

2020-2021 Fiscal Year Budget

Mike DeVore, Mayor
Jim Salzwedel, Mayor Pro Tem
Greg Canfield, Councilmember
Marty Chambers, Councilmember
Cliff Yankovich, Councilmember

Michael T. Burns, City Manager

April 20, 2020

Mayor DeVore and the Lowell City Council.

In accordance with the provision of the Lowell City Charter, I am pleased to present for your review and consideration the budget for the current fiscal year and the proposed budget for fiscal year 2021, which will begin July 1, 2020.

Economy

When I began preparing the budget in February, I was anticipating positive growth as we were still seeing improvements to the economy and our general fund. However, the COVID-19 pandemic has completely changed the world economy and Lowell is by no means unaffected by this. While this pandemic is still playing out, it is really hard to determine where the economy will bottom out.

Since property valuation for the upcoming year occurred prior to the pandemic occurring, we actually saw an increase of our taxable values. This has resulted in a modest increase in our overall Real Property Tax Revenue of about \$60,000. However, this budget is projecting approximately \$60,000 in reductions to state revenue sharing, \$42,000 reduction from our Lowell Light and Power PILOT and an additional \$60,000 to our Public Act 51 dollars (road funds). At this point, I cannot determine this is an actual amount as that will be determined at a later date. However, this is a 15% reduction to our revenue sharing and gas tax proceeds and about 12% to our Lowell Light and Power PILOT. Property taxes could be impacted at a later date due to the possibility of commercial businesses appealing their property taxes to the Michigan Tax Tribunal. If this happens, I recommend that the City vigorously contest those claims.

Employee Healthcare & Retirement

For the last several years, the City has made major changes to employee provided health care. The constant rise in healthcare costs and the new federal laws, have required the City to look at the issue each year. Currently, the City has Priority Health as our health care provider. In Fiscal Year 2020, we saw a 1.2% increases from when we switched plans in July of 2018. This year, we anticipate a 6.7 percent increase. That said, I evaluated other plans and do not recommend changing at this time. It will be something we have to evaluate annually as I am continuing to look at plans that provide quality service to the employees and keep our costs down as much as possible. This will continue to be a focus of the administration.

The City currently provides retiree employee healthcare for five years only and up to age 65. At that point, the employee would enroll in Medicare supplemental policy. Last year, the City received

\$20,550 for the sale of the 2560 Bowes Road property. This money was set aside in a separate fund to pay for the one retiree we provide healthcare to currently. We will still budget the costs for those two employees by placing the budget expenditure into the separate fund. In the next five years we have eight employees eligible to retire. The retirement health care contributions will be significantly high when those employees do retire. In addition to the contributions made, I budgeted \$5,000 for each of the eight employees eligible to retire so we can begin to have some funds set aside for their retirement health care. We have already negotiated with police employees that all employees who retire after June 30, 2025 will have 2% of their base wage placed into a Retirement Health Care Savings Account.

Retirement Unfunded Liabilities are a concern for the administration. Currently we are approximately 58% funded with an unfunded liability of approximately \$3.4 million in our Michigan Municipal Employee Retirement System (MERS). We have been flagged by the Michigan Department of Treasury for being under 60% and we have requested a waiver to avoid filing a corrective action plan. We have already negotiated a contract for police employees to bridge their pension multiplier from 2.5% to 2.0% once all other City employees do so. They also will agree that all new hires go to a defined contribution. This will significantly reduce future liabilities and reduce our payments to MERS. We are still negotiating with our other union and hope to have this matter resolved shortly.

For the past three years, we have made phased in payments to reduce our unfunded liability. MERS has given municipalities the option to pay an additional but lesser phased in amount for five years or begin paying the full percentage amount they assess to reduce the liability. This year, we budgeted to pay the full percentage amount to begin reducing the liability.

On July 1, 2021, our rate of return will be reduced from 7.75% to 7.35%. This will increase our liability and accelerate payments by a significant amount in the beginning of this fiscal year. This will at some point force the City to file a corrective action plan via PA 202 of 2017. Modifications to our pension system must be changed as this will no longer be sustainable.

Staffing

This budget includes no losses to our full time staff at this time. We anticipate two retirements early in Fiscal Year 2020-21 and are still considering replacing those positions. The DPW has yet to replace the Sexton nor add the second utility worker position. Those are budgeted for the upcoming fiscal year. That said, constant review of our finances throughout the year is going to dictate if we can continue this and it is subject to change.

I did not budget our part time Police Cadet nor our part time City Hall Administrative Assistant in the upcoming fiscal year.

The 2020-21 Fiscal Year Budget

This budget reflects the concerns and goals of the City Council. Following the Board of Review meetings, the city's taxable value for the General Fund actually improved, resulting in an increase in property tax revenue to the General Fund of \$60,000. In order to achieve the balanced budget several contributions from other funds are needed. The General Fund for several years has charged the other funds Administrative Services fees which are in essence administrative service costs that are charged for city facility usage along with city staff. This practice will remain. That said, I have reduced

\$102,000 in revenues from the General Fund due to reductions to our revenue sharing and Lowell Light and Power Pilot. I also reduced \$60000 between both the Major and Local Street funds as our gas tax is used to manage our major and local street networks.

