Speakers will be recognized by the Chair, at which time they will be required to state their name and will be allowed five (5) minutes maximum to address the Council. A speaker representing a subdivision association or group will be allowed ten (10) minutes to address the Council.

## **MEMORANDUM**

TO:

Lowell City Council

FROM:

Mark Howe, City Manager

RE:

Council Agenda for Monday, December 7, 2015

1. CALL TO ORDER; PLEDGE OF ALLEGIANCE; ROLL CALL

2. APPROVAL OF THE AGENDA

3. APPROVAL OF MINUTES OF PREVIOUS MEETING(S)

a. November 16, 2015 - Regular Session Meeting

4. ACCOUNTS PAYABLE

5. CITIZEN COMMENTS FOR ITEMS NOT ON THE AGENDA

#### 6. OLD BUSINESS

## a. Strategic Goals Report

The report is attached for your review.

## b. Pending Council Projects Report

The report is attached for your review.

## 7. NEW BUSINESS

## a. 2016 City Council Meeting Dates

Proposed dates for your 2016 city council meetings are attached.

Recommended Motion: That the Lowell City Council set the attached regular meeting dates for 2016.

## b. Light & Power Budget Amendment

Attached is a memo from Greg Pierce requesting an amendment to the Lowell Light & Power budget to include the capital budget.

Recommended Motion: That the Lowell City Council approve the Lowell Light & Power budget amendment.

## MuniCode Update

The Code of Ordinances is stored online through a partnership with MuniCode. The code requires periodic "supplementation" that updates the code with ordinances adopted during a specific period.

The current code was last updated September 28, 2012, with a number of ordinance updates that have occurred since then. We are seeking your authorization to create a supplement, or update, to the code that will incorporate ordinances adopted since September 28, 2012, and through 2015. Cost of the supplement is \$4,045 which is included in the budget for the Data Processing Fund, although we have a credit with MuniCode which means our net cost will be \$2,895.

Recommended Motion: That the Lowell City Council authorizes the supplementation of the Lowell City Code of Ordinances.

## d. Discussion: Council 101 and Future Council Training

We have scheduled Peter Letzmann for a Council 101 training on December 21 following your regular council meeting. Mr. Letzmann has provided similar, as well as in-depth, training for the City of Lowell for several years. He is a former municipal attorney and is currently working with the Michigan Municipal League to publish an educational article on municipal government.

Mr. Letzmann's training will give you the basics on roles and responsibilities of the council and running effective meetings that comply with the open meetings act. Beyond that, we provide on-going education to the council to give you the basics on city operations as well as update you on upcoming policy discussion and direction that will need to occur in order to keep city government moving forward.

During your meeting I hope to have a discussion with you about how you would like to conduct these training sessions and to create a schedule for on-going council education.

#### 8. COUNCIL COMMENTS

Mike DeVore

Alan Teelander

Jeff Phillips

Jeff Altoft

Jim Hodges

## 9. MANAGER'S REPORT

The report is attached for your review.

## 10. APPOINTMENTS

Airport Board Vacancy – (David Pasquale currently serving) Vacany – (Eric Nelson currently serving)	01/01/2016 01/01/2016

Water Fund	\$109,879.31
Data Processing Fund	\$5,608.72
Equipment Fund	\$39,755.01
Current Tax Collected	\$3,944.07

## 5. CITIZEN COMMENTS FOR ITEMS NOT ON THE AGENDA.

Perry Beachum of 924 Riverside Drive welcomed the new council and invited them all to attend the Parks and Recreation Commission meeting on November 17, at 6 p.m. as well as the Lowell Area Recreation Authority (LARA) meeting on December 2<sup>nd</sup>. A council member will need to be appointed to these boards.

Jim Salzwedel of 505 N. Jefferson congratulated the new council members. He spoke about leadership and discussed how over the next 40 days they will have some difficult decisions to make regarding who is going to be leading the council. He passed out information packets to each board member regarding what it takes to be a leader.

Peggy Covert of 982 N. Washington thanked Matt Mayer and Sharon Ellison for their service and also congratulated the three new council members. She noted it is important to work together as a community.

