**410.01 LICENSING OF TOW TRUCK OPERATORS OR AGENCIES;
POUNDS.**

The Mayor, subject to the approval of Council, is hereby authorized to license tow truck operators or agencies. Each agency shall provide a vehicle pound in which vehicles may be stored in the manner hereinafter provided. Such pounds shall be located in an area which is zoned for the same. Each pound shall be reasonably secure to prevent loss or damage to stored vehicles and shall be supervised adequately by the agency so operating the same. (Ord. 1982-22. Passed 4-14-82.)

410.02 REASONS FOR IMPOUNDING OF VEHICLES.

Police officers are authorized to provide for the removal and impounding of a vehicle under the following circumstances:

- (a) When any vehicle is left unattended upon any street, bridge or causeway and is so illegally parked so as to constitute a hazard or obstruction to the normal movement of traffic, or so as to unreasonably interfere with street cleaning or snow removal operations;

- (b) When any motor vehicle, including an abandoned junk motor vehicle, as defined in Ohio R.C. 4513.63, is left on private residential property, as defined in Section 452.05(d), or on private agricultural property, for at least four consecutive hours without the permission of the person having the right to the possession of the property, or on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for forty-eight consecutive hours or longer, without notification to the Police Chief of the reasons for leaving such vehicle in such place, except that when such a motor vehicle constitutes an obstruction to traffic, it may be ordered into storage immediately;
- (c) When any vehicle has been stolen or operated without the consent of the owner;
- (d) When any vehicle displays illegal license plates or fails to display the current lawfully required license plates;
- (e) When any vehicle has been used in or connected with the commission of a felony;
- (f) When any vehicle has been damaged or wrecked so as to be inoperable or violates equipment provisions of this Traffic Code whereby its continued operation would constitute a condition hazardous to life, limb or property;
- (g) When any vehicle is left unattended due to the removal of an ill, injured or arrested operator;
- (h) When any vehicle has been operated by any person who has failed to stop in case of an accident or collision;
- (i) When any vehicle has been operated by any person who is driving without a lawful license or while his or her license has been suspended or revoked;
- (j) When any vehicle is found for which two or more citation tags for violations of this Traffic Code have been issued and the owner or operator thereof has failed to respond to such citation tags as lawfully required.
- (k) When any vehicle has been parked in violation of any Municipality parking ban, prohibition or restriction.

410.03 TOWING; RESPONSIBILITIES OF PRIVATE AGENCIES.

(a) Police officers are directed to ascertain which towing company a disabled motorist, under Section 410.02(g), wishes to use in having his or her vehicle towed to safety, and, if possible, shall so notify such towing company. Private towing companies will be recommended by police officers only when requested to do so by the disabled motorist.

(b) The police officer who orders a motor vehicle to be taken into custody and towed by a private towing agency from the scene where found, shall make a report of the general condition of the vehicle and a list of its contents found in and about the interior. The person who tows the vehicle shall sign the report prior to removing the vehicle from the scene. However, in the case of junk, abandoned or stripped vehicles, and in the case of vehicles towed away under the emergency snow ban, it shall not be necessary that the police remain at the scene until the arrival of the towing agency. In any case of urgent police necessity,

the officer may leave the scene, but shall return immediately after disposition of the emergency. If the vehicle has been towed away by an agency designated by the Municipality, the police officer shall go immediately to the towing agency, reinspect the vehicle and obtain the signature of the tow truck operator or the agency representative.

(c) No person shall remove tires, parts, equipment or anything of value from a motor vehicle taken into tow.

(d) The tow truck operator and the agency which he or she represents shall then be held responsible for the safekeeping of such vehicle until such time as it is reclaimed by the owner. If the vehicle is not maintained in the same condition as when received or has had anything detached or removed from it, the towing agency shall be liable and shall compensate the owner accordingly.

(e) A conviction under this section for failure to fulfill the responsibility to properly safekeep a vehicle or to compensate for damage or loss shall result in the forfeiture of the agency's right and authority to conduct any further towing transactions for the Police Department.

(f) All tow truck operators shall notify the Police Department when towing a vehicle from the Municipality.
(Ord. 1982-22. Passed 4-14-82.)

410.04 STORAGE FEE FOR STORAGE AT VEHICLE POUND.

Whenever any vehicle, except a bicycle, is stored in a vehicle pound for any reason, a reasonable charge per day or fraction thereof can be imposed and collected by the agency.
(Ord. 1982-22. Passed 4-14-82.)

410.05 NOTICE AND REDEMPTION.

(a) The police officer or person in charge of any impounded vehicle shall inform the owner or other person claiming an impounded vehicle, of the nature and circumstances of the violation because of which such vehicle has been impounded. If such owner or other person claiming such impounded vehicle furnishes evidence of his or her identity and ownership, together with a receipt from the Clerk of the Mayor's Court, showing the payment of all fees for violation of provisions of this Traffic Code, the impounded vehicle shall be surrendered by the agent or person in charge thereof, who shall obtain a receipt for such impounded vehicle.

The cost of towing such vehicle, including storage fees, is an agency matter and shall be so collected by it.

(b) In case protest is made against the payment of any impounding or storage fee, the agent or person in charge of such impounded vehicle, upon satisfactory evidence of the

identity and ownership of the person claiming such impounded vehicle and upon the furnishing of a bond in an amount as set by rule of the Mayor's Court, by the owner or driver of such vehicle, to the satisfaction of the Clerk of the Mayor's Court, conditioned that such owner or driver shall appear before the Mayor's Court to answer to the violation because of which such vehicle has been impounded, shall surrender the impounded vehicle to the claimant. It shall thereupon be the duty of the police officer having knowledge of the facts to forthwith institute the proper proceedings in the Mayor's Court, charging the owner or driver of such vehicle with the violation of the ordinance for which the vehicle was impounded.

(Ord. 1982-22. Passed 4-14-82.)

410.06 IMPOUNDING FEE.

A fee of ten dollars (\$10.00) to cover the cost of removal, in addition to the storage fee provided in Section 410.04, shall be assessed against the owner or other person claiming any vehicle.

(Ord. 1982-22. Passed 4-14-82; Ord. 2015-65. Passed 10-14-15.)

410.07 POUND RECORDS.

The agent or person in charge of the vehicle pound shall keep the names of all owners of vehicles impounded, license plate numbers and the nature and circumstances of each violation, as well as the disposition of each case. The Clerk of the Mayor's Court shall account for all fees collected under this chapter and pay the same into the Municipal Treasury.

(Ord. 1982-22. Passed 4-14-82.)

410.08 IMPOUNDING OF COMMERCIAL VEHICLES; FEES.

(a) Storage Fees. Notwithstanding the provisions of Section 410.04, whenever any commercial vehicle is impounded and stored, either in a vehicle pound operated by the Municipality or other area designated by the Mayor, a charge of five dollars (\$5.00) per day or fraction thereof for storage in excess of twenty-four hours shall be charged for the storage of all tractors and trucks not exceeding two tons net weight, and a charge of fifteen dollars (\$15.00) per day or fraction thereof for storage in excess of twenty-four hours shall be charged for the storage of all commercial units, trucks and commercial tractors in excess of two tons net weight.

(b) Impounding Fee. Notwithstanding the provisions of Section 410.06, a fee of twenty-five dollars (\$25.00) per hour, plus a prorated fee for each fraction of an hour in excess of the first hour, shall be charged to cover the costs of removal of commercial vehicles.

(c) Assessment of Fees. The storage and impounding fees provided for in this section shall be assessed against the owner or other person claiming such impounded vehicles.

(d) Release of Vehicles. Impounded commercial vehicles shall be released to the owner or other person claiming such impounded vehicle in accordance with Section 410.05, provided that proof is presented by the owner or person claiming such vehicle that all towing, removal and storage charges and fees have been paid in addition to the fine imposed. (Ord. 1982-22. Passed 4-14-82.)

414.02 THROUGH STREETS; STOP AND YIELD RIGHT-OF-WAY SIGNS.

(a) All state routes are hereby designated as through highways, provided that stop signs, yield signs, or traffic-control signals shall be erected at all intersections with such through highways by the Department of Transportation as to highways under its jurisdiction and by local authorities as to highways under their jurisdiction, except as otherwise provided in this section. Where two or more state routes that are through highways intersect, and no traffic-control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Department or by local authorities having jurisdiction, except as otherwise provided in this section. Whenever the Director of Transportation determines on the basis of an engineering and traffic investigation that stop signs are necessary to stop traffic on a through highway for safe and efficient operation, nothing in this section shall be construed to prevent such installations. When circumstances warrant, the Director also may omit stop signs on roadways intersecting through highways under his or her jurisdiction. Before the Director either installs or removes a stop sign under this division, he or she shall give notice, in writing, of that proposed action to the affected local authority at least 30 days before installing or removing the stop sign.

(b) Other streets or highways, or portions thereof, are hereby designated as through highways if they are within the Municipality, if they have a continuous length of more than one mile between the limits of the street or highway or portion thereof, and if they have stop or yield signs or traffic-control signals at the entrances of the majority of intersecting streets

or highways. For purposes of this section, the limits of the street or highway, or portion thereof, shall be the municipal corporation line, the physical terminus of the street or highway, or any point on the streets or highway at which vehicular traffic thereon is required by regulatory signs to stop or yield to traffic on the intersecting street, provided, that in residence districts, the Municipality may by ordinance designate such street or highway, or portion thereof, not to be a through highway and thereafter the affected residence district shall be indicated by official traffic-control devices. Where two or more through highways designated under this division intersect and no traffic-control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Department or by local authorities having jurisdiction, except as otherwise provided in this section.

(c) The Department or local authorities having jurisdiction need not erect stop signs at intersections they find to be so constructed as to permit traffic to safely enter a through highway without coming to a stop. Signs shall be erected at such intersections indicating that the operator of a vehicle shall yield the right-of-way to or merge with all traffic proceeding on the through highway.

(d) Local authorities, with reference to highways under their jurisdiction, may designate additional through highways, and shall erect stop signs, yield signs, or traffic-control signals at all streets and highways intersecting such through highways, or may designate any intersection as a stop or yield intersection, and shall erect like signs at one or more entrances to the intersection.

- B. Except when a traffic control device is in place prohibiting a turn on red or a steady red arrow signal indication is displayed, vehicular traffic facing a steady circular red signal indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (2) A. Vehicular traffic facing a steady red arrow signal indication shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication or other traffic control device permitting the movement indicated by such red arrow is displayed.

- B. When a traffic control device is in place permitting a turn on a steady red arrow signal indication, vehicular traffic facing a steady red arrow indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be limited to the direction indicated by the arrow and shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (3) Unless otherwise directed by a pedestrian signal indication as provided in R.C. § 4511.14 or other traffic control device, pedestrians facing a steady circular red or steady red arrow signal indication shall not enter the roadway.
- (4) Local authorities by ordinance, or the Director of Transportation on state highways, may prohibit a right or a left turn against a steady red signal at any intersection, which shall be effective when signs giving notice thereof are posted at the intersection.
- (d) Flashing Green Signal Indication. A flashing green signal indication has no meaning and shall not be used.
- (e) Flashing Yellow Signal Indication.
- (1) A. Vehicular traffic, on an approach to an intersection, facing a flashing circular yellow signal indication, is permitted to cautiously enter the intersection to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by lane-use signs, turn prohibition signs, lane markings, roadway design, separate turn signal indications, or other traffic control devices. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) A. Vehicular traffic, on an approach to an intersection, facing a flashing yellow arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or other such movement as is permitted by other signal indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn, shall yield the right-of-way to both of the following:
1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.

