management Funds had unrestricted net position of \$6,936,277 and \$5,377,507 respectively. The other non-major funds ended the year with unrestricted net position totaling (\$661,759).

General Fund Budgetary Highlights

The final amended expenditure budget was \$14,858,539 more than the original budget. The major differences can be briefly summarized as follows:

- \$Approximately 470,000 in the Police and Fire Department due to additional the 3% percent cost of living adjustment based on the current civil service agreement.
- Approximately \$1,750,000 in new positions throughout the City (\$1,000,000) and operating costs (\$750,000) due to growth for operations.
- \$Approximately \$11,130,000 in capital expenditures and transfers to Capital Projects due to the capital lease proceeds and additional transfers in from the Solid Waste Fund due to extra fiscal cash on hand.
- \$Approximately \$1,500,000 in transfers to various nonmajor enterprise funds (\$175,000), new debt service payments from capital leases (\$200,000) and various obligations (\$1,125,000) due in the current year not fully calculated during the budget process

The final projected revenues compared to actual revenues also reflect some differences; however, these differences are identified with budgeted expenditures. The major revenue differences between actual and final budget can be summarized as follows:

Taxes

- Ad valorem tax revenues for Fiscal Year 2018-2019 were \$1,068,429 over the budgeted amount.
- Sales tax revenues for Fiscal Year 2017-2018 were \$1,661,419 over the budgeted amount.
- Franchise and other tax revenues for Fiscal Year 2018-2019 were \$189,528 over the budgeted amount.

Capital Asset and Debt Administration

Capital assets. The City of Edinburg's investment in capital assets for its governmental and business type activities as of September 30, 2019 amounts to \$317,575,351 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, streets, storm drainage, sanitary sewer system, and a water system. The total decrease in the City of Edinburg's investment in capital assets for the current fiscal year was 1.82 percent (2.77 percent decrease for governmental activities and a 0.76 percent decrease for business-type activities).

Major capital asset events during the current fiscal year included the following:

- City wide fixed assets audit, which resulted in approximately \$1,000,000 of disposed assets removed from the books.
- Governmental and Business-type activities had a construction in progress increase of \$4,959,451 and \$1,667,728 respectively.

Additional information on the City of Edinburg's capital assets can be found in note 7, in the notes to the financial statements.

Long-term debt. At the end of the current fiscal year, the City of Edinburg had total long-term debt outstanding of \$190,359,399.

The City's total debt increased by \$33,144,126 or 21.08 percent, during the current fiscal year. The City maintains a "AA-" rating from Standard and Poor's for its general obligation bonds and a "AA" rating from Standard and Poor's for its utility system revenue bonds.

Additional information on the City of Edinburg's long-term debt can be found in note 8, in the notes to the financial statements.

Notes to the Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Edinburg, Texas, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted primary standard-setting body for establishing governmental accounting and financial reporting principles.

As a local government, the City is not subject to federal income taxes under Internal Revenue Code Section 115. Furthermore, it is not subject to state sales tax.

The more significant of the City's accounting policies are described below.

Reporting Entity

The City of Edinburg, Texas, was incorporated on September 19, 1919 under the Constitution of The State of Texas. The City operates under the council-manager form of government and provides a full range of municipal services as authorized by its charter. The services include public safety (police and fire), highways and streets, solid waste, health and welfare, culture and recreation, public improvements, planning and zoning, general government services, utilities (water and sewer), improvements, and an international airport.

For the fiscal year ending September 30, 2019, the City adopted the following financial accounting standards issued by the Governmental Accounting Standards Board:

Blended Component Units

Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize their legal separateness from the City.

Discretely Presented Component Units

The Edinburg Economic Development Corporation (EEDC) was organized on behalf of the City of Edinburg for the specific public purpose of the promotion and development of commercial, industrial and manufacturing enterprises to promote and encourage employment and the public welfare. It was incorporated on April 23, 1990 and is considered a 501 (c) (4) corporation by the Internal Revenue Service.

A five-member board of directors, each of which is appointed by the City Council, governs the EEDC. Any director may be removed from office by the City Council for cause or at will. Exercise of all powers to affect the purposes of the corporation is subject at all times to the control of the Edinburg City Council. In addition, the City must approve amendments to EEDC's Bylaws and Articles of Incorporation. The City has financial accountability because the voting majority of the board members are nominated by the City Council and a financial benefit/burden exists, allowing the City to impose its will. EEDC is presented as a governmental fund type and has a September 30 year-end.

Complete financial statements for this component unit may be obtained at its administrative office at:

Edinburg Economic Development Corporation 415 West University Drive Edinburg, Texas 78541

The Boys' and Girls' Club of Edinburg, Inc. (a non-profit corporation), is a member of the national Boys' and Girls' Clubs of America and was organized by the City of Edinburg for the specific public purpose of improved services to the community, which are to inspire and enable all young people, especially those from disadvantaged circumstances, to realize their full potential as productive, responsible and caring citizens. It is a 501 (c) (3) nonprofit corporation. The Boys' and Girls' Club of Edinburg, Inc. is governed by a sixteenmember board of directors, one of which is appointed by the City Council. The Boys' and Girls' Club of Edinburg, Inc.'s primary source of funds are contributions from the general public, grants, and assistance from the City of Edinburg. The City of Edinburg also performs certain administrative functions such as payroll and accounts payable processing. There is a fiscal dependency on the City, and there is the potential that exclusion would result in misleading financial reporting. The Boys' and Girls' Club of Edinburg, Inc. is presented as a governmental fund type and has a September 30 year-end.

The Boys' and Girls' Club of Edinburg, Inc. does not issue separate financial statements.

Blended Component Unit

City of Edinburg, Texas Local Government Finance Corporation (LGFC) was created on January 16, 2007 by the City of Edinburg, Texas, to assist with financing and constructing economic development projects within the City and manage tax increment reinvestment zones. The LGFC is a nonprofit local government corporation established in accordance with the provisions of Subchapter D of Chapter 431, Texas Transportation Code, as amended. Its primary source of revenues are tax increments paid to it from reinvestment zones within the City to discharge debt obligations incurred in connection with economic development projects.

The LGFC is governed by a five-member board of directors all of whom are members of the Edinburg City Council. Terms of office run concurrently with the respective terms of office on the City Council. The City can impose its will on the LGFC and a financial benefit/burden exists. Because the LGFC's governing body is substantially the same as the governing body of the City, it is presented as a blended component unit in the financial statements. The LGFC does not issue separate financial statements.

Tax Increment Reinvestment Zones

In 1997, the City Council approved ordinance No. 1915 which created a tax increment reinvestment zone pursuant to Chapter 311 of the Texas Tax Code. This was originally designated as Reinvestment Zone Number One, City of Edinburg, Texas (1997 Zone). However, no public or private improvements were made to the 1997 Zone and expected development never materialized. Therefore, on November 18, 2008, an ordinance was passed terminating the 1997 Zone. However, the new zone established in 2007 (TIRZ # 1 described below) was inadvertently named Reinvestment Zone Number One, City of Edinburg, Texas. Since the 1997 Zone was terminated, there was no need to change the name of the 2007 tax increment zone. As a result, there is no Tax Increment Zone Number Two.

Reinvestment Zone Number One, City of Edinburg, Texas (TIRZ # 1) is a reinvestment zone created by the City of Edinburg pursuant to the Tax Increment Financing Act, Chapter 311, Texas Tax Code. Creation of the tax increment zone along with an economic development agreement between the City of Edinburg, Hidalgo County, The Edinburg Economic Development Corporation, the City of Edinburg Local Government Finance Corporation, and the developer, allowed for property tax increment funding to support development activities relating to development of a retail shopping center containing approximately 800,000 square feet in multiple buildings.

On March 16, 2015, the developer agreement dated February 20, 2007 and subsequently amended on August 16 and November 15, 2011 was cancelled. All work under the agreement had been performed by the developer and the City desired to use TIRZ # 1 to help finance the repayment of debt issued for the construction of a new municipal facility in TIRZ # 4. Under the developer agreement, the City was required to provide a Chapter 380 Grant Reimbursement equal to the difference between \$8,000,000 and the public infrastructure reimbursement. This was being paid from the City's dedicated 1% sales tax revenues collected within TIRZ # 1. The remaining amount due to the developer under the agreement was \$1,572,266. In addition, the EEDC owed a remaining balance of \$1,975,684, for a total amount of \$3,547,950. Per the terms of the agreement to terminate the economic development agreement, both the City and the EEDC agreed to pay off these balances. In return, the developer released both the City and the EEDC from future obligations under the agreement.

Tax increment revenues are transferred to the City of Edinburg Local Government Finance Corporation for the purpose of discharging obligations arising out of Public Infrastructure Bonds issued for which tax increment revenues have been pledged. Other than the City of Edinburg and Hidalgo County, no other taxing jurisdictions are participating in TIRZ # 1. This TIRZ has been combined with TIRZ # 4 (described below) and all revenues are now being used to pay obligations issued to fund the construction of a municipal facility.

At the expiration of the term of the tax increment zone, any remaining tax increment revenues will be distributed into the general fund of the City in proportion to its contributions to the zone for the tax year most recently ended.

Reinvestment Zone Number One, City of Edinburg, Texas has a board of directors composed of six members, with one of the members appointed by Hidalgo County and the remaining five members appointed by the City Council of the City. Each board member serves a two-year term. The zone is managed by LGFC, which is presented as a blended component unit of the City.

Reinvestment Zone Number Three, City of Edinburg, Texas (TIRZ #3) is a reinvestment zone created by the City of Edinburg pursuant to the Tax Increment Financing Act, Chapter 311, Texas Tax Code. The zone was created on November 18, 2008. Creation of the tax increment zone along with an economic development agreement between the City of Edinburg, Hidalgo County, LGFC, and the developer, allows for property tax increment funding to TIRZ #3 to support qualifying development activities related to 704 acres of land located in the northeast quadrant of the city. The developer will be responsible for the development and construction of the project at their cost and expense. In exchange, taxes generated in TIRZ #3 will reimburse the developer for all, or a portion of reimbursable public infrastructure costs as defined in the agreement. Tax increment revenues are transferred to LGFC for the purpose of discharging obligations under the development agreement. Other than the City of Edinburg and Hidalgo County, no other taxing jurisdictions are participating in TIRZ #3. The zone will terminate upon the earlier of (i) the date on which the reimbursement commitments or tax increment bonds have been fully paid or defeased in accordance with the terms of the development agreement or (ii) 30 years (December 31, 2037) from the effective date of the ordinance creating the zone. At the expiration of the term of the tax increment zone, any remaining tax increment revenues will be distributed into the general fund of the City in proportion to its contributions to the zone for the tax year most recently ended.

Reinvestment Zone Number Three, City of Edinburg, Texas has a board of directors composed of five members, with one of the members appointed by Hidalgo County and the remaining four members appointed by the City Council of the City. Each board member serves a two-year term. The zone is managed by LGFC, which is presented as a blended component unit of the City.

Reinvestment Zone Number Four, City of Edinburg, Texas (TIRZ #4) is a reinvestment zone created by the City of Edinburg pursuant to the Tax Increment Financing Act, Chapter 311, Texas Tax Code. The zone was created on November 19, 2013. Creation of the tax increment zone allows for property tax increment funding to TIRZ # 4 to support financing of costs associated with the construction of public improvements related to several development and redevelopment projects, including the construction of a municipal facility. On March 1, 2015 an agreement was entered into between the City, the LGFC, TIRZ # 1, TIRZ #4, and the EEDC. Under the terms of the agreement, the LGFC will aid in the financing, constructing, furnishing, and owning of an indoor multipurpose event center. The LGFC will be the landlord and lease the municipal facility as further described in the lease and development agreement. In connection with this agreement, the LGFC issued bonds to finance the construction. Under the terms of the agreement, the developer was responsible for half of the construction costs of the municipal facility and any cost overruns. Other than the City of Edinburg and Hidalgo County, no other taxing jurisdictions are participating in TIRZ # 4.

