(ORC 1.45)

202.04 REVIVOR; EFFECT OF RE-ENACTMENT, AMENDMENT OR REPEAL.

(a) The repeal of a repealing provision of the Codified Ordinances does not revive the provision originally repealed nor impair the effect of any saving clause therein.

(ORC 1.57)

(b) The re-enactment, amendment, or repeal of a provision of the Codified Ordinances does not, except as provided in division (c) of this section:

(1) Affect the prior operation of the provision or any prior action taken thereunder;

(3) Affect any violation thereof or penalty, forfeiture or punishment incurred with respect thereto, prior to the amendment or repeal;

(4) Affect any investigation, proceeding or remedy with respect to any such privilege, obligation, liability, penalty, forfeiture or punishment; and the investigation, proceeding or remedy may be instituted, continued or enforced, and the penalty, forfeiture or punishment imposed, as if the provision had not been repealed or amended.

202.05 CONSTRUCTION OF SECTION REFERENCES.

(a) Whenever in one section reference is made to another section hereof, the reference shall extend and apply to the section referred to as subsequently amended, revised, recodified, or renumbered, unless the subject matter be changed or materially altered by the amendment or revision.

(ORC 1.55)

(b) If a section refers to a series of numbers or letters, the first and the last numbers or letters are included.
(ORC 1.56)

(c) Wherever in a penalty section reference is made to a violation of a section or an inclusive group of sections, or of divisions or subdivisions of a section, such reference shall be construed to mean a violation of any provision of the section, sections, divisions or subdivisions included in the reference.

(d) References in these Codified Ordinances to action taken or authorized under designated sections of these Codified Ordinances include, in every case, action taken or authorized under the applicable legislative provision which is superseded by these Codified Ordinances.
(ORC 1.23)

202.06 CONFLICTING PROVISIONS; CONFLICTS OF LAWS.

(a) If there is a conflict between figures and words in expressing a number, the words govern.
(ORC 1.46)

(b) If a general provision conflicts with a special or local provision, they shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision, unless the general provision is the later adoption and the manifest intent is that the general provision prevail.
(ORC 1.51)

(c) If ordinances enacted at different meetings of Council are irreconcilable, the ordinance latest in date of enactment prevails.

(d) If amendments to the same ordinance are enacted at different meetings of Council, one amendment without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are substantively irreconcilable, the latest in date of enactment prevails. The fact that a later amendment restates language deleted by an earlier amendment, or fails to include language inserted by an earlier amendment, does not of itself make the amendments irreconcilable. Amendments are irreconcilable only when changes made by each cannot reasonably be put into simultaneous operation.
(ORC 1.52)

202.07 DETERMINATION OF LEGISLATIVE INTENT.

(a) In enacting an ordinance, it is presumed that:

- (1) Compliance with the Constitutions of the State and of the United States is intended;
 - (2) The entire ordinance is intended to be effective;
 - (3) A just and reasonable result is intended;
 - (4) A result feasible of execution is intended.
- (ORC 1.47)

(b) An ordinance is presumed to be prospective in its operation unless expressly made retrospective.

(ORC 1.48)

(c) If an ordinance is ambiguous, the court, in determining the intention of Council, may consider, among other matters:

- (1) The object sought to be attained;
 - (2) The circumstances under which the ordinance was enacted;
 - (3) The legislative history;
 - (4) The common law or former legislative provisions, including laws upon the same or similar subjects;
 - (5) The consequences of a particular construction;
 - (6) The administrative construction of the ordinance.
- (ORC 1.49)

202.08 SEVERABILITY.

If any provision of a section of the Codified Ordinances or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the section or related sections which can be given effect without the invalid provision or application, and to this end the provisions are severable.

(ORC 1.50)

202.99 GENERAL PENALTY.

Whenever, in the Codified Ordinances or in any ordinance of the Municipality, any act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever the doing of any act is required or the failure to do any act is declared to be unlawful, the commission or performance of such act, or the failure to commit or perform such act, as required, shall, unless another penalty is provided, be deemed a minor misdemeanor and the offender shall be fined not more than one hundred dollars (\$100.00) for each offense. A separate offense shall be deemed committed each day during or on which a violation or noncompliance occurs or continues, unless otherwise provided.

