**HISTORIC DISTRICT COMMISSION
REGULAR MEETING**

Wednesday, January 05, 2022, 7:00 P.M

**The Village of Franklin Historic District Commission will assemble at
Village Hall (Broughton House), 32325 Franklin Road, Franklin, MI 48025**

AGENDA

- I. Meeting Called to Order
- II. Roll Call
- III. Adoption of Agenda
- IV. Adoption of Minutes
 - A. Regular Meeting of October 06, 2021
- V. Public Comments
- VI. New Business
 - A. Consider Exterior Renovations and Colors to the Barn, Accessory Building and Dental Office located at 32767 Franklin Road
 - B. Consider Roof Replacement for House and Garage for 26200 Carol Ave.
 - C. Consider Barn Color Change for 32731 Franklin Road
- VII. Adjournment

Posted: December 29, 2021 William Dinnan, Building Official/Historic District Commission Facilitator

POSTED IN ACCORDANCE WITH PUBLIC ACT 267 (OPEN MEETINGS ACT)

The Village of Franklin will provide necessary, reasonable auxiliary aids and services to individuals with disabilities requiring such services. All requests must be made to the Village Clerk at least five (5) business days before a meeting. Individuals with disabilities requiring auxiliary aids or services should contact the Village of Franklin in writing at 32325 Franklin Road, Franklin, MI 48025, or by calling the Village Clerk's Office at (248) 626-9666.

**VILLAGE OF FRANKLIN
HISTORIC DISTRICT COMMISSION
REGULAR MEETING**

WEDNESDAY, October 6, 2021, 7:15P.M.

**The Historic District Commission did not assemble at a physical place;
the meeting was held electronically via “Zoom.us ©”, in accordance with the
Michigan Open Meetings act, as amended by 2020 PA 228**

I. MEETING CALLED TO ORDER

The Regular Meeting of the Historic District Commission was called to order by Mike Brassfield, Vice-Chairman, via Remote Zoom at Village Hall (Broughton House) at 7:15 P.M.

II. ROLL CALL

Present: Mike Brassfield (Franklin, MI), Alex Stchekine (Franklin, MI),
Jill Wilke (Franklin, MI) and Laura Witty (Franklin, MI)
Absent: Alek Kokoszka, Gary Roberts and Gayle Timmis
Also Present: Heather Mydloski, Village Clerk; Bill Dinnan, Building Official,
Roger Fraser, Village Administrator; Pam Hansen, Liason

III. ADOPTION OF AGENDA

Motion by Witty, seconded by Stchekine to adopt the Agenda, as presented.

Ayes: Brassfield, Alex Stchekine, Jill Wilke and Laura Witty
Nays: None
Absent: Alek Kokoszka, Gary Roberts and Gayle Timmis

Motion carried.

IV. ADOPTION OF THE MINUTES

A. Regular Meeting of September 1, 2021

Motion by Stchekine, seconded by Witty to approve the minutes of the Regular Meeting of September 1, 2021, as presented.

Ayes: Brassfield, Alex Stchekine, Jill Wilke and Laura Witty
Nays: None
Absent: Alek Kokoszka, Gary Roberts and Gayle Timmis

Motion carried.

V. PUBLIC COMMENTS

No Public Comments

VI. NEW BUSINESS

A. Consider 32611 Franklin Road Sign Application

Witty asked if the sign applicant was presented, where it was confirmed, the applicant was not attending the meeting.

Dinnan stated that the ground sign that is being presented was the one that Loyal Paws had previously installed. Dinnan stated that they are not changing the structure, sign or location.

Dinnan stated that just the insert will be changed to say, "The Drake Center" and meets all criteria under the ordinance, so it is strictly being presented for approval by the Historic District Commission. As well as the small sign that will be installed on the building located at 32611 Franklin Road.

Brassfield stated if the request meets all criteria and it is just a name change the Historic District Commission is basically giving approval as submitted.

Motion by Witty, seconded by Wilke that the sign application submitted for 32611 Franklin Road, Franklin, Michigan be approved as submitted in accordance with the photographs that was part of the application for the wall sign and also the ground sign and find they are consistent: in accordance with the Secretary of the Interior's Standards for Rehabilitation #9.