## 6. OLD BUSINESS.

- a. <u>Strategic Goals Report</u>. City Manager Howe gave a brief explanation to the new councilmembers of what the Strategic Goals Report is. Howe reported on the following items from the report:
  - Tier One, #1, Street Asset Management Plan: a five-year street plan has been adopted.
  - Tier One, #4, Wastewater Inflow & Infiltration: Prein & Newhoff have completed a draft report and the City staff is currently reviewing it. They hope to have a completed report done soon and then plan to have Prein & Newhoff come to a future council meeting to discuss the analysis and everything leading up to that.
  - Tier One, #5, Downtown Trail Connector: Council members were asked to attend the December 2 LARA meeting so that their plan and recommended route can be presented.
  - Tier One, #8, Economic Development Staff: There was discussion with the Downtown Development Authority about the concept of hiring a full-time economic development staff person. There seemed to be a consensus to the concept, so our next step will be to bring a proposed job description and other details to them for further consideration.
  - Tier Two, #1, Promote Accomplishments: We've been more active with our Facebook page and we're preparing an update to the City logo that can be used with the Newsletter and other marketing materials. A "Next Door" account has been created, which is a progressive application that may give us the ability to adapt to greater online connectivity and announcements with City residents. Howe then presented the updated logo.
- b. Pending Council Projects Report. Nothing new to report.

#### 7. NEW BUSINESS

a. 2014-2015 Fiscal Year Audit Presentation. Peter Haefner of Vredeveld Haefner presented the City's and Light and Power's audit. He discussed that there was a new accounting standard implemented throughout the country for the June 30 year end. This new standard requires additional reporting on

pension plans. He then presented the Independent Auditors' Report for the City of Lowell and his opinion on the report. The financial statements referred to in the report present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Lowell, Michigan, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

He then presented the Independent Auditors' Report for the Lowell Light & Power and his opinion on the report. In his opinion, the financial statements referred to in the Report present fairly, in all material respects, the financial position of Lowell Light & Power (an enterprise fund of the City of Lowell, Michigan), as of June 30, 2105, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

City Manager Howe introduced and thanked Chris Brown from Strategic Accounting and Tax Solutions and explained that he helped the City remove the material weakness that existed in prior audits by helping out with the fixed assets schedule and other issues.

- b. <u>City Attorney Agreement</u>. Howe explained the agreement was allowed to expire in 2012 and its only purpose was to set the rates for these services. The rates have gone unchanged and would only be modified with Council approval. Rates are currently \$145/hour for assigned work and \$90/hour for ordinance enforcement matters.
- c. <u>Purchasing Policy</u>. Howe went through the process to amend the ordinance and develop the current policy. We amended the ordinance and then brought to the Council a policy which was approved on November 19, 2012, and that policy actually is quite an improvement over the ordinance. That policy is still in place. The Light and Power policy currently states that there is a \$10,000 limit.
- d. Wastewater Treatment Plant Ditch Cleaning. The City has been cleaning and repairing the eastern oxidation ditch at the wastewater treatment plant. Unfortunately, when the ditch was drained, larger than normal amounts of sand and gravel was found in the bottom of the ditch. It is believed much of the sand and gravel came into the plant during the April 2013 flood. The City began a process of trying to remove the sand and gravel by flushing the material back to the head of the plant where the majority of the material is removed in the grit chamber, but this is a very slow and tedious process and they have overwhelmed the capacity of the grit chamber several times. Rather than trying to continue with this process, the City decided to seek bids to have a contractor physically remove the material from the ditch. Three bids were received and it is recommended that the City enter into a contract with the low qualified bidder, United Water Environmental Services, at a cost not to exceed \$25,404.00. Source of funds is from the sewer enterprise fund.

IT WAS MOVED BY TEELANDER and seconded by DEVORE to accept the bid from United Water Environmental Services for \$25,404.00 for removal of the sand and gravel in the eastern oxidation ditch.

YES: 5. NO: 0. ABSENT: 0. MOTION CARRIED.

e. <u>DPW Utility Trailer</u>. Howe discussed the need for a new trailer for the DPW. They went to AIS Construction Equipment to identify a trailer that would meet their needs at a MiDeal price. MiDeal is the state bidding process that proves pricing that is available to local units of government. The state

then runs the bid process on various items which typically provide local units of government the best price while meeting requirements for competitive bidding. Through this process, it is recommended that the Council approve the purchase of a utility trailer at a price of \$9,437. Howe also reviewed the Equipment Replacement Plan with the Council.