CHAPTER 204
Official Standards

EDITOR'S NOTE: The State of Ohio operates on Eastern Daylight Savings Time from 2:00 a.m. of the first Sunday in April until 2:00 a.m. of the last Sunday in October. Congress, on March 22, 1966, passed the Uniform Time Act requiring uniform observance throughout the nation of Daylight Savings Time starting in 1967, except that a state legislature could exempt the entire state from Daylight Savings Time or divide a state into not more than two parts, each with a different time standard. The Ohio legislature, through inaction, has elected to observe Eastern Daylight Savings Time throughout the State of Ohio.

On August 8, 2005, the Energy Policy Act of 2005 was enacted. This Act changed the time change dates for Daylight Saving Time in the United States. Beginning in 2007, the State of Ohio begins Daylight Saving Time at 2:00 a.m. on the second Sunday in March and reverts to standard time at 2:00 a.m. on the first Sunday in November. The Secretary of Energy will report the impact of this change to Congress. Congress retains the right to resume the 2005 Daylight Saving Time schedule once the Department of Energy study is complete.

There are no sections in Chapter 204. This chapter has been established to provide a place for cross references and any future legislation.

**210.01 POLICY AND PROCEDURE FOR PROCUREMENT OF
PROFESSIONAL DESIGN SERVICES.**

(a) A policy for the selection of professional architects, engineers and surveyors, in order to provide professional design or construction management services to the Village, is hereby adopted, as set forth below.

(b) This policy does not apply to any project with an estimated professional design fee of less than fifty thousand dollars (\$50,000) or to any project determined by Council to be an emergency requiring immediate action, including, but not limited to, any projects requiring multiple contracts let as a part of a program requiring a large number of professional design firms of the same type.

**VILLAGE OF NORTHFIELD POLICY AND PROCEDURE
FOR PROCUREMENT OF PROFESSIONAL DESIGN SERVICES**

A. PREQUALIFICATION PROCEDURE:

The Village of Northfield, Ohio, through its Mayor, will request qualification statements from any interested professional architects, engineers and surveyors to provide professional design or construction management services. The request will be published in newspapers of general circulation as chosen by the Mayor and requests will be sent directly to firms that are known to have a direct interest in providing such services.

“Qualifications” means all of the following:

1. Competence of the professional designer or firm to perform the required professional design services as indicated by the technical training, education and experience of the firm's personnel, especially the technical training, education and experience of the employees within the firm who would be assigned to perform the services;
2. Ability of the firm in terms of its work load and the availability of qualified personnel, equipment and facilities to perform the required professional design services competently and expeditiously;
3. Past performance of the firm as reflected by the evaluations of the previous clients with respect to such factors as control of costs, quality of work and meeting of deadlines;
4. Past performance and current performance on previous Village of Northfield contracts; and
5. Any other similar factors deemed relevant by the Village of Northfield.

The qualification statements submitted by the professionals should contain information based upon the format set forth in Appendix A - “Qualifications-Based Selection Statement Criteria,” which is set forth below. A firm that submits a statement that does not include all of the requested information will be deemed to be unqualified. The Village of Northfield may also ask any professional to supplement its statement if deemed necessary.

Qualification statements will be accepted at any time from any firm, as other firms become aware of this policy.

Professional design firms deemed prequalified by the Village of Northfield must submit an update of the statement annually in order to remain qualified.

B. PRE-DESIGN PHASE AND ANNOUNCEMENT:

The Village of Northfield, through its Mayor, will conduct a pre-design phase for all contracts available for professional design services for specific projects in order to determine the project scope of services and requirements, the project schedule, the conceptual schematic design, the project budget, and, if appropriate, soil boring and testing and other analysis. The Village Engineer and any other designee of the Mayor may be involved in the pre-design phase.

Upon completion of the pre-design phase, the project shall be announced as follows:

1. The announcement of the project requirements and scope of services shall be made in a uniform and consistent manner in advance of the time that the proposals are received.
2. The announcement shall include a description of the project, a statement of the specific professional design service required, and a description of the qualifications required for the project, and shall generally follow the format set forth in Appendix B - "Public Announcement," which is set forth below.
3. The announcement shall indicate how qualified professional design firms may submit a proposal or statement of qualifications in order to be considered for a contract to design the project.
4. The announcement shall be sent to either of the following:
 - a. Each professional design firm that has a current statement of qualifications on file and is qualified to perform the required, professional design services;
 - b. Architect, landscape architect, engineer and surveyor trade associations, the news media and any publications or other public media that the Mayor of the Village of Northfield considers appropriate.

C. SELECTION PROCESS:

For every professional design services contract, the statements of qualifications for professional design firms shall be reviewed and evaluated upon submission.

