*October is a month of many learning opportunities at the museum. Please be sure to check **front and back** of the newsletter for details.*

MARKING HISTORY

Join the Hamburg community and state and local representatives for the dedication of the State of Michigan historical marker highlighting the founding of Hamburg in 1831 and Edwin B. Winans who served as Michigan governor from 1891-1893, now buried in the Hamburg Cemetery.

This new marker replaces the original one established through the work of Joyce Dewolf Terry and the Hamburg Historical Society in 1981 as part of the 150th Anniversary of Hamburg's founding. Hamburg Township Parks and Recreation, the Hamburg Township Historical Society and donations from the George W. Lee Civil War Round Table of Howell, Mich. financed the production of the marker.

We invite you to join us for refreshments and tours following the dedication at the Hamburg Historical Museum, 7225 Stone St. in the village of Hamburg.

When: Weds, October 11, 2023

Time: 3:00 pm

Where: Hamburg Cemetery near the corner of Hamburg Rd. and Strawberry Lake Rd.

For more information contact the Museum at: 810-986-0190.

Or [email: hamburgmuseummichigan@outlook.com](mailto:hamburgmuseummichigan@outlook.com)

Cheers for the Hamburg Walking Tour!

On September 16 a capacity group joined Suzanne Hines of the Hamburg Township Historical Society as she led a tour through the historic village of Hamburg.

DIVE INTO YOUR HISTORY

WELCOME ABOARD!

Join well-known **Captain Scotty** as he weaves us through the history of the fabulous chain of lakes. These lakes are so much a part of local life that we probably take them for granted without a thought of how they contributed to the history, lifestyle and economy of the region. Captain Scotty has a passion for history and boating and has served this area for over 40 years. He will take us back to glaciers, native Americans, life on the lakes and much more.

When: Weds., October 25, 2023
Time: 6:00 pm
Where: Hamburg Historical Museum,
7225 Stone Street, Hamburg
Cost: \$5 members \$10 non-members (Free for current non-members who purchase membership today.)
Reserve: 810-986-0190 if voicemail, leave your name, number in your party, contact information (phone and/or email)
Email: hamburgmuseummichhigan@outlook.com

KNITTING RETURNS

Our first knitting class in September was a great success, and we are back with a new series.

If you love knitting but are still a novice, join experts Pat Corr and Denise Emery as they guide you through making a winter hat. At the first class you will choose from three free patterns.

Knitters should be 12 or older with a knowledge of cast on, knit and purl stitches.

Supplies to bring: One circular needle, 16" length, size 10 ½ or 11. **Yarn will be supplied.**

CLASS LIMITED TO 6

When: Mondays, October 16, 23, 30 & November 6

Time: 6:30 p.m. – 7:30 pm

Where: Hamburg Historical Museum, 7225 Stone Street, Hamburg

Cost: \$10 members, \$15 non-members

Reserve: Call 810-986-0190; if voicemail, leave name, contact information (phone and/or email).

Email: hamburgmuseummichhigan@outlook.com

Spooks

Sandra Liatsos

*There's a goblin at my window,
A monster by my door.
The pumpkin at my table
Keeps on smiling more and more.
There's a ghost who haunts my bedroom,
A witch whose face is green.
They used to be my family,
Till they dressed for Halloween.*

Where in the world did Halloween begin? And why do we use witches hats, flying bats, big black cats to decorate the scene? Come and hear the fascinating history of this beloved holiday. Listen as **Witch Suzy** tells how our customs and legends came across the sea hundreds of years ago and are now part of our celebrations.

When: Saturday, October 21, 2023

From: Deby Henneman, Township Coordinator, Parks, ADA, Grants, Ordinances

Re: Township Coordinator's Report – October 2023

Parks:

Spicer Group has completed a survey of the project area for the Bennett Park & Water Trail Access Improvements for grant TF22-0107. The project is slated for 2024 and must be complete by August 31, 2025. They will be meeting with staff to discuss details of the plan in order to complete a final design and project timeline. All work must comply with terms as outlined in the signed agreement, which requires that all scope items go through a competitive bid process and subsequent review by the MDNR.

The dedication for the Historical Marker in Hamburg Cemetery was well attended, and I would like to thank Suzanne Hines and the volunteers at the Hamburg Museum for all their hard work and support on this project. The updated language on the marker can be seen on the event Facebook page here: <https://www.facebook.com/events/1277649009556714>.

I have finished the preliminary bid tab for the Scheduling Software Project, and am ready to move to the short list and demos with fellow staff members. I hope to have a revised bid tab with final pricing by strategic planning.

The application for the Moving Wall Event, September 7-18, 2024, has been approved by the Township Board so those dates will be a BLACKOUT for both East and West Parks.

ADA

I have completed 32 of 40 CEUs which are required for the ADA Coordinator Program, and will continue to attend the online courses available. Some of the final credits will only be available at the conference, which I plan to attend again in summer 2024.

Inspections of completed ADA Transition Plan items have been delayed.

Wayfinding signage and compliant entries/parking spaces are top priority for the upcoming fiscal year.

Grants:

The 2022 Trust Fund Grant #TF22-0107 Agreement was signed, and we have until August 31, 2025 to complete the project.

The 2023 Ralph C. Wilson, Jr. – Trail Maintenance Grant #IG-202324346 was filed 5/12/23, and we have not received word of funding to date.

The 2023 LEO/MI Community Center Grant was filed 8/31/23, and we have not received word of funding to date.

Ordinances

Internal Policy & Procedure for Zoning & General Ordinance updates have been submitted and are awaiting approval.

Ordinances can be found at:

[https://library.municode.com/mi/hamburg_township_\(livingston_co.\)/codes/code_of_ordinances](https://library.municode.com/mi/hamburg_township_(livingston_co.)/codes/code_of_ordinances)

Other projects:

- Create Counter “Cheat Sheets” for all Township Coordinator functions ie:
- Organize and Scan all archive files into Docuware System
- Record retention

Memorandum

Date: October 16, 2023

To: Parks & Recreation Committee

From: Deby Henneman, Township Coordinator

Re: Scholarship Request - East Michigan Panthers – Fall 2023

We have received a request from the captioned user group to assist with participant fees for their fall 2023 season. They would like to request funding as follows:

- 1 Varsity Player (Fee \$400) – Family #1 - \$150
- 1 Jr. High (Fee \$300) & 1 Middle (Fee \$250) – Family #2 - \$150 each
- 1 Jr. High (Fee \$300) – Family #3 - \$150
- 1 Varsity Player (Fee \$400) – Family #4 - \$150

Total amount requested: \$750

The group is a 501©(3) organization and requires fundraising from their participants, which will be used to offset some of the additional costs for the fees. I have confirmed that all of these requests are for Hamburg residents, and family #2 has been adjusted to the maximum per participant amount, up to the cap of \$750.00 total per season.

