WETLANDS MAP

The <u>New Jersey Department of Environmental Protection</u> holds exclusive jurisdiction over wetlands. Please follow the below instructions to access the NJDEP Geo Web. There you can view the GIS map of wetlands on any NJ address.

DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF GIS

<u>NJ-Geo Web</u>

1. In your internet search bar type **NJ-GeoWeb.** The first result is "**NJ-GeoWeb – Bureau of GIS**". Click that link.

2. Click "**Launch GeoWeb**"

3. Click "**ok**"

4. Enter the address in question – upper left "**find address or place**"

5. Click "**layers**" icon – this icon is in the blue bar at the top of the page, second from the right looks like stacked papers

6. From that dropdown click "**Land**" (8th from the top)

7. From that dropdown click "**wetlands (2012)**"

NJ-GeoWeb

The New Jersey DEP has developed the next generation of NJ-GeoWeb on the ArcGIS Online platform.

This application provides users access to NJDEP GIS data on the internet. Users can view, query and analyze the Department's GIS data with related environmental information. One major enhancement is the ability to upload Shapefiles from a local drive, and data from other sources for viewing within the application.

Note: As of July 31, 2020 the application has been upgraded to a new platform. We have put together a Quick Start Guide to help you to get familiar with our new product.

Please review the disclaimer regarding the data.