Ayes: Brassfield, Alex Stchekine, Jill Wilke and Laura Witty

Nays: None

Absent: Alek Kokoszka, Gary Roberts and Gayle Timmis

Motion carried.

VII. DISCUSSION ITEMS

Mydloski stated that Amanda Davis was having internet problems because she was going to review with the Historic District Commission the final draft of the Historic District Study Committee Report as well as Roberts.

Mydloski stated that Roberts will be presenting to the Village Council on Monday, October 11, 2021.

Proceedings, Village of Franklin Historic District Commission
Regular Meeting, Wednesday, October, 6, 2021, 7:15 P.M.

IX. ADJOURNMENT

Motion by Brassfield to adjourn the meeting.

The Meeting was adjourned at 7:25 P.M

Respectfully Submitted,
Connie Folk, Recording Secretary

Heather Mydloski, Village Clerk

VILLAGE OF FRANKLIN BUILDING OFFICIAL

Historic District Commission Narrative:

32767 Franklin Road

October 27, 2021

On September 1, the Historic District Commission conceptually approved the proposed additions to the Dental Office structure at 32767 Franklin Road. Approval is now being sought for its proposed lighting and colors. Additionally, approval is being sought for changes to the two other structures with which the dental office structure shares its property. The unoccupied two-story weathered wood barn is proposed to be used as a live-work facility. The feasibility of converting the one-story repair shop structure into a coffee shop is being studied. Both structures need exterior repairs to stabilize them while the owner determines the best long-term use of each. The ultimate goals are to improve the entire property and optimize the use of all three buildings. The enhancement of the dental office and the stabilization of the other buildings are the primary objectives.

Dental Office:

The frame structure at 32676 Franklin Road has long served as a dental office. It is a modest one and one-half story Greek Revival distinguished by a porch which wraps it on the east and south sides. It was originally constructed as a residence for a family of nine by Peter Van Every in 1835. A first-floor addition of 12FT x 22FT and a second-floor addition of 24FT x 22FT are proposed. The proposed additions are intended to enhance the flow of operations for the comfort and safety of patients and to protect the state-of-the-art dental equipment.

The two additions are designed to respect the original historic resource. The roof of the second-floor addition is raised 3FT higher than the original structure to provide usable space and north-south facing windows. At the September 1 meeting we were asked by the HDC to study the feasibility of reducing the height of the addition. The height of the north wall of the addition is proposed as 6'-8" high, which enables windows to be installed 6'-0" at the top. This height allows the average person to look directly out from the window without crouching down. If we lowered the wall height and windows as little as 8 IN, the view would be impaired, and the windows would need to be eliminated. Currently there are no windows on the north side of the building, and we feel the building would be visually enhanced by the presence of two new windows. Furthermore, we feel the historic resource is not compromised by the higher roof. As illustrated in the perspective views, the addition is subordinate to the historic resource because it is fully behind the house, is comfortably concentric with the existing roof, and is smaller than its footprint. The first-floor addition has a reverse gable that intersects the south wall of the second floor addition; its ridge

slides directly under the upper eaves. If the second floor is dropped any amount, the ridge will awkwardly interrupt the eaves. The volumetric development will have the natural appearance of having evolved over a long period.

Both new forms will be wood framed and clad in Hardy-Plank six-inch exposure siding to distinguish the additions from the original. Other distinguishing characteristics will be simplified trim, larger areas of glass on the west wall, windows proportioned to the original on the addition's north and south walls with plain glass (no mullions). The new additions will be painted a different color than the existing historic resource.

Barn:

The barn, a 362 SF structure with a 228 SF loft, was used as a residence for many years but most recently has been vacant. The structure is proposed to be converted into a live-work facility with the first floor primarily dedicated making of a product for sale. An artist utilizing the space for painting or jewelry-making best illustrates the concept. The building is currently in a state of decline and the east wall of the first floor is open to the weather. Immediate repairs are necessary. It is most desirable to make the repairs on a permanent basis, so our proposed changes avoid temporary fixes.

