- A. UTV Status. van Overbeek said Tony, from Platinum Motor Sports, mentioned the UTV should arrive late March. He added the trailer for the unit has been purchased. He said \$100 was saved by purchasing the trailer in Edmore, Michigan.

Witherell also mentioned, he applied to the Grand Rapids Foundation for an automated chest machine. He mentioned the deadline to apply to the DNR grant will be June or July.
- C. Progress on Fire Station Repairs. van Overbeek stated bids were sent to S & T Metals of Lowell, Mark Batchelor (Architectural Building Restoration) of Lowell and Discount Doors of Jenison. He stated Discount Door was the lowest bid at \$4830 for doors which included all new hardware, a new threshold and weather-stripping. He added S & T Metals came in at \$7,500 to install steel doors with Bathchelor's bid \$9500. van Overbeek added bids were also solicited for windows with \$12,890 bid from All Weather Seal of Lowell, Batchelor \$10,250 or \$17,050 (including front vestibule doors and removing the old ones). He added S & T metals bid \$14,980 to remove three windows and install new ones. van Overbeek mentioned S & T also submitted \$5197.50 to redo the front vestibule entrance door and framing. To repair the front vestibule, Batchelor's bid was \$7000.00. Batchelor also submitted a bid for \$175.00 to repair the column block, \$4500.00 for tuck point and spray on waterproofing \$2800. Reister questioned if the bids included a warranty. van Overbeek said he would ask the vendors about this. He added he will prepare a spreadsheet of all the fire station repair bids.
- D. 2017/2018 Preliminary Budget Discussion. Wittenbach said he was willing to move forward with the budget. Burns felt the authority should move forward with the budget as well.

IT WAS MOVED BY BLOUGH and seconded by HODGES to approve the budget as presented in the amount of \$357, 440. Yes all. Motion carried.

- E. Review of possible charges for inspection. Witherell said he is gathering costs from other departments consistent with what other communities charge for inspections. He added some departments charge a business license fee based on a block of square footage. He added restaurants are usually frequented twice a year, and factories once a year. Witherell will provide his findings of inspection charges at the next meeting.
- F. Concealed Firearms Carry Discussion. Olin read a letter prepared by Dustin Draber of HCC Risk Control, in regard to the department carrying weapons and the potential liabilities that come with this exposure. The letter stated "there would be no coverage afforded to employees whose actions resulting in an incident where the direct cause were determined to be the carrying or discharge of a weapon while in the course of their duty". Letzmann provided the following opinion in regard to fire fighters carrying firearms on duty that include: is there a problem which necessitates the fire fighters carrying firearms on duty, do state or federal laws prohibit or allow the fire fighters carrying firearms on duty, is there additional liability to the employer (Lowell Area Fire and Rescue Authority) as the result of the fire fighters carrying firearms on duty, may the employer LAFRA) prohibit or regulate the fire fighters carrying firearms on duty? His conclusion was there needs to be some liability rules,

regulations and training. van Overbeek mentioned using the language the Plainfield department put in place. Hodes recommended Letzmann review the language and provides the board with a firearms policy.

- G. Vehicle Asset Sales and Replacement Vehicle Status. Letzmann provided the following statement in regard to the sale or disposition of authority property/vehicles. In his letter, he mentioned the authority "may dispose of authority assets with state law and pursuant to resolution by the board in a manner that maximized the purchase price or for any governmental purpose that is in the best interest of the authority with notice to the members of the authority and reasonable notice to the public." van Overbeek said he is awaiting a call back from Ranger Bid to sell the 1993 Ford Ambulance and 1993 Chevrolet Suburban. He mentioned the Department of Public Works utilized Ranger Bid, and they took all the pictures of the vehicles, and the auction buyers pay all the fees. He said everything is done online. Reister questioned if notice needs to be given to each township regarding the bids. Letzmann said this should be covered in the public notice. van Overbeek said both pieces of equipment are scheduled for the March 2017 online auction Ranger Bid.
- H. Potential Purchasing Conflict of Interest Discussion. Letzmann suggested to cure the conflict of interest, the employees responsibilities are reassigned to someone else to eliminate any and all involvement in the purchasing or procurement process. He stated there are two exceptions. One includes a sole source for an item. Witherell mentioned the fire department has a purchasing agent already in place. Herb mentioned there are not a lot of companies that compete with 5 Alarm. Blough said the public looks at it differently. van Overbeek questioned why this issue was being questioned again. Jerry Hale said the fire authority is getting close to resolving this issue.

7. NEW BUSINESS

- B. Fire Fighter Physical Testing. van Overbeek said we have been negligent in the department physicals. He added to have an annual physical completed, and blood work on site, would cost the department \$347/person. He said we need to make the department compliant by having these physicals completed. van Overbeek said without these tests, there is no baseline and it can't be proved if conditions are preexisting. van Overbeek said a representative from Biocare will be present at the next meeting to discuss department physicals.
- C. LAFD "State of the Department" presentation for the Municipalities. Herb mentioned the presentation to the fire authority board in September, could be scheduled for March 23 or March 30 for the various boards and commissions. Jerry Hale stated Lowell Township would be available to host the presentation. Mike Burns said there are no meetings at City Hall on Thursday, and there is a projector for power point. He suggested the 30th of March at City Hall at 7:00 p.m. for the department presentation. Burns added the meeting will be open to the public and any of the boards.

LOWELL AREA FIRE AND RESCUE AUTHORITY

POLICY REGARDING FIRE ARMS

It is the policy of the Authority that its members, volunteers and employees not possess firearms while on duty, in the station house or in Authority vehicles.

A “**firearm**” is defined as a rifle, pistol, or other portable gun.

“**On duty**”, for this policy, is defined as the period during which the employee is performing fire and rescue services, from the time of dispatch, including travel to the station house or to the scene, the time that actual fire and rescue services are performed and until the time of “calling out of service,” being relieved from duty, left the station house, no longer in Authority vehicles or otherwise ceases to function as an Authority member, volunteer and employee.

In the event the member, volunteer and employee, is unable to secure the firearm prior to leaving on the fire and rescue, after exhausting best efforts to do so, shall:

1. Prior to driving to the scene or stationhouse, entering the stationhouse or Authority vehicles, engaging in fire and rescue services, stow the firearm in a secure and locked place, such as the glove compartment of the vehicle.
2. Advise his superior office, as soon as is practical, that the member, volunteer and employee has a firearm.

This policy shall not apply to an active law enforcement office in the Authority's jurisdiction.

Fire Authority Board:

We responded to 48 total incidents for the month of February, 18 fire related and 30 medical.

I attended the Chief's conference in Novi on 2/28 and 3/1. Listened to some great speakers and networked with some of the area Chiefs. I look forward to attending more of these types of functions as they become available. I believe the next one is in July up in Petosky.

No word from Platinum Powersports regarding the UTV delivery.

I spoke at the Rotary meeting on 02/15/2017 at noon. They had a lot of very good questions and I feel they have a better understanding of what we do.

We are continuing to work on the punch list provided by the DPW director regarding our station needs.

After receiving my review, I feel the department is moving in the right direction. We will continue to move forward as a team and I am excited to see what the future holds for all of us.

Noted under equipment used in our reports it shows we used 8,000 gallons of water on a structure fire. This water was drafted out of Pratt Lk and did not come from any municipal hydrants.

Shannon and I are reviewing all reports. The Sunday evening officer meetings continue to be very productive.

Please feel free to contact me at (616) 648-1478 with any questions or concerns.

Respectfully, Ron van Overbeek