A committee convened and chaired by the Mayor shall review and evaluate the statement of qualifications using a pre-established project criteria, and, generally, following the evaluation form which is attached as Appendix C.

The committee shall issue a list of no fewer than three (3) firms rated qualified to perform the required services for the specific project. If fewer than three qualified firms are available, those firms shall be selected.

Upon selection, the Mayor shall send a request for letters of interest to the firms that have been selected. Any interested firm shall supply all of the requested information concerning the project by the date specified in the announcement or written request.

A scope clarification meeting may be conducted with the firms that are selected and that have declared an interest in the project. The discussions shall be designed to further explore the scope and nature of the services required, the various technical approaches the firms may take toward the project, unique project requirements, the project schedule, the conceptual schematic design, and the project budget. Depending upon the unique nature of the project, the meeting may include a physical site visit. Any questions must be resolved at this meeting and shared with all participants, precluding any further contact with the committee.

The firm selected may be asked to supplement its statement of qualifications with a technical proposal in accordance with the final scope of services and project requirements as may have been clarified at the scope clarification meeting. Each professional design firm requested to submit a technical proposal shall be informed of the date, time and location for such submittals.

The committee shall evaluate, select and rank all of the firms that were selected and that expressed interest in the project. The ranking shall set forth in order the firms most qualified to provide the required professional design services based upon their qualifications, technical proposals, if any, and the specific project.

If one firm is determined to be most qualified, the firm shall be asked to submit a lump sum fee proposal. If more than one firm is determined to be equally most qualified, then each firm shall be asked to submit a lump sum fee proposal. The firms may submit a revised technical proposal. The firm submitting the lowest fee proposal shall be determined to be the most qualified.

The Mayor and/or individuals designated by him or her shall negotiate a contract with the firm ranked most qualified to perform the required services at a compensation determined to be fair and reasonable to the Village of Northfield. The contract negotiations shall be directed toward:

1. Insuring that the professional design firm and the Village of Northfield have a mutual understanding of the essential requirements involved in providing the required services, including meeting the established total project budget;
2. Determining that the firm will make available the necessary personnel, equipment and facilities to perform the services within the required time;
3. Agreeing upon compensation which is fair and reasonable, taking into account the estimated value, scope, complexity and nature of the services.

Upon the failure to negotiate a contract agreeable to the Village of Northfield with the most qualified firm, negotiations shall commence with the second ranked firm, and so on until an agreeable contract has been reached.

The final contract with the professional design firm is conditioned upon approval being granted by Village Council.

*In order shall be any Council action pursuant to such reports, including introduction and consideration of appropriate ordinances and resolutions.
(Ord. 1989-14. Passed 1-11-89.)
- (b) Rules of Council. Rules of Council shall be as follows:
- (1) Copies of legislation to be proposed for passage under suspension of the three-reading rule, or as an emergency, shall be in Councilmembers' boxes by 5:00 p.m. on the day prior to the meeting.

(Ord. 1970-80. Passed 10-28-70.)

-
- (2) An agenda for the meeting, including proposed legislation, shall be prepared by the Clerk of Council and delivered to the Director of Law no later than 5:00 p.m. of the third business day prior to the meeting.
(Ord. 1989-14. Passed 1-11-89.)
 - (3) Discussion from the audience will be in order during consideration of legislation proposed for passage under suspension of the three-reading rule or as an emergency. The Chairman shall have the right to limit such discussion.
 - (4) Discussion from the audience under subsection (a)(4) of the Order of Business shall be limited to five minutes for each person addressing the meeting, unless additional time has been requested of and approved by the Chairman prior to the meeting. Rulings of the Chairman on such prior requests for additional time are subject to appeal to Council. After a reasonable time has been provided for such discussion, the Chairman may establish an overall time limit or may suspend further discussion to allow Council to proceed to subsequent items of business.
 - (5) The Mayor shall appoint a parliamentarian, subject to approval of two-thirds of all members elected or appointed to Council.
 - (6) Any deviation from any of these Rules of Procedure will require a three-fourths vote of all members elected or appointed to Council for suspension of these rules.
- (c) Conduct of Meetings. Conduct of all meetings shall be in accordance with the following rules of order:
- (1) Before any subject is open to discussion, it is necessary that:
 - A. First, a motion be made by a member, who has obtained the floor;
 - B. Second, that the motion be seconded by another member;
 - C. Third, that the motion be stated by the Chairperson, as recorded by the Clerk.Before the question is stated by the Chair, any member can obtain the floor for informal consultation or to suggest modification of the wording. The Chairperson should see that this does not run into actual