The zone will terminate on December 31, 2045, unless otherwise terminated earlier as a result of payment in full of all project costs or tax increment bonds, if issued.

Reinvestment Zone Number Four, City of Edinburg, Texas has a board of directors composed of five members, with one of the members appointed by Hidalgo County and the remaining four members appointed by the City Council of the City. Each board member serves a two-year term. The zone is managed by LGFC, which is presented as a blended component unit of the City.

Government-wide and fund financial statements

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City does not allocate indirect expenses to functions in the Statement of Activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds and component units are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, similar to accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the payment is due.

Proprietary funds are accounted for on a cost of services or "economic resources" measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included in their statements of net position. Agency funds are unlike all other types of funds, reporting only assets and liabilities. Therefore, agency funds cannot be said to have a measurement focus (i.e., since they do not report net position they cannot present an operating statement reporting changes in net position). They do, however, use the accrual basis of accounting to recognize receivables and payables.

The City issued revenue bonds to finance water and sewer system improvements. Both the water and sewer departments are accounted for in a single fund. Investors in the revenue bonds rely solely on the revenue generated by these activities for repayment. Financial information for the Water and Sewer Fund is included in Exhibits 3-A through 3-E.

Noncurrent portions of certain long-term receivables, such as property taxes, are reported on the balance sheets of governmental funds in spite of their measurement focus. Special reporting treatments are used to indicate that they should not be considered available spendable resources, since they do not represent net current assets. Recognition of governmental fund revenues represented by noncurrent receivables is deferred until they become current receivables and reported as a deferred inflow.

Those revenues susceptible to accrual are property taxes, franchise taxes, interest revenue of the current fiscal period and certain charges for services. Sales taxes collected and held by the intermediary collecting governments at year-end on behalf of the City are also recognized as revenue. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Capital Projects Fund* is used to account for the acquisition and construction of the City's major capital facilities and infrastructure improvements, other than those financed by proprietary funds.

The government reports the following major enterprise funds:

The Water and Sewer Fund is used to account for water and sewer service revenue and expenses.

The *Solid Waste Management Fund* is used to account for solid waste collections and landfill service revenues and expenses.

Additionally, the government reports the following fund types:

Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than debt service or major capital projects) that are legally restricted to expenditures for specified purposes.

Internal Service Fund. The City was formerly self-insured with respect to worker's compensation and uses an internal service fund to account for the contributions from funds and payments of expenses related to claims made under the worker's compensation program. Internal service funds are used to account for the financing of goods and services provided by an activity to other departments, funds or component units of the City on a cost-reimbursement basis. The fund currently accounts for remaining run-out claims from previous periods. Because the principal users of the internal services were the City's governmental activities, the financial statements of the internal service fund are consolidated into the governmental column when presented in the government-wide financial statements.

Fiduciary Fund. An agency fund, the Developer's Escrow Fund, is used to report developer's deposits held in a custodial capacity (assets equals liabilities).

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer and solid waste management functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Both the government-wide and proprietary fund financial statements apply all applicable GASB pronouncements.

Assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position

Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Money market investments which are short-term, highly liquid debt instruments including commercial paper, banker's acceptances and U.S. Treasury and agency obligations that have a remaining maturity at time of purchase of one year or less are reported at amortized cost. Investments in entities (such as investment pools) that calculate net asset value per share and follow the requirements of GASB Statement No. 79 are also reported at amortized cost. All other investments are reported at fair value. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value.

The City can legally invest in adequately secured investments in accordance with the Public Funds Investment Act. The City may also participate in any public funds investment pool created under the Interlocal Corporation Act. In general, this policy allows the City to invest in certificates of deposit, repurchase agreements, obligations of the U.S. Government and its agencies or instrumentalities, and state obligations.

The Edinburg Economic Development Corporation is authorized to invest in certificates of deposit, obligations of the U.S. Government and its agencies or instrumentalities, and state obligations.

The Boys' and Girls' Club of Edinburg, Inc.'s bank accounts are managed by the City and the City's investment policies are followed, with the exception of the endowment fund, which is managed separately by the Boys' and Girls' Club of Edinburg, Inc. The endowment fund of the Boys' and Girls' Club of Edinburg, Inc. is not subject to and does not invest its funds in accordance with the Public Funds Investment Act. The City of Edinburg has no control over the endowment fund or the investment decisions made.

The Boys' and Girls' Club of Edinburg, Inc.'s endowment investments are carried at fair value as defined in GASB Statement No. 72. The City categorizes its fair value measurements within the fair value hierarchy. The hierarchy is based on valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Receivables and payables

Lending/borrowing between funds that results in amounts outstanding at the end of the fiscal year are referred to as either "due to/from other funds" or "advances to/from other funds". "Due to/from other funds" represents the current portion of interfund loans. "Advances to/from other funds" represents the non-current portion of interfund loans. With respect to the government-wide financial statements, any residual balances outstanding between the governmental activities and business-type activities are reported as "internal balances."

Advances between funds, reported in the fund financial statements, are classified as nonspendable fund balance in governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Accrued liabilities include amounts accrued for salaries and other payroll-related items.

All trade receivables are shown net of an allowance for uncollectible accounts, as applicable. Included in accounts receivable of the City's Water and Sewer enterprise fund is an estimated amount for services rendered but not billed as of the close of the year. The receivable was estimated by prorating subsequent cycle billings.

Property taxes are levied, by October 1, on the assessed value listed as of the prior January 1 for all real and business personal property in the City. Assessed values are an approximation of market values.

Taxes are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. No discounts are offered. Tax liens attach on January 1 each year. The tax lien is part of a lawsuit for property that can be filed any time after taxes become delinquent. Generally, suits are filed on property after July 1. Collection costs of 15% may be added to all delinquent accounts. Current tax collections for the year ended September 30, 2019, were 97.28% of the tax levy.

Property taxes at the fund level are recorded as receivables and deferred inflows at the time the taxes are levied. Revenues are recognized as the property taxes are collected including those collected 60 days after the end of the year.

Taxes are prorated between general and debt service funds based on rates adopted for the year of the levy. For the year ended September 30, 2019, property tax rates were \$.5447 and \$.0903 for the general fund and the debt service fund, respectively, per \$100 of assessed value.

Inventories and prepaid items

Inventories of governmental funds, consisting of fuel and office supplies, are valued at cost on the first-in, first-out basis. Inventories of proprietary funds, consisting of fuel and parts and supplies, are valued at cost on the first-in, first-out basis. Merchandise inventories are valued at lower of cost or market on the first-in, first-out basis. Inventories are recorded under the consumption method. Under this method, the expenditure is initially recorded as an asset and subsequently expensed upon usage.

Prepaid items consist of payments to vendors for costs applicable to future accounting periods. Prepaid items are recorded under the consumption method. Under this method, the expenditure is initially recorded as an asset and subsequently expensed over the periods service is provided.

Restricted Assets

The water and sewer revenue bond indentures require that during the period the bonds are outstanding, the City must maintain certain separate accounts and funds to account for the proceeds from the issuance of the revenue bonds and debt service deposits made from revenues. These restricted assets can be used only in accordance with the revenue bond indenture to pay the debt service payments on such bonds and costs associated with projects associated with the bonds.

In connection with an economic development agreement, the blended component unit, City of Edinburg Local Government Finance Corporation, is required to keep cash with a fiscal agent under a trust agreement. The cash is disbursed by the trustee in relation to construction costs and debt service requirements.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Leases that meet the criteria of a capital lease are capitalized.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are reported at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest expense on debt issuances is not capitalized on capital assets of during construction.

Depreciation of capital assets used by proprietary funds is charged as an expense against their operations in the fund financial statements as well as the government-wide financial statements. Depreciation of general capital assets used by funds categorized as governmental activities is not provided in the fund financial statements; however, it is included in the gross expense by function in the government-wide Statement of Activities. Capital assets, net of accumulated depreciation, are reported on proprietary fund balance sheets and in both the governmental activities and business-type activities columns of the government-wide Statement of Net Position.

Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

| Assets | Useful Lives |
|----------------------------|--------------|
| Buildings and Improvements | 10-50 years |
| Water and Sewer Systems | 20-50 years |
| Infrastructure | 15-40 years |
| Machinery and Equipment | 5-10 years |

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The City accrues a liability for sick leave using the vesting method. Vacation leave is accrued as a liability as the benefits are earned by employees when both the employees' rights are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits.

To the extent that the City's obligation is attributable to employees' services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means, vacation benefits are accrued as liabilities (on a government-wide basis) as employees earn the benefits. On a fund financial statement basis for the governmental funds, only matured liabilities and liabilities expected to be liquidated with current assets are accrued. Sick leave benefits are accrued as a liability as employees earn the benefits, but only to the extent that it is probable the City will compensate the employees through cash payments conditioned on the employees' termination or retirement.

Compensated absences directly related to and expected to be paid from proprietary funds are recorded as an expense and liability of those funds as the benefits accrue to employees. A compensated absence is liquidated in the fund where the employee's salary was paid. All compensated absences liquidated in the general fund are associated with employees' salaries paid from governmental funds.

Long-Term Obligations

In government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental/business – type activities or the specific proprietary fund to which each relates, as applicable. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses in the period incurred, with the exception of portions related to bond insurance, which are classified as prepaid expenses and amortized to expense over the term of the policy. Losses or gains resulting from advance refunding of debt are deferred and amortized over the shorter of the life of the new debt or the original life of the defeased debt and are reported as a deferred outflow or inflow of resources. Amortized amounts are reported as a component of interest expense.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as an "other financing source". Premiums received and discounts on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures in the period incurred.

Pension

For purposes of measuring the net pension asset, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from the City's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the City's total pension liability is obtained from TMRS through a report prepared for the City by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

Deferred Outflows of Resources and Deferred Inflows of Resources/Other Assets and Liabilities

In addition to assets, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has the following items that qualify for reporting in this category.

Deferred charges on refundings – a deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Pension contributions after measurement date – these contributions are deferred and recognized in the following fiscal year.

Difference in projected and actual earnings on pension assets – this difference is deferred and amortized over a closed five-year period.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The City has the following items that qualify for reporting in this category:

Changes in actuarial assumptions or other inputs and differences between expected or actual experience – these are amortized over the weighted average remaining service lives of all participants determined as of the measurement date.

Receivables for property taxes and other long-term receivables- these are recognized as revenue at the fund level when considered to be measurable and available.

Fund Balance Flow Assumptions

The City will periodically fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the City's policy is to first apply the expenditure toward restricted resources and then toward unrestricted resources. In governmental funds, the City's policy is to first apply the expenditure toward restricted fund and then to other, less restrictive classifications — committed and then assigned fund balances before using unassigned fund balances.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The following is a summary of the different fund balance categories:

- *Restricted*: fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- Committed: includes amounts that can be used only for the specific purpose determined by a formal action of the government's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by an adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken such as the adoption of another ordinance to remove or revise the limitation.
- Assigned: includes amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be committed. The City Council has not passed any resolution or measure designating a specific individual to assign fund balance. Unlike commitments, assignments generally only exist temporarily. An additional action does not normally have to be taken for the removal of an assignment.
- *Unassigned*: fund balance of the general fund that is not constrained for any particular purpose. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a *positive* unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, a negative unassigned fund balance is reported in that fund.

