System for Award Management Instructions (SAM)

SYSTEM FOR AWARD MANAGEMENT REGISTRATION AND ACTIVATION

Any business choosing to bid or provide proposals on Federally Funded projects, must be currently REGISTERED and ACTIVE in the System for Awards Management (SAM) database, at the time of bid opening. This database is the primary federal registrant portal for the collecting, validating, storing and disseminating data on federal awards. SAM is an official website of the U.S. government and there is no cost to register on this site.

1. Does your organization have ACTIVE REGISTRATION status with SAM.gov?
____ Yes ____ No
2. If so, please provide you organizations DUNS number: _____

Note: Immediately after the bid opening takes place, the City will enter the bidder's DUNS number into the SAM database search engine. If the prospective bidder is not listed as ACTIVE on the database, the bid will be deemed non-responsive and disqualified from consideration of award.

To register, please access the following internet website: <http://www.sam.gov>. To register in SAM, an entity must have a Data Universal Numbering System (DUNS) number. The DUNS Number is assigned by Dun & Bradstreet, Inc. (D&B) to identify unique business entities.

If you're business does not have a DUNS number, the following websites may be accessed to begin the process of obtaining one:

www.grants.gov/applicants/org_step1.jsp or <http://fedgov.dnb.com/webform>

SYSTEM FOR AWARD MANAGEMENT (SAM) REGISTRATION INFORMATION

In preparation for registration in **SAM**, there are several steps you should take. Among these steps are:

1. **Obtain a TIN/EIN for your business from the IRS.** (Even if your business is a sole proprietorship, it's important — because of identity-theft considerations — that you do not operate your business using your Social Security number.)
2. **Obtain a DUNS number for your business.** (Don't pay anyone for this; a DUNS number can be obtained from Dunn & Bradstreet — D&B — at no cost via the web within a day or two.)
3. **Research and identify the PSC/FSC and NAICS codes most appropriate to your business.** (Every product and service is classified by these federal numbering systems, and it's essential that you identify the codes that are applicable to your business.)
4. **Write a brief capabilities statement.** (You must have a grammatically-correct, short description of what your company does.)
5. **Identify "key words" associated with the nature of your business.** (These words should be crafted from a government buyer's perspective; in other words, think about what the government might "call" what it is you do or sell.)
6. **Make a list of business references.** (Be prepared to provide company name, contact person, dollar value, and date range of work.)

Please make sure to plan ahead. There are not many preparatory steps, but they are the most important ones.

How do I register with SAM?

To register with SAM, go to the System for Award Management (SAM) site. Follow the online instructions to complete SAM registration. You will need your DUNS number and Employment Identification Number (EIN) or Taxpayer Identification Number (TIN).

If you have any questions please contact the Federal Service Desk at www.FSD.gov. Their phone number is (866) 606-8220.

24 CFR Part 570.611 (c) Persons covered. CONFLICT OF INTEREST

SUMMARY OF RULES FOR CDBG CONTRACTORS

I. Introduction

Prospective CDBG contractors should carefully consider whether any of their activities may give rise to an improper conflict of interest situation. Conflict of interest situations that are not properly addressed can result in a loss of CDBG funding to the program and/or to the City, and in some cases can result in civil or criminal liability.

Organizations that are requesting CDBG funding should ask themselves the following questions:

- * Are any of my employees or board members,
 - a City employee or consultant who exercises CDBG-related functions as part of their City position?
 - a member of the Community Development Board that will participate in the City's CDBG selection process?
 - a City Official?
- * Are any immediate family members or business associates of my employees or board members,
 - a City employee or consultant who exercises CDBG-related functions as part of their City position?
 - a member of the Community Development Board will participate in the City's CDBG selection process?
 - a City Official?
- * Will any of my employees or board members receive a financial interest or benefit from CDBG funds (other than employee salaries or personnel benefits)? Will any immediate family members or business associates of my employees or board members receive a financial interest or benefit from CDBG funds (other than employee salaries or personnel benefits)?
- * To my knowledge, will my program or project have a financial effect on a City official or employee who exercises CDBG-related functions, or an immediate family member or business associate of such person? For example, will any of these persons be receiving rental payments, other business income, or program services from my program?

If you can answer "yes" to any of these questions, it is possible that there may be a conflict of interest. You should review the rules below to determine whether an actual conflict situation is raised, and, if so, what action needs to be taken to avoid a violation of the law. You should contact City staff immediately if you suspect that there might be an issue.

Any contractor entering into an agreement with the City in which CDBG funding will be utilized, will be required to warrant and represent, to the best of his/her knowledge at the time the contract is executed, he/she is not aware of any improper conflict of interest as described below. Also, the contract will obligate contractors to exercise due diligence to ensure that no improper conflict situations occur during the contract.

