UNFINISHED BUSINESS

Cummings asked if SHPO had any new information regarding doing a housing inventory in Mason. Director Hude acknowledged that there is some new information on their website and that HDC discuss this when they circle back to the Work Plan. It would need to be discussed in line with the City Council Budget and there is currently no funding or staff available to take on the project.

Cummings asked about the index cards that are in the office from the previous inventory and asked if the next inventory would have to be city-wide versus historic district only. Hude found the 2008 inventory submission of the historic district only but cannot find any response from SHPO as to that being okay but she noted that the next inventory would be required to include the entire city. The inventory would include all buildings over 50 years old and then you can use that information to determine if you want to expand the Historic District. Hude also stated that in the upcoming discussions regarding the Master Plan the public will be able to comment on the Historic District and what the role of the Historic District Commission should be.

Clinton commented that this work has been needed for years. Cummings asked if the paint will match and is included. Hude responded that she thought it was included in the proposal but she can verify with the applicant if necessary.

C. Letter of Support for State Historic Preservation Office (SHPO) Certified Local Government (CLG) grant application for Mason Library renovations.

- (3) *Accountability:* Government affairs shall be conducted in an open, efficient, fair and honorable manner, which enables citizens to make informed judgments and to hold officials accountable.
- (4) *Democratic leadership:* All city officials shall honor and respect the spirit and principles of representative democracy and will scrupulously observe the spirit as well as the letter of the law.
- (5) *Respectfulness:* All city officials shall safeguard public confidence by being honest, fair, impartial, and respectful toward all persons and property with whom they have contact in an official capacity and by avoiding conduct which may tend to undermine respect for city officials and for the city as an institution.

(Ord. No. 132, § 3, 9-7-1999)

Ethical Principles in Planning

[Ethical Principles in Planning](#)

(As Adopted by the APA Board, May 1992)

This statement is a guide to ethical conduct for all who participate in the process of planning as advisors, advocates, and decision makers. It presents a set of principles to be held in common by certified planners, other practicing planners, appointed and elected officials, and others who participate in the process of planning.

The planning process exists to serve the public interest. While the public interest is a question of continuous debate, both in its general principles and in its case-by-case applications, it requires a conscientiously held view of the policies and actions that best serve the entire community.

Planning issues commonly involve a conflict of values and, often, there are large private interests at stake. These accentuate the necessity for the highest standards of fairness and honesty among all participants.

Those who practice planning need to adhere to a special set of ethical requirements that must guide all who aspire to professionalism.

The Code is formally subscribed to by each certified planner. It includes an enforcement procedure that is administered by AICP. The Code, however, provides for more than the minimum threshold of enforceable acceptability. It also sets aspirational standards that require conscious striving to attain.

The ethical principles derive both from the general values of society and from the planner's special responsibility to serve the public interest. As the basic values of society are often in competition with each other, so do these principles sometimes compete. For example, the need to provide full public information may compete with the need to respect confidences. Plans and programs often result from a balancing among divergent interests. An ethical judgment often also requires a conscientious balancing, based on the facts and context of a particular situation and on the entire set of ethical principles.

This statement also aims to inform the public generally. It is also the basis for continuing systematic discussion of the application of its principles that is itself essential behavior to give them daily meaning.

The planning process must continuously pursue and faithfully serve the public interest.

Planning Process Participants should:

1. Recognize the rights of citizens to participate in planning decisions;
2. Strive to give citizens (including those who lack formal organization or influence) full, clear and accurate information on planning issues and the opportunity to have a meaningful role in the development of plans and programs;
3. Strive to expand choice and opportunity for all persons, recognizing a special responsibility to plan for the needs of disadvantaged groups and persons;
4. Assist in the clarification of community goals, objectives and policies in plan-making;
5. Ensure that reports, records and any other non-confidential information which is, or will be, available to decision makers is made available to the public in a convenient format and sufficiently in advance of any decision;
6. Strive to protect the integrity of the natural environment and the heritage of the built environment;

7. Pay special attention to the interrelatedness of decisions and the long range consequences of present actions.

Planning process participants continuously strive to achieve high standards of integrity and proficiency so that public respect for the planning process will be maintained.

Planning Process Participants should:

1. Exercise fair, honest and independent judgment in their roles as decision makers and advisors;
2. Make public disclosure of all "personal interests" they may have regarding any decision to be made in the planning process in which they serve, or are requested to serve, as advisor or decision maker.
3. Define "personal interest" broadly to include any actual or potential benefits or advantages that they, a spouse, family member or person living in their household might directly or indirectly obtain from a planning decision;
4. Abstain completely from direct or indirect participation as an advisor or decision maker in any matter in which they have a personal interest, and leave any chamber in which such a matter is under deliberation, unless their personal interest has been made a matter of public record; their employer, if any, has given approval; and the public official, public agency or court with jurisdiction to rule on ethics matters has expressly authorized their participation;
5. Seek no gifts or favors, nor offer any, under circumstances in which it might reasonably be inferred that the gifts or favors were intended or expected to influence a participant's objectivity as an advisor or decision maker in the planning process;
6. Not participate as an advisor or decision maker on any plan or project in which they have previously participated as an advocate;
7. Serve as advocates only when the client's objectives are legal and consistent with the public interest.
8. Not participate as an advocate on any aspect of a plan or program on which they have previously served as advisor or decision maker unless their role as advocate is authorized by applicable law, agency regulation, or ruling of an ethics officer or agency; such participation as an advocate should be allowed only after prior disclosure to, and approval by, their affected client or employer; under no circumstance should such participation commence earlier than one year following termination of the role as advisor or decision maker;
9. Not use confidential information acquired in the course of their duties to further a personal interest;
10. Not disclose confidential information acquired in the course of their duties except when required by law, to prevent a clear violation of law or to prevent substantial injury to third persons; provided that disclosure in the latter two situations may not be made until after verification of the facts and issues involved and consultation with other planning process participants to obtain their separate opinions;
11. Not misrepresent facts or distort information for the purpose of achieving a desired outcome;
12. Not participate in any matter unless adequately prepared and sufficiently capacitated to render thorough and diligent service;
13. Respect the rights of all persons and not improperly discriminate against or harass others based on characteristics which are protected under civil rights laws and regulations.

APA members who are practicing planners continuously pursue improvement in their planning competence as well as in the development of peers and aspiring planners. They recognize that enhancement of planning as a profession leads to greater public respect for the planning process and thus serves the public interest.

APA Members who are practicing planners:

1. Strive to achieve high standards of professionalism, including certification, integrity, knowledge, and professional development consistent with the AICP Code of Ethics;

2. Do not commit a deliberately wrongful act which reflects adversely on planning as a profession or seek business by stating or implying that they are prepared, willing or able to influence decisions by improper means;
3. Participate in continuing professional education;
4. Contribute time and effort to groups lacking adequate planning resources and to voluntary professional activities;
5. Accurately represent their qualifications to practice planning as well as their education and affiliations;
6. Accurately represent the qualifications, views, and findings of colleagues;
7. Treat fairly and comment responsibly on the professional views of colleagues and members of other professions;
8. Share the results of experience and research which contribute to the body of planning knowledge;
9. Examine the applicability of planning theories, methods and standards to the facts and analysis of each particular situation and do not accept the applicability of a customary solution without first establishing its appropriateness to the situation;
10. Contribute time and information to the development of students, interns, beginning practitioners and other colleagues;
11. Strive to increase the opportunities for women and members of recognized minorities to become professional planners;
12. Systematically and critically analyze ethical issues in the practice of planning.

AICP Code of Ethics and Professional Conduct

[AICP Code of Ethics and Professional Conduct](#)

Adopted March 19, 2005

Effective June 1, 2005

Revised April 1, 2016

We, professional planners, who are members of the American Institute of Certified Planners, subscribe to our Institute's Code of Ethics and Professional Conduct. Our Code is divided into five sections:

Section A contains a statement of aspirational principles that constitute the ideals to which we are committed. We shall strive to act in accordance with our stated principles. However, an allegation that we failed to achieve our aspirational principles cannot be the subject of a misconduct charge or be a cause for disciplinary action.

Section B contains rules of conduct to which we are held accountable. If we violate any of these rules, we can be the object of a charge of misconduct and shall have the responsibility of responding to and cooperating with the investigation and enforcement procedures. If we are found to be blameworthy by the AICP Ethics Committee, we shall be subject to the imposition of sanctions that may include loss of our certification.

Section C contains the procedural provisions of the Code that describe how one may obtain either a formal or informal advisory ruling, as well as the requirements for an annual report.

Section D contains the procedural provisions that detail how a complaint of misconduct can be filed, as well as how these complaints are investigated and adjudicated.

Section E contains procedural provisions regarding the forms of disciplinary actions against a planner, including those situations where a planner is convicted of a serious crime or other conduct inconsistent with the responsibilities of a certified planner.

The principles to which we subscribe in Sections A and B of the Code derive from the special responsibility of our profession to serve the public interest with compassion for the welfare of all people and, as professionals, to our obligation to act with high integrity.

As the basic values of society can come into competition with each other, so can the aspirational principles we espouse under this Code. An ethical judgment often requires a conscientious balancing, based on the facts and context of a particular situation and on the precepts of the entire Code.

As Certified Planners, all of us are also members of the American Planning Association and share in the goal of building better, more inclusive communities. We want the public to be aware of the principles by which we practice our profession in the quest of that goal. We sincerely hope that the public will respect the commitments we make to our employers and clients, our fellow professionals, and all other persons whose interests we affect.

A: Principles to Which We Aspire

1. Our Overall Responsibility to the Public

Our primary obligation is to serve the public interest and we, therefore, owe our allegiance to a conscientiously attained concept of the public interest that is formulated through continuous and open debate. We shall achieve high standards of professional integrity, proficiency, and knowledge. To comply with our obligation to the public, we aspire to the following principles:

a) We shall always be conscious of the rights of others.

b) We shall have special concern for the long-range consequences of present actions.

c) We shall pay special attention to the interrelatedness of decisions.

d) We shall provide timely, adequate, clear, and accurate information on planning issues to all affected persons and to governmental decision makers.

e) We shall give people the opportunity to have a meaningful impact on the development of plans and programs that may affect them. Participation should be broad enough to include those who lack formal organization or influence.

f) We shall seek social justice by working to expand choice and opportunity for all persons, recognizing a special responsibility to plan for the needs of the disadvantaged and to promote racial and economic integration. We shall urge the alteration of policies, institutions, and decisions that oppose such needs.

g) We shall promote excellence of design and endeavor to conserve and preserve the integrity and heritage of the natural and built environment.

h) We shall deal fairly with all participants in the planning process. Those of us who are public officials or employees shall also deal evenhandedly with all planning process participants.

2. Our Responsibility to Our Clients and Employers

We owe diligent, creative, and competent performance of the work we do in pursuit of our client or employer's interest. Such performance, however, shall always be consistent with our faithful service to the public interest.

a) We shall exercise independent professional judgment on behalf of our clients and employers.

b) We shall accept the decisions of our client or employer concerning the objectives and nature of the professional services we perform unless the course of action is illegal or plainly inconsistent with our primary obligation to the public interest.

c) We shall avoid a conflict of interest or even the appearance of a conflict of interest in accepting assignments from clients or employers.

3. Our Responsibility to Our Profession and Colleagues

We shall contribute to the development of, and respect for, our profession by improving knowledge and techniques, making work relevant to solutions of community problems, and increasing public understanding of planning activities.

a) We shall protect and enhance the integrity of our profession.

b) We shall educate the public about planning issues and their relevance to our everyday lives.

c) We shall describe and comment on the work and views of other professionals in a fair and professional manner.

d) We shall share the results of experience and research that contribute to the body of planning knowledge.

e) We shall examine the applicability of planning theories, methods, research and practice and standards to the facts and analysis of each particular situation and shall not accept the applicability of a customary solution without first establishing its appropriateness to the situation.

f) We shall contribute time and resources to the professional development of students, interns, beginning professionals, and other colleagues.

g) We shall increase the opportunities for members of underrepresented groups to become professional planners and help them advance in the profession.

h) We shall continue to enhance our professional education and training.

i) We shall systematically and critically analyze ethical issues in the practice of planning.

j) We shall contribute time and effort to groups lacking in adequate planning resources and to voluntary professional activities.

B: Our Rules of Conduct

We adhere to the following Rules of Conduct, and we understand that our Institute will enforce compliance with them. If we fail to adhere to these Rules, we could receive sanctions, the ultimate being the loss of our certification:

1. We shall not deliberately or with reckless indifference fail to provide adequate, timely, clear and accurate information on planning issues.

2. We shall not accept an assignment from a client or employer when the services to be performed involve conduct that we know to be illegal or in violation of these rules.
3. We shall not accept an assignment from a client or employer to publicly advocate a position on a planning issue that is indistinguishably adverse to a position we publicly advocated for a previous client or employer within the past three years unless (1) we determine in good faith after consultation with other qualified professionals that our change of position will not cause present detriment to our previous client or employer, and (2) we make full written disclosure of the conflict to our current client or employer and receive written permission to proceed with the assignment.
4. We shall not, as salaried employees, undertake other employment in planning or a related profession, whether or not for pay, without having made full written disclosure to the employer who furnishes our salary and having received subsequent written permission to undertake additional employment, unless our employer has a written policy which expressly dispenses with a need to obtain such consent.
5. We shall not, as public officials or employees, accept from anyone other than our public employer any compensation, commission, rebate, or other advantage that may be perceived as related to our public office or employment.
6. We shall not perform work on a project for a client or employer if, in addition to the agreed upon compensation from our client or employer, there is a possibility for direct personal or financial gain to us, our family members, or persons living in our household, unless our client or employer, after full written disclosure from us, consents in writing to the arrangement.
7. We shall not use to our personal advantage, nor that of a subsequent client or employer, information gained in a professional relationship that the client or employer has requested be held inviolate or that we should recognize as confidential because its disclosure could result in embarrassment or other detriment to the client or employer. Nor shall we disclose such confidential information except when (1) required by process of law, or (2) required to prevent a clear violation of law, or (3) required to prevent a substantial injury to the public. Disclosure pursuant to (2) and (3) shall not be made until after we have verified the facts and issues involved and, when practicable, exhausted efforts to obtain reconsideration of the matter and have sought separate opinions on the issue from other qualified professionals employed by our client or employer.
8. We shall not, as public officials or employees, engage in private communications with planning process participants if the discussions relate to a matter over which we have authority to make a binding, final determination if such private communications are prohibited by law or by agency rules, procedures, or custom.
9. We shall not engage in private discussions with decision makers in the planning process in any manner prohibited by law or by agency rules, procedures, or custom.
10. We shall neither deliberately, nor with reckless indifference, misrepresent the qualifications, views and findings of other professionals.
11. We shall not solicit prospective clients or employment through use of false or misleading claims, harassment, or duress.
12. We shall not misstate our education, experience, training, or any other facts which are relevant to our professional qualifications.
13. We shall not sell, or offer to sell, services by stating or implying an ability to influence decisions by improper means.
14. We shall not use the power of any office to seek or obtain a special advantage that is not a matter of public knowledge or is not in the public interest.
15. We shall not accept work beyond our professional competence unless the client or employer understands and agrees that such work will be performed by another professional competent to perform the work and acceptable to the client or employer.
16. We shall not accept work for a fee, or pro bono, that we know cannot be performed with the promptness required by the prospective client, or that is required by the circumstances of the assignment.
17. We shall not use the product of others' efforts to seek professional recognition or acclaim intended for producers of original work.
18. We shall not direct or coerce other professionals to make analyses or reach findings not supported by available evidence.
19. We shall not fail to disclose the interests of our client or employer when participating in the planning process. Nor shall we participate in an effort to conceal the true interests of our client or employer.
20. We shall not unlawfully discriminate against another person.
21. We shall not withhold cooperation or information from the AICP Ethics Officer or the AICP Ethics Committee if a charge of ethical misconduct has been filed against us.
22. We shall not retaliate or threaten retaliation against a person who has filed a charge of ethical misconduct against us or another planner, or who is cooperating in the Ethics Officer's investigation of an ethics charge.
23. We shall not use the threat of filing an ethics charge in order to gain, or attempt to gain, an advantage in dealings with another planner.
24. We shall not file a frivolous charge of ethical misconduct against another planner.
25. We shall neither deliberately, nor with reckless indifference, commit any wrongful act, whether or not specified in the Rules of Conduct, that reflects adversely on our professional fitness.
26. We shall not fail to immediately notify the Ethics Officer by both receipted Certified and Regular First Class Mail if we are convicted of a "serious crime" as defined in Section E of the Code; nor immediately following such conviction shall we represent ourselves as Certified Planners or Members of AICP until our membership is reinstated by the AICP Ethics Committee pursuant to the procedures in Section E of the Code.