• *Nonspendable*: fund balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund.

The City has a financial policy in place to maintain a minimum level of assigned fund balance in the general fund. The target level is set at 25% of general fund annual expenditures (equal to at least three months). This amount is intended to provide fiscal stability when economic downturns and other unexpected events occur.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

The City follows these procedures in establishing budgetary data:

- Prior to August 15 of each year, the City Manager is required to submit to the City Council a proposed budget for the fiscal year beginning on October 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to October 1, the budget is legally enacted by the City Council through passage of an ordinance.
- The City Manager is authorized to transfer budgeted amounts between accounts within any budgetary category of a department; however, any revisions that alter the total expenditures of any department must be approved by the City Council. Budgeted amounts include transfers and revisions to the original appropriations ordinance.
- Annual appropriated budgets are adopted for the general fund, the debt service fund, and the Boys' and Girls' Club of Edinburg, Inc., a component unit. These budgets are adopted on a basis consistent with generally accepted accounting principles. The budgetary comparison schedule reflected in Exhibit 5-A is for the general fund and includes the original and final amended budget. Budgets for the special revenue funds are adopted based on the grant term or other periods and the budget for the capital projects fund is adopted over the multiple-year term of projects. Budgets for enterprise funds are maintained for internal use only.
- Annual budgeted expenditures are adopted at the fund level and itemized in three formats: departmental, type and function/program. Accordingly, the level at which expenditures cannot legally exceed appropriations is the fund level. Supplementary appropriations were made five times during the year.
- Appropriations for annually budgeted funds lapse at year-end.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds.

NOTE 3 – DEPOSITS AND INVESTMENTS

Primary Government

Deposits – State statutes require that all deposits in financial institutions be fully collateralized by direct obligations of the U.S. Government or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a market value of not less than the principal amount of the deposits. The City's deposits were fully insured and collateralized as required by the state statutes at September 30, 2019. At year-end, the carrying amount of the City's deposits with financial institutions was \$4,478,129 and the bank balance was \$6,134,734. Of the total bank balance, the Federal Depository Insurance Corporation (FDIC) covered \$250,000 for demand deposits. Balances in excess of federal insurance limits were covered with collateral. The collateral is held by Frost Bank in the City's name under a joint safekeeping arrangement with the City's depository bank. The City had cash on hand of \$11,584.

Investments – State statutes, City bond ordinances and City resolutions authorize the City's investments. The City is authorized to invest in the following: obligations of the United States or its agencies and instrumentalities (except for mortgage pass-through securities); fully insured or collateralized certificates of deposit issued by a state or national bank, a savings bank, or a state or federal credit union domiciled in this state which is guaranteed or insured by the Federal Deposit Insurance Corporation; fully collateralized repurchase agreements having a defined termination date; investment pools with a weighted average of 90 days or less; no load money market mutual funds registered with and regulated by the Securities and Exchange Commission, which have a dollar weighted average portfolio maturity of 90 days or less; and other such securities or obligations as approved by the City Council upon the recommendation of the investment committee.

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"). Chapter 2256 of the Texas Government Code, in addition to other provisions of the Act designed to promote liquidity and safety of principal, requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAAm or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The City's investments, which are in an external investment pool, as of September 30, 2019, are:

| | | Weighted Average | |
|------------------------------|-------------------|---------------------|--------------------------|
| Investments | Amortized Cost | Maturity (Days) | Standard & Poor's Rating |
| Public Fund Investment Pools | | | |
| TexPool | \$ 85,459,232 | 34 | AAAm |

The State Comptroller of Public Accounts exercises oversight responsibility over TexPool, the Texas Local Government Investment Pool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both persons who do not have a business relationship with TexPool and participants in TexPool.

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

As of September 30, 2019, all of the City's external investment pools meet the criteria described in GASB Statement No. 79 and measure all of their investments at amortized cost; therefore, the City has also measured their investments in these external investment pools at amortized cost for financial reporting purposes. In addition, the pools do not have any limitations or restrictions on withdrawals such as notice periods or maximum transaction amounts. The pools do not impose any liquidity or redemption gates.

Interest Rate Risk

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the amortized value of an investment. Per the City's investment policy, investments, with the exception of those in the debt service fund, cannot have maturities that exceed two years. For operating funds, such as the general fund and enterprise funds, maturities shall not exceed one year.

Credit Risk

In compliance with the City's investment policy, as of September 30, 2019, the City minimized credit risk losses due to default of a security issuer or backer by:

- limiting investments to the safest type of securities.
- all of the City's investments were in a public funds investment pool with a rating of AAAm by Standard & Poor's.
- reviewing the credit-worthiness and other information of financial institutions, broker/dealers, intermediaries, and advisers with which the City will do business.
- diversifying the investment portfolio and maintaining an active as opposed to passive portfolio management philosophy.

Concentration of Credit Risk

The City's investment policy calls for the investment committee to establish strategies and guidelines for the percentage of the total portfolio that may be invested in securities other than repurchase agreements, U.S. Government or Agency obligations, or insured and collateralized certificates of deposit. As of September 30, 2019, the City has investments only in a public funds investment pool.

Custodial Credit Risk

Custodial credit risk for investments is the risk that in the event of a failure of the counterparty, the City of Edinburg will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are not registered in the name of the City, and are held by either the counterparty or the counterparty's trust department or agent but not in the City's name. As of September 30, 2019, none of the City's investments were subject to custodial credit risk.

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Edinburg Economic Development Corporation, Component Unit

Deposits and investments for the Edinburg Economic Development Corporation (EEDC) are held separately from City funds.

Deposits - At September 30, 2019, the carrying amount of the deposits was \$19,551,117 and the bank balance was \$19,554,455. At September 30, 2019, EEDC's deposits were entirely covered by federal deposit insurance or were secured by collateral held by the pledging financial institution's agent in the EEDC's name pursuant to the depository agreement.

Investments - At September 30, 2019 the EEDC has no investments.

Please refer to the descriptions of credit risk, interest rate risk, concentration of credit risk, and custodial credit risk above relating to the primary government. The EEDC follows the same policies relating to investments.

Boys' and Girls' Club of Edinburg, Inc., Component Unit

Deposits - At September 30, 2019, the carrying amount for the Boys' and Girls' Club of Edinburg, Inc. was \$11,870 and the bank balance was \$7,836. The depository contract of the City covers these deposits. The Boys' and Girls' Club of Edinburg, Inc. had cash on hand of \$250.

Investments - Effective May 3, 2014, The Boys' and Girls' Club elected to no longer be under the City's investment policy with respect to their endowment fund in favor of a more aggressive investment approach.

At September 30, 2019, \$863,225 was invested in the public funds investment pool, TexPool, mentioned above, at amortized cost. With respect to its non-endowment funds, the Boys' and Girls' Club follows the City's investment policy.

At September 30, 2019, the Boys' and Girls' Club endowment fund had investments in the following:

| | Fair Va | alue |
|-----------------|---------|--------|
| Investment Type | (Level | 1) |
| Mutual funds | \$ 1 | 61,919 |
| Corporate debt | 1 | 43,024 |
| Money market | 1 | 80,273 |
| Total | \$ 4 | 85,215 |

In addition to the amounts invested above, the Boys and Girls Club has \$11,878 of cash and cash equivalents restricted for the endowment. These are classified as part of the endowment balance at September 30, 2019, which totals \$630,451.

Credit Risk

The investment policy of the Boys' and Girls' Club of Edinburg provides that fixed income investments will be selected based on credit ratings, as well as other factors. Only corporate debt (including preferred stock) that is investment grade or better may be purchased for the endowment fund. Credit ratings of debt securities held at September 30, 2019 are as follows:

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

| Debt Security | Rating | Maturity |
|------------------------------|----------------|----------|
| Goldman SACHS 3% | BBB+ (S&P) | 04/26/22 |
| McDonald's Corp. 2.625% | BBB+(S&P) | 01/15/22 |
| National Rural Utils Coop 3% | A (S&P) | 05/15/23 |
| Ventas Reality 3.125% | Baa1 (Moody's) | 06/15/23 |
| Vodafone Group 2.95% | Baa2 (Moody's) | 02/19/23 |
| Wells Fargo 3.45% | BBB+(S&P) | 02/13/23 |
| Xilink Inc 2.95% | A- (S&P) | 06/01/24 |

Concentration of Credit Risk

Policies of the Boys' and Girls' Club investment policy provide for diversification of assets in an effort to maximize the investment return and manage the risk of the investment portfolio consistent with market conditions. The Board of Directors of the Club has established asset allocation minimum and maximum ranges for asset categories. At September 30, 2019, the Boys' and Girls' Club of Edinburg had holdings of 5% or more in the following issuers:

| | | Percentage of |
|------------------------------|----------------|---------------|
| Issuer | Туре | Portfolio |
| Goldman SACHS 3% | Corporate Debt | 7.03% |
| McDonald's Corp. 2.625% | Corporate Debt | 7.06% |
| National Rural Utils Coop 3% | Corporate Debt | 7.07% |
| Ventas Reality 3.125% | Corporate Debt | 7.15% |
| Vodafone Group 2.95% | Corporate Debt | 7.11% |
| Wells Fargo 3.45% | Corporate Debt | 7.19% |
| Xilink Inc 2.95% | Corporate Debt | 7.15% |

Interest Rate Risk

Short-term investments are to be properly laddered to match the present income needs of the Club. No other policies address interest rate risk of the Club. Maturities of the Club's debt securities are listed in the table above.

Custodial Credit Risk

The custodial credit risk for investments is the risk that in the event of a failure of the counterparty, the Boys' and Girls' Club of Edinburg will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Investment securities are exposed to custodial risk if the securities are not registered in the name of the Club, and are held by either the counterparty or the counterparty's trust department or agent but not in the Club's name. As of September 30, 2019 none of the Club's investments were subject to custodial credit risk.

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Reconciliation

A reconciliation of cash and cash equivalents as shown on the Statement of Net Position is as follows:

| | | | Compon | nent Units | | | |
|---|----|----------------------|---------------------|------------|--|--|--|
| | G | Primary overnment | Primary E.E.D.C. | | es and Girls Club of nburg, Inc. | | |

| Loans | - | | - | | - | | - | | 1,601,802 | | - | | 1,601,802 | | |
| Intergovernmental | - | | 1,945,705 | | - | | - | | 26,890 | | - | | 1,972,595 | | |
| Gross receivables | 8,742,101 | | 1,945,705 | | 2,943,240 | | 3,179,425 | | 2,144,307 | | 103,186 | | 19,057,964 | | |
| Less: Allowance | | | | | | | | | | | | | | | |
| for uncollectible-taxes | (1,122,203) | | - | | - | | - | | (215,912) | | - | | (1,338,115) | | |
| Less: Allowance | | | | | | | | | | | | | | | |
| for uncollectible-accou | (485,726) | | - | | (89,909) | | (251,894) | | - | | (6,765) | | (834,293) | | |
| Net Total Receivables | \$ 7,134,172 | \$ | 1,945,705 | \$ | 2,853,331 | \$ | 2,927,531 | \$ | 1,928,395 | \$ | 96,422 | \$: | 16,885,555 | | |

NOTE 4 – RECEIVABLES (Continued)

Revenues of the Water and Sewer Fund and Solid Waste Management Fund are reported net of uncollectible amounts. Total uncollectible amounts related to revenues of the current period are as follows:

| Total Uncollectible Amounts Related to Revenue | \$ 96,272 |
|--|--------------|
| Uncollectible related to landfill and garbage charges | 34,445 |
| Uncollectible related to water sales and sewer charges | \$ 61,827 |

Loans receivable of \$1,601,802 in the nonmajor special revenue funds are loans made to low-income families for the purpose of construction or rehabilitation of homes. Management believes that these loans are fully collectible. However, a portion of these loans in the amount of \$1,556,108 is not expected to be collected within a year.