TO: Parks and Recreation Committee

FROM: Deby Henneman, Township Coordinator

DATE: September 19, 2023

AGENDA ITEM TOPIC: Park Use Application - Moving Wall Memorial – Sept 7-18, 2024
East Park, West Park, and RC Field BLACKOUT
Number of Supporting Documents: **1 (Application from HERO)**

Requested Action

To recommend approval of the Park Use Application dated September 16, 2023 for the Vietnam Memorial Moving Wall Visit to Hamburg hosted by HERO, for proposed dates of September 7-18, 2024, to be a full BLACKOUT of East Park, West Park, & RC Flyer Field, contingent on a Public Safety review for Hazard Level, and the Township Board's confirmation of fees, if any. Signage for the event will be included as outlined in the Sign Policy for approved Park Use.

Background

Application has been received by HERO for a Vietnam Memorial Moving Wall Visit, similar to the events they have had in the past. They will include a ½ scale replica of the Moving Wall, along with a UH-1H Huey display and flights.

They anticipate 5,000 guests during the event, with an average of 1,000 at any given time. A layout plan has been included in the packet, which uses West Park for the moving wall, and east park for the Huey.

A fee waiver has been requested.

September 17, 2023

Hamburg Township Board of Trustees
P O Box 157
Hamburg, MI 48139

Dear Members of the Board:

Attached is the H.E.R.O. Application for Park Use for the Vietnam Memorial Moving Wall Visit to Hamburg for September 2024. H.E.R.O. was granted the honor and privilege of hosting this special tribute to our Veterans in 2010, 2014, 2019 and now again in 2024.

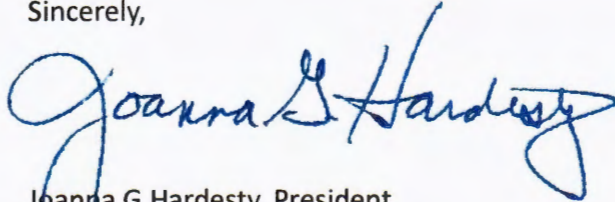

The Moving Wall is a ½-size replica of the memorial in Washington, D.C. It will be five years since the last visit. Everything this Wall represents – sacrifices, freedoms and honor are the reasons that inspire us to host this event again. The Wall is more than just an opportunity for visitors to pay their respects and honor those who gave their lives for our freedoms. It is also a history lesson to the generations that follow the Vietnam era. A “living history” is planned with Able Company (associated with the 101st Airborne Alumni Association of Michigan), and the Wolfhounds (sponsored by the Grand Haven Vietnam Veterans Association). These groups will invite visitors to Take a Walk through History with the opportunity to witness the environment experienced by many servicemen during WWII, the Korean War, and the Vietnam War. The displays and exchanges are included to help educate those who were not involved and to bond with those who were. Perimeter patrols, scout dog patrols, inspections and chow will be witnessed. Local US Army National Guardsmen/women will also participate, representing our armed forces in the Gulf War, Iraq and Afghanistan.

This park use application also includes a static display of a restored Vietnam Veteran “Huey” helicopter with flights to be offered over the Wall to our guests that wish to be a part of this experience. For the past two events in 2014 and 2019, H.E.R.O. has hosted the Huey off-site on private property without incident. This part of the Moving Wall experience was far removed from the Wall location and it is our desire to bring it to Bennett Park. We could utilize the Manly Bennett Air Strip located at East Park that is used and managed by the Hamburg Flyers RC Club. The experience of the Huey can be just as heart wrenching as visiting the Wall memorial. During the Vietnam war, the vast majority of mobility was provided by these helicopters. The experience of sitting on the Huey, feeling the vibrations of flight and hearing the ‘whop, whop, whop’ sound of the blades is not simply a flight in a helicopter. It is a flight into history.

We respectfully request consideration for approval of the submitted park use application for the Moving Wall and Huey event scheduled for September 2024.

Thank you for your support.

Sincerely,

Joanna G Hardesty, President
H.E.R.O.

Release of Liability & Indemnification Agreement

The approval of this park use request is contingent upon receipt of all requested information, review process of the Hamburg Township Parks & Recreation Committee, and approval of the Hamburg Township Board. The applicant may be required to provide additional information as is deemed necessary by the Parks & Recreation Committee and/or Township Board, and may be required to meet with the Parks Administrator and/or Parks Coordinator to supply additional information or to answer questions. If the Park Use Application is received less than 60 days prior to the requested event date, the Parks & recreation Committee and Township Board may process the application, however, the application fee may be increased in an amount to be determined by the Parks & Recreation Committee and/or the Township Board.

The undersigned acknowledges that he/she/they are authorized to sign this application on behalf of the applicant and that he/she/they have received a copy of all documents relating to the use of the park and recreational facilities including the Hamburg Township Park Facility Use Policy Rules and Regulations.

In further consideration of entering into this agreement, to the fullest extent permitted by law, the Applicant agrees to defend, pay on behalf of, indemnify, and hold harmless Hamburg Township, its elected and appointed officials, employees and volunteers, and others working on behalf of Hamburg Township against any and all claims, demands, suits, or loss, including all costs connected therewith, and for any damages which may be asserted, claimed, or recovered against or from Hamburg Township, by reason of personal injury, including bodily injury or death and/or property damage, including loss of use thereof, which arises out of, or is in any way connected or associated with this contract.

The Applicant covenants and agrees that it will have a representative on the premises at all times to monitor the set-up, use and tear-down of the use and all activities related to thereto and under no circumstances shall the use of the park be granted or sublet to any other group or organization without the express written permission of the Hamburg Township Board of Trustees.

Any Applicant or group or entity co-hosting an event must provide a Certificate of Insurance naming Hamburg Township as an additional insured and proof of that coverage must be provided prior to the issuance of the permit for the event. The Applicant and/or co-host of any event must comply with all rules, regulations and policies of the Township pertaining to the said use and will be ultimately responsible for any and all damages to any Hamburg Township property resulting from the use, and shall otherwise restore the Township property to its previous condition.

Personal Property Damage Claims: The applicant hereby releases Hamburg Township, Its elected and appointed officials, employees and volunteers, and others working behalf of Hamburg Township, from any and all liability or responsibility to the applicant or anyone claiming through or under the applicant by way of subrogation or otherwise, for any loss or damage to applicant's property resulting from any incident, except damages resulting from the gross negligence of the Township, as it relates to the activities and uses contemplated by the application. It is understood by the applicant that all private property kept, stored or maintained in and on the Hamburg Township Park and recreational facilities shall be so kept, stored or maintained at the risk of the Applicant.