This year, I budgeted for the entire City Hall Bond Payment to occur from the Downtown Development Authority. This freed up \$150,000 from the general fund. This allowed us to set aside retirement health care costs previously mentioned. We have budgeted an appropriation of \$180,000 to the Local Street Fund. This is the level we have contributed annually prior to the current fiscal year. In addition, this was the first year in many that we didn't need the General Fund to subsidize the Equipment Fund.

The City will also make a budgeted expenditure to the Lowell Area Fire Services Authority that is consistent with the funding guidelines of the agreement. We anticipate a contribution of \$118,000.

This will be the first year in my tenure where we will be able to construct multiple streets. We will begin shortly to repave Elizabeth, Suffolk, Howard and Riverside Drive. We are awaiting Community Development Block Grant funding for Amity Street and can work on that next spring. We also will receive road funding when we complete a sewer improvement project on Foreman from Beech to Hudson St.

In addition, the Stormwater Asset Management study is completed, we have identified many capital projects to complete over the next fifteen years. One major project we plan to begin this year is to engineer Washington and Monroe Streets and complete major underground utility projects on almost a one and a half mile area of utility and street. We hope to begin this project with Monroe St. in the Spring of 2022 and Washington Street in Spring of 2023.

Since 2006, the City has modified water rates nine times and sewer rates six times. We had a rate adjustment in July 2019. We are starting to see more process water coming into the Wastewater Treatment Plant due to Litehouse coming back online. This has caused a financial strain to the wastewater fund, however revenue is improving. Rates needed to be adjusted to provide adequate funds to maintain the system. Our rate study conducted through the Stormwater Asset Management grant recommended an adjustment to the residential customer by a \$1.46 increase (6%) to the monthly water ready to serve charge. Also recommending a \$.14 increase (6%) to their consumption charge per 1,000 gallons. The residential sewer customer would have seen a \$.49 (2%) increase to their monthly water ready to serve charge and a \$.08 increase (2%) to their consumption charge per 1,000 gallons. For the time being, I have not placed the increases into the budget due to the COVID-19 pandemic. I will reevaluate this closer to July 1, 2020.

Fiscal Year 2019-20 Current Projections

Based upon the actual figures for the first nine months and projections for the remainder of the current budget year, FY 20 will close with a variance in the General Fund. Specifically, a surplus of \$145,562 is anticipated. This doesn't account for any revenue sharing or Lowell Light & Power PILOT loss.

During the 2020 Fiscal Year, the city had a number of accomplishments totaling \$246,613 in new investment that include:

• \$225,000 to purchase 238 High Street (DDA Fund)

- \$68,000 to replace Digester #3 at Wastewater Treatment Plant (Wastewater Fund)
- \$65,000 to upgrade security to server (Data Processing Fund)
- \$29,528 for the rehabilitation of the West Oxidation Ditch at the Wastewater Treatment Plant.
- \$21,735 to replace a salt spreader
- \$10,000 to upgrade City Hall to LED lighting (General Fund)

The City is currently working on the following projects totaling \$504,049.75 in new investment that include:

- \$ 424,049.75 for repaying Elizabeth, Howard, Suffolk and Riverside Dr. (DDA, Major and Local Street Funds)
- \$80,000 to upgrade fleet (Equipment Fund)

Fiscal Year 2020-21 Recommended Budget

By Charter of the City of Lowell can levy up to 20 mills for general operating. Currently, the City levies one millage and that is for general operating. For many years, the city has levied 15.70 mills. This is below the 17.4597 mills which were allowed by the implementation of the Headlee Amendment of the State Constitution.

The budget for FY 2021 was developed using the following assumptions:

- Revenues are calculated based upon a millage rate of 15.70.
- Constitutional State Revenue Sharing is calculated according to Michigan Department of Management and Budget projections but projected with 15% less.
- Lowell Light and Power PILOT projection of \$42,000 less
- Interest rates will continue to be low.
- Services will remain the same or improved through efficiency.

Revenues

Revenues in the General Fund are expected to show a decrease in FY 2020 from the current year's approved budget of \$3,246,032.79. This is due to the COVID 19 pandemic. Total revenues in FY 21 are expected to be \$3,240,222.37. Listed below is an analysis of how much the City receives from each of its revenue sources.

Expenditures

Budgeted expenditures from the General Fund for FY 21 are expected to be \$3,225,751.63 which is approximately \$45,933.08 more than approved for the current fiscal year. Of the actual General Fund revenue approximately 15.1 % or approximately \$488,632 of General Fund Expenditures will be transferred to other funds to subsidize their expenditures. Listed below are an analysis of expenditures based on each City function and each expenditure classification.