Component Units

At September 30, 2019, the Edinburg Economic Development Corporation had sales tax receivables of \$1,071,427. In addition, the EEDC has made certain loans to various entities to promote economic development in the City. At September 30, 2019, the Corporation had outstanding industrial development loans other net receivables totaling \$13,340,004.

The Boys' and Girls' Club of Edinburg, Inc. had intergovernmental receivables of \$55,103 at September 30, 2019.

NOTE 5 – DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES/UNEARNED REVENUE

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and enterprise funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the fiscal year, the various components of deferred inflows, deferred outflows and unearned revenue reported in the funds were as follows:

| | Governmental Funds | | | | | Enterprise Funds | | | | | | | |
|--|--------------------|-----------|----|-----------|----|------------------|----|-----------|----|--------|--|--|--|
| | | Inflows | U | ne arne d | | Inflows | (| Outflows | Ur | earned | | | |
| Delinquent property taxes (General Fund) | \$ | 1,065,256 | \$ | - | \$ | - | \$ | - | \$ | - | | | |
| Delinquent cleaning/mowing (General Fund) | | 38,272 | | - | | - | | - | | - | | | |
| Franchise taxes (General Fund) | | 706,825 | | - | | - | | - | | - | | | |
| Delinquent property taxes (Nonmajor Funds) | | 196,052 | | - | | - | | - | | - | | | |
| Unearned revenue (Nonmajor Funds) | | - | | 792,824 | | - | | - | | 27,465 | | | |
| Loans receivable (Nonmajor Funds) | | 808,978 | | - | | - | | - | | - | | | |
| Debt refunding (Water and Sewer Fund) | | - | | - | | 340,621 | | 731,573 | | - | | | |
| Debt refunding (Nonmajor Enterprise Funds) | | - | | - | | - | | 336,510 | | | | | |
| | \$ | 2,815,383 | \$ | 792,824 | \$ | 340,621 | \$ | 1,068,083 | \$ | 27,465 | | | |

Information regarding deferred inflows and outflows for pensions is contained in Note 12.

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Primary Government

Interfund receivable and payable balances at September 30, 2019 were as follows:

Governmental Funds

| Receivable Fund | Payable Fund | A | mount |
|---|--|----|-----------|
| General Fund | Water and Sewer Fund | \$ | 71,169 |
| General Fund | Nonmajor Enterprise Funds | | 15,304 |
| General Fund | Solid Waste Management Fund | | 2,850 |
| General Fund | Nonmajor Governmental Funds | | 592,854 |

|--|-----------------------------|----|-------|
| Component Unit - The Boys' and Girls' Club | Nonmajor Governmental Funds | \$ | 1,126 |
| | | \$ | 1,126 |

Interfund transfers during the year were as follows:

| | General | Capital Projects | Nonmajor vernmental | Nonmajor Enterprise | |
|-----------------------------|-----------------|---------------------|------------------------|------------------------|------------------|
| Transfer Out: | Fund | Fund | Funds | Funds | Total |
| General Fund | \$ - | \$ 3,398,041 | \$ 1,668,236 | \$ 182,886 | \$ 5,249,163 |
| Capital Projects Fund | 10,865 | - | 16,326 | - | 27,191 |
| Nonmajor Governmental Funds | - | - | 2,200,117 | - | 2,200,117 |
| Solid Waste Management Fund | 9,887,931 | - | - | 800,025 | 10,687,956 |
| Nonmajor Enterprise Funds | 8,250 | - | - | - | 8,250 |
| Total | \$ 9,907,046 | \$ 3,398,041 | \$ 3,884,678 | \$ 982,911 | \$ 18,172,676 |

Transfers are used primarily to move unassigned and unrestricted fund revenues to other funds to finance various special projects including constructing capital assets and matching funds for various grant programs.

Transfers out of the General Fund to the Nonmajor Enterprise Funds are for operations.

Transfers out of the General Fund to the Nonmajor Governmental Funds consists of:

- CDBG Fund Subsidizing fiscal year short-falls of programs.
- Debt Service Fund Sales tax revenues in lieu of property taxes in excess of the projected revenue used in estimating effective and rollback tax rate for the current tax year.
- TIRZ # 1 and TIRZ #4. City's dedicated 1% sales tax revenues collected within the zones.

Transfers out of Capital Projects Fund to the General Fund and Debt Service Fund (nonmajor governmental fund) are excess funds on closing of project and cost of issuance of the 2019 Series Bonds.

Transfers out of TIRZ #1 and TIRZ#4 (nonmajor governmental fund) to the LGFC Fund (nonmajor governmental fund) are tax increment revenues generated to service the bond payments of the LGFC.

Transfers out of the Solid Waste Management Fund to the Nonmajor Enterprise Funds are for operations.

Depreciation expense totaling \$111,406 was charged to community and youth services on the Statement of Activities under component units for the year ended September 30, 2019.

NOTE 8 – LONG TERM DEBT

Long-term debt

Primary Government

General Obligation and Combination Bonds and Tax Notes

The City issues general obligation bonds, certificates of obligation, and combination tax and revenue bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds, certificates of obligation, and combination tax and revenue bonds have been issued for governmental activities. The total amount of outstanding general obligation bonds, certificates of obligation, and combination tax and revenue bonds issued to date was \$72,043,277.

These are direct obligations issued with a pledge of the City's general taxing power for the payment of its debt obligations. General obligation bonds and certificates of obligation require the City to compute, at the time other taxes are levied, the rate of tax required to provide (in each year the bonds are outstanding) a fund to pay interest and principal at maturity. The City is in compliance with this requirement. These bonds generally are issued as 20-year serial bonds with varying amounts of principal maturing each year.

Certain general obligation bonds are being repaid by revenues of the enterprise funds and are therefore presented in Business-Type Activities.

General obligation bonds, certificates of obligation, and combination tax and revenue bonds currently outstanding are as follows:

Governmental Activities:

| \$6,313,941, 2012 General Obligation Refunding Bonds, due in annual installments of \$130,000 to \$1,185,000 through March 1, 2025; interest at 2.00% to 2.50%. | 3,590,272 |
|---|--|
| \$7,465,000, 2015A Certificates of Obligation, due in annual installments of \$25,000 to \$615,000 through March 1, 2035; interest at 2.00% to 4.00%. | 7,365,000 |
| \$3,925,000, 2015B Certificates of Obligation, due in annual installments of \$25,000 to \$315,000 through March 1, 2035; interest at 2.00% to 3.50%. | 3,825,000 |
| \$5,270,000, 2015 General Obligation Refunding Bonds, due in annual installments of \$190,000 to \$1,255,000 through March 1, 2023; interest at 3.00% to 4.00%. | 5,270,000 |
| \$13,513,328, 2016 General Obligation Refunding Bonds, due in annual installments of \$460,000 to \$2,165,000 through March 1, 2030; interest at 3.00% to 5.00%. | 10,708,005 |
| \$4,145,000, 2016 Certificates of Obligation, due in annual installments of \$135,000 to \$285,000 through September 30, 2036; interest at 2.00% to 4.00%. | 3,705,000 |
| \$9,705,000, 2018 Certificates of Obligation, due in annual installments of \$195,000 to \$830,000 through March 1, 2038; interest at 1.90% to 3.50%. | 9,705,000 |
| \$27,875,000, 2019 General Obligation Bonds, due in annual installments of \$440,000 to \$1,990,000 through March 1, 2039; interest at 3.25% to 5.00%. Total General Obligation Bonds and Certificates of Obligation | 27,875,000 \$ 72,043,277 |

| Total | \$ 72,043,277 | \$ 24,618,182 | | | |

Revenue and General Obligation Bonds

The City also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds have been issued for business-type activities. The total amount of outstanding revenue bonds issued is \$35,661,724. Included within business-type activities are 2012 and 2016 general obligation refunding bonds that were issued to refund bonds across several funds. The outstanding issued amount of these bonds allocated to business-type activities is \$2,441,724.

Revenue and General Obligation bonds outstanding at September 30, 2019 are as follows:

<u>Business – Type Activities</u>:

| \$4,020,000, 2008 Utility System Junior Lien Revenue Bonds, due in annual installments of \$150,000 to \$280,000 through March 1, 2029; interest at 1.40% to 4.15%. | 2,350,000 |

Tax Increment Contract Revenue Bonds

The City of Edinburg, Local Government Finance Corporation issues tax increment contract revenue bonds. Payment of the bonds is secured by a pledge of tax increment revenues paid to the respective tax increment funds for TIRZ # 1 and TIRZ # 4. The bonds are limited obligations of the City of Edinburg, Local Government Finance Corporation and are not obligations of the City of Edinburg. The City is not obligated to make payments on these bonds. In addition, if the tax increments are timely contributed to the City of Edinburg, Local Government Finance Corporation, and such tax increments are not sufficient for the payment of principal or interest on the bonds on the date such principal or interest becomes due, an event of default will not be deemed to have occurred.

Tax increment contract revenue bonds outstanding at September 30, 2019 are as follows:

| \$37,250,000, 2015A Contract Revenue Bonds, due in annual installments of \$645,000 to \$2,385,000 through March 1, 2045; interest at 5.00%. | \$ 35,925,000 |

Reimbursement Obligation- Developer TIRZ # 3

In accordance with an economic development agreement relating to TIRZ # 3, the Developer is eligible to be reimbursed for up to \$33,900,000 for costs actually incurred to construct commercial/regional-related and residential-related public infrastructure. Under the agreement, the Developer can also charge interest on this obligation at the lesser of 6.00% per annum or the actual rate incurred by the Developer in connection with the public infrastructure improvements. This reimbursement obligation is payable solely with tax increment revenues generated by TIRZ # 3 and is currently payable on a "pay as you" go basis until such time as public infrastructure bonds are issued by the City of Edinburg, Local Government Finance Corporation. As of September 30, 2019, the developer has incurred costs and interest in the amount of \$11,634,132. The balance on the obligation as of September 30, 2019 is \$9,611,526.

The reimbursement obligation is accounted for in the City of Edinburg, Local Government Finance Corporation, which is presented as a blended component unit of the City. Because the obligation is payable on a "pay as you go" basis, the City does not have a set payment schedule. In addition, other factors such as future development, increases/decreases to the tax base, future issuance of bonds, and other economic factors make it difficult for the City to predict estimated minimum obligations in the future. No other sources of revenue are obligated to be used in order to repay this obligation other than tax increment revenues generated and collected within TIRZ # 3.

Bond Compliance Requirements

The revenue bond ordinances require that during the period in which the bonds are outstanding the City must create and maintain certain accounts or funds to receive the proceeds from the sale of the revenue bonds and to account for the revenues (as defined), which are pledged for payment of the bonds. The assets can be used only in accordance with the terms of the bond ordinance and for the specific purpose(s) designated therein. The City is generally required to make a monthly transfer to debt service funds equal to one-twelfth of the annual debt service.

Utility Revenues Pledged

The City has pledged future water customer revenues, net of specified operating expenses, to repay the original amount of \$53,560,000 in Utility System Revenue Bonds issued in 2008, 2010A, 2014, 2015, 2016 and 2017. Proceeds from the bonds provided financing for the improvement and enlargement of the water system, refunding of other revenue bonds, and the construction of a water plant. The bonds are payable solely from water customer net revenues and are payable through 2036. Average annual principal and interest payments on the bonds are expected to require a 125 percent coverage ratio from operating income (excluding depreciation expense). The total principal and interest remaining to be paid on the bonds is \$39,820,393. Principal and interest paid for the current year and total customer net revenues as defined by the pledge agreements were \$3,334,561 and \$7,319,827, respectively.

