CITY OF KASSON, MINNESOTA FINANCIAL SECTION DECEMBER 31, 2022

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council

City of Kasson, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kasson, Minnesota, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kasson, Minnesota, as of December 31, 2022, and the respective changes in financial position, cash flows thereof, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Kasson, Minnesota and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Kasson, Minnesota's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and Members of the City Council Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the City of Kasson, Minnesota's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Kasson, Minnesota's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 14 and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Kasson, Minnesota's basic financial statements. The combining and individual nonmajor fund statements and supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Honorable Mayor and Members of the City Council Page 3

Supplementary Information (Continued)

The combining and individual nonmajor fund financial statements and supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the report. The other information comprises the introductory section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express and opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that and uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Report on Summarized Comparative Information

The financial statements include partial prior year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended December 31, 2021, from which such partial information was derived.

We have previously audited the City's 2021 financial statements and our report dated March 31, 2022, expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

Smith, Schaffer and association, Lol.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2023, on our consideration of the City of Kasson, Minnesota's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Kasson, Minnesota's internal control over financial reporting and compliance.

Rochester, Minnesota April 13, 2023

As management of the City of Kasson, Minnesota, we offer readers of the City of Kasson, Minnesota's financial statements this narrative overview and analysis of the financial activities of the City of Kasson, Minnesota for the fiscal year ended December 31, 2022.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City of Kasson, Minnesota exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$55,677,717 (net position). Of this amount, \$14,593,879 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors in accordance with the City's designations and fiscal policies.
- The City's total net position increased by \$3,552,585.
- As of the close of the current fiscal year, the City of Kasson, Minnesota's governmental funds reported combined ending fund balances of \$6,247,390. Approximately \$4,088,404 of this total amount or 65% is available for use within the City's designations and policies.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$3,148,261 or 65% of the subsequent year's budgeted expenditures of the general fund.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City of Kasson, Minnesota's basic financial statements. The City of Kasson, Minnesota's basic financial statements comprise three components:

- 1. Government-wide financial statements, providing information for the City as a whole.
- 2. Fund financial statements, providing detailed information for the City's significant funds.
- 3. Notes to the financial statements, providing additional information that is essential to understanding the government-wide and fund statements.

This report also contains other supplementary information in addition to the basic financial statements themselves. Additional explanation of these sections of the financial statements follows.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Kasson, Minnesota's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Kasson, Minnesota's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Kasson, Minnesota is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned, but not used, compensated absences).

Both of the government-wide financial statements distinguish functions of the City of Kasson, Minnesota that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Kasson, Minnesota include general government, public safety, public works, health and welfare, culture and recreation, cemetery, and TIF/economic development. The business-type activities of the City of Kasson, Minnesota include the water, wastewater treatment, electric, stormwater, and municipal liquor store. The government-wide financial statements can be found on pages 15-17 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Kasson, Minnesota, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Kasson, Minnesota can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Kasson, Minnesota maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, 16th Street NW, and the debt service fund, which are considered to be major funds. Data from the other nineteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of Kasson, Minnesota adopts an annual appropriated budget for its general fund and special revenue funds. Budgetary comparison statements have been provided for the general fund (page 22 and pages 94-99) and certain special revenue funds (pages 87-89) to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 18 and 20 of this report.

Proprietary funds. The City of Kasson, Minnesota maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Kasson, Minnesota uses enterprise funds to account for its water, wastewater, electric, stormwater, municipal liquor, and cemetery funds.

The proprietary fund financial statements can be found on pages 23-30 of this report.

Fiduciary funds. The City of Kasson, Minnesota maintains one fiduciary fund. *Fiduciary* funds account for assets held by the government in a trustee capacity or as an agent on behalf of others. This fund accounts for Festival in the Park activities and net position was \$25,633 at the end of 2022.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-79 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and the debt service fund can be found on pages 83-86 and 90-93 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Kasson, Minnesota, assets and deferred outflows exceeded liabilities and deferred inflows by \$55,677,717 at the close of the most recent fiscal year.

The largest portion of the City of Kasson, Minnesota's net position (\$37,480,579) reflects its investment in capital assets (e.g. land, buildings, vehicles, and equipment), less any related debt used to acquire those assets that are still outstanding. The City of Kasson, Minnesota uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Kasson, Minnesota's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

| Total net position | \$ 21,712,370 | \$ 19,599,892 | \$ 33,965,347 | \$ 32,525,240 | \$ 55,677,717 | \$ 52,125,132 | |

The balance of *unrestricted net position* (\$14,593,879) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Kasson, Minnesota is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its business-type activities.

Governmental activities. Governmental activities increased the City of Kasson, Minnesota's net position by \$2,112,478.

Business-type activities. Business-type activities increased the City of Kasson, Minnesota's net position by \$1,440,107.

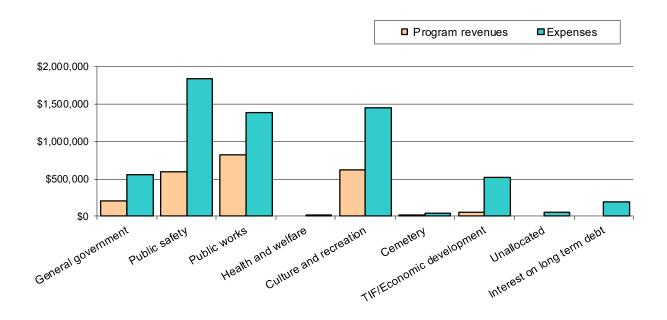

A condensed version of the Statement of Activities follows:

Below are specific graphs that provide comparisons of the governmental activities direct program revenues with their expenses. Any shortfalls in direct revenues are primarily supported by property tax levy or general state aid.

Expenses and Program Revenues - Governmental Activities

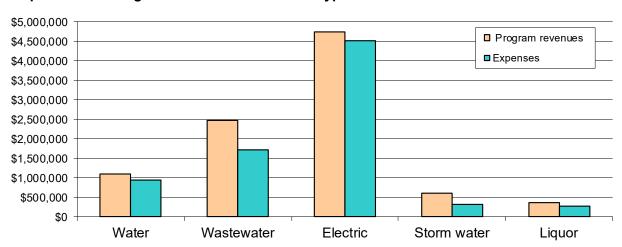

Revenues by Source - Governmental Activities

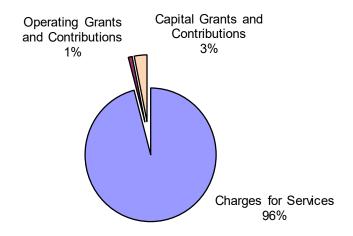

The following graphs relate the various business-type activities' program revenues with their expenses. Since all of these activities require significant physical assets to operate, any excess revenues are held for planned capital expenses to keep pace with growing demand for services.

FUND BASIS FINANCIAL ANALYSIS

As noted earlier, the City of Kasson, Minnesota uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City of Kasson, Minnesota's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Kasson, Minnesota's financing requirements. In particular, *unassigned* and *assigned* fund balance may serve as a useful measure of a city's net resources available for spending at the end of the fiscal year.

Fund balance is classified as non-spendable, restricted, committed, assigned or unassigned according to the following definitions:

Nonspendable – representing that portion of fund balance that is not in a spendable form. Included in this category are advances to other funds, prepaid items, and inventory.