Initials: jh

Public Health & Safety: The applicant hereby swears and attests that they have complied with all aspects and intent, of Background Checks and that they are in compliance with the Michigan Sports Concession Law, Acts 342 & 343, Public Acts of 2012, as referenced in the Park Facility Use Policy and outlined in Appendix A. The applicant understands that falsification of the above statement and/or failure to comply with these requirements may result in the suspension and/or revocation of the use of the Hamburg Township parkland facilities.

First Year Cost - Includes Setup, Training and Support	\$ 7,838.00	\$ 13,681.00	\$ 3,295.00	\$ 7,500.00	\$ 4,800.00	\$ 3,356.00
Annual Maintenance/2nd year fee	\$ 4,725.00	\$ 6,191.46	\$ 3,295.00	\$ 5,000.00	\$ 4,800.00	\$ 3,356.00
Scheduled Increase	5% after year 2	6% after year 2	Fees based on sales			
Transaction Fees (Other)				2.99% Credit, 1.00% ACH	.75% if Over \$200,000 in Sales	Pricing reflects 15% discount

Notes:

- Civic Plus - Platform seemed complicated
- Brightly Software - Software is focus, not parks
- MyRec - Best Value, fully compliant with ADA
- Community Pass - Nice Platform, friendly staff
- Rec Desk - Simple Buttons, S.Lyon Rec has system
- EZ Facility - Calendar and billing only, not good fit

What can we help you find?

Company Overview

At CivicPlus, we have one goal: to empower the public sector to accomplish impactful initiatives using innovative solutions that save them time while connecting them to the residents they serve. We began in 1998 when our founder, Ward Morgan, decided to focus on helping local governments work better and engage their residents through their web environment. CivicPlus continues to implement new technologies and services to maintain the highest standards of excellence and efficiency for our clients, including solutions for website design and hosting, parks and recreation management, emergency and mass communications, agenda and meeting management, talent management, 311 and resident relationship management, codification, and licensing and permits.

Our commitment to deliver the right solutions in design and development, end-user satisfaction, and secure hosting has been instrumental in making us a leader in government web technology. We consider it a privilege to partner with municipal leaders and provide them with solutions that will serve their needs today and well into the future.

CivicRec RMS

CivicRec is an all-in-one parks and recreation management software built specifically for local governments. With a simple interface for both staff and citizens, you can manage activities, facilities, memberships, and sports leagues. CivicRec also offers a point of sale system and a ticketing feature built right in. CivicRec is the easiest and most complete solution for your parks and recreation department.

Activity Registration

Your staff can quickly create programs, indicate flexible pricing, attach waivers and prompts, and assign instructors. Easily take registrations in-house or allow residents and non-residents to register securely on the device of their choice. Email branded receipts and permits after checkout. Our software utilizes load balanced servers and can be scaled to accommodate any volume.

League Management

Athletics staff can easily create leagues, draft players, assess skills, and generate schedules. Sign-up is easy for teams or individuals. With the "Scores & Schedules" and "Parent/Player Portal," your public and league participants will have easy access to current league information.

Membership Management

Easily sell memberships or punch cards, take member photos, print cards or associate barcode key tags, and check people into a facility. Leave credit and debit cards on file for future and recurring payments. Staff can see a history of the account's transactions.

Volunteer Management

CivicRec's volunteer management tool creates, manages, and organizes your volunteer opportunities. Within the Activity module, you can create volunteer roles and assignments specific to events, classes, or activities. Residents can select and register for volunteer roles from home and CivicRec will assist in tracking the time volunteers spend helping around the community with completely integrated reporting for tracking purposes.

Facility Reservations

Easily take in-house and online reservations as well as reserve spaces for classes and sports with an integrated master calendar to avoid double bookings. It's easy to see availability with grid and map-based views with attached photos, descriptions, and rental rates. Generate and email complex permits as well as include waivers, prompts, and forms for a complete checkout process.

Reporting/Financial Accounting

CivicRec has a very powerful reporting engine. There are over 100 canned reports. However, staff can basically take any report and customize it to their liking. Filters and fields can be added and/or removed. Reports can be sorted, saved, emailed, exported to Excel, or scheduled for regular delivery to any email address.

Ticketing

Easily generate general admission tickets for events. Public users will receive their tickets and receipt, which are always available in their transaction history. Tickets can then be printed or shown on their phone display to be scanned into our mobile or desktop check-in screens.

Point of Sale

CivicRec's Point-of-Sale screen makes it easy for staff to quickly sell merchandise, enroll participants, and reserve facilities – all in the same cart! It even plugs right in with your cash drawers, barcode readers, receipt printers, and credit card readers. Integrated inventory control will tell you how many of each item are available at each of your locations.

Marketing/Brochures

CivicRec can produce an InDesign-friendly export that should facilitate the process of generating a brochure. Further, CivicRec's social media tools serve as an additional marketing method allowing users to share via their social media with friends and family.

Email/SMS Blasts

There are several links within CivicRec that allow for email blasts. Many of our reports and roster views allow for mass mailings with just the click of a button. The People Finder report is particularly handy for mailings based on several different filters. SMS messaging is available to facilitate those particularly time-sensitive notifications like cancellations.

Group Permission Levels

Customize your staff experience by creating access groups and setting permissions tailored to individual staff member's roles.

Surveys

Participants will automatically receive post-program surveys requesting feedback. This information is captured and presented back to staff to help determine how your programming is being received.

Resident Dashboard/Management

With CivicRec's intuitive public dashboard, residents can conveniently view notifications, upcoming events, tickets, and receipts. Family or organization members can be added with age and resident information for easy activity registrations. Administratively, your staff can manage user accounts in-house with tools like internal notes and flags as well as duplicate account prevention.

Mobile Ready

When users register through CivicRec, they get the same great experience on their phone/tablet that they're used to experiencing on their desktops. This mobile

responsive experience supports all the same waivers, prompts, discounts, and add-ons that the desktop version does. There's QR code support as well as social networking integration to make it easy for your users to connect with you.

Hardware Compatibility

Customers may opt for a variety of hardware peripherals to enhance the CivicRec experience. CivicRec can be integrated with magnetic stripe readers, barcode readers, thermal printers, cash drawers and more. While CivicRec does not directly provide hardware, we are happy to assist with procurement and implementation.

Credit Card Processing

CivicPlus Pay (Pay) is our integrated, secure, PCI-compliant, utility application. Local governments can use Pay within many of our solutions to enable seamless payment capabilities.

Pay acts as the connector to facilitate a transaction between the CivicPlus solution and the selected payment gateway. Pay offers integrations with several common payment gateways to provide flexible payment solutions. CivicPlus has partnered with several integrated gateways to enhance the customer experience through a streamlined relationship between the CivicPlus solution and the gateway that processes the payments.