IT WAS MOVED BY TEELANDER and seconded by DEVORE to approve the purchase of a utility trailer at the MiDeal price of \$9,437 from AIS Construction Equipment.

YES: 5.

NO:

0. ABSENT:

0.

MOTION CARRIED.

f. <u>DPW Truck, Interfund Loan</u>. Howe stated the City has purchased a new public works pickup truck as outlined in the equipment replacement plan at a cost of \$37,067.40. It was anticipated that the purchase would be financed through an interfund loan from the wastewater fund. However, Howe stated he does not feel this is now necessary.

#### 8. MONTHLY REPORTS.

No comments.

#### COUNCIL COMMENTS.

Councilmember DeVore had no additional comments.

Councilmember Teelander discussed comments he received from senior citizens. Some had mentioned that it is difficult to hear the councilmembers speak when watching the video, so Councilmember Teelander suggested speaking closer to the microphone. They would also like the meetings to be put back on Comcast channel 25. City Manager Howe responded it is no longer possible. Teelander suggested finding another way to make the meetings more accessible to seniors and said he would assist in doing so. He also stated that coffee with the seniors would work much better for them if it was done the hour before lunch during the week. They would also like to see future agendas to list and itemize all unfinished business until it is completed. Seniors would also appreciate it if there was an icon at the bottom of our webpage that could connect them to the latest council meeting video. Another senior comment was suggesting that councilmembers stay attentive to how people manage the trash in their yards. Councilmember Teelander then thanked the voters and the audience for coming.

Councilmember Phillips stated that was all nicely put and had no further comments.

Councilmember Altoft attended the Airport Board meeting and noted Dan Williams will be leaving. He also attended the Fire Authority Meeting where the rules and procedures were reviewed. They had a demo of a brush fire rescue vehicle. The Board considered this purchase. However, it is not in the budget and he wanted to bring it to the Council. He suggested it be placed in the budget and then apply for a grant. He also welcomed the new councilmembers.

Mayor Hodges thanked and welcomed the new councilmembers. He passed out an interest sheet that they will go over and organize during the January meeting that outlined the various boards and commissions within the community. There are over 62 people who serve the community. Coffee with Council will be held on December 5 at Senior Neighbors from 8:00 - 10:00 a.m. Coffee with Council will not be held on January 2 due to the holidays. Light and Power had a meeting a week ago and all is going well. The biodigester continues to improve in its process. New equipment has been installed to improve the operating system. They are planning to declare full commercial operations in December. Work continues

on the Rolls Royce turbine and they are on track to have it running in 2016. The Chamber of Commerce meeting was last week and talked about dues and fees of various members, including usage and rentals by members and groups. An Economic Director position was again proposed for the DDA, with the townships possibly involved. He added the showboat future is a concern. The Chamber is taking the lead at forecasting repair and/or the design of a newer boat. A forensic engineer is being sought to evaluate the structure and repair needs of the current boat. Christmas through Lowell will be held this coming weekend. Merchants meeting is the first Tuesday of each month, but they will be taking December off. The next meeting will be January 5 at 5:00 p.m. at the Chamber building. Annual dinner of the Chamber of Commerce is February 25 at the Grand Valute and City Council is encouraged to attend. The Lowell Expo will be Saturday, March 26. The next Chamber meeting will be December 8.

## 10. CITY MANAGER REPORT.

- 1. Welcome Councilmembers Mike DeVore, Alan Teelander and Jeff Phillips. On behalf of the staff, we look forward to working with you as you shape the vision for the future of the City of Lowell.
- 2. The City plans on having MuniCode update the Code of Ordinances to incorporate amendments and changes made since the previous update in 2012. Howe walked the Council through the MuniCode site and discussed its features and potential uses.
- 3. The Michigan Department of Transportation is gearing up for a mill and resurface project of M-21 from Valley Vista east to the county line in 2016. As part of that project, they have agreed to incorporate portions of the Downtown Placemaking Plan that was recently completed. One highlight of that plan was to create bump-outs at several crossings as well as narrow the lanes to provide more parking along M-21 from Monroe east to Division.
- 4. City Clerk Susan Ullery is announcing that Trisha Dunham will be joining the City as our new Deputy City Clerk. The City looks forward to having Trisha join the team.

