VI. PUBLIC REQUESTS AND COMMENTS

Public Comments were opened by President Bill Lamott at 7:01 PM.

David Sahli 26172 Meadow Drive

- Three months ago, David and his wife stood before the council and listed the harassment their family has endured and criminal activity including theft and vandalism, that occurred on their property. He also stood before the council and detailed how the village president performed favors for his friend by interfering in the objective duties of the code enforcement officer by pressuring him to take action against them for their security lights on their property. He went as far as to call and threaten to ruin the security lights. David told him that if he wants him to take down the lights, he will have to follow the process afforded to him, and that he would not acquiesce to threats.
- Tonight, he informed council those very lights were vandalized when somebody criminally trespassed onto his property at night, and spray painted the lights with black spray paint. The cronyism that he wanted to warn about three months ago, has emboldened certain persons in the community to believe that they can circumvent due process, and also the law.
- He has no doubt that his comments will result in further harassment of his family, or potential blowback on to him, but he believed it's important to bring light to the behind-the-scenes nastiness that's occurring.
- Finally, he cannot in good conscience continue to sacrifice the time with his children to volunteer his time for a president that prioritizes the will of his friends over the collective will of the people. He is therefore stepping down as chair of the DEI committee effective immediately.

Public Comments were closed by President Bill Lamott at 7:04 PM.

IX. SPECIAL REPORTS

A. President's Report

No report.

B. Council Report

Hanke discussed the cell phone and the wait until June to complete a coverage survey. He asked if a contract has been agreed to?

Discussion:

- ❖ Pete Halick stated that another committee is needed discuss the issues with the consultant as they have revised their estimate and it has gone up by double. He also stated that they are ready to do the coverage survey.
- ❖ Roger Fraser stated the contract has been signed.

Goldberg stated that the Council received a letter from the residents regarding the debris in the river. They are beginning the process of investigating with the Water Resources Commission to see if that is in their jurisdiction, so we can know the process moving forward.

Discussion:

- ❖ Fraser stated a few years ago the basic response it was the homeowners' responsibility to keep the river clean. This means if something stops the river, where it is stopped, it is the property owner is responsibility to clear it. The WRC offers a contract for services along the bounds of the river.

Hansen announced she had 2 comments on the resignation of the Village's Main Street Director and a letter she would like to read on behalf of Trustee Seltzer. The first comment was on the economical impact on the Village on losing an employee because of division. The second comment was on feedback from Oakland County and others for chasing off another Main Street Director. This is giving the Village a reputation.

~~In an exit interview with Mike Seltzer, Roger Fraser, Meg Schubert and herself, she explained her decision to leave. Her reasonings are as followed: lack of support by the Village, leadership, comments by certain individuals and an incident where she was circumvented in a significant economic development decision.~~

She understands the cost to hire an employee. She stated that they all should do better. She is disappointed in how this situation was handled.

Hanke commented that she was a wonderful employee and she helped bring in businesses.

Hansen read the letter submitted by Trustee Seltzer. He wanted the public to know he spoke with President Bill Lamott. He felt it was important to consider his leadership and its effects on the Village. In his letter he spoke about the lack of support Meg felt from back in January where she felt her job was in jeopardy. Seltzer spoke of his ~~tolerance~~ intolerance of Bill's behavior on several issues and has chastised him with little avail. While most reached out with support and hope for reconsideration from Meg. In contrast, we learned he suggest there is no future for Main Street, and could the Village ever expect to accomplish significantly measurable results? He would like the Council to seriously consider a censor on President Lamott for this and other issues.

Saenz announced he will not be running for re-election.

C. Administrator Report

No report

D. Planning Commission Report

Chairman Peter Halick

- The Planning Commission will be reviewing the sign ordinance at the next Planning Commission meeting. Chris Doozan, the Village Planner, has prepared a letter. The changes will include an amendment to require that portable ground signs be located at least five feet from the paved or traveled road surface or sidewalk. The time frame period was removed, so that ends the need for registration or permits.
- Discussed the possible lighting ordinance. At the last meeting, Robert White had given the Commission a detailed overview of the state of light ordinances. Planning Commission has set a goal of five meetings to have an ordinance.
- Continued to review the Master Plan chapter by chapter.
- Finally, he stated that he would like to have Stuart Wooters and Linda Hiller Novak reappointed to the Planning Commission.

X. PUBLIC HEARING

A. Proposed Budget, Fiscal Year 2022-2023, beginning July 1, 2022

Public Hearing was opened by President Bill Lamott at 7:50 PM.

Public Comments:

Jeff Kopelman, 30895 Oakleaf Lane

- What was the original budget for the sidewalks and the work done on Franklin Road? That was passed by Council.

Hansen stated the Council approved an amount based on estimates and a budget was created and that amount was approved.

Fraser added that is started with the roadway improvement projects that were funded from a bond sale in 2017 and 2018, for approximately 13 or 14 million dollars. With that, the Village was able

to resurface all the streets including Franklin Road. What was left over, slightly over \$2 million dollars was dedicated to the streetscape project with the addition of Act 51 money. That gets the project a budget of \$2.6 million dollars.

Jeff Kopelman, 30895 Oakleaf Lane

- Kopelman stated he would like to see a breakdown of the numbers. He is very curious what the budget for that was and how much the Village spent. Also, he would like to know the cost of the light across the street.

Hansen responded that the cost of the light was \$40,000.

Public Hearing was closed by President Bill Lamott at 8:01 PM.

B. Consider Renewal of Fire Department Five Year Contract of Fire Services.

Roger Fraser, Village Administrator

Updated some of the language to ensure it conforms with court opinions with the Village Attorney and the attorney representing the fire department.

Tony Averbuch, Fire Chief

With the renewal at this point, it gave us an opportunity to relook at contract law and state law, using Fire Department hired attorneys and the Village Attorney to negotiate the terms so that it would be more reflective of current scenario based on liability based on control and based on the intent of both parties being the fire department and the Village to meet the needs of the citizens of the Village in the performance of our duties.

Peter Gojcaj, Village Attorney

The Village and the Fire Department interests are aligned. We discussed state law. we discussed holding the nonprofit status. There was a provision that states the Village would hold harmless the Fire Department. But under my research of the Constitution and attorney general opinions, it is not that was appropriate. It was removed.

Motion by Hanke, seconded by Hansen to approve the Renewal of the Fire Department Five Year Contract for Fire Services.

Roger Fraser, Village Administrator

The placements being considered tonight, are the reappointment of commissioners who have been in place and have experience and haven't left except for technicality about the duration of the terms and would not be doing anything other than being renewed or staying on.

It was moved by Erlich, seconded by Hansen to approve the reappointments to the Planning Commission Board of Stuart Wooters and Linda Hiller Novak; the reappointments to the Historic District Commission Board of Gayle Timmis and Jill Wilke and the reappointments to the Zoning Board of Appeals of Linda Hiller Novak and Fred Gallasch.