- B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (3) Pedestrians facing any flashing yellow signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.
- (4) When a flashing circular yellow signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory or warning requirements of the other traffic control device, which might not be applicable at all times, are currently applicable.
- (f) Flashing Red Signal Indication.
- (1) Vehicular traffic, on an approach to an intersection, facing a flashing circular red signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. The right to proceed shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (2) Pedestrians facing any flashing red signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing red signal indication is first displayed.
- (3) When a flashing circular red signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory requirements of the other traffic control device, which might not be applicable at all times, are currently applicable. Use of this signal indication shall be limited to supplementing stop, do not enter, or wrong way signs, and to applications where compliance with the supplemented traffic control device requires a stop at a designated point.
- (g) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop

required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

- (h) This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by R.C. §§ 4511.61 and 4511.62.
(R.C. § 4511.13)

414.04 SIGNAL TO CONTROL LANE DIRECTION OF TRAVEL.

The meanings of lane-use control signal indications are as follows:

- (a) A Steady Downward Green Arrow. A road user is permitted to drive in the lane over which the arrow signal indication is located.
- (b) A Steady Yellow “X”. A road user is to prepare to vacate the lane over which the signal indication is located because a lane control change is being made to a steady red “X” signal indication.
- (c) A Steady White Two-Way Left-Turn Arrow. A road user is permitted to use a lane over which the signal indication is located for a left turn, but not for through travel, with the understanding that common use of the lane by oncoming road users for left turns also is permitted.
- (d) A Steady White One-Way Left-Turn Arrow. A road user is permitted to use a lane over which the signal indication is located for a left turn, without opposing turns in the same lane, but not for through travel.
- (e) A Steady Red “X”. A road user is not permitted to use the lane over which the signal indication is located and that this signal indication shall modify accordingly the meaning of other traffic controls present.
(R.C. § 4511.131)

414.05 PEDESTRIAN CONTROL SIGNALS.

Whenever special pedestrian-control signals exhibiting the words “walk” or “don’t walk,” or the symbol of a walking person or an upraised palm are in place, these signals shall indicate the following instructions:

- (a) A steady walking person signal indication, which symbolizes “walk”, means that a pedestrian facing the signal indication is permitted to start to cross the roadway in the direction of the signal indication, possibly in conflict with turning vehicles. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection at the time that the walking person signal indication is first shown.
- (b) A flashing upraised hand signal indication, which symbolizes “don't walk”, means that a pedestrian shall not start to cross the roadway in the direction of the signal indication, but that any pedestrian who has already started to cross on a steady walking person signal indication shall proceed to the far side of the traveled way

of the street or highway, unless otherwise directed by a traffic control device to proceed only to the median of a divided highway or only to some other island or pedestrian refuge area.

- (c) A steady upraised hand signal indication means that a pedestrian shall not enter the roadway in the direction of the signal indication.
- (d) Nothing in this section shall be construed to invalidate the continued use of pedestrian control signals utilizing the word "wait" if those signals were installed prior to March 28, 1985.
- (e) A flashing walking person signal indication has no meaning and shall not be used. (R.C. § 4511.14)

This section does not prohibit either the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for traffic-control devices, or the erection upon private property of traffic-control devices by the owner of real property in accordance with Ohio R.C. 4511.211 and 4511.432.
- (2) Every prohibited sign, signal, marking, or device is a public nuisance, and the authority having jurisdiction over the highway may remove the same or cause it to be removed.

432.01 DRIVING UPON RIGHT SIDE OF ROADWAY; EXCEPTIONS.

(a) Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway, except as follows:

- (1) When overtaking and passing another vehicle proceeding in the same direction, or when making a left turn under the rules governing such movements;
- (2) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
- (3) When driving upon a roadway divided into three or more marked lanes for traffic under the rules applicable thereon;
- (4) When driving upon a roadway designated and posted with signs for one-way traffic;
- (5) When otherwise directed by a police officer or traffic-control device.

- (b) (1) Upon all roadways any vehicle proceeding at less than the prevailing and lawful speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, and far enough to the right to allow passing by faster vehicles if such passing is safe and reasonable, except under any of the following circumstances:
- A. When overtaking and passing another vehicle proceeding in the same direction;
 - B. When preparing for a left turn;
 - C. When the driver must necessarily drive in a lane other than the right-hand lane to continue on the driver's intended route.
- (2) Nothing in division (b)(1) of this section requires a driver of a slower vehicle to compromise the driver's safety to allow overtaking by a faster vehicle.

(c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic-control devices designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use the lanes, or except as permitted under division (a)(2) of this section. This division shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, or driveway.

(d) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(e) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under § 408.02(b).

(R.C. § 4511.25)

432.02 PASSING TO RIGHT WHEN PROCEEDING IN OPPOSITE DIRECTIONS.

(a) Operators of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each operator shall give to the other one-half of the main traveled portion of the roadway or as nearly one-half as is reasonably possible.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever

violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(c) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under § 408.02(b).
(R.C. § 4511.26)

432.03 OVERTAKING, PASSING TO LEFT; DRIVER'S DUTIES.

(a) The following rules govern the overtaking and passing of vehicles proceeding in the same direction:

- (1) The operator of a vehicle overtaking another vehicle proceeding in the same direction shall, except as provided in division (a)(3) of this section, signal to the vehicle to be overtaken, shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle. When a motor vehicle overtakes and passes a bicycle or electric bicycle, three feet or greater is considered a safe passing distance.
- (2) Except when overtaking and passing on the right is permitted, the operator of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle at the latter's audible signal, and the operator shall not increase the speed of the operator's vehicle until completely passed by the overtaking vehicle.
- (3) The operator of a vehicle overtaking and passing another vehicle proceeding in the same direction on a divided highway as defined in Ohio R.C. 4511.35, a limited access highway as defined in Ohio R.C. 5511.02, or a highway with four or more traffic lanes is not required to signal audibly to the vehicle being overtaken and passed.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(c) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under § 408.02(b).
(R.C. § 4511.27)

432.04 OVERTAKING, PASSING TO RIGHT OF VEHICLE.

(a) The driver of a vehicle may overtake and pass on the right of another vehicle only under the following conditions:

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(R.C. § 4511.28)

432.05 OVERTAKING, PASSING TO LEFT OF CENTERLINE.

(a) No vehicle shall be driven to the left of the center of the roadway in overtaking and passing traffic proceeding in the same direction, unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the safe operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event, the overtaking vehicle must return to an authorized lane of travel as soon as practicable, and in the event the passing movement involves the use of a lane authorized for the traffic approaching from the opposite direction, before coming within 200 feet of any approaching vehicle.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(R.C. § 4511.29)

432.06 DRIVING UPON LEFT SIDE OF ROADWAY.

(a) No vehicle shall be driven upon the left side of the roadway under the following conditions:

- (1) When approaching the crest of a grade or upon a curve in the highway, where the operator's view is obstructed within such a distance as to create a hazard in the event traffic might approach from the opposite direction;
- (2) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel; or
- (3) When approaching within 100 feet of or traversing any intersection or railroad grade crossing.

(b) This section does not apply to vehicles upon a one-way roadway, upon a roadway where traffic is lawfully directed to be driven to the left side, or under the conditions described in Ohio R.C. 4511.25(A)(2) or a substantially equivalent municipal ordinance.

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. (R.C. § 4511.30)

432.07 HAZARDOUS OR NO PASSING ZONES.

(a) The Department of Transportation may determine those portions of any State highway where overtaking and passing other traffic or driving to the left of the center or center line of the roadway would be especially hazardous, and may, by appropriate signs or markings on the highway, indicate the beginning and end of such zones. When signs or markings are in place and clearly visible, every operator of a vehicle shall obey the directions of the signs or markings, notwithstanding the distances set out in Ohio R.C. 4511.30.

(b) Division (a) of this section does not apply when all of the following apply:

- (2) The faster vehicle is capable of overtaking and passing the slower vehicle without exceeding the speed limit.
- (3) There is sufficient clear sight distance to the left of the center or center line of the roadway to meet the overtaking and passing provisions of Ohio R.C. 4511.29, considering the speed of the slower vehicle.

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(d) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under § 408.02(b).

(R.C. § 4511.31)

432.08 DRIVING WITHIN LANES OR CONTINUOUS LINES OF TRAFFIC.

(a) Whenever any roadway has been divided into two or more clearly marked lanes for traffic, or wherever within the Municipality traffic is lawfully moving in two or more substantially continuous lines in the same direction, the following rules apply:

- (1) A vehicle shall be driven, as nearly as is practicable, entirely within a single lane or line of traffic and shall not be moved from the lane or line until the driver has first ascertained that the movement can be made with safety.
- (2) Upon a roadway which is divided into three lanes and provides for the two-way movement of traffic, a vehicle shall not be driven in the center lane, except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or when preparing for a left turn, or where the center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding, and is posted with signs to give notice of such allocation.

- (3) Official signs may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction, regardless of the center of the roadway, or restricting the use of a particular lane to only buses during certain hours or during all hours, and drivers of vehicles shall obey the directions of such signs.
- (4) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway, and drivers of vehicles shall obey the directions of every such device.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(c) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under § 408.02(b).

(R.C. § 4511.33)

- (2) The driver of any truck, or motor vehicle drawing another vehicle, when traveling upon a roadway outside a business or residence district, shall maintain a sufficient space, whenever conditions permit, between the vehicle and another vehicle ahead so an overtaking motor vehicle may enter and occupy the space without danger. This division (a) does not prevent overtaking and passing nor does it apply to any lane specially designated for use by trucks.
- (3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade shall maintain a sufficient space between the vehicles so an overtaking vehicle may enter and occupy the space without danger. This division shall not apply to funeral processions.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of

the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

- (1) Approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.
- (2) At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of the center line where it enters the intersection, and, after entering the intersection, the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable, the left turn shall be made in that portion of the intersection to the left of the center of the intersection.
- (3) At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of the vehicle, and, after entering the intersection, the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left hand lane of the roadway being entered lawfully available to traffic moving in that lane.

(b) The Department of Transportation and local authorities may cause markers, buttons, or signs to be placed within or adjacent to intersections, and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed, no operator of a vehicle shall turn the vehicle at an intersection other than as directed and required by the markers, buttons, or signs.

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. - (1) Report the issuance of the ticket, citation, or summons to the officer's law enforcement agency;
 - (2) Ensure that such report indicates the offender's race.
- (d) (1) Whoever violates division (a) of this section is guilty of operating a motor vehicle while using an electronic wireless communication device, an unclassified misdemeanor.
- A. Except as provided in divisions (d)(1)B., (d)(1)C., (d)(1)D., and (d)(2) of this section, the court shall impose upon the offender a fine of not more than \$150.