Prior Year Defeasance of Debt

In 2006, the City refunded \$1,590,000 of General Obligation Bonds Series 1997, \$1,000,000 of General Obligation Bonds series 1998, \$1,875,000 of General Obligation Bonds Series 1999, \$4,500,000 of Combination Tax and Revenue Bonds Series 2000, \$1,820,000 of Combination Tax and Revenue Bonds Series 2001, \$2,315,000 of Combination Tax and Revenue Bonds Series 1995, \$1,720,000 of Combination Tax and Revenue Bonds Series 1996, and \$4,475,000 of Golf Course Certificates of Obligation Series 1999. The liability for the defeased bonds is not included in the City's financial statements. At September 30, 2019, \$5,475,000 of defeased bonds remains outstanding.

In 2013, the City advance refunded \$1,850,000 of Utility System Revenue Bonds Series 2000, \$2,810,000 of Utility System Revenue and Refunding Bonds Series 2002, \$1,675,000 of Combination Tax and Revenue Bonds Series 2002, \$1,635,000 of Certificates of Obligation Series 2004, and \$1,585,000 of Certificates of Obligation Series 2004A. At September 30, 2019, \$4,265,000 of defeased bonds remains outstanding.

In 2015, the City refunded debt including \$385,000 of Certificates of Obligation, Series 2004, \$650,000 of Certificates of Obligation, Series 2004A, and \$4,315,000 of Certificates of Obligation. At September 30, 2019, \$4,000,000 of defeased bonds remains outstanding. In addition, in 2015, the City refunded debt of \$7,645,000 of Utility System Revenue Bonds Series 2006. At September 30, 2019, \$7,005,000 of defeased bonds remains outstanding.

In 2016, the City refunded \$385,000 of Certificates of Obligation Series 2006, \$7,375,0000 of General Obligation Refunding Bonds, Series 2006, \$2,225,000 of Certificates of Obligation, Series 2007, \$4,035,000 of Certificates of Obligation Series 2007A, and \$4,010,000 of Certificates of Obligation, Series 2008. At September 30, 2019, \$12,685,000 of defeased bonds remains outstanding.

In 2018, the City refunded debt including \$100,000 of 2006 Utility Revenue Bond and \$9,520,000 of 2010A Utility System Revenue Bond. At September 30, 2019, \$9,620,000 of defeased bonds remains outstanding.

Capital Leases

The City has obtained heavy equipment, vehicles, furniture and other equipment through long-term operating leases. The total cost for such leases was \$9,793,777 for the year ended September 30, 2019. The cost is \$2,146,000 for the General Fund, \$5,477,250 for the Solid Waste Management Fund, \$2,056,677 for the Utility Fund, \$67,000 for Los Lagos, \$37,000 South Texas International Airport Fund and \$9,850 for Ebony Hills Golf Course Fund.

The future minimum payments under these agreements are as follows:

| | Cap | Capital Lease Payments | | | | |
|---------------------------|--------|------------------------|----------|--|--|--|
| Year Ending September 30, | Princ | cipal | Interest | | | |
| 2020 | \$ 1, | 460,691 \$ | 238,100 | | | |
| 2021 | 1, | 502,865 | 195,926 | | | |
| 2022 | 1, | 546,257 | 152,534 | | | |
| 2023 | 1, | 590,903 | 107,888 | | | |
| 2024 | 1, | 056,653 | 66,030 | | | |
| 2025-2029 | 1, | ,803,344 | 96,511 | | | |
| Total | \$ 8,9 | 60,712 \$ | 856,988 | | | |

Operating Leases

The City's commitment under other operating leases and related rent expense is not material to its combined financial position. None of the City's leasing arrangements involve contingent or sublease rentals.

Notes Payable

Business-Type Activities

Notes payable outstanding at September 30, 2019 are as follows:

Solid Waste Management Fund

| Total | \$ 229,439 | \$ | 11,245 | | |

Landfill Closure and Postclosure Care Costs

State and federal laws and regulations require that the City of Edinburg place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is based on the amount of the landfill used during the year. The estimated liability for landfill closure and postclosure care costs in the Solid Waste Management Fund, an enterprise fund, are as follows: Permit 956-B, has a balance of \$10,734,222 as of September 30, 2019, which is based on 82.03% usage (filled). Permit 2302 has a balance of \$1,408,669 as of September 30, 2019, which is based on 23.41% usage (filled). It is estimated that an additional \$6,960,339 will be recognized as closure and postclosure care expenses between the date of the balance sheet and the date the landfill is expected to be filled to capacity. The estimated total current cost of the landfill closure and postclosure care (\$19,103,231) is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of September 30, 2019. The actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

The City has complied with financial assurance requirements pursuant to 30 Texas Administrative Code, Chapter 37 by submitting a local government financial test submitted to the Texas Commission on Environmental Quality.

Long-term liability activity for the year ended September 30, 2019 was follows:

Boys' and Girls' Club of Edinburg, Inc.

Notes payable at September 30, 2019 consists of the following:

\$1,271,009 Plains Capital Bank note payable, due in monthly payments of \$8,245, including principal and interest through December 3, 2020; interest at 5.00%.

Notes Payable

Less: Current Portion of Notes Payable

Notes Payable, Net of Current Portion

\$ 24,003

Notes payable debt service requirements to maturity are as follows:

| Year Ending September 30, | Principal | Interest |
|---------------------------|------------|-------------|
| 2020 | \$ 95,149 | \$ 3,797 |
| 2021 | 24,003 | 198 |
| Total | \$ 119,152 | \$ 3,995 |

Additional liabilities for the Boys' and Girls' Club consisted of short-term compensated absences of \$24,763.

NOTE 9 - RESTRICTED ASSETS AND PAYABLES

Restricted Assets and payables

Revenue bond indentures require that during the periods over which the bonds are outstanding, the City maintain certain separate accounts and funds to account for the proceeds from the issuance of the revenue bonds and the debt service deposits made from revenues. These restricted assets can be used only in accordance with the revenue bond indenture.

Restricted assets included in the governmental activities as of September 30, 2019 consist of \$6,876,471 of cash with fiscal agent reported in the General Fund (\$1,865,339) and the LGFC Fund (\$5,011,132), a nonmajor governmental fund.

Restricted assets included in business-type activities as of September 30, 2019 consist of:

| Interest and sinking funds - Water and Sewer Fund | \$ 3,195,628 |
|--|------------------|
| Cash with fiscal agent - Water and Sewer Fund | 4,036,017 |
| Cash with fiscal agent - Solid Waste Management Fund | 5,511,745 |
| Cash with fiscal agent - Nonmajor Enterprise Funds | 108,187 |
| Total | \$ 12,851,576 |

Cash with fiscal agent is in relation to the 2014 Utility System Junior Lien Bonds and capital lease debt proceeds issued in the current year. These funds can only be disbursed or withdrawn to pay the costs of the projects and capital purchases from the agent.

Liabilities payable from restricted assets included in business-type activities as of September 30, 2019 consist of accrued interest payable in the amount of \$51,033 in the Water and Sewer Fund.

NOTE 10 – NET POSITION RESTRICTED BY ENABLING LEGISLATION

The government-wide Statement of Net Position includes \$1,822,857 restricted by enabling legislation. This net position represents revenues received by the City with various state laws restricting their use. These revenues may only be used for statutorily authorized purposes. In addition to municipal court purposes of \$530,318, \$963,260 from hotel occupancy tax is restricted for tourism and \$352,758 is restricted under Chapter 66 of the Texas Utilities Code to support capital costs related to public, educational, and governmental (PEG) programming to citizens.

NOTE 11 - DEFICIT NET POSITION/FUND BALANCE

A net position deficit of \$665,550 exists in the Los Lagos Golf Course Fund resulting from several years of losses from operations. Currently, the Solid Waste Management Fund subsidizes these deficits and net position is expected to increase in the future as general obligation bonds are paid off in the fund.

NOTE 12 – EMPLOYEE RETIREMENT BENEFIT PLANS

Texas Municipal Retirement System

Plan Description

The City participates as one of 887 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publically available comprehensive annual financial report (CAFR) that can be obtained at www.tmrs.com.

All eligible employees of the City are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the City-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments which cannot exceed 75% of the member's deposits and interest.

Plan provisions for the City were as follows:

Employee Deposit Rate 7% Matching Ratio (City to Employee) 2 to 1 Years Required for Vesting 10 Retirement Eligibility (age/service) 60/10, 0/20

Updated Service Credit

100% Repeating Transfers

Annuity Increase (to retirees) 70% of Change in CPI-U, Repeating

Employees Covered by Benefit Terms

At the December 31, 2018 valuation and measurement date, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 258 |
|--|-------|
| Inactive employees entitled to but not yet receiving benefits | 354 |
| Active employees | 792 |
| Total | 1,404 |

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 14.34% and 14.24% in the calendar years 2018 and 2019, respectively. The City's contributions to TMRS for the year ended September 30, 2019 were \$5,075,953 and were equal to the required contributions.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2018, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The Total Pension Liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.50% per year Overall payroll growth 3.00% per year

Investment rate of return 6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates by 103%. Based on the size of the City, rates are multiplied by a factor of 109%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender- distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with male rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

Actuarial assumptions used in the December 31, 2018 valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period December 31, 2010 through December 31, 2014. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2018 are summarized in the following table:

| | | Long-Term Expected Net Real |
|--------------------------|-------------------|-----------------------------|
| Asset Class (Arithmetic) | Target Allocation | Rate of Return |
| Domestic equity | 17.5% | 4.55% |
| International equity | 17.5% | 6.35% |
| Core fixed income | 10.0% | 1.00% |
| Non-core fixed income | 20.0% | 4.15% |
| Real return | 10.0% | 4.15% |
| Real estate | 10.0% | 4.75% |
| Absolute return | 10.0% | 4.00% |
| Private equity | 5.0% | 7.75% |
| Total | 100.0% | |

Discount Rate

The discount rate used to measure Total Pension Liability was 6.75%. The projection of cash flow used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

NOTE 12 – EMPLOYEE RETIREMENT BENEFIT PLANS (Continued)

Changes in Net Pension Liability

| | Total Pension | Plan Fiduciary | Net Pension |
|---|----------------------|------------------|------------------------|
| | Liability (a) | Net Position (b) | Liability (a) - (b) |
| Net Pension Liability Beginning | \$ 140,491,447 | \$ 112,162,421 | \$ 28,329,026 |
| Changes for the year: | | | |
| Service cost | 5,451,177 | | 5,451,177 |
| Interest | 9,496,321 | | 9,496,321 |
| Change of benefit terms | - | | - |
| Difference between expected and actual experience | (1,994,144) | | (1,994,144) |
| Changes of assumptions | - | | - |
| Contributions-employer | | 5,075,953 | (5,075,953) |
| Contributions-employee | | 2,477,808 | (2,477,808) |
| Net investment income | | (3,362,715) | 3,362,715 |
| Benefit payments, including refunds of employee | (5,061,598) | (5,061,598) | - |
| contributions | | | |
| Administrative expense | | (64,934) | 64,934 |
| Other changes | | (3,394) | 3,394 |
| Net Changes | 7,891,756 | (938,880) | 8,830,636 |
| Net Pension Liability Ending | \$ 148,383,203 | \$ 111,223,541 | \$ 37,159,662 |

