Trash must be placed curb side no later than 7 a.m. on pick-up day, and no earlier than 9 p.m. the evening before. Receptacles must be removed by residents no later than 9 p.m. of trash pick-up day. CITY OF MASON YARD WASTE COLLECTION

Michigan Public Act 264 prohibits the land filling of all yard waste; however, Granger will continue to collect yard wastes from City of Mason residents at no additional cost. Granger must haul all yard wastes to a local compost center; therefore, there are several guidelines that **must be followed**.

Yard wastes will be collected by Granger on **Fridays** only. Residents living east of Jefferson are requested to place their yard wastes next to the curb or street for **Friday** collection. Barrels may be placed along the curb no earlier than 9 p.m. Thursday evening and removed no later than 9 p.m. on Fridays.

The yard waste program runs from mid-April to the end of November.

Yard waste will be picked up once a week.

Yard waste should be loose inside a 30-gallon (or smaller) trash can, or in the yard waste disposable bags (available at hardware stores) and weigh 30 pounds or less. **If placed in plastic bags, it will not be picked up.** Please try to keep yard waste dry.

Shrubs and branch trimmings must be no longer than four (4) feet and securely tied in bundles weighing less than 30 pounds.

Granger will take up to four (4) 30-gallon cans, or four bundles of brush, or a combination of the two, from each residence weekly.

Yard waste must be placed separate and away from the trash, on the opposite side of the drive (if possible), so workers can easily distinguish between the two.

Weeds or grass clippings must be free of dirt.

Please call before noon on Fridays if your yard waste has not been picked up - sometimes it is missed accidentally, and we are able to send the truck back to your street.

Granger and the City of Mason appreciate your cooperation!