The significant new expenditures for the following year are:

- \$250,000 to repave Amity (DDA and Local Street Fund)
- \$197,000 to replace the sewer main on Foreman from Beech to Hudson (Wastewater Fund)

- \$125,000 for design engineering of Monroe and Washington Street (Major, Local, Wastewater and Water funds)
- \$120,000 to make repairs to the panel of Digester #3 (Wastewater Fund)
- \$88,000 for Ware Rd.
- \$50,000 to add SCADA to pump stations (Water Fund)
- \$40,000 to complete SCADA (Water Fund)
- \$21,000 to upgrade computerized temperature control of City Hall (50% paid by DDA Fund)
- \$15,000 to replace Mower #54 (Equipment Fund)
- \$15,000 to replace roof at NE Pump Station (Water Fund)
- \$10,000 for a variable speed gearbox for the clarifier (Water Fund)
- \$10,000 for concrete work at pump station (Water Fund)
- \$10,000 to convert street lighting citywide to LED.
- \$8,500 to replace meter reader (Water Fund)
- \$7,500 to replace brush to Skid Steer (Equipment Fund)
- \$6,500 to replace restroom partitions at Creekside and Stoney Lakeside Park
- \$5,000 to replace landing and stair at Museum.
- \$5,000 repair floor drains at DPW.
- \$5,000 for additional storage at DPW.

These projects represent civic and infrastructure improvements in the amount of \$900,500.

In regards to the City's other funds, all are in good condition. The DDA is in good long-term condition and is committed to revitalizing the Downtown area. The DDA fund has been able to alleviate the General Fund of some expenditures and still complete improvement projects in the Downtown District.

Recommendation

I am recommending that the City Council maintain the current millage and collect 15.7 mills for Fiscal Year 2019. Reasons for this recommendation include:

- 1. The Council can increase the millage rate to 17.20 without a vote of the people as a result of the Headlee Rollback. Going beyond that to the Charter limit would require a vote of the people.
- 2. The budget, as presented, reflects the revenue and expenditures to balance the budget and provide public services.
- 3. Overall, City services will remain the same, but are offset by administrative service charges from other City funds to assist with administrative costs for providing services. That being said, the City will continue to evaluate strategies for generating revenue to replace local streets and underground infrastructure.
- 4. Additional technology and possibly changing our work procedures may lead to financial efficiencies.

Under the provisions of the Charter, the City Council has until the third Monday of May to adopt the budget for the coming fiscal year. Our budget work session is scheduled to take place on Saturday, April 25, 2020 from 10:00 AM to 2:00 PM via Zoom. Our current schedule calls for us to hold our Public Hearing on the budget as well as adopt the budget at our regular meeting on Monday, May 18, 2020.

I would like to thank two outstanding employees for their work in putting together the budget for fiscal year 2021. City Treasurer Sue Olin and Deputy Treasurer Lori Gerard have done an outstanding job and worked many long hours to make this document possible. All of the work being done remotely. The City of Lowell is very fortunate to have these two individuals serving our City. This has definitely been the most stressful and difficult budget I have prepared in 14 years in City Management.

The entire staff has worked diligently with much thought and care to put together this budget. While work remains to be done, we have accomplished much in this city and the positive changes in the community are proof that we are making progress. As we move forward into the new fiscal year we will continue to look for efficiencies, partnerships and structural changes to better serve the residents and businesses in our city.

The city staff and I look forward to assisting you in your review and consideration of the proposed budget. If you have any questions at any time throughout the process, please do not hesitate to let me know. While I don't know what the future entails, I believe we are well positioned for the time being to whether this storm. Hopefully, the economy fares better than what I have projected.

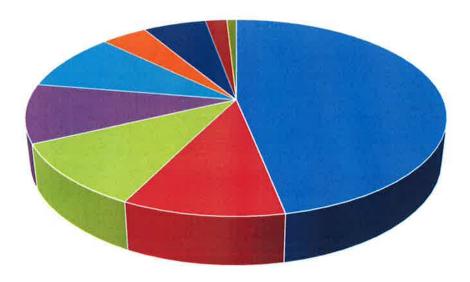

Respectfully submitted,

Michael T. Burns City Manager

GENERAL FUND

The General Fund is the main operating fund for the City of Lowell. All general purpose revenue and most services are accounted for in this fund.

Revenues

Property Taxes – Property Taxes are the major source of revenue in the General Fund accounting for approximately 49 percent of all revenue. They are generated by multiplying the *Taxable Value* of property by a *Millage Rate* to determine the final tax bill. The recommended budget includes tax revenue calculated on taxable valuations subject to adjustment on a case-by-case basis by the Board of Review and appeals to the Michigan Tax Tribunal.

Taxable Values increased this year from \$122,466,595 to \$130,541,343.

Millage Rates are established by the City Council through authority granted in the City Charter and Michigan Statutes. The maximum allowable Millage Rate for the City of Lowell is 17.4597 mills. The current budget reflects a Millage Rate of 15.70 mills which is 10 percent below the amount authorized by the City Charter.

Revenue Sharing – Revenue sharing received from the State of Michigan is the second major source of revenue. Estimates are provided by the State of Michigan, Department of Treasury. More than 80 percent of the total is constitutional revenue sharing that is protected from modification by the Michigan Legislature and the Governor.

Lowell Light and Power PILOT - The General Fund receives a percentage of gross receipts from Lowell Light and Power minus certain expenses. This is the result of a long-term agreement and partnership between the City Council and Light and power Board as required by the City Charter. This source of revenue is the third largest for the General Fund.