Restricted – reports resources that have external constraints placed upon their use.

Committed – reports those resources for a specific purpose by Council action. The constraints cannot be changed or removed without Council action.

Assigned – represents the portion of fund balance that reflects the amounts the City intends to use for a specific purpose. The Council has authorized the City Administrator and Finance Director to assign fund balance.

Unassigned – represents the amount available for any purpose. However, only the General Fund may report a positive fund balance. Fund balance in other governmental funds will fall into one or more of the categories listed above unless a fund has a negative fund balance.

At of the end of the current fiscal year, the City of Kasson, Minnesota's governmental funds reported combined ending fund balances of \$6,247,390, a decrease of \$429,194. The amount of \$4,088,404 constitutes *unrestricted fund balance*, which is available for spending at the government's discretion. The remainder of this fund balance is *restricted* to indicate that it is not available for new spending because it has already been set aside 1) to liquidate contracts and purchase orders of the prior period, 2) to repay interfund advances or other debt, or 3) to fund specific capital projects or programs as obligated by statute or other regulation.

The general fund is the chief operating fund of the City of Kasson, Minnesota. At the end of the current fiscal year, unassigned fund balance of the general fund was \$3,148,261. As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to total expenditures for the general fund. Unassigned fund balance represents 65% of the subsequent year's budgeted expenditures of the general fund.

The fund balance of the City's General fund increased by \$191,957 during the current fiscal year.

The *Debt Service fund* has a total fund balance of \$1,538,284, of which it all is restricted for the payment of debt service. The net decrease in fund balance during the current year in the Debt Service fund was \$44,255.

The City of Kasson, Minnesota has planned and implemented procedures to ensure that its general fund balance is at a level that meets its cash flow needs on a regular basis.

Proprietary funds. The City of Kasson, Minnesota's proprietary funds statements found on pages 23-30 provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net position in the respective proprietary funds are Water - \$1,512,237, Wastewater - \$3,034,552, Electric - \$5,711,359, Stormwater - \$775,993, Municipal Liquor Store - \$776,842, and Maple Grove Cemetery ceased operations and was taken over by the General fund in 2022. The City adjusted rates for 2023 to cover any rise in costs.

General Fund Budgetary Highlights

Revenues exceeded expectations by \$1,087,160, and expenditures were under budget by \$293,306.

Capital Asset and Debt Administration

Capital assets. The City of Kasson, Minnesota's investment in capital assets for its governmental and business-type activities as of December 31, 2022, amounts to \$54,487,420 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, vehicles, furniture and fixtures, wastewater treatment facility, park facilities, and roads. The total increase in the City of Kasson, Minnesota's reported capital assets, net of depreciation, for the current fiscal year was \$7,124,062.

The City of Kasson, Minnesota's total bonds, notes, and capital lease payable increased by \$4,350,086 during the current fiscal year after issuing the 2022A GO Improvement and Utility Revenue Bonds. A more detailed breakdown of these obligations can be found in Note 3G, beginning on page 55.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Dodge County is currently 3.6 percent.
- Property valuations within the City reflect national trends.
- Inflationary trends in the region compare similarly to national indices.
- There was a 6.58% property tax increase in 2022, and there will be a 3.99% increase in 2023.
- While the tax levy rose, the overall tax rate dropped 18% due to reduced spending.
- Utility rates were increased for 2023.

All of these factors were considered in preparing the City's budget for the 2023 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the City of Kasson, Minnesota's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Finance Director, City Hall, 401 5th Street SE, Kasson, MN 55944 or financedept@cityofkasson.com.

CITY OF KASSON, MINNESOTA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2022

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances - total governmental funds (page 20) | | \$ | (429,194) |
|---|---------------------|----|-----------------------|
| Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as | | | |
| depreciation expense. | A. 4.000.440 | | |
| Capital outlay capitalized | \$ 4,098,116 | | |
| Depreciation expense | (1,415,128) | | 0.000.000 |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. | | | 2,682,988 (18,701) |
| Capital assets are contributed from the business-type activities | | | |
| • | | | |
| to governmental activities. The amounts effect governmental | | | 159,089 |
| net position but do not affect fund balance. | | | 139,069 |
| Certain revenues in the statement of activities do not provide current | | | |
| financial resources are not reported as revenues in the funds. | | | |
| Unavailable revenue, December 31, 2022 | \$ 1,755,787 | | |
| Unavailable revenue, December 31, 2021 | (1,327,282) | | |
| Ond validation to vortido, 15 contract of 1, 2021 | (1,021,202) | | 428,505 |
| | | | 420,000 |
| The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net position, however, issuing debt increases long term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of | | | |
| activities. Interest is recognized as an expenditure in the governmental funds when | | | |
| it is due. In the statement of activities, however, interest expense is recognized as | | | |
| it accrues, regardless of when it is due. The net effect of these differences in the | | | |
| treatment of general obligations bonds and related items is as follows. | | | |
| Principal retirement on bonds payable | \$ 867,501 | | |
| Proceeds from issuance of bonds | (1,491,664) | | |
| Amortization of bond premiums | 2,294 | | |
| Change in accrued interest | (19,536) | | |
| · | | | (641,405) |
| Some capital asset additions are financed through capital leases. In governmental | | | |
| funds, a capital lease arrangement is considered a source of financing, but in the | | | |
| statement of net position, the lease obligation is reported as a liability. Repayment | | | |
| of capital lease principal is an expenditure in the governmental funds, but | | | |
| repayment reduces the lease obligation in the statement of net position. | | | |
| Repayment of capital lease principal | | | 61,650 |
| | | | |
| In the statement of activities, certain operating expenses - other postemployment | | | |
| benefits, compensated absences, net pension liability, and net pension asset - are | | | |
| measured by the amounts earned during the year. In the governmental funds, | | | |
| however, expenditures for these items are measured by the amount of financial | | | |
| resources used (essentially, the amounts actually paid). | | | |
| Other postemployment benefits | \$ (62,965) | | |
| Change in compensated absences | 3,191 | | |
| Change in net pension liability activity | (129,738) | | |
| Change in net pension asset activity | 59,058 | | |
| | | | (130,454) |
| Change in net position of governmental activities (pages 16-17) | | \$ | 2,112,478 |
| 5 (F-9 // | | Ť | , , , |

CITY OF KASSON, MINNESOTA NOTES TO THE FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Reporting Entity

City of Kasson, Minnesota, (the City) operates under "Optional Plan A" as defined in the State of Minnesota statutes. The City is governed by an elected Mayor and four-member Council. The Council appoints personnel responsible for the proper administration of all affairs relating to the City. The City has considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the primary government. As required by accounting principles generally accepted in the United States of America, these financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the City's operations and so data from these units are combined with data of the primary government. The blended component unit presented has a December 31 year end.

Blended Component Unit. The Economic Development Authority (EDA) is responsible for economic and industrial development and redevelopment within the City's jurisdiction. The seven members of the EDA's governing board, including two council members, are appointed and approved by the Council. In accordance with GASB accounting standards, this entity is properly presented as a blended presented component unit as a governmental fund type. This is shown as a blended component unit because of the nature of operations with the City and EDA.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

B. Government-wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, licenses and permits, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year in which the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it is recognized.