Any such person should contact the Ethics Officer to arrange a time to discuss the issue. The Ethics Officer will endeavor to schedule a call promptly and to provide the advice promptly.
- b) Informal advice will be given orally. However, the Ethics Officer will keep a record of the issue raised and the advice given.
- c) Informal advice is intended to assist the person who seeks it, but it is not binding on AICP. Nevertheless, the Ethics Committee will take it into consideration if the Committee is subsequently called upon to consider a charge of misconduct against a Certified Planner who relied on the advice.

3. Formal Advisory Opinions Requested By A Member

- a) Any AICP member with a question about whether specific conduct conforms to the Code of Ethics and Professional Conduct may seek a formal opinion from the Ethics Committee. Any such member should send a detailed description of the relevant facts and a clear statement of the question to the Ethics Officer.
- b) The Ethics Officer shall review each such request and determine whether there is sufficient information to permit a fully informed response or whether additional information is required.
- c) The Ethics Committee will not issue an Advisory Opinion if it determines that the request concerns past conduct that may be the subject of a charge of misconduct. It may also decline to issue an Advisory Opinion for any other reason. The Committee may, but is not required to, provide a reason for a decision not to issue an opinion.
- d) If the Ethics Committee determines to issue an Advisory Opinion, it will endeavor to do so within ninety (90) days after receiving all information necessary to the provision of the opinion. Every Advisory Opinion will be in writing.
- e) Any member who acts in compliance with a formal Advisory Opinion will have a defense to a charge of misconduct that is based on conduct permitted by the Opinion.
- f) The Ethics Committee, in its sole discretion, shall determine whether, and how, to publish any formal Advisory Opinion. If the Committee determines to publish an Advisory Opinion, the published Opinion will not, without appropriate consent, include the name or other identifying information of any person except to the extent that identifying information is helpful in setting forth the issue or in explaining the Committee's decision.
- g) Any AICP member who believes that a published formal Advisory Opinion is incorrect or incomplete may write to the Ethics Officer explaining the member's thinking and requesting reconsideration. The Ethics Officer shall transmit all such communications to the Ethics Committee. That Committee shall review such communications and determine what, if any, changes to make. The decision of the Committee shall be final.

4. Formal Advisory Opinions Issued Without Request Of A Member

- a) The Ethics Committee may from time to time issue, without a request from a member, formal Advisory Opinions relating to the Code of Ethics and Professional Conduct when it believes that an Opinion will provide useful guidance to members.
- b) All formal Advisory Opinions issued under this paragraph shall be in writing and shall be published to the entire membership.
- c) Any AICP member who believes that a formal Advisory Opinion issued under this paragraph is incorrect or incomplete may write to the Ethics Officer explaining the member's thinking and requesting reconsideration. The Ethics Officer shall transmit all such communications to the Ethics Committee. That Committee shall review such communications and determine what, if any, changes to make. The decision of the Committee shall be final.

5. Annual Report of the Ethics Officer

- a) Prior to January 31 of each year, the Ethics Officer shall provide to the AICP Commission and to the Ethics Committee an Annual Report of all formal Advisory Opinions and all interpretations of the Code issued during the preceding calendar year. That report need not contain the full text of each formal Advisory Opinion and interpretation of the Code.
- b) The AICP Commission shall publish an Annual Report on ethics matters to the membership.

D: Adjudication of Complaints of Misconduct

1. Filing a Complaint.

- a) Any person, whether or not an AICP member, may file an ethics complaint against a Certified Planner. An ethics complaint shall be sent to the AICP Ethics Officer on a form developed by the Ethics Officer and posted on the AICP website. The complaint must be signed and include contact information so that the Ethics Committee and the Ethics Officer will know with whom to follow up if questions arise or if the situation otherwise requires follow up. The person making the complaint ("the complainant") may request confidentiality. The AICP will attempt to honor that request. However, it cannot guarantee confidentiality and will disclose the identity of the complainant if disclosure is needed in order to reach an informed result or otherwise to advance the thoughtful consideration of the complaint. The complaint may be accompanied by a brief cover letter.
- b) The complaint shall identify the Certified Planner against whom the complaint is brought, describe the conduct at issue, cite the relevant provision(s) of the Code of Ethics and Professional Conduct, and explain the reasons that the conduct is thought to violate the Code.
- c) The complaint should be accompanied by all relevant documentation available to the complainant.
- d) The Ethics Officer shall determine whether the complaint contains all information necessary to making a fully informed decision. If the complaint does not contain all such information, the Ethics Officer shall contact the complainant to try to obtain the information.
- e) The Ethics Officer shall maintain, for use by the Ethics Committee, a log of all complaints against Certified Planners.

2. Preliminary Review.

- a) The Ethics Officer shall review each complaint, together with any supporting documentation, to make a preliminary determination of whether a violation may have occurred. Before making this determination, the Ethics Officer may request from the complainant any additional information that the Officer deems relevant.
- b) Within thirty (30) days after receiving all information that the Ethics Officer deems necessary to make a preliminary determination, the Ethics Officer shall make a preliminary determination whether a violation may have occurred.

c) If the preliminary determination of the Ethics Officer is that it is clear that no violation has occurred, the complaint shall be dismissed. The complainant shall be so notified. The complainant shall have twenty (20) days from the date of notification to appeal the dismissal of the complaint to the Ethics Committee.

d) If the preliminary determination of the Ethics Officer is that a violation may have occurred – or if, on appeal, the Ethics Committee reverses a preliminary dismissal, the Ethics Officer shall, within thirty (30) days, provide the complaint to the Certified Planner against whom the complaint was made ("the respondent"). The Ethics Officer shall request from the respondent a detailed response to the complaint, and any supporting documentation.

3. Fact Gathering

a) The respondent shall have thirty (30) days from the date of notification from the Ethics Officer to provide a response to the complaint, as well as any supporting documentation. The Ethics Officer may extend this time, for good cause shown, for a period not to exceed fourteen (14) days.

b) The Ethics Officer shall provide the response of the respondent to the complainant and shall give the complainant an opportunity to comment on the response within fourteen (14) days.

c) If the Ethics Officer determines that additional information is needed from either the complainant or the respondent, the Ethics Officer shall attempt to obtain such information. The parties shall have fifteen (15) days to provide the requested additional information, with up to a fifteen (15) day extension at the discretion of the Ethics Officer if a request is made for additional time.

4. Exploration of Settlement

a) At any point in the process, the Ethics Officer may, after consultation with the Ethics Committee, attempt to negotiate a settlement of the complaint in accordance with the Code of Ethics and Professional Conduct.

b) The Ethics Committee shall be notified of – and permitted to comment on – any potential settlement at an early stage. Any settlement must be approved by the Ethics Committee before becoming final. Upon approval by the Ethics Committee, a settlement agreement shall be signed by the respondent and, where appropriate, by the complainant.

c) If a negotiated settlement is approved by the Ethics Committee and is signed in accordance with paragraph 4-b, the matter will be concluded, and no further action will be taken by AICP.

5. Decision

a) If neither the Ethics Officer nor the Ethics Committee determines to explore settlement – or if the parties are unwilling to engage in settlement discussions or if a settlement is not reached, the Ethics Officer shall, after considering timely input from the parties, issue a written decision on the complaint. The Ethics Officer, at his or her sole discretion, may determine whether a hearing needs to be held. A hearing will be held by telephone or other electronic means unless all parties and the Ethics Officer agree that it should be held in person. The expenses of each party in connection with any hearing, such as transcripts, travel, and attorneys' fees, will be borne by that party.

b) The Ethics Officer may determine that there is inadequate evidence of an ethics violation and therefore dismiss the complaint. Alternatively, the Ethics Officer may find that there has been an ethics violation. In either situation, the Ethics Officer shall explain the basis for the decision in a written opinion that cites and discusses the relevant provision(s) of the Code of Ethics and Professional Conduct.

c) If the decision is that there has been a violation, the Ethics Officer shall impose such discipline as that Officer deems appropriate. The discipline may be: (1) a confidential letter of admonition, (2) a public reprimand, (3) suspension of AICP membership, or (4) expulsion from AICP. The Ethics Officer shall explain the basis for the discipline imposed and may attach such conditions, *e.g.* requirement to get additional ethics training, as the Officer deems just.

d) The Ethics Officer shall transmit the decision to the Ethics Committee and shall notify the parties of the decision. However, the Ethics Officer may determine not to disclose the remedy to a complainant who is not a member of AICP.

6. Appeal

a) Within thirty (30) days after issuance of the written decision of the Ethics Officer, either the complainant or respondent may appeal the decision to the Ethics Committee by filing a timely written notice of appeal with the Ethics Officer.

b) If an appeal is timely filed, the party filing the appeal shall, within fourteen (14) days, provide the Ethics Officer with a written statement as to the basis for the appeal. The Ethics Officer shall, within ten (10) days, transmit that document to the party against whom the appeal is filed. That party shall have thirty (30) days to provide the Ethics Officer with a written statement of his or her position on the appeal. The Ethics Officer shall transmit all written statements of the parties to the Ethics Committee within ten (10) days after the record is complete.

c) After receiving any timely filed statements of the parties, the Ethics Committee shall issue a written decision on the appeal. Before issuing a decision, the Ethics Committee, in its sole discretion, may consult with the Ethics Officer. The Ethics Committee may also, in its sole discretion, determine whether to hold a hearing at which the parties may present their positions and answer questions posed by the Committee. A hearing will be held by telephone or other electronic means unless all parties and the Ethics Committee agree that it should be held in person. The expenses of each party in connection with any hearing, such as transcripts, travel, and attorneys' fees, will be borne by that party.

d) The Ethics Committee may (1) affirm the decision of the Ethics Officer; (2) affirm the decision but impose a different remedy; (3) vacate the decision of the Ethics Officer and return the case to the Ethics Officer for additional investigation, consideration of different Code sections or issues, or any other follow up; or (4) vacate the decision of the Ethics Officer and issue its own decision.

e) A decision to affirm the decision of the Ethics Officer, to impose a different remedy, or to vacate that decision and to issue the Ethics Committee's own decision shall be final.

f) If the decision is to return the case to the Ethics Officer for follow up, the Ethics Officer may seek to explore settlement or may issue a decision consistent with the decision of the Ethics Committee. Before issuing such a decision, the Ethics Officer may seek additional input from the parties in a manner and format consistent with the Code of Ethics and Professional Conduct.

7. Effect of Dropping of Charges by Complainant or Resignation by Respondent

a) If charges are dropped by the complainant, the Ethics Committee may, at its sole discretion, either terminate the ethics proceeding or continue the process without the complainant.

b) If the respondent resigns from AICP or lets membership lapse after a complaint is filed but before the case is finalized, the Ethics Committee may, at its sole discretion, either terminate the ethics proceeding or continue the process. As in any situation, the Ethics Committee may also determine to file a complaint with the appropriate law enforcement authority if it believes that a violation of law may have occurred.

8. Reporting

a) Any written decision of the Ethics Committee may, at the discretion of the Committee, be published and titled "Opinion of the AICP Ethics Committee".

b) Any written decision of the Ethics Officer shall be referenced in the Annual Report of the Ethics Officer.

E: Discipline of Members

1. General

AICP members are subject to discipline for certain conduct. This conduct includes (a) conviction of a serious crime as defined in paragraph 3; (b) conviction of other crimes as set forth in paragraph 4; (c) a finding by the Ethics Committee or Ethics Officer that the member has engaged in unethical conduct; (d) loss, suspension, or restriction of state or other governmental professional licensure; (e) failure to make disclosure to AICP of any conviction of a serious crime or adverse professional licensure action; or (f) such other action as the Ethics Committee or the Ethics Officer, in the exercise of reasonable judgment, determines to be inconsistent with the professional responsibilities of a Certified Planner.

2. Forms of Discipline

The discipline available under this Policy includes: (a) a confidential letter of admonition, (b) a public letter of censure, (c) suspension of AICP membership, or (d) revocation from AICP. The Ethics Officer or the Ethics Committee may attach conditions to these disciplinary actions, such as the writing of a letter of apology, the correction of a false statement or statements, the taking of an ethics course, the refunding of money, or any other conditions deemed just in light of the conduct in question.

3. Conviction of a Serious Crime

a) The membership of a Certified Planner shall be revoked if the Planner has been convicted of a "serious crime". Membership shall be revoked whether the conviction resulted from a plea of guilty or nolo contendere, from a verdict after trial, or otherwise. Membership shall be revoked even if the Planner is appealing a conviction, but it will be reinstated if the conviction is overturned upon appeal.

b) For purposes of this Policy, the term "serious crime" shall mean any crime that, in the judgment of the Ethics Committee or the Ethics Officer, involves false swearing, misrepresentation, fraud, failure to file income tax returns or to pay tax, deceit, bribery, extortion, misappropriation, theft, or physical harm to another.

4. Conviction of Other Crimes

a) Discipline may also be imposed if a Certified Planner has been convicted of a crime not included within the definition of "serious crime," including an action determined by the Ethics Committee or the Ethics Officer to be inconsistent with the professional responsibilities of a Certified Planner.

b) Before any discipline is imposed under this section, the member shall have a right to set forth his or her position in writing to the Ethics Officer. The Ethics Officer shall, in that Officer's sole discretion, determine whether or not to give the member a hearing. The Ethics Officer shall notify the member of the decision.

c) A member who has had discipline imposed by the Ethics Officer shall have thirty (30) days from the date of notification of the adverse decision to file an appeal to the Ethics Committee. The member may do so by filing a timely notice of appeal with the Ethics Officer. The notice shall be accompanied by a statement of the basis for the appeal. The Ethics Officer will transmit any appeal and accompanying notice to the Ethics Committee. That Committee shall determine, in its sole discretion, whether or not to grant a hearing. The Ethics Committee shall, after considering the relevant information, issue a written opinion on the appeal.

5. Unethical Conduct

The forms of discipline set forth in paragraph 2 shall apply to any member who is found to have engaged in unethical conduct in accordance with the procedures established in the Policy on Adjudication of Complaints of Misconduct.

6. Revocation, Suspension, or Restriction of Licensure

a) The Ethics Committee or Ethics Officer shall impose such discipline as the Committee or Officer regards as just if a state or other governmentally-issued professional license of a Certified Planner has been revoked, suspended, or restricted for any reason relating to improper conduct by the Planner.

b) Before any discipline is imposed under this section, the provisions of section 4 (b) and (c) shall apply.

7. Duty to Notify Ethics Officer

a) A member who has been convicted of a serious crime or who has had his or her state or other governmentally-issued professional license revoked, suspended, or restricted for any reason relating to improper conduct by the member shall promptly report the relevant development to the Ethics Officer.

b) Failure of a member to report that he or she has been convicted of a serious crime or has had a professional license revoked, suspended, or restricted for a reason relating to improper conduct by that member may itself result in discipline of that member.

8. Other Conduct Inconsistent with the Responsibilities of a Certified Planner

a) The Ethics Officer shall have the right to discipline any member for any conduct not otherwise covered by this Policy that the Officer determines to be inconsistent with the responsibilities of a Certified Planner.

b) Conduct covered by this section shall include, but not be limited to, a finding in a civil case that the member has engaged in defamation or similar unlawful action, has knowingly infringed the copyright or other intellectual property of another, or has engaged in perjury.

c) Before any discipline is imposed under this section, the provisions of section 4-b and 4-c shall apply.