Charges for Services – Charges for Services is the fourth major source of revenue to the General Fund. Administrative Services, such as management provided by the City Manager or accounting functions provided by the City Treasurer, are allocated entirely in their respective activities in the General Fund, except where a portion of the management and/or accounting function is directly-billed to a fund or activity (the Downtown Development Authority, the Fire Authority and the Planning Commission are examples). Otherwise, the cost of administrative services is allocated and billed to activities through generally accepted accounting principles.

The remaining Charges for Services consist of fees which are outlined in the Schedule of Fees.

Other Revenue – Various other sources of revenue account for almost one quarter of the total in the General Fund. The following are noteworthy:

- <u>DDA Transfer In</u>: The Downtown Development Authority participates in the payment of bonds used to construct City Hall.
- <u>Cable TV Franchise Fees</u>: Comcast pays to the City of Lowell a state required franchise fee which is credited to the General Fund.

Various other sources of revenue are allocated to activities when the revenue is specifically related to the activity. This is in accordance with generally accepted accounting principles. These revenues, when significant, may be discussed within the narrative of the activity in the appropriations section.

Appropriations

Council (101) – The City Council is the policy-making body of the City. The council meets on the first and third Mondays of each month, approves the operating budget and its amendments, adopts ordinances and policies, and provides overall direction for the city through its Strategic Plan.

The Council consists of five members elected in staggered terms. Every two years, the two receiving the highest number of votes are awarded four-year terms. The third highest receives a two-year term. A Mayor and Mayor Pro Tem are selected from among its membership every two years.

A Compensation Commission sets per diem rates for councilmembers who receive \$40 per meeting with a maximum of 35 meetings for an annual maximum of \$1,400. The Mayor receives compensation of \$47 per meeting with a maximum of 35 meetings for an annual maximum of \$1,645.

Manager (172) – Michael T. Burns is the current City Manager since September 6, 2016. The City Manager is appointed by the City Council and is responsible for organizing and supervising city operations. Among the duties of the City Manager are advising the Council in its policy deliberations, supervising and employing staff, providing overall budget administration and coordinating city planning and economic development activities. The City Manager also acts as the executive director for the Downtown Development Authority and serves as liaison to various boards and commissions appointed by the City Council.

Elections (191) – The Elections activity accounts for expenses relating to elections which are supervised by the City Clerk. This activity fluctuates from year-to-year based on the number of elections and anticipated voter turn-out (for example, elections held during a Presidential election year are more costly).

Assessor (209) – Jeffrey and Debra Rashid serve as the City Assessors. This budget provides the recently renewed contract in the amount of \$45,000. The assessor maintains detailed information on all real and personal property in the City. This information is used to prepare assessed valuations needed for preparation of tax rolls.

The Board of Review meets in March and other dates throughout the year to review the city assessment roll and hear assessment appeals from property owners. Salaries for the Board of Review are included in the Assessor activity.

Attorney (210) – Richard Wendt of Dickinson, Wright, PLC, has served as the City Attorney since April 1981. The Attorney's duties include reviewing contracts, preparing legal opinions and ordinances and prosecuting code violations. The City will be hiring a labor attorney this fiscal year to assist with upcoming labor contracts.

Clerk (215) – Susan Ullery was appointed City Clerk in August 2015. The City Clerk is the clerical officer for the City Council, the custodian of city documents and records, conducts elections and performs other duties as assigned by the City Manager. Amy Brown was hired in March 2018 as Deputy City Clerk.

The wages and benefits for most of the City Clerk and portions of the Deputy City Clerk and Administrative Assistant Luanne Wisniewski are allocated to this activity.

Treasurer (253) – Suzanne Olin is the City Treasurer and has served in that capacity since 1998. The City Treasurer has custody of all funds of the city and serves as the chief financial officer by planning and directing the maintenance of city accounting records.

The wages and benefits of the City Treasurer and a portion of the Deputy City Treasurer Lori Gerard are allocated to the Treasurer activity. The Deputy City Treasurer is responsible for payroll and human resources as well as coordinating liability insurance and airport billing and accounts payable.

City Hall (265) – This activity includes all expenses related to maintaining City Hall. It includes cleaning services, insurance, HVAC repair and maintenance, public utilities, and miscellaneous repairs. It also includes general office and operating expenses for employees housed at City Hall.

Cemetery (276) – The Cemetery activity includes the care and maintenance (grass mowing and trimming) of Oakwood Cemetery. In addition, gravesites are sold and recorded and burials are conducted. A Cemetery Sexton and part-time employees are allocated to the Cemetery activity.

Unallocated Miscellaneous (294) – This activity represents funds that are held to react to unanticipated increases in expenses, such as fuel or utility costs, or for emergency repairs or improvements to public buildings.

Police (301) – Steven Bukala has served as the Police Chief since 2013. The Police Chief is responsible for the administration and supervision of the Police Department.

The Police Department operates twenty four hours per day, seven days per week, for the protection of all citizens. Police Officers investigate criminal activities, respond to emergencies such as domestic disputes and traffic accidents, provide general patrol and traffic control, and handle city code violations and nuisance complaints. Code enforcement expenses, including zoning enforcement, are allocated in the Code Enforcement activity.

