

There are several upcoming opportunities to recycle your unwanted or nonworking electronic items. We have them listed on our [website!](#)

Can I recycle spray bottles?

There are some things that can't go into your recycling bin and spray bottle triggers are one of those things. The triggers are often made from a mix of plastics and may also contain a metal spring, which is a contaminant for plastics recyclers. Empty and rinse the bottle before tossing it into your recycling bin, but it is best to toss the trigger into the trash.

Tired of single-use utensils, straws, napkins and condiment packets being automatically included in your take-out order? Urge Uber Eats, Grub Hub, Postmates, DoorDash, Caviar, delivery.com, and Seamless to change their ordering systems so that you select the items you would like to have delivered with your food. [Add your name](#) now via [Beyond Plastics](#).

It's been estimated that 129 billion face masks have been used every month around the world during the COVID-19 pandemic. If you can, use a cloth mask instead of a disposable one. If you are using single-use masks, please dispose of them properly and do not put them in your recycling bin.
