## **New Bern Parks and Recreation Needs Assessment**

Needs assessments have been used to gain input from the community on new facilities, parks, programs, amenities, and special events. The information gathered from these assessments are used to prioritize goals and objectives and to secure support for funding of projects. These assessments are reviewed on a periodic basis. The department has undertaken the following assessments:

- Community Needs Assessment (2013)
  - *Mailed and online survey*
- City of New Bern Parks and Recreation Master Plan Public Survey and Needs Assessment (In Progress)
  - *Mailed and online survey*
- Skate Park Survey (2021)
  - *Online survey*
- Duffyfield Community Stormwater Enhancements & Park Project (2022)
  - *Community Meetings*
- Stanley White Recreation Center Engagement Survey (2021)