- B. If, within two years of the violation, the offender has been convicted of or pleaded guilty to one prior violation of this section, R.C. § 4511.204, or a substantially equivalent municipal ordinance, the court shall impose upon the offender a fine of not more than \$250.
 - C. If, within two years of the violation, the offender has been convicted of or pleaded guilty to two or more prior violations of this section, R.C. § 4511.204, or a substantially equivalent or municipal ordinance, the court shall impose upon the offender a fine of not more than \$500. The court also may impose a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for 90 days.
 - D. Notwithstanding divisions (d)(1)A. to (d)(1)C. of this section, if the offender was operating the motor vehicle at the time of the violation in a construction zone where a sign was posted in accordance with R.C. § 4511.98, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the amount imposed for the violation under division (d)(1)A., (d)(1)B., or (d)(1)C. of this section, as applicable.
- (2) In lieu of payment of the fine of \$150 under division (d)(1)A. of this section and the assessment of points under division (d)(4) of this section, the offender instead may elect to attend the distracted driving safety course, as described in R.C. § 4511.991. If the offender attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall not be required to pay the fine and shall not have the points assessed against that offender's driver's license if the offender submits the written evidence to the court.
 - (3) The court may impose any other penalty authorized under R.C. §§ 2929.21 to 2929.28. However, the court shall not impose a fine or a suspension not otherwise specified in division (d)(1) of this section. The court also shall not impose a jail term or community residential sanction.
 - (4) Except as provided in division (d)(2) of this section, points shall be assessed for a violation of division (a) of this section in accordance with R.C. § 4510.036.
 - (5) The offense established under this section is a strict liability offense and R.C. § 2901.20 does not apply. The designation of this offense as a strict liability offense shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense.

(e) A prosecution for an offense in violation of this section does not preclude a prosecution for an offense in violation of R.C. § 4511.204 based on the same conduct. However, the two offenses are allied offenses of similar import under R.C. § 2941.25.

- (f) (1) A law enforcement officer does not have probable cause and shall not stop the operator of a motor vehicle for purposes of enforcing this section unless the

officer visually observes the operator using, holding, or physically supporting with any part of the person's body the electronic wireless communications device.

- (2) A law enforcement officer who stops the operator of a motor vehicle for a violation of division (a) of this section shall inform the operator that the operator may decline a search of the operator's electronic wireless communications device. The officer shall not do any of the following:
 - A. Access the device without a warrant, unless the operator voluntarily and unequivocally gives consent for the officer to access the device;
 - B. Confiscate the device while awaiting the issuance of a warrant to access the device;
 - C. Obtain consent from the operator to access the device through coercion or any other improper means. Any consent by the operator to access the device shall be voluntary and unequivocal before the officer may access the device without a warrant.

- (1) "Electronic wireless communications device."
 - A. Includes any of the following:
 1. A wireless telephone;
 2. A text-messaging device;

 5. Any device capable of displaying a video, movie, broadcast television image, or visual image;
 6. Any other substantially similar wireless device that is designed or used to communicate text, initiate or receive communication, or exchange information or data.
 - B. An "electronic wireless communications device" does not include a two-way radio transmitter or receiver used by a person who is licensed by the federal communications commission to participate in the amateur radio service.
- (2) "Utility." An entity specified in R.C. § 4905.03(A), (C), (D), (E), or (G).
- (3) "Utility service vehicle." A vehicle owned or operated by a utility.
- (4) "Voice-operated or hands-free feature or function." A feature or function that allows a person to use an electronic wireless communications device without the use of either hand, except to activate, deactivate, or initiate the feature or function with a single touch or single swipe.

(2) If the person previously has been adjudicated a delinquent child or a juvenile traffic offender for a violation of this section, whoever violates this section shall be fined \$300. In addition, the court shall impose a class seven suspension of the person's driver's license or permit for a definite period of one year.

(d) The filing of a sworn complaint against a person for a violation of this section does not preclude the filing of a sworn complaint for a violation of R.C. § 4511.205 for the same conduct. However, if a person is adjudicated a delinquent child or a juvenile traffic offender for a violation of this section and is also adjudicated a delinquent child or a juvenile traffic offender for a violation of R.C. § 4511.205 for the same conduct, the two offenses are allied offenses of similar import under R.C. § 2941.25.

(e) As used in this section, "electronic wireless communications device" includes any of the following:

- (1) A wireless telephone;
- (2) A personal digital assistant;

(d) Evidence; Tests.

(1) A. In any criminal prosecution or juvenile court proceeding for a violation of division (a)(1)A. of this section or for an equivalent offense that is vehicle-related, the result of any test of any blood or urine withdrawn and analyzed at any health care provider, as defined in Ohio R.C. 2317.02, may be admitted with expert testimony to be considered with any other relevant and competent evidence in determining the guilt or innocence of the defendant.

B. In any criminal prosecution for a violation of division (a) or (b) of this section or for an equivalent offense that is vehicle-related, the court may admit evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's whole blood, blood serum or plasma, breath, urine, or other bodily substance at the time of the alleged violation as shown by chemical analysis of the substance withdrawn within three hours of the time of the alleged violation. The three-hour time limit specified in this division regarding the admission of evidence does not extend or affect the two-hour time limit specified on Ohio R.C. 4511.192(A) as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this division when a person submits to a blood test at the request of a law enforcement officer under Ohio R.C. 4511.191 or a substantially equivalent municipal ordinance, or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, an emergency medical technician-intermediate, an emergency medical technician-paramedic, or a qualified technician, chemist, or phlebotomist shall withdraw blood for the purpose of determining the alcohol, drug, controlled substance, metabolite of a controlled substance, or combination content of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw a blood sample under this division may refuse to withdraw blood under this division, if in that person's opinion, the physical welfare of the person

would be endangered by the withdrawing of blood. The bodily substance withdrawn under this division (d)(1)B. shall be analyzed in accordance with methods approved by the Director of Health by an individual possessing a valid permit issued by the Director pursuant to Ohio R.C. 3701.143.

- C. As used in division (d)(1)B. of this section, “Emergency medical technician-intermediate” and “Emergency medical technician-paramedic” have the same meanings as in R.C. § 4765.01.
- (2) In a criminal prosecution for a violation of division (a) of this section or for an equivalent offense that is vehicle-related, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in divisions (a)(1)B., (a)(1)C., (a)(1)D. and (a)(1)E. of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (a)(1)J. of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This division does not limit or affect a criminal prosecution for a violation of division (b) of this section.
- (3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis. If the chemical test was obtained pursuant to division (d)(1)B. of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in R.C. § 4511.191(A)(5), the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in R.C. § 4511.191(A)(5), the form to be read to the person to be tested, as required under division (g) of this section, shall state that the person may have an independent test performed at the person's expense. The failure or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.
- (4) A. As used in division (d)(4)B. and C. of this section, “National Highway Traffic Safety Administration” means the National Highway Traffic Safety Administration established as an administration of the United States Department of Transportation under 96 Stat. 2415 (1983), 49 U.S.C. 105.
- B. In any criminal prosecution or juvenile court proceeding for a violation of division (a) or (b) of this section, of a municipal ordinance relating to operating a vehicle while under the influence of alcohol, a drug of abuse,

or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the National Highway Traffic Safety Administration, all of the following apply:

1. The officer may testify concerning the results of the field sobriety test so administered.
 2. The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.
 3. If testimony is presented or evidence is introduced under division (d)(4)B.1. or 2. of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.
- C. Division (d)(4)B. of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (d)(4)B. of this section.
- (e) (1) Subject to division (e)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (a)(1)B., (a)(1)C., (a)(1)D., (a)(1)E., (a)(1)F., (a)(1)G., (a)(1)H. or (a)(1)I., or (a)(1)J. or (b)(1), (b)(2), (b)(3), or (b)(4) of this section or for an equivalent offense that is substantially equivalent to any of those divisions, a laboratory report from any laboratory personnel issued a permit by the Department of Health authorizing an analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division shall be admitted as prima facie evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:
- A. The signature, under oath, of any person who performed the analysis;

- B. Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;
 - C. A copy of a notarized statement by the laboratory director of a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;
 - D. An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the Department of Health.
- (2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (e)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.
- (3) A report of the type described in division (e)(1) of this section shall not be prima facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.
- (f) (1) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or Ohio R.C. 4511.19, 4511.191 or 4511.192, and any hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section or Ohio R.C. 4511.19, 4511.191 or 4511.192, is immune from criminal liability and civil liability based upon a claim of assault and battery or any other claim that is not a claim of malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this division also extends to an emergency medical service organization that employs an emergency medical technician-intermediate or emergency medical technician-paramedic who withdraws blood under this section. The immunity provided in this division is not available to a person who withdraws blood if the person engages in willful or wanton misconduct.

- (2) As used in division (f)(1), “Emergency medical technician-intermediate” and “Emergency medical technician-paramedic” have the same meanings as in R.C. § 4765.01.
(ORC 4511.19(A) - (F))

The law enforcement agency by which the officer is employed shall designate which of the tests shall be administered.

- (4) Effect of death or unconsciousness. Any person who is dead or unconscious, or who otherwise is in a condition rendering the person incapable of refusal, shall be deemed to have consented as provided in division (g)(2) of this section and the test or tests may be administered, subject to Ohio R.C. 313.12 to 313.16.

- (5) A. If a law enforcement officer arrests a person for a violation of Ohio R.C. 4511.19(A) or (B), Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, or a municipal OVI ordinance and if the person if

convicted would be required to be sentenced under Ohio R.C. 4511.19(G)(1)(c), (d), or (e), the law enforcement officer shall request the person to submit, and the person shall submit, to a chemical test or tests of the person's whole blood, blood serum or plasma, breath, or urine for the purpose of determining the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine. A law enforcement officer who makes a request pursuant to this division that a person submit to a chemical test or tests is not required to advise the person of the consequences of submitting to, or refusing to submit to, the test or tests and is not required to give the person the form described in division (g)(7) of this section, but the officer shall advise the person at the time of the arrest that if the person refuses to take a chemical test the officer may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test of the person's whole blood or blood serum or plasma. The officer shall also advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. Divisions (g)(3) and (g)(4) of this section apply to the administration of a chemical test or tests pursuant to this division.