The plans reflect the installation of a door and windows into existing openings, as well as new windows necessary for rehabilitating the structure for live-work. Rolling, wooden barn doors that once provided access on the east side no longer exist. In their place, 4 full glass, wood French doors are proposed. One will be used for everyday access; all can be opened for full enjoyment of the small, fenced entranced courtyard. Only one window is proposed to be added on the first floor. It is a small, punched opening, located at the end of the counter in the west wall. For added light, one window is proposed to be added to the three existing windows on the upper portion of the east wall; a window is being installed in an existing 3' x 3' opening high on the south wall; and a new, matching window is being proposed opposite it on the north wall. An egress door intended for emergency use only is being added at the stair landing. It will be disguised as siding on the exterior. The three existing windows on second floor, west wall, will remain.

The original board and batten barn siding is deteriorating. Proposed on the drawings is what we feel is the best approach to stabilizing the structure and extending its life-expectancy. The existing siding is to be removed; the structure inspected and repaired as necessary; plywood or OSB sheathing installed, wrapped in Tyvek; and either new or reclaimed board and batten siding installed, as determined by availability. The siding and any trim will be painted the same color. The roof is cedar shingles and appears to be in a adequate condition. It will weather to a natural silver sheen.

Shop:

The shop is a 624 SF, one story structure that is currently used as a repair shop for dental tools. No specific use has been determined, but the most likely contender is a coffee shop. The site and parking have been designed to accommodate a coffee shop, and the building lends itself to the use. We feel it lacks only some windows necessary for giving exposure and providing a pleasant atmosphere.

In the main retail area, three new windows are proposed on the east (front) wall adjacent to a new full-glass door. This will provide a flood of natural light inside and a view of the activities from the outside, always desirable for attracting customers. An existing patio door will remain on the south wall, providing access to the outdoor patio. An existing window is to be retained in the workroom and, to make the workspace more pleasant, a window is proposed to be added on the north wall at the end of the serving space.

The exterior is clad in 6" exposure wood lap siding and has 4" corner boards and window trim, and 6" eaves and rake boards. It is all in reasonable condition and will be painted one color. The roof is a light grey asphalt seal-tab shingles in good condition. It will be retained

Proposed materials, colors, and lighting fixtures for the three buildings are summarized in Appendix A.

Thank you for your consideration of this request.

1. **Existing Building** – Color: Sherwin Williams SW 7004 Snowbound
2. **New Addition** -- Color: Sherwin Williams SW 7069 Iron Ore

D. Doors/Windows

1. **Front Door** – Existing, paint Sherwin Williams SW 3540 Mountain Ash
2. **Employee Door** -- Existing, paint Sherwin Williams SW 3540 Mountain Ash
3. **Existing Windows** – Wood double-hung, paint to match trim
4. **Proposed Windows** – Wood casement, paint to match trim

E. Lighting Fixtures

1. **A** – Existing lamppost
2. **B** – Existing spotlights
3. **C** – Sconces: Barn Light – Summit – LED - Galvanized

II. Barn: Work - Live

A. Roof

1. Existing cedar shingles, Weather to natural silver sheen

B. Siding

1. North, West, South and lower East sides – 11 ¼" boards with 2" battens. Old siding to be removed, wall to be sheeted and wrapped with building paper, new pine B & B siding applied. Color – Sherwin Williams SW 6309 Charming Pink
2. Upper East side – new cedar shingle siding, painted – Color: Sherwin Williams SW 6309 Charming Pink

C. Trim

1. **Fascia/Rakes** – Rough-sawn pine – Color: Sherwin Williams SW 6309 Charming Pink
2. **Casings** – Rough-sawn pine -- Color: Sherwin Williams SW 6309 Charming Pink

D. Doors/Windows

1. **Entrance Doors** – Full Glass, wood French Doors, painted – Color: Sherwin Williams SW 3541 Harbor Mist
2. **Emergency Door** – Rough-sawn pine Board and Batten, painted - Color: Sherwin Williams SW 6309 Charming Pink
3. **Existing Windows** – Wood – painted- Color: Sherwin Williams SW 6309 Charming Pink
4. **New Windows** - Wood – painted- Color: Sherwin Williams SW 6309 Charming Pink

