CONSTRUCTION ON MARNE HIGHWAY AND HARTFORD ROAD

Mount Laurel, NJ --- On Monday March 28th construction will take place at the intersection of Marne Highway and Hartford Road.

Traffic across the Marne Highway intersection will remain closed in either direction during the construction period. Additionally, Hartford Road between Centerton Road and Marne Highway will remain closed. Four police officers will be on location to guide traffic.

During construction there will be local access allowed to Marne Highway by making a left turn from Briggs Road. Residents will also have access to Marne Highway by making a right turn from northbound on Hartford Road.

The project will start at 7:00 AM and conclude at 5:00 PM. Residents will begin to see message boards and pre construction signage starting today.