Unearned revenue is recorded when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements, other than time requirements, are met and recorded as unearned revenue. On the modified accrual basis, receivables that will not be collected within the available period have also been reported as unavailable revenue in the fund financial statements.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The City reports the following major governmental funds:

The *General fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The 16th St NW fund accounts for the accumulation of financial resources for the 16th St NW street project.

The *Debt Service fund* accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for the payment.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major proprietary funds:

The *Water Utility fund* accounts for costs associated with the City's water system and to ensure that user charges are sufficient to pay for those costs.

The Wastewater Treatment fund accounts for the costs associated with the City's wastewater treatment system and to ensure that user charges are sufficient to pay for those costs.

The *Electric fund* accounts for the costs associated with the City's electrical system and to ensure that user charges are sufficient to pay for those costs.

The Stormwater fund accounts for the costs associated with the City's storm water system, which are financed by the storm water surcharge, and to ensure that user charges are sufficient to pay for those costs.

The *Municipal Liquor Store fund* accounts for the operations of the City's off-sale liquor store.

The *Maple Grove Cemetery fund* accounts for the costs associated with maintaining and operating the Maple Grove Cemetery. In 2022, this fund ceased operations and was taken over by the General Fund.

Additionally, the City reports the following fund types:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of others.

The custodial fund is used to account for assets that the government holds for others in an agency capacity. This fund accounts for Festival in the Park activities.

Enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the Council has decided that the determination of revenues earned, costs incurred, and/or net income is necessary for management accountability.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water, sewer and electric functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance</u>

Cash and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

The City may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations guaranteed by the United States or its agencies.
- Shares of investment companies registered under the Federal Investment Company Act
 of 1940 and received the highest credit rating, related in one of the two highest rating
 categories by a statistical rating agency, and have a final maturity of thirteen months or
 less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- 4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- 6. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies and maturing in 270 days or less.
- 7. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 8. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Investments for the City are reported at fair value. Broker money market accounts operate in accordance with appropriate state laws and regulations. The reported value of the pools is the same as the fair value of the pool shares.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

Cash and Investments (Continued)

Investment policy

The three main objectives of all investment activities can be prioritized as safety, liquidity, and yield. Safety of principal is the foremost objective of the City. Each investment transaction shall seek to first insure that capital losses are avoided. The objective will be to mitigate credit risk and interest rate risk. Credit risk is the risk of loss due to failure of the security issuer or backer. Interest rate risk is the risk that the market value of securities in the portfolio will fall due to changes in general interest rates. The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated demands. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands. The investment portfolio of the City shall be designed to attain the market-average rate of return through budgetary and economic cycles, taking into consideration the City's investment risk constraints, cash flow characteristics of the portfolio and prudent investment policies.

The City will attempt to diversify its investments according to type and maturity. The portfolio, as much as possible, will contain both short-term and long-term investments. The City will attempt to match its investments with anticipated cash flow requirements. Extended maturities may be utilized to take advantage of higher yields; however, no more than 50 percent of total investments, based upon year end investment balance of the prior year, should extend beyond five years and in no circumstance, should any extend beyond ten years.

The purpose of this policy is to establish specific guidelines the City will use in the investment of City funds. It will be the responsibility of the Finance Director or City Administrator to invest City funds in order to attain a market rate of return while preserving and protecting the capital of the overall portfolio. Investments will be made, based on statutory constraints, in safe, low risk investments.

Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

Interfund Transactions (Continued)

Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources unless the proceeds from those advances meets the definition of restricted, committed, or assigned fund balance.

Property Taxes

Property tax levies are set by the City Council in December each year and are certified for collection in the following year. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. In Minnesota, counties are responsible and act as collection agents for all property taxes and tax settlements are made to the City during January, June, and December each year.

Delinquent taxes have been offset by a deferred inflow of resources for delinquent taxes not received within 60 days after year end in the governmental fund financial statements.

Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2022. Since the City is generally able to certify delinquent amounts to the county for collection as special assessments, an allowance for uncollectible accounts of \$4,000 has been provided on current receivables.

Special Assessments

Assessments are levied at various times upon City Council resolution for property owner improvements made by the City. Assessment collections are deferred over a period of fifteen years with interest charges of 4.11% to 9.0%. Revenue from these assessments is recognized as the annual installments become collectible. Annual installments not collected as of each December 31 are classified as delinquent assessments receivable. The amount of delinquent assessments receivable are fully offset by deferred inflow of resources in the Governmental Fund Types because they are not known to be available to finance current expenditures.

Contribution Aid Receivable

Contribution aid receivable represents amounts due to the City related to construction costs associated with the expansion of the wastewater treatment facility.

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

Inventories and Prepaid Items

All inventories are stated at cost on the first-in, first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Restricted assets consist of cash and temporary investments restricted to specific purposes by bonded debt requirements and other agreements.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an estimated useful life in excess of one year.

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the City chose to include items dating back to June 30, 1980. The City was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the City values these capital assets at the acquisition value of the item at the date of its donation.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

Capital Assets (Continued)

For financial statement purposes only, a capitalization threshold is established for each capital asset category as follows:

| Buildings | \$ | 5,000 |
|-----------------------------------|----|--------|
| Improvements Other than Buildings | | 5,000 |
| Machinery and Equipment | | 2,500 |
| Office Equipment and Furnishings | | 5,000 |
| Vehicles | | 5,000 |
| Infrastructure | 1 | 00,000 |

Property, plant, and equipment are capitalized when acquired, and depreciation is provided using the straight-line method applied over the following estimated useful lives of the assets.

| | Useful Life |
|-----------------------------------|-----------------|
| | <u>in Years</u> |
| Buildings | 5 - 15 |
| Improvements Other than Buildings | 15 - 20 |
| Machinery and Equipment | 5 - 15 |
| Office Equipment and Furnishings | 5 – 15 |
| Vehicles | 5 - 15 |
| Infrastructure | 15 - 50 |

<u>Deferred Outflows of Resources</u>

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has two types of deferred outflows which are pension and OPEB related and reported on the statement of net position.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

Compensated Absences

It is the City's policy to permit employees to accumulate a limited amount of earned but unused vacation, sick and comp time which is paid to the employees upon separation and meeting policy requirements. Vacation, sick and comp time pay is accrued when incurred and reported as a fund liability. The General fund is typically used to liquidate governmental compensated absences payable.

Postemployment Benefits Other Than Pensions

Under Minnesota statute 471.61, subdivision 2b., public employers must allow retirees and their dependents to continue coverage indefinitely in an employer-sponsored health care plan, under the following conditions: 1) Retirees must be receiving (or eligible to receive) an annuity from a Minnesota public pension plan, 2) Coverage must continue in group plan until age 65, and retirees must pay no more than the group premium, and 3) Retirees may obtain dependent coverage immediately before retirements. All premiums are funded on a pay as you go basis. This amount was actuarially determined in accordance with GASB Statement No. 75.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

Net Position / Fund Balance

In the government-wide and proprietary financial statements, net position is classified in the following categories:

<u>Net Investment in Capital Assets</u> – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

<u>Restricted Net Position</u> – This amount is restricted by external creditors, grantors, contributors, laws, or regulations of other governments.

<u>Unrestricted Net Position</u> – This amount is all net position that do not meet the definition of "net investment in capital assets" or "restricted net position."

The City classifies governmental fund balances as follows:

<u>Non-spendable</u> – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual restraints.

<u>Restricted</u> – This amount is restricted by external creditors, grantors, contributors, laws, or regulations of other governments.

<u>Committed</u> – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the City Council through formal action and remain binding unless removed by the City Council by subsequent formal action.

<u>Assigned</u> – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. The City Council, by majority vote, may assign fund balances to be used for specific purposes when appropriate. The council also delegates the power to assign fund balances for specific purposes to the City Administrator and Finance Director.

<u>Unassigned</u> – includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)</u>

<u>Deferred Inflows of Resources</u>

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City recognized four types of deferred inflows. The first type occurs because governmental fund revenues are not recognized until available under the modified accrual basis of accounting. The second type is pension related and reported on the statement of net position. The third type (deferred revenue) relates to contributions in aid of construction that will be recognized over the term of the related financing per GASB No. 62, which includes accounting for regulated entities. The fourth type is lease related and reported on the statement of net position.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due payable in accordance with the benefit terms. Investments are reported at fair value.

Leases

For leases with term exceeding 12 months, the City recognized a lease liability and a right to use lease asset in the government-wide financial statements.

The right to use lease asset is calculated at the initial amount of the lease liability, plus any lease payments made to the lessor, before the lease commencement date, plus certain initial direct costs incurred, minus any lease incentives received. Subsequently, the right to use lease asset is amortized on a straight-line basis over its useful life. The City initially measures the lease liability at the present value of payment expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. Remeasurement of the right to use lease asset and lease liability occurs when certain changes occur that are likely to have a significant impact on the lease liability.

Right to use lease assets are reported with capital assets and lease liabilities are reporting with long-term debt on the statement of net position.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

1. Summary of Significant Accounting Policies (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balance (Continued)

<u>Leases (continued)</u>

The City leases water tower space to an external party. Lease receivables and deferred inflows of resources are recorded based on the present value of expected receipts over the term of the respective lease. The expected payments and receipts are discounted using the interest rate charged on the lease, if available, and are otherwise discounted using the City's incremental borrowing rate. Variable payments are excluded from the valuations unless they are fixed in substance. For leases featuring payments tied to an index or market rate, the valuation is based on the initial index or market rate. The City does not have any leases subject to a residual value guarantee.

Comparative Data/Reclassifications

Comparative total data for the prior year have been presented only for individual enterprise funds in the financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year have been reclassified in order to be consistent with the current year's presentation.

Implementation of New Accounting Principles

During the year, the City implemented GASB Statement No. 87, Leases. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provision of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The implementation of this standard resulted in changing the presentation of the financial statements by including the lease receivable and deferred inflows from leases as of January 1, 2021. The beginning net position has not been impacted by the implementation.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

2. Stewardship, Compliance, and Accountability

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General fund and the Library and Economic Development special revenue funds. All annual appropriations lapse at fiscal year-end. The City does not use encumbrance accounting.

Each August, all departments of the City submit requests for appropriations to the Finance Director so that a budget may be prepared. Before September 15, the proposed budget is presented to the council for review and the proposed levy is adopted. The Council prepared a final budget and it is adopted in early December. The Council invites the public to the meeting when the budget is discussed.

The appropriated budget is prepared by fund, function, and department. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the Council. The legal level of budgetary control is the department level. Budgeted amounts are as amended.

3. Detailed Notes on All Funds

A. Summary of Cash and Investments

As of December 31, 2022, the City's cash and investments consisted of the following items, all of which are held in an internal investment pool:

| Cash and Investments | <u>Maturities</u> | Ratings | Fair Value |
|--|---|--------------------------|---|
| Cash on hand Deposits Money market Certificates of deposit | None None None February 2023 - November 2027 | N/A N/A N/A N/A | \$ 1,175 5,640,728 20,876 13,316,733 |

| Cash and Investments pe | er Statement of Net Position | | \$ 18,979,512 |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3. Detailed Notes on All Funds (Continued)

A. Summary of Cash and Investments (Continued)

Collateralization of Cash Deposits

The City's deposits are entirely covered by federal depository insurance or by collateral held by the City's custodial bank in the City's name.

Minnesota Statues require that all City deposits be insured, secured by surety bonds, or be collateralized. Except for notes secured by first mortgages of future maturity, the market value of collateral pledged by the custodial bank must equal 110% of the deposits not covered by insurance or surety bonds.

Authorized collateral includes certain state of local government obligations and legal investments. Minnesota Statues also require that securities pledged as collateral be held in safekeeping by the Treasurer, or in a financial institution other than the institution furnishing the collateral.

Fair Value Measurements

Fair value measurements are determined utilizing the framework established by the Governmental Accounting Standards Board. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the City has the ability to access.
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical assets or liabilities in inactive markets
 - o Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - If the asset or liability has a specific (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3. Detailed Notes on All Funds (Continued)

A. Summary of Cash and Investments (Continued)

Fair Value Measurements (Continued)

The City's investments within the fair value hierarchy at December 31, 2022 and 2021 were as follows:

| | | At Decem | ber 31, 2022 | |
|-------------------------|---------------------------------|----------|----------------------|---------|
| | Assets Measured at | Fa | ir Value Hierarchy L | evel |
| | Fair Value | Level 1 | Level 2 | Level 3 |

| | | At Decem | ber 31, 2021 | |
| | Assets | | | |
| | Measured at Fair Value Hierarch | | | |
| | Fair Value | Level 1 | Level 2 | Level 3 |
| Certificates of deposit | \$ 12,818,734 | \$ | \$ 12,818,734 | \$ |

Interest Rate Risk

The City has a formal investment policy that limits investment maturities up to ten years to manage decline in fair values of an investment.

Custodial Credit Risk

The City's investment policy does not address custodial credit risk but typically limits its exposure by purchasing insured or registered investments.

Credit Risk

The City has a formal investment policy that aims to minimize credit risk by limiting its investment choices to specific types of investments, pre-qualifying financial institutions, and diversifying the investment portfolio.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3. Detailed Notes on All Funds (Continued)

A. <u>Summary of Cash and Investments (continued)</u>

Concentration of Credit Risk

The City places no limit on the amount the City may invest in any one issuer. Investments that are more than 5 percent of the City's total investments are as follows:

| Investments | Ratings | of Total |
|-------------------------|---------|----------|
| Certificates of denosit | N/Δ | 100% |
| Certificates of deposit | N/A | 100% |

B. <u>Deferred Special Assessments Receivable</u>

Deferred assessments receivable represent levies made on the property of owners benefited by public improvement projects. Assessments are payable over various periods.

C. Notes Receivable

The Economic Development Authority (EDA) has loaned various economic development notes to city businesses. These notes are receivable by the EDA with interest at 3 percent to 4.8 percent per annum. The balance on notes receivable at December 31, 2022 is \$143,002.

E. Leases

In February 2000, the City ended into a lease with a cell phone service company. Under the lease, the cell phone service provider pays the City between \$1,144 - \$1,891 per month for two-hundred four months in exchange for providing cell phone services to the City residents with antennas on top of the water towers. The lease receivable is measured at the present value of the future rent payments expected to be received during the lease term at a discount rate of 3.063%, which is the assumed rate based on the City's most recent bond rate.