If a partner payment gateway is utilized by you, CivicPlus can assist with the facilitation, set-up, support, and troubleshooting services. Pay can also integrate with many other supported gateway providers in addition to our partner network, on a more limited fashion, to assist you in developing a successful system. Additional details on our approved partner network and other supported gateway providers is available upon request.

To utilize any of the approved gateways, an agreement will need to be executed directly between you and the vendor, that will assess separate merchant account and transaction fees. Additional information can be provided upon request.

Because EMV and Card-Swipe devices are encrypted specifically for individual payment gateways, you'll need to procure any required devices directly from your selected gateway provider for either purchase or rent. We are happy to assist in your procurement of such devices.

Optional Integration Development

CivicRec has developed integrations with a variety of parks and recreation related software systems. There are several integration capabilities that you may choose to leverage. Integrations may require additional discussion and scoping. Since integrations can require custom development time, additional fees may apply.

- Financial GL extract compatible with your financial system
- ArcGIS for purposes of local resident determination
- Identity Provider (IdP) Integration for secure single sign-on
- Lighting integration with Musco or SkyLogix lighting solutions
- AudioEye Enterprise - ADA / WCAG Accessibility

The Civic Experience Platform

Developed specifically to enable municipalities to deliver consistently positive interactions across every department and every service, the Civic Experience Platform includes technology innovations that deliver frictionless, one-stop, and personalized resident interactions. Local governments that leverage our Civic Experience Platform also benefit from:

- Single Sign-On (SSO) to all of your CivicPlus products supporting two-factor authentication and PCI Level password compatibility
- A single dashboard and toolbar for administrative access to your CivicPlus software stack
- Access to a continually growing and fully documented set of APIs to better connect your administration's processes and applications
- A centralized data store with robust data automation and integration capabilities

CivicPlus Portal

CivicPlus Portal will empower your program participants and community members to expand the frequency and variety of revenue-generating activities they sign up for with your parks and recreation department.

CivicPlus Portal gives residents a single login for every interaction they need to make with their local government. Through the Portal's personalized dashboard, residents logged in to pay a utility bill can see upcoming community events and immediately register, increasing revenue and engagement with your department.

Resident Benefits

- Anytime, anywhere access to digital resident services
- A personalized dashboard that provides link cards to the services they use most frequently

Administrator Benefits

- A low-maintenance tool that increases accessibility, access, transparency, and trust with residents
- Reduced phone calls, walk-ins, and emails from residents searching for information
- Opportunities to increase revenue and foster civic participation

Integration Hub

Now, more than ever before, communication with your communities is vital. Missed information is a missed opportunity to engage your community in what is happening and reaching as many people as possible is critical to a successful parks and recreation offering.

With Integration Hub's easy-to-use drag-and-drop interface, non-technical users can build integrations for syncing content and data between CivicPlus products or with third parties (for an additional fee) without the need for a developer. You can even easily create integrations using manual import, polling, and webhooks (for an additional cost).

Seamlessly share and publish your CivicRec event information and details using the Integration Hub. Information entered in your CivicRec calendar will populate CivicEngage® Central calendars and save staff the time and additional steps of entering the same information in multiple places.

The Integration Hub will reduce the amount of manual work your staff needs to do in the course of their daily work. This will save valuable time by automating your most time-consuming manual workflows.

Standard Project Timeline

The following is a simplified example project plan. A typical Standard CivicRec implementation averages ~14 weeks. Your specific timeline can be affected by additional training or integration needs, schedules and availability, pace of learning, and a target launch date. Upon determination of your final scope, your CivicRec Implementation Team will be able to share a complete and more detailed project plan specifically tailored to you.

PROJECT START

1

Initiate

PHASE 1

- Project Initiation & Review
- Project Timeline Review & Approval
- Kickoff Deliverables
- Kickoff Call

Analyze

PHASE 2

- Payment Gateway Setup

- Remove Test Data

4

5

Launch

PHASE 5

- System Implementation Closeout Meeting
- Remove Trial Flag - Enables 100% Functionality
- Transitioned to Dedicated Customer Success Manager
- Launch to Community

GO LIVE

Project Approach

During the Initiate and Analyze Phases, you and the CivicRec Implementation Team will work together to determine an ideal project plan based on your department's goals and contracted items. This includes, at minimum, determining the look and feel of your public page, configuring your accounting settings, importing GL codes, and setting up your payment gateway. It may also include preparing data imports and/or integrations.

During the Design and Configure Phase, you will learn the basics of CivicRec through the Standard Core Curriculum Training. Your CivicRec Implementation Consultant will train your team on the necessities of the system and tailor trainings based on your specific needs. It is also expected that you test every item in the new catalog for practice and quality assurance. During this phase, it is important for you to begin thinking about marketing tactics to promote your new online catalog.

After training is complete, you enter the Optimize and Launch Phases, where you will work with the CivicRec Implementation Team to prepare to launch. Both parties will help to ensure all requirements are met for a successful go-live. It will be up to you to determine when to open the catalog to your community once all implementation tasks are complete.

Once you are ready to launch to your community, you will place a link on your website to direct customers to your CivicRec catalog and our Technical Support Team will be ready to assist you with any questions you may have.

Standard Training Plan

A Standard Training Plan covers the bare necessities of learning CivicRec: Configuration, Facilities, Activities, and Daily Operations. During these core curriculum training engagements, your CivicRec Implementation will identify areas of focus required to meet your needs.

We recommend anyone that will be working on building out your CivicRec Catalog attend all four training engagements.

A final review of your system will occur during your Prep for Launch Meeting in which your team can ask any final questions before being handed off to our Technical Support Team, so you are confident moving forward with your new system and all the resources available to you when implementation is complete.

Data Imports

A data import of all GL Codes is included in all CivicRec Implementation Packages. CivicRec can also import certain data from your current database to your new CivicRec Catalog, leveraging our custom developed scripts and libraries. Additional data imports include User Accounts, Memberships, Residency Address Lists, Activities, Facilities, and Future Facility Reservations. To benefit from further data imports options, additional fees will apply.