The Police Department operates with four full-time police officers, a full-time chief and a full-time police clerk. A number of part-time officers assist in maintaining a 24/7 schedule. Dispatch services are provided through a contract with the Kent County Sheriff Department.

There are six police cruisers (four fully marked, one for administrative and special police functions and one unmarked for detective purposes). These are maintained and replaced through the Police activity rather than the Equipment Fund because Police vehicles are not utilized by other departments.

Code Enforcement (305) – All expenses relating to enforcement of the City Code of Ordinances, including the Zoning Ordinance, are allocated within this activity. This includes half of the expense for the Police Chief, 30 percent of the Police Clerk and 10 percent of full-time police officers.

Fire (336) – Fire protection services are provided by the Lowell Area Fire Department which is governed by the Lowell Area Fire and Emergency Services Authority. The authority was created through an agreement with Lowell Charter Township and Vergennes Township in November, 2008, to provide greater cooperation and sharing of the oversight and expenses of the department. The authority is composed of six members who are appointed by the participating municipalities. Costs are allocated by a formula that considers property values, population, and total fire runs.

The functions of the fire department include fire prevention, public education and awareness, life safety, fire suppression, hazardous material management, fire fighter training and fire investigation. The department covers a 60 square mile area including the City of Lowell, Vergennes Township and the northern two-thirds of Lowell Charter Township.

The Fire Department has also assumed the duties previously provided by Lowell Area Rescue since 1973. These duties include first response to medical emergencies and accidents. In April of 1990, the

rescue services were transferred from the Police to the Fire Department, consolidating emergency services into one building. The department is staffed by paid on-call volunteers.

In July 2016, Ron Van Overbeek was promoted to Fire Chief.

Building Inspections (371) – Professional Code Inspections Inc. provides building inspection and enforcement services to the City of Lowell through a collaborative agreement. The cost of building inspections is covered by permit fees so no expense activity is reflected in the General Fund. Of the permit fees, 10 percent is distributed back to the city to cover administrative expenses on major construction projects.

Planning & Zoning (400) – Williams and Works provides consultation and review services for the City of Lowell to support in-house planning and zoning. The intake process is conducted primarily by the City Clerk with support from the City Manager.

Under Public Act 33 of 2008, the Planning Commission is charged with preparing, adopting and maintaining a master plan for the city. The plan is a policy guide with regard to all matters affecting the physical development of the city. The commission also approves site development plans, special use permits and recommends zoning ordinance amendments to the Council. The seven Commissioners include a Councilmember and are appointed by the Mayor for three-year terms.

The Commission approved an updated Master Plan on October 22, 2007, and the City Council accepted the document on November 5, 2007. Williams & Works is working with the City to update the current Master Plan. The City completed it most up to date revisions of this plan in Fiscal Year 2018.

Public Works (441) –The Director is responsible for oversight and management of public facilities and utilities which make up a vast majority of the expenses of city government. The Public Works activity in the General Fund accounts for the central services that support public infrastructure (streets, sidewalks, downtown public areas and parking lots, arbor), public facilities (cemetery, parks, city hall, chamber/riverwalk, library, showboat and museum), public utilities (water treatment and distribution, wastewater treatment and collection) and public services (recreation and trash pickup).

There are eight budgeted full-time employees, including Public Works Director Dan Czarnecki who began on August 5, 2019. Several part-time employees also provide support for these services. In addition, many services are contracted, such as wastewater treatment, mowing, street sweeping, building maintenance and mechanic work.

Sidewalks (442) – The Sidewalk activity accounts for the repair and replacement of sidewalks adjacent to public parks and facilities. Responsibility for maintaining and repairing the remainder of more than 17 miles of city sidewalks is vested with adjacent property owners.

Arbor Board (443) – The Arbor Board activity accounts for new trees planted in public areas within the city under the Urban Forest Initiative (formerly City Tree Program). The Arbor Board submits annual grant applications to the Lowell Area Community Fund and the LCTV Endowment Fund for this program. Accounting for this activity was removed from the General Fund in 2013 and moved to the Designated Contributions special revenue fund (260).

Ambulance (651) – Lowell Ambulance, a subsidiary of Rockford Ambulance, has provided Ambulance services to city residents since 1988. A 2,170 square foot building adjacent to the Look Memorial Fire Station has been constructed in cooperation with Lowell Charter Township and Vergennes Township to provide space for personnel and equipment.

As part of an agreement with Rockford Ambulance, the City contributed \$16,000 over five years toward construction costs with the final payment occurring during the 2011-12 fiscal year. There are no current General Fund expenses for ambulance services.

Economic Development (728) –All expenses relating to community and economic development are accounted for in this activity, including the City of Lowell's participation with The Right Place, Inc.

Chamber/Riverwalk (747) – A portion of the city-owned building that formerly housed Lowell Cable Television now serves as offices for the Lowell Area Chamber of Commerce and a central point for the Riverwalk. This activity accounts for the utility and insurance expenses associated with operating the building.

Parks (751) – The Parks activity includes the care and maintenance of all city parks, which includes mowing, trimming, watering, playground and picnic equipment care and security.