In 2022, the City recognized \$6,831 of lease revenue and \$5,748 of interest revenue under this water tower antenna space lease.

F. Interfund Balances and Transfers

The amounts due to and from other funds as of December 31, 2022, at the individual fund level are summarized below:

| | Due From Other | | | Due To Other | | |
|----------------------------|----------------|-----------|-------|--------------|--|--|
| Funds | | Funds | Funds | | | |
| General Fund | \$ | 2,286,157 | \$ | | | |
| Economic Development | | 81,678 | | | | |
| Tax Abatement Development | | | | 160,000 | | |
| Vail Property | | | | 170,556 | | |
| Safe Routes to School | | | | 464,198 | | |
| 16th Street NW | | | | 1,059,330 | | |
| 2023 Street Repair Project | | | | 2,848 | | |

| Government-wide Statement of | |
| Activities - Transfers in/out | \$ (205,140) |

The City generally utilizes interfund transfers for cash flow purposes.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3. Detailed Notes on All Funds (Continued)

F. Interfund Balances and Transfers (Continued)

At December 31, 2022 the following funds have deficit fund balances:

| Fund | | Amount |
|----------------------------|----|-----------|
| Special Revenue: | · | |
| Tax Abatement Development | \$ | 160,000 |
| Vail Property | | 181,026 |
| Downtown TIF | | 81,678 |
| Capital Projects: | | |
| Safe Routes to School | | 489,468 |
| 16th Street NW | | 1,072,121 |
| 2023 Street Repair Project | | 10,746 |
| Public Safety Building | | 446,223 |

The City plans to eliminate the deficits in these funds through future tax increment collections, transfers, debt issuance, and developer reimbursements.

G. <u>Long-term debt</u>

General Obligation Bonds

The City and EDA issue general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities. These bonds are reported in the proprietary funds if they are expected to be repaid from proprietary fund revenues. In addition, general obligation debt is backed by the full faith and credit of the City. Each year the tax levy equal 105 percent of the amount required for debt service. The excess of 5 percent is to cover any delinquencies in tax payments.

G.O. Tax Increment Bonds

The following bond was issued to refund the 2014B Tax Increment Bonds that were issued to finance development within TIF 1-18. Specifically, land acquisition costs associated with the Shopko project and site improvements associated with the EDA owned and operated Folkestad building. The debt is to be repaid using tax increments and is backed by the full faith and credit of the City.

| Description | Authorized and Issued | Interest Rate | lssue Date | Maturity Date | Balance at Year End |
|--|-----------------------|------------------|---------------|------------------|------------------------|
| G.O. Tax Increment Refunding Bonds of 2020A | \$ 708,000 | 3.20 % | 03/16/20 | 02/01/42 | \$ 675,000 |
| Total Tax Increment Bonds | | | | | \$ 675,000 |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

3. Detailed Notes on All Funds (Continued)

G. Long-term debt (Continued)

G.O. Bonds

The following bonds were issued to finance various improvements and will be repaid primarily from ad valorem tax levies. All general obligation debt is backed by the full faith and credit of the City. Each year the tax levy equals 105 percent of the amount required for debt service. The excess of 5 percent is to cover any delinquencies in tax payments.

| | Authorized | Interest | Issue | Maturity | Balance at |
|----------------------------|-------------|----------|----------|----------|-------------|
| Description | and Issued | Rate | Date | Date | Year End |
| G.O. Equipment Certificate | | | | | |
| Bonds of 2014A | \$1,025,000 | 2.35 % | 03/12/14 | 02/01/24 | \$ 225,000 |

| Note of 2020B | 1,583,000 | 1.75 | 05/28/20 | 02/01/28 | 1,200,000 |
| | | | | | |
| Total G.O. Bonds | | | | | \$1,425,000 |

G.O. Improvement Bonds

The following bonds were issued to finance various improvements and will be repaid primarily from specific assessments levied on the properties benefiting from the improvements. Some issues, however, are partly financed by ad valorem tax levies. All special assessment debt is backed by the full faith and credit of the City. Each year the combined assessment and tax levy equal 105 percent of the amount required for debt service. The excess of 5 percent is to cover any delinquencies in tax or assessment payments.

| Description | Authorized and Issued | Interest Rate | lssue Date | Maturity Date | Balance at Year End |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide

Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

1. General Employees Retirement Plan

All full-time and certain part-time employees of the City are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

2. Public Employees Police and Fire Plan

The Police and Fire Plan, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the Police and Fire Plan also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

1. General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent for each of the first 10 years of service and 1.7 percent for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

Benefits Provided (Continued)

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

2. Police and Fire Plan Benefits

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3 percent of average salary for each year of service. For Police and Fire Plan members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. The postretirement increase is fixed at 1 percent. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

1. General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2022 and the City was required to contribute 7.50 percent for Coordinated Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2022, were \$156,028. The City's contributions were equal to the required contributions as set by state statute.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

Contributions (Continued)

2. Police and Fire Fund Contributions

Police and Fire Plan members were required to contribute 11.80 percent of their annual covered salary in fiscal year 2022 and the City was required to contribute 17.70 percent for Police and Fire Plan members. The City's contributions to the Police and Fire Fund for the year ended December 31, 2022 were \$122,181. The City's contributions were equal to the required contributions as set by state statute.

Pension Costs

1. General Employees Fund Pension Costs

At December 31, 2022, the City reported a liability of \$2,201,769 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$64,515.

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2021 through June 30, 2022, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0278 percent at the end of the measurement 0.0274 percent for the beginning of the period.

| City's proportionate share of net pension liability | \$ 2,201,769 |
|---|-----------------|
| State of Minnesota's proportionate share of the net | |
| pension liability associated with the City | 64,515 |
| Total | \$ 2,266,284 |

For the year ended December 31, 2022, the City recognized pension expense of \$110,202 for its proportionate share of the General Employees Plan's pension expense. In addition, the City recognized an additional \$9,640 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

Pension Costs (Continued)

At December 31, 2022, the City reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | red Outflows Resources | ed Inflows of sources |
|---|-------------------------------|------------------------------|
| Differences between expected and actual economic experience | \$ 18,391 | \$ 23,039 |
| Changes in actuarial assumptions | 488,385 | 8,775 |
| Net collective difference between projected and | | |
| actual investment earnings | 53,793 | |
| Changes in proportion | 12,809 | 2,748 |
| Contributions paid to PERA subsequent to the measurement date | 75,315 | |
| Total | \$ 648,693 | \$ 34,562 |
| | | |

The \$75,315 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | Pension Expens | |
|--------------------------|----------------|----------|
| Year ending December 31: | Amount | |
| 2023 | \$ | 194,355 |
| 2024 | | 205,488 |
| 2025 | | (60,145) |
| 2026 | | 199,118 |

2. Police and Fire Fund Pension Costs

At December 31, 2022, the City reported a liability of \$2,471,712 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2021 through June 30, 2022, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0568 percent at the end of the measurement period and 0.0534 percent for the beginning of the period.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

2. Police and Fire Fund Pension Costs (Continued)

The State of Minnesota contributed \$18 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2022. The contribution consisted of \$9 million in direct state aid that does meet the definition of a special funding situation and \$9 million in supplemental state aid that does not meet the definition of a special funding situation. The \$9 million direct state was paid on October 1, 2021. Thereafter, by October 1 of each year, the state will pay \$9 million to the Police and Fire Fund until full funding is reached or July 1, 2048, whichever is earlier. The \$9 million in supplemental state aid will continue until the fund is 90 percent funded, or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90 percent funded, whichever occurs later.

