

Lakeport Disposal is entitled to increase rates each year starting July 1, 2017 to account for increases in fees and charges imposed by third parties and changes to the San Francisco Bay Area, Consumer Price Index for All Urban Consumers reported for April (CPI). This rate adjustment is in accordance with the Franchise Agreement between the City of Lakeport and Lakeport Disposal adopted on May 19<sup>th</sup> 2015, the notice to affected properties before the September 15, 2015 public hearing at which the Council adopted rates, and Resolution No. 2557 (2015), which adopted the solid waste rates. Beginning July 1, 2021, your solid waste rates will accordingly be adjusted upwards 0.5% to account for increases in third-party charges and 1.57% for CPI. Below is a schedule of solid waste disposal rates to be effective July 1, 2021:
