6. NEW BUSINESS.

a. Interim Building Inspection Services.

City Manager Mike Burns stated that at the May 21, 2018 City Council meeting, his recommendation to approve Cascade Township to continue building services was not moved forward. He was directed to seek quotes from PCI, IMS, and a company of his choice. Burns met with Cascade Township who informed him they will no longer provide building inspection services after July 1, 2018. The discussion with them was concerning as they did not believe they were given a fair opportunity to correct any concerns the City Council had.

Burns continued stating since that meeting, he has been in the process of finding an interim provider and it was suggested by Cascade Township to reach out to Professional Code Inspections of Michigan (PCI) to assist us. PCI provides building inspection services to many cities, villages and townships in West Michigan and are held in high regard. Burns reached out to Kirk Scharphorn, Sr., President of the company and his firm is able to assist the City. PCI can provide us with all the services we received from Cascade Township, which include building, mechanical, electrical and plumbing inspections.

In their initial meeting, he was informed the City of Lowell is somewhat out of PCI's footprint as they hold offices in Jenison, Dorr and Hastings. They informed us all the plans will have to come through City Hall. However, the building inspector whom would be assigned to us lives in Grattan Township. Additionally, one of the inspector's lives nearby and we could formalize a process through them. Burns continued explaining the details and recommended a one year interim agreement with PCI with a six month and nine month review to ensure satisfaction.

IT WAS MOVED BY DEVORE and seconded by CANFIELD to approve that the City of Lowell enter into an agreement with Professional Code Inspections of Michigan in the manner prescribed.

YES: Mayor DeVore, Councilmember Salzwedel, Councilmember Phillips and Councilmember Canfield.

NO: None. ABSENT: Councilmember Chambers. MOTION CARRIED.

b. Employee Health Care.

City Manager Mike Burns stated in April the City was informed there would be a 7.4 percent increase in our health care premium costs which brings the City to over a 10 percent increase in the past two years. Tina Harbin from HUB International presented a Priority Health, Health Savings Account policy that would reduce costs for the City and the employee. Burns explained the differences and explained health care is something the City needs to monitor on an annual basis and reduce costs while ensuring the employees have adequate health care.

IT WAS MOVED BY MAYOR DEVORE and seconded by PHILLIPS to allow the City to enroll in the Priority Health HSA 1,400 account beginning on July 1, 2018 in the manner prescribed.

YES: Mayor Devore, Councilmember Salzwedel, Councilmember Phillips, and Councilmember Canfield

NO: None. ABSENT: Councilmember Chambers. MOTION CARRIED.

c. PROTEC Membership.

City Manager Mike Burns explained the purpose of PROTEC, the Michigan Coalition to Protect Right-of-Way and that their purpose is to take the lead to coordinate actions to protect local government interest and to inform municipal officials of significant developments in the area of public right of way management.

IT WAS MOVED BY DEVORE and seconded by SALZWEDEL to approve the City's membership in PROTEC.

YES: Councilmember Phillips, Councilmember Canfield, Mayor DeVore, and Councilmember Salzwedel.  
NO: None. ABSENT: Councilmember Chambers. MOTION CARRIED.

d. Escanaba – MML Legal Defense Fund.

City Manager Mike Burns stated the City of Escanaba has been involved in a fight to preserve the correct assessment of large box stores who have been involved in challenging assessments based on closed stores and/or deed restrictions on the closed properties, thereby lowering the value of that property and then claiming that the value of those stores be used as a comparable to set the value of the new property (store). The City of Escanaba has won a significant victory in the Michigan Supreme Court in the litigation of Menard Inc. vs City of Escanaba. The case has been remanded back to the Michigan Tax Tribunal for a determination of actual value. Burns stated that during the appeal to the Michigan Supreme Court, the City of Lowell joined about 34 other municipalities in an amicus brief on behalf of us and the various municipalities supporting the City of Escanaba. The City of Escanaba now needs additional help in the Michigan Tax Tribunal case.

IT WAS MOVED BY DEVORE and seconded by PHILLIPS to make a contribution of \$500.00 to the Michigan Municipal League Legal Defense Fund and designate it for the MML LDF-Escanaba Fund.

YES: Councilmember Canfield, Mayor DeVore Councilmember Salzwedel, and Councilmember Phillips.  
Councilmember Salzwedel.  
NO: None. ABSENT: Councilmember Chambers. MOTION CARRIED.

7. BOARD/COMMISSION REPORTS.

Mayor DeVore advised the Fire Authority meeting will be on June 11, 2018 and the DDA meeting was moved to June 28, 2018.