discussion of the question. The mover may accept such modification or may withdraw the motion without consent of the second. But once the motion has been stated by the Chair, wording can be modified only by a motion to amend. Introduction of any ordinance for first reading shall open such ordinance to discussion, even though no formal motion accompanies it. Such ordinance shall be subject to amendment and/or referral to committee, and other general rules of discussion shall apply as otherwise provided in these rules. If, after a reasonable length of time for discussion on such ordinance, no motions relating to it are offered, the Chairperson may suspend such discussion to second or third reading at a subsequent meeting, and move to the next item of business.

When it is known that a specific subject must be acted upon, the Chairperson may permit discussion on the subject prior to any formal motion. Such discussion shall be subject to other general rules as herein provided. At any time during such discussion, the Chairperson, or any member of Council, may ask for a motion. Once such a request is made, there can be no further discussion until a motion has been properly made, seconded and stated.

- (2) Before any member can offer a motion, or make any remarks in debate or discussion, he or she must first obtain the floor by requesting "Mr. or Ms. Chairperson". The Chair will then recognize the member by name. If more than one member seeks recognition at the same time, priority shall be as follows:
 - A. If a motion is on the floor, the member who made the motion has preference if he or she has not already spoken on the question, except that if the motion is to accept a committee report or recommendation, the member who made the report or recommendation has preference, regardless of who made the motion. On any other motion, including a motion to adopt an ordinance or resolution, the mover for adoption has preference if he or she has not previously spoken on the question.
 - B. A member who has not spoken on the question under discussion has preference over one who has already spoken on the question.
 - C. As much as possible, the floor should alternate between supporters and opponents of a proposal. The Chairperson, when he or she knows which side of a question is taken by claimants to the floor, and when neither paragraph (c)(2)A. or B. hereof applies, should give preference to the member opposed to the last speaker.
 - D. If no motion is on the floor, or if none of the above conditions applies, then the judgment of the Chairperson on who first requested the floor shall prevail.

- (3) A motion is a proposal that Council take certain action, or express itself as holding certain views. A motion is made by a member obtaining the floor and saying “I move that. . . “ and stating the action he or she proposes to have taken. Examples: “I move that Ordinance No. 1970-46 be adopted”; “I move that Resolution No. 1970-35 be adopted”; (If such a motion is already on the floor) “I move that Ordinance No. 1970-28 be amended by deleting the words: Or his designated representative”; or “I move that Ordinance No. 1970-52 be referred to the Playground Committee”. A motion which is long or involved should be written out, preferably in the form of a resolution.
- (4) Every motion should be seconded. This prevents time being consumed considering a question that only one person favors. When members are slow in seconding a motion, the Chair should ask “Is there a second?”
- (5) When a motion has been made and seconded, the Chairperson, unless he or she rules it out of order, should state the question. At this point, the Clerk of Council should be allowed sufficient time to record the mover, the seconder and the exact wording of the motion with any modifications agreed upon as outlined in paragraph (c)(1) hereof. Example: “It is moved and seconded that Ordinance No. 1970-55 be adopted”; “It is moved and seconded that Council approve the use of the Town Hall lawn for the Ladies Aid Social June 30th”. Only after the question is recorded by the Clerk and stated by the Chairperson is a question open for discussion. Once it has been so stated, it belongs to Council; it can be withdrawn only if there is no objection or if a majority vote permits; it can be changed only by a motion to amend.
- (6) Discussion must be limited to the immediately pending question, as stated by the Chairperson. Members should confine their remarks to the points of question and avoid personalities. Speakers should address their remarks to the Chairperson at all times. When the discussion appears to the Chairperson to be finished, he or she should ask “Are you ready for the question?” If, after a reasonable pause, no one asks for the floor, the Chairperson assumes that no member wishes to speak further, and shall instruct the Clerk of Council to call the roll for a vote.
- (7) Secondary motions are those which may be offered while a motion is already on the floor.
 - A. A motion to amend a pending motion may be offered during discussion on the motion. Amendment can be proposed by deleting words from the main motion, by adding or inserting words to the main motion or by substituting different words for what is in the main motion. A motion to amend must be discussed and voted upon before discussion returns to the main motion, or before

another amendment is considered. A motion to amend a pending amendment is not in order; a member may state what he or she will propose if the pending amendment is voted down. An amendment is not in order if:

1. It is not directly related to the question to be amended;
2. It reverses the meaning of the original question;
3. It strikes out or inserts words which would leave no rational proposition before Council;
4. It is frivolous or absurd; or
5. It introduces an independent new question.

