

Public Information Release

Closure of MCPH Office 12/23/2022

December 23, 2022

After closely monitoring forecasts for Madison County, and in collaboration with our partners, Madison County Public Health (MCPH) will be closed Friday, December 23, 2022, due to the hazardous weather conditions.

Essential staff will be available to respond to any potential emergencies alongside our county partners. MCPH recognizes the hard work of crews that have been working around the clock to treat roadways in order to maintain the safest possible conditions for emergency travel. We also thank the first responders and law enforcement for their response during this winter storm.

MCPH encourages individuals who do not need to be out and about to remain home until road conditions improve and snow level emergencies are lifted. If you must travel, keep an extra flashlight, blanket, food, and water in your vehicle in case of an emergency.

Residents are encouraged to stay tuned to local news and weather bulletins and take necessary steps to prepare for the potential of power outages or other adverse impacts of the winter weather conditions we could possibly encounter.