Your Role

You should consider the following roles for a successful project team:

- **Project Executive** – Provides focus and guidance for the overall project. Helps to prioritize key objectives, assists with issue escalations, is a key decision-maker, and acts as project champion.
- **Project Manager** – Works closely with the CivicRec Implementation Team to facilitate the execution of project trainings, tasks, and logistics. Identifies Q&A topics or elective trainings for front-line staff, facility managers, supervisors, and/or league coordinators. Will likely be a system administrator.
- **Lead Staff** – Activity and facility managers who will be doing the bulk of configuration and setup within your new CivicRec Catalog. Will likely be a system administrator.
- **Frontline Staff** – Acts as end users of the system and will participate in training sessions lead by your Implementation Consultant or by system administrators internally. Recommended attendance at Daily Operations Training.
- **Information Technology** – Coordinates with CivicRec on technical aspects of the system such as payment gateways, hardware, and transfer of data. Recommended attendance during Prep for Launch Meeting at minimum.
- **Finance** – Coordinates the payment gateway in and works with CivicRec to properly configure the necessary accounting setup. Recommended attendance during Configuration and Daily Operations Training at minimum.
- **Marketing** – Identifies and communicates rollout and adoption process both internally and to the public. Recommended attendance during Configuration Training and Prep for Launch Meeting.

Ongoing Services

Technical & Ongoing Support

- Live technical support engineers based in the U.S.
- Weekday business hours: 7 a.m. – 7 p.m. (CST)
- Contact via phone, email, and live chat
- 4-hour response during business hours
- 24/7 emergency technical support for named points of contact
- Self-Service CivicPlus Help Center for tutorials and user guides
- Assigned customer success manager to ensure your complete and ongoing satisfaction

Maintenance

- Regular review of site logs, error messages, servers, router activity, and the internet in general
- Full backups performed daily
- Regularly scheduled upgrades, fixes, enhancements, and operating system patches
- Testing and Development

Award-Winning

CivicPlus' Technical Support Team has been honored with one Gold Stevie® Award, three Silver Stevie® Awards, and five Bronze Stevie® Awards, which are the world's top honors for customer service, sales professionals, and more.

2021 Support Metrics

- Total Tickets – 103,759
- Average Chat Response – 3:48 Minutes
- Average Phone Response – 7:57 Minutes
- Customer Satisfaction Score – 95.7%
- Solved in One Touch – 71.2%

Hosting & Security

- Hosting with Azure's geographically distributed regions
- Cloudflare Content Delivery Network
- Amazon Aurora (Aurora) fully managed relational database engine
- 24/7/365 system monitoring, system availability, and performance
- Server firewalls, anti-virus scanning, IP logging and filtering, and application security monitoring
- Software updates and security patches
- Disaster recovery with local, replicated servers and off-site encrypted backups
- PCI Compliance with CivicPlus Pay - a Level 1 PCI DSS certified payment gateway

"It's clear to us that CivicRec has always been willing to listen to the recreation professionals that they work with. It's that type of collaboration that has allowed us both to grow. CivicRec has always been willing to listen to our needs and understand the features and functionality that we need."

— Neely M., Administrative/Programs Assistant,
Cherokee Recreation & Parks Agency

Disclaimer

Proposal as Non-Binding Document

A successful project begins with a contract that meets the needs of both parties. This proposal is intended as a non-binding document, and the contents hereof may be superseded by an agreement for services. Its purpose is to provide information on a proposed project we believe will meet your needs based on the information available. If awarded the project, CivicPlus reserves the right to negotiate the contractual terms, obligations, covenants, and insurance requirements before a final agreement is reached. We look forward to developing a mutually beneficial contract with you.

Optional Add-Ons

Data Imports

CivicPlus offers an array of data migration options to ease the transition from your previous recreation management software to CivicRec. A simple CSV template will be supplied by CivicRec for each of the data migration options chosen in order to make the import of that data quick and seamless.

- **User** – This import includes user data such as name, address, email, age, gender, & phone number.
- **Activities/Sessions** – Import data points for activities to cut down on the time to fully configure an activity or session. Data points include, but are not limited to, activity type, name, category, description, default GL code, etc.
- **Residency** – Clients can import residency data via .csv file. This can be done at the beginning of your project and periodically to ensure all information is current. There is a cost per import. CivicRec also offers an ArcGIS integration to eliminate the need for this import or continuous updating over time.
- **Location/Facilities** – Import specific data points to enable quicker configuration of a facility. Location refers to a park or complex and a facility refers to a rentable/reservable space (room, shelter, or field) within that Location.
- **Membership & Pass** – Import all data regarding current memberships, including punch cards and expiring memberships. In addition user accounts will be created for each member imported.
- **Future Facility Reservation** – Import all reservations already made within your current recreation software that would take place after your “go live” date. This will help prevent double bookings during the transition period from your previous software to CivicRec.

ArcGIS Extract

Through our existing ArcGIS integration, CivicRec will use an endpoint provided by you to plug into our integration. The system will then identify public users as a resident or non-resident based on their address upon account creation. This integration is intended to allow city and county parks and recreation departments the opportunity to price programs or base access on a patron's residency status. You will be responsible for creating the endpoint as CivicRec does not employ a GIS expert or SME.

Lighting Integration

Skylogix or Musco Lighting integration enables a facility's lights to be automatically turned on when a reservation starts, and off when a reservation ends.

Identity Provider (IdP) Integration

CivicPlus offers customized IdP integration capabilities, which means you'll benefit from easier integration between CivicRec and your favorite third-party solutions. Provide single sign-on (SSO) functionality to streamline managing and supporting user credentials and identify management solutions. CivicPlus IdP partners include Microsoft's Azure Active Directory (AD), Microsoft's Active Directory Federation Services (AD FS) versions 3.0, 4.0, and 5.0, and Okta.

Document Management

The document management feature is a simple and convenient way to store and share files needed for registrations. It allows public users and staff to securely upload relevant documents for activities and assign document types to specific activities to streamline the registration process. Staff can also set document retention policies based on organization needs.

AudioEye Enterprise

AudioEye offers a range of products and services from self-service to turnkey managed solutions. At the core of AudioEye, is the Digital Accessibility Platform (DAP), this powerful tool empowers auditors, designers, and developers to understand issues of accessibility and improve website infrastructure thorough the use of an innovative and easy-to-use interface. The AudioEye Toolbar offers web personalization tools. Conforming to Web Content Accessibility Guidelines (WCAG) 2.1 has never been easier.

Dedicated Hosting and Security

CivicPlus' Platinum Hosting and Security package comes with enterprise-level Cloudflare software and:

- Fully customized Web Application Firewall (WAF), customized for our application
- OWASP ModSecurity Core Rule Set protects you against the Top 10 vulnerabilities identified by the Open Web Application Security Project (OWASP), such as SQL injection (SQLi) and cross-site scripting (XSS) attacks
- User agent blocking
- Block or challenge visitors by IP address, autonomous system number (ASN) or country code
- Reputation-based threat protection and collective intelligence (CI) to identify new threats

Financial Extract

CivicRec provides several templated export options in the form of either .CSV or .TXT files to assist in transferring financial data from CivicRec into the financial software utilized by the customer. Templated extracts are included with the purchase of CivicRec. In the event none of the templated extracts work for the customer, CivicRec offers the option to purchase a custom financial extract built by the CivicRec team. Depending on your organizational needs, additional information will be required before development can be agreed upon. Final scope of any such development is solely at the discretion of CivicPlus, future business priorities and requirements, and development capacity.

