REPORT OF AUDIT OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2007

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Council
Township of Mount Laurel
Mount Laurel, New Jersey 08054

We have audited the accompanying statements of assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the Township of Mount Laurel, in the County of Burlington, State of New Jersey as of December 31, 2007 and 2006, and the related statements of operations and changes in fund balance-- regulatory basis for the years then ended, and the related statement of revenues-- regulatory basis, statement of expenditures-- regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31, 2007. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial statements previously referred to have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

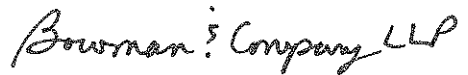

In our opinion, because of the effects on the financial statements of the requirement that the Township prepare its financial statements in accordance with the accounting practices discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Mount Laurel, in the County of Burlington, State of New Jersey, as of December 31, 2007 and 2006, or the results of its operations and changes in fund balance for the years then ended.

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the Township of Mount Laurel, in the County of Burlington, State of New Jersey, as of December 31, 2007 and 2006, and the results of its operations and changes in fund balance-- regulatory basis of such funds for the years then ended, and the revenues-- regulatory basis, expenditures-- regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2007 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated July 7, 2008 on our consideration of the Township of Mount Laurel, in the County of Burlington, State of New Jersey's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Mount Laurel's basic financial statements. The accompanying supplementary financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and
Members of the Township Council
Township of Mount Laurel
Mount Laurel, New Jersey 08054

We have audited the financial statements (regulatory basis) of the Township of Mount Laurel, in the County of Burlington, State of New Jersey, as of and for the year ended December 31, 2007, and have issued our report thereon dated July 7, 2008 which indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Mount Laurel's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey such that there is more than a remote likelihood that a misstatement of the Township's financial statements that is more than inconsequential will not be prevented or detected by the Township's internal control over financial reporting. We consider the deficiencies described in the accompanying Schedule of Findings and Recommendations to be significant deficiencies in internal control over financial reporting: 2007-2, 2007-3 and 2007-4.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be presented or detected by the Township's internal control. Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Mount Laurel's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs which are described in the accompanying Schedule of Findings and Recommendations as findings no.: 2007-1, 2007-2 and 2007-3.

The Township of Mount Laurel's response to the findings identified in our report is described in the accompanying Schedule of Findings and Recommendations. We did not audit the Township of Mount Laurel's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the management of the Township, the Division of Local Government Services, Department of Community Affairs, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF MOUNT LAUREL
Notes to Financial Statements
For the Year Ended December 31, 2007

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Financial Reporting Entity - The Township of Mount Laurel was incorporated in 1872 and is located in southwest New Jersey approximately fifteen miles east of the City of Philadelphia. The population according to the 2000 census is 40,221.

The Township has a Mayor-Council form of government. The Council is comprised of five members elected in alternating years by popular vote. The Mayor and Deputy Mayor are elected by Council. Executive and administrative responsibility rests with the Mayor, who is assisted by the Township Manager.

Component Units - The financial statements of the component units of the Township of Mount Laurel are not presented in accordance with Governmental Accounting Standards Board Statement No. 14. If the provisions of GASBS No. 14 had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the Township, the primary government:

Mount Laurel Municipal Utilities Authority
1201 S. Church Street
Mount Laurel, New Jersey 08054

Mount Laurel Free Public Library
100 Walt Whitman Avenue
Mount Laurel, New Jersey 08054

Annual financial reports may be inspected directly at the offices of these component units during regular business hours.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Township of Mount Laurel contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Township of Mount Laurel accounts for its financial transactions through the use of separate funds which are described as follows:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Budgets and Budgetary Accounting - The Township of Mount Laurel must adopt an annual budget for its current fund in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

The cash management plan adopted by the Township of Mount Laurel requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a Statement of General Fixed Assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage or theft.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Liens Sold for Other Governmental Units - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Fund Balance - Fund Balances included in the current fund represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Burlington, Township of Mount Laurel School District, Lenape Regional High School District, Township of Mount Laurel Fire District and Township of Mount Laurel Open Space Fund. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The municipality is responsible for levying, collecting and remitting school taxes for the Township of Mount Laurel School District and the Lenape Regional High School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31 and for the regional high school district the Township's share of the amount required to be raised by taxation for the period from July 1 to June 30, increased by the amount deferred at December 31, 2006 and decreased by the amount deferred at December 31, 2007.

County Taxes - The municipality is responsible for levying, collecting and remitting county taxes for the County of Burlington. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Fire District Taxes - The municipality is responsible for levying, collecting, and remitting Fire District Taxes for Township of Mount Laurel Fire District. Operations are charged for the full amount required to be raised by taxation to support the districts for the year.

Municipal Open Space Taxes - The municipality is responsible for levying, collecting, and remitting Municipal Open Space Taxes for the Township of Mount Laurel Municipal Open Space Trust Fund. Operations are charged for the full amount required to be raised by taxation to support the Open Space Trust Fund for the year. The Municipal Open Space Tax was established by referendum in 1998 and tax assessment commenced in 1999 and is to continue for a total of twenty years. The Municipal Open Space Tax has been amended by subsequent referendums and is scheduled to expire in 2023.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-Term Debt, relative to the acquisition of capital assets, is recorded as a liability in the General Capital Fund. Where an improvement is a "local improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Note 2: **CASH AND CASH EQUIVALENTS**

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. The Township of Mount Laurel contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System and the Police and Firemen's Retirement System, which are administered by the New Jersey Division of Pensions and Benefits. These plans provide retirement, death and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B for the PERS and N.J.S.A. 43:16A and 43:3B for the PFRS. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System are required to contribute 5% of their annual covered salary. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. The Township is billed annually for its normal contribution plus any accrued liability.

