

HONOR HEIGHTS *Park*

Birds, Blooms & Butterflies

- Over 130 acres of lawn, flowers, trees, ponds and walking paths preserved for the enjoyment of residents and half a million visitors
- Picnic tables and resting benches are scattered throughout the park
- Annual events include the Azalea Festival in the spring, the Garden of Lights in December and Symphony in the Park
- Gift shop and snack bar are open during events
- Restrooms and drinking fountains in two locations near the big pond

The citizens of Muskogee and the surrounding area consider the park their own and take great pride in the memories they have made here.

Thanks to the generosity of individuals and civic organizations the beautification of Honor Heights Park continues every year. Trees in the Arboretum, sidewalks, plants, park benches, the Splash Park and the Eagle Statue are only a few examples of how citizens have contributed to make Honor Heights their park.

To volunteer to be an Honor Heights Park docent in the spring, to work on a crew, or for other park opportunities call or email Muskogee Parks and Recreation.

Tax Deductible Contributions can be made to the Muskogee Parks Development Fund, 837 East Okmulgee, Muskogee OK 74403 for benches, memorial trees, plants, the butterfly house, irrigation, paddleboats, water fountains or other projects. Please include your contact information.