#### 11

5.	During the swearing-in ceremony for the new councilmembers you received an updated version of the council handbook. Howe spent a few minutes going through the handbook.

## **TIER ONE**

- 1) Street Asset Management Plan: A five-year street plan has been adopted. (9-21-15)
- **2) Look/Lee Fund Investment Options:** We have completed the transfer of a portion of the assets of the Look Memorial Fund to the Grand Rapids Foundation for investment purposes. We are still exploring a similar investment structure for the Lee Fund. (7-6-15)
- $\sqrt{3}$  Banners Downtown: New banners have been installed downtown and our banner program is up and running. This project is completed. (7-20-15)
- **4) Wastewater Inflow & Infiltration:** A final report has been completed by Prein & Newhoff. They are prepared to make a presentation to the council giving some history on the analysis leading up to obtaining the DEQ SAW Grant and the decision to move the wastewater lift station. (12-7-15)
- **5) Downtown Trail Connector:** LARA would like councilmembers to attend their December 2, 2015, meeting so that their plan and recommended route can be presented. (11-16-15)
- $\sqrt{6}$  Secure City Funding for Arbor Board: This has been completed with the adoption of the FY 2015-16 budget. (7-6-15)
- **7) Rental Rehabilitation Program:** As of July 1, 2015, we have become eligible to receive CDBG grants through the State of Michigan. We will formulate a work plan to begin the process. In the meantime, we are working with a building owner who is currently pursuing CDBG funds through the MEDC. (7-6-15)
- **8) Economic Development Staff:** There was discussion with the Downtown Development Authority about the concept of hiring a full-time economic development staff person. There seemed to be a consensus on the concept so our next step will be to bring a proposed job description and other details back to the DDA for further consideration. (11-16-15)

# CITY OF LOWELL STRATEGIC GOALS REPORT

## **TIER TWO**

- 1) Promote Accomplishments: We have been more active with our Facebook page and are preparing an updated city logo that can be used with our newsletter and other marketing materials. I have also created an account with NextDoor, a progressive app that may give us the ability to adopt greater online connectivity and announcements to the public. Check out NextDoor. (11-16-15)
- **2) Ordinance Review:** Next step on this goal will be to create a calendar and assignments to keep us on task.
  - **a) Buried Utility Lines:** We will need to work with Light & Power to review the current ordinance and review our goals before drafting language. (7-6-15)
  - **b) Right-of-Way:** Public Works and City Hall staff are already discussing our internal process for reviewing building and zoning applications including a discussion on how to create a sign-off process when projects impact the right-of-way. I expect that ordinance/policy issues will arise from this discussion. (7-6-15)
  - c) Trash: We have a draft for discussion which can be reviewed at a future workshop. (7-6-15)
- **3) College Intern Program:** We have advertised with the Michigan Municipal League for college interns and have had some inquiries. (7-6-15)
- **4) Proactive Code Enforcement:** This item will require further discussion at a future workshop to identify outcomes for this goal. (7-6-15)
- **5) Business Development Packet:** I have reached out to The Right Place who indicated they can assist us with this project. (7-20-15)

## TIER THREE

- **1) Review Investment Strategy:** We will need to develop a work plan for this goal as well as develop specific outcomes that identify when the goal is met. (7-6-15)
- **2) Master Plan for Recreation Park:** With the upcoming discussion on the river valley trail connector, we will need to engage with the users of Recreation Park to identify a specific trail route through the park. This will likely begin our discussion on an overall master plan for the park. (7-6-15)
- **3) North Washington Park Name & Signage:** We will begin a discussion with the Parks & Recreation Commission on this goal. (7-6-15)

## PENDING COUNCIL PROJECTS REPORT December 7, 2015

UPDATES	_
Underground Electrical Lines – No further update.	
Trash Ordinance Update – No further update.	
Right of Way Ordinance – No further update.	
LIDDATEC	

## **Underground Electrical Lines**

(11-3-14) You discussed this item at your previous council meeting. A report was presented by Light & Power General Manager Greg Pierce and questions were asked and answered.