Edgemont Community Park Pavilion is no longer available to rent until further notice!

Welcome to the Susquehanna Township Parks & Recreation registration and reservation website, hosted through CivicRec. We are excited you have found your way here and hope you find our new website to be an improvement to our former operation of program registration and facility reservation. By transitioning to this platform we are able to better serve you by placing almost all of our offerings in one location for convenient and speedy use. If you are looking to reserve a facility, sign up for an activity or just research what areas and offerings we have, you have come to the right place!

Not all things listed on this website are eligible for reservations by the general public online. If you click on a facility or class and find that you cannot register for an opening, please try and contact our Recreation Office at 717-909-9278 or email stprinfo@susquehannatwp.com to book.

HOW TO CREATE AN ACCOUNT

1. Select **Login/Create Account** in the upper left corner, then select **Create Your Susquehanna Township Parks & Recreation Account**.
2. On mobile devices, select **Account** in the upper right corner and click **Sign Up**.
3. Fill out the required information
4. To **receive text alerts** (i.e. class cancellations, facility closings), **indicate your mobile carrier** next to your cell number.
5. To receive important notifications, **opt-in to receive all communication types** (courtesy notifications, critical announcements, upcoming events)
6. Additional household members (spouse, children, etc.) may be added at any time in your **Account Settings**. Keep your entire household on one account!

7. Browse our catalog for our facility rentals for your upcoming events and make a reservation online!

HOW TO RESERVE A PAVILION/FIELD/COURT

1. Select the **catalog tab** associated with the facility type you would like to reserve space at.
2. Browse for the **pavilion/field/court** you are interested in and select it.
3. Browse the calendar to choose your reservation date. If a space is available, it will show up as **GREEN** on the calendar, if it is unavailable, it will show up as **GREY** on the calendar. If there is partial availability, it will show up as **YELLOW**.
4. Once the date is selected, **select the rate and time range** for the rental. If no rate or time range is available the facility your viewing cannot be reserved online.
5. Once the rental space has been added to your cart, click **checkout** to finish your transaction.
6. A series of **prompts/waivers** will follow that need to be answered and agreed to.

HOW TO REGISTER FOR A PROGRAM/PASS/ACTIVITY

1. Select the catalog tab for the desired **ACTIVITIES**.
2. Browse for the program/pass/activity you are interested in and select it.
3. Make sure to select the correct account member before adding it to your cart. This can be found on the right-hand side of the screen, where it says, **ACCOUNT MEMBERS**.
4. Once the program/pass/activity has been added to your cart, click **checkout** to finish your transaction.
5. A series of **prompts/waivers** will follow that need to be answered and agreed to

Event Manager – Consulting Implementation Service Statement of Work

Summary:

Company will provide specified professional consulting services to Subscriber to implement Event Manager (EVM), an on-line event management system. These professional services include meeting with key stakeholders to ensure the set-up and configuration of the system will meet the client's operational needs; location and category hierarchies are configured appropriately; workflows meet the needs of the business; available data is cleaned, aligned and imported; and end users are trained and ready for go-live.

In Scope: The Deliverables below will be considered in scope of this EVM SOW:

1. Implementation with Consulting
2. Training
3. Post Consulting Go-Live Support

Deliverables:

- Project initiation and discovery
- Available location, user, category, event data loaded
- Account configuration
- User acceptance testing (UAT)
- End User training for Tenant Administrator and Approver roles
- Go-Live support

Acceptance Process:

As each deliverable is completed, the Project Coordinator will confirm with the Subscriber and document acceptance in the Project Community Portal.

- Project initiation and discovery
 - Kick-off call complete
 - Discovery call complete
 - Data, configuration, and training requirements documented
- Available data loaded
 - Available location, user, category, event data is loaded in EVM to meet documented data requirements.
- Account Configuration
 - Account has been setup and configured to meet documented configuration requirements.
- User Acceptance Testing
 - Consultant-led end-to-end walkthrough and client UAT has demonstrated to Subscriber functionality meets configuration requirements.
- End User Training
 - Tenant Administrator and Approver roles have received training on their respective roles.

- Go-Live Support
 - 30-day Go-Live Support period has been concluded.

Assumptions:**Subscriber Assumptions:**

- There will be a single point of contact/project manager for the duration of the project.
- IT department is responsible for ensuring access to mobile devices, internet connections, e-mail access, and web link access to the software such as whitelisting IP addresses.
- The appropriate resources will be available for all scheduled activities. Canceling or rescheduling consulting activities within 2 weeks of the scheduled activity may result in a rescheduling fee being assessed.
- For on-site activities, Subscriber will provide a dedicated space with adequate technology, including but not limited to monitor/projector, computers, mobile devices, quality phone and internet connections.
- Will provide relevant data to be loaded in a timely manner and in Excel or CSV format. Each record type will be provided in one file with one sheet with column headings and one record with corresponding attributes per row.
- If Subscriber is unable to provide data in an acceptable format for import, Consultant will guide Subscriber on how to manually create records.
- Subscriber has up to (5) business days to confirm deliverable acceptance. No response will be interpreted as acceptance.

Company Assumptions:

- Consultant will not access any 3rd party systems for the purpose of exporting data.
- Once End User Training has been completed, 30-day Go-Live Support period begins, consisting of up to 4 weekly 30-minute check-ins with the Implementation Specialist. If client does not attend a scheduled check-in, it will be assumed no assistance was needed.
- For any on-site activities, Company will bill Subscriber for actual travel and associated expenses incurred.
- Any services not explicitly included in this SOW are assumed to be out of scope.

