**HOW CARDU HELPS MONTH AFTER MONTH**

Where there have been severe pains every month from functional disturbances resulting from poor nourishment, Cardu has helped thousands to regain health and strength. It suffered a great deal with pain in my side, and a terrible pain in my back," writes Mrs. Walter Page, of Englewood, N.J. "Each month I would suffer all over and have to go to bed. One of my neighbors had Cardu and it helped me. After taking it and it helped me. After taking it, I was well again. I only can recommend Cardu to everyone and everyone who suffers from it. Of course, if Cardu does not benefit you, consult a physician."

If you are suffering from constipation, colic, sour stomach, and gas bloating, there is quick relief for you in Adelicia. Many report action in 30 minutes after taking just one dose. Extract of Adrenal Gland Increases Dog's Endurance

Experiments at the University of Virginia show that injections of minute amounts of adrenal gland cortex extract will double the endurance of dogs.

Experiments on tadpoles show that alcohol causes nerve endings to retract from their points of contact with the skin. This interferes with nerve functions.

It is the old story: England has statesmen who have politicians—and some of them are Anglo-Saxon snobs.

Big business, like little business, has had its trouble, but here and there it is still big business. In his annual report for General Motors, Alfred P. Sloan, Jr., reported sales last year of \$15,626,270, the year before, a gain of more than two hundred and ninety-two million dollars. That means many new cars, and families made happier. The company paid out in wages more than three hundred and twenty-three million dollars, not including wages paid indirectly to thousands of workers producing materials of which automobiles are made.

Sixty of Mussolini's planes have wiped out Harar, Ethiopia's second biggest city, one of 40,000 inhabitants. "Civilized" England leading, because the fanatical Muhammadan Emperor, Pasha Idris, had located the gang's hide-out, and had sent wires calling the G-Men, when...

They forgot what happened in the big war at Rethymno, Crete, and elsewhere, and the German cannon "Big Bertha" throwing at Paris shells that might well have wrecked Notre Dame, the Madeleine or the Salute Chapel.

Oh, it was as ruthless as was nature in the catastrophe that destroyed the great cathedral of Lisbon, killing thousands that had gathered there seeking divine protection.

When Pittsburgh is through with the destruction that has almost overwhelmed the city, a monument should be erected in a park of the mountainside, symbolizing the creative and reproductive energy of the great industrial city. With lights turned off, water flooding the streets, many men and women calmly continued their work, wearing coal miners' light-bearing caps, like some gigantic glow worms. Americans still possess resiliency and can do what they must do.

"To him that bath shall be given," even in Wall street speculation.

Beginning May 1, if you buy \$100 worth of stocks, you must put \$55 of your own into the deal. This will compel you to operate on a small scale and get rich slowly, if not at all.

It has been suggested here often that airplanes might fight forest fires, possibly by laying down from overhead a soapy solution of water and oxygen. Our officials have planned a few parachutes instantaneously opening, that would land from one to six fire-fighters and apparatus from planes, wherever desired.

#### Baptist Sunday School Notes

Easter Sunday our attendance was 103. This was the nicest Easter weather we have had for several years. The young people's Supt., Earl Arnold arranged the worship program. There were two talks on Resurrection by Margaret Whipple and Mildred Weakley. Also a duet by Robert and Lloyd Kelly.

The regular monthly officers and teachers meeting was held Monday evening at 7:45. Some plans were made for our work in the near future. The adult lesson was taught to the teachers and officers by S. T. Kelly.

Everyone enjoyed the Easter message brought by S. B. Eudank at the preaching hour. There were two additions to the church at the close of the service.

The "Polly Anna" class enjoyed their sunrise services Sunday a.m. after cooking their breakfast over the camp fire. Madeline Robeson, the devotional leader brought a short message on "Jesus our Ideal in the Resurrection." Billy Riley and Mina Ruth Bara were guests on the trip. These girls feel that perhaps are many other young people who would enjoy these services and to make it possible for others to go next year.

The last six weeks of school in the Junior and Senior English will be spent in grammar instead of literature.

We wonder why so many girls' muscles in their left arms have increased in size in the last five days. Maybe Dr. Schuhmacher would know.

Ask Floyd Kelly the amount of food it takes and the regular time to feed a squirrel.

SOPHOMORE notes-- Dorothy Harmon.

The Sophomores have been studying "swine" in agriculture.

Bsk Ray Gentry why his face was

so red Friday evening in History class. A picture will be given Wednesday morning "Dental Hygiene" "Thomas Jefferson" and "Forrest Fire Fighters of the Air."

We were glad to have Sue Massey back after a months stay at home on account of Scarlet Fever.

Herbert Reams or "Froggy" for short was absent Monday morning and Tuesday evening on some excuse errand.

J. W. Boy and Max Holloway were absent Tuesday morning and used the line, going fishing. They told me they caught ten bigs, but they told Mr. Ragland they caught none. There must be something fishy about this.

Many are not getting their lessons, so the spring-fever must have gotten them, or else it is love.