- B. If a person refuses to submit to a chemical test upon a request made pursuant to division (g)(5)A. of this section, the law enforcement officer who made the request may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test of the person's whole blood or blood serum or plasma. A law enforcement officer who acts pursuant to this division to ensure that a person submits to a chemical test of the person's whole blood or blood serum or plasma is immune from criminal and civil liability based upon a claim for assault and battery or any other claim for the acts, unless the officer so acted with malicious purpose, in bad faith, or in a wanton or reckless manner.
- (6) Advice required. Except as provided in division (g)(5) of this section, the arresting law enforcement officer shall give advice in accordance with this division to any person under arrest for a violation of division (a), (b) or (o) of this section, Ohio R.C. 4511.19(A) or (B), Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, or any other municipal OVI ordinance. The officer shall give that advice in a written form that contains the information described in division (g)(7) of this section and shall read the advice to the person. The form shall contain a statement that the form was shown to the person under arrest and read to the person by the arresting officer. One or more persons shall witness the arresting officer's reading of the form, and the witnesses shall certify to this fact by signing the form. The person must submit to the chemical test or tests, subsequent to the request of the arresting

officer, within two hours of the time of the alleged violation and, if the person does not submit to the test of tests within that two-hour time limit, the failure to submit automatically constitutes a refusal to submit to the test of tests.

- (7) Certification of arrest. Except as provided in division (g)(5) of this section, if a person is under arrest as described in division (g)(6) of this section, before the person may be requested to submit to a chemical test or tests to determine the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine, the arresting officer shall read the following form to the person:

"You now are under arrest for (specifically state the offense under State law or a substantially equivalent municipal ordinance for which the person was arrested – operating a vehicle under the influence of alcohol, a drug, or a combination of them; operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance; operating a vehicle after underage alcohol consumption; or having physical control of a vehicle while under the influence).

If you refuse to take any chemical test required by law, your Ohio driving privileges will be suspended immediately, and you will have to pay a fee to have the privileges reinstated. If you have a prior conviction of O.V.I. or operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance under state or municipal law within the preceding 20 years, you are now under arrest for state O.V.I., and, if you refuse to take a chemical test, you will face increased penalties if you subsequently are convicted of the state O.V.I.

(Read this part unless the person is under arrest for solely having physical control of a vehicle while under the influence.) If you take any chemical test required by law and are found to be at or over the prohibited amount of alcohol, a controlled substance, or a metabolite of a controlled substance in your whole blood, blood serum or plasma, breath, or urine as set by law, your Ohio driving privileges will be suspended immediately, and you will have to pay a fee to have the privileges reinstated.

If you take a chemical test, you may have an independent chemical test taken at your own expense.”

- (8) Actions required by arresting officer. If the arresting law enforcement officer does not ask a person under arrest as described in division (g)(5) or (g)(6) of this section to submit to a chemical test or tests under Ohio R.C. 4511.191 or this section, the arresting officer shall seize the Ohio or out-of-state driver's or commercial driver's license or permit of the person and immediately forward it to the court in which the arrested person is to appear on the charge. If the arrested person is not in possession of the person's license or permit or it is not in the person's vehicle, the officer shall order the person to surrender it to the law enforcement agency that employs the officer within 24 hours after the arrest, and, upon the surrender, the agency immediately shall forward the license or permit to the court in which the person is to appear on the charge. Upon receipt of the license or permit, the court shall retain it pending the arrested person's initial appearance and any action taken under Ohio R.C. 4511.196.
- (9) A. If a law enforcement officer asks a person under arrest as described in division (g)(5) of this section to submit to a chemical test or tests under that division and the test results indicate a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense, or if a law enforcement officer asks a person under arrest as described in division (g)(6) of this section to submit to a chemical test or tests under Ohio R.C. 4511.191 or this section, if the officer advises the person in accordance with this section of the consequences of the person's refusal or submission, and if either the person refuses to submit to the test or tests or, unless the arrest was for a violation of division (o) of this section, Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, the person submits to the test or tests and the test results indicate a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense, the arresting officer shall do all of the following:
1. On behalf of the Registrar of Motor Vehicles, notify the person that, independent of any penalties or sanctions imposed upon the person, the person's Ohio driver's or commercial driver's license or permit or nonresident operating privilege is suspended immediately, that the suspension will last at least until the person's initial appearance on the charge, which will be held within five days after the date of the person's arrest or the issuance of a citation to the person, and that

the person may appeal the suspension at the initial appearance or during the period of time ending 30 days after that initial appearance;

2. Seize the driver's or commercial driver's license or permit of the person and immediately forward it to the Registrar. If the arrested person is not in possession of the person's license or permit or it is not in the person's vehicle, the officer shall order the person to surrender it to the law enforcement agency that employs the officer within 24 hours after the person is given notice of the suspension, and, upon the surrender, the officer's employing agency immediately shall forward the license or permit to the Registrar;
3. Verify the person's current residence and, if it differs from that on the person's driver's or commercial driver's license or permit, notify the Registrar of the change;
4. Send to the Registrar, within 48 hours after the arrest of the person, a sworn report that includes all of the following statements:
 - a. That the officer had reasonable grounds to believe that, at the time of the arrest, the arrested person was operating a vehicle in violation of Ohio R.C. 4511.19(A) or (B) or a municipal OVI ordinance or for being in physical control of a stationary vehicle in violation of Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance;
 - b. That the person was arrested and charged with a violation of Ohio R.C. 4511.19(A) or (B), Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, or a municipal OVI ordinance;
 - c. Unless division (g)(9)A.4.e. of this section applies, that the officer asked the person to take the designated chemical test or tests, advised the person in accordance with this section of the consequences of submitting to, or refusing to take, the test or tests, and gave the person the form described in division (g)(7) of this section;
 - d. Unless division (g)(9)A.4.e. of this section applies, that either the person refused to submit to the chemical test or tests or, unless the arrest was for a violation of Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, the person submitted to the chemical test or tests and the test results indicate a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense.

- e. If the person was under arrest as described in division (g)(5) of this section and the chemical test or tests were performed in accordance with that division, that the person was under arrest as described in that division, that the chemical test or tests were performed in accordance with that division, and that test results indicated a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense.
 - B. Division (g)(9)A. of this section does not apply to a person who is arrested for a violation of division (o) of this section, Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, who is asked by a law enforcement officer to submit to a chemical test or tests under this section, and who submits to the test or tests, regardless of the amount of alcohol, a controlled substance, or a metabolite of a controlled substance that the test results indicate is present in the person's whole blood, blood serum or plasma, breath, or urine.
- (10) Sworn report of arresting officer.
- A. The arresting officer shall give the officer's sworn report that is completed under this section to the arrested person at the time of the arrest, or the Registrar of Motor Vehicles shall send the report to the person by regular first class mail as soon as possible after receipt of the report, but not later than 14 days after receipt of it. An arresting officer may give an unsworn report to the arrested person at the time of the arrest provided the report is complete when given to the arrested person and subsequently is sworn to by the arresting officer. As soon as possible, but not later than 48 hours after the arrest of the person, the arresting officer shall send a copy of the sworn report to the court in which the arrested person is to appear on the charge for which the person was arrested.
 - B. The sworn report of an arresting officer completed under this section is prima facie proof of the information and statements that it contains. It shall be admitted and considered as prima facie proof of the information and statements that it contains in any appeal under Ohio R.C. 4511.197 relative to any suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege that results from the arrest covered by the report.
(ORC 4511.192) (Ord. 2003-33. Passed 7-23-03.)
- (11) Suspension effective immediately. A suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege under this section for the time described in Ohio R.C. 4511.191(B) or (C) is effective immediately from the time at which the arresting officer serves the notice of suspension upon the arrested person. Any subsequent finding that the person

is not guilty of the charge that resulted in the person's being requested to take the chemical test or tests under division (g)(1) through (g)(5) of this section does not affect the suspension.

- (12) Initial appearance. If a person arrested for operating a vehicle in violation of division (a) or (b) of this section, Ohio R.C. 4511.19(A) or (B), or any other municipal OVI ordinance, or for being in physical control of a vehicle in violation of division (o) of this section or Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, regardless of whether the person's driver's or commercial driver's license or permit or nonresident operating privilege is or is not suspended under Ohio R.C. 4511.191(B) or (C) or Ohio R.C. Chapter 4510, the person's initial appearance on the charge resulting from the arrest shall be held within five days of the persons' arrest or the issuance of the citation to him or her, subject to any continuance granted by the court pursuant to Ohio R.C. 4511.197 regarding the issues specified in that section. (ORC 4511.191(D))

434.03 MAXIMUM SPEED LIMITS; ASSURED CLEAR DISTANCE AHEAD.

(a) No person shall operate a motor vehicle at a speed greater or less than is reasonable or proper, having due regard for the traffic, surface, and width of the street or highway and any other conditions, and no person shall drive any motor vehicle in and upon any street or highway at a greater speed than will permit him or her to bring it to a stop within the assured clear distance ahead.

(b) It is prima facie lawful, in the absence of a lower limit declared or established pursuant to this section by the Director of Transportation or local authorities, for the operator of a motor vehicle to operate the same at a speed not exceeding the following:

(1) A. Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when 20 miles per hour school speed limit signs are erected, except that on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by division (b)(4) of this section, and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by divisions (b)(10) and (b)(11) of this section. The end of every school zone may be marked by a sign indicating the end of the zone. Nothing in this section or in the *Manual and Specifications for a Uniform System of Traffic-Control Devices* shall be construed to require school zones to be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

B. As used in this section, "school" means all of the following:

1. Any school chartered under Ohio R.C. 3301.16;
2. - C. As used in this section, “school zone” means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway, and also includes that portion of a State highway. The distances in divisions (b)(1)C.1. through 3. below shall not exceed 300 feet per approach per direction, and are bounded by whichever of the following distances or combination thereof the Director approves as most appropriate:
1. The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of 300 feet on each approach direction;

When the offense is an unclassified misdemeanor, the offender shall be sentenced pursuant to § 698.02, § 698.03 or R.C. §§ 2929.21 to 2929.28, except that the offender shall not be sentenced to a jail term; the offender shall not be sentenced to a community residential sanction pursuant to § 698.02(d) or R.C. § 2929.26; notwithstanding § 698.02(f)(1)B.1. and R.C. § 2929.28(A)(2)(a), the offender may be fined up to \$1,000; and, notwithstanding § 698.02(e)(1)C. and R.C. § 2929.27(A)(3), the offender may be ordered pursuant to § 698.02(e)(3) or R.C. § 2929.27(C) to serve a term of community service of up to 500 hours. The failure of an offender to complete a term of community service imposed by the court may be punished as indirect criminal contempt under R.C. § 2705.02(A) that may be filed in the underlying case.
- (2)
 - A. If, within three years of a violation of division (a)(1), (a)(2), or (a)(3) of this section, the offender previously has pleaded guilty to or been convicted of two or more violations of division (a)(1), (a)(2), or (a)(3) of this section, R.C. § 4511.203(A)(1), (A)(2), or (A)(3), or a substantially equivalent municipal ordinance, the offender is guilty of a misdemeanor of the first degree.
 - B. Whoever violates division (a)(4) or (a)(5) of this section is guilty of a misdemeanor of the first degree.
- (3) For any violation of this section, in addition to the penalties imposed under this Code or R.C. Chapter 2929, the court may impose a class seven suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in R.C. § 4510.02(A)(7), and, if the vehicle involved in the offense is registered in the name of the offender, the court may order one of the following:
 - A. Except as otherwise provided in division (c)(3)B. or (c)(3)B. of this section, the court may order, for 30 days, the immobilization of the vehicle involved in the offense and the impoundment of that vehicle's license plates. If issued, the order shall be issued and enforced under R.C. § 4503.233.
 - B. If the offender previously has been convicted of or pleaded guilty to one violation of this section, R.C. § 4511.203, or a substantially equivalent municipal ordinance, the court may order, for 60 days, the immobilization of the vehicle involved in the offense and the impoundment of that vehicle's license plates. If issued, the order shall be issued and enforced under R.C. § 4503.233.
 - C. If the offender previously has been convicted of or pleaded guilty to two or more violations of this section, R.C. § 4511.203, or a substantially equivalent municipal ordinance, the court may order the criminal

forfeiture to the state of the vehicle involved in the offense. If issued, the order shall be issued and enforced under R.C. § 4503.234.