E. Lighting Fixtures

1. **East entrance and West wall** – Barn Light sconce – Dominion Gooseneck – 16IN – 705 – Black – G22 – CGG - RIB

III. Shop

A. Roof

1. Existing grey asphalt dimensional shingles

B. Siding

1. Existing 6" exposure lap siding, painted – Color: Sherwin Williams SW7027 Well-Bred Brown

C. Trim

1. All trim, wood painted - Color: Sherwin Williams SW 7027 Well-Bred Brown

D. Doors/Windows

1. **Entrance Door** – Full Glass, wood, painted- Color: Sherwin Williams SW3521 Crossroads
2. **Patio Door** – Existing, painted - Color: Sherwin Williams SW 7027 Well-Bred Brown

Order Information

Home Owner	SAULSON IMPERIAL MANAGEMENT
Report Date	11-03-2021

Roof Dimensions (See notes below table)

Total Number of Squares *	26.37	Ridges	55 ft.
Pitched Roof Area (Sq)	20.42	Hips	8 ft.
Flat Roof Area (Sq) **	5.95	Valleys	8 ft.
Primary Pitch	8 : 12	Rakes	234 ft.
Exhaust Vent Required (sq in) ***	403	Eaves	208 ft.
Intake Vent Required (sq in) ***	403	Rakes + Eaves	442 ft.
Total Skylights	0	Apron Flashing	45 ft.
Total Chimneys	2	Step Flashing	69 ft.
Number of Facets	14	Gutters	208 ft.
Number of Structures on Report	2		
Number of Stories	1		

* Total number of squares includes the area from multiple structures. For more information, see the Multi-Structure Summary page of this document.

** Flat roof area includes roof facets with 0:12, 1:12, and 2:12 pitches.

*** Our Ventilation calculations are based on the generally accepted 1:300 rules for equal intake and exhaust venting. Our calculations assume that all area beneath the roof, except for the area under the eaves, is open attic space and does not contain finished rooms and/or ceilings applied directly to the underside of roof rafters. Please consult your local building codes for specific guidelines on ventilation requirements and installation procedures.

