

2023 Kasson Boulevard Tree Planting Program

A Park and Recreation Street Beautification Program

The City of Kasson will once again participate in the model street tree planting program in 2023. In this program, the city contributes fifty percent of the cost of purchasing and planting a tree in your front boulevard. Past generations planted the trees we enjoy today, this program offers a chance to do the same for future generations.

The Park Department has budgeted for trees this year and will be planting them in late April early May. This program is run on a first come, first serve basis, so, if you are interested, please call the Park and Recreation Department at 634-6010. Please leave your name, address and phone number and someone from the Park and Rec Dept. will contact you to set up a time to meet with you at your home. The Boulevard Tree Planting form is located on the City of Kasson web site: www.cityofkasson.com or you may pick up a form at city hall. ***The forms will be available February 15th, 2023.***

New additions are encouraged to participate to add trees to the subdivision, so contact the neighbors and get them all on board. If you envision neighborhoods with tree lined streets, this is the best way to achieve this goal.

Over the past 20 years we have planted well over 1500 trees on boulevards and park property. Boulevard trees add to the value of your neighborhood. Please call City Forester Ben Langan at 634-6010 for more information on participating in this neighborhood program. We will be accepting tree orders until March 29th, 2023.