- (4) If title to a motor vehicle that is subject to an order for criminal forfeiture under division (c)(3)C. of this section is assigned or transferred and R.C. § 4503.234(B)(2) or (B)(3) applies, in addition to or independent of any other penalty established by law, the court may fine the offender the value of the vehicle as determined by publications of the national automobile dealers association. The proceeds from any fine imposed under this division shall be distributed in accordance with R.C. § 4503.234(C)(2).

(d) If a court orders the criminal forfeiture of a vehicle under division (c)(3)A. or (c)(3)B. of this section, the court shall not release the vehicle from the immobilization before the termination of the period of immobilization ordered unless the court is presented with current proof of financial responsibility with respect to that vehicle.

(e) If a court orders the criminal forfeiture of a vehicle under division (c)(3)C. of this section, upon receipt of the order from the court, neither the Registrar of Motor Vehicles nor any deputy registrar shall accept any application for the registration or transfer of registration of any motor vehicle owned or leased by the person named in the order. The period of denial shall be five years after the date the order is issued, unless, during that five-year period, the court with jurisdiction of the offense that resulted in the order terminates the forfeiture and notifies the Registrar of the termination. If the court terminates the forfeiture and notifies the Registrar, the Registrar shall take all necessary measures to permit the person to register a vehicle owned or leased by the person or to transfer the registration of the vehicle.

(f) This section does not apply to motor vehicle rental dealers or motor vehicle leasing dealers, as defined in Ohio R.C. 4549.65.

(g) Evidence of a conviction of, plea of guilty to, or adjudication as a delinquent child for a violation of this section shall not be admissible as evidence in any civil action that involves the offender or delinquent child who is the subject of the conviction, plea, or adjudication and that arises from the wrongful entrustment of a motor vehicle.

(h) For purposes of this section, a vehicle is owned by a person if, at the time of a violation of this section, the vehicle is registered in the person's name.
(ORC 4511.203)

(a) The operator of a motor vehicle shall display the operator's driver's license, or furnish satisfactory proof that the operator has a driver's license, upon demand of any peace officer or of any person damaged or injured in any collision in which the licensee may be

involved. When a demand is properly made, and the operator has the operator's driver's license on or about the operator's person, the operator shall not refuse to display the license. A person's failure to furnish satisfactory evidence that the person is licensed under Ohio R.C. Chapter 4507 when the person does not have the person's license on or about the person's person shall be prima facie evidence of the person's not having obtained a driver's license.

- (b) (1) Except as provided in division (b)(2) of this section, whoever violates this section is guilty of an unclassified misdemeanor. When the offense is an unclassified misdemeanor, the offender shall be sentenced pursuant to § 698.02, § 698.03 or R.C. §§ 2929.21 to 2929.28, except that the offender shall not be sentenced to a jail term; the offender shall not be sentenced to a community residential sanction pursuant to § 698.02(d) or R.C. § 2929.26; notwithstanding § 698.02(f)(1)B.1. and R.C. § 2929.28(A)(2)(a), the offender may be fined up to \$1,000; and notwithstanding § 698.02(e)(1)C. and R.C. § 2929.27(A)(3), the offender may be ordered pursuant to § 698.02(e)(3) or R.C. § 2929.27(C) to serve a term of community service of up to 500 hours. The failure of an offender to complete a term of community service imposed by the court may be punished as indirect criminal contempt under R.C. § 2705.02(A) that may be filed in the underlying case.
- (2) If, within three years of the offense, the offender previously has been convicted of or pleaded guilty to two or more violations of this section, R.C. § 4507.35, or a substantially equivalent municipal ordinance, the offense is a misdemeanor of the first degree.

(Editor's note: Section 436.07 was repealed as part of the 2003 updating and revision of these Codified Ordinances because substantially identical State law (Ohio R.C. 4507.02(B) - (H)) was repealed by the Ohio General Assembly. See Sections 436.071 through 436.075 for current provisions.)

436.071 DRIVING UNDER SUSPENSION OR IN VIOLATION OF LICENSE RESTRICTION.

(a) Driving under Suspension or in Violation of License Restriction.

- (1) Except as provided in division (a)(2) of this section, division (b) of this section, § 436.11 and in R.C. §§ 4510.111 and 4510.16, no person whose driver's or commercial driver's license or permit or nonresident operating privilege has been suspended under any provision of the Revised Code, other than Ohio R.C. Chapter 4509, or under any applicable law in any other jurisdiction in which the person's license or permit was issued shall operate any motor vehicle upon

the public roads and highways or upon any public or private property used by the public for purposes of vehicular travel or parking within this Municipality during the period of suspension unless the person is granted limited driving privileges and is operating the vehicle in accordance with the terms of the limited driving privileges.

- (2) No person shall operate any motor vehicle upon a highway or any public or private property used by the public for purposes of vehicular travel or parking in this Municipality in violation of any restriction of the person's driver's or commercial driver's license or permit imposed under Ohio R.C. 4506.10(D) or 4507.14.
- (3) Upon the request or motion of the prosecuting authority, a noncertified copy of the law enforcement automated data system report or a noncertified copy of a record of the Registrar of Motor Vehicles that shows the name, date of birth, and social security number of a person charged with a violation of division (a)(1) or (a)(2) of this section may be admitted into evidence as prima facie evidence that the license of the person was under suspension at the time of the alleged violation of division (a)(1) of this section or the person operated a motor vehicle in violation of a restriction at the time of the alleged violation of division (a)(2) of this section. The person charged with a violation of division (a)(1) or (a)(2) of this section may offer evidence to rebut this prima facie evidence.
- (4) A. Whoever violates division (a)(1) or (a)(2) of this section is guilty of a misdemeanor of the first degree. The court may impose upon the offender a class seven suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in R.C. § 4510.02(A)(7).
 - B. 1. Except as provided in division (a)(4)B.2. or (a)(4)B.3. of this section, the court, in addition to any other penalty that it imposes on the offender and if the vehicle is registered in the offender's name and if, within three years of the offense, the offender previously has been convicted of or pleaded guilty to one violation of this section, R.C. § 4510.11, 4510.111 or 4510.16, or a substantially equivalent municipal ordinance, the court, in addition to or independent of any other sentence that it imposes upon the offender, may order the immobilization of the vehicle involved in the offense for 30 days and the impoundment of that vehicle's license plates for 30 days in accordance with R.C. § 4503.233.
 2. If the vehicle is registered in the offender's name and if, within three years of the offense, the offender previously has been convicted of or pleaded guilty to two violations of this section, or any combination of two violations of this section, R.C. § 4510.11, 4510.111 or 4510.16, or

of a substantially similar municipal ordinance, the court, in addition to any other sentence that it imposes on the offender, may order the immobilization of the vehicle involved in the offense for 60 days and the impoundment of that vehicle's license plates for 60 days in accordance with R.C. § 4503.233.

3. If the vehicle is registered in the offender's name and if, within three years of the offense, the offender previously has been convicted of or pleaded guilty to three or more violations of this section, or any combination of three or more violations of this section or R.C. § 4510.11, 4510.111 or 4510.16, or of a substantially similar municipal ordinance, the court, in addition to any other sentence that it imposes on the offender, may order the criminal forfeiture of the vehicle involved in the offense to the state.
- (5) Any order for immobilization and impoundment under this section shall be issued and enforced under R.C. §§ 4503.233 and 4507.02, as applicable. The court shall not release a vehicle from immobilization ordered under this section unless the court is presented with current proof of financial responsibility with respect to that vehicle.
- (6) Any order of criminal forfeiture under this section shall be issued and enforced under R.C. § 4503.234. Upon receipt of the copy of the order from the court, neither the Registrar of Motor Vehicles nor a deputy registrar shall accept any application for the registration or transfer of registration of any motor vehicle owned or leased by the person named in the declaration of forfeiture. The period of registration denial shall be five years after the date of the order, unless, during that period, the court having jurisdiction of the offense that led to the order terminates the forfeiture and notifies the registrar of the termination. The registrar then shall take necessary measures to permit the person to register a vehicle owned or leased by the person or to transfer registration of the vehicle.
- (7) The offender shall provide the court with proof of financial responsibility as defined in R.C. § 4509.01. If the offender fails to provide that proof of financial responsibility, then, in addition to any other penalties provided by law, the court may order restitution pursuant to § 698.02(f) or R.C. § 2929.28 in an amount not exceeding \$5,000 for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during, or after committing the offense for which the offender is sentenced under this section.

(c) Whoever violates this section is guilty of operating a motor vehicle or motorcycle without a valid license and shall be punished as follows:

- (1) If the trier of fact finds that the offender never has held a valid driver's or commercial driver's license issued by this state or any other jurisdiction, or, in a case involving the operation of a motorcycle by the offender, if the offender has never held a valid license as a motorcycle operator, either in the form of an endorsement upon a driver's or commercial driver's license or in the form of a restricted license, except as otherwise provided in this division, the offense is an unclassified misdemeanor. otherwise provided in this division, the offense is a minor misdemeanor. If within three years of the offense, the offender previously has been convicted of or pleaded guilty to two or more violations of this section or a substantially equivalent municipal ordinance, the offense is a misdemeanor of the first degree.

(d) The court shall not impose a license suspension for a first violation of this section or if more than three years have passed since the offender's last violation of Ohio R.C. 4510.12, this section, or a substantially equivalent municipal ordinance.

If these two separate means of applying the brakes are connected in any way, then on such motor vehicles, manufactured or assembled after January 1, 1942, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.
 - (2) Every motorcycle, when operated upon a highway shall be equipped with at least one adequate brake, which may be operated by hand or by foot.
 - (3) Every motorized bicycle shall be equipped with brakes meeting the rules adopted by the Director of Public Safety under Ohio R.C. 4511.521.
 - (4) When operated upon the highways, the following vehicles shall be equipped with brakes adequate to control the movement of and to stop and to hold the vehicle, designed to be applied by the driver of the towing motor vehicle from its cab, and also designed and connected so that, in case of a breakaway of the towed vehicle, the brakes shall be automatically applied:
 - A. Except as otherwise provided in this section, every trailer or semitrailer, except a pole trailer, with an empty weight of 2,000 pounds or more, manufactured or assembled on or after January 1, 1942;

The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind.
- (8) The same brake drums, brake shoes and lining assemblies, brake shoe anchors, and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.
- (9) Every motor vehicle or combination of motor-drawn vehicles shall, at all times and under all conditions of loading, be capable of being stopped on a dry, smooth, level road free from loose material, upon application of the service or foot brake, within the following specified distances, or shall be capable of being decelerated at a sustained rate corresponding to these distances:

- (j) (1) Whoever violates division (a), (b), (c), or (d) of this section shall be punished as follows, provided that the failure of an operator of a motor vehicle to secure more than one child in a child restraint system, booster seat or occupant restraining device as required by this section that occurred at the same time, on the same day and at the same location is deemed to be a single violation of this section:
- A. Except as otherwise provided in division (j)(1)B. of this section, the offender is guilty of a minor misdemeanor and shall be fined not less than \$25 nor more than \$75.
- B. If the offender previously has been convicted of or pleaded guilty to a violation of division (a), (b), (c) or (d) of this section or of a State law or municipal ordinance that is substantially equivalent any of those divisions, the offender is guilty of a misdemeanor of the fourth degree.