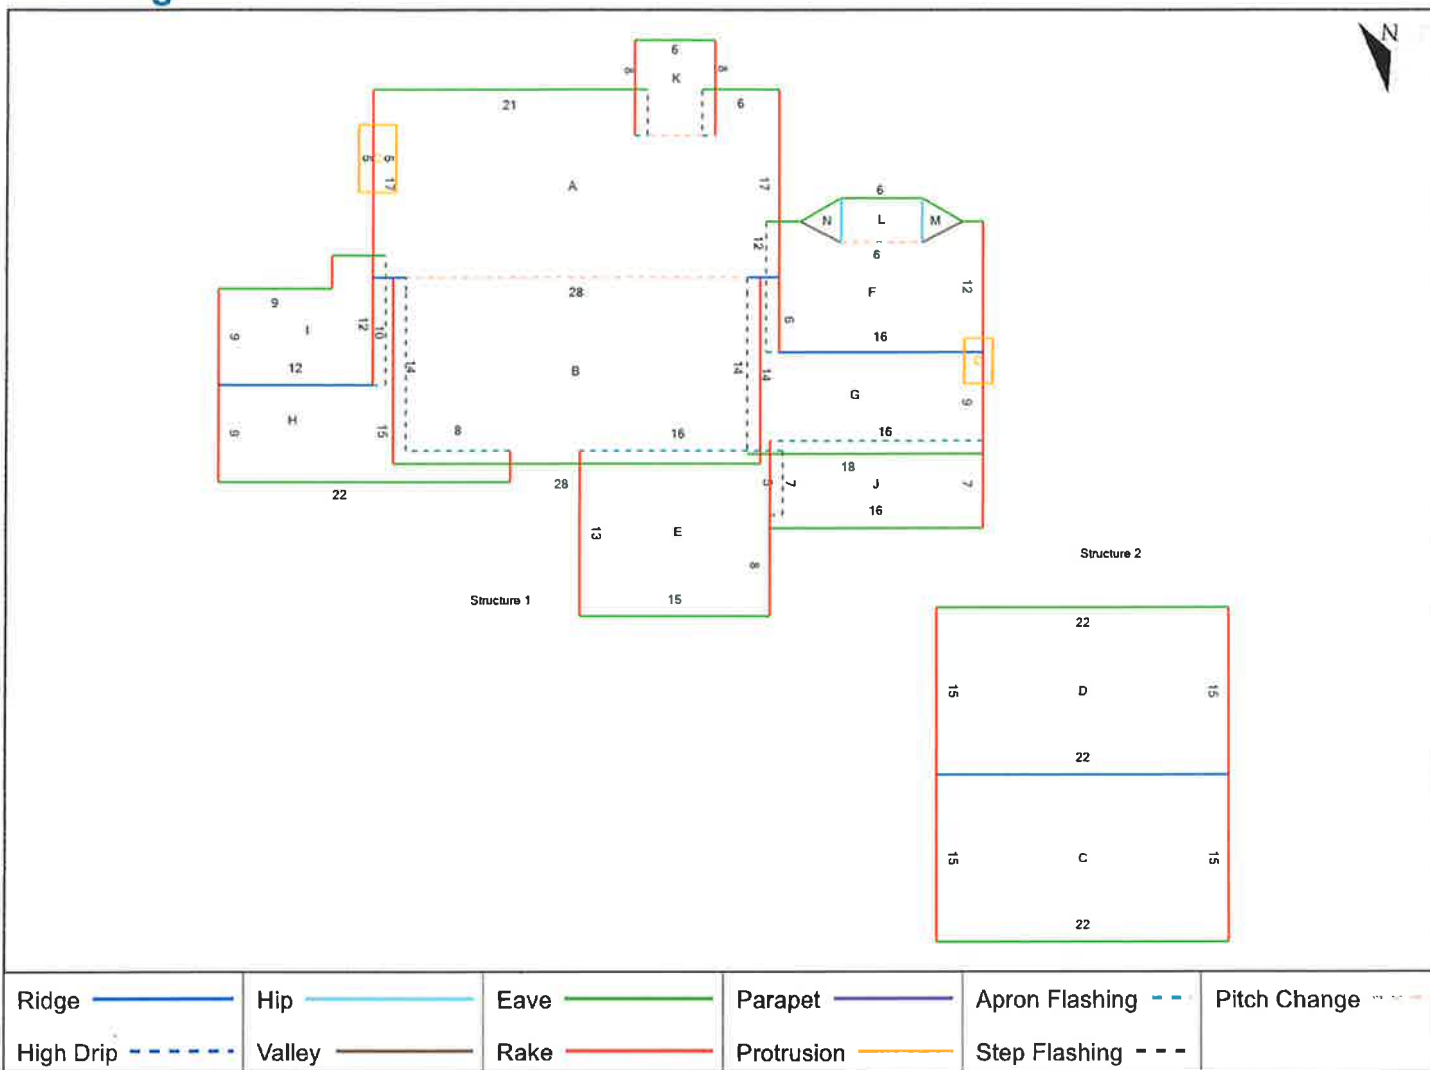

View From Above

Proximity view (roof at pin location)

Plan Diagram

To improve readability the lengths displayed in this diagram are rounded to the nearest whole number. Lengths under 4 feet are omitted for clarity.

Facet	Sq.Ft.	Pitch	Facet	Sq.Ft.	Pitch
A	523	8:12	H	173	8:12
B	404	1:12	I	125	8:12
C	338	7:12	J	111	3:12
D	338	7:12	K	49	5:12
E	192	2:12	L	23	5:12
F	180	8:12	M	6	5:12
G	176	7:12	N	6	5:12

AREA BY PITCH (in squares)

1 : 12	2 : 12	3 : 12	5 : 12	7 : 12	8 : 12
4.1	2.0	1.2	0.9	8.5	10.0

WASTE FACTOR TABLE (in squares, includes pitched and flat totals)

0%	5%	10%	12%	15%	20%
26.4	27.7	29.0	29.6	30.4	31.7

The waste factors presented in the table are simple calculations based on the total area of the roof. They do not include any other roofing elements such as ridge, valley or hips. Use your best judgement and past experience to select the waste factor that works best for this particular roof.

