

BUILDING PERMIT PROCESS

(Revised 2-6-24)

1. Applicant shall submit application to the responsible jurisdiction with a \$150.00 fee to be paid at time of submittal.
Applicant shall include:
 - a. Site plan showing property boundaries and building(s) locations. Dimensions should show distance from building to all property lines.
 - b. Legal description and address of property.
 - c. Two sets of plans which include footing, foundation, wall & roof details. CMS will release permit after energy calculations, makeup and combustion air calculations (mechanical calculations) and energy compliance certificate are approved. All buildings other than one and two family dwellings require architectural a d/or structural engineering certifications.
 - d. On-site and well information if building is not municipal water and/or sanitary sewer.
2. Building permit review and issuance is now a two-phase process. The \$150 Plan Review Application Fee will be collected to start the process. The application will then be reviewed for completeness, determining the value of the project, and calculation permit fees. The first phase will be completed in 5 business days. The second part will include the technical review once permit fees are paid in full. This phase will be completed in 10 business days.
3. Applicant pays all fees when he/she picks up the permit(s) before construction.
4. The owner/builder is responsible for arranging or calling for all inspections. In the typical new home the following inspections would be required:
 - a. Footing/foundation. This is made prior to the concrete being poured.
 - b. Poured foundation walls
 - c. **Back Fill and Water Proofing**
 - d. Plumbing Rough-in - below ground
 - e. **Radon - Before any foam is placed**
 - f. Mechanical Rough-in- heat/vent- in-floor & underground heat
 - g. Framing - Truss specifications to be on site.
 - h. Plumbing Rough-in - above ground
 1. Heat & Ventilation Rough-in
 - J. Fireplace Rough-in. This inspection is made prior to enclosing unit.
 - k. Insulation
 1. Finals building, plumbing, mechanical (heat/ventilation & gas lines)
5. Certificate of Occupancy shall be issued upon completion of all approved work.

GENERAL INFORMATION:

- All structures except storage buildings 200 sq. ft. or less require a building permit. Storage buildings 200 sq. ft. or less must still comply with all applicable zoning regulations.

Fences not over seven feet (7') high do not require a building permit.

- Permit fees are based on valuation established from State of Minnesota data sheets.
- Electrical permits and electrical inspections must be arranged through the Minnesota state electrical inspector.
- All building and plumbing contractors must be licensed through the State of Minnesota and their license number must be included on all permit applications.
- The plumbing plans for all commercial/industrial projects must be approved by the Minnesota State Health Department. Inspections are made by the Health Department, however, they often defer these to the local building inspector. A copy of the state approval shall be on file at CMS prior to scheduling plumbing inspections.
- The Minnesota State Building Code adopted under Minnesota Statutes, Section 326B.106, subdivision 1, includes the following chapters:
 - A. 1300 - Minnesota Building Code Administration;
 - B. 1301 - Building Official Certification;
 - C. 1302 - State Building Code Construction Approvals;
 - D. 1303 - Special Provisions;
 - E. 1305 - Minnesota Building Code;
 - F. 1306 - Special Fire Protection Systems;
 - G. 1307 -Elevators and Related Devices;
 - H. 1309 - Minnesota Residential Code;
 - I. 1311 - MN Conservation Code for Existing Buildings;
 - J. 1315 - Minnesota Electrical Code;
 - K. 1325 - Solar Energy Systems;
 - L. 1335 - Floodproofing Regulations;
 - M. 1341 - Minnesota Accessibility Code;
 - N. 1346 - Minnesota Mechanical Code;
 - O. 1350 - Manufactured Homes;
 - P. 1360 - Prefabricated Structures;
 - Q. 1361-Industrialized/Modular Buildings;
 - R. 1370 - Storm Shelters (Manufactured Home Parks);
 - S. 4714 - Minnesota Plumbing Code;
 - T. 1322 and 1323 - Minnesota Energy Codes;
 - U. 5230-Minnesota High Pressure Piping Systems

BUILDING PERMIT APPLICANT: PROPERTY OWNER

I, _____ {print name} understand that the State of Minnesota requires that all residential building contractors, remodelers and roofers obtain a state license unless they qualify for a specific exemption from the licensing requirements. This license requirement applies to owners of residential real estate who build or improve such property for purposes of speculation or resale.

By signing this document, I attest to the fact that I am improving this house for my own use and am not building or Improving this house for the purpose of reselling it. I hereby claim to be exempt from the state licensing requirements because I am not in the business of building or remodeling on speculation or for resale and that the house for which I am applying for this permit, located at _____ is the first residential structure I have built or Improved in the past 24 months. I also acknowledge that because I do not have a state license, I forfeit any mechanic's lien rights to which I may otherwise have been entitled under M Inn. Stat. §514.01.