The Parks & Recreation Commission provides strategic planning for future development of park facilities. The Lee Fund and Carr Funds have been established to provide funding for park improvements. In addition, contracts are negotiated with organized park users to assist in offsetting expenses. These agreements typically include a per participant fee.

Showboat (757) – The City of Lowell accepted ownership of the Lowell Showboat through action by the City Council on December 4, 2000. The current rendition of the Lowell Showboat was demolished in February of 2019. The Lowell Area Chamber of Commerce schedules showboat events and collects a portion of the fees. This activity reflects the basic expenses of utilities and minor repairs.

Dog Park (758) - The City of Lowell collaborates with local citizens by allowing a Dog Park to be created on city property. This activity reflects expenses for the Dog Park that are reimbursed

through private donations. Accounting for this activity was removed from the General Fund in 2013 and moved to the Designated Contributions special revenue fund (260).

Recreation (774) – The City of Lowell participates with Lowell Charter Township and Vergennes Township in the Lowell Area Recreation Authority (LARA). This activity represents the city contribution to LARA.

Library (790) – The Harold and Mildred Englehardt Public Library opened in February, 1997, providing much needed community space for a public library. It is an 8,800 square-foot city facility and cost \$1.3 million to construct. It was made possible through donations from the Lowell Area Community Fund and the Look Memorial Fund in addition to a \$770,000 Building Authority Bond that was paid in full in March, 2007. The facility was dedicated on May 18, 1997.

A November 1994 election established the Kent District Library system and a library millage. In August, 2014, KDL received a millage renewal approval of 1.28 mills. From this millage, KDL provides the library with staffing and support services for operations. This activity includes the expenses relating to the operation and maintenance of the building which are offset somewhat by a contribution from the Kent District Library.

Historic District Commission (803) – The Lowell City Council established a Historic District that encompasses 54 properties of significance to the community's heritage. The historic district ordinance was adopted on November 4, 1996.

A five-member Historic District Commission reviews plans involving changes to the exterior of historic structures to determine whether or not the proposed changes conform to the structure's historic and architectural character. The goal of the Commission is to recognize, protect and preserve for present and future generations the historic buildings of Lowell which now have attained National Historic Register status.

This activity accounts for expenses incurred by the commission. A separate Historic District Fund is used to account for grants used for historic district projects.

Museum (804) – The Lowell Area Historical Museum is a charitable organization whose purpose is to collect, preserve and display Lowell history as well as to educate the community about its rich historical heritage. The museum is housed at the city-owned Graham Building, a building on the National Registry of Historical Places. This activity is used for utilities, insurance and maintenance on the building and parking area.

In November, 2002, city residents approved a dedicated millage of 0.25 mills toward Museum operations. A millage renewal was approved in November, 2011. The millage produces revenue for museum operations in addition to the building expenses covered under this activity.

Transfers Out (965) – This activity accounts for transfers to other city funds.

- Major and Local Street Funds (202 and 203): These transfers assist with local match requirements on federal and state funds as well as providing additional resources for the asset management program for city streets.
- <u>City Hall Bond Payment (351):</u> The outstanding debt on bonds purchased to construct city hall are paid from the General Fund. The bonds were refinanced in 2012 resulting in a savings of \$570,000 over the remaining 20-year term.
- Equipment Fund (661): A transfer to the Equipment Fund supplements rental charges made to various other funds in order to build reserves for future equipment replacement.

MAJOR STREETS FUND

The Major Streets Fund accounts for revenue and expenses associated with the improvement and maintenance of the city's Major Street system. Major Streets are defined by the Michigan Department of Transportation and are eligible for special funding; however, the funding and related expenses must be accounted for in a special revenue fund.

Revenue

Gas and weight taxes received from the State of Michigan through Public Act 51 of 1951 are the primary sources of revenue. Other sources include interest generated in the fund, transfers from the General Fund and state and federal grant funds or grants received through local foundations or endowments.

Appropriations

Primary activities include Maintenance (surface patching, sweeping and flushing, shoulder or curb maintenance, drainage, roadside cleanup, grass and weed control), Traffic (such as sign replacement or line painting), and Winter Maintenance (snow plowing). The Administration activity reflects the Administrative Services Charges billed by the General Fund.

Five employees from the Department of Public Works are allocated to the various activities.

Capital Outlay - \$190,000 for repaying of Suffolk and Howard Streets (portion of project will be paid for in Fiscal Year 2019-2020)

LOCAL STREETS FUND

The Local Streets Fund accounts for revenue and expenses associated with the improvement and maintenance of the city's Local Street system. Local Streets are the majority of the city's street system and consist of those <u>not</u> defined by the Michigan Department of Transportation as Major Streets. They are eligible for limited state funds, however, revenue and expenses are required to be accounted for in a special revenue fund.

Revenue

The General Fund provides the primary source of revenue for the Local Streets Fund. Gas and weight taxes received from the State of Michigan through Public Act 51 of 1951 provide a secondary source of revenue.