Note 9: COMPENSATED ABSENCES

Full-time employees are entitled to fifteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward to the subsequent year. Vacation days not used during the year may not be accumulated and carried forward.

The Township of Mount Laurel compensates employees for unused sick leave upon termination or retirement. The current policy provides one compensated day for every two days accumulated. There is a maximum pay-out of fifty days pay, and is paid at the rate of pay upon termination or retirement.

The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2007, accrued benefits for compensated absences are valued at \$533,455.10.

Note 10: DEFERRED COMPENSATION SALARY ACCOUNT

The Township offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Township's financial statements.

Note 11: LENGTH OF SERVICE AWARD PROGRAM

The Township's Length of Service Awards Program (LOSAP) was created by a Township Ordinance adopted on June 20, 2005 pursuant to Section 457 (e)(11)(13) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the Length of Service Award Program as enacted into federal law in 1997. The voters of the Township of Mount Laurel approved the adoption of the LOSAP at the general election held on November 8, 2005, and the first year of eligibility for entrance into the LOSAP by qualified volunteers was calendar year 2006. The LOSAP provides tax deferred income benefits to active volunteer firefighters and emergency medical personnel.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the LOSAP, the balances and activities of the LOSAP are not reported in the Township's financial statements.

As required by N.J.A.C. 5:30-14.49, the Township must have an annual review of its LOSAP performed in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. As of the date of the audit, the review has not been completed.

Although the Township had an appropriation in the 2007 budget for \$80,000.00, the costs for the year were \$54,413.30.

Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year. A bond year is defined, at the option of the issuing entity, as either the date of the first anniversary of bond settlement or the issuing entity's fiscal year end.

The Township of Mount Laurel issued bonds subject to interest rebate as follows:

However, the Township of Mount Laurel has prepared annual rebate calculations for purposes of determining any contingent liability for rebate for all required issues above. The calculation for the General Obligation Bonds, Series 2002 has not been made as of December 31, 2007. It is anticipated that when such calculation is made, the liability, if any, will be appropriated in the general budget.

Note 20: LITIGATION

The Township is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Township, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements. However, one proceeding which could be material to the Township may be mediated and any damages could be resolved over several years. In addition another case involving the Township's zoning power is presently scheduled for a hearing to dismiss the complaint, however, no formal action has resulted as of the date of this audit.

There are several 2006 and 2007 tax appeals pending determination by the Tax Court. These appeals may result in the Township refunding taxes, however, that amount has not been determined.

PART 2

SCHEDULE OF FINDINGS AND RECOMMENDATIONS

FOR THE YEAR ENDED DECEMBER 31, 2007

TOWNSHIP OF MOUNT LAUREL
Schedule of Findings and Recommendations
For the Year Ended December 31, 2007

Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards and with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Finding No. 2007-1

Condition

The ordinance for recreation department fees assigns a reasonable fee for services rather than specific amounts.

Criteria

Fees should be collected in accordance with specific amounts as stated in an ordinance, resolution or state statutes.

Effect

Without a specific fee schedule, residents could be over or under charged for recreation services.

Cause

When the ordinance was originally passed there was some uncertainty as to the amount to charge for services, and therefore, a specific fee schedule was not adopted.

Recommendation

That the Township adopt a specific fee ordinance for the department of recreation.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

Schedule of Financial Statement Findings (Cont'd)

Finding No. 2007-2

Condition

Several construction code permits were assessed incorrect fees.

Criteria

Fees for construction code permits are established in the Uniform Construction Code Fee Schedule and by local ordinance.

Effect

In two particular instances, the department overcharged for plumbing and fire permits.

Cause

Although the department implemented procedures for review of all permits charged, incorrect fees were assessed by the computer software, due to either human error or software errors.

Recommendation

That the Community Development department implements better controls to ensure accuracy of fees charged.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

Finding No. 2007-3

Condition

The Township ordinance for payment of claims was not strictly adhered to.

Criteria

Payment of bills should only be paid in accordance with the Township's adopted ordinance.

Effect

Noncompliance with payment of claims ordinance, may allow a breakdown in controls over the purchasing and payment process..

Cause

A petty cash account was not properly used for incidental purchases. A non-incidental purchase was paid from the petty cash account and also submitted to the finance office for reimbursement with the intent to replenish the petty cash account.

Recommendation

That all departments adhere to the ordinance related to payment of claims and procedures established for petty cash.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF MOUNT LAUREL
Schedule of Findings and Recommendations
For the Year Ended December 31, 2007

Schedule of Financial Statement Findings (Cont'd)

Finding No. 2007-4

Condition

There are excess funds in the payroll and payroll agency accounts.

Criteria

As a function of effective internal controls, an accurate analysis must be maintained to ensure that balances in the account and payments to various agencies are for the correct amount.

Effect

The analysis of payroll deductions payable at December 31, 2007 did not reconcile to disbursements made to various agencies in January 2008. Without an accurate analysis, there is an increased possibility that various overages and shortages in payroll deductions can go undetected and uncorrected. As a result, there appears to be excess unallocated funds.

Cause

In prior years, the finance office did not have sufficient time to prepare the analysis or reconcile the balance on a timely basis due to a weekly payroll and lack of personnel. However, during 2006 and 2007, the account was reconciled and an analysis presented. The finance office is in the process of clearing the accumulated unallocated funds.

Recommendation

That the accumulated differences in the payroll and payroll agency accounts be researched and resolved.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.