Project schedule and approach:

- Kick-off Call with Project Coordinator
 - Confirm software and services purchased
 - Identify key stakeholders
 - Assign resources
 - Schedule key milestone dates, including anticipated project completion date
 - Access to Company's on-line Learning Management System
 - Access to an interactive project plan
- Discovery with Consultant
 - Interview key stakeholders to understand specific maintenance & operations objectives
 - Overview of EVM with key stakeholders, including data import requirements
 - Determine optimal EVM configuration to meet operational requirements
 - Document data, configuration, and training requirements

- Schedule required consulting activities and confirm projected completion date
- Data loaded by Consultant
 - Review, cleanse, and load available location, user, category, event data
- Account configuration by Consultant
 - Populate key drop-down menus
 - Assist with layout, branding, and community use configuration
 - Configure workflow for request/approval of events
 - Assist with configuring invoicing and cost recovery
- User Acceptance Testing
 - Configuration demo to walk through the end-to-end workflow from request to completion
 - Demonstrate key functionality meets configuration requirements
- Consultant conducts End User Training for Administrator and Full User roles
 - End-to-end walkthrough for their role
 - Desktop and mobile training
- Go-Live Support
 - Company provides (4) weekly check-in calls with implementation specialist and Subscriber
 - Company implementation specialist addresses any issues identified. Where issues require product support, implementation specialist will submit to Company Support.
 - Implementation specialist adjusts configurations as needed prior to project close.
- Project Close

Sample Project Timeline (project timelines may vary):

Timeline/Events	Day 1	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13
Project Kick Off Call														
LMS (Learning Management System) Review and Q&A														
Discovery Call														
Data Review														
Data Loading														
Account Configuration														
UAT (User Acceptance Testing)														
User Training														
Post-Consulting Call														
OLS (Go Live Support)														
Project Close														

Change Management:

Subscriber may request that the Company add services not in the specifications by submitting a written proposed change order to the Company. Submitted change requests will be reviewed for approval. Approved change orders will become part of the applicable SOW when executed by both Parties, and the services described therein will become part of the services.

Invoicing:

At the conclusion of the Go Live Support period, the main consulting milestone will be completed and will trigger billing for the full consulting service.

Sites

definition

- The home for an accounts individual calendars. Each account can occupy multiple calendars that host their own unique url. Each website can create and manage their own reservable spaces.

Reservable Location Spaces

definition

- Locations which are available to be obtained or secured by advanced request or arrangement.

API activation is included with Professional and Premium subscriptions only.

For clients interested in working with online payment vendors, Company preferred processors are PayPal, Stripe, MySchoolBucks, or SchoolPay.

There will be a transaction fee charged when processing payments through PayPal or Stripe. The transaction fee is paid to Brightly by your renters, requesters, or registrants and is independent from the processing fees collected by the online payment vendor.

Registration and Sales using Online Payments:

- Company will charge a transaction fee of 2.5% + \$.99 for each item or ticket sold. There is cap of \$9.95 collected for all the items sold in a transaction.

Invoicing using Online Payments:

- Company will charge a transaction fee of 2.5% on all invoices.

Outside of our preferred processors, clients have the option to pay an annual subscription fee of \$2,360 to Company. This option allows clients to process online payments through Authorize.Net, TouchNet, Tempus, TrustCommerce, or NIC Payments. The annual subscription fee is charged independently from the processing fees collected by the online payment vendor.

Order Form terms

- By accepting this Order Form, and notwithstanding anything to the contrary in any other purchasing agreement, Subscriber agrees to pay all relevant Fees for the full Services Term defined above.
- Payment terms: Net 30
- The "Effective Date" of the Agreement between Subscriber and Company is the date Subscriber accepts this Order Form.
- This Order Form and its Services are governed by the terms of the Brightly Software, Inc. Master Subscription Agreement found at <http://brightlysoftware.com/terms> (<http://brightlysoftware.com/terms>) ("Terms"), unless Subscriber has a separate written agreement executed by Brightly Software, Inc. ("Company") for the Services, in which case the separate written agreement will govern. Acceptance is expressly limited to these Terms. Any additional or different terms proposed by Subscriber (including, without limitation, any terms contained in any Subscriber purchase order) are objected to and rejected and will be deemed a material alteration hereof.
- To the extent professional services are included in the Professional Services section of this Order Form, the Professional Services Addendum found at <http://brightlysoftware.com/terms> (<http://brightlysoftware.com/terms>) is expressly incorporated into the Terms by reference.
- During the Term, Company shall, as part of Subscriber's Subscription Fees, provide telephone and email support ("Support Services") during the hours of 8:00 AM and 6:00 PM EST, (8:00 am – 8:00 pm EST for Community Development Services) Monday through Friday ("Business Hours"), excluding Company Holidays.
- Company maintains the right to increase Subscription Fees within the Services Term by an amount not to exceed the greater of prices shown in the investment table or the applicable CPI and other applicable fees and charges every 12 months. Any additional or renewal Service Terms will be charged at the then-current rate.
- Acceptance of this Order Form on behalf of a company or legal entity represents that you have authority to bind such entity and its affiliates to the order, terms and conditions herein. If you do not have such authority, or you do not agree with the Terms set forth herein, you must not accept this Order Form and may not use the Service.
- Proposal expires in sixty (60) days.
- Subscriber shall use reasonable efforts to obtain appropriation in the full amount required under this Order Form annually. If the Subscriber fails to appropriate funds sufficient to maintain the Service(s) described in this Order Form, then the Subscriber may terminate the Service(s) at no additional cost or penalty by giving prior written notice documenting such non-appropriation. Subscriber shall use reasonable efforts to provide at least thirty (30) days prior written notice of non-appropriation. Subscriber agrees non-appropriation is not a substitute for termination for convenience, and further agrees Service(s) terminated for non-appropriation may not be replaced with functionally similar products or services prior to the expiration of the Services Term set forth in this Order Form. Subscriber will not be entitled to a refund or offset of previously paid, but unused Fees.

Additional information

- Prices shown above do not include any taxes that may apply. Any such taxes are the responsibility of Subscriber. This is not an invoice. For customers based in the United States, any applicable taxes will be determined based on the laws and regulations of the taxing authority(ies) governing the "Ship To"

location provided by Subscriber. Tax exemption certifications can be sent to accountsreceivable@brightlysoftware.com (<mailto:accountsreceivable@brightlysoftware.com>).

- Billing frequency other than annual is subject to additional processing fees.
- Please reference Q-373511 on any applicable purchase order and email to Purchaseorders@Brightlysoftware.com (<mailto:Purchaseorders@Brightlysoftware.com>)
- Brightly Software, Inc. maintains the necessary insurance coverage for its products and professional services, including but not limited to liability and errors & omissions coverage. Proof of insurance can be provided upon request.

Terms & Conditions

All Services in this Quote are to be performed in strict accordance with the terms and conditions of the Master Services Agreement ("Agreement") except as modified herein or by the terms of a previous Quote. Unless expressly stated in this Quote, no other provisions of the Agreement shall be affected.

