

**Board of Supervisors Drainage Minutes
Of
November 27, 2023**

Present: Supervisors Chris Vanness, Gary McVicker, Richard Lukensmeyer, Drainage Lead Colette Bruns, Auditor Katy Flint.

DD 30 Lat 30 WO #121

The Board met to discuss DD 30 Lat 30 WO #121 and to Acknowledge Engineer's Report and set a hearing date. CGA's opinion is that given the frequency of repairs occurring on the Lateral 30 tile and its overall condition, that the tile needs to be repaired. If not repaired, Lateral 30 will have more overland flow, more siltation in the tile, and further blockage due to tile pieces and soil. This will result in further restricted drainage in the Lateral 30 tile. The opinion of probable cost are significant and would require a hearing. Motion by Vanness, seconded by Lukensmeyer to acknowledge to accept the Engineer's Report for DD 30 Lateral 30 and to set the hearing for January 8, 2024 at 10:00 AM at the Franklin County Law Enforcement Center. All ayes, motion carried.