9. Petition for Reinstatement

a) Any Certified Planner whose membership or certification is revoked may petition the Ethics Committee for reinstatement no sooner than five years from the time of revocation. The Ethics Committee shall determine, in its sole discretion, whether to afford the petitioner a hearing and/or whether to seek additional information. The Committee shall determine, in its sole judgment, whether reinstatement is appropriate and what, if any, conditions should be applied to any such reinstatement. The Ethics Officer shall transmit the reinstatement determination to the Planner.

b) If the Ethics Committee denies the Petition, that Officer shall advise the Planner of the opportunity to file a subsequent petition after twelve (12) months have elapsed from the date of the determination.

10. Publication of Disciplinary Actions

The Ethics Committee, in its sole discretion, may publish the names of members who have had disciplinary action imposed and to state the nature of the discipline that was imposed. The authority to publish shall survive the voluntary or involuntary termination or suspension of AICP membership and certification. The Ethics Committee, in its sole discretion, may also determine not to publish such information or to publish only so much of that information as it deems appropriate.

Open Meetings
Act
and
Freedom
of Information
Act

Dear Citizen,

The ideal of a democratic government is too often thwarted by bureaucratic secrecy and unresponsive officials. Citizens frequently find it difficult to discover what decisions are being made and what facts lie behind those decisions.

The Michigan Freedom of Information Act, Public Act No. 442 of 1976, establishes procedures to ensure every citizen's right of access to government documents. The Act establishes the right to inspect and receive copies of records of state and local government bodies.

The Open Meetings Act, Public Act No. 267 of 1976, protects your right to know what's going on in government by opening to full public view the processes by which elected and nonelected officials make decisions on your behalf.

This guide to the Freedom of Information Act and the Open Meetings Act is designed to make it easier for citizens to keep track of what their government is doing.

Michigan's Freedom of Information Act

Public Act No. 442 of 1976, as amended

The following is a general outline of the Freedom of Information Act. When using the Freedom of Information Act, always rely on the specific provisions of the Act, which are republished immediately following this outline.

Basic Intent:

The Freedom of Information Act regulates and sets requirements for the disclosure of public records by all "public bodies" in the state.

Key Definitions:

"Public body" means:

- a state officer, employee, agency, department, division, bureau, board, commission, council, authority, or other body in the executive branch of the state government, but does not include the governor or lieutenant governor, the executive office of the governor or lieutenant governor, or employees thereof;
- an agency, board, commission, or council in the legislative branch of the state government;
- a county, city, township, village, intercounty, intercity, or regional governing body, council, school district, special district, or municipal corporation, or a board, department, commission, council or agency thereof; or
- any other body which is created by state or local authority or which is primarily funded by or through state or local authority.

"Public record" means a writing prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function, from the time it is created. The term does not include computer software.

Coverage:

The Freedom of Information Act regulates and sets requirements for the disclosure of public records by all "public bodies" in the state. All state agencies, county and other local governments, school boards, other boards, departments, commissions, councils, and public colleges and universities are covered. The Act does not apply to the judicial branch and it does not apply to legislators. Any program primarily funded by the state or local authority is also covered.

Public Records Open to Disclosure:

In general, all records except those specifically cited as exceptions are covered by the Freedom of Information Act. The records covered include working papers and research material, minutes of open and closed meetings, officials' voting records, staff manuals, final orders or decisions in contested cases and the records on which they were made, and promulgated rules. Other written statements which implement or interpret laws, rules or policy, including, but not limited to, guidelines, manuals and forms with instructions, adopted or used by the agency in the discharge of its functions, are also included.

It does not matter what form the record is in. The act applies to any handwriting, typewriting, printing, photostating, photographing, photocopying and every other means of recording. It includes letters, words, pictures, sounds or symbols, or combinations thereof, as well as papers, maps, magnetic or punched cards, discs, drums, or other means of recording or retaining meaningful content, but not computer software.

Public Records Exempt From Disclosure:

A public body may (but is not required to) withhold from public disclosure certain categories of public records under the Freedom of Information Act. Among the categories of information that may be withheld under section 13 of the Act are the following:

—Specific information about an individual's private affairs, if their right to have the information protected from public scrutiny is greater than the public's right to the information.

—Investigating records compiled for law enforcement purposes, but only to the extent that disclosure as a public record would do any of the following:

- interfere with law enforcement proceedings;
- deprive a person of the right to a fair trial or impartial administrative adjudication;
- constitute an unwarranted invasion of personal privacy;
- disclose the identity of a confidential source or, if the record is compiled by a criminal law enforcement agency in the course of a criminal investigation, disclose confidential information furnished only by a confidential source;

- disclose law enforcement investigative techniques or procedures; or
- endanger the life or physical safety of law enforcement personnel.

—Public records which if disclosed would prejudice a public body’s ability to maintain the physical security of custodial or penal institutions occupied by persons arrested or convicted of a crime or admitted because of a mental disability, unless the public interest in disclosure under this act outweighs the public interest in nondisclosure.

—Records which if disclosed would violate the Federal (Buckley) Educational Rights and Privacy Act (primarily student records).

—An exempt public record or exempt information which is furnished by the public body originally compiling, preparing, or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the consideration originally giving rise to the exempt nature of the public record remains applicable.

—Trade secrets or commercial or financial information voluntarily provided to an agency for use in developing governmental policy.

—Information subject to attorney-client privilege.

—Information subject to other enunciated privileges such as counselor-client and those recognized by statute or court rule.

—Pending public bids to enter into contracts.

—Appraisals of real property to be acquired by a public body.

—Test questions and answers, scoring keys and other examination instruments.

—Medical counseling or psychological facts which would reveal an individual’s identity.

—Internal communications and notes between and within public bodies of an advisory nature **to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action.** This exemption shall not apply unless the public body shows that in the particular instance the public interest in encouraging frank communications between officials and employees of public bodies clearly outweighs the public interest in disclosure. (Note that factual materials in such memoranda are open records and must be separated out and made available upon request even if the other material is not.)

—Law enforcement communication codes and deployment plans unless the public interest in disclosure outweighs the public interest in nondisclosure.

—Information that would reveal the location of archeological sites.

—Product testing data developed by agencies buying products where only one bidder meets the agency’s specifications.

—A student’s college academic transcript where the student is delinquent on university payments.

—Records of any campaign committee including any committee that receives moneys from a state campaign fund. (These records are open to the public under Public Act 388 of 1976.)

Records and information pertaining to an investigation or a compliance conference under Article 15 of the Public Health Code, before a complaint is issued. These provisions do not apply to any of the following:

—The fact that an allegation has been received and an investigation is being conducted and the date the allegation was received.

—The fact that the allegation was received by the Department of Consumer and Industry Services; the fact that the department did not issue a complaint for the allegation; and the fact that the allegation was dismissed.

Availability of Public Records:

Any person may ask to inspect, copy or receive a copy of a public record. There are no qualifications such as residency or age that must be met in order to make a request. The reference to “person” in the act does not include those persons incarcerated in state or local correctional facilities.

As soon as practical, but not more than five business days after receiving a request, the public body must respond to a request for a public record. The public agency can, under unusual circumstances, notify the requester in writing and extend the time limit by ten days.

A person also has the right to subscribe to future issuances of public records which are created, issued or disseminated on a regular basis. A subscription is valid for up to six months, at the request of the subscriber, and is renewable.

The public body or agency has a responsibility to provide reasonable facilities so that persons making a request may examine and take notes from public records. The facilities must be available during the normal business hours of the public body.

A public body may make reasonable rules necessary to protect its public records and to prevent excessive and unreasonable interference with the discharge of its functions.

Salary Records:

Salary records of employees or other officials of institutions of higher education, school districts, intermediate school districts or community college districts must be made available to the public upon request and under certain conditions.

Fees for Public Records:

A government agency can charge a fee, but it must be limited to actual duplication, mailing and clerical labor costs. The first \$20 of work must be free for a person who is on welfare or presents facts showing inability to pay because of indigency. A public body may require a good faith deposit at the time of request. The deposit shall not exceed ½ of the total cost.

Denial of a Record:

If a request for a record is denied, written notice of the denial must be provided to the requester within five days, or within 15 days under unusual circumstances. A failure to respond within the time limits, or a failure to respond at all, also amounts to a denial.

When a request is denied, the public body must provide the requestor with a full explanation of the reasons for the denial and the requester's right to seek judicial review. Notification of the right to judicial review must include notification of the right to receive attorney's fees and collect damages.

Enforcement:

A person has the right to commence an action in circuit court to compel disclosure of public records which are denied. If the request by a person was made verbally, the person must confirm the request in writing not less than five days before commencing the action.

The action may be brought in the county where the requester lives, the county where the requester does business, the county where the public document is located, or a county where the agency has an office.

Penalties for Violation of the Act:

If the circuit court finds that the public body has arbitrarily and capriciously violated the Freedom of Information Act by refusal or delay in disclosing or providing copies of a public record, it may, in addition to any actual or compensatory damages, award punitive damages of \$500 to the person seeking the right to inspect or receive a copy of a public record.

Requesting a Public Record Pursuant to the Freedom of Information Act

The following is a checklist* for Freedom of Information Act requests:

- 1) Make sure you are addressing the correspondence to the correct department.
- 2) Make sure the correspondence is addressed to the Freedom of Information Act Administrator of that department.
- 3) Describe the information requested in detail so that it can be located by the Freedom of Information Act Administrator.
- 4) Describe the subject matter of the documents requested and, if possible, the date the documents were created.
- 5) Advise the department that you are requesting documents pursuant to the Freedom of Information Act and refer to the Act as MCL 15.231 et seq.

**Use of the checklist is suggested, not mandated. For example, it is not necessary to cite the Freedom of Information Act statute when making a request. Requests and responses are governed by the specific language of the Freedom of Information Act, not by the checklist or this booklet's general information summary of the act.*

(ii) The need to collect the requested public records from numerous field offices, facilities, or other establishments which are located apart from the particular office receiving or processing the request.

(h) "Writing" means handwriting, typewriting, printing, photostating, photographing, photocopying, and every other means of recording, and includes letters, words, pictures, sounds, or symbols, or combinations thereof, and papers, maps, magnetic or paper tapes, photographic films or prints, microfilm, microfiche, magnetic or punched cards, discs, drums, or other means of recording or retaining meaningful content.

(i) "Written request" means a writing that asks for information, and includes a writing transmitted by facsimile, electronic mail, or other electronic means.

15.233 Public records; right to inspect, copy, or receive; subscriptions; forwarding requests; file; inspection and examination; memoranda or abstracts; rules; compilation, summary, or report of information; creation of new public record; certified copies.

Sec. 3. (1) Except as expressly provided in section 13, upon providing a public body's FOIA coordinator with a written request that describes a public record sufficiently to enable the public body to find the public record, a person has a right to inspect, copy, or receive copies of the requested public record of the public body. A person has a right to subscribe to future issuances of public records that are created, issued, or disseminated on a regular basis. A subscription shall be valid for up to 6 months, at the request of the subscriber, and shall be renewable. An employee of a public body who receives a request for a public record shall promptly forward that request to the freedom of information act coordinator.

(2) A freedom of information act coordinator shall keep a copy of all written requests for public records on file for no less than 1 year.

(3) A public body shall furnish a requesting person a reasonable opportunity for inspection and examination of its public records, and shall furnish reasonable facilities for making memoranda or abstracts from its public records during the usual business hours. A public body may make reasonable rules necessary to protect its public records and to prevent excessive and unreasonable interference with the discharge of its functions. A public body shall protect public records from loss, unauthorized alteration, mutilation, or destruction.

(4) This act does not require a public body to make a compilation, summary, or report of information, except as required in section 11.

(5) This act does not require a public body to create a new public record, except as required in section 11, and to the extent required by this act for the furnishing of copies, or edited copies pursuant to section 14(1), of an already existing public record.

(6) The custodian of a public record shall, upon written request, furnish a requesting person a certified copy of a public record.

History: 1976, Act 442, Eff. Apr. 13, 1977;—Am. 1996, Act 553, Eff. Mar. 31, 1997.

15.234 Fee; waiver or reduction; affidavit; deposit; calculation of costs; limitation; provisions inapplicable to certain public records.

Sec. 4. (1) A public body may charge a fee for a public record search, the necessary copying of a public record for inspection, or for providing a copy of a public record. Subject to subsections (3) and (4), the fee shall be limited to actual mailing costs, and to the actual incremental cost of duplication or publication including labor, the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14. A search for a public record may be conducted or copies of public records may be furnished without charge or at a reduced charge if the public body determines that a waiver or reduction of the fee is in the public interest because searching for or furnishing copies of the public record can be considered as primarily benefiting the general public. A public record search shall be made and a copy of a public record shall be furnished without charge for the first \$20.00 of the fee for each request to an individual who is entitled to information under this act and who submits an affidavit stating that the individual is then receiving public assistance or, if not receiving public assistance, stating facts showing inability to pay the cost because of indigency.

(2) A public body may require at the time a request is made a good faith deposit from the person requesting the public record or series of public records, if the fee authorized under this section exceeds \$50.00. The deposit shall not exceed 1/2 of the total fee.

(3) In calculating the cost of labor incurred in duplication and mailing and the cost of examination, review, separation, and deletion under subsection (1), a public body may not charge more than the hourly wage of the lowest paid public body employee capable of retrieving the information necessary to comply with a request under this act. Fees shall be uniform and not dependent upon the identity of the requesting person. A public body shall utilize the most economical means available for making copies of public records. A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. A public body shall establish and publish procedures and guidelines to implement this subsection.

(4) This section does not apply to public records prepared under an act or statute specifically authorizing the sale of those public records to the public, or if the amount of the fee for providing a copy of the public record is otherwise specifically provided by an act or statute.

History: 1976, Act 442, Eff. Apr. 13, 1977;—Am. 1988, Act 99, Imd. Eff. Apr. 11, 1988;—Am. 1996, Act 553, Eff. Mar. 31, 1997.

Constitutionality: The disclosure of public records under the freedom of information act impartially to the general public for the incremental cost of creating the record is not a granting of credit by the state in aid of private persons and does not justify nondisclosure on the theory that the information is proprietary information belonging to a public body. *Kestenbaum v. Michigan State University*, 414 Mich. 510, 417 N.W.2d 1102 (1982).

15.235 Request to inspect or receive copy of public record; response to request; failure to respond; damages; contents of notice denying request; signing notice of denial; notice extending period of response; action by requesting person.

Sec. 5. (1) Except as provided in section 3, a person desiring to inspect or receive a copy of a public record shall make a written request for the public record to the FOIA coordinator of a public body. A written request made by facsimile, electronic mail, or other electronic transmission is not received by a public body's FOIA coordinator until 1 business day after the electronic transmission is made.

(2) Unless otherwise agreed to in writing by the person making the request, a public body shall respond to a request for a public record within 5 business days after the public body receives the request by doing 1 of the following:

(a) Granting the request.

(b) Issuing a written notice to the requesting person denying the request.

(c) Granting the request in part and issuing a written notice to the requesting person denying the request in part.

(d) Issuing a notice extending for not more than 10 business days the period during which the public body shall respond to the request. A public body shall not issue more than 1 notice of extension for a particular request.

(3) Failure to respond to a request pursuant to subsection (2) constitutes a public body's final determination to deny the request. In a circuit court action to compel a public body's disclosure of a public record under section 10, the circuit court shall assess damages against the public body pursuant to section 10(8) if the circuit court has done both of the following:

(a) Determined that the public body has not complied with subsection (2).

(b) Ordered the public body to disclose or provide copies of all or a portion of the public record.

(4) A written notice denying a request for a public record in whole or in part is a public body's final determination to deny the request or portion of that request. The written notice shall contain:

(a) An explanation of the basis under this act or other statute for the determination that the public record, or portion of that public record, is exempt from disclosure, if that is the reason for denying all or a portion of the request.

(b) A certificate that the public record does not exist under the name given by the requester or by another name reasonably known to the public body, if that is the reason for denying the request or a portion of the request.

(c) A description of a public record or information on a public record that is separated or deleted pursuant to section 14, if a separation or deletion is made.