**RE:** PCI rate schedule

---

With PCI coming on board to provide building inspection services beginning on July 2, 2018, the city needs to set a rate schedule for their services. Attached are fee schedules for the building, plumbing, mechanical and electrical inspection services they provide. They are somewhat different from what the fee schedule set by Cascade Township was.

These fees must be approved via resolution and there are four separate resolutions to be approved for each type of inspection.

**I recommend the Lowell City Council approve resolutions 20 –18 through 23-18 to set the fee schedules for building, plumbing electrical and mechanical inspection services.**

## Building Permit Fee Schedule

Adopted: \_\_\_\_\_

The following fee schedule will be used to calculate the cost of a building permit for all new construction, additions, alterations and repairs. The valuation to be used in computing the permit fee will be the total value of all the construction for which the permit is being issued, including interior and exterior finish, electrical systems, plumbing systems, mechanical systems, fire suppression systems and elevators.

<b>Valuation</b>	<b>Fee</b>
\$0.00 to \$1,000	\$40.00
\$1,001 to \$10,000	\$40.00 + \$10.00 for each additional \$1,000.00 and fraction thereof
\$10,001 +	\$130.00 + \$4.00 00 for each additional \$1,000.00 and fraction thereof

The fee shall be based upon the estimated valuation supplied by the permit applicant or by multiplying the square footage of the project by the associated cost data in the most recent International Code Council Rate Table. The determination of which method to use to establish an accurate project valuation will be at the discretion of the Building Official.

## Plan Review Fees

Residential projects that are governed by the Michigan Residential Code valued at less than \$500,000.00 or less than 3500 square feet of habitable space are exempt from plan review fees. Projects valued greater than \$500,000.00 or greater than 3500 square feet will be charged a plan review fee of \$100.00.

**LOWELL CITY ADMINISTRATION**  
**INTER OFFICE MEMORANDUM**

**DATE:** June 14, 2018  
**TO:** Mayor Devore & the Lowell City Council  
**FROM:** Michael Burns  
City Manager  
**RE:** Sidewalk Ramp – N. Broadway

---

On May 25, 2018, a complaint was received during the N. Broadway repaving project about the removal of sidewalk ramps and the lack of an accessible handicap ramp in front of Lowell Light and Power (LL&P). Accessible handicap parking is not available immediately adjacent to the LL&P facility and was not planned as part of the N. Broadway resurfacing project. Furthermore, the City has not received any documented complaints about ADA accessibility issues within the project area until this issue. The nearest ADA accessible parking is located in the City owned parking lot to the south of LL&P. See Attachment A.

City administration initiated a review of ADA requirements in response to the complaint. According to the United States Access Board, Chapter 5, accessible parking is not required on public streets. Furthermore, it should be noted the Access Board does not specify a maximum travel distance in the standards. Specifically in the question and answer section of chapter 5, a specific question was posted regarding distance. "Do the Standards specify a maximum travel distance between parking spaces and facility entrances? No. The standards require that accessible parking spaces be on the shortest accessible route to an accessible entrance, but they do not specify a maximum travel distance, nor do they require that parking be installed where none is planned (e.g. directly in front of an entrance)."

If City Council opts to install a ramp in response to the complaint, the installation of a sidewalk ramp would cost approximately \$1500 - \$2000 and will require realigning a parking space to create an egress zone on the one way section of N. Broadway. If the council shows to install this, we could use act 51 pounds as we are now required to utilize 1% of those funds to address ADA accessibility issues adjacent to public roadways. Fitting the ramp into the small space available will be a challenge to meet ADA slope requirements, but the solution is possible. See Attachment B.

**I recommend City Council does not install a ramp as we are currently meeting ADA compliance in this area of the downtown.**

**RE:** 1100 Sibley – Proposed Rezoning

---

Mr. Todd West submitted an application to rezone a parcel located at 1100 Sibley from the PF Public Facilities district to R-2 Single Family Residential. The parcel is located at the southeast corner of Sibley Street and Church Street. Until recently, the subject property was owned by Calvary Christian Reformed Church, and a few months ago, the City approved a split that separated the subject property from the larger church property directly to the south. The subject parcel is presently vacant and it is our understanding that the applicant seeks to construct three two-family dwellings on the property.

At the June 11, 2018 Planning Commission meeting, a public hearing was held regarding the proposed rezoning. After careful consideration the Planning Commission recommended approval of the proposed rezoning to the City Council.

Attached is a memo from Andy Moore of Williams & Works recommending approval as well.

