Dear Hamburg Township Resident,

You are receiving the letter because you are in the Huron River Chain of Lakes Water Improvement Special Assessment District (HRCLSAD), for control of invasive weeds and alga, administered by the Washtenaw County Department of Public Works. Hamburg Township residents in the HRCLSAD are fortunate that the Washtenaw County DPW agreed to administer this two-county, four-township Special Assessment District. However, this is the last year that residents in Hamburg Township who live on Zukey, Strawberry and Gallagher Lakes will receive invasive weed and alga control on your lakes.

The Hamburg Township Board of Trustees has authorized the establishment of a replacement Special Assessment District for the control of invasive weeds and alga under State Act 188 of 1954. This is the same Citizen Initiated Petition Special Assessment that was used to establish the Sewer System in Hamburg Township and all of the Road Maintenance and Road Improvement Districts.

Currently, we are attempting to determine your interest in the continuation of this Special Assessment District for the control of invasive weeds and alga.

You can submit your preference in one of three ways:

- By scanning the QR code below and clicking on your preferences
- By emailing your preference to techservices@hamburg.mi.us
- Or by checking the appropriate boxes below and dropping this letter off at the Hamburg Township Hall, 10405 Merrill Road.

Yes, I support continuing the Invasive weed and alga SAD
 No, I do not support continuing the invasive weed and alga SAD.

Name _____ Address _____

Email _____

If there is enough interest to move forward with the invasive weed and alga SAD, are you willing to attend an **informational meeting for petition circulators on Tuesday, April 12, 2022 at 7 p.m. in the Hamburg Township Hall Board room?**

_____ YES _____ No

Sincerely,

Pat Hohl
Hamburg Township Supervisor