B. A motion to refer a question to committee may be offered during discussion on a main motion or its amendments. Referral to committee includes the main motion and any pending amendments. If the motion to refer to committee is adopted, there can be no further discussion or action on the question, pending report of the committee at a future meeting.

C. A motion to call for a vote may be offered during discussion on a main motion, its amendments or a motion to refer a question to a committee. The purpose of this motion is to cut off discussion and get an immediate vote. It requires a two-thirds vote of the full Council (four members) to be adopted, thus ending discussion of a question.

A motion to call for a vote is not debatable. Once it has been moved, seconded and stated by the Chair, it must be voted on immediately, unless a motion to table is offered as explained further in paragraph (c)(7)D. below. A motion to call for a vote can be offered in two forms:

1. Unqualified. "I move to vote on the question". This applies only to the immediately pending question, main motion, amendment or referral to committee.

2. Qualified. To include any or all of a pending series of motions: "I move to vote on the question of referral to committee and on the amendment, etc." This can also include the main motion. If passed, the vote must proceed without further discussion on each of the pending motions specified.

If a call for a vote fails to get a two-thirds vote, discussion continues as if the motion had not been made.

D. A motion to table may be offered during discussion on a motion, on amendments or on referrals to committee. Also, if a call for a vote has been moved, before such a call is voted upon, a motion

to table may be offered, postponing further discussion without forcing an immediate decision. A motion to table may also be offered following approval of a call for a vote, prior to the final vote on any series of motions covered by the call for a vote. A motion to table includes the main motion and any pending amendments. A motion to table is not debatable. Once it has been made and seconded, the question must be stated and a vote taken immediately. A motion to table may be offered in two forms:

1. To table to a specified future meeting. If a matter is so tabled to a specified future meeting, consideration automatically resumes as first priority under Unfinished Business.
2. To table indefinitely. If a matter is tabled indefinitely, a separate motion is required to continue discussion or to take a vote. This cannot be done later in the same meeting, but must be at a future meeting.

If a call for a vote has been moved or adopted on a matter which is then tabled before a final vote is taken, the call for a vote will no longer apply if the matter comes up at a future meeting. In such a case, the matter will then be open for discussion.

- E. A motion to adjourn is in order at any time, except:
1. When repeated without intervening business or discussion;
 2. When made while another member is speaking;
 3. When a call for a vote has been moved or adopted;
 4. While a vote is being taken.

The Chairperson cannot summarily adjourn the meeting. Regular adjournment must be authorized by a motion of Council. In the case of regular adjournment, the meeting is ended and no further action can be taken.

Sometimes it is not possible for Council to complete all its business within the available time at a given meeting. In such a case, it is proper to move to adjourn to a definite time. When Council reconvenes at the appointed time, it takes up the business where it left off at its former meeting, provided a quorum is present. An adjourned meeting is merely a continuation of the meeting which was adjourned.

- (8) A member may raise a point of order whenever he or she has a question or objection regarding the application of any of these Rules of Procedure. A point of order:
- A. Can be raised at any time, even when another member has the floor (this is the only time it is proper to interrupt another member who is speaking);

- B. Need not be seconded;
 - C. Is not debatable, but must be ruled upon by the Chairperson immediately;
 - D. Has immediate priority over any other business.
- (9) A Ruling of the Chairperson on any point of order may be appealed to Council. However, such an appeal:
- A. Must be seconded, and if there is no second, the ruling of the Chairperson stands;
 - B. Is debatable;
 - C. Must be voted upon immediately, following any discussion;
 - D. Requires a majority of Councilmembers present to be sustained.
- (10) Duties of the Chairperson shall be:
- A. To conduct all meetings in an orderly manner in accordance with these Rules of Procedure;
 - B. To rule on all points of order in the application of these Rules of Procedure, with the advice of the parliamentarian;
 - C. To expedite the business of Council, with full and impartial consideration of the individual rights of every member of Council and the courtesy due every citizen.
- The Chairperson shall have the right to participate in the discussions of Council, provided:
- A. He or she has permission from the maker of the pending motion on the floor to address Council on the question at hand; and
 - B. Such participation is in accordance with all rules of order.
- (11) Robert's Rules of Order, Revised Edition, shall govern the conduct of meetings in all situations not covered by these rules.
- (d) Council Minutes.
- (1) Minutes of the Council meetings should include the exact time, date and place of the meetings, the name of the presiding officer, the names of Councilmembers present and the names of other officers present.
 - (2) Minutes should be a complete and objective account of what happened at the meeting and become a permanent record which may be referred to in the future concerning all business discussed and all action taken.
 - (3) Actual discussion of each member need not be summarized, but every main motion, whether adopted or rejected, should be recorded along with the name of its maker and the vote taken of each member or other action taken on it.
(Ord. 1970-80. Passed 10-28-70; Ord. 2015-40. Passed 7-22-15.)