The following Federal and State Conflict of Interest Laws govern activities funded with CDBG funds:

- * HUD conflict of interest regulations (24 CFR Part 570.611 and 24 CFR Part 85.36)
- * Texas Local Government Code Chapter 171.004
- * City of Edinburg Policies & Procurement Manual – General Ethical Standards

II. City Officials, Their Family or Business Partners Benefiting from CDBG Projects.

HUD rule. The HUD conflict of interest rule prohibits any "covered person" associated with the City (as defined below) from obtaining a financial interest or benefit from a CDBG assisted activity or contract, or the proceeds under any such contract, during that covered person's tenure with the City and for one year thereafter. A "covered person" is defined by HUD as any employee, agent, consultant, officer, or elected or appointed official of the City who, with respect to CDBG- funded activities under the contract: (a) exercises or has exercised any functions or responsibilities; or, (b) is in a position to participate in a decision-making process; or, (c) is in a position to gain inside information. City staff members or consultants who exercise the above roles or function with respect to the CDBG activity are considered "covered persons." For purposes of the CDBG program, a "covered person" specifically includes any member of the Edinburg City Council, or any director of any Board associated with reviewing and making recommendations on the funding for the contract, whether or not that Councilmember or director actually participated in the review or recommendation. "Covered person" may also include members of other City boards and commissions, if that board or commission has exercised functions or decision-making with respect to the CDBG activity. The HUD rule further prohibits anyone with "family or business ties" to the covered public official from receiving a financial interest or benefit.

State law. State law requires a local public official with substantial interest in a business entity or in real property, to file, before a vote or decision on any matter involving the business entity or the real property, an affidavit stating the nature of and extent of the interest. The state law requires that any public official of the City, should publicly recuse him/herself from participating in any discussions relating to the CDBG grant-making process. Failure of the person to recuse him/herself ***before*** the discussions begin may disqualify the organization's application for funds.

III. Interests of persons associated with the contractor.

The HUD rule also addresses financial interests that are held by certain persons associated with a CDBG contractor. The HUD rule prohibits any "covered person" associated with the

contractor from obtaining a financial interest or benefit (with the exception of the use of CDBG funds to pay salaries and other related administrative and personnel costs) from a CDBG assisted activity or contract, or the proceeds under any such contract, during that covered person's tenure with the contractor and for one year thereafter. A "covered person" is defined by HUD as any employee, agent, consultant, officer, or elected or appointed official of the contractor who, with respect to CDBG-funded activities under the contract: (a) exercises or has exercised any functions or responsibilities; or, (b) is in a position to participate in a decision-making process; or, (c) is in a position to gain inside information. This rule extends to those with whom the covered person has "family or business ties" (as defined above). This rule would, for example, prohibit certain employees or directors of a CDBG contractor from using CDBG funds to pay for rent on property owned by that employee or director, as well as family and business associates of that person.

IV. Remedies and Sanctions.

The CDBG grant contract provides that if a CDBG contractor fails to make a good faith effort to avoid an improper conflict of interest situation or is responsible for the improper conflict situation, the City may (1) suspend CDBG payments, (2) terminate the contract, (3) require reimbursement by the contractor to the City or to HUD of any amounts already disbursed, and/or (4) bar future CDBG funding of the contractor by the City. In addition, the City may suspend payments or terminate the contract in the event HUD suspends or terminates its grant to the City for conflict of interest reasons, or in the event the City reasonably determines that an improper conflict of interest situation may arise from payments under the contract. This could happen whether or not the contractor is responsible for the conflict of interest situation.

Certification:

I, the undersigned, acknowledge and certify that I have read and understand the summary of Rules for CDBG Contractors.

24 CFR Part 570**

FEDERAL CONTRACT PROVISIONS

This Contract is funded in whole or in part by the US Department of Housing and Urban Development Community Development Block Grant (CDBG) Program funds made available to the City of Edinburg. These additional provisions apply when CDBG is used to fund eligible activities permitted by the CDBG regulations published at 24 CFR Part 570. The Contractor and all of its Subcontractors shall comply with these Federal provisions. The Contractor shall include this document in all subcontracts and ensure it is also included in all lower-tier subcontracts of the Subcontractor.

1. Davis-Bacon Act -29 CFR Parts 1, 3, 5, 6, and 7

In carrying out this Agreement, the Contractor agrees to comply with the requirements of the Davis- Bacon Act, which requires the payment of prevailing wage rates (which are determined by the U.S. Department of Labor) to all laborers and mechanics on Federal government and District of Columbia construction projects in excess of \$2,000. Construction includes alteration and/or repair, including painting and decorating, of public buildings or public works. A Davis-Bacon wage decision (or wage determination) is a listing of various construction work classifications, such as Carpenter, Electrician, Plumber and Laborer, and the minimum wage rates (and fringe benefits, where prevailing) that workers who perform work in those classifications must be paid.

CWHSSA requires time and one-half pay for overtime (O/T) hours (over 40 in any workweek) worked on covered projects. The Act applies to both direct Federal contracts and indirect Federally-assisted contracts except where the assistance is solely in the nature of a loan guarantee or insurance. CWHSSA violations carry a liquidated damages penalty (\$10/day per violation). Intentional violations of CWHSSA standards can be considered for criminal prosecution. CWHSSA does not apply to construction or rehabilitation contracts that are not subject to Federal prevailing wage rates. CWHSSA applies to prime contracts greater than \$100,000 and to all subcontracts and lower-tier subcontracts or the Subcontractor.

3. Copeland "Anti-Kick Back" Act – 18 U.S.C. § 874 and 40 U.S.C. § 276c; 29 CFR Part 3

The Contractor, Subcontractor(s) and lower-tier Subcontractors shall comply with the requirements of the Copeland "Anti-Kick Back" Act as supplemented in the U.S. Department of Labor regulations 29 CFR Part 3. The Copeland Act makes it a Federal crime for anyone to require any laborer or mechanic (employed on a Federal or Federally assisted project) to kickback (i.e., give up or pay back any part of their wages. The Copeland Act requires every