(R.C. § 4511.81(A) - (H), (K), (L))

438.30 USE OF OCCUPANT RESTRAINING DEVICES.

(a) Definitions. For the purpose of this section, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

- (1) "Automobile" means any commercial tractor, passenger car, commercial car, or truck that is required to be factory-equipped with an occupant restraining device for the operator or any passenger by regulations adopted by the United States Secretary of Transportation pursuant to the "National Traffic and Motor Vehicle Safety Act of 1966," 80 Stat. 719, 15 U.S.C. 1392.
- (2) "Commercial tractor," "passenger car," and "commercial car" have the same meanings as in Ohio R.C. 4501.01.
- (3) "Occupant restraining device" means a seat safety belt, shoulder belt, harness, or other safety device for restraining a person who is an operator of or passenger in an automobile and that satisfies the minimum Federal vehicle safety standards established by the United States Department of Transportation.
- (4) "Passenger" means any person in an automobile, other than its operator, who is occupying a seating position for which an occupant restraining device is provided.
- (5) "Tort action" means a civil action for damages for injury, death, or loss to person or property. "Tort action" includes a product liability claim, as defined in Ohio R.C. 2307.71, and as asbestos claim, as defined in Ohio R.C. 2307.91, but does not include a civil action for damages for breach of contract or another agreement between persons.

- (6) "Vehicle" and "motor vehicle," as used in the definitions of the terms set forth above, have the same meanings as in Ohio R.C. 4511.01.
- (b) Prohibited Acts. No person shall do any of the following:
- (1) Operate an automobile on any street or highway unless he or she is wearing all of the available elements of a properly adjusted occupant restraining device, or operate a school bus that has an occupant restraining device installed for use in its operator's seat unless he or she is wearing all of the available elements of the device, as properly adjusted.
 - (2) Operate an automobile on any street or highway unless each passenger in the automobile who is subject to the requirement set forth in division (b)(3) of this section is wearing all of the available elements of a properly adjusted occupant restraining device.
 - (3) Occupy, as a passenger, a seating position on the front seat of an automobile being operated on any street or highway unless he or she is wearing all of the available elements of a properly adjusted occupant restraining device.
 - (4) Operate a taxicab on any street or highway unless all factory-equipped occupant restraining devices in the taxicab are maintained in usable form.
- (c) *Exceptions.*
- (1) Division (b)(3) of this section does not apply to a person who is required by R.C. § 4511.81 or a substantially equivalent municipal ordinance to be secured in a child restraint device or booster seat.
 - (2) Division (b)(1) of this section does not apply to a person who is an employee of the United States Postal Service or of a newspaper home delivery service, during any period in which the person is engaged in the operation of an automobile to deliver mail or newspapers to addressees.
 - (3) Divisions (b)(1) and (b)(3) of this section do not apply to a person who has an affidavit signed by a physician licensed to practice in this state under R.C. Chapter 4731 or a chiropractor licensed to practice in this state under R.C. Chapter 4734 that states the following:
 - A. That the person has a physical impairment that makes use of an occupant restraining device impossible or impractical;
 - B. Whether the physical impairment is temporary, permanent, or reasonably expected to be permanent;
 - C. If the physical impairment is temporary, how long the physical impairment is expected to make the use of an occupant restraining device impossible or impractical.
 - (4) Divisions (b)(1) and (b)(3) of this section do not apply to a person who has registered with the Registrar of Motor Vehicles in accordance with division (c)(5) of this section.

- (5) A person who has received an affidavit under division (c)(3) of this section stating that the person has a permanent or reasonably expected to be permanent physical impairment that makes use of an occupant restraining device impossible or impracticable may register with the Registrar of Motor Vehicles attesting to that fact. Upon such registration, the Registrar shall make that information available in the law enforcement automated data system. A person included in the database under division (c)(5) of this section is not required to have the affidavit obtained in accordance with division (c)(3) of this section in their possession while operating or occupying an automobile.
- (6) A physician or chiropractor who issues an affidavit for the purposes of division (c)(3) or (c)(4) of this section is immune from civil liability arising from any injury or death sustained by the person who was issued the affidavit due to the failure of the person to wear an occupant restraining device unless the physician or chiropractor, in issuing the affidavit, acted in a manner that constituted willful, wanton, or reckless misconduct.
- (7) The Registrar of Motor Vehicles shall adopt rules in accordance with R.C. Chapter 119 establishing a process for a person to be included in the database under division (c)(5) of this section. The information provided and included in the database under division (c)(5) of this section is not a public record subject to inspection or copying under R.C. § 149.43.

(d) Officers Not Permitted to Stop Cars to Determine Violation. Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of an automobile being operated on any street or highway to stop the automobile for the sole purpose of determining whether a violation of division (b) of this section has been or is being committed or for the sole purpose of issuing a ticket, citation, or summons for the violation or for causing the arrest of or commencing a prosecution of a person for the violation. No law enforcement officer shall view the interior or visually inspect any automobile being operated on any street or highway for the sole purpose of determining whether the violation has been or is being committed.

(e) Use of Fines for Educational Program. All fines collected for violations of division (b) of this section shall be forwarded to the State Treasurer for deposit in the funds as set forth in Ohio R.C. 4513.263(E).

(f) Limitations on Evidence Used for Prosecution.

- (1) Subject to division (f)(2) of this section, the failure of a person to wear all of the available elements of a properly adjusted occupant restraining device in violation of division (b)(1) or (b)(3) of this section or the failure of a person to ensure that each minor who is a passenger of an automobile being operated by that person is wearing all of the available elements of a properly adjusted occupant restraining device in violation of division (b)(2) of this section shall not be considered or used by the trier of fact in a tort action as evidence of

negligence or contributory negligence. But, the trier of fact may determine based on evidence admitted consistent with the Ohio Rules of Evidence that the failure contributed to the harm alleged in the tort action and may diminish a recovery of compensatory damages that represents non-economic loss, as defined in Ohio R.C. 2307.011, in a tort action that could have been recovered but for the plaintiff's failure to wear all of the available elements of a properly adjusted occupant restraining device. Evidence of that failure shall not be used as a basis for a criminal prosecution of the person other than a prosecution for a violation of this section; and shall not be admissible as evidence in a criminal action involving the person other than a prosecution for a violation of this section.

- (2) If, at the time of an accident involving a passenger car equipped with occupant restraining devices, any occupant of the passenger car who sustained injury or death was not wearing an available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted, then, consistent with the Rules of Evidence, the fact that the occupant was not wearing the available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted is admissible in evidence in relation to any claim for relief in a tort action to the extent that the claim for relief satisfies all of the following:
 - A. It seeks to recover damages for injury or death to the occupant;
 - B. The defendant in question is the manufacturer, designer, distributor, or seller of the passenger car;
 - C. The claim for relief against the defendant in question is that the injury or death sustained by the occupant was enhanced or aggravated by some design defect in the passenger car or that the passenger car was not crashworthy.

(g) Penalty.

- (1) Whoever violates division (b)(1) of this section shall be fined thirty dollars (\$30.00).
- (2) Whoever violates division (b)(2) of this section shall be subject to the penalty set forth in Section 408.02.
- (3) Whoever violates division (b)(3) of this section shall be fined twenty dollars (\$20.00).

- (4) Except as otherwise provided in this division, whoever violates division (b)(4) of this section is guilty of a minor misdemeanor. If the offender previously has been convicted of or pleaded guilty to a violation of division (b)(4) of this section, whoever violates division (b)(4) of this section is guilty of a misdemeanor of the third degree.
(ORC 4513.263)

438.31 IGNITION INTERLOCK DEVICES. (REPEALED)

(Editor's note: Section 438.31 was repealed as part of the 2003 updating and revision of these Codified Ordinances because substantially identical State law (Ohio R.C. 4511.83(A), (B), (E)) was repealed by the Ohio General Assembly.)

438.32 OPERATION OF RADIOS OR OTHER SOUND-MAKING DEVICES OR INSTRUMENTS.

(a) No person operating or occupying a motor vehicle within the Village shall operate, or amplify the sound produced by, a radio, tape player or other sound-making device or instrument, from within the motor vehicle, so that the sound is plainly audible at a distance of 100 feet or more from the motor vehicle.

(b) The provisions of this section shall not apply to any law enforcement motor vehicle equipped with any communication device necessary in the performance of law enforcement duties or to any emergency vehicle equipped with any communication device necessary in the performance of emergency procedures.

(c) The provisions of this section do not apply to the noise made by a horn or other warning device required or permitted by State law.

(d) As used in this section, "plainly audible" means any sound produced by a radio, tape player or other mechanical or electronic sound-making device or instrument, from within the interior or exterior of a motor vehicle, including sound produced by a portable sound-making device, that can be clearly heard outside the vehicle by a person using his or her normal hearing faculties, at a distance of 100 feet or more from the motor vehicle.

(e) Any law enforcement personnel who hears a sound that is plainly audible shall be entitled to measure the sound according to the following standards:

- (1) The primary means of detection shall be by means of the officer's ordinary auditory senses as long as the officer's hearing is not enhanced by any mechanical device, such as a microphone or hearing aid.

- (2) The officer must have a direct line of sight and hearing to the motor vehicle producing the sound so that he or she can readily identify the offending motor vehicle and the distance involved.
- (3) The officer need not determine the particular words or phrases being produced or the name of any song or artist producing the sound. The detection of a rhythmic bass, reverberating-type sound is sufficient to constitute a plainly audible sound.

(f) The motor vehicle from which the sound is produced must be located (stopped, standing or moving) within the Village. Parking lots and driveways are included.

(g) Whoever violates or fails to comply with any of the provisions of this section is guilty of a minor misdemeanor. If the offender persists in generating or permitting to be generated unreasonable noise after reasonable warning or request to desist, such offender is guilty of a misdemeanor of the fourth degree. The penalty shall be as provided in Section 408.01. In addition, for any violation of this section, the sound equipment is hereby deemed contraband and is subject to seizure and forfeiture pursuant to Ohio R.C. 2933.41 through 2933.43 and Section 608.16 of the General Offenses Code.
(Ord. 1996-49. Passed 8-28-96.)

