

*Help create a welcoming and accessible town core for Lakeport residents and visitors.*

# 11th Street Corridor Study

## We Want To Hear From You!

Please provide your feedback on the interactive map at the following link by **August 9, 2019**:

[wikimapping.com/11th-St-Corridor.html](http://wikimapping.com/11th-St-Corridor.html)

Where would you like to walk and bike on 11th Street and the surrounding area? While walking and bicycling, do you experience unsafe conditions or challenges getting to where you want to go?

Lake Area Planning Council (APC), in partnership with the City of Lakeport, is looking at expanding bicycle, pedestrian, and transit use and improving safety and access for all road users along the 11th Street corridor and nearby roadways.

Our next outreach phase will include surveying businesses and property owners along 11th Street and other major streets. Community outreach will continue into Summer and Fall of 2019.

CITY OF  
*Lakeport*  
CALIFORNIA

*Funding for the 11th Street Corridor Multi-Modal Engineered Feasibility Study is paid for by a grant from the California Department of Transportation.*
