**RE: ARCHAEOLOGICAL/ HISTORICAL RESOURCES REVIEW  
PERMIT AMENDMENT APPLICATION  
EDINBURG REGIONAL DISPOSAL FACILITY  
HIDALGO COUNTY, TEXAS  
TCEQ PERMIT MSW-956C**

Dear Mr. Wolfe:

City of Edinburg is currently preparing a Permit Amendment Application to be submitted to the Texas Commission on Environmental Quality (TCEQ) Solid Waste Permits Division for a proposed expansion to the existing permit. The existing Facility is a Type I Facility located within a 254 acre permit boundary in the City of Edinburg in Hidalgo County, Texas.

Golder Associates Inc. is preparing the Permit Amendment Application on behalf of the City of Edinburg to expand the Facility's permit boundary from 254 to 603 acres. In order to comply with current solid waste regulation 30 TAC §330.61(o), we are requesting your review in compliance with the Natural Resources Code, Chapter 191, Texas Antiquities Code.

On behalf of the City of Edinburg, we are requesting an archeological and historical review of the area proposed for expansion. Attached to this are two figures showing the general location and site location with existing and proposed limits of the permit boundary. Copies of the previously submitted letters documenting archeological and historical review are also attached for your reference.

If further information or documentation is required by your department to aid in your review, please give me a call at (281) 821-6868.

Sincerely,

**GOLDER ASSOCIATES INC.**

RE: Archaeological/Historical Review  
Edinburg Sanitary Landfill  
Permit Amendment Application No. MSW 956-B  
Hidalgo County, Texas.

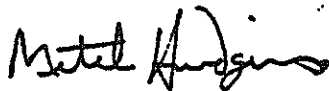

Dear Mr. Baker:

Southern Ecology Management, on behalf of the City of Edinburg, would like to request an archaeological and historical review of the area proposed for an expansion of the Edinburg Sanitary Landfill.

A site location map and an excerpt from the U.S. Geological Survey 7.5-minute Faysville & Hargill, Texas, quadrangles, which delineates the existing and expansion areas, are included with this letter. In addition to the area designated as "proposed expansion", the City owns much of the land within approximately 1000 ft. of the expansion. Some of this land will be used for storm water detention and for other operations (shown as adjoining rectangles). There are no residences or other structures within the landfill expansion or impacted area.

A copy of the letter submitted in conjunction with the previous amendment for vertical expansion of the existing landfill is included for your reference. If you require any additional information, please phone me at (361) 289-1095. Thank you for your assistance.