(d) A full explanation of the requesting person's right to do either of the following:

(i) Submit to the head of the public body a written appeal that specifically states the word "appeal" and identifies the reason or reasons for reversal of the disclosure denial.

(ii) Seek judicial review of the denial under section 10.

(e) Notice of the right to receive attorneys' fees and damages as provided in section 10 if, after judicial review, the circuit court determines that the public body has not complied with this section and orders disclosure of all or a portion of a public record.

(5) The individual designated in section 6 as responsible for the denial of the request shall sign the written notice of denial.

(6) If a public body issues a notice extending the period for a response to the request, the notice shall specify the reasons for the extension and the date by which the public body will do 1 of the following:

(a) Grant the request.

(b) Issue a written notice to the requesting person denying the request.

(c) Grant the request in part and issue a written notice to the requesting person denying the request in part.

(7) If a public body makes a final determination to deny in whole or in part a request to inspect or receive a copy of a public record or portion of that public record, the requesting person may do either of the following:

(a) Appeal the denial to the head of the public body pursuant to section 10.

(b) Commence an action in circuit court, pursuant to section 10.

History: 1976, Act 442, Eff. Apr. 13, 1977;—Am. 1978, Act 329, Imd. Eff. July 11, 1978;—Am. 1996, Act 553, Eff. Mar. 31, 1997.

15.236 FOIA coordinator.

Sec. 6. (1) A public body that is a city, village, township, county, or state department, or under the control of a city, village, township, county, or state department, shall designate an individual as the public body's FOIA coordinator. The FOIA coordinator shall be responsible for accepting and processing requests for the public body's public records under this act and shall be responsible for approving a denial under section 5(4) and (5). In a county not having an executive form of government, the chairperson of the county board of commissioners is designated the FOIA coordinator for that county.

(2) For all other public bodies, the chief administrative officer of the respective public body is designated the public body's FOIA coordinator.

(3) An FOIA coordinator may designate another individual to act on his or her behalf in accepting and processing requests for the public body's public records, and in approving a denial under section 5(4) and (5).

History: 1976, Act 442, Eff. Apr. 13, 1977;—Am. 1996, Act 553, Eff. Mar. 31, 1997.

15.240 Options by requesting person; appeal; orders; venue; de novo proceeding; burden of proof; private view of public record; contempt; assignment of action or appeal for hearing, trial, or argument; attorneys' fees, costs, and disbursements; assessment of award; damages.

Sec. 10. (1) If a public body makes a final determination to deny all or a portion of a request, the requesting person may do 1 of the following at his or her option:

(a) Submit to the head of the public body a written appeal that specifically states the word "appeal" and identifies the reason or reasons for reversal of the denial.

(b) Commence an action in the circuit court to compel the public body's disclosure of the public records within 180 days after a public body's final determination to deny a request.

(2) Within 10 days after receiving a written appeal pursuant to subsection (1)(a), the head of a public body shall do 1 of the following:

(a) Reverse the disclosure denial.

(b) Issue a written notice to the requesting person upholding the disclosure denial.

(c) Reverse the disclosure denial in part and issue a written notice to the requesting person upholding the disclosure denial in part.

(d) Under unusual circumstances, issue a notice extending for not more than 10 business days the period during which the head of the public body shall respond to the written appeal. The head of a public body shall not issue more than 1 notice of extension for a particular written appeal.

(3) A board or commission that is the head of a public body is not considered to have received a written appeal under subsection (2) until the first regularly scheduled meeting of that board or commission following submission of the written appeal under subsection (1)(a). If the head of the public body fails to respond to a written appeal pursuant to subsection (2), or if the head of the public body upholds all or a portion of the disclosure denial that is the subject of the written appeal, the requesting person may seek judicial review of the nondisclosure by commencing an action in circuit court under subsection (1)(b).

(4) In an action commenced under subsection (1)(b), a court that determines a public record is not exempt from disclosure shall order the public body to cease withholding or to produce all or a portion of a public record wrongfully withheld, regardless of the location of the public record. The circuit court for the county in which the complainant resides or has his or her principal place of business, or the circuit court for the county in which the public record or an office of the public body is located has venue over the action. The court shall determine the matter de novo and the burden is on the public body to sustain its denial. The court, on its own motion, may view the public record in controversy in private before reaching a decision. Failure to comply with an order of the court may be punished as contempt of court.

(5) An action commenced under this section and an appeal from an action commenced under this section shall be assigned for hearing and trial or for argument at the earliest practicable date and expedited in every way.

(6) If a person asserting the right to inspect, copy, or receive a copy of all or a portion of a public record prevails in an action commenced under this section, the court shall award reasonable attorneys' fees, costs, and disbursements. If the person or public body prevails in part, the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements. The award shall be assessed against the public body liable for damages under subsection (7).

(7) If the circuit court determines in an action commenced under this section that the public body has arbitrarily and capriciously violated this act by refusal or delay in disclosing or providing copies of a public record, the court shall award, in addition to any actual or compensatory damages, punitive damages in the amount of \$500.00 to the person seeking the right to inspect or receive a copy of a public record. The damages shall not be assessed against an individual, but shall be assessed against the next succeeding public body that is not an individual and that kept or maintained the public record as part of its public function.

15.241 Matters required to be published and made available by state agencies; form of publications; effect on person of matter not published and made available; exception; action to compel compliance by state agency; order; attorneys' fees, costs, and disbursements; jurisdiction; definitions.

Sec. 11. (1) A state agency shall publish and make available to the public all of the following:

(a) Final orders or decisions in contested cases and the records on which they were made.

(b) Promulgated rules.

(c) Other written statements which implement or interpret laws, rules, or policy, including but not limited to guidelines, manuals, and forms with instructions, adopted or used by the agency in the discharge of its functions.

(2) Publications may be in pamphlet, loose-leaf, or other appropriate form in printed, mimeographed, or other written matter.

(3) Except to the extent that a person has actual and timely notice of the terms thereof, a person shall not in any manner be required to resort to, or be adversely affected by, a matter required to be published and made available, if the matter is not so published and made available.

(4) This section does not apply to public records which are exempt from disclosure under section 13.

(5) A person may commence an action in the circuit court to compel a state agency to comply with this section. If the court determines that the state agency has failed to comply, the court shall order the state agency to comply and shall award reasonable attorneys' fees, costs, and disbursements to the person commencing the action. The circuit court for the county in which the state agency is located shall have jurisdiction to issue the order.

(6) As used in this section, "state agency", "contested case", and "rules" shall have the same meanings as ascribed to those terms in Act No. 306 of the Public Acts of 1969, as amended, being sections 24.201 to 24.315 of the Michigan Compiled Laws.

History: 1976, Act 442, Eff. Apr. 13, 1977.

15.243 Exemptions from disclosure; withholding of information required by law or in possession of executive office.

Sec. 13. (1) A public body may exempt from disclosure as a public record under this act:

(a) Information of a personal nature where the public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.

(b) Investigating records compiled for law enforcement purposes, but only to the extent that disclosure as a public record would do any of the following:

(i) Interfere with law enforcement proceedings.

(ii) Deprive a person of the right to a fair trial or impartial administrative adjudication.

(iii) Constitute an unwarranted invasion of personal privacy.

(iv) Disclose the identity of a confidential source, or if the record is compiled by a law enforcement agency in the course of a criminal investigation, disclose confidential information furnished only by a confidential source.

(v) Disclose law enforcement investigative techniques or procedures.

(vi) Endanger the life or physical safety of law enforcement personnel.

(c) A public record that if disclosed would prejudice a public body's ability to maintain the physical security of custodial or penal institutions occupied by persons arrested or convicted of a crime or admitted because of a mental disability, unless the public interest in disclosure under this act outweighs the public interest in nondisclosure.

(d) Records or information specifically described and exempted from disclosure by statute.

(e) Information the release of which would prevent the public body from complying with section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 U.S.C. 1232g, commonly referred to as the family educational rights and privacy act of 1974.

(f) A public record or information described in this section that is furnished by the public body originally compiling, preparing, or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

(g) Trade secrets or commercial or financial information voluntarily provided to an agency for use in developing governmental policy if:

(i) The information is submitted upon a promise of confidentiality by the public body.

(ii) The promise of confidentiality is authorized by the chief administrative officer of the public body or by an elected official at the time the promise is made.

(iii) A description of the information is recorded by the public body within a reasonable time after it has been submitted, maintained in a central place within the public body, and made available to a person upon request. This subdivision does not apply to information submitted as required by law or as a condition of receiving a governmental contract, license, or other benefit.

(h) Information or records subject to the attorney-client privilege.

(i) Information or records subject to the physician-patient privilege, the psychologist-patient privilege, the minister, priest, or Christian Science practitioner privilege, or other privilege recognized by statute or court rule.

(j) A bid or proposal by a person to enter into a contract or agreement, until the time for the public opening of bids or proposals, or if a public opening is not to be conducted, until the deadline for submission of bids or proposals has expired.

(k) Appraisals of real property to be acquired by the public body until (i) an agreement is entered into; or (ii) 3 years has elapsed since the making of the appraisal, unless litigation relative to the acquisition has not yet terminated.

(l) Test questions and answers, scoring keys, and other examination instruments or data used to administer a license, public employment, or academic examination, unless the public interest in disclosure under this act outweighs the public interest in nondisclosure.

(m) Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by a disclosure of those facts or evaluation.

(n) Communications and notes within a public body or between public bodies of an advisory nature to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action. This exemption does not apply unless the public body shows that in the particular instance the public interest in encouraging frank communications between officials and employees of public bodies clearly outweighs the public interest in disclosure. This exemption does not constitute an exemption under state law for purposes of section 8(h) of the open meetings act, Act No. 267 of the Public Acts of 1976, being section 15.268 of the Michigan Compiled Laws. As used in this subdivision, "determination of policy or action" includes a determination relating to collective bargaining, unless the public record is otherwise required to be made available under Act No. 336 of the Public Acts of 1947, being sections 423.201 to 423.217 of the Michigan Compiled Laws.

(o) Records of law enforcement communication codes, or plans for deployment of law enforcement personnel, that if disclosed would prejudice a public body's ability to protect the public safety unless the public interest in disclosure under this act outweighs the public interest in nondisclosure in the particular instance.

(p) Information that would reveal the exact location of archaeological sites. The secretary of state may promulgate rules pursuant to the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.201 to 24.328 of the Michigan Compiled Laws, to provide for the disclosure of the location of archaeological sites for purposes relating to the preservation or scientific examination of sites.

(q) Testing data developed by a public body in determining whether bidders' products meet the specifications for purchase of those products by the public body, if disclosure of the data would reveal that only 1 bidder has met the specifications. This subdivision does not apply after 1 year has elapsed from the time the public body completes the testing.

(r) Academic transcripts of an institution of higher education established under section 5, 6, or 7 of article VIII of the state constitution of 1963, if the transcript pertains to a student who is delinquent in the payment of financial obligations to the institution.

(s) Records of any campaign committee including any committee that receives money from a state campaign fund.

(t) Unless the public interest in disclosure outweighs the public interest in nondisclosure in the particular instance, public records of a law enforcement agency, the release of which would do any of the following:

(i) Identify or provide a means of identifying an informer.

(ii) Identify or provide a means of identifying a law enforcement undercover officer or agent or a plain clothes officer as a law enforcement officer or agent.

(iii) Disclose the personal address or telephone number of law enforcement officers or agents or any special skills that they may have.

(iv) Disclose the name, address, or telephone numbers of family members, relatives, children, or parents of law enforcement officers or agents.

(v) Disclose operational instructions for law enforcement officers or agents.

(vi) Reveal the contents of staff manuals provided for law enforcement officers or agents.

(vii) Endanger the life or safety of law enforcement officers or agents or their families, relatives, children, parents, or those who furnish information to law enforcement departments or agencies.

(viii) Identify or provide a means of identifying a person as a law enforcement officer, agent, or informer.

(ix) Disclose personnel records of law enforcement agencies.

(x) Identify or provide a means of identifying residences that law enforcement agencies are requested to check in the absence of their owners or tenants.

(u) Except as otherwise provided in this subdivision, records and information pertaining to an investigation or a compliance conference conducted by the department of consumer and industry services under article 15 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.16101 to 333.18838 of the Michigan Compiled Laws, before a complaint is issued. This subdivision does not apply to records and information pertaining to 1 or more of the following:

(i) The fact that an allegation has been received and an investigation is being conducted, and the date the allegation was received.

(ii) The fact that an allegation was received by the department of consumer and industry services; the fact that the department of consumer and industry services did not issue a complaint for the allegation; and the fact that the allegation was dismissed.

(v) Records of a public body's security measures, including security plans, security codes and combinations, passwords, passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body.

(w) Records or information relating to a civil action in which the requesting party and the public body are parties.

(x) Information or records that would disclose the social security number of any individual.

(y) Except as otherwise provided in this subdivision, an application for the position of president of an institution of higher education established under section 4, 5, or 6 of article VIII of the state constitution of 1963, materials submitted with such an application, letters of recommendation or references concerning an applicant, and records or information relating to the process of searching for and selecting an individual for a position described in this subdivision, if the records or information could be used to identify a candidate for the position. However, after 1 or more individuals have been identified as finalists for a position described in this subdivision, this subdivision does not apply to a public record described in this subdivision, except a letter of recommendation or reference, to the extent that the public record relates to an individual identified as a finalist for the position.

(2) This act does not authorize the withholding of information otherwise required by law to be made available to the public or to a party in a contested case under Act No. 306 of the Public Acts of 1969.

(3) Except as otherwise exempt under subsection (1), this act does not authorize the withholding of a public record in the possession of the executive office of the governor or lieutenant governor, or an employee of either executive office, if the public record is transferred to the executive office of the governor or lieutenant governor, or an employee of either executive office, after a request for the public record has been received by a state officer, employee, agency, department, division, bureau, board, commission, council, authority, or other body in the executive branch of government that is subject to this act.

15.243a Salary records of employee or other official of institution of higher education, school district, intermediate school district, or community college available to public on request.

Notwithstanding section 13, an institution of higher education established under section 5, 6, or 7 of article 8 of the state constitution of 1963; a school district as defined in section 6 of Act No. 451 of the Public Acts of 1976, being section 380.6 of the Michigan Compiled Laws; an intermediate school district as defined in section 4 of Act No. 451 of the Public Acts of 1976, being section 380.4 of the Michigan Compiled Laws; or a community college established under Act No. 331 of the Public Acts of 1966, as amended, being sections 389.1 to 389.195 of the Michigan Compiled Laws shall upon request make available to the public the salary records of an employee or other official of the institution of higher education, school district, intermediate school district, or community college.

History: Add. 1979, Act 130, Imd. Eff. Oct. 26, 1979.

15.244 Separation of exempt and nonexempt material; design of public record; description of material exempted.

Sec. 14. (1) If a public record contains material which is not exempt under section 13, as well as material which is exempt from disclosure under section 13, the public body shall separate the exempt and nonexempt material and make the nonexempt material available for examination and copying.

(2) When designing a public record, a public body shall, to the extent practicable, facilitate a separation of exempt from nonexempt information. If the separation is readily apparent to a person requesting to inspect or receive copies of the form, the public body shall generally describe the material exempted unless that description would reveal the contents of the exempt information and thus defeat the purpose of the exemption.

Court Decisions on the Freedom of Information Act

Michigan courts have rendered decisions which, when published, become precedent and are the law of the state until changed by a higher court or by the Legislature. The following list contains the principal published decisions of Michigan's appellate courts and is current through July 1997. Court decisions may be obtained in law libraries or from the courts of record for a fee.

Because the Legislature has amended the Freedom of Information Act from time to time after its enactment, the cases interpreting and applying the Act may not reflect the current law. For example, the cases listed below concerning prisoner requests for public records were decided under the Act before the amendment that excludes prisoners from the persons entitled to make requests for public records.