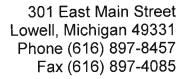

(10/6/14) During your early September workshop you asked that I convey to Light & Power that you would like to have a report back to the council by your second meeting in October. Greg Pierce responded to my email stating that he would have something prepared for your October 20 council meeting.

#### Trash Ordinance Update

(10/6/14) We have completed drafts to make improvements to the trash ordinance and have also developed rules to go along with the ordinance. This will be an agenda item at a future workshop.

## Right of Way Ordinance

(10/6/14) You have asked that I contact the city attorney to begin a discussion about a right-of-way ordinance.

## **Lowell Light and Power**

# Memorandum

To: Lowell City Council

From: Greg Pierce

Date: November 30, 2015

Re: 2015-16 Budget Amendment

Attached is a requested budget amendment for Lowell Light and Power's 2015-2016 Annual Operating Budget. It was recently brought to our attention that the Budget document City Council approved last spring for fiscal year 2015-2016 (including the Lowell Light and Power budget) did not include our Capital Expense budgeting data. The attached Budget Amendment simply reflects the inclusion of that inadvertently omitted information. The budgeted Capital Expense amount of \$935,000 was approved by the Lowell Light and Power Board as part of its budget approval process in May of 2015. Again, the Lowell Light and Power Capital Expense budget data was inadvertently not included in the information forwarded to the City for the final City Budget document.

Lowell Light and Power has been investing back into the system over the last several years primarily to insure the infrastructure remains robust, up to date, and poised to meet the growing needs of our community. Secondly, it has been our goal to meet or exceed the continuing regulatory demands for renewable energy and system reliability, while maintaining a rate structure that results in value to our community. Some of those areas where we have invested and continue to invest capital dollars include,

- Voltage upgrades from the new Bowes Road Substation.
- Removal of lower voltage substations around the community.
- Updated peaking and local renewable generation.
- Updated metering technology including the customer's ability to access billing, usage, and outage information.
- Vehicle Maintenance/Replacement

The Lowell Light and Power Board respectfully requests approval of this 2015-2016 Budget Amendment.

301 East Main Street Lowell, Michigan 49331 Phone (616) 897-8457 Fax (616) 897-4085 www.ci.lowell.mi.us

## CITY MANAGER'S REPORT December 7, 2015

- 1. Frank Martin has announced that he will retire as Fire Chief from the Lowell Area Fire Department early next year. Chief Martin has had a distinguished career with the department lasting more than 42 years.
- 2. We are getting ready to launch our Twitter account that will connect with our Facebook page and web site to provide more information and greater transparency in city government operations. Be sure to follow us on Twitter and like us on Facebook.
- 3. I plan to take some extended time off around the holidays to spend time with family and friends.

Respectfully submitted,

Mark Howe, City Manager

Board or Commission Position Desired: Look Committee Member
Please give a brief resume of your qualifications for the desired position (you may attach additional information):
Tim Vandaan
Signature

## Please return application to:

City of Lowell Attn: City Clerk 301 East Main Street Lowell, MI 49331

Or by email to: <u>hmorlock@ci.lowell.mi.us</u> Tim VanLaan's Application for Board and Commission Appointment:

I am a resident of the City of Lowell. I moved into the city limits about 14 months ago. I have long been a resident of Lowell. I grew up in Lowell and attended and graduated from Lowell High School. I have also been very involved in the community. I coached football for many years and am currently a coach for my kids that are involved in football and baseball. The Look committee is something that I got involved in because my grandpa, Dr. Donald Gerard, was looking for someone to replace him on the committee. I feel that I am qualified to be on this committee because of my background. I feel that there are two important things that qualify me for the committee. The first is to know the City of Lowell and what would benefit the community the most. Since I live inside the City of Lowell and am involved in many activities, it helps me understand what the city's needs are. This helps me to make the best decisions when it comes to approving the different grants that come up for approval. The other item I feel that helps me is my financial background. I am a business owner of an accounting and tax business. I know finances and this helps in making decisions regarding the grant requests.

I feel I am very qualified for this committee and am excited to be able to serve the City of Lowell in this manner.