Sincerely,

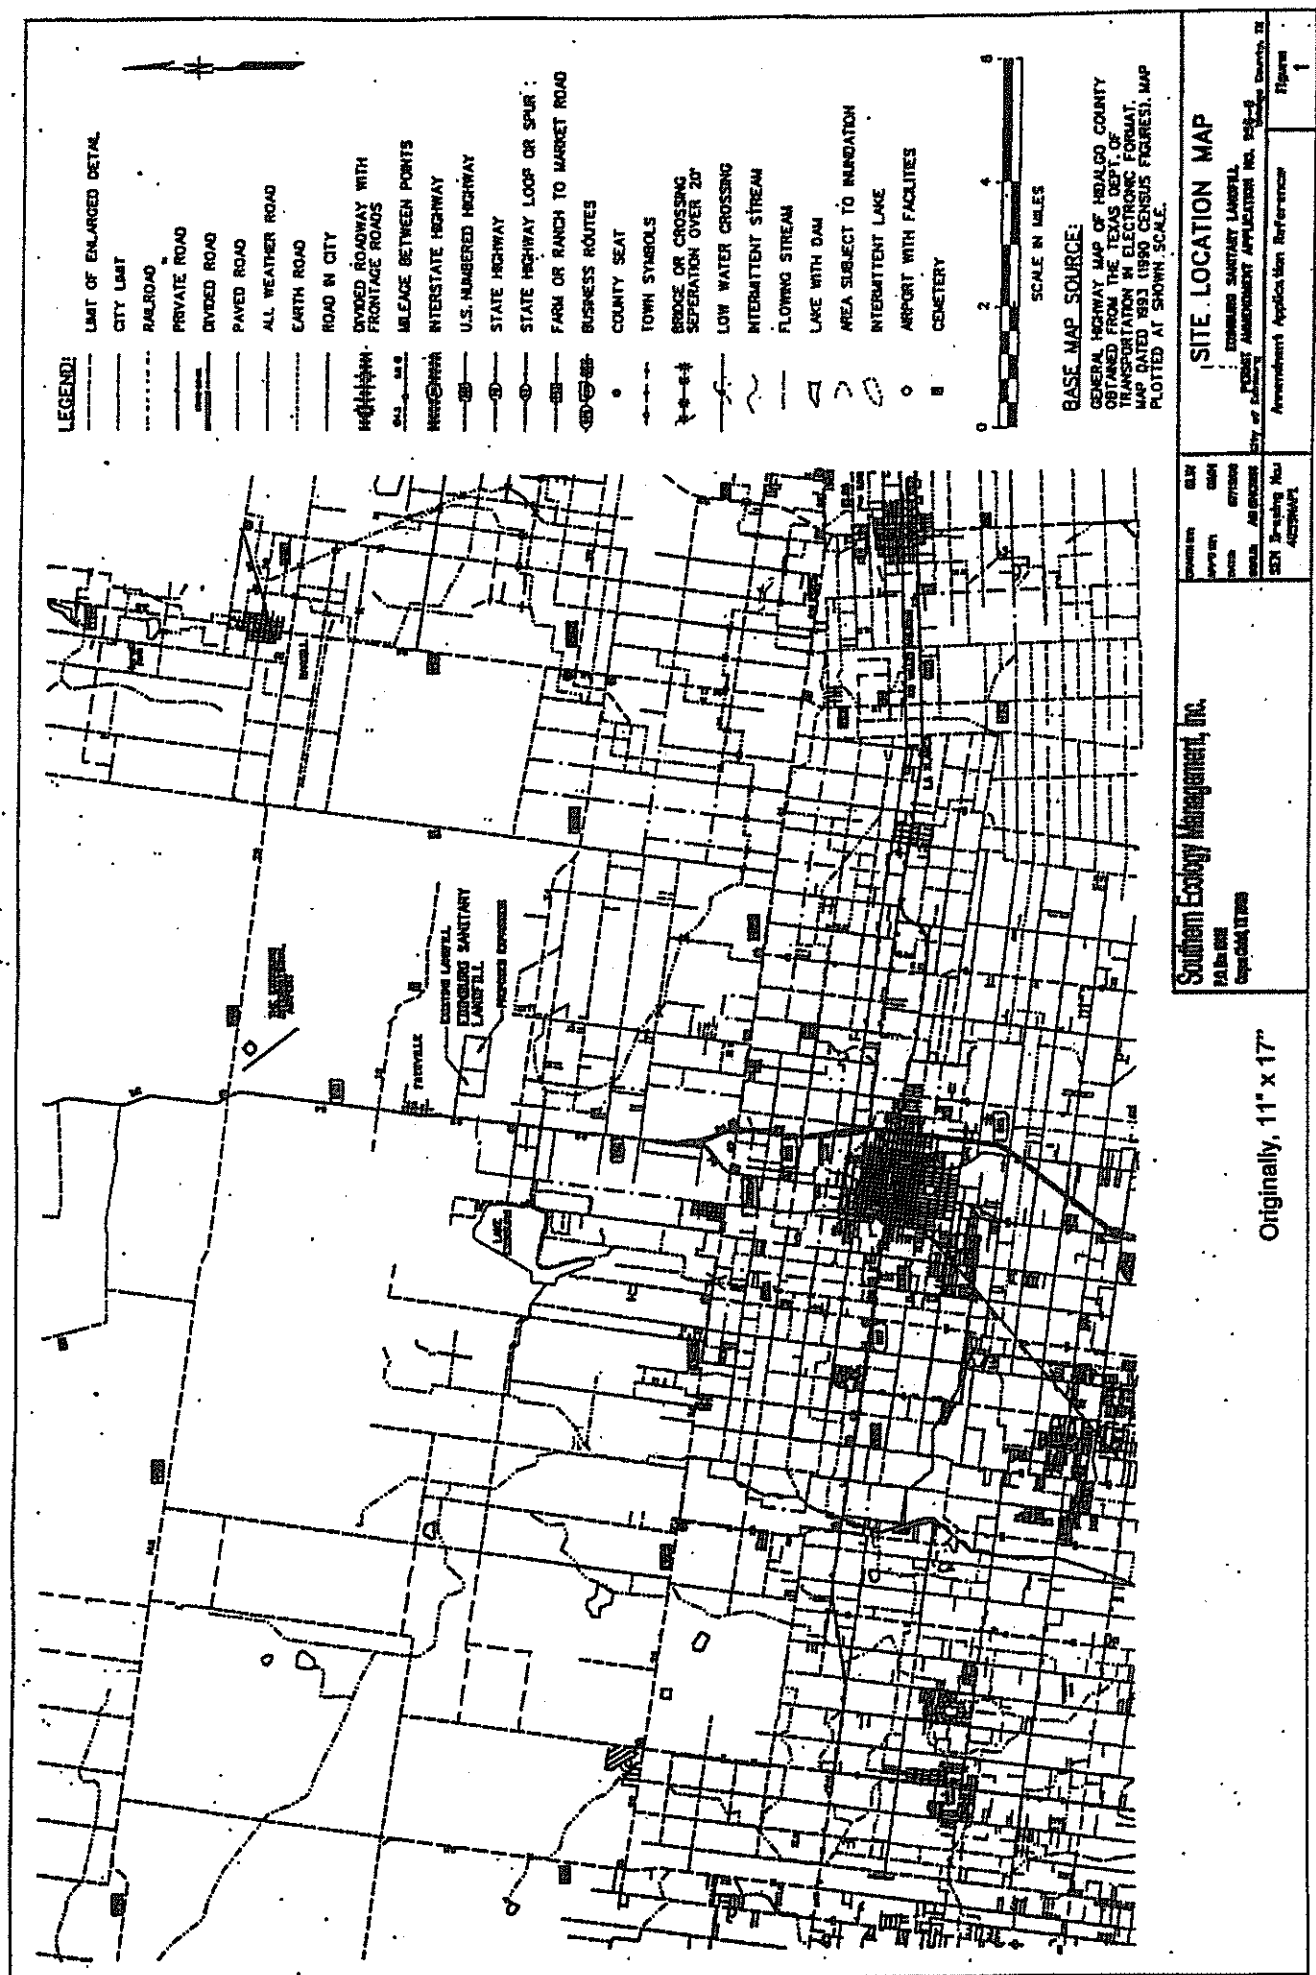

Mitch Hudgins, P.E.

Senior Engineer

RE: Archaeological/Historical Review; City of Edinburg Sanitary Landfill  
Expansion, Edinburg, Hidalgo County, Texas.

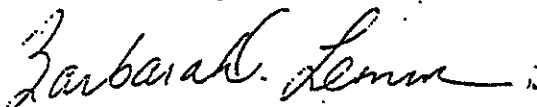

Dear Dr. Bruseth:

Rust Lichliter/Jameson would like to request an archaeological and historical review of the area located on or near the enclosed designated landfill area in Edinburg, Hidalgo County, Texas. Rust Lichliter/Jameson, on behalf of our client, the City of Edinburg, is in the design process associated with a vertical expansion of the existing landfill located on this property. This work is being conducted in accordance with the landfill's permit amendment application.

A copy of the U.S. Geological Survey 7.5-minute Faysville, Texas, quadrangle depicting the project area is included with this letter.

If you require any additional information regarding this site, please phone me at (713) 875-0004. Thank you in advance for your assistance with this information.

Yours very truly,

Barbara D. Lemm