The amount presented above includes pension liabilities for the City's discretely presented component units. At September 30, 2019, the Boys' and Girls' Club of Edinburg's portion of the net pension obligation was \$469,818 and the EEDC's portion was \$612,383. The total net pension liability for the Primary Government is \$36,050,460 which is allocated between governmental activities and business- type activities in the amounts of \$28,299,885 and \$7,820,575, respectively.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75% as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

| | | Cu | ırrent Single | |
|--|---------------|-----|---------------|---------------|
| | 1% Decrease | Rat | e Assumption | 1% Increase |
| | 5.57% | | 6.75% | 7.75% |
| Governmental Activities net pension liability | \$ 46,986,229 | \$ | 28,229,887 | \$ 13,168,297 |
| Business type activities net pension liability | 13,016,677 | | 7,820,575 | 3,648,036 |
| Boys & Girls Club | 826,911 | | 496,818 | 231,749 |
| Edinburg EDC's net pension liability | 1,019,259 | | 612,383 | 285,656 |
| Total net pension liability | \$ 61,849,075 | \$ | 37,159,662 | \$ 17,333,738 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the internet at www.tmrs.com.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2019, the City recognized pension expense of \$6,579,780

At September 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| _ | Deferred | Deferred |
|---|------------|-----------|
| Differences between expected and actual experience | 659,003 | 2,821,099 |
| Changes in actuarial assumptions | - | 111,108 |
| Differences between projected and actual investment | 5,813,917 | _ |
| earnings | 0,010,517 | |
| Contributions Subsequent to Measurement Period | 4,106,843 | _ |
| Total | 10,579,763 | 2,932,207 |

Of the total deferred outflows relating to the pension plan, \$8,105,054 is reported in governmental activities and \$2,134,508 is reported in business-type activities. The Boys and Girls Club of Edinburg's portion is \$183,692, and the remaining \$156,509 pertains to the EEDC.

Of the total deferred inflows relating to the pension plan, \$1,838,003 is reported in Governmental Activities, \$473,725 is reported in Business-Type Activities. The Boys and Girls Club of Edinburg's portion is \$45,526, and the remaining \$34,953 pertains to the EEDC.

\$4,106,843 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability for the year ending September 30, 2019. Other amounts reported as deferred outflows and the inflows of resources related to pensions will be recognized in pension expense as follows:

Not Doformod

| Year Ending September 30, | Outflows (Inflows) of Resources |
|---------------------------|---------------------------------|
| 2019 | 1,436,768 |
| 2020 | 398,200 |
| 2021 | 497,649 |
| 2022 | 1,929,380 |
| 2023 | (181,284) |
| Thereafter | |
| Total | 4,080,713.00 |

Texas Emergency Services Retirement System

Plan Description

The Texas Emergency Services Retirement System (TESRS) administers a cost-sharing multiple employer pension system (the System) established and administered by the State of Texas to provide pension benefits for emergency services personnel who serve without significant monetary remuneration. At August 31, 2018, there were 238 fire and/or emergency services departments participating in TESRS. Eligible participants include volunteer emergency services personnel who are members in good standing of a memberdepartment.

Pension Plan Fiduciary Net Position

TESRS issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information (RSI) for TESRS; the report also provides detailed explanations of the contributions, benefits and actuarial methods and assumptions used by the System. This report may be obtained at www.tesrs.org.

Benefits Provided

Senate Bill 411 65th Legislature, Regular Session (1977), created TESRS and established the applicable benefit provisions. The 79th Legislature, Regular Session (2005), re-codified the provisions and gave the TESRS Board of Trustees authority to establish vesting requirements, contribution levels, benefit formulas, and eligibility requirements by board rule. The benefit provisions include retirement benefits as well as death and disability benefits. Members are 50% vested after the tenth year of service, with the vesting percent increasing 10% for each of the next five years of service so that a member becomes 100% vested with 15 years of service.

Upon reaching age 55, each vested member may retire and receive a monthly pension equal to his vested percent multiplied by six times the governing body's average monthly contribution over the member's years of qualified service. For years of service in excess of 15 years, this monthly benefit is increased at a rate of 6.2% compounded annually. There is no provision for automatic postretirement benefit increases.

On and off-duty benefits and on-duty disability benefits are dependent on whether or not the member was engaged in the performance of duties at the time of death or disability. Death benefits include a lump sum amount or continuing monthly payments to a member's surviving spouse and dependent children.

Contributions

Contributions are made by governing bodies for the participating departments. No contributions are required from the individuals who are members of the System, nor are they allowed. The governing bodies of each participating department are required to make contributions for each month a member performs emergency services for a department (this minimum contribution is \$36 per member and the department may make a higher monthly contribution for its members). This is referred to as a Part One contribution, which is the legacy portion of the System contribution that directly impacts future retiree annuities.

The State is required to contribute an amount necessary to make the System "actuarially sound" each year, which may not exceed one-third of the total of all contributions made by participating governing bodies in a particular year.

The board rule defining contributions was amended effective July 27, 2014 to add the potential for actuarially determined Part Two contributions that would be required only if the expected future annual contributions from the state are not enough with the Part One contributions to provide an adequate contribution arrangement as determined by the most recent actuarial valuation. This Part Two portion, which is actuarially determined as a percent of the Part One portion (not to exceed 15%), is to be actuarially adjusted every two years based on the most recent actuarial valuation. Based on the actuarial valuation as of August 31, 2016, the Part Two contributions were established by the board to be 2% of Part One contributions beginning September 1, 2017.

Additional contributions may be made by governing bodies within two years of joining the System, to grant up to ten years of credit for service per member. Prior service purchased must have occurred before the department began participation in the System.

Contributions Required and Contributions Made

The contribution requirement per active emergency services personnel member per month is not actuarially determined. Rather, the minimum contribution provisions are set by board rule, and there is no maximum contribution rate. For the fiscal year ended September 30, 2019, total contributions (dues, prior service, and interest on prior service financing) of \$43,428 were paid into TESRS by the City. This was equal to the required contributions for the period.

Actuarial Assumptions

The total pension liability in the August 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.00% Salary increases N/A

Investment of rate of return 7.75% net of pension plan investment

expense, including inflation

Mortality rates were based on the RP2000 Combined Healthy Lives Mortality Tables for males and for females projected to 2024 by scale AA.

The long-term expected rate of return on pension plan investments was determined using a building block-method in which expected future net real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These components are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage (currently 5.01%) and by adding expected inflation (3.00%). In addition, the final 7.75% assumption was selected by "rounding down" and thereby reflects a reduction of 0.26% for adverse deviation. The target allocation and expected arithmetic real rates of return for each major asset class are summarized in the following table:

NOTE 12 – EMPLOYEE RETIREMENT BENEFIT PLANS (Continued)

| Asset Class | Target Allocation | Long-Term Expected Net Real Rate of Return |
|----------------------------|-------------------|--|
| Equities | | |
| Large cap domestic | 32.0% | 5.81% |
| Small cap domestic | 15.0% | 5.92% |
| Developed international | 15.0% | 6.21% |
| Emerging markets | 5.0% | 7.18% |
| Master limited partnership | 5.0% | 7.61% |
| Real estate | 5.0% | 4.46% |
| Fixed income | 23.0% | 1.61% |
| Cash | 0.0% | 0.00% |
| Total | 100.0% | |
| Weighted average | | 5.01% |

Discount rate

The discount rate used to measure the total pension liability was 7.75%. No projection of cash flows was used to determine the discount rate because the August 31, 2019 actuarial valuation showed that expected contributions would pay the normal cost and amortize the unfunded actuarial accrued liability (UAAL) in 30 years using the conservative level dollar amortization method. Because of the 30- year amortization period with the conservative amortization method, the pension's fiduciary net position is expected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the proportionate net pension liability of the City, calculated using the discount rate of 7.75%, as well as what the City's proportionate net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

| 1% Decrease 6.75% | Current Discount Rate 7.75% | 1% Increase 8.75% |
|-------------------|------------------------------------|-------------------|
| \$488 180 | \$274.669 | \$131.747 |

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The TESRS net pension liability was measured as of August 31, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2018. The City's proportion of the net pension liability was based on the City's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2017 through August 31, 2018. The City's proportionate share of the net pension liability at September 30, 2019 was as follows:

| Total Pension Liability | \$ 1,390,525 |
|------------------------------|--------------|
| Plan Fiduciary Net Position | 1,115,867 |
| City's Net Pension Liability | \$ 274,669 |

Total net pension liability amount presented above has been reported in the Governmental Activities.

Plan Fiduciary Net Position as a Percentage of the Total Pension

Liability 80.2%

There were no changes of assumptions or other inputs or changes in benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended September 30, 2019, the City recognized pension expense of \$65,085.

At September 30, 2019 the City reported its proportionate share of the TESRS deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Defer Outflo Resou | ws of | Defer Inflow Resou | vs of |
|--|--------------------------|--------|--------------------------|-------|
| Differences between contributions during measurement period | | | | |
| and proportionate share | \$ | - | \$ | - |
| Differences between projected and actual investment earnings | | 35,371 | | - |
| Differences between projected and actual experience | | - | | 332 |
| Changes in assumptions | | - | | - |
| Contributions subsequent to the measurement date | | - | | - |
| Change in proportion | | - | | - |
| Total | \$ | 35,371 | 9 | 332 |

All deferred inflows and outflows of resources related to TESRS are reported in governmental activities.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | Net Deferred Outflows |
|---------------------------|------------------------|
| Year Ending September 30, | (Inflows) of Resources |
| 2020 | \$ 7,457 |
| 2021 | 3,910 |
| 2022 | 8,693 |
| 2023 | 14,979 |
| Total | \$ 35,039 |

Postretirement Medical Plan

Plan Description

The City of Edinburg, Texas Medical Plan (the Plan) is a single-employer defined benefit healthcare plan administered by the City of Edinburg, Texas. The plan provides group health insurance coverage to all full-time regular employees retiring after 20 years of service with the City. Retirees are covered until reaching the age of 65 or death, whichever occurs first. The City pays 100% of the medical premium cost for retiree-only coverage. A retiree is entitled to purchase continued health and dental benefits coverage for his/her dependents, which is purchased at his/her own expense. The City does not issue separate audited financial statements for the postemployment benefit plan.

Funding Policy/contributions

The required contribution is based on projected pay-as-you-go financing requirements. Total premiums for fiscal year 2019 were \$762,157 for retirees (net of retiree contributions)

Employees Covered by Benefit Terms

| Inactive employees or beneficiaries currently receiving benefits | 77 |
|--|------------|
| Inactive employees entitled to but not yet receiving benefits | - |
| Active employees | <u>760</u> |
| | 837 |

Actuarial Assumptions

The total OPEB liability in the September 30, 2019 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.50% per year

Salary Increases Varies from 10.50% to 3.50%

Discount Rate: (1)

Prior Measurement Date 3.63% per year Measurement Date 4.18% per year

Mortality Table RP-2014 Total Dataset Mortality Table fully

generational using MP-2018 mortality improvement

scale

Health Care Cost Trends 5.50% from 2018 to 2019 decreasing to an ultimate rate

of 3.84% by 2075

(1) The discount rate was based on the Bond Buyer General Obligation 20-year Municipal Bond Index.

For purposes of calculating the Total OPEB Liability, the plan is considered to be unfunded and therefore no assets are accumulated for OPEB.

Demographic and payroll growth assumptions are based on the same assumptions used in the Texas Municipal Retirement System (TMRS) actuarial valuation as of December 31, 2018, which were adopted by TMRS in 2015 and based on the results of the experience study completed in 2014.