220.03 SUPERVISORY PERSONNEL REQUIRED AT COUNCIL MEETINGS.

The Service Department Superintendent, Chief of Police and Fire Chief are hereby directed to attend the first Council meeting each month in order to provide Council with requisite information concerning matters that affect their respective departments. They shall attend such meeting for the requisite length of time necessary to complete their departmental business.

(Ord. 1978-101. Passed 11-8-78.)

220.04 EXPENSE STIPEND.

(a) Each Councilmember shall receive an expense stipend of one hundred dollars (\$100.00) per month. The President Pro Tem of Council shall receive an additional fifty dollars (\$50.00) per month for a total monthly stipend amount of one hundred fifty dollars (\$150.00).

(Ord. 1994-73. Passed 12-14-94; Ord. 2002-89. Passed 12-20-02.)

220.05 SECOND PRESIDENT PRO-TEM OF COUNCIL.

Council is hereby authorized to elect from its membership a second President Pro-tem of Council. During such period when the Mayor and the first President Pro-tem of Council are both absent from the Municipality, or are otherwise not accessible, or are temporarily unable for any cause to perform their duties, the second President Pro-tem shall be authorized to perform the duties of the Mayor in the place of the first President Pro-tem, as provided for in Charter Section 3.04. The second President Pro-tem, neither by virtue of holding such office nor in performing the duties of Acting Mayor, as provided in this section, shall be deprived of his or her power and rights or be relieved of any of his or her duties or obligations as a member of Council, including the right to vote on legislation.

238.12 INVESTMENT POLICY.

(a) Purpose. It is the policy of the Village to invest public funds in a manner that will provide the highest investment return with maximum security, safety and preservation of principal while meeting the daily cash flow needs of the Village and conforming to applicable laws governing the investment of public funds by an Ohio municipality. The Director of Finance is the investment officer of the Village, charged with the responsibility for the purchase and sale of investments and the implementation of and compliance with this investment policy.

(b) Scope. This investment policy applies to all financial assets of the Village, including State and Federal funds held by it, other than funds held and invested

pursuant to the express terms of a trust agreement. The Director of Finance is to routinely monitor the contents of the Village's investment portfolio, the available markets and relative value of competing investments and to adjust the portfolio accordingly.

(c) Objectives. The primary objectives, in priority order, of the Village's investment activities are:

(1) Safety. Safety of principal is the foremost objective of the investment program. Village investments should be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

(2) Liquidity. The Village's investment portfolio should remain sufficiently liquid to enable it to meet all operating requirements which might be reasonably anticipated.

(3) Return on Investment. The Village's investment portfolio should be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account this investment policy and the cash flow characteristics of the portfolio.

(d) Prudence.

(1) Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

(2) The standard of prudence to be used by the Director of Finance shall be the "prudent person" standard and shall be applied in the context of managing the overall portfolio. Acting in accordance with this investment policy and exercising due diligence shall relieve the Director of Finance of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported to the Council in a timely fashion and appropriate action is taken to control adverse developments.

(e) Authorized Dealers and Financial Institutions.

(1) The Director of Finance will maintain a list of financial institutions and approved securities broker/dealers, selected on the basis of creditworthiness, who are authorized to provide investment services and who qualify under Ohio R.C. 135.14(M)(1). These may include

“primary” dealers or regional dealers that qualify under Securities and Exchange Commission Rule 15c3-1 and are registered with the Ohio Department of Commerce to do business in the State.

(2) All financial institutions and broker/dealers who desire to become qualified suppliers of investment transactions to the Village must provide to the Director of Finance all of the following:

- A. Audited annual financial statements;
- B. Proof of good standing with the Comptroller of Currency or with State banking regulators or National Association of Securities Dealers certification;
- C. Proof of Ohio registration; and
- D. Biographical and regulatory information on the persons who are the primary contacts with the Village.