The State of Minnesota is included as a non-employer contributing entity in the Police and Fire Retirement Plan Schedule of Employer Allocations and Schedule of Pension Amounts by Employer, Current Reporting Period Only (pension allocation schedules) for the \$9 million in direct state aid. Police and Fire Plan employers need to recognize their proportionate share of the State of Minnesota's pension expense (and grant revenue) under GASB 68 special funding situation accounting and financial reporting requirements. For the year ended December 31, 2022, the City recognized pension expense of \$79,300 for its proportionate share of the Police and Fire Plan's pension expense. The City recognized \$20,962 as grant revenue for its proportionate share of the State of Minnesota's pension expense for the contribution of \$9 million to the Police and Fire Fund.

The State of Minnesota is not included as a non-employer contributing entity in the Police and Fire Pension Plan pension allocation schedules for the \$9 million in supplemental state aid. The City recognized \$64,515 for the year ended December 31, 2022 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund.

At December 31, 2022, the City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|---|--------------------------------|-----------|-------------------------------|---------|
| Differences between expected and actual economic experience | \$ | 145,053 | \$ | |
| Changes in actuarial assumptions | | 1,384,565 | | 15,295 |
| Net collective difference between projected and | | | | |
| actual investment earnings | | 82,771 | | |
| Changes in proportion | | 66,860 | | 102,963 |
| Contributions paid to PERA subsequent to the measurement date | | 67,746 | | |
| Total | \$ | 1,746,995 | \$ | 118,258 |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

The 67,746 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| | Pens | ion | |
|--------------------------|--------|---------|--|
| Year ending December 31: | Amount | | |
| 2023 | \$ | 303,860 | |
| 2024 | | 313,441 | |
| 2025 | | 266,901 | |
| 2026 | | 472,605 | |
| 2027 | | 204,184 | |

Aggregate Pension Costs

The total pension expense for all plans recognized by the City for the year ended December 31, 2022 is as follows:

| General Employees Retirement Fund | \$119,842 |
|-----------------------------------|------------------|
| Police and Fire Fund | 100,262 |
| Fire Relief | (59,058) |
| Total | <u>\$161,046</u> |

Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| | Target | Long-Term Expected Real |
|----------------------|---------------|----------------------------|
| Asset Class | _ Allocation_ | Rate of Return |
| | | |
| Domestic Equity | 33.5% | 5.10% |
| International Equity | 16.5% | 5.30% |
| Fixed Income | 25.0% | 0.75% |
| Private Markets | 25.0% | 5.90% |
| Total | 100% | |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

Actuarial Methods and Assumptions

The total pension liability in the June 30, 2022, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5 percent. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5 percent was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25 percent for the General Employees Plan and 2.25 percent for the Police and Fire Plan. Benefit increases after retirement are assumed to be 1.25 percent for the General Employees Plan. The Police and Fire Plan benefit increase is fixed at 1 percent per year and that increase was used in the valuation.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25 percent after one year of service to 3.0 percent after 27 years of service. In the Police and Fire Plan, salary growth assumptions range from 11.75 percent after one year of service to 3.0 percent after 24 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. Mortality rates for the Police and Fire Plan are based on the Pub-2010 Public Safety Employee Mortality tables. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020 actuarial valuation. The most recent four-year experience study for the Police and Fire Plan was completed in 2020 were adopted by the Board and became effective with the July 1, 2021 actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2022:

General Employees Fund

Changes in Actuarial Assumptions:

The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

Changes in Plan Provisions:

• There were no changes in plan provisions since the previous valuation.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

Actuarial Methods and Assumptions (Continued)

Police and Fire Fund

Changes in Actuarial Assumptions:

- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.
- The single discount rate changed from 6.50% to 5.40%.

Changes in Plan Provisions:

There were no changes in plan provisions since the previous valuation.

Discount Rate

The discount rate for the General Employees Plan used to measure the total pension liability in 2022 was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at the rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net positions of the General Employees Fund and the Police and Fire Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

In the Police and Fire Fund and Correctional Fund, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members through June 30, 2060 and June 30, 2061 respectively. Beginning in fiscal year ended June 30, 2061 for the Police and Fire Fund and June 30, 2062 for the Correctional Fund, projected benefit payments exceed the funds' projected fiduciary net position. Benefit payments projected after were discounted at the municipal bond rate of 3.69 percent (based on the weekly rate closest to but not later than the measurement date of the Fidelity "20-Year Municipal GO AA Index"). The resulting equivalent single discount rate of 5.40 percent for the Police and Fire Fund and 5.42 percent for the Correctional Fund was determined to give approximately the same present value of projected benefits when applied to all years of projected benefits as the present value of projected benefits using 6.5 percent applied to all years of projected benefits through the point of asset depletion and 3.69 percent thereafter.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

4. Defined Benefit Pension Plan - Statewide (Continued)

Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Sensitivity Analysis

Net Pension Liability (Asset) at Different Discount Rates

| | General Employees Fund | | Police and Fire Fund | |
|-----------------------|------------------------|-----------|----------------------|-----------|
| 1% Lower | 5.50% \$ | 3,477,810 | 4.40% \$ | 3,740,619 |
| Current Discount Rate | 6.50% | 2,201,769 | 5.40% | 2,471,712 |
| 1% Higher | 7.50% | 1,155,219 | 6.40% | 1,445,876 |

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

5. Defined Benefit Pension Plan – Fire Relief Association

The Kasson Firemen's Relief Association has not had an actuarial study performed. The Association believes the funding status determined using the calculation required by the Minnesota State Auditor is sufficient to determine the reportable amounts under GASB No. 68, *Accounting and Financial Reporting for Pensions*.

Plan Description

The Kasson Firemen's Relief Association (the Association) is the administrator of a single-employer Public Employee Retirement System (PERS) established to provide benefits for members of the Kasson Fire Department (the Department).

The Association maintains a separate Special fund to accumulate assets to fund the retirement benefits earned by the Department's membership. Funding for the Association is partially from an insurance premium tax in accordance with the Volunteer Firefighter's Relief Association Financing Guidelines Act of 1971 (chapter 261 as amended by chapter 509 of Minnesota statutes 1980).

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

5. Defined Benefit Pension Plan – Fire Relief Association (Continued)

Plan Description (Continued)

The financial requirements of the Special fund are determined in accordance with Minnesota statutes section 69.772 which requires the payment of pension benefits in a lump sum or optionally in annual installments. The benefits are payable after age 50, 20 years of service, and 10 years of Association membership, or upon death.

Benefits are accumulated at \$2,400 per year of active service in the Department. The accrued liability for these accumulated benefits is computed using increasing percentages based on years of service. At 20 years of service, the liability is equal to the number of years of service times benefits per year. Association members are fully vested after 20 years.

All members of the Department are covered by a defined benefit plan (the Plan) administered by the Association. The Plan is a single employer retirement plan and is established and administered in accordance with Minnesota statute, chapter 69.