1. Kestenbaum v Michigan State University, 97 Mich App 5 (1980), aff'd 414 Mich 510 (1982), reh den

An equally divided Supreme Court affirmed the lower court in holding that a list of names and addresses of students on a computer tape would appear to be a public record, but the nature of the information is within an enumerated exception, being personal, and public disclosure of such tape would constitute a clearly unwarranted invasion of a person's privacy.

2. Tobin v Michigan Civil Service Commission, 98 Mich App 604 (1980), aff'd 416 Mich 661 (1982)

The Freedom of Information Act does not compel a public body to conceal information at the insistence of one who opposes its release.

3. Evening News Association v City of Troy, 417 Mich 481 (1983), reh den

To claim exemption for investigative records used in law enforcement proceedings, the agency must show how disclosure of particular requested document would interfere with proceedings.

To determine whether an agency has met its burden under the Freedom of Information Act, the following rules should apply:

- a. The burden of proof is on the party claiming exemption from disclosure.
- b. The exemptions must be interpreted narrowly.
- c. The agency shall separate the exempt and nonexempt material and make the nonexempt material available for examination and copying.
- d. Detailed affidavits describing the material withheld must be supplied by the agency.
- e. The justification for withholding must not be conclusory, i.e., a repetition of the statutory language.
- f. The mere showing of a direct relationship between the records sought and an investigation is inadequate.

4. UPGWA v State Police, 422 Mich 432 (1985), remanded for determination of costs

Request for a record need not be predicated on core purpose of the Freedom of Information Act, the disclosure of public records to permit the requesters to participate in the democratic process.

5. MSEA v Department of Management and Budget, 428 Mich 104 (1987)

The State generally cannot exempt employee lists containing names and home addresses from disclosure under the Freedom of Information Act.

6. Hagen v Department of Education, 431 Mich 118 (1988)

State Tenure Commission decisions may be withheld only during the administrative stage of a teacher's appeal.

7. Michigan Tax Management Services v City of Warren, 437 Mich 506 (1991)

The trial court must make an independent determination as to what constitutes the reasonable fees and expenses of a requester who prevails in a Freedom of Information Act action.

8. Swickard v Wayne County Medical Examiner, 438 Mich 536 (1991)

To determine whether a disclosure would constitute a clearly unwarranted invasion of privacy, privacy rights as they existed at common law, as well as the constitution and the customs and mores of the community must be considered. Release of autopsy test results by a medical examiner is not subject to physician-patient privilege and is not clearly an unwarranted invasion of privacy as the right to privacy ends with the deceased's death.

9. Walen v Department of Corrections, 443 Mich 240 (1993)

The Freedom of Information Act applies to records of department of corrections disciplinary hearings.

10. Hubka v Pennfield Township, 197 Mich App 117 (1992), rev in part, 443 Mich 864 (1993)

If the requester asks to inspect original records, supplying copies does not meet the Freedom of Information Act's requirements. The requester does not have to demonstrate that copies are inadequate to inspect the originals. Township attorney's letter to the township board containing opinions, conclusions, and recommendations is privileged.

11. **Booth Newspapers, Inc v University of Michigan Board of Regents**, 444 Mich 211 (1993)
Travel records in connection with a search for a university president are public records subject to disclosure.
12. **Bradley v Saranac Community Schools Board of Education**
Lansing Association of School Administrators v Lansing School District Board of Education, 216 Mich App 79 (1996), 455 Mich 285 (1997). (Consolidated Cases)
Personnel records of public school teachers and administrators including performance evaluations, disciplinary records and complaints, must be disclosed because they are public records and are not within any exemption under the Freedom of Information Act.
13. **Alpena Title, Inc v Alpena County**, 84 Mich App 308 (1978)
A county board of commissioners may charge a reasonable fee for access to, and the copying of, county tract index information, in accordance with the statute regarding fees for the inspection of such records.
14. **Williams v Martimucci**, 88 Mich App 198 (1979)
Action of manager of general office services at state prison in denying inmate's request for copies of certain documents in inmate's file because inmate did not pay the \$3 fee for the cost of processing the request was not arbitrary and capricious, since manager of general office services checked institutional indigency list for the month and found that inmate's name was not on it.
15. **Booth Newspapers, Inc v Regents of University of Michigan**, 93 Mich App 100 (1979)
Board's contention that the disclosure of audit reports would produce an unwarranted invasion of personal privacy is an affirmative defense. The burden of proving that defense is on defendant. Board not entitled to summary judgment on pleadings alone.
16. **Penokie v Michigan Technological University**, 93 Mich App 650 (1979)
Disclosure of the names and salaries of employees of the defendant university is not a "clearly unwarranted" invasion of personal privacy under the Freedom of Information Act.
17. **Bredemeier v Kentwood Board of Education**, 95 Mich App 767 (1980)
The Freedom of Information Act does not require that information be recorded by a public body, but if it is, it must be disclosed. Attorney fees, costs, and disbursements are awarded to prevailing party under the Act. However, to prevail, party must show, at a minimum, that prosecution of action could reasonably have been regarded as necessary, and action had causative effect on delivery of information. Lack of court-ordered disclosure precludes award of punitive damages under the Act.
18. **Nabkey v Kent Community Action Program**, 99 Mich App 480 (1980)
Under the Freedom of Information Act, plaintiff, as prevailing party, is entitled to reasonable attorneys' fees, costs, and disbursements. Since plaintiff was not represented by an attorney, no award of attorneys' fees was possible.
19. **Jordan v Martimucci**, 101 Mich App 212 (1980)
For plaintiff to prevail in action for punitive damages under the Freedom of Information Act, the plaintiff must demonstrate that disclosure of information was result of court order and that defendant acted arbitrarily and capriciously in failing to timely comply with the disclosure request.
20. **Blue Cross/Blue Shield v Insurance Bureau**, 104 Mich App 113 (1981), lv den
Information may be revealed under the Freedom of Information Act despite claim of exemption. Decision to deny disclosure of exempt records is committed to discretion of agency and should not be disturbed unless abuse of discretion is found. Trade secret exemption does not apply to information required by law or as a condition of receiving a government contract, license, or benefit.
21. **Schintel v Wilkerson**, 110 Mich App 600 (1981), lv den
A plaintiff appearing in propria persona who prevails in an action commenced pursuant to the Freedom of Information Act is entitled to an award of his or her actual expenditures, but is not entitled to an award of attorney fees.
22. **Local 79 v Lapeer County Hospital**, 111 Mich App 441 (1981)
The circuit court is the proper forum to seek relief from a violation of the Freedom of Information Act.
23. **Ridenour v Dearborn Board of Education**, 111 Mich App 798 (1981)
Public disclosure of performance evaluation of school administrators is not an invasion of privacy as defined by the Freedom of Information Act because people have a strong interest in public education and because taxpayers are increasingly holding administrators accountable for expenditures of tax money.

- 24. Palladium v River Valley School District**, 115 Mich App 490 (1982), lv den
The Freedom of Information Act does not prevent the disclosure of the names of students suspended by school board action.
- 25. Cashel v Smith**, 117 Mich App 405 (1982), lv den
Depositions may sometimes be appropriate in Freedom of Information Act cases, but they must be justified. The Legislature intended that the flow of information from public bodies and persons should not be impeded by long court process.
- 26. Ballard v Department of Corrections**, 122 Mich App 123 (1982), lv den
A film made by the Department of Corrections showing a prisoner being forcibly removed from his prison cell is a public record and must be disclosed.
- 27. Perlongo v Iron River TV**, 122 Mich App 433 (1983)
The Freedom of Information Act does not apply to a nonstock, nonprofit corporation that was not created by state or local authority.
- 28. Pennington v Washtenaw County Sheriff**, 125 Mich App 556 (1983)
Once a request is made under the Freedom of Information Act, the public body has a duty to either provide access to or release copies of the records sought unless they are exempt from disclosure.
- 29. Bechtel v Treasury Department**, 128 Mich App 324 (1983), lv den
The Freedom of Information Act applies to the State Tax Tribunal. Also, where the requested information contains exempt and nonexempt material, the exempt material should be deleted in order to allow for the release of the nonexempt sections.
- 30. Dawkins v Civil Service Department**, 130 Mich App 669 (1983), lv den
By prevailing on part of a claim under the Freedom of Information Act, the plaintiff was entitled to an award of all attorney fees, costs, and disbursements incurred during the trial and the appeal.
- 31. Mullin v Detroit Police Department**, 133 Mich App 46 (1984)
The court found that the Detroit Police Department was justified in withholding their traffic accident computer tape because: (a) the tape contained private and potentially embarrassing private facts; and, (b) the nonprivate information was available in other forms.
- 32. Hoffman v Bay City School District**, 137 Mich App 333 (1984), lv den
An attorney hired to undertake an investigation for a public body is not a public body and, thus, is not required to turn over a personal investigatory file under the Freedom of Information Act. Also, a public body has no duty to create a record.
- 33. Capitol Info Assn v Ann Arbor Police Dept**, 138 Mich App 655 (1984)
A request for a copy of “all correspondence with all federal law enforcement/ investigative agencies . . . pertaining to persons living in Ann Arbor, Michigan” was found “absurdly overbroad”. The public body was not required to comply.
- 34. Soave v Department of Education**, 139 Mich App 99 (1984)
Under the Federal Rehabilitation Act regulations, records that may be harmful to a former participant in the vocational rehabilitation program can be withheld. This is sufficient to withhold those same records under the “exempted from disclosure by statute” exemption (section 13(1)(d) of the Freedom of Information Act).
- 35. Cashel v University of Michigan Regents**, 141 Mich App 541 (1985)
The Freedom of Information Act requires that a public body furnish “a reasonable opportunity for inspection and examination of its public records.” A request to access extremely large quantities of documents was found to be an excessive and unreasonable interference with the public body’s function and, therefore, access could be limited to a reasonable length of time.
- 36. Paprocki v Jackson Clerk**, 142 Mich App 785 (1985), reconsideration den
The county in which a prisoner is incarcerated is not the county in which a suit may be brought under the Freedom of Information Act. Jurisdiction for such a suit, where the prisoner “resides”, refers to the place where the prisoner last lived before being sent to prison. (See the **Curry** case below.)
- 37. Milford v Gilb**, 148 Mich App 778 (1985)
Documents pertaining to the city’s urban renewal projects must be disclosed because the city failed to show that the documents were: (a) other than purely factual material; and (b) preliminary to a final determination of policy or action. Even if these two requirements had been met, the public body’s interest in frank communication must outweigh the public interest in disclosure.

38. Curry v Jackson Circuit Court, 151 Mich App 754 (1986)

The term “resides”, as used in section 10(1) of the Freedom of Information Act, means a person’s legal residence or domicile. A prisoner may establish the county in which the prison is located as his or her legal residence or domicile.

39. Health Central v Commissioner of Insurance, 152 Mich App 336 (1986)

Nondisclosure of public records is at the discretion of the public body applying the Freedom of Information Act’s enumerated exceptions. The Act does not confer the right to prevent disclosure and, therefore, a third party must have a basis independent of the Act in order to prohibit the public body from disclosing a public record.

40. DeMaria v Department of Management and Budget, 159 Mich App 729 (1987)

Communications of independent consultants to a public body are not “communications and notes within a public body,” and are, therefore, not exempt under section 13(1)(n) of the Freedom of Information Act.

41. Laracey v Financial Inst Bureau, 163 Mich App 437 (1987), lv den

An attorney representing himself or herself in a Freedom of Information Act claim is not entitled to attorney fees.

42. Walloon Water v Melrose Township, 163 Mich App 726 (1987)

The defendant-township violated the Freedom of Information Act when it disposed of a letter after the plaintiff made a request for it. The court awards plaintiff costs, fees, and punitive damages.

43. Mithrandir v Department of Corrections, 164 Mich App 143 (1987), lv den

Prison can set reasonable restrictions on a prisoner’s right to inspect its public records.

44. Free Press v Oakland Sheriff, 164 Mich App 656 (1987)

Agency is not precluded from raising defenses in court for nondisclosure under the Freedom of Information Act, if defenses not raised at administrative level.

48. Oakland Press v Pontiac Stadium Building Authority, 173 Mich App 41 (1988)

Whichever balancing test suggested by MSEA v Department of Management and Budget is used, the authority must give the names and addresses of the lessees of stadium suites, if claim is made that the release would be a violation of the privacy protections of the Act.

49. Booth Newspapers v Kent County Treasurer, 175 Mich App 523 (1989)

Corporations have no right of privacy in corporate tax records.

50. Payne v Grand Rapids Police, 178 Mich App 193 (1989), lv den

51. Easley v University of Michigan, 178 Mich App 723 (1989), lv den

Court will not order an award or impose sanctions for an agency’s failure to produce a record it cannot locate even if the agency agrees that the record once existed.

52. Post-Newsweek Stations, Michigan, Inc v Detroit, 179 Mich App 331 (1989)

The trial court must do one of the following in analyzing a claim that records are exempt from disclosure:

- 1) Receive complete and particularized justification for nondisclosure; or
- 2) Conduct an in camera, de novo review to determine whether complete, particularized justification for nondisclosure exists; or
- 3) Make the records available to the requesting party’s attorney to inspect in camera under special agreement.

53. Kincaid v Department of Corrections, 180 Mich App 176 (1989)

Department’s denial of a request for a record on the basis that the record did not exist was arbitrary and capricious when department’s own files acknowledged existence of record.

- 54. Booth Newspapers, Inc v Kalamazoo School Dist**, 181 Mich App 752 (1989), lv den
Following the settlement of a tenure action, the disclosure of a tenure proceeding report from which the name of the teacher involved was deleted is not a clearly unwarranted invasion of privacy.
- 55. Tallman v Cheboygan Schools**, 183 Mich App 123 (1990)

- 59. Clerical-Technical Union of Michigan State University v Michigan State University**, 190 Mich App 300 (1991), lv den
The names and addresses of anonymous, and the addresses of non-anonymous, donors to a public university are exempt from disclosure under the privacy exemption of the Freedom of Information Act because the release of that information would constitute a clearly unwarranted invasion of the donors' privacy and disclosure would serve no public interest.
- 60. Lepp v Cheboygan Area Schools**, 190 Mich App 726 (1991)
The privacy exemption of the Freedom of Information Act is inapplicable when the requested information pertains to the party making the request.
- 61. Favors v Department of Corrections**, 192 Mich App 131 (1991), lv den
A worksheet used in determining whether a prisoner should be awarded disciplinary credits is exempt from disclosure because it: (a) contains material that is not purely factual; (b) is only recommendatory, and (c) is preliminary to a final determination. Further, the public interest in keeping this communication private encourages frank discussions within the department of corrections that clearly outweighs the public interest in the worksheet's disclosure.
- 62. Wilson v Eaton Rapids**, 196 Mich App 671 (1992)
A plaintiff in a Freedom of Information Act action may not recover attorney fees or costs when judicial action is not necessary to force the disclosure of the requested documents.
- 63. Yarbrough v Department of Corrections**, 199 Mich App 180 (1993)

- 64. Patterson v Allegan County Sheriff**, 199 Mich App 638 (1993).
A jail inmate's booking photograph is a public record subject to disclosure.

- 78. Nicita v City of Detroit**, 194 Mich App 657 (1992); on rem, 216 Mich App 746 (1996), lv den
The exemption for bids only applies to solicited bids and does not exempt any bid from disclosure after a bid has been selected. - 83. The Herald Co v Ann Arbor Public Schools**, 224 Mich App 266 (1997)
A memorandum containing personal information was disclosable because it addressed a legitimate public concern and the public interest in disclosing observations regarding a teacher convicted of carrying a concealed weapon outweighed privacy interests. The physician-patient privilege applies to attendance and medical records only as to statements made for the purpose of obtaining medical treatment. Records of a discussion with an attorney are disclosable since the interview was adversarial and not for the purpose of obtaining legal advice.

Opinions of the Attorney General Relating to the Freedom of Information Act

The Attorney General has issued numerous Opinions of the Attorney General (OAG) which explain various applications of the Freedom of Information Act. This list of the principal opinions issued is current through July of 1997. Copies of OAGs may be obtained by writing to:

Attorney General Frank Kelley
525 West Ottawa
Law Building, 7th Floor
Lansing, Michigan 48913

Because the Legislature has amended the Freedom of Information Act from time to time after its enactment, the Opinions of the Attorney General interpreting and applying the Act may not pertain to its current provisions. For example, the opinions listed below concerning prisoner requests for public records were rendered under the Act before the amendment that excludes prisoners from the persons entitled to make requests for public records.