Furthermore, I acknowledge that I may be hiring independent contractors to perform certain aspects of the construction or improvement of this house and I understand that some of these contractors may be required to be licensed by the State of Minnesota. I understand that unlicensed residential contracting, remodeling, and/or roofing activity is a misdemeanor under Minn. Stat. §326B.082, subd.16 and can also result in a fine of up to \$10,000. I further state that I understand that the filing of a false statement with the City of Kasson may also result in criminal prosecution and/or civil penalties pursuant to applicable city/township ordinances and/or state statutes.

I have also been Informed and acknowledge that by listing myself as the contractor for this project, I alone will be responsible to the City of Kasson for compliance with all applicable building codes and city/township ordinances in connection with the work being performed on this property.

Name (signature)

Date

For questions or information on contractor licensing, or to check the licensing status and enforcement history of a particular contractor, call the Minnesota Department of Labor and Industry, Construction Codes and Licensing Division, at (651) 284-5069. The Web site is: www.doli.state.mn.us/contractor

KASSON RE-INSPECTION FEES

The intent is to re-coop costs incurred for unnecessary re-inspections.

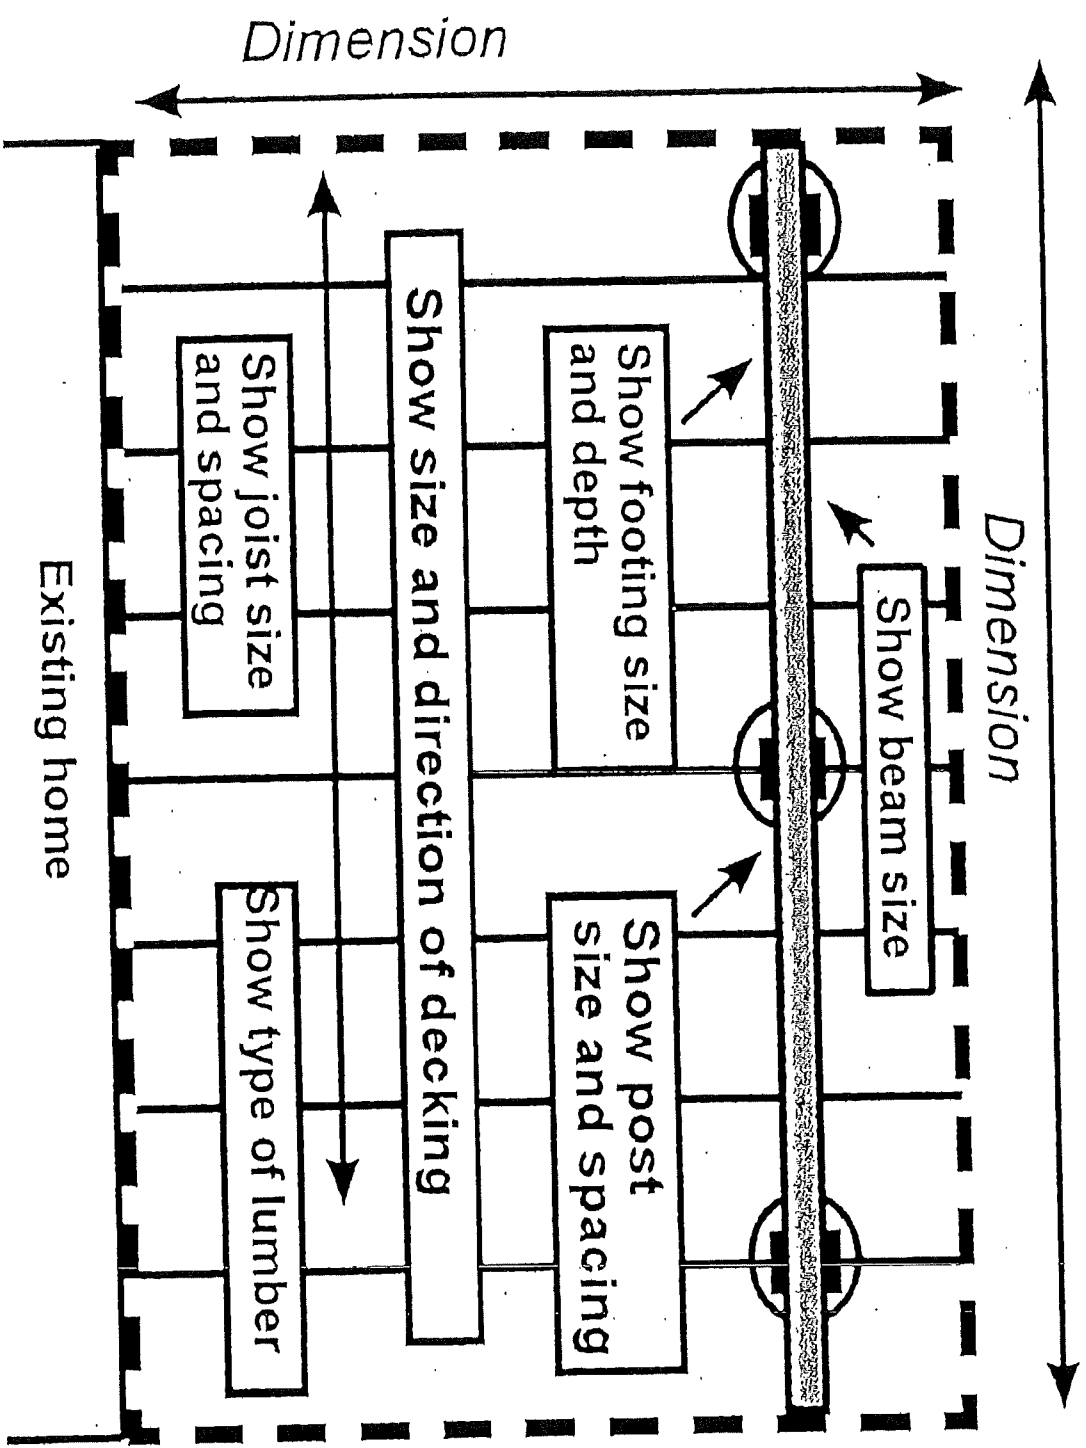

The contractor or owner will be given one (1) verbal warning. After the warning is issued, they will be put on a re-inspection list. Once on the list, each additional "did not pass" inspection will require a fee of \$80.00 to be paid to the City of Kasson prior to scheduling a re-inspection.

When an inspection does not pass but can be re-inspected at the next required inspection, a re-inspection fee will not be required. Should the correction not be completed and an additional trip is required, a re-inspection fee would be required.

The inspector in the field will inform the office when an inspection did not pass. If it is determined a fee is due, the inspector will inform the contractor/owner. CMS will inform the City via fax when a re-inspection fee is due. When the fee is paid, the City will call CMS. CMS will then be allowed to re-schedule.