The Association maintains a separate Special fund to accumulate assets to fund the retirement benefits earned by the Department's membership. Funding for the Association is partially from an insurance premium tax in accordance with the Volunteer Firefighter's Relief Association Financing Guidelines Act of 1971 (chapter 261 as amended by chapter 509 of Minnesota statutes 1980). Funds are also derived from investment income.

The Association issues a publicly available financial report. The report may be obtained by writing to Kasson Firefighters' Relief Association, Kasson, MN 55944.

Funding Status and Progress

The financial requirements of the Special fund are determined in accordance with Section 69.772 of the Minnesota statues, which requires the payment of pension benefits in a lump sum or optionally in annual installments. The benefits are payable after age 50, 20 years of service, and to years of Association membership or upon death.

At December 31, 2021 (most current information available) the Association's funding status is as follows:

| Total plan assets | \$ 590,847 |
|-------------------------|---------------|
| Total accrued liability | (480,997) |
| Excess of Plan Assets | _ |
| over Accrued Liability | \$ 109,850 |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

5. Defined Benefit Pension Plan – Fire Relief Association (Continued)

Contributions Required and Contributions Made

Financial requirements of the Association are determined on a computation based on member years of service. The City's minimum obligation is the financial requirement for the year less Association investment earnings and State aids. The funding strategy should provide sufficient resources to pay relief association benefits on a timely basis. The City was not obligated to make a contribution in 2022.

The computation of the pension contribution requirements for 2022 was based on the same assumptions, benefit provision, lump sum funding method, and other significant factors used to determine pension contributions requirements in previous years.

6. Postemployment Benefits Other Than Pensions

The City engaged an actuary to determine the City's liability for postemployment healthcare benefits other than pension for the year ended December 31, 2022.

A. Plan Description

The City administers a single employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides healthcare insurance for eligible retirees and their spouses through the City's group health insurance plan until Medicare age, which covers both active and retired members. There are 38 active participants and 1 retiree receiving payments. Benefit provisions are established through negotiations between the City and the unions representing City employees and are renegotiated from time to time. The Retiree Health Plan does not issue a publicly available financial report.

B. Funding Policy

The City has historically funded these liabilities on a pay-as-you-go basis. Contribution requirements are negotiated between the City and union representatives. At the present time, no retiree benefits are provided except the allowance to continue health insurance that is mandated by Minnesota Law. The City does not contribute any of the cost of current year premiums for eligible retired plan members and their spouses. For fiscal year 2022, the City contributed \$7,750 to the plan. Plan members receiving benefits contribute 100 percent of their premium costs.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

6. Postemployment Benefits Other Than Pensions (Continued)

C. Total OPEB Liability

The City's total OPEB liability was measured as of January 1, 2022 and was determined by an actuarial valuation as of that date. The components of the total OPEB liability of the City at yearend were as follows:

| Total OPEB liability | | 319,562 |
|--|-----|-----------|
| Covered employee payroll | _\$ | 2,641,038 |
| Total OPEB liability as a % of payroll | | 12% |

D. Funded Status and Funding Progress

As of January 1, 2021, the most recent valuation date, the actuarial accrued liability for benefits was \$319,562 all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$2,641,038 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 12 percent. The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Methods and Assumptions

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

6. Postemployment Benefits Other Than Pensions (Continued)

E. Methods and Assumptions (Continued)

The total OPEB liability was determined by an actuarial valuation as of December 31, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Discount rate | 2.00% |
|------------------------------|--|
| 20-year Municipal Bond Yield | 2.00% |
| Inflation rate | 2.00% |
| Mortality | Mortality rates were based on the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Safety) with MP-2021 Generational Improvement Scale |
| Medical trend rate | 6.50% as of January 1, 2022 grading to 5.00% over 6 years and then to 4.00% over the next 48 years. The medical trend rates have been chosen based on a review of historical health care increase rates, projected health care increase rates, and projected health care expenditures as a percentage of GDP. The components of health care costs were considered when developing the aggregate set of trend rates. |

F. Changes in Total OPEB Liability

| | Total (| OPEB Liability |
|---|---------|----------------|
| Beginning Balance 1/1/2022 Changes for the year: | \$ | 222,529 |
| Service cost | | 17,329 |
| Interest | | 6,844 |
| Assumption changes | | 10,539 |
| Plan changes | | 169,791 |
| Differences between expected | | |
| and actual experience | | (99,720) |
| Benefit payments | | (7,750) |
| Net Changes | | 97,033 |
| Balance End of Year 12/31/2022 | \$ | 319,562 |

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

6. Postemployment Benefits Other Than Pensions (Continued)

G. Total OPEB Liability Sensitivity to Discount and Health-Care Trend Rate Changes

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it would be calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate:

| | _Total C | OPEB Liability |
|-------------------------------------|----------|----------------|
| 1% decrease in Discount Rate (1.0%) | \$ | 340,727 |
| Current Discount Rate (2.0%) | | 319,562 |
| 1% increase in Discount Rate (3.0%) | | 299,746 |

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it would be calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

| | _Total O | PEB Liability |
|----------------------------|----------|---------------|
| 1% decrease in Trend Rates | \$ | 293,808 |
| Current Trend Rates | | 319,562 |
| 1% increase in Trend Rates | | 349,127 |

H. <u>OPEB Expense and Related Deferred Outflows/Infl</u>ows of Resources

As of the year ended December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Def | erred Outflows | De | ferred Inflows of |
|---------------------------------------|-----|----------------|----|-------------------|
| | 0 | f Resources | | Resources |
| Changes in actuarial assumptions | \$ | 11,670 | \$ | 3,616 |
| Liability gains | | | | 137,312 |
| Contributions paid to OPEB subsequent | | | | |
| to the measurement date | | 18,801 | | |
| | \$ | 30,471 | \$ | 140,928 |

Contributions made subsequent to the measurement date of \$18,801 will be recognized as a reduction of the OPEB liability in the year ended December 31, 2023.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

6. Postemployment Benefits Other Than Pensions (Continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in pension expense as follows:

| Pensi | on |
|-------|----------|
| | Amount |
| \$ | (23,787) |
| | (23,787) |
| | (23,782) |
| | (22,580) |
| | (22,581) |
| | (12,741) |
| | |

7. Other Information

A. Risk management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT) which is a risk sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

B. Contingent liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

7. Other Information (Continued)

C. Legal debt margin

The City's statutory debt limit is three percent of estimated market value of real and personal property located within the City (\$564,974,700) which is \$16,949,241. The City currently has \$1,425,000 of general obligation debt subject to this limit, leaving a debt margin of \$15,524,241 after adding back debt service restricted fund balances. Debt financed partially or entirely by special assessments or by operations of enterprise funds is excluded from this computation by statute.

D. Dodge County Ice Arena

On April 3, 1996, the Cities of Kasson, Dodge Center, Mantorville and the County of Dodge entered into a joint powers agreement to construct and operate an all-purpose arena. All members had an interest in the property as tenants-in-common. The City of Kasson had a 35 percent interest. Effective January 1, 2010 this agreement was terminated and a new agreement between Dodge County and the City of Kasson was signed which also designated the arena to be under the management of the City of Kasson.

The agreement further states that Dodge County and the City of Kasson will share in one-half of the net income or net loss from operations. The entity has a calendar year end. Arena activities are reported as a special revenue fund of the City.