(3) All financial institutions, broker/dealers, and other entities who desire to conduct investment business (advice, recommendations or transactions) with the Village must sign a copy of this investment policy, acknowledging that they have read it, understand it, and in the case of those initiating transactions, that they agree to abide by its contents.

(f) Authorized Investments. The Village is authorized by statute to invest in the following types of securities:

(1) United States Treasury bills, notes, bonds or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States (not including “stripped” principal or interest obligations).

(2) Bonds, notes, debentures, or other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All such securities must be direct issuances of Federal government agencies or instrumentalities.

(3) Interim deposits in duly authorized depositories of the Village, provided those deposits are properly insured or collateralized as required by law.

(4) Bonds and other obligations of the State of Ohio.

(5) No-load money market mutual funds consisting exclusively of securities described in divisions (f)(1) and (f)(2) of this section and repurchase agreements secured by such obligations, provided all such investments under this division (f)(5) shall be made with a bank or savings and loan association eligible to be a depository for public funds of Ohio

subdivisions and provided further that any such fund meets the requirements of Ohio R.C. Chapter 135 (including that such fund not include any investment in a “derivative”).

(6) Ohio Subdivision's Fund (STAROhio).

(7) Overnight or term (not exceeding 30 days) repurchase agreements meeting the requirements of Ohio R.C. 135.14(E), with one of the following:

A. A bank or savings and loan association eligible to be a depository of public funds of Ohio subdivisions; or

B. A member of the National Association of Securities Dealers.

(g) Maximum Maturities. To the extent possible, the Village will attempt to match its investments with anticipated cash flow requirements. No investment shall be made unless the Director of Finance, at the time of making the investment, reasonably expects it can be held to its maturity. Unless matched to a specific obligation or debt of the Village, the Village will not directly invest in securities listed in divisions (f)(1) - (f)(5) of this section maturing more than five years from the date of settlement if such securities bear interest at a fixed rate and will not directly invest in such securities maturing more than two years from the date of settlement if they bear interest at a variable rate.

(h) Safekeeping and Custody. All securities transactions, including securities acquired subject to repurchase agreements, entered into by the Village will be conducted on a delivery versus payment basis. Purchased securities shall be held on behalf of the Village by a custodian, designated by the Director of Finance, that is a Federal Reserve Bank or other “qualified trustee” within the meaning of Ohio R.C. 135.18(I), and the safekeeping of those securities for the benefit of the Village shall be evidenced by safekeeping receipts. Purchased securities may be released by the Village only upon verification that the principal and interest, or proceeds of their sale, have been credited to the Village's account.

(i) Prohibited Investment Practices. In addition to any other prohibitions in the Ohio Revised Code, the Village will not take any of the following actions:

(1) Contract to sell securities that have not yet been acquire on the speculation that prices will decline;

(2) Make any investment in “derivatives” as defined in Ohio R.C. 135.14(C);

(3) Invest in a fund established by another public body for the purpose of investing public money in other subdivisions except either:

- (4) Enter into reverse repurchase agreements;
- (5) Leverage current investments as collateral to purchase other assets; or
- (6) Invest in stripped principal or interest obligations of otherwise eligible obligations.

(j) Internal Controls. The Director of Finance shall develop and maintain procedures for the operation of the Village's investment program in accordance with this investment policy. These procedures shall be designed to prevent loss of the Village's funds due to fraud, error, misrepresentation, unanticipated market changes or imprudent actions.

(k) Records and Reporting.

(1) The Director of Finance shall maintain a current inventory of all investments, including:

- A. Description of each security;
- B. Cost;
- C. Par value;
- D. Dates (beginning, settlement, and maturity);
- E. Rates; and
- F. Seller.

(2) The Director of Finance shall also prepare and distribute to Council quarterly (or more frequently if requested by Council) a list of all investments and a report on investment activity and returns.

(l) Education. The Director of Finance may, and is authorized to, participate in any beginning and/or continuing education training programs sponsored by the State Treasury or the State Auditor in which the Director of Finance is required to participate pursuant to Ohio R.C. 117.44 and 135.22. Through participation in those programs, the Director of Finance will develop and maintain an enhanced background and working knowledge in investment, cash management, and ethics.