1. Unless exempt from disclosure by law, records of the Brown-McNeely insurance fund are public records. Attorney General Opinion No. 5156, p. 66, March 24, 1977.
2. The office of county sheriff is subject to the provisions of the Freedom of Information Act. Attorney General Opinion No. 5419, p. 758, December 29, 1978.
3. Since certain records are protected from disclosure by the Social Welfare Act, they are exempt from disclosure under section 13(1)(d) of the Freedom of Information Act, which section exempts records that are exempted from disclosure by another statute. Attorney General Opinion No. 5436, p. 31, February 1, 1979.
4. The Insurance Commissioner is required to charge a rate for making copies of public records requested in accordance with the Freedom of Information Act. Attorney General Opinion No. 5465, p. 104, March 26, 1979.
5. The following responses to specific inquiries are found in Attorney General Opinion No. 5500, published on July 23, 1979:
 - a. A government agency does not fall within the meaning of "person" for purposes of obtaining information under the Act. p. 261
 - b. The Civil Service Commission is subject to the provisions of the Freedom of Information Act. p. 261
 - c. Since the President's Council of State Colleges and Universities is wholly funded by state universities and colleges, it is a public body as defined by the Freedom of Information Act. p. 262
 - d. A board of trustees of a county hospital may refuse to make available records of its proceedings or reports received and records compiled, if disclosure would constitute a clearly unwarranted invasion of an individual's privacy under section 13(1)(a) of the Act; or if the records disclose medical, counseling, or psychological facts or evaluations concerning a named individual under section 13(m) of the Act; or if disclosure would violate the physician-patient or psychologist-patient privilege under section 13(1)(i) of the Act. p. 263
 - e. Transcripts of depositions taken in the course of an administrative hearing are subject to disclosure to a person who was not a party to the proceeding, as there is no specific exemption in section 13(1) of the Act or any other statute that exempts a deposition or a document referring to the deposition from disclosure. These documents may, however, contain statements that are exempt from disclosure and, therefore, pursuant to section 14 of the Act, where a person who is not a party to the proceeding requests a copy, it will be necessary to separate the exempt material and make only the nonexempt records available. p. 263
 - f. Stenographer's notes or the tape recordings or dictaphone records of a municipal meeting used to prepare minutes are public records under the Act and must be made available to the public. p. 264
 - g. Computer software developed by and in the possession of a public body is not a public record. p. 264
 - h. Although a state university must release a report of the performance of its official functions in its files, regardless of who prepared it, if a report prepared by an outside agency is retained only by the private agency, it is not subject to public disclosure. p. 265
 - i. Copyrighted materials are not subject to the Act. p. 266
 - j. If a public body maintains a file of the names of employees it has fired or suspended over a certain designated period of time, it must disclose the list if requested. p. 268
 - k. A public body may charge a fee for providing a copy of a public record. p. 268
 - l. A request for data that refers to an extensive period of time and contains no other reference by which the public record may be found does not comply with the requirement of section 3 of the Act that the request describe the public record sufficiently to enable the public body to find it. p. 268

- m. The five-day response provision begins the day after the public body has received the request sufficiently describing the public record. If the request does not contain sufficient information describing the public record, it may be denied on that ground. If, subsequently, additional information is provided that sufficiently describes the public record, the period within which the response must be made dates from the time that the additional information is received. p. 269
 - n. A school board may meet in closed session pursuant to the Open Meetings Act to consider matters which are exempt from disclosure under the Freedom of Information Act. p. 270
 - o. The names and addresses of students may be released unless the parent of the student or the student has informed the institution in writing that such information should not be released. p. 281
 - p. A law enforcement agency may refuse to release the name of a person who has been arrested, but not charged in a complaint or information, with the commission of a crime. p. 282
 - q. Since motor vehicle registration lists have not been declared to be confidential, they are required to be open to public inspection. p. 300
6. File photographs routinely taken of criminal suspects by law enforcement agencies are public records as defined by the Freedom of Information Act. To the extent that the release of a photograph of a person would constitute a clearly unwarranted invasion of personal privacy, a public body may refuse to permit a person to inspect or make copies of the photograph. Attorney General Opinion No. 5593, p. 468, November 14, 1979.
 7. The exemption contained in section 13(1)(n) of the Freedom of Information Act for communications and notes within a public body or between public bodies of an advisory nature does not constitute an exemption for the purposes of the Open Meetings Act in view of a specific statutory provision which states that this exemption does not constitute an exemption for the purposes of section 8(h) of the Open Meetings Act. Attorney General Opinion No. 5608, p. 496, December 17, 1979.
 8. The meetings of a board of education expelling a student from school must list a student's name. Unedited minutes must be furnished to the public on request in accordance with law. Attorney General Opinion No. 5632, p. 563, January 24, 1980.
 9. The confidentiality mandated by the Banking Code of 1969 is not limited to facts and information furnished by state chartered banks, but applies to all facts and information received by the Financial Institutions Bureau. Such facts and information are not subject to disclosure pursuant to the Freedom of Information Act. Attorney General Opinion No. 5725, p. 842, June 23, 1980.
 10. Since the Law Enforcement Information Network (LEIN) Policy Council does not receive and maintain records in the LEIN system, it does not possess copies of records and as a result has no material to furnish persons seeking such records under the Freedom of Information Act. Attorney General Opinion No. 5797, p. 1038, October 14, 1980.
 11. A public body is not required to disclose both the questions and answers of a sheriff's promotional test unless the public body finds it in the public interest to disclose both the test questions and answers. Attorney General Opinion No. 5832, p. 1125, December 18, 1980.
 12. Employment records disclosing salary history and employment dates are subject to disclosure under the Freedom of Information Act. Attorney General Opinion No. 6019, p. 507, December 29, 1981.
 13. Copies of receipts maintained by a register of deeds for amounts paid as real estate transfer taxes fall within the mandatory exemption from disclosure established by section 11b of 1966 P.A. 134 and are exempt from disclosure under the Freedom of Information Act. Attorney General Opinion No. 6023, p. 518, January 8, 1982.
 14. A township is not required to enact its own freedom of information act in order to comply with the state Freedom of Information Act. Attorney General Opinion No. 6042, p. 584, February 25, 1982.
 15. A school district must furnish the records of a student upon request of another school district in which the student is enrolled as an incident to the operation of free public elementary and secondary schools required by section 2 of article VIII of the Michigan Constitution of 1963 and is precluded from withholding the records because the student or his or her parents is indebted to the school district possessing the records for fees or other charges. Attorney General Opinion No. 6064, p. 641, April 30, 1982.
 16. Records of a public body showing the number of days a public employee is absent from work are not exempt from disclosure under the Freedom of Information Act. Attorney General Opinion No. 6087, p. 698, July 28, 1982.
 17. A county sheriff may exempt from disclosure "jail booking records" where disclosure would constitute a clearly unwarranted invasion of privacy of a person booked into the county jail. Attorney General Opinion No. 6389, p. 374, September 24, 1986.
 18. State legislators are exempt from the provisions of the Freedom of Information Act. Attorney General Opinion No. 6390, p. 375, September 26, 1986.
 19. The specific exemption of information evaluating worker's compensation magistrates from disclosure under the Freedom of Information Act does not exempt the information from disclosure under any other law that may require disclosure. Attorney General Opinion No. 6504, p. 295, March 4, 1988.

20. The Freedom of Information Act does not apply to private bodies, whether or not primarily funded by or through state or local authority, because the title of the Act refers only to public bodies. Attorney General Opinion No. 6563, p. 27, January 26, 1989.

22. The provision of the Open Meetings Act permitting a public body to meet in closed session for a personnel evaluation is not a statute that specifically describes and exempts the evaluation from disclosure under the Freedom of Information Act so as to exempt the personnel evaluation from disclosure. Evaluations prepared by individual members of a board are subject to disclosure, if there is no intervening deliberative process between the creation of the individual evaluations and the adoption of a final evaluation by the board. Michigan's Open Meetings Act

Public Act No. 267 of 1976, as amended

The following is a general outline and digest of the Open Meetings Act. When asserting any rights under the Open Meetings Act, always refer to the specific provisions of the Act, which are republished immediately following this outline.

Basic Intent:

The basic intent of the Open Meetings Act is to strengthen the right of all Michigan citizens to know what goes on in government by requiring public bodies to conduct nearly all business at open meetings.

Key Definitions:

“**Public body**” means any state or local legislative or governing body, including a board, commission, committee, subcommittee, authority, or council, which is empowered by state constitution, statute, charter, ordinance, resolution, or rule to exercise governmental or proprietary authority or perform a governmental or proprietary function, or a lessee thereof performing an essential public purpose and function pursuant to the lease agreement.

“**Meeting**” means the convening of a public body at which a quorum is present for the purpose of deliberating toward or rendering a decision on a public policy.

“**Closed session**” means a meeting or part of a meeting of a public body which is closed to the public.

“**Decision**” means a determination, action, vote or disposition upon a motion, proposal, recommendation, resolution, order, ordinance, bill or measure on which a vote by members of a public body is required and by which a public body effectuates or formulates public policy.

Coverage:

The coverage of the new law is very broad, including the state Legislature as well as the legislative or governing bodies of all cities, villages, townships, charter townships and all county units of government.

The law also applies to:

- local and intermediate school districts;
- government boards of community colleges, state colleges and universities; and
- special boards and commissions created by law (i.e., public hospital authorities, road commissions, health boards and zoning boards, etc.).

Several public bodies are exempted from the requirements of the act when they are deliberating the merits of a case. They are the Worker's Compensation Appeal Board, the Employment Security Appeals Board, the Michigan Veterans' Trust Fund Board (or a county or district committee when the board of trustees or county or district committee is deliberating the merits of an emergent need), the Teacher Tenure Commission (when acting as a board of review), the Michigan Public Service Commission, and arbitration panels selected by the Employment Relations Commission or under other laws.

The act also does not apply to a meeting of a public body which is a social or chance gathering not designed to avoid the law.

Notification of Meetings:

The law states that within 10 days of the first meeting of a public body in each calendar or fiscal year, the body must publicly post a list stating the dates, times and places of all its regular meetings at its principal office.

If a public body does not have a principal office, the notice would be posted in the office of the county clerk for a local public body or the office of the Secretary of State for a state public body.

If there is a change in schedule, within three days of the meeting in which the change is made, the public body must post a notice stating the new dates, times and places of regular meetings.

Special and Irregular Meetings:

For special and irregular meetings, public bodies must post a notice indicating the date, time and place at least 18 hours before the meetings.

NOTE: A regular meeting of a public body, which is recessed for more than 36 hours, can only be reconvened if a notice is posted 18 hours in advance.

Emergency Meetings:

Public bodies may hold emergency sessions without a written notice or time constraints if the public health, safety or welfare is severely threatened and if two-thirds of the body's members vote to hold the emergency meeting.

Individual Notification of Meetings by Mail:

Any citizen can request that public bodies put them on a mailing list so that they are notified in advance of all meetings. Section 6 of the new law states that:

“Upon the written request of an individual, organization, firm or corporation, and upon the requesting party's payment of a yearly fee of not more than the reasonable estimated cost for printing and postage of such notices, a public body shall send to the requesting party by first-class mail, a copy of any notice required to be posted . . .”.

In addition, upon written request, public bodies are required to send free notices of meetings to newspapers, radio and television stations at the same time that they are required to post those notices.

Closed Meetings:

The law provides for closed meetings in a few specified circumstances. In order for a public body to hold a closed meeting, two-thirds of its members must vote affirmatively in a roll call. Also, the purpose for which the closed meeting is being called has to be stated in the meeting when the roll call is taken.

Closed meetings may be called without a two-thirds vote for the following reasons:

- (1) considering the dismissal, suspension or disciplining of, or to hear complaints or charges brought against a public officer, employee, staff member or individual when the person requests a closed hearing;
- (2) considering the dismissal, suspension or disciplining of a student of a public school when the student or guardian requests a closed hearing;
- (3) strategy and negotiation sessions necessary in reaching a collective bargaining agreement when either party requests a closed hearing; and
- (4) partisan caucuses of the State Legislature.
- (5) for a compliance conference the department of commerce conducts under MCL §333.16231, concerning an investigation of certain licensed medical professionals.
- (6) to conduct searches for a university president, until the board has narrowed the search to 5 candidates.

Other reasons a public body may hold a closed meeting are:

- (1) to consider the purchase or lease of real property;
- (2) to consult with its attorney about trial or settlement strategy in pending litigation, but only when an open meeting would have detrimental financial effect on the public body's position;
- (3) to review the contents of an application for employment or appointment to a public office when the candidate requests the application to remain confidential. However, all interviews by a public body for employment or appointment to a public office have to be conducted in an open meeting; and
- (4) to consider material exempt from discussion or disclosure by state or federal statute.

Minutes of a Meeting:

Minutes must be kept for all meetings and are required to contain:

- (1) a statement of the time, date and place of the meeting;
- (2) the members present as well as absent;
- (3) a record of any decisions made at the meeting and a record of all roll call votes; and
- (4) an explanation for the purpose(s) if the meeting is a closed session.

Except for minutes taken during a closed session, all minutes are considered public records, open for public inspection, and must be available for review as well as copying at the address designated on the public notice for the meeting.

Proposed minutes must be available for public inspection within 8 business days after a meeting. Approved minutes must be available within 5 business days after the meeting at which they were approved.

Corrections in the minutes must be made no later than the next meeting after the meeting to which the minutes refer. Corrected minutes must be available no later than the next meeting after the correction and must show both the original entry and the correction.

Explanation of Minutes of Closed Meeting:

Minutes of closed meetings must also be recorded although they are not available for public inspection and would only be disclosed if required by a civil action. These minutes may be destroyed one year and one day after approval of the minutes of the regular meeting at which the closed session was approved.

Enforcement of the Act:

Under the law, the attorney general, prosecutor or any citizen can challenge in circuit court the validity of a decision of a public body made in violation of its provisions. If a decision is made by the body in violation of the law, that decision can be invalidated by the court.

In any case where an action has been initiated to invalidate a decision of a public body, the public body may reenact the disputed decision in conformity with the act. A decision reenacted in this manner shall be effective from the date of reenactment and will not be declared invalid by reason of a deficiency in the procedure used for its initial enactment.

Penalties Under the Act:

The first time a public official intentionally breaks the law, he or she can be punished by a maximum fine of \$1,000. For a second offense within the same term of office, he or she can be fined up to \$2,000, jailed for a maximum of one year or both. A public official who intentionally violates the act is also personally liable for actual and exemplary damages up to \$500, plus court costs and attorney fees.

A decision reenacted in this manner shall be effective from the date of reenactment and shall not be declared invalid by reason of a deficiency in the procedure used for its initial enactment.

Court Decisions on the Open Meetings Act

Michigan courts have rendered decisions which, when published, become precedent and are the law of the state until changed by a higher court or by the Legislature. The following list contains the principal published decisions of Michigan's appellate courts and is current through July 1997. Court decisions may be obtained in law libraries or from the courts of record at a nominal fee.

Because the Legislature has amended the Open Meetings Act after its enactment, the cases interpreting and applying the Act may not reflect the current law. For example, the cases listed below concerning university presidential searches were decided under the Act before the effective date of the amendment that permits closed meetings at early stages of university presidential searches.

1. In re "Sunshine Law" 1976 PA 267, 400 Mich 660 (1977)

Section of the Open Meetings Act that retains the requirement that the Act applies "to a court while exercising rulemaking authority and while deliberating or deciding upon the issuance of an administrative order" is unconstitutional as intrusion into exercise of constitutionally derived judicial powers.

