Re: Mount Laurel Township, Burlington County, NJ - Access to Vios®

Dear Mr. Poole:

This office represents Mount Laurel Township, New Jersey. Week after week, Township residents approach the Mayor and Township Council questioning why some portions of the municipality have access to Verizon Vios® when others do not. While the Township recognizes it cannot happen overnight, Mount Laurel seeks speedy access for all of our residents and businesses.

Mount Laurel thrives as a suburban community minutes from Philadelphia, Pennsylvania with a base population of approximately 45,000 that nearly triples each business day. The Township has more than 30 hotels which feed Philadelphia and the military infrastructure within the Township and in nearby Joint Base McGuire-Dix-Lakehurst. There is clearly a market for your services.

Installation and access to Vios provides Mount Laurel residents with market-driven opportunities to select internet, television and phone services. The Township sees Vios as a viable alternative for its residents. As such, please contact me, and share with me, Verizon's plans and timetables for providing access to the entire community so that each of our residents and businesses will have the opportunity to make individual purchase options regarding their technology provider.

We look forward to hearing from you.

Very truly yours,

GEORGE M. MORRIS