LANDMARK[®] PRO

The Expert's Choice

Shown in Max Der Driftwood

CertainTeed
SAINT-GOBAIN

Introducing More Value

Landmark® Pro is designed specifically for the professional roofing contractor that takes pride in providing more to their customer.

Landmark® Pro improves upon the CertainTeed Landmark shingle, a leading consumer publication's "Best Buy" for the past five years.

We started by adding more weathering asphalt to the industry's toughest fiberglass mat to provide more protection. Then we incorporated our Maximum Definition color blend technology to give the product more vibrancy on the roof. Included is the proven performance of our NailTrak™ feature, enabling faster installation.

Landmark Pro offers the industry's strongest warranty. Protecting your reputation and safeguarding homeowners from manufacturing and aesthetic defects.

LANDMARK PRO STANDARD WARRANTY

- Lifetime Limited Warranty
- 10-years of SureStart™ protection
- 15-year 110 MPH wind warranty (Upgrade to 130 MPH available. CertainTeed starter and CertainTeed hip and ridge required.)
- 15-year StreakFighter® algae resistance warranty

Add it all up and what you get is the opportunity to offer a lot of additional value for the money... and today that means more than ever.

LANDMARK® PRO

Landmark Pro specifications:

- 250 lbs/square
- Premium Max Def color palette
- NailTrak for faster installation
- Lifetime limited warranty
- 15-year algae resistance
- 10-year SureStart protection includes:
 - Materials, labor, tear off and disposal cost
- 15-year 110 MPH wind warranty with upgrade to 130 MPH available

LANDMARK®

Landmark specifications:

- 240 lbs/square
- Traditional color palette
- NailTrak for faster installation
- Lifetime limited warranty
- 10-year algae resistance
- 10-year SureStart protection includes:
 - Materials and labor costs
- 15-year 110 MPH wind warranty with upgrade to 130 MPH available

Max Def Colors

Look deeper. With Max Def, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty of your roof shines through.

Wider. Faster. Proven.

For the past 10 years, NailTrak™ has enabled installers to shingle with improved speed and accuracy. With a nailing area that's three times WIDER than typical laminate shingles, nails hit home with NailTrak. A feature on all Landmark® Series shingles. Speed and accuracy result in lower labor costs.

No leaks. No de-lamination. No callbacks.

The cost of doing business has gone down with NailTrak.

FRONT

Wide nailing area for increased speed and accuracy.

BACK

Sealant placed low to avoid gumming up nail guns.

UNDERSIDE OF TOP

Specially formulated Quadra-Bond adhesive adheres the two-piece laminate shingle.

The best formula under one roof.

We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing process and test our finished products. The result is superior performance from beginning to end.

RE: Pickering Farm Structures
Bloomfield Township, MI.

To Whom it may Concern:

The Franklin Village Historic District Commission highly values historic properties in and around the Franklin Historic District and continually strives to preserve those assets as character defining elements of our community. The Pickering Farm, although in Bloomfield Township, played an important role in the nineteenth century evolution of Franklin Village in terms of the economic and built environment.

I understand the house and multiple agricultural buildings on the remaining farm property are at risk of demolition. Demolition of these buildings would be a terrible waste of these important historic resources and would forever conceal any physical evidence of a once great farm operation in Bloomfield Township.

As an alternative to demolition, I would very much endorse an approach which preserves the structures and provides for an adaptive reuse of them in the context of the proposed development. I can well appreciate the proposed development can and should proceed but I would sincerely hope for more creativity than outright demolition and encourage inclusion and incorporation in the overall development concept as unique and complimentary architecture. Please consider myself and other members of the Franklin Historic District Commission and Franklin Historic Society as resources willing to assist in any plan which would obviate demolition.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gary D Roberts".

Gary D Roberts AIA, Chairman Franklin Historic District Commission