(m) Ethics and Conflict of Interest. Persons involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of this investment program or that could impair their ability to make impartial investment decisions. Employees and investment consultants shall disclose to the Village any material financial interest in financial institutions that conduct business within the Village and any large personal financial or investment positions

that could be related to, or affected by, the performance of the Village's portfolio. All employees, officers, and investment consultants to the Village shall subordinate their personal investment transactions to those of the Village, particularly with regard to the timing of purchases and sales.

The above supplements the applicable provisions of the Ohio ethics laws.

(n) Non-Binding Arbitration. The Director of Finance may enter into written investment or deposit agreements that include a provision under which the parties agree to submit to non-binding arbitration, but not binding arbitration, to settle any controversy that may arise out of that agreement, so long as such provision meets the requirements of the Ohio Revised Code and is specifically approved by Council.

TITLE TEN - Judiciary
Chap. 290. Mayor's Court.

CHAPTER 290
Mayor's Court

EDITOR'S NOTE: Ohio R.C. 1905.01 provides that the Mayor of Northfield has jurisdiction to hear and determine any prosecution for the violation of a Northfield ordinance, and has jurisdiction in all criminal causes involving moving traffic violations occurring on State highways located within the corporate limits of Northfield, subject to the limitations of Ohio R.C. 2937.08 and 2938.04. In keeping his or her docket and file, the Mayor shall be governed by the laws pertaining to county courts.

Ohio R.C. 2937.08 provides that if the court in which a defendant is charged with an offense is not a court of record (the Mayor's Court), and the charge is such that a right to a jury trial exists, such matter shall not be tried before him or her unless the accused, by writing subscribed by him or her, waives a jury and consents to be tried by the magistrate. If the defendant, in such event, does not waive his or her right to a jury trial, then the magistrate shall require the accused to enter into a recognizance to appear before a court of record in Summit County (the Cuyahoga Falls Municipal Court) and the magistrate shall thereupon certify all papers filed, together with a transcript of proceedings and accrued costs to date, and such recognizance, if given, to the court of record. However, Rule 23 (A) of the Ohio Rules of Criminal Procedure provides that in petty offense cases, where there is a right to jury trial, the defendant shall be tried by the court unless he or she demands a jury trial. The jurisdiction of a Mayor's Court, in such cases, is further limited by Rule 9 of the Ohio Traffic Rules, which provides that if a jury demand is not made pursuant to Criminal Rule 23, and the defendant waives his or her right to a jury trial in writing, a Mayor may try the case only if (1) his or her compensation as a judge is not directly dependent upon criminal case convictions, or (2) he or she is not the chief executive and administrative officer of the Municipality and as such responsible for the financial condition of the Municipality. Guilty and no contest pleas may be taken by any Mayor.

Ohio R.C. 1901.24 and 2938.04 provide that the right to trial by jury shall be claimed by making demand in writing therefor and filing the same with the clerk of the court of record not less than three days prior to the date set for trial or on or before the day following receipt of notice of the date set for trial, whichever is later. However, Rule 23(A) of the Ohio Rules of Criminal Procedure, which presumptively supersedes Ohio R.C. 2938.04, provides that right to trial by jury shall be claimed by making demand in writing therefor and filing the same with the clerk of court not less than ten days prior to the date set for trial, or on or before the third day following receipt of notice of the date set for trial, whichever is later. Failure to claim a jury trial as provided herein is a complete waiver of the right thereto. Ohio R.C. 2938.04 provides, further, that a jury trial may not be had in courts not of record, but failure to waive a jury in writing where the right to a jury trial may be asserted shall require the magistrate to certify such case to a court of record as provided in Ohio R.C. 2937.08.

Ohio R.C. 2945.17 provides that an accused has a right to be tried by a jury at any trial in any court for the violation of any Ohio statute or of any Northfield ordinance, except in cases in which the penalty involved does not exceed a fine of one hundred dollars (\$100.00).

The Supreme Court of Ohio, on December 4, 1967, promulgated "Rules of Practice and Procedure in Traffic Cases For All Courts Inferior to Common Pleas," the adoption of which became mandatory prior to March 2, 1969. Amended Rules, referred to as the Ohio Traffic Rules, became effective on January 1, 1975.

Effective October 20, 1987, Mayors of Mayor's Courts were authorized to suspend the operator's commercial driver's license or permit or nonresident operating privilege of any person who is convicted of or pleads guilty to a violation of Ohio R.C. 4511.19 or Section 434.01 of the Traffic Code (OVI), in accordance with Ohio R.C. 4507.16(B).