**Recommended Motion: That the Lowell City Council approve the proposed ordinance amendment 18-03 rezoning of 1100 Sibley from PF Public Facilities to R2 Single or Two Family Residential.**

## MEMORANDUM

**To:** City of Lowell Planning Commission  
**Date:** June 5, 2018  
**From:** Andy Moore, AICP  
**RE:** 1100 Sibley – Proposed Rezoning

Mr. Todd B. West has submitted an application to rezone a parcel located at 1100 Sibley from the PF Public Facilities district to R-2 Single Family Residential. The parcel is located at the southeast corner of Sibley Street and Church Street. Until recently, the subject property was owned by Calvary Christian Reformed Church, and a few months ago, the City approved a split that separated the subject property from the larger church property directly to the south. The subject parcel is presently vacant, and it is our understanding that the applicant seeks to construct three two-family dwellings on the property.

Section 22.04 of the Zoning Ordinance governs zoning ordinance amendments, including zoning changes. However, it does not include standards to evaluate a rezoning request; it only outlines the process. Good planning practice typically addresses the following topics, which are listed here along with our remarks:

- 1. Is the proposed rezoning consistent with the Master Plan?** The 2007 Master Plan, which was recently reviewed by the Planning Commission, indicates that the subject property is in the Single Family 2 Future Land Use designation. This designation is intended to “correspond to the existing R-2 Zoning District, and permits up to 4.5 dwelling units per acre. Appropriate land uses in Single Family 2 areas are detached single family residential dwelling units and uses that may be compatible with single family dwelling units such as schools, churches, and municipal and civic buildings.”

Thus, it is our opinion that the proposed rezoning is consistent with the City’s Master Plan.

- 2. Are any of the potential land uses incompatible with the surrounding neighborhood?**

When reviewing a request for rezoning, it is important to note that the change in zoning will allow, by right or by special land use, any use that is permitted in the R-2 Residential District, and that the Planning Commission cannot, on its own, require a certain type of development as a condition of rezoning approval. The R-2 district allows uses that are generally consistent with its single-family residential character, such as single- and two-family homes, duplexes, family day cares, parks, and the like. The R-2 zone also permits multi-family dwellings, campgrounds, schools, churches, funeral homes, bed and breakfasts, and group day cares with special land use approval by the Planning Commission.

While it is possible that some uses may be questionable in this location, our opinion is that the uses permitted by right are generally compatible with the surrounding neighborhood. Further, it is also our opinion that the uses permitted in R-2 are more compatible than the variety of uses permitted by the PF Public Facilities district.

**3. Would the rezoning result in any negative impact to the surrounding area?**

The subject property is bordered by an existing R-2 zoned district to the north, east and west, with properties zoned PF to the south and C-3 zoning for parcels directly adjacent to Main Street. The rezoning is a logical extension of the residential neighborhood along Sibley Street and will not likely result in negative impacts to the surrounding area.

**Recommendation.** At the June 5 public hearing, the Planning Commission should listen carefully to comments from the applicant and the public. Subject to those concerns, it is our recommendation that the Planning Commission recommend approval of the proposed rezoning to the City Council.

If there are any questions, please feel free to contact us any time.

Fire Authority Board:

We responded to 97 total incidents for the month of May.

We have had a very busy start to 2018, averaging over 70 calls per month. We have used the UTV many times responding to brush fires and training.

We had six people apply during the open try outs. All six were offered positions with the department. So far two have already quit.

We are on the schedule for July to have the bay doors and openers replaced by Raynor door. We are also moving forward with the furnace/AC unit replacement.

Still no word regarding the tender chassis.

As the lighting in the training room goes bad we will be replacing them with energy efficient led fixtures. These fixtures run about \$75.00 each and should last approximately 10 yrs.

We are continuing to work on the punch list provided by the DPW director regarding our station needs.

Shannon, Corey and I are reviewing all reports. The Sunday evening officer meetings continue to be very productive.

Please feel free to contact me at (616) 648-1478 with any questions or concerns.

Respectfully, Ron van Overbeek

June 14, 2018

Mr. Mike Burns  
City Manager  
City of Lowell  
301 East Main Street  
Lowell, MI 49331

Dear Mr. Burns:

On behalf of Suez I am pleased to submit the May Monthly Operating Report for the Lowell Wastewater Treatment Plant. During the month 43.54 million gallons of wastewater were treated, up from 42.06 million gallons the month before.

All NPDES Permit requirements were satisfied. Copies of the Monthly Operating Reports for May can be seen in Appendix A. Appendix B contains graphs representing how the actual lab results compared to the limits in the NPDES Permit and how the actual plant flows compared to the design flow.

#### INDUSTRIAL PRETREATMENT PROGRAM

The Fullers Septic May report was not received at the time of this report. No operational problems were experienced at the plant from this discharge.