438.33 AIR BAGS.

(a) As used in this section:

- (1) "Air bag." Has the same meaning as in 49 C.F.R. § 579.4, as amended.
- (2) "Counterfeit air bag." An air bag displaying a mark identical or similar to the genuine mark of a motor vehicle manufacturer, without the authorization of the motor vehicle manufacturer.
- (3) "Nonfunctional air bag." Any of the following:
 - A. A replacement air bag that has been previously deployed or damaged;
 - B. A replacement air bag that has an electrical fault that is detected by the air bag diagnostic system of a vehicle after the air bag is installed;
 - C. A counterfeit air bag, air bag cover, or some other object that is installed in a vehicle to deceive an owner or operator of the vehicle into believing that a functional air bag has been installed.

(b) No person shall install or reinstall in any motor vehicle a counterfeit or nonfunctional air bag or any object intended to fulfill the function of an air bag other than an air bag that was designed in conformance with or that is regulated by Federal Motor Vehicle Safety Standard Number 208 for the make, model, and model year of the vehicle, knowing that the object is not in accordance with that standard.

(c) No person shall knowingly manufacture, import, sell, or offer for sale any of the following:

- (1) A counterfeit air bag;

- (2) A nonfunctional air bag;
- (3) Any other object that is intended to be installed in a motor vehicle to fulfill the function of an air bag and that is not in conformance with Federal Motor Vehicle Safety Standard Number 208 for the make, model, and model year of the vehicle in which the object is intended to be installed.

(d) No person shall knowingly sell, install, or reinstall a device in a motor vehicle that causes the diagnostic system of a vehicle to inaccurately indicate that the vehicle is equipped with a functional air bag.

- (e) (1) Whoever violates division (b) or (d) of this section is guilty of improper replacement of a motor vehicle air bag, a misdemeanor of the first degree on a first offense. On each subsequent offense, or if the violation results in serious physical harm to an individual, the person is guilty of a felony to be prosecuted under appropriate state law.
- (2) A violation of division (c) of this section is a felony to be prosecuted under appropriate state law.
- (3) Each manufacture, importation, installation, reinstallation, sale, or offer for sale in violation of this section shall constitute a separate and distinct violation.
(R.C. § 4549.20)

440.01 LOAD LIMITS.

(a) State Regulations.

- (1) A. The municipality, with respect to highways under their jurisdiction, upon application in writing, shall issue a special regional heavy hauling permit authorizing the applicant to operate or move a vehicle or combination of vehicles as follows:
1. At a size or weight of vehicle or load exceeding the maximum specified in R.C. §§ 5577.01 to 5577.09, or otherwise not in conformity with R.C. §§ 4513.01 to 4513.37.
 2. Upon any highway under the jurisdiction of municipality except those highways with a condition insufficient to bear the weight of the vehicle or combination of vehicles as stated in the application.

3. Issuance of a special regional heavy hauling permit is subject to the payment of a fee established by the municipality in accordance with this section.
 - B. In circumstances where a person is not eligible to receive a permit under division (a)(1)A. of this section, the Municipality, with respect to highways under its jurisdiction, upon application in writing and for good cause shown, may issue a special permit in writing authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in Ohio R.C. 5577.01 through 5577.09, or otherwise not in conformity with Ohio R.C. 4513.01 through 4513.37, upon any highway under its jurisdiction.
- (2) Notwithstanding Ohio R.C. 715.22 and 723.01, the holder of a special permit issued by the Director of Transportation under Ohio R.C. 4513.34 may move the vehicle or combination of vehicles described in the special permit on any highway that is a part of the State highway system when the movement is partly within and partly without the corporate limits of the Municipality. No local authority shall require any other permit or license or charge any license fee or other charge against the holder of a permit for the movement of a vehicle or combination of vehicles on any highway which is a part of the State highway system. The Ohio Director of Transportation shall not require the holder of a permit issued by the Municipality to obtain a special permit for the movement of vehicles or combination of vehicles on highways within the jurisdiction of the Municipality. Permits may be issued for any period of time not to exceed one year, as the local authority in its discretion determines advisable or for the duration of any public construction project.
 - (3) A. The application for a permit issued under this section shall be in the form that the Municipality prescribes. The Municipality may prescribe a permit fee to be imposed and collected when any permit described in this section is issued. The permit fee may be in an amount sufficient to reimburse the Municipality for the administrative costs incurred in issuing the permit, and also to cover the cost of normal and expected damage caused to the roadway or a street or highway structure as the result of the operation of the nonconforming vehicle or combination of vehicles.
 - B. For the purposes of this section and of rules adopted by the Director under Ohio R.C. 4513.34, milk transported in bulk by vehicle is deemed a nondivisible load.
 - C. For purposes of this section and of rules adopted by the Director under R.C. § 4513.34, three or fewer aluminum coils, transported by a vehicle, are deemed a nondivisible load. The Director shall adopt rules

establishing requirements for an aluminum coil permit that are substantially similar to the requirements for a steel coil permit under O.A.C. Chapter 5501:2-1.

- (4) The Municipality shall issue a special regional heavy hauling permit under division (a)(1)A. of this section upon application and payment of the applicable fee. However, the Municipality may issue or withhold a special permit specified in division (a)(1)B. of this section. If a permit is to be issued, the Municipality may limit or prescribe conditions of operation for the vehicle and may require the posting of a bond or other security conditioned upon the sufficiency of the permit fee to compensate for damage caused to the roadway or a street or highway structure. In addition, the Municipality, as a condition of issuance of an overweight permit, may require the applicant to develop and enter into a mutual agreement with the Municipality to compensate for or to repair excess damage caused to the roadway by travel under the permit.
- (5) Every permit issued under this section shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit. No person shall violate any of the terms of a permit.
- (6) The Director of Transportation may debar an applicant from applying for a special permit under this section upon a finding based on a reasonable belief that the applicant has done any of the actions specified in R.C. § 4513.34(F).
- (7) Notice and procedures for debarment shall be as provided in R.C. § 4513.34(G).
- (8)
 - A. No person shall violate the terms of a permit issued under this section that relate to gross load limits.
 - B. No person shall violate the terms of a permit issued under this section that relate to axle load by more than 2,000 pounds per axle or group of axles.
 - C. No person shall violate the terms of a permit issued under this section that relate to an approved route except upon order of a law enforcement officer or authorized agent of the issuing authority.
- (9) A permit issued by the municipality under this section for the operation of a vehicle or combination of vehicles is valid for the purposes of the vehicle operation in accordance with the conditions and limitations specified on the permit. Such a permit is voidable by law enforcement only for operation of a vehicle or combination of vehicles in violation of the weight, dimension, or route provisions of the permit. However, a permit is not voidable for operation in violation of a route provision of a permit if the operation is upon the order of a law enforcement officer.

(ORC 4513.34)

(b) Whoever violates division (a) of this section is guilty of a minor misdemeanor. (ORC 4513.99)

(c) Local Streets. No person shall operate a vehicle exceeding a size as specified Ohio R.C. 5577.01 through 5577.09, or otherwise not in conformity with Ohio R.C. 4513.01 through 4513.37, or exceeding a gross weight of five tons, upon any street in the Municipality other than state routes and County roads, except those local streets designated as a truck route and marked as such by appropriate traffic signs, and except when such operation is necessary to load or unload property, to go to or from the usual place of storage of such vehicle or to perform any other legitimate business or act other than passage through the Municipality. Operators of vehicles so deviating from either a state route or a designated truck route within the Municipality shall confine such deviation to that required in order to accomplish the purpose of the departure. On County roads, Council or other duly designated local authority shall establish reasonable weight limits commensurate with the construction and material specifications for such roads and the load resistance of such roads as determined by the County Engineer. County roads shall be posted with signs indicating such weight limits.

(d) Local Permit and Conditions. Upon application and for good cause, the Police Chief may issue a local permit authorizing an applicant to move an oversize or overweight vehicle or combination of vehicles upon local streets and highways.

- (1) No permittee shall be required to obtain a special permit from the Ohio Director of Transportation for the movement of the vehicle or combination of vehicles on streets or highways under local jurisdiction. However, the approval of the Ohio Director of Transportation shall be required for movement upon state routes as provided in division (a) of this section.
- (2) The Police Chief may grant a permit for a single or round trip, or for such period of time, not to exceed one year, as the Police Chief in his or her discretion deems advisable, or for the duration of any construction project. The Police Chief may limit or prescribe terms or conditions of operation for such vehicle or combination of vehicles by designating the route, hours, speed or such other restrictions as may be necessary for the preservation of the public peace, property, health and safety. The Police Chief may require the posting of bond or other security necessary to compensate for any damage to a roadway or road structure.
- (3) For each such permit, the Police Chief shall charge twenty-five dollars (\$25.00), and for each hour of time or any part thereof spent by the Police Department in supervising the movement of such vehicle, the applicant shall pay the sum of fifty dollars (\$50.00).

- (4) Except as provided in divisions (a) and (b) of this section, streets and highways shall be posted with signs indicating "no thru trucks - gross weight 5 tons" or words of similar import to inform drivers of the limitations imposed by this section. No driver shall disobey the instructions indicated on any such sign.
- (5) Violation of any of the limitations, terms or conditions of the permit granted by the Police Chief shall be cause for immediate revocation or suspension of such permit and denial of request for any future permit. Such violation shall also subject the violator to the penalties prescribed by Sections 408.01 and 408.02.

440.02 MAXIMUM WIDTH, HEIGHT AND LENGTH.

(h) No owner of an office, facility or parking garage where accessible parking locations are required to be designated in accordance with division (e) of this section shall fail to properly mark the accessible parking locations in accordance with that division or fail to maintain the markings of the accessible locations, including the erection and maintenance of the fixed or movable signs.

452.05 WILLFULLY LEAVING VEHICLES ON PRIVATE OR PUBLIC PROPERTY.

(a) The chief of a law enforcement agency of the municipal corporation, within the chief's territorial jurisdiction, or a state highway patrol trooper, upon notification to the chief of such action and of the location of the place of storage, may order into storage any motor vehicle, including an abandoned junk motor vehicle as defined in R.C. § 4513.63, that:

- (1) Has come into the possession of the chief or state highway patrol trooper as a result of the performance of the chief's or trooper's duties; or
- (2) Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for 48 hours or longer without notification to the chief of the reasons for leaving the motor vehicle in such place. However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:
 - A. The vehicle was involved in an accident and is subject to R.C. § 4513.66, or any substantially equivalent municipal ordinance;
 - B. The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the chief or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the chief or state highway patrol trooper. If the chief or state highway patrol trooper determines that the vehicle cannot be removed within the specified period of time, the chief or state highway patrol trooper shall order the removal of the vehicle.
- (3) Subject to division (c) of this section, the chief shall designate the place of storage of any motor vehicle so ordered removed.

(b) If the chief or a state highway patrol trooper issues an order under division (a) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed.