E. Tax increment districts

The City's tax increment districts are subject to review by the State of Minnesota Office of the State Auditor (OSA). Any disallowed claims or misuse of tax increments could become a liability of the applicable fund. Management has indicated that they are not aware of any instances of noncompliance which would have a material effect on the financial statements.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

8. Tax Abatement – Pay-As-You-Go Tax Increment

The City may enter into tax abatement agreements as authorized by Minnesota Abatement Laws under State Statutes Sections 469.1812, 469.1813 and 469.1815. Any parcel of property in the City qualifies for tax abatement. The City negotiates tax abatement agreements on an individual basis generally with the purpose of adding employment and or increasing the tax capacity of the parcel.

The City has made no commitments, other than tax abatement, under the agreements. The taxpayer submits property taxes annually and is reimbursed by the City for the abatement amount if the taxpayer has filed reports substantiating that it has met the employment levels stipulated in the agreement if applicable. The City had the following tax abatement agreements as of December 31, 2022.

The City entered into a tax abatement agreement in January 2017 for the purpose of remodeling an existing commercial facility. Under the agreement, the City shall abate 100% of the City's property tax amount generated by the Abatement Property for a period not to exceed 10 years commencing with taxes payable 2017 for as long as the taxpayer is operating its business on the Abatement Property. City abated \$3,597 and \$3,597 in 2022 and 2021, respectively.

The City entered into a tax abatement agreement in April 2019 for the purpose of assisting with the construction of public improvements within a subdivision. Under the agreement, the City shall abate generated by the property for the period of up to 20 years to help pay for the infrastructure.

The City entered into a tax abatement agreement in March 2022 for the purpose of assisting with the construction of public improvements within a subdivision. Under the agreement, the City shall abate generated by the property for the period of up to 8 years to help pay for the infrastructure.

The City may enter into tax increment financing agreements as authorized by Minnesota Abatement Laws under State Statutes Sections 469.174 to 469.1794 through pay-as-you-go tax increment financing program. The City has three pay-as-you-go tax increment financing districts. For the year ended December 31, 2022, the City paid tax increments totaling \$87,645 related to these agreements.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

9. Wastewater Treatment Agreement

The City has entered into a wastewater collection, treatment, and disposal agreement with the City of Mantorville. The agreements effective date is July 9, 2014 and has a term of 40 years. Under the agreement, the wastewater utility of the City will treat all wastewater derived from the City of Mantorville.

The terms of the agreement require the City of Mantorville to pay a one-time connection fees of \$2,250 per hookup which totals \$819,000. Any costs for future capital improvements required for the treatment facility will be shared in the following percentages: Kasson 82.3% and Mantorville 17.7%. The City has recorded a contribution aid receivable of \$615,507 representing Mantorville's share of the net expansion costs. Mantorville is required to make annual payments toward this receivable corresponding with the required debt service of the net financing of the treatment facility expansion. There was a balance of \$484,642 in contribution aid receivable at December 31, 2022.

The City has elected to account for this contribution pursuant to GASB No. 62 which includes accounting for regulated entities. Under the standard, the contribution is deferred and recognized over the term of the associated financing of the treatment facility expansion.

Mantorville is required to maintain the infrastructure for the collection system from the City of Mantorville to the treatment facility. The costs of operating and maintaining the treatment facility will be shared between the two parties. On a quarterly basis, the City of Mantorville is required to pay to the City their share of the operating and maintenance costs based on the treatment volumes generated by each party as detailed in the agreement.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council City of Kasson, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kasson, Minnesota, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City of Kasson, Minnesota's basic financial statements, and have issued our report thereon dated April 13, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Kasson, Minnesota's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Kasson, Minnesota's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Kasson, Minnesota's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of prior year findings and responses as item 2014-001, that we consider to be a significant deficiency.

Honorable Mayor and Members of the City Council

City of Kasson, Minnesota

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Kasson, Minnesota's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

In connection with our audit, nothing came to our attention that caused us to believe that the City of Kasson, Minnesota failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

City of Kasson, Minnesota's Response to Finding

Smith, Schaffer and associates, Lid.

Government Auditing Standards requires the auditor to perform limited procedures on the City of Kasson, Minnesota's response to the finding identified in our audit and described in the accompanying schedule of prior year findings and responses. The City of Kasson, Minnesota's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rochester, Minnesota April 13, 2023

CITY OF KASSON, MINNESOTA SCHEDULE OF PRIOR YEAR FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2022

FINDING – 2014-001 ANNUAL FINANCIAL REPORTING UNDER GENERALLY ACCEPTED ACCOUNTING PRINCIPALS (GAAP) AND SEGREGATION OF DUTIES

Condition: A City of this size has an inherent limitation in its ability to effectively

segregate its accounting duties and to prepare annual full disclosure financial statements in accordance with generally accepted accounting principles. It would not be practical for the City to devote the resources required to overcome this limitation. The potential exists that a material disclosure could be omitted from the financial statements and not be

prevented or detected by the City's internal controls.

Criteria: The City should have controls in place to prevent or detect the omission of

a material disclosure in the annual financial statements. An important element of internal controls is an adequate segregation of duties that minimizes the opportunities for any one individual to be in a position to both perpetuate and conceal errors or irregularities in the normal course of

business.

Context: Because of the limited size of the City's administrative staff, there is not an

adequate segregation of duties. The City has informed us they will continue to rely upon the audit firm to prepare the financial statements and related footnote disclosures and will review and approve these prior to the

issuance of the financial statements.

Effect: No effect on the financial statements.

Cause: There is a limited number of administrative staff. The City does not have

the expertise to draft the notes to the financial statements; however, they have reviewed and approved the annual financial statements as prepared

by the audit firm.

Recommendation: We recommend the City continue to segregate duties as best it can within

the limits of what the City considers to be cost beneficial and to evaluate their internal staff and expertise to determine if further controls over the

annual financial reporting are beneficial.

CURRENT STATUS:

The finding recurred in 2022.

401 FIFTH STREET SE KASSON, MINNNESOTA 55944-2204 PHONE: (507) 634-7071

FAX: (507) 634-4737

CORRECTIVE ACTION PLAN (CAP):

The City respectfully submits the following corrective action plan for the year ended December 31, 2022.

The finding from the schedule of prior year findings and responses is discussed below. The finding is numbered consistently with the number assigned in the schedule.

RESPONSE: FINDING 2014-001

Explanation of Disagreement with Audit Finding:

There is no disagreement with the audit finding.

Actions Planned in Response to Finding:

The management and accounting personnel review the drafted financial statements and notes. The City does not have the expertise to ensure all disclosures required by GAAP are included in the financial statements. Accordingly, the City will rely upon the auditors for completeness of the disclosures. However, the management and accounting personnel will review the notes for accuracy prior to issuance of the statements. The City will continue to evaluate assignment of duties and implement segregation whenever it is practical.

Official Responsible for Ensuring CAP:

Jessica Royer, Finance Director, is the official responsible for ensuring the planned responses.

Planned Completion Date for CAP:

Not applicable as the City is willing to accept this risk at this time and will continue to evaluate the recommendation.

Plan to Monitor Completion of CAP:

Tim Ibisch, City Administrator, will ensure the review by the Finance Director has been completed. He will do this through discussion with the Finance Director and reviewing the draft of the financial statements.