Payment processing is a comprehensive service for credit card and ACH. The Service includes daily direct deposit of Registrant Fees into Client's specified bank account. Capturepoint charges Client's Cardholder a separate Payment Processing Fee at the time of the transaction. The following supplemental terms to the Agreement apply:

- 1. Cardholder/ACH Payment Processing Fee.** Client understands that Capturepoint has authorized Client to accept credit cards. In order to waive processing fees for Client, Capturepoint will charge a Payment Processing Fee to the Cardholder at the time of transaction. Capturepoint reserves the right to modify the amount of this Payment Processing Fee depending on the costs which Capturepoint incurs to process such transactions. In the event of a change, Capturepoint shall provide Client with 30 days' notice of such change.
- 2. Disclosure & Opt Out of Payment Processing Fee.** Client understands that a Cardholder has a right to opt out of a Payment Processing Fee transaction at the time of sale. Client agrees to disclose to the Cardholder(s) the amount of the calculated Payment Processing Fee at the time of transaction (Capturepoint will automatically calculate fee) and give the option for the Cardholder to cancel the payment and accept another form of payment (cash, checks, etc.).

3. Transaction Types.

- a. In-Person Transactions. Client understands Cardholders will be required to sign for the Capturepoint Payment Processing Fee and the transaction amount due to Client. Client agrees to maintain a copy of transaction receipt for a minimum of 18 months. Client further agrees to provide Capturepoint a timely copy of such receipt(s) in the event it is requested.
- b. Phone Transactions. Client understands that each transaction which is processed over the telephone shall require Client to disclose the Payment Processing Fee being assessed for the completion of the transaction prior to charging the Cardholder's credit card. The Cardholder has the right to opt out of the transaction. Client agrees to print a receipt for phone order transactions, write in Phone Order on the signature line for transaction and store for a minimum of 18 months.
- c. Internet Transaction. Capturepoint's secure e-commerce interface shall disclose to the Cardholder any Payment Processing Fees being assessed prior to changing the Cardholder's credit card. Such disclosure shall give the Cardholder the right to "opt-out" of the transactions. Capturepoint shall automatically initiate an email receipt to the Cardholder for each completed transaction.

4. Internet Sale Items / Default Pricing. Client understands that by using the Capturepoint e-commerce payment processing solution, it has authorized Capturepoint to post any set default pricing and payment items as indicated by the Client. Client agrees that it is the responsibility of the Client to notify CommunityPass Support of any changes to default pricing and/or payment items displayed.

5. Chargebacks. Client agrees that any disputes between Client and a Cardholder relating to a transaction funded directly to the Client shall be settled between Client and the Cardholder directly. Client understands that such disputes can result in a Cardholder issued "Chargeback" to Client. Chargeback(s) can be avoided by settling disputes with the Cardholder directly or issuing a refunded transaction. Such chargeback disputes may require Client to provide a copy of the signed credit card receipt and other supporting documentation. Capturepoint agrees any disputes between Capturepoint and a Cardholder relating to a Payment Processing Fee shall be settled between Capturepoint and the Cardholder. Such chargeback disputes may require Client to provide a copy of the signed credit card receipt for In-Person and Phone transactions to Capturepoint or other supporting documentation. Client will hold no liability nor be debited any chargeback for a Payment Processing Fee amount.

6. Taxes excluded from this Quote. Applicable taxes may apply.

Additional Terms & Conditions

Additional Terms Includes:

Essentials Module - for sign up/registration, payments, reporting, messaging, member management, customer management, content management, 3 trainings

Reservation Manager- Administer facility reservation schedules that are easy to build, keep updated, mobile and informative. Rental queue and permits available. 2 trainings

MAKING A CASE FOR **RECREATION MANAGEMENT SOFTWARE**

As a leader in your parks and recreation department, funding is likely a recurring pain point for you. When relying on a limited municipal budget, it can be difficult to grow, add new programs, and update facilities. But, by leveraging your department's performance data you can advocate for more funding, reduce costs, and take advantage of every dollar in your budget.

Investing in recreation management software will help you gather the information you need to prove your department's community impact. With [CommunityPass](#), you can track key metrics, generate reports, optimize staff scheduling, and diversify your revenue streams. In this guide, we'll explore how you can use CommunityPass to efficiently implement these practices.

Let's dive in!

TABLE OF CONTENTS

Track Key Metrics	4
Optimize Staffing	5
Diversify Revenue Streams	6

TRACK KEY METRICS

Tracking your financial and participant data is key to understanding your cash flow and your center's performance. To accurately measure revenue and impact, you'll need to track metrics such as:

- Online registrations
- Attendance
- Rentals
- Donations
- Expenses

When you use CommunityPass, you can funnel data from various sources into one platform to generate accurate, up-to-date reports. For example, data from the registrations and rentals you have in a single month will flow directly into your management software so you can evaluate your center's performance. Reports can also help you identify attendance trends, identify program growth or decline, and forecast your financial future to create more accurate budgets.

You can also use these metrics to create detailed presentations that measure your park's overall performance, highlighting your strengths to empower you to advocate for additional funding. By tracking metrics year-round, you can present concrete data to emphasize the success of a new program. For instance, your data could indicate that you've attracted twice as many regular participants compared to the previous year. By using this tracked data as evidence, you can make a compelling case for an increased budget to expand programming, staff, and facilities.

OPTIMIZE STAFFING

Hiring the proper number of staff members is a tricky part of managing your budget. The consequences of overhiring translate to overspending on labor. On the other hand, not hiring enough staff members could mean that employees have to work outside of their designated hours to complete unfinished tasks and that some tasks may not get done at all.

Because CommunityPass tracks metrics like [registration and attendance](#), you can more accurately predict your employee hiring needs. By analyzing previous monthly reports, you can predict visitor attendance rates and hire new employees accordingly. These reports can even help you allocate the proper number of employees to each shift based on demand.

SPONSORSHIPS AND DONATIONS

Depending on your parks and recreation center's unique situation and goals, you may need to supplement your municipal budget with additional revenue streams such as sponsorships or donations. Setting up these additional revenue streams doesn't have to require ample time, resources, and funding. Instead, you can get started with CommunityPass to quickly implement revenue opportunities.

CommunityPass has [features](#) to help you pursue partnerships with businesses and accept donations. CommunityPass can help you set up different sponsorship tiers to give the businesses that support you more flexibility, helping you secure more partnerships than having just one fixed rate. You can also send sponsorship requests with a URL and easily track all money received through sponsorships to keep your records accurate and up-to-date.

Virtual donations from donors are easy to manage as well. You can set up donation campaigns that prompt users to donate while they are checking out after registration. CommunityPass will even send donation receipts, simplifying fundraising for both experienced and beginner fundraisers.

GET STARTED WITH COMMUNITYPASS

Investing in [CommunityPass](#) will help your department gather and report concrete data so you can effectively advocate for necessary funding. With increased resources, you can expand your programs to provide a more valuable visitor experience. Along with the features in this guide, CommunityPass can help invest more of your time into revenue-generating tasks with other tools and features. To learn how these features can help with customer management, email and text communications, and scheduling, [book a demo](#) today.

Interested in learning more about how you can get the most out of your budget?

CommunityPass has the tools you need.