The cost method has been updated from Projected Unit Credit to Entry Age Normal Level % of Salary. In conjunction with this change, the payroll growth assumption is now based on the TMRS actuarial valuation assumption as of December 31, 2018. The payroll growth assumption was not needed in prior valuations.

The discount rate used in the accounting valuation has been changed to be based on the 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The discount rate used in the prior valuations under GASB 45 accounting standard was 4.18%.

Total OPEB Liability

The City's total OPEB liability was measured as of September 30, 2019, and was determined by an actuarial valuation as of that date.

City of Edinburg Notes to the Financial Statements September 30, 2019

NOTE 12 – EMPLOYEE RETIREMENT BENEFIT PLANS (Continued)

The following presents a summary of the changes in Total OPEB liability:

Health Insurance Program

| | Total OPEB Liability | Plan Fiduciary Net Position | Net OPEB Liability |
|---|-------------------------|--------------------------------|-----------------------|
| | (a) | (b) | (a)- (b) |
| Net Pension Liability Beginning | \$19,081,563 | - | \$19,081,563 |
| Changes for the year: | | | |
| Service cost | 1,069,819 | | 1,069,819 |
| Interest | 826,562 | | 826,562 |
| Change of benefit terms | - | | - |
| Difference between expected and actual experience | 56,192 | | 56,192 |
| Changes of assumptions | 3,178,838 | | 3,178,838 |
| Contributions-employer | | 762,157 | (762,157) |
| Contributions-employee | | - | - |
| Net investment income | | - | - |
| Benefit payments, including refunds of employee | (762,157) | (762,157) | - |
| contributions | | | |
| Administrative expense | | - | - |
| Other changes | | - | _ |
| Net Changes | 4,369,254 | - | 4,369,254 |
| Net Pension Liability Ending | 23,450,817 | - | 23,450,817 |

The amount presented above includes OPEB liabilities for the City's discretely presented component units. At September 30, 2019, the Boys' and Girls' Club of Edinburg's portion of the OPEB liability was \$353,127 and the EEDC's portion was \$86,509. The total OPEB liability for the primary government is \$29,041,630 which is allocated between governmental activities and business-type activities in the amounts of \$16,980,730 and \$6,030,450.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, calculated using the discount rate of 2.66%, as well as what the City's total OPEB liability would have been if it were calculated using a discount rate that is 1 percentage point lower (1.66%) or 1 percentage point higher (3.66%) than the current rate. In addition, the OPEB liability of the City is calculated using the current healthcare cost trend, as well as what the City's total OPEB Liability would have been if it were calculated using a healthcare cost trend as 1 percentage point lower and 1 percentage point higher.

Health Insurance Program – Current Discount

| _ | | Discount Rate | |
|------------------------------|-------------------|---------------|-------------------|
| Healthcare Cost Trend | 1% Increase 3.66% | Current 2.66% | 1% Decrease 1.66% |
| 1% Decrease | | \$20,279,459 | |
| Current | \$21,309,276 | \$23,450,817 | \$25,784,954 |
| 1% Increase | | \$27,279,646 | |

OPEB Expense and Deferred Outflows of Resources Related to OPEB

For the year ended September 30, 2019 the City recognized combined OPEB expense in the amount of \$2,170.613.

| Deferred (Inflows)/Outflows of Resources: | Deferred (Inflows) of Resources | Deferred Outflows of Resources |
|---|---------------------------------------|--------------------------------------|
| Differences between expected and actual experience | - | 49,168 |
| Changes in assumptions and other inputs - OPEB Health | 780,879 | 2,781,483 |
| Total (excluding contributions made subsequent to measurement date) | \$780,879 | 2,830,651 |

Of the total deferred inflows relating to the OPEB plan, \$564,107 is reported is reported in governmental activities and \$202,350 is reported in business-type activities. The remaining \$14,423 is reported with discretely presented component units.

Of the total deferred outflows relating to the OPEB plan, \$2,060,767 is reported in governmental activities and \$715,007 is reported in business-type activities. The remaining \$54,877 is reported with discretely presented component units.

There were no contributions subsequent to the measurement date. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| | Net Deferred Outflows |
|--------------------------|------------------------|
| Year EndingSeptember 30, | (Inflows) of Resources |
| 2020 | \$ 274,232 |
| 2021 | 274,232 |
| 2022 | 274,232 |
| 2023 | 274,232 |
| 2024 | 274,232 |
| Thereafter | 678,612 |
| Total | \$ 2,049,772 |

Other Postemployment Benefits – Texas Municipal Retirement System-Supplemental Death Benefits

Plan Description

The City also participates in a multiple-employer, defined benefit group-term life insurance known as the Supplemental Death Benefits Fund (SDBF) administered by the Texas Municipal Retirement System (TMRS). This is a voluntary program in which the City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

Benefits

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered an other postemployment benefit ("OPEB") and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan (i.e. no assets are accumulated).

TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmrs.com.

Employees Covered by Benefit Terms

At the December 31, 2018 valuation and measurement date, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 198 |
|--|------|
| Inactive employees entitled to but not yet receiving benefits | 36 |

Contributions

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

Employees for the City of Edinburg were required to contribute 0.03% of their annual gross earnings during the fiscal year. The contribution rates for the City of Edinburg were 0.15% in calendar year 2018 and 2019. The City's contributions to the SDBF for the year ended September 30, 2019 were \$40,463 and were equal to the required contributions.

Actuarial assumptions:

The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.50%

Salary increases 3.50% to 10.50%, including inflation

Discount rate* 3.71% Retirees' share of benefit-related costs \$-

Administrative expenses All administrative expenses are paid

through the Pension Trust and accounted for under reporting requirements under GASB

Statement No. 68.

Mortality rates- service retirees RP2000 Combined Mortality Table with Blue Collar

Adjustment with male rates multiplied by 109% and female rates multiplied by 103% and projected on a

fully generational basis with scale BB.

Mortality rates- disabled retirees RP2000 Combined Mortality Table with Blue Collar

Adjustment with male rates multiplied by 109% and female rates multiplied by 103% with a 3 year set-forward for both males and females. The rates are projected on a fully generational basis with scale BB to account for future mortality improvements subject to the

3% floor.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period of December 31, 2010 to December 31, 2014.

Total OPEB Liability

The City's Total OPEB Liability was measured as of December 31, 2018, and was determined by an actuarial valuation as of that date.

^{*}The discount rate was based on the Fidelity Index's "20-year Municipal GO AA Index" rate as of December 31, 2018.

The following presents a summary of the changes in Total OPEB liability:

| Tota | al OPEB | Plan Fiduciary | Ne | et OPEB |
|------|------------|---|---|--|
| Lia | bility (a) | Net Position (b) | Liabi | ility (a)-(b) |
| \$ | 1,398,232 | \$ - | \$ | 1,398,232 |
| | | | | |
| | 63,715 | - | | 63,715 |
| | 47,160 | - | | 47,160 |
| | - | - | | - |
| | 29,186 | - | | 29,186 |
| | (112,151) | - | | (112,151) |
| | - | - | | - |
| | - | - | | - |
| | - | - | | - |
| | | | | |
| | (10,619) | - | | (10,619) |
| | - | - | | - |
| | - | - | | |
| | 17,291 | | | 17,291 |
| \$ | 1,415,523 | \$ - | \$ | 1,415,523 |
| | Lia \$ | 63,715 47,160 - 29,186 (112,151) - - (10,619) - 17,291 | Liability (a) Net Position (b) \$ 1,398,232 \$ - 63,715 - 47,160 - 29,186 - (112,151) - - - (10,619) - - - 17,291 - | Liability (a) Net Position (b) Liability (a) \$ 1,398,232 \$ - \$ 63,715 |

The amount presented above includes OPEB liabilities for the City's discretely presented component units. At September 30, 2019, the Boys' and Girls' Club of Edinburg's portion of the OPEB liability was \$28,918 and the EEDC's portion was \$15,391. The total OPEB liability for the primary government is \$1,640,456 which is allocated between governmental activities and business-type activities in the amounts of \$1,101,972 and \$269,242.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, calculated using the discount rate of 3.31%, as well as what the City's total OPEB liability would have been if it were calculated using a discount rate that is 1 percentage point lower (2.31%) or 1 percentage point higher (4.31%) than the current rate.

SDBF Program – Current Discount

| 1% Decrease 2.31% | Current Discount Rate 3.31% | 1% Increase 4.31% |
|-------------------|------------------------------------|-------------------|
| \$1,722,142 | \$1,415,523 | \$1,183,295 |

Schedule of Contributions (retiree-only portion of the rate, for OPEB)

| Plan/Calendar Year | Contribution (Rate) | Contribution (Rate) |
| 2018 | 0.15% | 0.03% |
| 2019 | 0.15% | 0.03% |

OPEB Expense and Deferred Outflows of Resources Related to OPEB

For the year ended September 30, 2019 the City recognized combined OPEB expense in the amount of \$116,693.

At September 30, 2019 the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred | Deferred |
|---|--------------|--------------|
| | (Inflows) | Outflows |
| Deferred (Inflows)/Outflows of Resources: | of Resources | of Resources |
| Differences between expected and actual experience | - | 25,149 |
| Changes in assumptions and other inputs - OPEB Death | 96,639 | 90,445 |
| Contributions made subsequent to measurement date | | 43,260 |
| Total (excluding contributions made subsequent to measurement date) | \$96,639 | 158,854 |

Of the total deferred outflows relating to the OPEB plan, \$123,690 is reported is reported in governmental activities and \$30,237 is reported in business-type activities. The remaining \$4,927 is reported with discretely presented component units.

Of the total deferred inflows relating to the OPEB plan, \$75,159 is reported is reported in governmental activities and \$18,619 is reported in business-type activities. The remaining \$2,861 is reported with discretely presented component units.

\$43,260 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the year ending September 30, 2019. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| | Net Deferred Outflows | |
|--------------------------|------------------------|--|
| Year EndingSeptember 30, | (Inflows) of Resources | |
| 2019 | \$ 5,818 | |
| 2020 | 5,818 | |
| 2021 | 5,818 | |
| 2022 | 5,818 | |
| 2023 | 5,818 | |
| Thereafter | (10,135) | |
| Total | \$ 18,955 | |

NOTE 13 – CONSTRUCTION AND IMPROVEMENT COMMITMENTS

Construction and Improvement Commitments

At September 30, 2019, the City had the following significant remaining contractual commitments for construction and improvement projects:

| | | Remaining |
|---|--|--------------|
| Project | Financing Sources | Commitments |
| Lift Station No. 42 Rehabilitation & Upgrade | Utility Fund | \$ 624,384 |
| Los Venados Stand Pipe Project | Utility Fund | 227,500 |
| W Schunior Main and Chapin - Utility Line Improvement | Utility Fund | 11,902 |
| 2013 Sewer Annexation Improvements | Utility Fund | 106,406 |
| LIFT STATION NO. 19 Force Main Relocation | Utility Fund | 25,910 |
| Owassa Phase II | Utility Fund | 18,760 |
| Owassa Phase I | Utility Fund | 62,250 |
| North Booster Station | Utility Fund | 27,625 |
| Solid Waste Cells | Solid Waste Management Fund | 1,888,607 |
| Municipal Park and Diaz Park Improvements | Parkline Fund | 449,616 |
| Edinburg Transit Terminal | Federal Transit Administration Grant | 125,164 |
| South Central Original Townsite Drainage Improvements | Certificate of Obligation, Series 2018 | 1,202,318 |
| Fire Station # 5 | Certificate of Obligation, Series 2015 | 1,017,950 |
| Dustin Sekula Library | Capital Projects Fund | 17,500 |
| Northside Drainage | Capital Projects Fund | 1,529,336 |
| Stadium Drive Drainage | Capital Projects Fund | 26,997 |
| Total | | \$ 7,362,225 |

