Only seven of the 7,000 Negroes living in Gloucester County, Virginia, are on relief rolls. Ninety per cent of the 7,000 own the land they cultivate. For forty years they have been advised and guided by Thamos C. Walker, Negro, graduate of Hampton Institute. Literary Digest.

Consumption of petroleum in the United States is twice that of water. Each day enough oil is pumped from the ground to cover Manhattan Island twelve miles long and averaging a mile wide—to a depth of a foot and a half. Scientific American

These individual cleanup campaigns are usually inaugurated for the purpose of improving a home's appearance—but whether the property owner realizes it or not, they likewise contribute toward fattening his pocketbook, in as much as they eliminate many ordinary and unnecessary fire hazards. Saved by new Vitamins of Cod Liver Oil in tasteless tablets.

Pounds of firm healthy flesh instead of bare scraggy bones! New vigor, vim and energy instead of tired listlessness! Steady, quiet nerves! That is what thousands of people are getting through scientists' latest discovery—the Vitamins of Cod Liver Oil concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell. McCoy's Cod Liver Oil Tablets, they're called! "Cod Liver Oil in Tablets", and they simply work wonders. A little boy of 3, seriously sick, got well and gained 10 1/2 lbs. in just one month. A girl of thirteen after the same disease, gained 3 lbs. the first week and 2 lbs. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. in less than a month.

You simply must try McCoy's at once. Remember if you don't gain at least 3 lbs. of firm healthy flesh in a month get your money back. Demand and get McCoy's—the original and genuine Cod Liver Oil Tablets—approved by Good Housekeeping Institute. Refuse all substitutes—insist on the original McCoy's—there are none better.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

The Spring Play Day

It's time to be planning the spring play day. Give thought to making it a happy, joyous occasion.

To do that, provide some activity or job for every child. No one likes to be left out. If one can't run, play, or dance, he can serve in some useful capacity.

A large share of the planning should fall to the pupils. Let them organize committees and hold regular meetings with discussions of program, costumes, picnic luncheon and so on. Play up the health factor, for this is opportunity. Talk about training through observance of the health rules. And give a prominent place to sportsmanship, for these occasions are truly laboratories of citizenship.

For the program, stress the dances and the simple games and stunts dear to children. This calls for minimizing the old type of athletic field day, but in the end you will be more content.

What about the boy who is called a sissy? Dr. Ireland will tell parents how to deal with him next week.