Appropriations

Primary activities include Maintenance (surface patching, sweeping and flushing, shoulder or curb maintenance, drainage (ditch or storm tile), roadside cleanup, grass and weed control), Traffic (such as sign replacement or line painting), and Winter Maintenance (snow plowing). The Administration activity reflects the Administrative Services Charges billed by the General Fund.

Five employees from the Department of Public Works are allocated to the various activities.

Capital Projects anticipated in the proposed budget include the following:

Amity – Main to Suffolk, resurfacing

\$125,000

Elizabeth St resurfacing

\$75,000

(portion of work will happen in Fiscal Year 2019-2020)

HISTORIC DISTRICT FUND

The Lowell Downtown Historic District Commission has granted funds for the renovation and restoration of many buildings in the downtown district amounting to more than \$430,000 since 1998.

The primary source of revenue consists of grants from the Lowell Area Community Fund.

DOWNTOWN DEVELOPMENT AUTHORITY FUND

The City of Lowell created its Downtown Development Authority on November 16, 1992, in response to needs expressed by the Lowell Area Chamber of Commerce.

The authority consists of a nine-member board tasked with the responsibility of developing and implementing a development plan.

Revenue

The primary source of revenue is tax increment financing where the growth in taxes in the DDA District is captured in order to stimulate new public investment.

Appropriations

Appropriations pay for maintenance of public spaces within the DDA district as well as administration of the district and community promotions. Most of the community promotions are conducted in collaboration with the Lowell Area Chamber of Commerce. The Downtown Development Authority is also in the process of updating is long-term development plan.

Projects anticipated in the proposed budget include the following:

Amity Street traffic improvements

\$144,000

City Hall Computerized thermostat update

\$10,500

(50% paid from general fund)

History of Capital Projects

In October of 1994, a \$1.235 million twenty year TIFA bond was issued through the Michigan Municipal Bond Authority so that downtown improvements could be undertaken from 1995 to 1998. In 1995, the demolition of the Hobby Stop building and construction of a seawall along the Flat River by Lafayette Street took place (\$124,438).

In 1996, the streetscape work was completed from Jefferson to Broadway Streets. Also, the Broadway-Riverside parking lot was upgraded as well as the installation of a 12 inch water main crossing the Flat River. (Total Cost \$1,237,503).

The streetscape project was extended from Broadway to Lincoln Lake Avenue in 1998 in coordination with projects completed by the Michigan Department of Transportation. The \$245,000 project was supplemented by a Federal Transportation Enhancement Grant of \$80,000. At this time, M-21 was repaided from the east City Limits to Valley Vista Drive, the M-21-Hudson Street intersection widened, and the old sluiceway near the Flat River Bridge was filled.

In 1999, the following projects were completed:

- Placement of a retaining wall, railing extension and sidewalk repair at the old Lee's Landing site along Main Street (\$100,749)
- Contribution toward completion of Main Street sidewalk projects (\$20,000, \$60,000 total)
- Construction of a crosswalk and sidewalk extension on the south side of Foreman Road west of Root Lowell and east of Cherry Creek. A culvert extension is planned as part of the school safety project (\$14,176)

In 2000, the following projects were completed:

- Exterior work of the Chamber of Commerce building (\$18,630)
- Engineering of Bowes Road sidewalk (\$1,100)
- Engineering and property acquisition pertaining to Monroe and King Milling parking lot improvements (\$70,000)
- City Hall Construction (\$125,000)

A second bond issue of \$1,100,000 was sold on December 16, 1999 to carry out further downtown improvements.

During the years 2000-2003, the following projects were completed:

| • | Extension of Riverwalk to A | Extension of Riverwalk to Amphitheater (including sheet piling) | | | | | | |
|---|---|---|--|--|--|--|--|--|

DESIGNATED CONTRIBUTIONS FUND

The Designated Contributions Fund is designed to account for activities or projects where there are funds specifically designated for such purpose. The fund is often used to account for grant projects, however, some ongoing activities include:

- Dog Park
- Arbor Board tree replacement program
- Community Garden
- Showboat Grant

AIRPORT FUND

The Airport Fund was created by the City Council on February 5, 1990, to account for improvements to the Lowell City Airport. As an enterprise fund, the airport obtains revenue through hangar rentals and tie down fees to pay for capital expenditures. The overall objective is for the Airport to remain self-sufficient and to gain General Utility status.

The City Council adopted an ordinance in 1988 instituting an Airport Board. This seven member body provides recommendations to the Council on matters affecting the airport. All financial decisions rest with the City Council.

Casey Brown serves as the Airport Manager providing general oversight and support to operations.

The budget reflects continued operations with the goal to maintain self-sufficiency.

WASTEWATER FUND

The wastewater system includes a 1.42 million gallon per day (GPD) Wastewater Treatment Plant and a citywide collection system. On July 1, 2015 the city entered into an agreement with Suez Environmental (formerly United Water) of Grand Rapids to operate the plant. Suez is responsible for all operational expenses and must invest at least \$12,000 of capital improvements into the plant each year. Suez also receives 50% of surcharges when an industry contributes higher than normal concentrations of wastewater to the facility. The City of Lowell has also created a partnership with Lowell Charter Township to provide treatment of waste generated in the township.