NOTE 14 – ENCUMBRANCES

The City utilizes encumbrances to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year is as follows:

| | Encumbrances | |
|-------------------------------------|--------------|-----------|
| General Fund | \$ | 906,900 |
| Capital Projects Fund | | 558,548 |
| Nonmajor Governmental Fund | | |
| Special Revenue Fund | | 233,737 |
| Water and Sewer Fund | | 982,743 |
| Solid Waste Management Fund | | 2,109,106 |
| Nonmajor Enterprise Fund | | 18,089 |
| Edinburg International Airport Fund | | |
| Total | \$ | 4,809,123 |

Component Units

At year end the amount of encumbrances for component units is as follows:

| | Encun | Encumbrances | |
|-----------------------|-------|--------------|--|
| Boys' and Girls' Club | \$ | 9,364 | |
| Total | \$ | 9,364 | |

NOTE 15 – RISK MANAGEMENT

General

The City maintains insurance for all business and government functions for which it may be liable for claims. The more significant of these include \$2,000,000 of general liability insurance; property insurance covering the City's buildings and properties in an aggregate amount of \$159,700,683 as well as insurance covering mobile equipment and boiler and machinery in an aggregate amount of \$20,735,174; airport general liability insurance of \$5,000,000; and law enforcement liability insurance of \$2,000,000. Employees were covered by a fully insured health insurance plan. There have been no significant reductions in insurance coverage. Claim settlements totaling \$38,192 were paid out of the General Fund, from which \$1,212 related to the Solid Waste Management Fund for the current year. In 2018 and 2017, \$50,000 and \$219, respectively, were paid out of the General Fund.

Worker's Compensation

The City was formerly self-insured for its worker's compensation program which is accounted for in the Internal Service Fund. For the year ended September 30, 2019, the City participated in a premium only program. The Internal Service Fund accounts for the remaining run-out claims still outstanding. Management believes that adequate funding has been made for all incurred claims at September 30, 2019. No new claims will be incurred since the city no longer is self-insured.

NOTE 15 – RISK MANAGEMENT (Continued)

Accrued Liabilities

The Worker's Compensation Fund is funded by charges to the City's other funds and component units. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors such as inflation, changes in legal doctrines, and damage awards.

Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends, and other economic and social factors. The provision for claims and claims adjustment expenses also includes paid and unpaid expenses associated with settling claims, including legal fees. Any adjustments resulting from the settlement of losses will be reflected in earnings at the time the adjustments are determined.

Changes in the fund's claims liability amounts are as follows:

| | 2019 | 2018 |
|--|-----------|------------|
| Beginning of fiscal year claims liability | \$ 78,771 | \$ 115,000 |
| Current year claims and changes in estimates | (0) | (22,204) |
| Claim payments, net of stop loss | (0) | (14,025) |
| End of fiscal year claims liability | \$ 78,771 | \$ 78,771 |

NOTE 16 – CONTINGENCIES

Litigation

Various lawsuits are pending against the City involving general liability, automotive liability, civil rights actions and various contractual matters. The City maintains general liability and airport and automotive liability insurance in addition to contractor, law enforcement and public officials' policies designed to minimize the City's exposure to these claims. The extent to which insurance coverage may satisfy claims, if any, is not known. The City, in consultation with its attorney, is presently unable to estimate the City's liability, if any, in any of these matters, although management believes the outcome of the pending litigation will not have a material effect on the City's financial position or operations.

Federal and State Assisted Grant Programs

The City participates in a number of federal and state assisted grant programs. Although the City's grant programs have been audited in accordance with the provisions of the Single Audit Act through September 30, 2019, these programs are still subject to financial and compliance audits. Accordingly, the City's compliance with applicable grant requirements will be finally determined at some future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

NOTE 17 – PRIOR PERIOD ADJUSTMENTS

Prior period adjustments (PPA) were needed to properly state the correct financial position of the City. The PPA amounts and the reasons are as follows:

General Fund

The General Fund beginning fund balance was decreased by \$937,500, to adjust and properly allocated that portion of a \$1,000,000 of a reimbursement agreement from 2015. There was an increase of \$11,426 to the fund to remove an outstanding liability that had already been paid in a prior year.

NOTE 18 – RELATED PARTY TRANSACTIONS

For the year ended September 30, 2019, the City engaged in the following related party transactions with its component units:

Sales Taxes – The City collects and remits taxes to the EEDC. At the end of the year, the City has a payable due to the EEDC of \$1,083,473

Sales Tax Agreement – In connection with a project funding agreement relating to a proposed Edinburg entertainment center, the EEDC transferred \$1,463,025 to the City of Edinburg, Texas Local Government Finance Corporation during the year.

NOTE 19 – SUBSEQUENT EVENTS

Primary Government

Capital Lease Financing – On February 14, 2020, the City awarded a proposal for a municipal lease purchase agreement with Banc of America Public Capital Corporation for the purchase of major equipment and vehicles in the amount of \$9,974,734. The term of these lease agreements range to 10 years.

Landfill Land Purchase – On October 1, 2019 the City entered into a real estate lien note agreement with PSC Land Development, Inc., a Texas corporation for the purchase of a property located Baker's subdivision in the amount of \$2,000,000. The term of the lease agreement states the payment of the principal balance in annual installments of \$500,000, with a total due before October 1, 2023.

| Notes to Schedule of Contributions | | | | | |

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of

December 31 and become effective in January 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level percentage of payroll, closed

Remaining Amortization Period 27 years

Asset Valuation Method 10 Year smoothed market; 15% soft corridor

Inflation 2.50%

Salary Increases 3.50% to 10.50% including inflation

Investment Rate of Return 6.75%

Retirement Age Experience-based table of rates that are specific to the City's plan of

benefits. Last updated for the 2015 valuation pursuant to an experience

study of the period 2010-2014.

Mortality RP2000 Combined Mortality Table with Blue Collar Adjustment with

male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis with scale BB.

Other Information:

Notes There were no benefit changes during the year.

Note: GASB 68 requires 10 fiscal years of data to be provided in this schedule. However, until a full 10-year trend is compiled, the city will present information for those years for which information is available.

City of Edinburg Nonmajor Governmental Funds

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenue resources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Hotel Occupancy Tax Fund is used to account for a tax levied on hotels within the City. The tax revenues can be expended for tourism and related programs promoting the City.

Community Development Fund is used to account for grant revenues and expenditures for improved community facilities and services. This fund accounts for revenues and expenditures of the Community Development Block Grant (CDBG) Program.

Texas Controlled Substance Fund is used to account for revenues and expenditures of Police Department activities in conjunction with other drug task force agencies.

Municipal Court Restricted Fund is used to account for revenues and expenditures of security and technology fees received under Texas Criminal Code Sections 102.017 and 102.1072, respectively, to be used in order to provide security and technology improvements to the municipal court. In addition, the fund accounts for revenues and expenditure of funds received under Texas Local Government Code 133.03 for efficiency improvements to the municipal court.

City Secretary Restricted Fund is used to account for revenues and expenditures of funds received under Health and Safety Code Section 191.0045, to be used to fund preservation of vital statistics and other records.

Public Education and Governmental Access Fund is used to account for revenues and expenditures of funds received under Chapter 66.006 of the Utilities Code concerning the 1% fee charged as part of franchise fees collected from cable companies. These fees are used to support capital costs for the City's public access channel.

HOME Programs was established to account for all transactions administered through the City for the purpose of providing low interest and interest-free loans to low income families for the purpose of constructing and acquiring safe, decent, and affordable housing through the Home Investment Partnership Programs. This fund accounts for program income revenue received from housing loan payments made under these programs and expenditures incurred from loan servicing fees.

DEBT SERVICE FUNDS

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The **Debt Service Fund**, also known as the Interest and Sinking Fund, was established by ordinance authorizing the issuance of General Obligation Bonds. The fund provides for payment of bond principal, interest, paying agent fees, and a debt service reserve as a sinking fund each year. An ad valorem tax rate and tax levy is required to be computed and levied, which will be sufficient to produce the money required to pay the principal and interest as it comes due and provide the interest and sinking fund reserve.

STATISTICAL SECTION (UNAUDITED)

STATISTICAL SECTION (Unaudited)

This part of the City of Edinburg's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, property taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current level of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Note: Overlapping rates are those of the City, County, and school district that apply to property owners within the City of Edinburg. Not all overlapping rates apply to all City of Edinburg property owners (for example, the rates for the Edinburg Independent School District only apply to the proportion of the City's property owners whose property is located within the geographic boundaries of the Edinburg Independent School District).

⁽¹⁾ As of the Delivery Date. Includes the Certificates.

Note: The percentage of overlap between the City and the overlapping governments was determined by dividing (a) the amount of the revenue base from which the debt is repaid that is contained within the overlapping area by (b) the total revenue base of the overlapping government.

⁽²⁾ Approximately 27% of the debt service of Edinburg CISD's currently outstanding tax supported debt is supported with funds received from either the Existing Allotment Program or the Instructional Facilities Allotment Program from the Texas Education Agency. Both the Existing Debt Allotment Program and the Instructional Facilities Allotment Program funds are subject to biennial appropriation by the Texas Legislature. The District's Series 2008B, 2012, 2014 and 2016 Bonds are secured by the Permanent School Fund Guarantee.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Honorable Mayor and Members of the City Council of the City of Edinburg

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Edinburg (the City) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 10, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

CERTIFIED PUBLIC ACCOUNTANT

808 Del Oro Lane Pharr, TX 78577 lcocpa@lcocpa.com

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Independent Auditor's Report

Honorable Mayor and Members of the City Council of the City of Edinburg

Report on Compliance for Each Major Federal Program

We have audited the City of Edinburg, Texas (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2019. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

CERTIFIED PUBLIC ACCOUNTANT

808 Del Oro Lane Pharr, TX 78577 lcocpa@lcocpa.com

Opinion on Each Major Federal Program

In our opinion, the City of Edinburg complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to the schedule of expenditures of federal awards.

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Edinburg, Texas, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

NOTE 2 – INDIRECT COST RATE

The City has elected to use the 10% de minimis indirect cost rate. No grants received by the City for the year ended September 30, 2019 provided for reimbursement of indirect costs.

NOTE 3 – PROGRAM COSTS/MATCHING CONTRIBUTIONS

The amounts shown as current year expenses represent only the federal grant portion of the program costs. Entire program costs, including the City's portion, may be more than shown.

NOTE 4 – FEDERAL LOANS AND LOAN GUARANTEES

At September 30, 2018, the City has an outstanding loan payable to the Texas Water Development Board in the amount of \$2,350,000 under the Capitalization Grants for Clean Water State Revolving Fund Program, CFDA #66.458. These loan proceeds have been spent. The City also has two outstanding loans payable to the Texas Water Development Board in the amount of \$8,025,000 and \$4,615,000 under the Capitalization Grants for Drinking Water State Revolving Fund Program, CFDA #66.468.

Under the Community Development Block Grants/Entitlement Grants Program, The City has loans receivable outstanding with loan recipients under the program. At September 30, 2019, these loans receivable outstanding total \$1,596,743.

NOTE 5 – NONCASH AWARDS

During the year ended September 30, 2019, the City did not receive any non-cash assistance.

NOTE 6 – FEDERALLY FUNDED INSURANCE

During the year ended September 30, 2019, the City did not have insurance that was federally funded.