2. Midland Township v Michigan State Boundary Commission, 401 Mich 641 (1977), reh den, app dis 435 US 1004

An annexation proceeding is not a "contested case" even though the Boundary Commission must hold a public hearing and representatives of a city, village, or township and other persons have a right to be heard at such a hearing before the commission makes its determination. Affording the public an opportunity to be heard on an annexation decision does not create a substantive personal right in the decision which requires procedural protection under the Administrative Procedures Act.

3. Hubka v Department of Corrections, 197 Mich App 117 (1992); rev in part, 443 Mich 864 (1993)

The 60-day period for bringing action to invalidate a decision taken at a meeting closed in violation of the Open Meetings Act did not apply to divest circuit court of jurisdiction to determine that the meeting violated the Act and to require disclosure of the meeting minutes.

4. Booth Newspapers, Inc v University of Michigan Board of Regents, 192 Mich App 574 (1992); rev in part 444 Mich 211 (1993)

A university board of regents must comply with Open Meetings Act requirements in the process of selecting a university president, when conducting interviews, undertaking deliberations, and making decisions about candidates, whether or not a vote is taken.

5. Wexford County Prosecuting Attorney v Pranger, 83 Mich App 197 (1978)

Closed session exceptions of the Open Meetings Act are to be construed strictly to limit the situations that are not open to the public.

6. Esperance v Chesterfield Township, 89 Mich App 456 (1979)

Those seeking to have decision of public body invalidated under the Open Meetings Act must allege not only that the public body failed to comply with the Act, but also that such failure impaired rights of the public.

7. Booth Newspapers, Inc v Regents of University of Michigan, 93 Mich App 100 (1979)

Written opinion of counsel to university board of regents was "material" that need not have been disclosed under the Freedom of Information Act, and, thus, was exempt from open meeting requirement of the Open Meetings Act.

8. Southland Corporation v Liquor Control Commission, 95 Mich App 466 (1980)

Plaintiff's claim that committee had violated the Open Meetings Act because certain committee members' votes were counted although they had not been present for deliberations or for the final vote on the rules was sufficient to withstand a motion for summary judgment for failure to state a claim.

9. Regents of University of Michigan v Washtenaw County Coalition Against Apartheid, 97 Mich App 532 (1980), lv den

The Open Meetings Act permits public body to exclude those who breach the peace at meeting by reconvening at new location, accompanied by notice to general public of new time and location.

10. Arnold Transit Company v City of Mackinac Island, 99 Mich App 266 (1980), aff'd 415 Mich 362 (1982); reh den; app dis 464 US 804; reh den

Rigid adherence to procedural mandate of the Open Meetings Act will not be required if it is clear that a substantial compliance provides realistic fulfillment of the purpose for which the mandate was included in the statute. Public bodies cannot call themselves "committees" to avoid the requirements of the Act.

- 11. Coldwater Township v City of Coldwater**, 101 Mich App 322 (1980)
The State Boundary Commission must notify interested parties of the public hearing on an annexation petition by publication at least seven days before date of hearing, by sending notification by certified mail to clerks of the affected townships, and by giving notice in the manner required by the Open Meetings Act.
- 12. Felice v Cheboygan County Zoning Commission**, 103 Mich App 742 (1981)
Where plaintiff stipulated to dismiss the claim for injunctive relief and abandoned invalidation action, obviating the necessity for the court to make a finding and order such relief, plaintiff has not succeeded in obtaining “relief in the action” so as to allow award of costs and attorney fees under the Open Meetings Act.
- 13. Rochester Board of Education v Michigan State Board of Education**, 104 Mich App 569 (1981)
Where the State Board of Education provided parties with the full panoply of procedural safeguards guaranteed by the Administrative Procedures Act in contested cases, it should not allow parties or nonparties to address it concerning the merits of a contested case at a public meeting, because the Administrative Procedures Act requires that contested cases be decided solely on record evidence.
- 14. Local 79 v Lapeer County Hospital**, 111 Mich App 441 (1981)
The circuit court is the proper forum to seek relief for a violation of the Open Meetings Act.
- 15. Ridenour v Dearborn Board of Education**, 111 Mich App 798 (1981)
The evaluation of the performance of school administrators is not an action that is exempt from the requirements of the Open Meetings Act.
- 16. Palladium Publishing Company v River Valley School District**, 115 Mich App 490 (1982), lv den
The Open Meetings Act requires the naming of a suspended or expelled student at the meeting and in the board’s minutes when a student is expelled or suspended by action of a board of education.
- 17. Perlongo v Iron River TV**, 122 Mich App 433 (1983)
The Open Meetings Act does not apply to a nonstock, nonprofit corporation that was created independent of state or local authority and without the assistance of public funds.
- 18. Menominee County Taxpayers v Menominee Clerk**, 139 Mich App 814 (1984), lv den
When the county clerk, county prosecutor, and probate judge, come together to appoint a county treasurer, pursuant to statute, they constituted a “public body” for purposes of the Open Meetings Act.
- 19. Rasch v East Jordan**, 141 Mich App 336 (1985)
An action under section 13 of the Open Meetings Act must be commenced within 180 days after the date of the violation. Where the 180 days have elapsed, the action is barred.
- 20. Goode v DSS**, 143 Mich App 756 (1985), lv den
A hearing conducted by teleconference over speaker phones where all interested persons are allowed to attend, conforms with the requirements of the Open Meetings Act. Also, the release of a written opinion to the public rather than calling a second hearing to announce the same, would meet the requirements of the Act.
- 21. Cape v Howell Board of Education**, 145 Mich App 459 (1985)
In extending the time period of an option contract, the Board of Education made a “decision” requiring compliance with the Open Meetings Act. Also, the time period for commencing an action under the Open Meetings Act begins to run when the minutes of the meeting in question are approved and made available to the public.
- 22. Crowley v Governor**, 167 Mich App 539 (1988), lv den
Legislative leadership committee does not deliberate on or make decisions regarding legislation or public policy and is not subject to the Open Meetings Act.
- 23. Booth Newspapers v Wyoming**, 168 Mich App 459 (1988)
Public body may not hold closed sessions with attorney under the attorney-client privilege, if the discussion is of nonlegal matters.
- 24. Detroit News v Detroit**, 185 Mich App 296 (1990), lv den
Burden of establishing that a meeting of a public body is exempt from the Open Meetings Act is on the public body.

25. St. Aubin v Ishpeming City Council, 197 Mich App 100 (1992)

An informal canvas by one member of a public body of all the members of the body is not a meeting for purposes of the Open Meetings Act.

26. Jackson v Eastern Michigan University Foundation, 215 Mich App 240 (1996)

A foundation empowered to exercise delegated authority by resolution of a university board of regents is a public body subject to the Open Meetings Act.

27. Meyers v Patchkowski, 216 Mich App 513 (1996)

The public body is a necessary party to an action seeking injunctive relief for noncompliance with the Open Meetings Act.

28. Wilkins v Gagliardi, 219 Mich App 260 (1996)

A person must allege facts that show impairment of public rights when seeking to invalidate a decision made at a legislative meeting held in violation of the Open Meetings Act. The speech or debate clause of the Michigan Constitution of 1963 provides immunity for the chair of a legislative committee in a suit alleging violation of the Act.

29. Federated Publications, Inc v Board of Trustees of Michigan State University, 221 Mich App 103 (1997)

Universities' constitutional autonomy does not preclude application of the Open Meetings Act to university presidential searches.

30. Moore v Fennville Public Schools Board of Education, 223 Mich App 196 (1997)

A public body may arrive at a conclusion as to negotiating strategy at a closed meeting. That conclusion is not a "decision" that the Open Meetings Act requires to be made at an open meeting.

Opinions of the Attorney General Relating to the Open Meetings Act

The Attorney General has issued numerous Opinions of the Attorney General (OAG) which explain various applications of the Open Meetings Act. This list of the principal opinions issued is current through July 1997. Copies of OAGs may be obtained by writing to:

Attorney General Frank Kelley
525 West Ottawa
Law Building, 7th Floor
Lansing, Michigan 48913

Because the Legislature has amended the Open Meetings Act after its enactment, the Opinions of the Attorney General interpreting and applying the Act may not pertain to its current provisions. For example, opinions concerning university presidential searches were rendered under the Act before the effective date of the amendment that permits closed meetings at early stages of university presidential searches.

 - i. To facilitate the orderly conduct of the meeting and communication between persons who wish to address the public body, it is reasonable to require a person to identify himself or herself and give advance indication that he or she wishes to speak. Attorney General Opinion No. 5207, p. 157, June 24, 1977.
4. A board of education may not: (a) deny a person the right to address a meeting of the board on the sole ground that that person is a representative of an organization of board employees; (b) limit the subject and issues that certain persons may cover in the course of addressing the meeting; (c) require persons to exhaust administrative remedies before addressing issues at a public meeting; nor (d) prohibit a person from addressing it on grounds the matter to be addressed is or might be the subject of a closed meeting. Attorney General Opinion No. 5218, p. 224, September 13, 1977.
5. A legislative committee is included within the purview of the Open Meetings Act and may not engage in the practice of "round-robinning" by which votes on a measure are obtained by a member of the committee going to other members and obtaining their signatures on a tally sheet. 6. The Huron River Watershed Council established pursuant to the local river management act is a public body performing a governmental function and must comply with the provisions of the Open Meetings Act. Attorney General Opinion No. 5256, p. 329, January 23, 1978.

11. A political party caucus at which a quorum of the members of the board of county commissioners are present to discuss business that will arise at a meeting of the board is subject to the Open Meetings Act. Attorney General Opinion No. 5298, p. 434, May 2, 1978.

19. The exemption from the Open Meetings Act which permits members of a public body constituting a quorum to attend a conference permits members of the public body to listen to the concerns of members of the public or of persons with special knowledge in the presence of other interested persons. It does not permit public bodies to conduct closed sessions to listen to presentations by department heads and administrators of the public body. Attorney General Opinion No. 5433, p. 29, January 31, 1979.
20. Youth Parole and Review Board proceedings are subject to the Open Meetings Act. Part of the Board proceedings may be closed pursuant to section 8(h) of the Open Meetings Act, however, when confidential records are discussed. Attorney General Opinion No. 5436, p. 31, February 1, 1979.
21. When members of a public body constituting a quorum are unaware that they are being brought together by another, this is a "chance gathering" that is exempt from the provisions of the Open Meetings Act and there is no violation of the Act as long as matters of public policy are not discussed by the members with each other at that meeting. 27. Although a public meeting of a public body need not be held within the boundaries of the governmental unit, such a meeting may not be held at a distance from the governmental unit that would make it difficult or inconvenient for citizens residing in the area served by the public body to attend. Initial members shall be appointed within 6 months after the ordinance establishing the commission is enacted. Members shall be appointed for 3-year terms except the initial appointments of some of the members shall be for less than 3 years so that the initial appointments are staggered and that subsequent appointments do not recur at the same time. Members shall be eligible for reappointment. A vacancy on the commission shall be filled within 60 calendar days by an appointment made by the appointing authority. The ordinance creating the commission may provide procedures for terminating an appointment due to the acts or omissions of the member. The appointing authority of a local unit having a population of 25,000 or more individuals shall appoint at least 2 members from a list of citizens submitted by 1 or more duly organized local historic preservation organizations. A local unit having a population of more than 5,000 individuals but less than 25,000 individuals shall appoint at least 1 member from a list of citizens submitted by 1 or more duly organized local historic preservation organizations. 399.205 Permit required; completed application; certificate of appropriateness or notice to proceed; issuance; permit fee; appeal to review board and circuit court; plan review standards, guidelines, and considerations; scope of review; preservation plan; approval; conditions; public meeting; availability of writings to public; rules of procedure; approval of minor work; finding of demolition by neglect; restoration or modification of work done without permit.

Sec. 5. (1) A permit shall be obtained before any work affecting the exterior appearance of a resource is performed within a historic district or, if required under subsection (4), work affecting the interior arrangements of a resource is performed within a historic district. The person, individual, partnership, firm, corporation, organization, institution, or agency of government proposing to do that work shall file an application for a permit with the inspector of buildings, the commission, or other duly delegated authority. If the inspector of buildings or other authority receives the application, the application shall be immediately referred together with all required supporting materials that make the application complete to the commission. A permit shall not be issued and proposed work shall not proceed until the commission has acted on the application by issuing a certificate of appropriateness or a notice to proceed as prescribed in this act. A commission shall not issue a certificate of appropriateness unless the applicant certifies in the application that the property where work will be undertaken has, or will have before the proposed project completion date, a fire alarm system or a smoke alarm complying with the requirements of the Stille-DeRossett-Hale single state construction code act, 1972 PA 230, MCL 125.1501 to 125.1531. A local unit may charge a reasonable fee to process a permit application.

(2) An applicant aggrieved by a decision of a commission concerning a permit application may file an appeal with the state historic preservation review board within the department. The appeal shall be filed within 60 days after the decision is furnished to the applicant. The appellant may submit all or part of the appellant's evidence and arguments in written form. The review board shall consider an appeal at its first regularly scheduled meeting after receiving the appeal, but may not charge a fee for considering an appeal. The review board may affirm, modify, or set aside a commission's decision and may order a commission to issue a certificate of appropriateness or a notice to proceed. A permit applicant aggrieved by the decision of the state historic preservation review board may appeal the decision to the circuit court having jurisdiction over the historic district commission whose decision was appealed to the state historic preservation review board.

(3) In reviewing plans, the commission shall follow the United States secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 C.F.R. part 67. Design review standards and guidelines that address special design characteristics of historic districts administered by

the commission may be followed if they are equivalent in guidance to the secretary of interior's standards and guidelines and are established or approved by the department. The commission shall also consider all of the following:

(a) The historic or architectural value and significance of the resource and its relationship to the historic value of the surrounding area.

(b) The relationship of any architectural features of the resource to the rest of the resource and to the surrounding area.

(c) The general compatibility of the design, arrangement, texture, and materials proposed to be used.

(d) Other factors, such as aesthetic value, that the commission finds relevant.

(e) Whether the applicant has certified in the application that the property where work will be undertaken has, or will have before the proposed project completion date, a fire alarm system or a smoke alarm complying with the requirements of the Stille-DeRossett-Hale single state construction code act, 1972 PA 230, MCL 125.1501 to 125.1531.

(4) The commission shall review and act upon only exterior features of a resource and, except for noting compliance with the requirement to install a fire alarm system or a smoke alarm, shall not review and act upon interior arrangements unless specifically authorized to do so by the local legislative body or unless interior work will cause visible change to the exterior of the resource. The commission shall not disapprove an application due to considerations not prescribed in subsection (3).

(5) If an application is for work that will adversely affect the exterior of a resource the commission considers valuable to the local unit, state, or nation, and the commission determines that the alteration or loss of that resource will adversely affect the public purpose of the local unit, state, or nation, the commission shall attempt to establish with the owner of the resource an economically feasible plan for preservation of the resource.

(6) Work within a historic district shall be permitted through the issuance of a notice to proceed by the commission if any of the following conditions prevail and if the proposed work can be demonstrated by a finding of the commission to be necessary to substantially improve or correct any of the following conditions:

(a) The resource constitutes a hazard to the safety of the public or to the structure's occupants.

(b) The resource is a deterrent to a major improvement program that will be of substantial benefit to the community and the applicant proposing the work has obtained all necessary planning and zoning approvals, financing, and environmental clearances.

(c) Retaining the resource will cause undue financial hardship to the owner when a governmental action, an act of God, or other events beyond the owner's control created the hardship, and all feasible alternatives to eliminate the financial hardship, which may include offering the resource for sale at its fair market value or moving the resource to a vacant site within the historic district, have been attempted and exhausted by the owner.

(d) Retaining the resource is not in the interest of the majority of the community.

(7) The business that the commission may perform shall be conducted at a public meeting of the commission held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. A meeting agenda shall be part of the notice and shall include a listing of each permit application to be reviewed or considered by the commission.

(8) The commission shall keep a record of its resolutions, proceedings, and actions. A writing prepared, owned, used, in the possession of, or retained by the commission in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(9) The commission shall adopt its own rules of procedure and shall adopt design review standards and guidelines for resource treatment to carry out its duties under this act.