In 2016, the City Council approved a bond for replace the main lift station and the Valley Vista lift station and the collection system upgrades on South Broadway.

The proposed budget reflects the following for wastewater rates.

| | Readiness to Serve | Consumption Rate | | |
|----------|--------------------|------------------|--|--|
| Current | \$24.44 | \$4.04 | | |
| Proposed | \$24.44 | \$4.04 | | |

Capital Projects anticipated in the proposed budget include the following:

Treatment

Concrete and Panel Installation at Digester #3

\$120,000

Collection

• First portion of Foreman Street sewer repair \$197,000 (Project begins in Spring 2021 and will carry into Fiscal Year 2021-22)

WATER FUND

The City of Lowell operates a 1.75 million gallons per day (GPD) lime softening water treatment plant located on Bowes Road. Four supply wells are located at the treatment plant site and pump to the facility. The newest well located to the west of the plant provides both bypass (during periods of extremely heavy water demand) and production capabilities.

The distribution system has approximately 20 miles of water mains serving nearly 1,300 customers. The system is assisted by two storage tanks, one located in the northeast section of the City near Shepard Drive containing 500,000 gallons and the other, a reinforced concrete 800,000 gallon tank, near Gee Drive.

Rates are reviewed in cooperation with the Michigan Rural Water Association, of which the City of Lowell is a member. The rate study is required by the City Charter to cover actual costs including depreciation of the system.

The proposed budget reflects the following adjustments for water rates.

| | Readiness to Serve | Consumption Rate |
|----------|--------------------|------------------|
| Current | \$24.25 | \$2.37 |
| Proposed | \$24.25 | \$2.37 |

Capital Projects anticipated in the proposed budget include the following:

Treatment

| • | Variable Speed Gearbox for Clarifier | \$10,000 |
|--------|--------------------------------------|----------|
| • | Complete SCADA | \$40,000 |
| Collec | tion | |
| • | NW Pump Station Roof | \$15,000 |
| • | New Water Meter Reader | \$8,500 |
| • | Concrete Repairs | \$10,000 |
| • | SCADA for Pump Stations | |

LIGHT AND POWER FUND

Lowell Light and Power is a department of the City of Lowell created by the City Charter. It operates primarily independent of other city functions and is governed by a five member Light and Power Board appointed by the Mayor with the consensus of the City Council.

While independent, the city charter requires certain actions of Light and Power to be approved by the City Council. Among those is adoption of an annual budget recommended by the Light and Power Board.

DATA PROCESSING FUND

The Data Processing Fund is an internal service fund used to account for technology throughout all city departments. The anticipated cost of maintaining and upgrading technology is calculated then spread to various cost centers based on generally accepted accounting principles.

Betsy Davidson and Tony Dommer of Addorio Technologies, LLC, provide network and technology support for the city and are paid from this fund. On occasion when specialized services are provided that benefit a specific activity those services are allocated directly to the activity.

Capital Projects anticipated in the proposed budget include the following:

- Installment payment to Lowell Light and Power for Security Upgrade \$22,000
- Municode Ordinance Update

\$9,100

EQUIPMENT FUND

The Equipment Fund is an internal service fund that accounts for the centralized maintenance and support for public works trucks and specialized equipment. All equipment is rented to activities to finance operational costs and future equipment replacement. The half-time public works mechanic is allocated through this fund as well as contracted service for equipment repairs.

Equipment purchases and payments anticipated in the current budget include the following:

• Replace Mower #54

\$ 15,000

Replace Broom for Skidsteer

\$ 7,500

LEE FUND

The Lee Fund is derived from a bequest in the will of Dr. Solomon S. Lee to provide funds for park improvements. Interest earnings are utilized for this purpose.

The maintenance of the ice rink at Richards Park (\$1500) has been moved to the General Fund parks budget. This will provide for more funds available for parks projects.

LOOK FUND

The Look Fund is derived from the Helen Look Daley trust agreement with the desire and request that the funds be used for one or more of the following purposes:

- Construction or improvements to municipal city hall.
- Enclose the city swimming pool.
- Make any type of improvements to the library.
- Any charitable purpose deemed desirable by the Look Memorial Committee.

BONDED INDEBTEDNESS

The City of Lowell has a number of outstanding bonds for various capital projects that have been funded over the years. This section includes the full repayment schedules for each of the outstanding bonds.

The following bond payments will be made under the proposed budget:

| Bond | Source of Funds | Payment | Balance | Final |
|-------------------------------------|--------------------|--------------|----------------|-------|
| Building Authority 2012 (City Hall) | D.D.A | \$308,632 | \$3,045,000 | 2032 |
| Capital Improvement Bond 2016 | Wastewater & Water | \$218,625 | \$2,880,000 | 2042 |
| | | | | |
| TOTAL | | \$527,257.00 | \$5,925,000.00 | |

SCHEDULE OF RATES AND FEES

There are a number of rates and fees established by the City Council with authority granted by state law or the City Charter. These rates and fees are collected into a single schedule and reviewed by staff each year with recommendations to the Council for adjustments. The recommended adjustments are based on a review of the actual costs of providing the services attributable to the rates and fees.