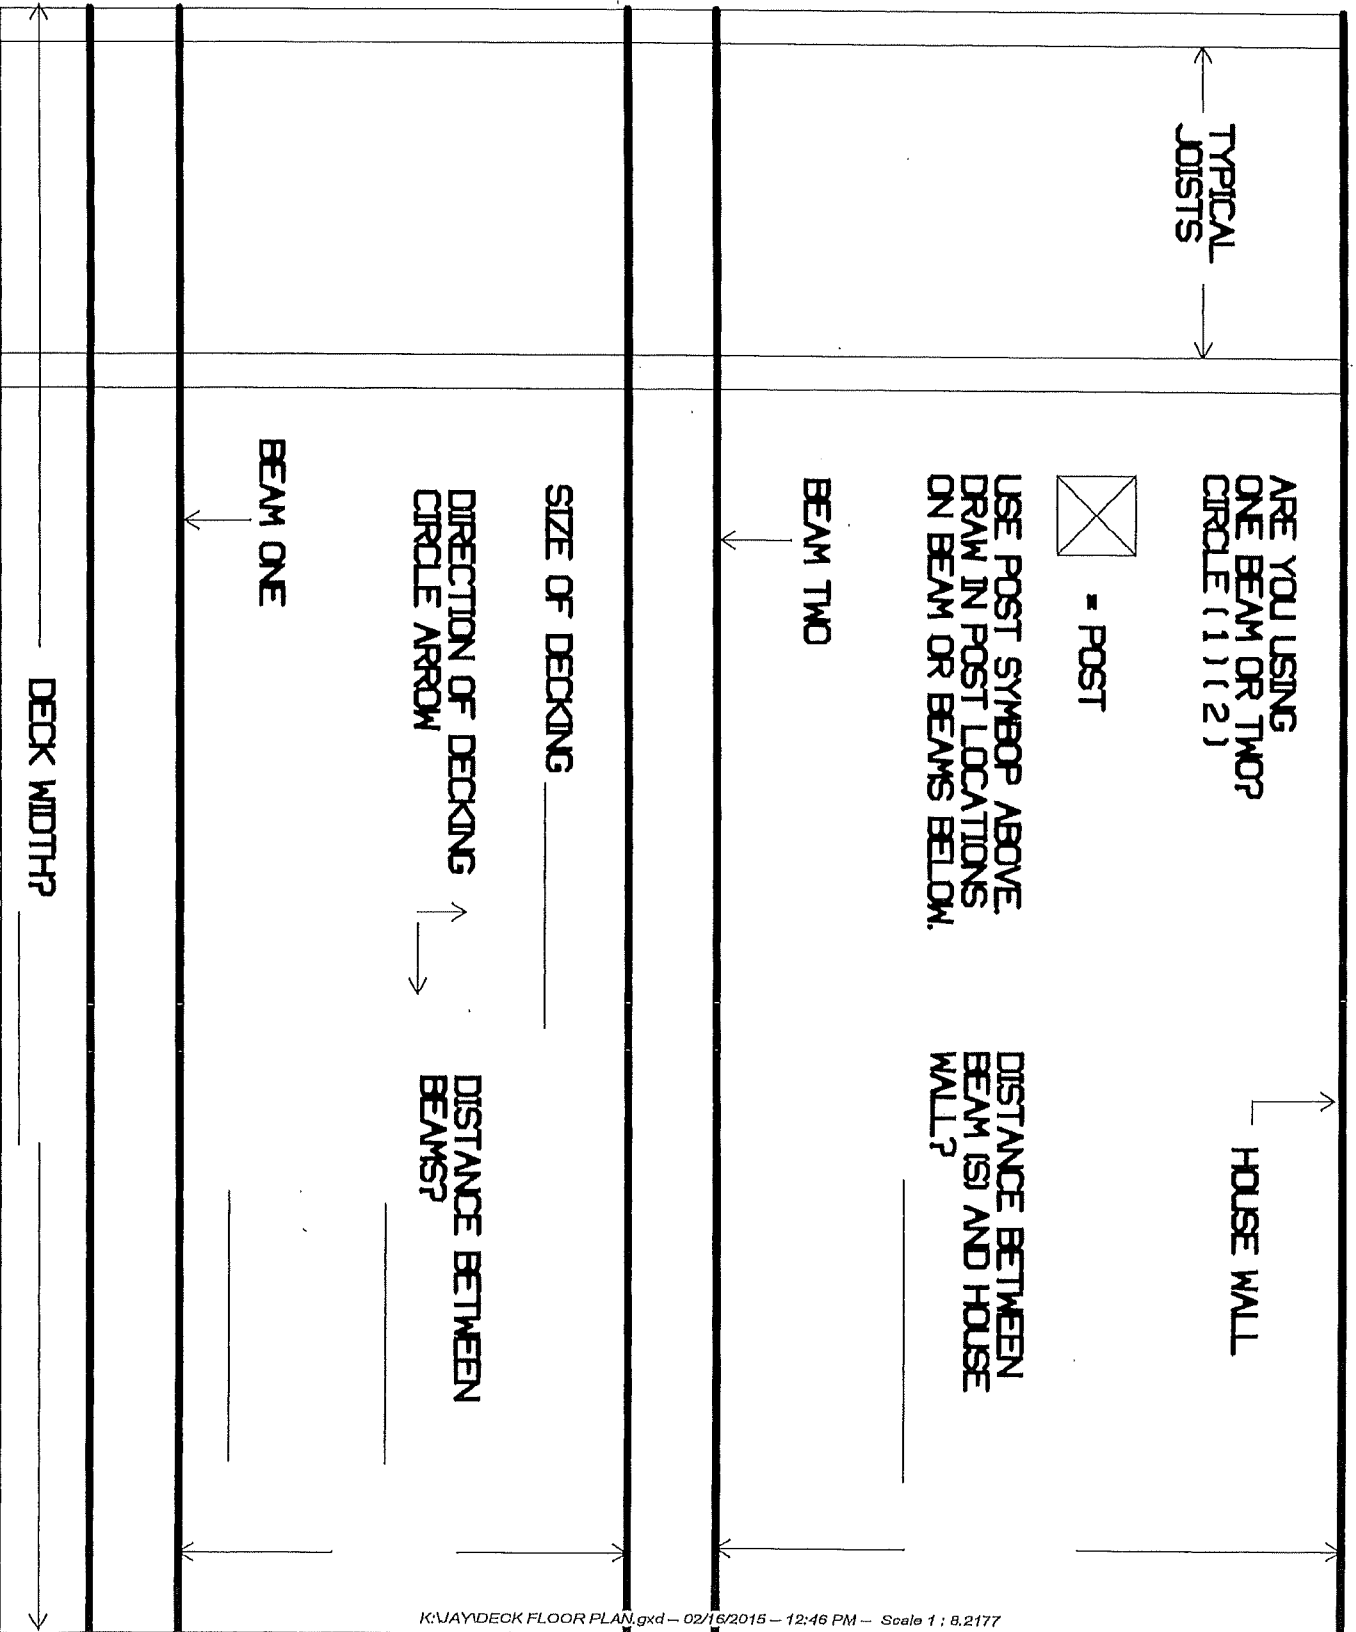

Exempt situation: When a final grade cannot be completed due to winter weather. A temporary Certificate of Occupancy will be issued. When CMS is notified the correction is complete, we would schedule when in Kasson to final out the project.