(10) The commission may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The commission shall provide to the delegated authority specific written standards for issuing certificates of appropriateness under this subsection. On at least a quarterly basis, the commission shall review the certificates of appropriateness, if any, issued for work by its staff, the inspector, or another authority to determine whether or not the delegated responsibilities should be continued.

(11) Upon a finding by a commission that a historic resource within a historic district or a proposed historic district subject to its review and approval is threatened with demolition by neglect, the commission may do either of the following:

(a) Require the owner of the resource to repair all conditions contributing to demolition by neglect.

(b) If the owner does not make repairs within a reasonable time, the commission or its agents may enter the

property and make such repairs as are necessary to prevent demolition by neglect. The costs of the work shall be charged to the owner, and may be levied by the local unit as a special assessment against the property. The commission or its agents may enter the property for purposes of this section upon obtaining an order from the circuit court.

(12) When work has been done upon a resource without a permit, and the commission finds that the work does not qualify for a certificate of appropriateness, the commission may require an owner to restore the resource to the condition the resource was in before the inappropriate work or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply with the restoration or modification requirement within a reasonable time, the commission may seek an order from the circuit court to require the owner to restore the resource to its former condition or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply or cannot comply with the order of the court, the commission or its agents may enter the property and conduct work necessary to restore the resource to its former condition or modify the work so that it qualifies for a certificate of appropriateness in accordance with the court's order. The costs of the work shall be charged to the owner, and may be levied by the local unit as a special assessment against the property. When acting pursuant to an order of the circuit court, a commission or its agents may enter a property for purposes of this section.

399.206 Grants, gifts, and programs.

Sec. 6. Standing committee means a permanent body established pursuant to section 14 of Act 169 to conduct the activities of a historic district study committee on a continuing basis.

Stop work order is a written order given by the zoning official to immediately cease all work on a district resource proceeding without a certificate of appropriateness or notice to proceed. Such orders may be served by hand delivery to any person actively engaged in work on the work site, or may be served upon an owner or occupant of the resource by posting a copy on the land or attaching a copy to the building or structure and, in addition, mailing a copy of the order by first-class mail to the owner of the resource at the owner's last known address as shown on the city's most current tax roll.

Work means construction, addition, alteration, repair, moving, excavation, or demolition.

Sec. 31-3. Historic district commission.

- (a) There is hereby established a commission to be known as the Mason historic district commission. The commission shall consist of seven members each of whom shall reside within the city. Members shall be appointed by the mayor with the consent of the city council for three year terms except that the initial terms of some of the members shall be staggered so that subsequent appointments shall not recur at the same time. One member may be selected from the city council to serve ex officio at the discretion of the mayor and with the approval of the city council. The term of a member from the city council shall be stated in the resolution selecting said member, but the term shall not exceed the term of office for said member as member of the city council. At least one member shall be appointed from a list of residents submitted by a duly organized and active historical society if such a list is submitted to the mayor. The commission shall include as a member, if available, a graduate of an accredited school of architecture who has two years of architectural experience or who is an architect registered in the state. A majority of the members shall have a clearly demonstrated interest in or knowledge of historic preservation.
- (b) An appointment shall be made within 60 days to fill a vacancy on the commission.
- (c) The commission shall meet at least once each quarter or more often as required.
- (d) The city zoning official or a designee, shall serve as secretary of the commission.
- (e) The concurring vote of four members of the commission shall be necessary for the approval of an application and for the adoption or modification of preservation guidelines. Other actions of the commission shall require a simple majority of a quorum.
- (f) The commission shall keep a record of its resolutions, transactions, findings and determinations as minutes in accordance with the Michigan Open Meetings Act, MCL 15.26 et seq.

(Ord. No. 143, 5-3-2004)

Sec. 31-4. Commission powers and duties.

The commission established by this chapter shall have the following duties and powers:

- (1) Carry out, assist, and collaborate in studies and programs designed to identify and evaluate additional district resources and historic districts worthy of preservation under this chapter as recommended by a duly appointed historic district study committee.
- (2) Consult with and consider the ideas and recommendations of civic groups, public agencies, and citizens interested in historic preservation.
- (3) Disseminate information to the public concerning those district resources deemed worthy of preservation, and encourage and advise property owners in the protection, enhancement, perpetuation, and use of property of historic, architectural, and archaeological interest.
- (4) Consider methods other than those provided for in this chapter for encouraging and achieving historic preservation, and make appropriate recommendations to the city council and other bodies and agencies, both public and private.
- (5) Establish such policies, rules, and regulations as it deems necessary to administer its duties as herein provided.
- (6) Maintain and use funds obtained by gift or grant from any public or private source to acquire property for preservation purposes and administer such funds and acquisitions in accordance with the purposes herein provided.

(7) Review plans and applications for all permits required by this chapter for any work affecting the exterior appearance of any historic or non-historic resource within a historic district. The commission shall have the power to issue a certificate of appropriateness if it approves of the plans submitted. The commission shall also have the power to issue a denial or a notice to proceed. The commission may authorize the zoning official to review and approve certain types of applications involving minor alterations, additions or repair of district resources, with quarterly review by the commission. The commission shall provide written standards that clearly describe the type of minor work that the zoning official may review and approve.

Sec. 31-5. Permit required; procedure for application review.

- (a) A permit shall be obtained from the zoning official before any work is performed within a historic district affecting the exterior appearance of a resource or affecting the interior arrangements of a resource that will cause visible change to the exterior appearance of a resource.
- (b) Application for a permit for work on any resource in a historic district shall be made to the zoning official before any such work is commenced. If the proposed work requires a permit under other city codes or ordinances, no separate application, permit, or fee shall be required under this chapter, except that the approving authority shall not grant the permit until the commission shall review and approve the application.
- (c) Before an application shall be accepted as complete, the zoning official shall require that plans and elevations, as deemed necessary, be submitted showing the extent of the proposed change to the district resource in question. The zoning official will review the plans and elevations for compliance with the general guidelines and the applicable preservation standards, and will consult with the applicant in order that proper modifications to the plans or elevations may be made. No permit shall be granted by the zoning official until the commission has acted upon the application as prescribed by this chapter. If the application is denied by the commission, the denial is binding upon the building official and no building permit can be issued by the building official.
- (d) The review of any application shall follow the U.S. Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings, as set forth in 36 C.F.R. Part 67. Review standards and guidelines that address special design characteristics of

historic districts administered by the commission may be followed if they are equivalent in guidance to the Secretary of Interior's Standards and Guidelines and are established or approved by the center.

(e) In reviewing applications, the commission shall consider the following:

(1) The historical or architectural value and significance of the structure and its relationship to the historical value of the surrounding area.

(2) The relationship of the exterior architectural features of the structure to the rest of the structure and the surrounding area.

(3) The general compatibility of exterior design, arrangement, texture, and materials proposed to be used.

(4) Other factors, including aesthetic value, which the commission considers pertinent.

(f) The commission shall meet within 45 days after the zoning official has accepted the application as complete to consider the application for approval, denial, or a notice to proceed.

(1) If approval is granted, a certificate of appropriateness shall be issued by the zoning official.

(2) If the commission denies approval of the application, the commission shall create a record of the reasons for denial. The zoning official shall transmit notice of the denial in writing to the applicant by first-class mail, including the reasons for denial and notification of the appeal process. The applicant may make modifications to the application and shall have the right to resubmit the application within 60 days from the date of denial for reconsideration by the commission. No additional fee is required for an application for reconsideration.

(3) The commission may grant a notice to proceed if any of the following conditions prevail and the commission makes a written finding that the proposed work is necessary to substantially improve or correct the conditions:

a. The structure constitutes a hazard to the safety of the public or the occupants.

b. The structure is a deterrent to a major improvement program which will be of substantial benefit to the community.

c. Retention of the structure would cause undue financial hardship to the owner.

d. Retention of the structure would not be in the interest of the majority of the community.

(4) The failure of the commission to take action on an application within 60 days from the date the zoning official accepts the application as complete, unless otherwise mutually agreed upon by the applicant and the commission, shall be deemed to constitute approval and the zoning official shall process the application without regard to a certificate of appropriateness.

(g) Any person jointly or severally aggrieved by a decision of the commission shall have the right to appeal the decision to the state historic preservation review board of the Michigan historical commission within the department of state. The appeal shall be filed within 60 days after the decision is furnished to the applicant. The appellant may submit all or part of the appellant's evidence and arguments in written form. The review board shall consider an appeal at its first regularly scheduled meeting after receiving the appeal but may not charge a fee for considering an appeal. The review board may affirm, modify or set aside a commission's decision and may order a commission to issue a certificate of appropriateness or a notice to proceed. A permit applicant aggrieved by the decision of the state historic preservation review board may appeal the decision to the circuit court having jurisdiction over the historic district commission whose decision was appealed to the state historic preservation review board. Any citizen or duly organized historic preservation organization in the local unit, as well as resource property owners, jointly or severally aggrieved by a decision of the historic district commission may appeal the decision to the circuit court,

except that a permit applicant aggrieved by a decision of the historic district commission may not appeal to the court without first exhausting the right to appeal to the state historic preservation review board.

(h) Deliberate or irresponsible neglect in maintaining, repairing, or securing of a district resource resulting in any of the following conditions shall constitute demolition by neglect and a violation of this chapter:

(1) The deterioration of exterior walls or other vertical supports.

(2) The deterioration of roofs or other horizontal members.

(3) The deterioration or crumbling of exterior plaster or mortar.

(4) The deterioration of exterior chimneys.

(5) The ineffective waterproofing of exterior walls, roofs and foundations, including broken windows and doors.

(6) The deterioration of any other exterior architectural feature so as to create or permit the creation of a hazardous or unsafe condition, or conditions, which, in the judgment of the commission, produces a detrimental effect upon the character of the district as a whole and the life and character of the district resource.

(7) The loss of structural integrity of a resource.

(i) Nothing in this chapter shall be construed to prevent ordinary maintenance or repair of any district resource within a historic district which does not alter the exterior features of a structure or resource; nor shall anything in this ordinance be construed to prevent work on a district resource under a permit issued by the building official prior to the creation of a historic district as provided herein, except as provided in section 31-6(g).

(j) When work has been done upon a resource without a permit, and the commission finds that the work does not qualify for a certificate of appropriateness, the commission may require an owner to restore the resource to the condition the resource was in before the inappropriate work or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply with the restoration or modification requirement within a reasonable time as prescribed by the commission, the commission may seek an order from the circuit court to require the owner to restore the resource to its former condition or to modify the work so that it qualifies for a certificate of appropriateness. The owner shall be liable for reasonable attorneys fees should the city receive an order for relief in the action. If the owner does not comply or cannot comply with the order of the court, the commission or its agents may enter the property and conduct work necessary to restore the resource to its former condition or modify the work so that it qualifies for a certificate of appropriateness in accordance with the court's order. The costs of the work shall be charged to the owner, and may be levied by the city as a special assessment against the property. When acting pursuant to an order of the circuit court, the commission or its agents may enter a property for purposes of this section.

(Ord. No. 142, 5-19-03)

Sec. 31-6. Historic districts--Establishment; study committee; adding, modifying, or eliminating historic districts; permit required in proposed historic district; emergency moratorium.

(a) The city may establish by ordinance one or more historic districts. Before such establishment, the city council shall appoint a historic district study committee. The committee shall contain a majority of persons who have a clearly demonstrated interest in or knowledge of historic preservation and shall contain representation from one or more duly organized local historic preservation organizations. The committee shall do all of the following:

- (1) Conduct a photographic inventory of resources within each proposed historic district following procedures established or approved by the center.
 - (2) Conduct basic research of each proposed historic district and the historic resources located within that district.
 - (3) Determine the total number of historic and non-historic resources within a proposed historic district and the percentage of historic resources of that total. In evaluating the significance of historic resources the committee shall be guided by the selection criteria for evaluation issued by the United States Secretary of the Interior for inclusion of resources in the National Register of Historic Places as set forth in 36 C.F.R. part 60, and criteria established or approved by the center, if any.
 - (4) Prepare a preliminary historic district study committee report that addresses at a minimum all of the following:
 - a. The charge of the committee.
 - b. The composition of the committee membership.
 - c. The historic district or districts studied.
 - d. The boundaries for each proposed historic district in writing and on maps.
 - e. The history of each proposed historic district.
 - f. The significance of each district as a whole as well as a sufficient number of its individual resources to fully represent the variety of resources found within the district relative to the evaluation criteria.
 - (5) Transmit copies of the preliminary report for review and recommendations to the planning commission, to the center, to the state historical commission, and to the state historic preservation review board.
 - (6) Make copies of the preliminary report available to the public pursuant to the Freedom of Information Act.
- (b) Not less than 60 days after the transmittal of the preliminary report, the committee shall hold a public hearing in compliance with the Open Meetings Act. Written notice shall be mailed by first-class mail not less than 14 days before the hearing to the owners of properties within a proposed historic district as listed on the tax rolls of the city.
- (c) After the date of the public hearing, the committee and the city council shall have not more than one year, unless otherwise authorized by the city council, to take the following actions:
- (1) The committee shall prepare and submit a final report with its recommendations and the recommendations, if any, of the planning commission to the city council. If the recommendation is to establish a historic district or districts, the final report shall include a draft of a proposed ordinance or ordinances.
 - (2) After receiving a final report that recommends the establishment of a historic district or districts, the city council, at its discretion, may introduce and pass or reject an ordinance or ordinances. If the city council passes an ordinance or ordinances establishing one or more historic districts, the city shall file a copy of that ordinance or those ordinances, including a legal description of the property or properties located within the historic district or districts, with the register of deeds. The city shall not pass an ordinance establishing a contiguous historic district less than 60 days after a majority of the property owners within the proposed historic district, as listed on the tax rolls of the city, have approved the establishment of the historic district pursuant to a written petition.
- (d) The city may at any time establish by ordinance additional historic districts, including proposed districts previously considered and rejected, may modify boundaries of an existing historic district, or may

eliminate an existing historic district. Before adding, modifying or eliminating a historic district, the city council shall establish a historic district study committee as delineated in section 31-6(a).

(e) If considering the elimination of a historic district, the committee shall follow the procedures set forth in section 31-6(a) to compile a report and conduct a public hearing, but with the intent of showing one or more of the following:

- (1) The historic district has lost the physical characteristics that enabled establishment of the district.
- (2) The historic district was not significant in the way previously defined.
- (3) The historic district was established pursuant to defective procedures.

(f) Upon receipt of substantial evidence showing the presence of historic, architectural, archaeological, engineering or cultural significance of a proposed historic district, the city council may, at its discretion, adopt a resolution requiring that all work within the proposed historic district shall require a permit and be referred to the commission as prescribed in section 31-5. The commission shall review permit applications with the same powers that would apply if the proposed historic district was an established historic district. The review may continue in the proposed historic district for not more than one year, or until such time as the city council approves or rejects the establishment of the historic district by ordinance, whichever occurs first.

(g) If the city council determines that pending work will cause irreparable harm to resources located within an established historic district or a proposed historic district, the city council may by resolution declare an emergency moratorium of all such work for a period not to exceed six months. The city council may extend the emergency moratorium for an additional period not to exceed six months upon finding that the threat of irreparable harm to resources is still present. Any pending permit application concerning a resource subject to an emergency moratorium may be summarily denied.

Sec. 31-7. Established historic districts.

(a) In addition to any other penalty or legal remedy available to the city, any person who violates any provision of this chapter, or any rule or regulation adopted or issued in pursuance hereof, or fails to comply with any proper order issued by the city hereunder within the time limits specified therein, shall, upon conviction of said violation, be responsible for a municipal civil infraction and may be fined not more than \$5,000.00 plus costs of the action as provided by MCL 600.8727. Each act of violation and every day upon which such violation shall occur shall constitute a separate offense punishable by a like penalty. The zoning official is authorized to issue and serve municipal civil infraction citations tickets with respect to any violation of this chapter pursuant to MCL 600.8707.

(b) Any person that violates this chapter may be ordered by the court to pay the costs to restore or replicate a resource unlawfully constructed, added to, altered, repaired, moved, excavated, or demolished.