- (c) (1) The chief shall cause a search to be made of the records of an applicable entity listed in R.C. § 4513.601(F)(1) to ascertain the identity of the owner and any lienholder of a motor vehicle ordered into storage by the chief or a state highway patrol trooper within five business days of the removal of the vehicle. Upon obtaining such identity, the chief shall send or cause to be sent to the owner or lienholder at the owner's or lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt. The notice shall inform the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of the sending of the notice.

- (2) A. The owner or lienholder of the motor vehicle may reclaim the motor vehicle upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the Public Utilities Commission in rules adopted under R.C. § 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under R.C. § 4513.69(B)(3), if applicable. However, the owner shall not do either of the following:
1. Retrieve any personal item that has been determined by the chief or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation;
 2. Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.
- B. For purposes of division (c)(2) of this section, “personal items” do not include any items that are attached to the vehicle.
- (3) If the owner or lienholder of the motor vehicle reclaims it after a search of the applicable records has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the place of storage, and the notice was sent to the motor vehicle owner by the place of storage, the owner or lienholder shall pay to the place of storage a processing fee of \$25, in addition to any expenses or charges incurred in the removal and storage of the vehicle.

(d) If the owner or lienholder makes no claim to the motor vehicle within ten days of the date of sending the notice, and if the vehicle is to be disposed of at public auction as provided in R.C. § 4513.62 or any substantially equivalent municipal ordinance, the chief, without charge to any party, shall file with the clerk of courts of the county in which the place of storage is located an affidavit showing compliance with the requirements of this section. Upon presentation of the affidavit, the clerk, without charge, shall issue a salvage certificate of title, free and clear of all liens and encumbrances, to the chief. If the vehicle is to be disposed of to a motor vehicle salvage dealer or other facility as provided in R.C. § 4513.62 or any substantially equivalent municipal ordinance, the chief shall execute in triplicate an affidavit, as prescribed by the Registrar of Motor Vehicles, describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with. The chief shall retain the original of the affidavit for the chief’s records, and shall furnish two copies to the motor vehicle salvage dealer or other facility.

Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the clerk of courts, within 30 days of the presentation, shall issue a salvage certificate of title, free and clear of all liens and encumbrances.

(e) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the clerk of courts.

(f) No towing service or storage facility shall fail to comply with this section.
(R.C. § 4513.61)

(g) Abandonment of Junk Motor Vehicle Prohibited.

- (1) A. No person shall willfully leave an abandoned junk motor vehicle, as defined in R.C. § 4513.63, on private property for more than 72 hours without the permission of the person having the right to the possession of the property, or on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right-of-way of any road or highway for 48 hours or longer without notification to the chief of a law enforcement agency of the municipal corporation of the reason for leaving the motor vehicle in that place.
- B. For purposes of this division (g)(1), the fact that a motor vehicle has been so left without permission or notification is prima facie evidence of abandonment.
- C. Nothing contained in this section and R.C. §§ 4513.60, 4513.61 and 4513.63 shall invalidate or prevent the enactment of further provisions of municipal ordinances regulating or prohibiting the abandonment of motor vehicles on streets, highways, public property or private property within the municipality.
- (2) Whoever violates this division (b) is guilty of a minor misdemeanor and shall also be assessed any costs incurred by the municipality in disposing of the abandoned junk motor vehicle, less any money accruing to the municipality from the disposal.
(ORC 4513.64)

- (a) (1) The chief of a law enforcement agency of the municipal corporation, upon complaint of any person adversely affected, may order into storage any motor vehicle, other than an abandoned junk motor vehicle as defined in R.C. § 4513.63, that has been left on private residential or private agricultural property for at least four hours without the permission of the person having

the right to the possession of the property. The chief, upon complaint of a repair garage or place of storage, may order into storage any motor vehicle, other than an abandoned junk motor vehicle, that has been left at the garage or place of storage for a longer period than that agreed upon. When ordering a motor vehicle into storage pursuant to this division, the chief may arrange for the removal of the motor vehicle by a towing service and shall designate a storage facility.

- (2) A towing service towing a motor vehicle under division (a)(1) of this section shall remove the motor vehicle in accordance with that division. The towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed from the private property, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.
 - (3) Subject to division (b) of this section, the owner of a motor vehicle that has been removed pursuant to this division may recover the vehicle only in accordance with division (d) of this section.

The phrase does not include any private property on which is located one or more structures that are used as a home, residence, or sleeping place by two or more persons, if more than three separate households are maintained in the structure or structures.
- (b) (1) If the owner or operator of a motor vehicle that has been ordered into storage pursuant to division (a)(1) of this section arrives after the motor vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the motor vehicle established by the Public Utilities Commission in rules adopted under R.C. § 4921.25, in order to obtain release of the motor vehicle. However, if the vehicle is within a municipal corporation and the municipal corporation has established a vehicle removal fee, the towing service shall give the owner or operator oral or written notification that the owner or operator may pay not more than one-half of that fee to obtain release of the motor vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction.

- (2) Upon payment of the applicable fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the motor vehicle to the owner or operator. Upon its release, the owner or operator immediately shall move it so that it is not on the private residential or private agricultural property without the permission of the person having the right to possession of the property, or is not at the garage or place of storage without the permission of the owner, whichever is applicable.
- (c) (1) The chief of a law enforcement agency in the municipal corporation shall maintain a record of motor vehicles that the chief orders into storage pursuant to division (a)(1) of this section. The record shall include an entry for each such motor vehicle that identifies the motor vehicle's license number, make, model, and color, the location from which it was removed, the date and time of its removal, the telephone number of the person from whom it may be recovered, and the address of the place to which it has been taken and from which it may be recovered. The chief shall provide any information in the record that pertains to a particular motor vehicle to any person who, either in person or pursuant to a telephone call, identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.
- (2) Any person who registers a complaint that is the basis of the chief's order for the removal and storage of a motor vehicle under division (a)(1) of this section shall provide the identity of the law enforcement agency with which the complaint was registered to any person who identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.
- (d) (1) The owner or lienholder of a motor vehicle that is ordered into storage pursuant to division (a)(1) of this section may reclaim it upon both of the following:
- A. Payment of all applicable fees established by the Public Utilities Commission in rules adopted under R.C. § 4921.25 or, if the vehicle was towed within a municipal corporation that has established fees for vehicle removal and storage, payment of all applicable fees established by the municipal corporation.
- B. Presentation of proof of ownership, which may be evidenced by a certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement.
- (2) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was

lawfully towed, the owner may be able to file a civil action under R.C. § 4513.611.

- (3) Upon presentation of proof of ownership as required under division (d)(1)B. of this section, the owner of a motor vehicle that is ordered into storage under division (a)(1) of this section may retrieve any personal items from the motor vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the Public Utilities Commission in rules adopted under R.C. § 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under R.C. § 4513.69(B)(3), if applicable. The owner of a motor vehicle shall not do either of the following:
 - A. Retrieve any personal item that has been determined by the chief to be necessary to a criminal investigation;
 - B. Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.
 - (4) For purposes of division (d)(3) of this section, “personal items” do not include any items that are attached to the motor vehicle.
 - (5) If a motor vehicle that is ordered into storage pursuant to division (a)(1) of this section remains unclaimed by the owner for 30 days, the procedures established by R.C. §§ 4513.61 and 4513.62 apply.
- (e) (1) No person shall remove, or cause the removal of, any motor vehicle from any private residential or private agricultural property other than in accordance with division (a)(1) of this section or R.C. §§ 4513.61 to 4513.65.
- (2) No towing service or storage facility shall fail to comply with the requirements of this section.

(f) This section does not apply to any private residential or private agricultural property that is established as a private tow-away zone in accordance with division (h) of this section or R.C. § 4513.601.

(g) Whoever violates division (e) of this section is guilty of a minor misdemeanor. (R.C. § 4513.60)

(h) *Private Tow-away Zones.*

- (1) The owner of a private property may establish a private tow-away zone, but may do so only if all of the following conditions are satisfied:
 - A. The owner of the private property posts on the property a sign, that is at least 18 inches by 24 inches in size, that is visible from all entrances to the property, and that includes all of the following information:
 1. A statement that the property is a tow-away zone;

2. A description of persons authorized to park on the property. If the property is a residential property, the owner of the private property may include on the sign a statement that only tenants and guests may park in the private tow-away zone, subject to the terms of the property owner. If the property is a commercial property, the owner of the private property may include on the sign a statement that only customers may park in the private tow-away zone. In all cases, if it is not apparent which persons may park in the private tow-away zone, the owner of the private property shall include on the sign the address of the property on which the private tow-away zone is located or the name of the business that is located on the property designated as a private tow-away zone.
 3. If the private tow-away zone is not enforceable at all times, the times during which the parking restrictions are enforced;
 4. The telephone number and the address of the place from which a towed vehicle may be recovered at any time during the day or night;
 5. A statement that the failure to recover a towed vehicle may result in the loss of title to the vehicle as provided in R.C. § 4505.101(B).
 6. In order to comply with the requirements of division (h)(1)A. of this section, the owner of a private property may modify an existing sign by affixing to the existing sign stickers or an addendum in lieu of replacing the sign.
- B. A towing service ensures that a vehicle towed under this division (h) is taken to a location from which it may be recovered that complies with all of the following:
1. It is located within 25 linear miles of the location of the private tow-away zone, unless it is not practicable to take the vehicle to a place of storage within 25 linear miles.
 2. It is well-lighted.
 3. It is on or within a reasonable distance of a regularly scheduled route of one or more modes of public transportation, if any public transportation is available in the municipal corporation or township in which the private tow-away zone is located.
- (2) A. If a vehicle is parked on private property that is established as a private tow-away zone in accordance with division (h)(1) of this section, without the consent of the owner of the private property or in violation of any posted parking condition or regulation, the owner of the private property may cause the removal of the vehicle by a towing service. The towing service shall remove the vehicle in accordance with this division (h). The vehicle owner and the operator of the vehicle are considered to have consented to the removal and storage of the vehicle, to the payment of the applicable fees established by the Public Utilities Commission in rules adopted under R.C. § 4921.25, and to the right of a towing service to

- obtain title to the vehicle if it remains unclaimed as provided in R.C. § 4505.101. The owner or lienholder of a vehicle that has been removed under this division (h), subject to division (h)(3) of this section, may recover the vehicle in accordance with division (h)(7) of this section.
- B. If a municipal corporation requires tow trucks and tow truck operators to be licensed, no owner of a private property located within the municipal corporation shall cause the removal and storage of any vehicle pursuant to division (h)(2) of this section by an unlicensed tow truck or unlicensed tow truck operator.
 - C. No towing service shall remove a vehicle from a private tow-away zone except pursuant to a written contract for the removal of vehicles entered into with the owner of the private property on which the private tow-away zone is located.
- (3) If the owner or operator of a vehicle that is being removed under authority of division (h)(2) of this section arrives after the vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the vehicle owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the vehicle established by the Public Utilities Commission in rules adopted under R.C. § 4921.25 in order to obtain release of the vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction. Upon payment of that fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the vehicle to the owner or operator. Upon its release, the owner or operator immediately shall move the vehicle so that the vehicle is not parked on the private property established as a private tow-away zone without the consent of the owner of the private property or in violation of any posted parking condition or regulation.
